### Chapter 71 - 71 First Day? Who Are You Trying To Fool?

#### 71 First Day? Who Are You Trying To Fool?

When Tian Daguang heard that Ye Feng did not want to sell it anymore, he became anxious.

“Mr. Ye, are you not satisfied with the price I offered? You can name your price, I won’t haggle.”

Ye Feng shook his head. “It’s not about the money, I just changed my mind.”

Tian Daguang was a little disappointed and didn’t say anything else.

Since the other party knew someone of Chen Qiushan’s level, he must not be an ordinary person.

Indeed, he wouldn’t care about such a small amount of money.

Ye Feng felt a little apologetic. “I still have a pile of raw stones with me, if Mr. Tian doesn’t mind, please accept them. You can give me any price you want.”

Tian Daguang’s sorrow turned into joy.

Even if the pile of raw gemstones was added together, they still couldn't compare to this piece of Imperial Green.

However, they were still rare good materials.

By a rough estimate, it was worth more than 30 million.

Tian Daguang immediately transferred the money to Ye Feng.

Ye Feng was very satisfied with this.

After deducting the cost of upgrading the navigation system and the purchase of the raw stones, he had earned more than 10 million yuan.

It was only then that Xu Jingxin found an opportunity to come forward again. "Mr. Ye, can we have a chat now?"

Ye Feng looked at her strangely. "Do you have something to say?"

With a charming smile on her face, Xu Jingxin said, "I've been very interested in stone gambling recently. I wonder if I could ask Mr. Ye for some knowledge about stone gambling?"

Hearing this, Ye Feng immediately shook his head and refused, "I'm sorry, it's my first time playing today, there's nothing I can teach you."

He was speaking the truth.

The reason why he could continue to bet higher was entirely because of the system's instructions.

In fact, he knew nothing about stone gambling.

However, in Xu Jingxin's ears, these words had a different meaning.

This guy was obviously trying to brush her off.

To be able to raise so many raw gemstones in a row, and still dare to say that it's his first day?

Who was he trying to fool?

This was the first time she had been rejected by a boy in her life.

She was about to say something, but Ye Feng did not give her this chance. He carried the Imperial Green origin stone and left.

Xu Jingxin looked at his back, and the curiosity in her eyes grew stronger.

At this moment, Uncle Liu, who had been following behind her, walked over slowly. “Miss, do you need me to investigate his background?”

Xu Jingxin pondered for a moment and finally shook her head.

“How boring would that be? If I want to know more about him, I’ll naturally investigate him myself.”

Uncle Liu helplessly sighed.

His Young Miss was good at everything, but she was too curious.

Didn’t she know that it was dangerous to be curious about a man?

...

Ye Feng placed the raw jade stone in the trunk and was about to start the car.

At this time, he suddenly received a call from the hot springs resort, asking him to go through the handover procedures.

Only then did Ye Feng remember that after completing the treasure hunt mission today, the system had rewarded him with a holiday resort.

He immediately started the car and rushed to the resort base.

In fact, he had long heard of this holiday resort base.

It was said that this place was very luxurious, and those who could spend here were all rich people with a net worth of more than 10 million.

In the past, he naturally did not dare to have such extravagant hopes.

He had never thought that one day, he would actually become the boss of this place.

When Ye Feng arrived at the holiday base, he saw the higher-ups of the base waiting at the entrance.

Upon seeing his arrival, one of the middle-aged men with a rather dignified appearance took the lead to welcome him.

“You must be Mr. Ye? I’m the chairman of the hot spring resort, Huo Wenming.”

Ye Feng shook hands with him politely. “Hello, Chairman Huo. Have you prepared the documents for the handover?”

Huo Wenming quickly nodded. “It’s all ready. We’re just waiting for Mr. Ye to sign it.”

Ye Feng did not say anything more. He was directly escorted into the office building by a group of higher-ups.

He was already very familiar with this kind of handover work.

It took less than half an hour to complete all the handover work.

Huo Wenming stood up, relieved. “Congratulations, Mr. Ye. Chairman Ye, you’re the owner of this hot spring resort from now on.”

As he spoke, he took a black card from his subordinate. "This is the Super VIP card of our hot spring resort base. The number is 001. Please accept it."

Ye Feng received the black card curiously, "What can this VIP card do?"

Huo Wenming hurriedly explained, "Our resort has a well-known 'Heavenly Lake'. Only those with this Super VIP card can enter and experience it."

Ye Feng's interest was immediately piqued. "How many of these cards are there?"

Huo Wenming held up three fingers and said, "There are only three of them now. The other two have been given to the two big shots of Zhonghai".

Ye Feng's interest was piqued. "Then I really want to experience it."

Huo Wenming hurriedly said, "I've already prepared dinner for you, Chairman Ye. Why don't we go after dinner?"

Ye Feng smiled and shook his head. "There's no need for dinner, we'll see if there's another chance."

Seeing his insistence, Huo Wenming didn't say anything more.

He personally sent him to the door.

Ye Feng walked around the base alone, admiring the scenery.

This hot spring resort was indeed worthy of its reputation.

The scenery was very pleasant.

There was an endless stream of tourists who came to visit.

At this moment, he suddenly saw a large group of people gathered in front of him.

From time to time, there would be a few quarrels in the crowd.

Could there be a dispute?

Ye Feng was curious, and he walked over.

Then, he saw a familiar figure in the crowd.

Wasn't that Xia Qiu?

Chapter 72 - 72 Do You Want a Girl Like Me To Take the Initiative To Call You?

72 Do You Want a Girl Like Me To Take the Initiative To Call You?

Ye Feng did not expect to meet Xia Qiu here.

Behind her was a group of film crew members holding filming equipment.

It looked like they were here to shoot.

However, they seemed to have encountered some trouble.

A bearded middle-aged man who looked like a director was arguing with the staff of the resort base.

“How much money do you want? We'll give it to you. Why can't we go in?”

The attitude of the base's staff was very unyielding. "I'm really sorry, but the base has a rule that the Heavenly Lake is not open to the public. If you guys want to shoot, you can go to the common bathhouse."

The bearded director was so angry that he laughed. "That's ridiculous. It's also a holiday resort. Why can't the Heavenly Lake be opened to the public? Are you afraid that we can't afford it? What do you say? How much money do you need to let us in?"

The staff member was also a little angry. "I've already said that the Heavenly Lake is specially designed for Super VIPs. Unless you have a Super VIP card, you can't get in no matter how much money you spend."

The bearded director tried his best to suppress his anger. "Alright, then tell me, where can I get a Super VIP card? We'll go handle it now."

The staff member shook his head indifferently. "I can't do it."

The bearded director couldn't take it anymore. "Are you deliberately making things difficult for us? You said that only Super VIPs can enter, and now you're saying that a Super VIP card can't be used? Are you playing with us?"

The staff member sneered. "Because our Super VIP card is only given to the top big shots. So far, we have only given out two cards. It's not something you can get just because you have the money."

"In other words, you're not qualified to get a Super VIP card."

The bearded director trembled in anger and wanted to continue arguing.

At this moment, Xia Qiu quickly stopped him. "Director, forget it. Since they won't let us in, let's change the filming location."

