

100 Million 741

Chapter 741 - 741 Are You Sure You're Not Taking This Opportunity to Take Advantage of Me?

741 Are You Sure You're Not Taking This Opportunity to Take Advantage of Me?

At the critical moment, Ye Feng dodged Feng Jianwu's attack and was about to counterattack.

A strange scene appeared again. Feng Jianwu's body disappeared again, causing him to miss.

When he continued to search for the other party's traces, he still could not find even a trace of her aura.

He had to admit that there was something praiseworthy about the ninja's escape technique. If it was someone weaker today, they would probably have been beheaded.

After a long time, just as he was getting impatient, Feng Jianwu appeared behind him again without any warning and slashed at him with her saber.

Ye Feng once again dodged with his extraordinary insight. Of course, his counterattack also missed.

Feng Jianwu's tactic worked every time. When she missed, she would immediately hide in the darkness again and wait for the next opportunity.

This kind of opponent gave Ye Feng a headache. He did not dare to let his guard down.

After a few consecutive times, due to the long period of mental tension, he felt dizzy and a little weak.

Actually, if he really had to fight her head-on, he was confident that he could kill Feng Jianwu in one move. However, this woman did not give him the chance at all.

If he continued to waste time like this, it would be very disadvantageous for him.

It seemed that he couldn't just fight with brute force. He had to use his intelligence to crush them.

At the thought of this, the corners of his mouth curled up in the darkness. He immediately let down his guard, as if his patience had been completely worn out.

He even waved his fists in the dark, making his acting even more convincing.

Feng Jianwu's actual combat experience was still a little lacking. As expected, she was fooled and appeared behind him like a ghost again.

Ye Feng was prepared this time. Before she could even use the fruit knife, he had already grabbed it.

“Ah...”

His reckless actions had obviously angered Feng Jianwu. She no longer concealed herself this time. She immediately brandished the fruit knife and wanted to fight him to the death.

This was exactly what Ye Feng wanted. He was not afraid of fighting head-on. Even though it was in the dark, he could still accurately grasp the opponent's wrist by listening to the sound.

Her body moved backward and she immediately lost her balance.

“B*stard, I...”

Before Feng Jianwu could curse, one of her legs was already hooked by Ye Feng and he pushed her away. She immediately lost her balance and was pressed down on the sofa by a huge body.

Before she could retaliate, she felt her little foot being held in that guy's hand. Immediately after, she felt a numbing sensation in her feet.

“Ah, itchy... I admit defeat, please let go... Yamatte... Don't...”

Her unique loli voice echoed in the darkness, making people's imaginations run wild.

Then, it turned into Ye Feng's painful cry, "Ah, it hurts... Let go..."

"You release it first, I'll release it later."

"Why? You go first."

"Then let's see who can't hold on first."

"Okay, then come on!"

"Ah... It's so ticklish."

"D*mn, it hurts..."

Xu Jingxin stood in the darkness and did not know what was going on. When she heard the two of them shouting, she was even more confused.

Weren't these two people dueling? Why were these voices a little... strange?

She hurriedly searched in the dark to find the switch. Although the chandelier in the living room had been kicked out, there were still some ceiling lamps at the edge that could be used for lighting.

When the lights were turned on, she looked back and saw that the two of them were sitting upright on the sofa, as if they had just finished a friendly negotiation. There was no passion at all.

“You guys... Are you done?”

Although she was curious, she did not know how to ask, so she could only ask casually.

Ye Feng had a fake smile on his face. “We’re done.”

Xu Jingxin then looked at Feng Jianwu. “Who won?”

Feng Jianwu nodded politely. “We had a friendly spar just now. Although there were wins and losses, Ye Sang won by a slight margin.”

Xu Jingxin heaved a sigh of relief. “That’s good. I was afraid that you would get hurt. How good would that be? Everyone could become good friends in the future. Don’t hurt each other’s feelings.”

Ye Feng and Feng Jianwu looked at each other. They both had friendly smiles.

“Sister Jingxin, can you wait for us downstairs?” Feng Jianwu suddenly suggested.

“What?” Xu Jingxin was a little surprised and didn’t know what she wanted to do.

“Sister Jingxin, please don’t misunderstand. I will keep my promise and will only be good friends with you in the future. But I have a few words to say to Ye Sang.” Feng Jianwu immediately explained.

“Oh, okay.”

Xu Jingxin did not suspect her. She immediately agreed and turned to leave.

When she left, the two people in the room became hostile again.

“Why? Are you still not convinced?” Ye Feng immediately looked at her provocatively.

“Hmph, of course not!” Feng Jianwu retorted without showing any weakness.

“Still stubborn? Who was the one who begged me for mercy just now?” Ye Feng said as he rubbed his hands, as if he was reminiscing about the feeling just now.

Feng Jianwu's pretty face turned slightly red as she rubbed her hands together. "I don't know who was the one who got hit in the sore spot just now. If I had used just a little bit of force just now, someone might not be able to touch a woman for the rest of his life, right?"

When Ye Feng heard her mention this, he immediately flew into a rage out of humiliation. "To think that you are a ninja, you actually used such a despicable method?"

Feng Jianwu didn't look embarrassed at all. Instead, she said righteously, "My master taught me that ninjas are capable of anything. Besides, you were the one who used despicable methods to take advantage of me. I'm just giving you a taste of your own medicine. This match can at most be considered a draw."

Ye Feng's lips curled up. "From your words, you still intend to continue competing?"

Feng Jianwu also revealed a sweet smile. "Come on, continue!"

"In this game, we will compete with willpower."

"How?"

"If you want to be with Sister Jingxin, you must maintain your loyalty to her. This requires a strong will. No matter how many temptations you encounter, you cannot waver."

Feng Jianwu explained to him before lifting her chin provocatively.

“Just tell me how to compete.” Ye Feng leaned on the sofa indifferently.

“We are tempting each other to see who can react the fastest,” Feng Jianwu said seriously.

“Tempting each other? Are you sure you’re not trying to take advantage of me?” Ye Feng immediately asked.

Feng Jianwu’s pretty face instantly turned red. “Who wants to take advantage of you? I’m not interested in men at all.”

Ye Feng’s lips curled up into an evil smile. “That’s because you haven’t experienced the charm of a man. Otherwise, you would be unable to stop.”

Feng Jianwu’s face turned even redder. “Do you dare to accept the challenge?”

Ye Feng pointed at her rosy cheeks. “You seem to have a reaction. This should count as my win, right?”

Chapter 742 - 742 I Want to Experience It

742 I Want to Experience It

Feng Jianwu's pretty face immediately darkened. "The competition hasn't officially started yet. This doesn't count."

Ye Feng did not argue with her, he nodded. "Alright, the competition starts now, come and seduce me."

After saying that, he lay there with his legs spread out, as if waiting for his chance.

Feng Jianwu immediately regretted bringing up this competition when she saw his dead look. But now, the arrow was already on the bow and had no choice but to be fired.

She made up her mind and pushed her long hair away, then she bit her lips seductively. "Brother Ye Feng, do you really not have any feelings for me?"

As she spoke, she did not forget to rub her slender calf against his leg.

Ye Feng had to admit that he had almost lost his mind at this moment. His body was about to react.

This woman, who looked a little silly and cute, looked like she was purely in love with him when she looked at him with her seductive eyes.

In addition, she called him 'brother' in Chinese, which was very difficult for normal men to resist.

But he was not a normal man at all... Uh, an ordinary man.

Just as that restless thought appeared, it was immediately extinguished by his strong willpower. Then, he looked at her like an old monk in meditation, letting her know what it meant to be unmoved by the eight winds.

Seeing this, Feng Jianwu could only continue to lean closer to him, and she whispered into his ear, "Brother Ye Feng, do you really not like Fengwu at all? As long as you say 'like', you can do whatever you want to her..."

As she spoke, a small hand kept moving around on his body.

Ye Feng still did not have any reaction. His thoughts had already gone away.

I wonder how far Chen Xuan's acquisition is going? There was still a big gap to the 10 billion target! It had been a long time since his Wing Chun Fist had improved. He must have encountered a bottleneck...

Feng Jianwu was anxious. She had always been confident in her charm and believed that no normal man would be able to resist her temptation.

However, the willpower of this guy in front of her was simply abnormal. She had already done this, but he actually did not have any reaction at all.

It seemed that she had to be a little ruthless!

At the thought of this, she immediately moved her cherry lips closer to him. "Don't you want to taste my lipstick? It's very sweet. Do you want to try it..."