The bearded director immediately became anxious. "That won't do. This is the main scene. How are we going to find another location in such a short time?"

Xia Qiu did not know what to do.

Just then, she suddenly caught a familiar figure in the crowd.

She thought she had seen it wrong, but she took a closer look.

It was Ye Feng.

"Ye Feng!" she immediately greeted him in surprise.

Hearing her shout, everyone at the scene turned around to look.

Especially among the crowd of onlookers, there were many of her fans.

They all wanted to see who could make their idol so happy.

Ye Feng did not want to attract too much attention.

However, since Xia Qiu had already called him out, he had no choice but to step forward. "What a coincidence to meet you here."

Xia Qiu's beautiful eyes stared at him. "Yeah, a certain someone didn't even give me a call. Do you want a girl like me to call you?"

Her words easily caused disputes.

It was like a girl in love acting coquettishly with her boyfriend.

Sister Wang was afraid that the fans would misunderstand, so she coughed and said, "Mr. Ye, long time no see."

Ye Feng greeted Sister Wang. "Did you guys encounter any difficulties?"

Sister Wang sighed. "Speaking of which, I have to thank you for this. Elder Tan helped us out last time on your account. The higher-ups have approved our script and we're now in the shooting stage."

Ye Feng nodded. "Isn't that a good thing?"

Sister Wang looked a little worried. "We were planning to come to the Heavenly Lake to film a big scene today, but the staff refused to let us in."

Ye Feng turned to look at Xia Qiu. "Must you film this scene?"

Xia Qiu nodded gently. "This is the most important scene in the entire movie. We've found many venues, but this is the most suitable one."

Ye Feng pondered for a moment, then immediately stood up and walked to the staff. "Anyway, it's empty inside now, let them go in and film."

Hearing his words, everyone present was stunned.

The staff member had already said that the Heavenly Lake was only open to Super VIPs.

The bearded director had been trying to persuade him for a long time, but it was all in vain.

Wasn't this guy just asking to be humiliated?

The bearded director couldn't help rolling his eyes.

He really didn't know how Xia Qiu knew such a hothead.

Could she have been deceived by his flowery words?

Xia Qiu hurried over and tugged at Ye Feng. "Forget it, they won't let us in."

Sure enough, the staff member also showed a disdainful expression.

"Who do you think you are to go in just because you say so? If you want to go in, you can, as long as you bring the Super VIP card, I promise to let you in without a second word!"

Before he could finish his sentence, Ye Feng took out a black card from his pocket and handed it to him.

"Can we go in now?"

The staff member's eyes immediately widened. "A Super VIP card?"

As soon as he said that, everyone present was stunned.

From the staff's words just now, they could also hear how precious this Super VIP card was.

Currently, they had only given away two.

Only the super-rich and powerful could have it.

How terrifying was the background of this young man in front of them?

The bearded director was also shocked.

Xia Qiu actually knew someone of this level?

Wasn't this a little too scary?

Not to mention him, even Xia Qiu and Sister Wang were completely dumbfounded.

Even though they knew that Ye Feng was very powerful...

They did not expect Ye Feng to be this strong.

To have such a precious Super VIP card was enough to show how important he was to the resort base.

How many more secrets did he have?

When the staff member saw the number on the Super VIP card, he was so scared that he almost fell to the ground.

It was Card 001.

The two top bosses of Zhonghai City had only been given Number 002 and 003.

One could only imagine how precious this Card 001 was.

“Can I bring them in now?” Ye Feng asked again.

“Yes, yes, yes. I’ll bring you in now.”

The staff member hurriedly led the way.

Chapter 73 - 73 A Privilege That Even Super VIPs Don't Have

73 A Privilege That Even Super VIPs Don't Have

“Xia Qiu, what’s the background of your friend?”

The crew members followed behind the staff member and Ye Feng as they entered the Heavenly Lake.

The bearded director found an opportunity and hurriedly asked Xia Qiu.

A few core members of the film crew also looked over curiously.

“To be honest, I’m not too sure. I’ve only met him a few times.” Xia Qiu answered honestly.

But the others clearly didn’t believe it.

They had only met a few times and the other party was willing to help so much?

“However, our script did pass the review because of him,” Xia Qiu added.

When the few of them heard this, they were all shocked.

They were still wondering why this script had not been approved despite using many connections.

However, they suddenly received a call from Xia Qiu a few days ago, saying that the script had passed the review.

They were all trying to guess who had such great power.

They didn't expect it to be this young man.

At once, several core members of the production team were in awe of Ye Feng.

While they were talking, they had already entered the inner part of the Heavenly Lake.

Then, everyone was completely shocked by the beautiful scene in front of them.

The interior of the Heavenly Lake was beautifully decorated, combining the elements of classical and modern.

There was a huge hot spring in the center, and white mist lingered in it.

It made the entire Heavenly Lake look like a paradise.

All the crew members couldn't help but exclaim.

It was like Granny Liu entering Grand View Garden.

Xia Qiu could not help but exclaim, "This place is so beautiful!"

Ye Feng, who was walking beside her, was very calm. "It's alright."

Seeing this, Xia Qiu could not help but pout.

He was so calm that it seemed like she was a little ignorant.

“I’m going to change my clothes.”

After she finished speaking, she pouted and walked away.

Ye Feng shook his head and smiled. He found an empty seat and sat down.

The staff member who had blocked the door earlier immediately brought a drink over. “Sir, my tone wasn’t very good just now. I’m really sorry.”

Since the other party had the Super VIP Number 001, his status must be extraordinary.

As long as the other party said a word, he would probably have to pack up and leave.

Ye Feng took the drink and took a sip. “You are also doing your job, I will not make things difficult for you.”

When the staff member heard this, he quickly thanked him profusely.

He couldn’t help but feel emotional.

No wonder the other party could have the Super VIP Number 001. Just look at his magnanimity, he was indeed different.

Ye Feng ignored him. He turned around and started to admire the scenery of the Heavenly Lake.

No wonder this place had become the holy land of the hot spring resort.

This scenery was indeed mesmerizing and beautiful.

At this moment, Xia Qiu's voice suddenly came from behind. "What are you looking at?"

Ye Feng turned around as if nothing had happened.

Then, he was stunned.

Xia Qiu was wearing a white chiffon robe and standing there barefooted.

Her long hair was casually let down like a waterfall.

A gentle breeze blew past, making her feel as if she was floating in the air.

It was even more beautiful than the scenery in the Heavenly Lake.

Ye Feng's heart started to beat uncontrollably.

Xia Qiu was secretly happy to see his expression.

However, she deliberately put on a stern face. "Mr. Ye, isn't it a little rude to look at a girl like that?"

Ye Feng quickly coughed and looked away.

It was rare for Xia Qiu to see him so embarrassed. Finally, she couldn't help but burst out laughing.

Only then did Ye Feng realize that she was making fun of him on purpose.

He rolled his eyes at her.

The intimate interaction between the two fell into the eyes of Sister Wang, who was not far away.

She couldn't help but think.

After a few interactions, she had a clear understanding of Ye Feng's strength.

This young man's ability had simply exceeded her expectations.