Ye Feng looked indifferently at her red lips that were getting closer and closer. He suddenly said: "Did you eat garlic just now?"

"Ah?"

Feng Jianwu's technique was instantly broken, and her charming aura immediately disappeared.

Ye Feng looked at her with disdain: "A little girl wants to seduce me?"

Feng Jianwu immediately glared at him in embarrassment. "She's already in this state, yet you don't have any reaction at all. Is there something wrong with that area of yours?"

Ye Feng's lips curled up slightly. He turned around and pressed her under him. "Won't you know if there's a problem with me after you try?"

Feng Jianwu stared at the pair of eyes that were so close to her, and her heart immediately began to beat wildly. This was the first time she was in such close contact with a man, and an experience she had never experienced before surged into her heart.

However, she quickly regained her senses. 'No, I like women. Why would I be interested in a man? Absolutely not.'

She tried her best to make herself hate the man in front of her, but when the masculine scent on his body kept entering her nose, it still made her blush.

Ye Feng lifted her chin. His gaze was very aggressive. "The reason why you like women is because you haven't tasted a man yet. After you have tasted it, you will know what it is like. Do you want me to tell you about the fun of s*x? First of all..."

His voice seemed to have some kind of magic as he began to tell her about the interesting things between men and women, and the details were very explicit.

His breath kept hitting her ears, and a numbing sensation swept through her entire body.

Feng Jianwu's cheeks were getting redder and redder, and her large eyes were starting to blur.

Just as she was engrossed in listening, he suddenly smiled smugly, "You lost."

After saying that, he got up.

At this moment, Feng Jianwu suddenly hooked her arms around his neck and stared at him with seductive eyes. "I want to experience it."

Ye Feng was stunned. "Experience what?"

Feng Jianwu bit her plump lower lip. "The kind of fun you're talking about."

Ye Feng looked at her little face that had some baby fat. He could not help but swallow his saliva. "You really want to experience it?"

Feng Jianwu looked at him provocatively. "Of course. Otherwise, how would I know if you're lying? Why, you don't dare?"

Ye Feng glanced at the time on his watch. "I will give you ten minutes. End this quickly..."

Before he could finish speaking, Feng Jianwu had already pounced on him like a kitten in heat.

"If it's really that exciting, how can ten minutes be enough..."

Chapter 743 - 743 Yes, Master

743 Yes, Master

They had agreed on ten minutes, but the two of them spent about an hour before they went downstairs.

This time, Ye Feng finally displayed his full strength.

When Feng Jianwu went downstairs, her legs were still weak. She could barely stand with Ye Feng's support.

"Master, you're so powerful. Jianwu really likes it." At this moment, she no longer hated Ye Feng as much as before. It was replaced by a kind of infatuation.

"Can you change the way you address me? Why does it sound so awkward?" Ye Feng frowned immediately.

"Then what should Jianwu call Master?" Feng Jianwu placed great importance on Ye Feng's attitude. She immediately became cautious.

"Call me whatever you want, but don't call me master."

"Yes, Master."

“Can you walk properly? Don’t keep leaning on me!”

“Yes, Master.”

“Just as I finished speaking, you squeezed over again.”

“Jianwu doesn’t have any strength now, Master.”

“1...”

When the two of them went downstairs, they found Xu Jingxin still waiting there. She didn’t look impatient at all.

“Are you done talking?” Xu Jingxin did not have any doubts, at least on the surface.

“It’s settled. I’ll listen to Master in the future and won’t pester Sister Jingxin anymore.” Feng Jianwu returned to her adorable appearance, but only Ye Feng knew how crazy she was in bed.

“Master?” When Xu Jingxin heard this, she looked at Ye Feng blankly.

“Uh... Well, because I used my strength to conquer her, so she... You know, martial artists always respect strength.”

Ye Feng lied without blushing. At the same time, he looked at Feng Jianwu. “Right?”

“Yes, Master.” Feng Jianwu immediately nodded obediently. “Master is right. Jianwu has been completely conquered by you. In the future, we will serve Master body and mind.”

When she said ‘body and mind’, she deliberately paused to show the special meaning of these two words.

Ye Feng pretended not to understand and turned to look elsewhere.

Xu Jingxin was already shocked. Feng Jianwu was acting like this? Could it be that Ye Feng had really turned her straight?