Every time, the problem that they could not solve even after expending all their efforts, was easily solved by Ye Feng.

It was enough to prove his terrifying strength.

If Xia Qiu could have such a backing, wouldn't she be able to do whatever she wanted in the entertainment industry?

With Xia Qiu's backing, her position as a manager would naturally rise as well.

As she thought of this, she gradually had an idea.

...

Just as Ye Feng and Xia Qiu were chatting.

At this moment, they suddenly heard a commotion.

The two of them turned around.

He saw the bearded director arguing with the staff member again.

“What’s going on?”

Ye Feng saw that the two of them were quarreling more and more fiercely, so he had to interrupt them.

The bearded director hurried over. “Mr. Ye, because of the shooting needs, we wanted to redecorate the scene here, but he stopped us.”

The staff member was also very aggrieved. “Mr. Ye, the decorations in the Heavenly Lake are very expensive. If we let them do whatever they want, I can’t bear the responsibility.”

Ye Feng waved his hand immediately. “Let them do it, I will be responsible for any problems.”

The staff member's tone also became a little tougher. "Mr. Ye, although you are our Super VIP here, you don't have the right to modify the Heavenly Lake unless our chairman agrees."

Xia Qiu and the others felt helpless when they heard this.

The other party didn't even give face to a Super VIP. It seemed like this time, it really didn't make sense.

Ye Feng took out his phone and called Huo Wenming.

He then told him everything that had happened.

"Mr. Ye, it's my fault. Please hand the phone over to the staff," Huo Wenming said.

Ye Feng did not say anything more. He passed the phone to the staff member.

The staff member took the phone hesitantly. "Chairman Huo, I'm Zhao Xiaoming."

As soon as he opened his mouth, he heard Huo Wenming's angry voice.

“Is your mother blind? Mr. Ye is the new chairman of our base, and even I have to listen to him. What right do you have to stop him? Do you still want your job?”

Chapter 74 - 74 Simply a Man's Disgrace

74 Simply a Man's Disgrace

Huo Wenming cursed for a few minutes before he hung up.

The staff member named Zhao Xiaoming was almost in tears.

He handed the phone back to Ye Feng with both hands and put on a smile that was uglier than crying.

“Chairman Ye, I... I really didn't know you were the new boss here. If I had known, I wouldn't have dared to stop you even if you gave me a hundred guts!”

As soon as he said this, the entire crew was shocked, especially Xia Qiu and Sister Wang.

They did not expect Ye Feng to be the new boss of this hot spring resort.

This news was too frightening.

This hot spring resort was probably worth at least a few hundred million, right?

To be able to buy this place, the assets must be at least a few billion, right?

He was so young, yet he had a net worth of several billion?

This was simply too terrifying.

In comparison, Xia Qiu was relatively peaceful.

It did not matter if Ye Feng was a billionaire or a poor man.

To her, there was not much of a difference.

At most, she was just a little surprised.

However, Sister Wang's thoughts were different from hers.

The stronger Ye Feng was, the more determined she was to get Xia Qiu and Ye Feng together.

In the entertainment industry, having a backer and not having one was two completely different concepts.

The script review this time was a good example.

Moreover, Ye Feng was young, rich, and quite handsome.

He was much better than some female celebrities' gold masters, right?

Xia Qiu still did not know that her manager had already decided to set her and Ye Feng up.

After chatting with Ye Feng for a while, the crew had already set up the scene and they got up to start shooting.

"Lighting team, get ready."

"The recording team, get ready."

“Film crew, get ready.”

“Three, two, one, action!”

With the director’s order, the entire crew got into action.

Ye Feng was sitting in the lounge area, drinking his drink while watching them shoot.

Before they knew it, the first scene was done.

It was already late.

The director looked at the time and announced that they would stop filming for today and continue tomorrow.

Xia Qiu dragged her tired body back. “What do you think of my acting?”

She looked at Ye Feng expectantly with her big eyes.

She was like an elementary school student waiting for her teacher’s praise.

Ye Feng thought for a moment. "I think you should go back and sing."

Xia Qiu was a little annoyed. "Can't you just encourage me?"

Ye Feng laughed immediately. "I was just joking with you. You acted very well, you have the potential to be the Best Actress."

Xia Qiu was still not satisfied. "You're not sincere at all."

Ye Feng immediately complained, "Young miss, I can't say that your acting is bad, I can't say that your acting is good, how should I answer?"

Xia Qiu pointed out righteously, "When I ask you, the first thing you should do is to praise me. Your expression should be sincere, your eyes should be sincere, and your tone should be firm and resolute."

Ye Feng was extremely depressed as he listened to her advice.

It's too difficult for me!

Xia Qiu put away her joking expression. "I'm just joking. You've helped us so much today. How about I treat you to dinner tonight?"

Ye Feng shook his head. "Forget it, I plan to soak in the hot spring for a while."

When the crew members who passed by heard this, they almost fell over.

What was this guy thinking?

Xia Qiu was a big star, and she took the initiative to invite him to a meal. He actually wanted to go to the hot spring?

It was as if Sun Wukong had stopped the seven celestial maidens and ran off to pick the peaches.

It was simply a disgrace to men!

Xia Qiu was not angry at his rejection. "But I don't like to owe people favors. Tell me, how do you want me to repay you?"

Ye Feng saw that she was so persistent, so he joked, "Then you stay and accompany me to the hot spring."

As soon as he said this, the entire crew cast 'd disdainful' looks at him.

You want a girl to accompany you to the hot spring?

Are you sure it's just a hot spring?

Stinky face!

Xia Qiu seemed to have thought of something as well, and her face turned red all the way to her ears.

"Who wants to go to the hot spring with you?"

She glared at him angrily.

Just then, Sister Wang suddenly interrupted, "You've been filming all day and you're a little tired. Why don't you soak with Mr. Ye for a while?"

Xia Qiu's mouth opened wide when she heard her manager's words.

Sister Wang was usually very protective of her. It was not an exaggeration to say that she was about to ban her from all contact with the opposite s\*x.

But today, she had actually taken the initiative to let her go to the hot spring with a man?

Although Xia Qiu was still a little shy, since Ye Feng and Sister Wang had already said so, she was too embarrassed to reject them.

She could only lower her head and agree. "Then, I'll go and change my clothes first."

Then, she quickly ran away.

This time, it was Ye Feng's turn to be dumbfounded.

He was only joking, but who knew that the other party would actually agree?

What should he do now?

Was he really going to soak in the hot spring with a woman?

This wasn't too good, right?

He was a decent person.

...

"Sister Wang, didn't you forbid me from having too much contact with the opposite s\*x in the past? What's wrong with you today?"

Xia Qiu entered the changing room and looked at Sister Wang in confusion.

"Are you stupid? That was then and this is now, do you understand?" Sister Wang was a little disappointed.

"I don't understand." Xia Qiu shook her head.

Sister Wang was speechless. She had to change her way of saying it. "Mr. Ye has helped us so much. Shouldn't you thank him?"

Xia Qiu nodded this time. "Of course. That's why I wanted to treat him to a meal, but he rejected me."

Sister Wang tapped her on the forehead. "I think you're stupid. Mr. Ye was just trying to protect you. If the paparazzi take a picture of you going out to eat, it will affect you greatly."