Ye Feng saw that she was suspicious. He was afraid that she would get to the bottom of it, so he quickly changed the topic. “Oh right, I didn’t have the time to ask. Why did you come to Yang Cheng?”

Xu Jingxin wanted to say, “Of course I miss you.” However, she only dared to say it in her heart. After all, it did not match her quiet character.

“I... I heard that the Stone Gambling Convention in Yang Cheng was about to begin, so I wanted to come and watch the fun.”

“Stone gambling convention?” Ye Feng was stunned. This was the first time he heard of it.

Xu Jingxin heaved a sigh of relief and continued to explain, “There are only two places in China that can host stone gambling events. One is the Southern Yunnan Region because it is very close to Myanmar and has a geographical advantage. The other is Yang Cheng. It was said that since the Ming Dynasty, there has been a jade exhibition in Yang Cheng.”

Ye Feng listened to her explanation and understood. “Then, this stone gambling event should be very grand, right? There should be a lot of good materials.”

Recently, he had been having a headache over the small goal of 10 billion yuan. This Stone Gambling Convention came at the right time.

The first time Xu Jingxin met Ye Feng was at the stone gambling den. She was shocked by his stone gambling skills and knew that he would not miss this opportunity. “If you want to go, I will call you.”

Ye Feng immediately nodded in agreement. “This is a good opportunity to earn money, of course I will not miss it. Remember to inform me when the time comes.”

Xu Jingxin saw his money-grubber look and could not help but twitch her lips. “Mr. Ye’s business is so big. You should be uninterested in money, right? Why are you still so greedy for money?”

Ye Feng chuckled, "Isn't this all for our treasure hunting? I need a large sum of money now. I'm having a headache."

Xu Jingxin covered her mouth and laughed. "Mr. Ye actually has a headache over money? This is really strange. It just so happens that I still have some money on hand. Tell me, how much do you still need? I'll lend it to you."

Ye Feng immediately stretched out his hand happily: "Not much, not much, just around 7 billion."

Xu Jingxin was stunned. "How much? More than 7 billion? What do you need so much money for?"

Ye Feng sighed helplessly. "Didn't I already tell you? Of course, it's for treasure hunting."

Xu Jingxin was confused. "Do we need so much money to hunt for treasure?"

Ye Feng did not know how to explain it to her.

At this moment, Feng Jianwu suddenly interrupted, "Master, if you need money, I can help you."

Ye Feng's eyes lit up. "Can you take out so much money?"

Feng Jianwu hesitated for a moment before nodding. “For Master, I’m willing to give it a try.”

Before Ye Feng could agree, Xu Jingxin rejected him, “No, although Xiao Wu’s family is very rich, her relationship with her father has always been bad because her mother was abandoned. We can’t let her lower her head for money.”

Only then did Ye Feng understand. He immediately shook his head and rejected: “Xiao Wu, I appreciate your kindness. I’ll think of a way to get the money myself. You don’t have to worry about it.”

Tears flashed in Feng Jianwu’s eyes when she heard their conversation. In her entire life, other than her mother and Master, no one had ever thought so much about her.

Xu Jingxin saw her pitiful look and immediately pulled her into her arms to comfort her.

Ye Feng looked at these two beauties. He felt that they were pleasing to the eye.

At this moment, the system notification sounded again. [Congratulations to the host for completing the opportunity navigation. One piece of investment information, worth 500 million!]

Chapter 744 - 744 Master, Don't You Like Jianwu Anymore?

744 Master, Don't You Like Jianwu Anymore?

Ye Feng looked carefully at the system's reward introduction. It basically said that Yang Cheng would hold a land auction tomorrow.

There was a piece of land that was not worth much at the moment. However, according to the system, the officials would change the plan in a week. After the change, this land would become an educational land, and the value would increase by at least 500 million yuan.

In just a week, it could appreciate by 500 million. This was simply giving him money.

Thinking of this, he couldn't wait to see Chen Xuan and ask her about the details of this auction.

However, there were still two beauties here. He couldn't just leave them here and run away alone, right?

"Where are you staying tonight? Shall I send you there?"

He suppressed the excitement in his heart and turned to look at the two.

Feng Jianwu panicked. She couldn't care less about Xu Jingxin beside her. She hurriedly grabbed his arm. "Master Master, are you going to abandon us?"

Ye Feng could not help but have a headache. "That... I still have something to do later. I'll look for you when I'm done."

Feng Jianwu shook her head. "No. Wherever Master goes, I will follow."

Ye Feng sighed in his heart. It was over. This was like stepping on a piece of dog skin plaster. He could not shake it off.

However, he had just caused trouble for her. If he acted too heartless now, it would not be justifiable.

"Xiao Wu, stay with Sister Jingxin for today. I'll definitely come and find you after I'm done with the matters at hand. Be good."

He comforted her in a tone that sounded like he was coaxing a child.

However, Feng Jianwu was still unwilling to give up. "Master, don't you like Jianwu anymore?"

Ye Feng had the urge to vomit blood: "Don't you like Sister Jingxin?"

Xu Jingxin's eyes widened in shock. This guy was trying to get rid of Feng Jianwu and was trying to divert her attention elsewhere?

However, Feng Jianwu still shook her head. "But, Jianwu is no longer interested in women. I only realized now that it's not that I hate men, but that I haven't found someone I like."

Ye Feng did not know whether to laugh or cry. He could only turn around and ask Xu Jingxin for help.

Miss Xu was still more reasonable. She immediately held Feng Jianwu's hand. "Xiao Wu, your master... Brother Ye Feng is going to find a girlfriend. Don't be a third wheel."

It would have been better if she hadn't said anything. When Feng Jianwu heard her words, her large eyes were filled with tears. "Master, don't you want Jianwu anymore? What did Jianwu do wrong? If you tell me, I'll definitely change. But don't abandon Jianwu, sob sob sob..."

Ye Feng was completely helpless now. After much persuasion, he finally agreed to accompany the two of them on the streets for a while. Only then did Feng Jianwu break into laughter.

They had agreed to do it in a while, but it had been more than two hours.

It was already past 11 o'clock in the evening when he sent the two of them back to their hotel.

Ye Feng comforted her again before leaving for Chen Xuan's hotel.

When he knocked on Chen Xuan's door in the middle of the night, Chen Xuan jumped. "Why are you here so late?"

She was wearing a white silk nightgown and had probably just taken a shower. Her wet hair was still casually tied up on her head, giving off the fragrance of shampoo.

"Sister Xuan, why aren't you sleeping? What are you busy with?" He didn't stand on ceremony with her and walked straight in.

"Didn't many people transfer a lot of assets at a low price to you a few days ago? I've been dealing with these things for the past few days and just finished." Chen Xuan followed him in and poured him a glass of water.

"Don't tire yourself out. Just let your subordinates do some things. Otherwise, why would you spend so much money to support so many people? Do you want to be a master?" Ye Feng saw that she was indeed a little haggard, and his heart ached as he hugged her.

Chen Xuan leaned comfortably on his shoulder and felt the rare warmth. "Maybe I'm just a slave. Once I stop, I don't know what to do. I can only work non-stop."

Ye Feng was concerned for her, and then changed the topic. "Sister Xuan, does Lingyun Real Estate have the right to participate in the land auction in Yang Cheng?"

Chen Xuan was stunned for a moment. "Yes, why? Do you want to pat the ground?"

Ye Feng was delighted. "That's right, there is a land auction in Yang Cheng tomorrow. I am going to participate."

Chen Xuan was a little puzzled. "Why do you suddenly want to bid on the ground? Xiao Feng, the water in real estate is very deep. If you don't understand it, don't rashly enter..."

Ye Feng hurriedly interrupted her, "Of course I know that real estate is a complicated business, but I just got some insider news that the piece of land that I have my eyes on is likely to be used for education. I can earn at least this much if I sell it."

As he spoke, he stretched out a palm.

Chen Xuan was shocked at first, but she was still skeptical. "Where did you get the insider information? Is it reliable?"

Ye Feng pinched her cheek. "Don't worry, when have I ever fought a battle that I wasn't confident in?"

Chen Xuan immediately wrapped her arms around his neck. "Of course I know my boyfriend is the best. Even if I don't believe in myself, I will believe in you."

Ye Feng arched his nose: "Then tell me, which aspect of me is the best?"

Chen Xuan's pretty face instantly turned red. "How would I know?"

Ye Feng's gaze was teasing: "You really don't know?"