Xia Qiu thought that it made sense. "But you want me to go to the hot spring with him? Isn't that too awkward? We've only known each other for a short time."

Sister Wang quickly consoled her, "Don't worry. I'll go in to accompany you later. Alright, hurry up and change your clothes. Don't let Mr. Ye wait too long."

Xia Qiu felt that something was wrong, but she couldn't put her finger on it.

She had no choice but to turn around and walk into the locker room.

Chapter 75 - 75 Am I That Kind of Woman?

75 Am I That Kind of Woman?

When Ye Feng came out after changing his clothes, the crew had all left.

All that was left was a pile of equipment in preparation for the shooting tomorrow.

He walked to the side of the hot spring pool and tested the temperature.

It was a little hot.

He tried a few times, but he didn't dare to step down.

At this moment, he suddenly heard footsteps behind him.

He turned around.

He saw Xia Qiu wearing a white bathrobe and walking over.

The bathrobe was tied with a ribbon in the middle, and it wrapped around her waist.

The hem of the bathrobe revealed two fair and slender legs, which were particularly attractive.

He was stunned.

Just as he was about to stand up to welcome them, at this moment, he suddenly slipped.

Plop!

He fell into the hot spring.

A large splash of water was created.

Xia Qiu was a little nervous at first, but when she saw him in such a sorry state, she suddenly laughed so hard that she rocked back and forth.

Ye Feng struggled in the water for a long time before he finally stood firm.

When he saw Xia Qiu smiling brightly by the pool, he suddenly had the urge to play a prank.

He grabbed her delicate ankle and pulled it gently.

“Ah!”

Xia Qiu screamed and fell into the water with a splash.

Ye Feng was also afraid of choking her, so he hurriedly helped her up.

“Ye Feng, you big bad guy!”

Xia Qiu was so frightened that she immediately punched him on the shoulder.

When Sister Wang saw this, she immediately smiled and quietly left.

Meanwhile, Ye Feng was looking at Xia Qiu in a daze, he was lost in his thoughts.

The current her...

The bathrobe on her body was completely soaked and stuck to her body tightly.

Her originally perfect figure was further accentuated by her curves.

His breathing gradually began to become heavy.

Xia Qiu met his invasive gaze and instantly panicked.

She quickly turned around to ask for help from Sister Wang.

However, Sister Wang had already disappeared without a trace.

This time, no matter how stupid she was, she had already reacted.

Sister Wang obviously wanted her to get close to Ye Feng and set a trap for her.

As she thought of this, her entire body tensed up.

She looked at Ye Feng with fear in her eyes.

“Are you alright?” Ye Feng took the initiative to apologize and at the same time took a step forward.

“Don’t come over.” Xia Qiu hurriedly took a step back.

“What are you afraid of? It’s not like I’m going to eat you.” Ye Feng found it funny when he saw her being so cautious.

“Oh my god!” Xia Qiu was about to say something when she suddenly cried out in pain and almost fell down.

Ye Feng reacted quickly and held her up. "What's wrong?"

Xia Qiu's face showed a painful expression. "My ankle cramped up."

When Ye Feng heard this, he immediately carried her up.

"Ah, what are you doing?"

Xia Qiu's voice was trembling.

Ye Feng did not reply. He carried her to an empty space beside the pool.

"Which leg is cramping?" His tone was a little overbearing.

"This one." Xia Qiu quickly pointed to her right foot.

Ye Feng did not say anything more, he quickly grabbed her feet and rubbed them gently.

“Wuwuwuwu—”

Xia Qiu snorted and her face was red.

She didn't know if it was because of the steam in the hot spring or something else.

She had never had such intimate contact with the opposite s\*x in her life.

When she was still in school, her parents were very strict with her.

When she was in university, she was selected by an entertainment company and began to enter the entertainment industry.

The manager was even more strict with her.

Apart from work, she was not allowed to come into contact with the opposite s\*x in private.

Ye Feng could be said to be the man she had the most contact with besides her colleagues at work.

After a few interactions, the charm that he exuded gradually gave her a strange feeling.

Gradually, her eyes started to blur.

Ye Feng massaged her for a while before raising his head. "How are you feeling now?"

Xia Qiu immediately looked away with a 'guilty conscience'. "Uh, it's fine."

Ye Feng did not think too much about it, and he stood up slowly. "Looks like we can't soak in this hot spring either, let's go back for today."

Xia Qiu hurriedly nodded. "Okay, I'll go change my clothes first."

After she finished speaking, she quickly fled.

Ye Feng looked at her flustered back view. He could not help but scratch his head.

What was wrong with her?

Sigh, it was really hard to guess a girl's thoughts.

...

After the two of them changed their clothes, they walked out of the Heavenly Lake.

Sister Wang, who had been waiting outside, quickly came up to them. "You're out so soon?"

The moment Xia Qiu saw her, she immediately flew into a rage out of humiliation. "I'll settle this with you when I get back."

Sister Wang immediately shrank back in fear and did not dare to say anything more.

Xia Qiu calmed herself down and turned to Ye Feng. "After a while, can you come to my ceremony?"

Ye Feng scratched his head. "I'm not part of the crew, it's not appropriate, right?"

Xia Qiu was a little anxious. "What's not appropriate? It's my first movie, so it's very important to me."

Seeing that she had already said so, Ye Feng already agreed in his heart.

However, he said something else. "It's important to you, but what does it have to do with me? Who do you think I am?"

Xia Qiu was at a loss for words and did not know how to answer.

Ye Feng saw her embarrassment and could not help but smile proudly. "If there's nothing else, I'll take my leave first?"

Xia Qiu was a little anxious. "Then are you coming or not?"

"Let's see if I have the time then," Ye Feng said, then he walked away without looking back.

Xia Qiu looked at his back, unable to come back to her senses for a long time.

She was angry, shy, and a little reluctant to leave.

Sister Wang came over again. "He's already gone. We should go back."

Xia Qiu turned around, her eyes filled with anger.

“What do you mean by today? What kind of person do you think I am?”

“I’m doing this for your own good. It’s rare to see such a young and rich man. If you don’t act quickly, he’ll be snatched away by someone else.”

“What does it have to do with me whether he has money or not? Do I look like that kind of woman?”

“You’re not, I am, okay?”

“Then why don’t you go to the hot spring with him?”

“I would like to, but he doesn’t like me.”

“Then, will he like me?”

“That will depend on whether you work hard enough.”

“I’ll bite you to death!”

“Ah...”

## Chapter 76 - 76 It Seems That You're Not a Serious Student Either

### 76 It Seems That You're Not a Serious Student Either

On the second day after returning from the hot spring resort, Ye Feng drove his own Lykan supercar early in the morning and prepared to go to school.

However, just as he was about to leave the villa, he suddenly received a call from Fatty Chu.

"Brother Feng, are you coming to school today?" Fatty Chu's voice was a little urgent.

"I'm going, why?" Ye Feng did not understand.

"Then you have to be careful. Du Ming might look for trouble with you," Fatty Chu hurriedly reminded.

"Who's Du Ming?" Ye Feng could not remember that he knew such a person.