Chen Xuan bit her lower lip. She was no longer as cold as she usually was. Instead, she was a little seductive as she slowly leaned into his ear. "Hubby, I want..."

Ye Feng's desire was immediately aroused by her words, but he still asked, "What do you want?"

Chen Xuan saw that this guy was pretending to be confused and immediately gritted her teeth. "You know."

Ye Feng deliberately hung on to her. "If you don't tell me clearly, how would I know?"

Chen Xuan pushed him away. "It's fine if you don't know, big bad guy."

With that, she turned around and was about to leave.

Ye Feng pulled her back. "You actually dare to throw a tantrum at me? If I can't even conquer a woman like you today, how can I conquer the world?"

“Ah, be gentle...”

Chapter 745 - 745 Don't Call Her Sister Xuan, Call Her Baby

745 Don't Call Her Sister Xuan, Call Her Baby

After a round of s*x, Ye Feng was leaning against the bed, thinking about the auction tomorrow.

Chen Xuan leaned against his chest, a hint of disappointment flashing across her eyes.

When the two of them were making love just now, she noticed a few scratch marks on his body. With her intelligence, she could naturally tell that they were left by a woman.

Actually, when she decided to be with Ye Feng, she had already expected this day to come. Such an outstanding man could not be monopolized by her.

In fact, none of the successful people she knew could do this.

Even those model couples who were talked about by others were actually having their own fun behind their backs.

What she hoped for was that this day would come a little later, so that she could enjoy more of his time. However, she did not expect that this day would come so early.

Ye Feng saw that she did not speak for a long time, he reached out and lifted her delicate chin: "What's wrong? Is there something on your mind?"

Chen Xuan looked at him in a daze. "Xiao Feng, will you leave me?"

Ye Feng was stunned. "What happened to you? Why would you suddenly ask such a question?"

Chen Xuan grabbed his arm tightly. "Answer me. Will you leave me?"

Ye Feng pinched her little nose, "Don't think too much, I like you, why would I leave you?"

Chen Xuan was still worried. "Really? What if you have another woman or get tired of me one day?"

Ye Feng originally wanted to use some flowery words to convince her, but seeing how serious she was, he could only become serious.

"Sister Xuan, I can't guarantee my absolute loyalty to you, nor can I promise to grow old with you. Those who liked to swear at random must be liars. So, we have to work hard to make ourselves better so that the other party won't get tired of us."

Chen Xuan listened to his answer. Although there were no sweet words that women liked to hear, she could hear that these were his sincere words.

Ye Feng paused for a moment. He stared into her eyes seriously. "At least, at this moment, no woman can replace your position in my heart."

After Chen Xuan finished listening, she stared at him for a long time, then suddenly smiled.

At that moment, it was so beautiful that it could not be compared to anything else.

She leaned close to his ear and said seductively, "Xiao Feng, I want more..."

When Ye Feng heard this again, he was no longer as excited as before. Instead, he was a little scared. The two of them had just fought for nearly two hours, and he was really out of ammunition and food.

"Sister Xuan, we still have work to do tomorrow. Let's rest early."

As he spoke, he was about to get into bed.

However, President Chen pulled him out. "No, I just want once more."

Ye Feng shivered. The moment a woman acted coquettishly, the man would break his waist. Especially for a strong woman like Chen Xuan who rarely acted coquettishly. It was even more terrifying.

“Sister Xuan...”

“Don’t call me Sister Xuan, call me Baby,” Chen Xuan said and immediately took the initiative to climb up.

Ye Feng sighed. He could only happily and painfully open the restaurant.

Although Chen Xuan appeared to be very proactive, her gaze was extremely clear. Since she could not guarantee forever, she would cherish the present.

At least at this moment, she was irreplaceable in his heart.

..

The next morning, Ye Feng was urged by Chen Xuan several times before he slowly got up.

He was still in a daze from the intense torment last night.

He hurriedly sat cross-legged on the bed for a while, then ran to the living room to practice his fist for a while. Only then did he feel that he had recovered some energy.

Then, he went to wash up, changed his clothes, and went to the dining room on the second floor with Chen Xuan for breakfast.

“The auction will start at 10 am. I have already obtained the qualification to bid.”

After breakfast, Chen Xuan wiped her mouth with a tissue and told Ye Feng this news.