"You don't even know Du Ming? He's the Discipline Department Head of the Student Union, and he's in charge of discipline." Fatty Chu gave him a simple introduction.

“What does the head of the Discipline Department have to do with me?” Ye Feng still did not understand.

“Haven’t you been missing classes recently? He caught you in the act and even said that he would use you as an example to deal with you seriously.” Fatty Chu’s tone was somewhat anxious.

“Is he crazy? There are too many people who skip classes. Why should I be the model example?” Ye Feng was a little angry.

“I heard that he’s been chasing Shen Baitian, but Campus Belle Shen has always ignored him. Now that Campus Belle Shen has hooked up with you, he must be trying to take revenge.” Fatty Chu gave him an analysis.

“Get lost, what do you mean hooked up? Do you know how to talk?” Ye Feng was very dissatisfied with his choice of words.

“That’s not the main point. The main point is that Du Ming wants to mess with you. You have to be careful,” Fatty Chu advised earnestly.

“Heh, he wants to mess with me? We’ll have to see if he has the ability to do so.”

Ye Feng sneered and hung up the phone. He did not care about that Du Ming at all.

With his current strength, not to mention the Discipline Department Head in a small school, even if he was the school's leader, so what?

Anyone who dared to provoke him was courting death.

At that moment, a system notification suddenly sounded in his ear.

[New lucky navigation found.]

[System navigation activated. Please drive straight along the current street and turn left after 200 meters.]

Ye Feng was overjoyed. He immediately followed the navigation.

Soon, he saw an old man with white hair on the side of the road ahead, waving at the passing cars.

There was an old car parked beside the old man. It looked like it had broken down.

Beside the car sat an old lady with a pained expression on her face.

Although the old man tried his best to ask for help, the passing cars did not stop at all.

In this day and age, there were too many scammers, and no one was willing to meddle in other people's business.

Ye Feng sighed. He drove the car over and got off.

"What happened, sir?"

The old man was already in despair, but when he saw the car suddenly stop, he was reinvigorated.

"Little brother, my wife is having a heart attack. She needs to be sent to the hospital. Please help us."

"Get in the car."

Ye Feng did not say anything. He quickly helped the old lady into the car with the old man.

Then, he stepped on the accelerator.

The Lykan supercar left behind a beautiful afterimage as it disappeared on the spot.

The passersby who saw this scene shook their heads and sighed.

This fool had never been beaten by society.

After being scammed a few times, one would know that the human heart was sinister.

Ye Feng did not care about what the others thought. He drove the car to the maximum speed.

Under his skillful operation, the car quickly shuttled through the traffic.

The nearest hospital would take at least 20 minutes to get there at a normal speed.

However, it took him less than ten minutes to drive into the hospital's courtyard.

"Doctor, there's a patient here."

Ye Feng helped the old lady out of the car and shouted hurriedly.

The medical staff heard the news and rushed to the emergency room.

Only now did Ye Feng let out a long sigh of relief.

[Congratulations to the host for completing the opportunity mission. You are rewarded with 30% shares of Nanfeng Entertainment Co., Ltd.]

When Ye Feng heard the name of Nanfeng Entertainment, he was stunned.

Why did this name sound so familiar?

Where did he hear it before?

Before he could think further, the old man walked over quickly.

“Little brother, I really don’t know how to thank you. If you didn’t help this time, I’m afraid my wife would have died.”

As he spoke, he was about to kneel down.

Seeing this, Ye Feng quickly helped him up. "Sir, what are you doing? It's just a small matter for me."

The old man's face was filled with gratitude. "To you, it's as easy as lifting a finger. To us, it's a life-saving grace. I still have a few tens of thousands of yuan here, just take it as a thank you gift."

As he spoke, he took out a thick stack of cash from his bag.

Ye Feng was a little unhappy. "Sir, aren't you scolding me? I saved you out of goodwill, not for your money."

The old man's face turned red and he hurriedly put the money away. "I'm sorry for being rude."

"Sigh, it's rare to see a good kid like you nowadays."

"Looking at your age and appearance, you're still a student, right? I wonder which school is able to produce such a good child like you?"

"I'm from Zhonghai University," Ye Feng answered honestly.

The old man was stunned. "You are from Zhonghai University?"

Ye Feng saw his expression and felt a little strange. "That's right, what's wrong?"

The old man was stunned for a moment. Suddenly, he raised his head and laughed. "You don't know me?"

Ye Feng was a little dumbfounded. "Should I know you?"

The old man had a strange smile on his face. "Then it seems that you are not a good student either. You don't even recognize me, the principal?"

This time, it was Ye Feng's turn to be stunned. "You mean you are the principal of Zhonghai University?"

The old man nodded with a smile. "I'm Hu Donghai, the principal of Zhonghai University!"

"But you can't be blamed for this. I'm old now and I don't go to school often. It's normal that you don't know me."

Ye Feng smiled awkwardly. "Principal Hu, I'm..."

Fortunately, he received a call from Fatty Chu at this time, and Ye Feng temporarily relieved his embarrassment.

He quickly picked up the phone. "What's the matter, Fatty?"

"Brother Feng, hurry to school. Du Ming just came to the class to do roll call. Seeing that you didn't come again, he said that he'll apply to the school today to record your punishment."

Chapter 77 - 77 I'm the One Making Things Difficult For Them

77 I'm the One Making Things Difficult For Them

After hearing Fatty Chu's words, Ye Feng frowned. "Alright, I understand. I'll go back to school now."

After hanging up the phone, he quickly smiled apologetically at Hu Donghai. "Principal, I have to hurry back to school. If I don't go back now, I'll be treated as a classic case."

Hu Donghai nodded to show his understanding. "Then you should go back first. Be careful on the road."

Ye Feng was about to turn around and leave.

At this moment, Hu Donghai suddenly called out to him, "By the way, I still don't know your name."

Ye Feng hurriedly replied, "My name is Ye Feng."

Hu Donghai repeated the name twice in his mind and remembered it. "Let's exchange contact information. If you have any difficulties, remember to call me."

Ye Feng did not think too much about it. He immediately exchanged contact information with him.

Then, he left in a hurry.

When he arrived at the school, it was the break time.

The moment Ye Feng entered the classroom, Fatty Chu came up to him eagerly.

"Brother Feng that Du Ming is the Discipline Department Head of the Student Union. This time, he caught your weakness, so don't go hard on him. At most, let him vent his anger. Who knows, it might just be over."

Ye Feng was about to reply.

At this moment, he suddenly heard someone calling him from the door. "Ye Feng, come to the Student Union Building."

Ye Feng turned around and looked at that person. He revealed a cold smile on his face.

Du Ming had probably arranged for someone to wait for him near the classroom. Otherwise, it wouldn't be such a coincidence.

He had just entered the classroom, and the other party just happened to come over?

Since the other party wanted to get rid of Ye Feng, he had no reason to retreat.

Ye Feng immediately turned around and walked out of the classroom.

Fatty Chu was afraid that he would act rashly, so he hurriedly followed.

Seeing this, the other students in the classroom also wanted to join in the fun.

When Ye Feng arrived at the Student Union, he saw a few people sitting in the room.

There were both men and women, and everyone had a very serious expression.

Fatty Chu hurriedly pointed to a bespectacled boy sitting in the middle and introduced him in a low voice, "That's Du Ming."

Ye Feng looked in the direction he was pointing at.

He saw that Du Ming looked like a refined and cultured person. One look and he could tell that he was the kind of good student that the teachers liked.

However, wasn't his heart a little too small?

"We're looking for Ye Feng. The rest of you, leave."

Du Ming chased Fatty Chu and the others out of the room before turning to look at Ye Feng. "You are Ye Feng?"

Ye Feng pulled a chair over and sat down. "Why ask when you already know the answer?"

Du Ming saw how arrogant he was and slammed the table. "Did I let you sit?"

Ye Feng looked at him calmly. "Are you interrogating a criminal? Even if you're interrogating a criminal, shouldn't you let the criminal sit down before interrogating him?"

Du Ming's expression turned cold. "Ye Feng, I think you still haven't realized your mistake."

Ye Feng sniffed nonchalantly. "What mistake did I make?"

Du Ming slammed a notebook on the table. "You've been skipping classes for so many days. This is a very bad influence. Do you still want to deny it?"

Ye Feng chuckled. "Who hasn't skipped class? You've never been absent? Or had they never been absent? Do you guys dare to check the records?"

The few people who were sitting with Du Ming didn't look too good.

How many people in university didn't skip classes?

In particular, for many boring classes, they would find excuses to say that the Student Union had something to do, and most of them would not attend.

If they really wanted to argue, each of them really had a record of skipping class.

Fatty Chu and the others, who were watching the show from the entrance, were all cheering in satisfaction.

Usually, this bunch of people from the Student Union would always show off in front of them.

However, not many people dared to retort.

Today, Ye Feng had helped them vent their anger.

Du Ming saw that his momentum had been suppressed, so he slammed the table again. "Can you compare to us? We're busy with the Student Union's work and serving our classmates. How can that be called skipping class?"

Ye Feng nodded in agreement. "Well said, but how do you know that I'm not serving my classmates?"

Du Ming sneered. "Then tell me, how did you serve your classmates?"

Ye Feng said with a serious expression, "I have a quirk. If the class time is too long, I get irritated easily. When I get annoyed, I want to beat people up. So, for the safety of my classmates, I don't come to class. Don't you think I'm great?"

"Pfft, hahahaha!" Fatty Chu and the others couldn't help but laugh out loud when they heard this.

Everyone could tell that Ye Feng was talking nonsense.

However, it felt so good to hear it.

Even the few members of the Student Union couldn't help but laugh, but they quickly held it in.

Du Ming's face was frighteningly dark. "Ye Feng, I'm telling you this for your own good. If you still have this attitude, I can only apply to the school to give you a demerit."

The faces of Fatty Chu and the others changed drastically upon hearing this.

Wasn't this Du Ming a little too ruthless?

Didn't he just skip a few classes? As for demerit points?

This would be recorded in the file, and it would affect his job-seeking after graduation.

He was trying to ruin Ye Feng's future.

Of course, with Ye Feng's current wealth, he did not care about this file.

Just the sinister intentions of this person alone made them tremble in fear.

Du Ming looked at Ye Feng smugly.

Kid, you still want to fight with me?

Are you afraid?

Ye Feng laughed in disdain, he was about to speak.

At this moment, Shen Baitian walked in angrily. "Du Ming, what are you trying to do?"

When Du Ming saw her, he hurriedly stood up and smiled. "President Shen, what are you doing here?"

Shen Baitian glared at him with hatred.

Then, she turned around and looked at Ye Feng nervously. "Did they make things difficult for you?"

Ye Feng gave her a comforting look. “No, I’m the one who’s making things difficult for them.”

Shen Baitian glared at him in annoyance. “What time is it? You’re still not being serious.”

Although it was the same stare, the two glares had completely different meanings.

Moreover, the tone of their conversation was very intimate.

In the ears of the people present, it sounded like a conversation between a couple.

It seemed that the rumors about the two of them being in a relationship were not baseless.

When Du Ming saw this, his expression darkened.

Chapter 78 - 78 I Really Want To Keep a Low Profile

78 I Really Want To Keep a Low Profile

“President Shen, this matter has nothing to do with you. I hope you won’t interfere.”

When Du Ming saw the intimate interaction between Shen Baitian and Ye Feng, his face immediately turned cold.

“What if I want to interfere?”

Shen Baitian put on an overbearing posture.

“This is the Discipline Department’s business. You have no right to interfere.”

Du Ming saw that she was still protecting Ye Feng, and the jealousy in his heart grew.

“Discipline Department? Such great prestige! As the person in charge of the Student Union, am I not qualified to interfere in this matter?”

“Furthermore, my grandfather and Principal Hu have been old friends for many years!”

“Do you want me to get him to give Principal Hu a call? Let’s see if you can still hold your position as the Discipline Department Head.”

Shen Baitian usually hated those rich second generations who bullied others.

But this time, in order to protect Ye Feng, she had to become the person she hated the most.

Du Ming was embarrassed by her public insults.

The more Shen Baitian protected Ye Feng, the more jealous he became.

“I’ve always done things according to the rules. He did something wrong, so he should be punished.”

“I know you’re the President of the Student Union, and your Shen family is powerful. It’s easy for you to remove me from my position as the department head. But if you want me, Du Ming, to go against my principles, that’s impossible!”

“I’ll make it clear today. If Ye Feng is not punished today, you don’t need to use your authority and your family’s connections. I will resign from my position as the Discipline Department Head!”

His words were impassioned and sonorous.

He made the image of a hero who was suppressed by power but still remained upright and unyielding vivid.

The few members of the Student Union were all affected by his words.

They all turned their angry gazes toward Ye Feng and Shen Baitian.

This time, even Shen Baitian couldn't help but frown.

What should she do now?

Did she really have to use her power or her grandfather's connections to plead for mercy from the principal?

However, once she used her power, today's incident would more or less hurt the hearts of her colleagues in the Student Union.

However, once she went to find her grandfather, her grandfather had always been disgusted by such things.

If things went wrong, it might even damage Ye Feng's image in her grandfather's heart.

Just when she was at a loss of what to do...

Ye Feng's phone suddenly rang.

He took it out and saw that it was Principal Hu.

Ye Feng hesitated for a moment, but he still answered the call.

“Student Ye, have you returned to school? I didn’t interrupt your class, did I?” Hu Donghai’s concerned voice came from the phone.

“No, no. Is Grandma Hu alright now?” Ye Feng quickly asked.

“Aiya, that was too dangerous. The doctor said that if he had been a few minutes late, even god would not have been able to save her. Speaking of which, you’re my wife’s savior,” Hu Donghai said with lingering fear.

“It’s good that she’s fine. When I have time, I’ll go to the hospital to visit her.”

Ye Feng was talking to Principal Hu.

At this moment, Du Ming suddenly walked up and snatched his phone. “Ye Feng, aren’t you being too arrogant? You haven’t even made it clear that you skipped class, and you still have the face to answer a call?”

Then, he slammed his phone on the table.

He might have accidentally pressed the 'speaker' button, and then he heard Hu Donghai's voice, "Student Ye, what happened?"

Du Ming had already lost his mind. He immediately shouted into the phone.

"You're Ye Feng's parent, right? He's doing a self-reflection in the Discipline Department because he skipped class. If you have something to do, call us after we're done."

With that, he was about to hang up the phone...

At this moment, he heard principal Hu's cold voice, "You're Du Ming from the Discipline Department of the Student Union, right?"

Du Ming was stunned. How did the other party know his name?

He looked at the caller ID again – Principal Hu!

A chill suddenly ran from his heel to the back of his head.

“Principal Hu?”

Everyone was shocked by his words.

It was actually Principal Hu?

How did Ye Feng get Principal Hu’s phone number?

Moreover, from the conversation between the two just now, they seemed to be very close.

He kept calling ‘Grandma Hu,’ thinking that she was a relative.

Hu Donghai’s voice was serious. “Du Ming, what’s going on?”

Du Ming hurriedly explained, “Principal, not only did Ye Feng skip class, but he also refused to admit his mistake. I was too angry just now and my tone was not very good. Please forgive me.”

Hu Donghai snorted. “Ye Feng had to skip class because he sent my wife to the hospital this morning.”

“You’re not only not rewarding such a good student who has done a good deed for justice, but you’re also punishing him?”

“I think you’re the Discipline Department Head of the Student Union. You’re the most undisciplined one.”

His words were very strict. Du Ming was so scared that he trembled and almost sat on the ground.

“But Principal, he didn’t just skip class today. He’s already skipped class a few times...”

Du Ming wanted to explain more, but Hu Donghai interrupted him.

“The essence of education is to educate people!”

“If you can’t even be a good person, what’s the use of learning more knowledge?”

“A student with good moral character like student Ye Feng should be given the greatest freedom. In the future, he can decide whether to come to class or not, and no one has the right to tell him what to do.”

The crowd was in an uproar.

From his words, it could be heard that Principal Hu admired Ye Feng very much.

He even gave him the green light and allowed him to not come to class in the future.

This was something that had never happened before!

Shen Baitian, Fatty Chu, and the rest of the people present all looked at Ye Feng in shock.

This guy's luck was really heaven-defying!

Ye Feng felt a headache from being stared at by so many people.

He really wanted to keep a low profile.

However, his strength didn't allow it!

After hanging up the call with Principal Hu, he stood up and looked at Du Ming.

"Head Du, do you mean what you said?"

Du Ming stared at him with a sinister look. "What do you mean?"

Ye Feng smiled. "You just said that if I am not punished today, you will resign from your position as the department head. I don't know if you're telling the truth, or are you just farting?"

Du Ming was dumbfounded.

Chapter 79 - 79 It's Really Fate That Brought Us Together From Thousands of Miles Away

79 It's Really Fate That Brought Us Together From Thousands of Miles Away

Du Ming was depressed.

He had thought that since he had caught Ye Feng's weakness, he would definitely be able to punish him today.

Who knew that Principal Hu would suddenly pop out of nowhere?

Not only did he scold himself, he even praised Ye Feng.

In the end, he gave Ye Feng the greatest freedom of movement.

At this moment, Ye Feng had retaliated.

Du Ming almost vomited blood-

His position as the head of the Student Union had been obtained after much effort, and he had even used some dishonorable means.

It was to make his resume look better after graduation.

Now, he wanted Du Ming to resign from his position.

He was more or less unwilling to accept this.

However, he did not expect Shen Baitian to take the opportunity to mock him, "It's fine if you're not willing to resign. Anyway, everyone will know that you're a person who goes back on your word."

Du Ming was provoked by her and immediately flew into a rage out of humiliation. "Isn't it just the Discipline Department Head of the Student Union? I'm not doing this anymore, alright?"

After he finished speaking, he walked out angrily.

Hearing this, Shen Baitian immediately looked at Ye Feng with a look that was asking for credit.

Ye Feng could not help but smile.

In fact, he didn't care if Du Ming was the Discipline Department Head or not.

However, it was not a bad thing to use this opportunity to let those people with ulterior motives see the consequences of provoking him.

...

The story between Ye Feng and Du Ming quickly spread throughout the entire Zhonghai University.

Everyone knew that Du Ming, the Discipline Department Head of the Student Union, wanted to use Ye Feng's absence as an excuse to take revenge on him. However, they didn't expect him to be killed by Ye Feng.

Not only did the latter not receive any punishment, but he also won the favor of the principal, who allowed him to decide whether to come to class or not.

Suddenly, Ye Feng had once again become the focus of attention in Zhonghai University.

It was even more shocking than the sports car he used to drive and the scandal between him and Shen Baitian.

After all, Principal Hu of Zhonghai University was known for being impartial.

Usually, he paid the most attention to the discipline of students, but this time, he was actually willing to open the back door for Ye Feng. This was simply like the sun rising from the west.

Therefore, there were rumors that Ye Feng was actually Principal Hu's illegitimate son, but it was not made public for the sake of Principal Hu's identity.

Moreover, this matter had spread so well.

There were even teachers who came to Ye Feng in private, trying to find out some unknown information.

Ye Feng was speechless toward these rumors.

However, no matter how he explained, others would see it as a cover.

Therefore, he was too lazy to explain.

...

In the afternoon, Ye Feng was taking an economics course.

Suddenly, he received a call from the Administrative Department of Zhonghai Hot Springs Resort.

He said that the boss of a real estate company wanted to discuss a cooperation project with the hot springs base.

Moreover, the other party had come several times before, but was rejected by the chairman at the time, Huo Wenming.

This time, the other party came again with sincerity and wanted to see the new chairman. Huo Wenming really could not refuse, so he came to ask for his opinion.

Hearing this, Ye Feng thought of the other party's sincerity. It was almost comparable to three visits to the thatched cottage. After thinking about it, he agreed.

Anyway, this economics class was making him drowsy.

He immediately packed his things and walked out of the classroom.

The old professor on the podium saw this and turned a blind eye to it.

After all, everyone now knew Principal Hu's evaluation of Ye Feng.

Toward Ye Feng, everyone would naturally turn a blind eye.

...

Zhonghai Hot Springs Resort.

The president of Lingyun Real Estate, Chen Xuan, was waiting anxiously in the living room with the director of the Legal Department, Zhang Youting.

"Sister Chen, do you think the new chairman will agree to work with us?" Zhang Youting looked at Chen Xuan nervously.

"I don't know either. We can only try everything we can now." Chen Xuan was also a little uncertain.

“We’ve been here a few times before, but Chairman Huo rejected us every time. I don’t think the new chairman will agree to work with us.” Zhang Youting was a little uncertain.

“I believe that if the new chairman has good vision and he’ll be optimistic about our project. I’m confident about that.” Chen Xuan’s face was filled with determination.

“But I heard that their new chairman is very young. I guess he’s a rich second-generation. He might not have such good taste.” Zhang Youting poured cold water on her.

“At most, we’ll give him more benefits. In short, we must succeed in this project.” Chen Xuan had no other better way.

Zhang Youting nodded and didn’t say anything more.

At this moment, a girl who looked like a secretary walked over. “President Chen, our chairman has arrived. He’s waiting for the two of you in his office. Please follow me.”

Chen Xuan and Zhang Youting heard this and hurriedly got up to follow.

The three of them arrived at the chairman’s office.

The secretary stepped forward and knocked on the door.

Then, she heard a man's voice from inside. "Come in."

Chen Xuan and Zhang Youting looked at each other.

Why did this voice sound so familiar?

However, the secretary had already opened the door, so Chen Xuan and Zhang Youting hurried in.

However, Chen Xuan saw a man sitting on the boss's chair.

He was holding a newspaper in front of him, which covered his entire face.

Chen Xuan cleared her throat and said, "Hello, I'm Chen Xuan, the president of Lingyun Real Estate. I'm here to talk to you about a comprehensive business district project."

However, before she could finish her sentence...

The newspaper was put down slowly, revealing a familiar face.

Ye Feng?

Seeing this, Chen Xuan and Zhang Youting opened their mouths wide at the same time.

They had never dreamed of this.

The person they wanted to see today was the new boss of Lingyun Real Estate?

Ye Feng, who was opposite them, was also stunned.

He only heard the secretary briefly introduce her and did not know that the person who came was Chen Xuan.

This was really fated to meet.

Chapter 80 - 80 Is She Deliberately Testing Me?

80 Is She Deliberately Testing Me?

“You are the new chairman of the hot springs resort?” Chen Xuan was still in disbelief.

Ye Feng had already regained his senses, and he asked teasingly, "What, don't you think so?"

"No, I'm just too surprised. How many companies did you buy?" Chen Xuan asked the question in her heart.

This guy had just acquired 60% of Lingyun Real Estate's shares, and now he had even acquired Zhonghai Hot Springs Resort.

And this was only what she knew.

Who knew how many more she didn't know?

Ye Feng shrugged his shoulders. "Actually, it's not much. I can only say that we are too fated to meet each other."

His words were slightly frivolous, and Chen Xuan's face couldn't help but blush.

As Chen Xuan blushed, she quickly stole a glance at Zhang Youting.

She was afraid that she would lose all her dignity in front of her subordinates.

However, when Zhang Youting saw this, she misunderstood.

She thought that President Chen thought that she was in the way and was giving her a look to get her out.

“President Chen, you guys continue. I’ll wait outside for a while.” After that, she turned around and walked out of the office.

“Hey, you!” Chen Xuan wanted to stop her, but it was too late.

Only Ye Feng and her were left in the office.

This time, she was completely flustered.

Especially when she thought of the embarrassing scene that happened when she was in the same room with Ye Feng.

Chen Xuan’s face was a little hot.

Ye Feng pointed at the seat opposite him as if nothing had happened. “Why are you standing there? Sit down.”

Chen Xuan was helpless and could only bite the bullet and sit over.

Ye Feng made her a cup of tea and reminded her out of kindness, "Don't spill it on yourself this time."

Chen Xuan's hands trembled and she almost knocked over the teacup again. This time, her face turned even redder.

Ye Feng was too lazy to tease her anymore. "Alright, tell me your purpose for coming here."

Chen Xuan hurriedly tidied up her other emotions, took out a stack of information from the document bag in her hand, and handed it over.

"I plan to let Lingyun Real Estate and Zhonghai Hot Springs Resort work together to create a business ecosystem that combines consumption, leisure, entertainment, and living in one, so that customers can enjoy the best service environment," Chen Xuan said.

Chen Xuan's plan was very detailed, taking into account every link.

And when she faced Ye Feng's questions, she also answered them perfectly.

It could be seen that she had done her homework.

After Ye Feng heard that, he tapped his fingers on the table and did not say a word.

Chen Xuan looked at him nervously, unable to guess what he was thinking.

After a few minutes, he still didn't give an answer.

She was about to add a few more points.

At this time, Ye Feng suddenly said, "Did you bring the contract?"

Chen Xuan was shocked.

She had thought that he would be facing such a huge business project.

Even if the other party was a little tempted, it would probably take a long time to consider.

Who would have thought that the other party would ask her if she had brought the contract after hearing her introduction?

Wasn't this a little too unusual?

Seeing that she didn't speak for a long time, Ye Feng had to urge her again, "I'm asking you a question, did you bring the contract? If you did, we can sign the contract now."

Only then did Chen Xuan come back to her senses and hurriedly nodded. "Yes, I brought it."

As she spoke, she hurriedly took out a stack of contracts from another document bag.

Ye Feng looked through it and did not find any problems.

He directly took out a pen from the pen holder on the table and signed his name.

Then, he pushed the contract and pen to Chen Xuan. "Sign it."

Chen Xuan was like a marionette as she took the pen and signed the contract.

She was still in a daze even after signing the contract.

It was a project that she had failed to close despite having made several trips to the office.

It was actually completed so easily?

She raised her head and looked at Ye Feng in a daze. "Can I ask, why did you..."

"Why did you agree so easily?"

Ye Feng finished her question and smiled confidently. "It's simple, because the resort and you, are both mine."

Pa da!

Chen Xuan's hand trembled, and the fountain pen immediately fell on her thigh.

The tip of the pen pricked her leg and fell to the ground.

The ink that dripped out dyed a large area of her flesh-colored stockings black.

“Ah!”

Chen Xuan first cried out in pain.

Then, she hurriedly pulled out a few tissues from the table and picked up the silk stockings that had been dyed black by ink, and wiped them in a panic.

Because she was too flustered, she used too much force.

After wiping it a few times, there was a tearing sound and a big hole was immediately torn open in the silk stocking.

A large portion of her snow-white skin was revealed.

She was completely dumbfounded. She sat there in a daze, not knowing what to do.

Ye Feng was also stunned.

He meant that the hot spring resort and her Lingyun Real Estate were both his. Why was she so scared?

He retracted his gaze and coughed twice. He pointed to the exclusive bathroom in the office. "That's the exclusive bathroom in my office. No one else will go in and out."

"I'm sorry. Also, thank you." Only then did Chen Xuan react. After hurriedly apologizing and thanking him, she quickly covered her torn silk stockings and quickly hid in the bathroom.

She only heaved a sigh of relief when the bathroom door closed.

Looking at her sorry figure in the mirror, she was about to cry.

Why was it that every time she was in front of him, she would be in such a sorry state?

Could this guy be her nemesis in life?

After sighing for a while, Chen Xuan looked down at her torn stockings.

It was obvious that she couldn't wear it, so she had to take it off.

...

At this moment, Zhang Youting's face was also red.

She had just heard Chen Xuan's cries of pain from the office, and the sound of something being torn.

These two people were clearly doing something inappropriate for children.

This made her very speechless.

Why did it have to be in the office every time?

Was it for excitement?

At the same time, Ye Feng was still thinking about the earlier scene.

Especially the moment Chen Xuan's silk stockings were torn, it almost made his nose bleed.

Fortunately, his mental state had been tempered a lot during this period of time, so he could still maintain his calm.

However, even though he was calm, Ye Feng could not help but have a question in his heart.

Why was it that every time Chen Xuan was in front of him, there would be such a sudden erotic situation?

This woman, could she be testing him on purpose?