Ye Feng helped her remove a stray hair from her collarbone and nodded, “Okay, we will rush over after eating.”

Chen Xuan was still a little worried. “Are you sure you want to bid for that piece of land? Should we reassess the risks? If there was a problem with your source of information, it would not be a joke.”

Ye Feng put the last mouthful of bread into his mouth and used the milk to pour it down, then wiped his mouth. “Don’t worry, my information network is very strong. There will be no problem.”

Chen Xuan sighed helplessly. “I really can’t do anything to you.”

Judging from her tone, it was as if she was coaxing a child.

Just as the two of them were about to leave, they suddenly heard someone shouting behind them, "Isn't this Miss Chen?"

Chen Xuan stopped in her tracks and looked back. She saw a middle-aged man walking over quickly.

The man looked to be in his forties years and was about 1.8 meters tall. He was wearing a well-ironed black suit and should have been very dignified.

However, because he had an oval face, a sharp chin, and a pair of inverted triangular eyes, he immediately gave off a very cunning feeling.

When Chen Xuan saw him, she was puzzled. "Do I know you?"

The man took the initiative to reach out his hand. "I'm Xu Pengcheng, the general manager of Xu Real Estate. I saw you at President Xiao's cocktail party last time, but you were the focus of the cocktail party, so I couldn't get to talk to you."

Chen Xuan didn't shake hands with him but smiled politely. "Hello, President Xu. I still have something to do here. If there's nothing else, we'll leave first."

After saying that, she held onto Ye Feng's arm and prepared to leave.

However, this President Xu was quite thick-skinned. He immediately caught up with her. “Miss Chen, are you going to participate in the real estate auction this morning? What a coincidence, I’m also going to participate. I wonder if I can go with you?”

Before Chen Xuan could speak, Ye Feng looked at him coldly. “You dare to eavesdrop on our conversation?”

Xu Pengcheng immediately smiled and waved his hand. “Please don’t misunderstand, sir. I didn’t mean to eavesdrop. I just happened to hear it from the side. I also heard that you guys have your eyes on a piece of land. I wonder which one it is?”

When Chen Xuan heard this, her pretty face immediately darkened.

“Mr. Xu, eavesdropping on others is a very rude thing to do. As for which piece of land we have our eyes on, this is a trade secret and we have no comment.”

When Chen Xuan faced outsiders, she did not have the attitude of a little girl in front of Ye Feng. She displayed the powerful image of a business queen to the fullest.

This Xu Pengcheng was indeed very thick-skinned. Although he was publicly criticized by Chen Xuan, he did not seem angry at all. “Miss Chen, please don’t misunderstand. I admire you very much, so I don’t want to see you be deceived.”

Chen Xuan looked at him coldly. “What do you mean?”

Xu Pengcheng glanced at Ye Feng. "Miss Chen, please don't believe the insider information of some people. I have been in the real estate industry for so many years, and I have seen many people like this. In the beginning, they say that they have all kinds of insider information. When you really invest a large amount of money, these people will run away. At that time, you would have nowhere to cry."

Chen Xuan put on an attitude of rejecting people. "This is my own business. You don't have to worry about it. You just have to take care of yourself."

With that, she held Ye Feng's arm and prepared to leave.

Xu Pengcheng did not give up and even wanted to reach out to hold her.

Ye Feng suddenly turned around, his sharp gaze landed on his face. "I dare you to touch her!"

Chapter 746 - 746 This is the Real Supercar!

746 This is the Real Supercar!

Xu Pengcheng was so scared that he quickly retracted his hand, but he soon realized that he seemed to be too cowardly. He was extremely angry, but he still had a harmless smile on his face.

"I was just about to go downstairs. This elevator doesn't belong to your family, does it?"

After saying that, he took the lead and entered the elevator.

Chen Xuan and Ye Feng were helpless against such a shameless dog. They could only follow him in.

While the elevator was going down, Xu Pengcheng was still looking for opportunities to hit on Chen Xuan, but Chen Xuan ignored him. He didn't feel that he was asking for a snub and was still enjoying himself.

Ye Feng could not help but want to attack a few times, but he was stopped by Chen Xuan. They still had important matters to attend to today, so there was no need to be calculative with a shameless dog.

When the three of them arrived downstairs, they saw a black Ford E350 MPV driving over.

“Miss Chen, take my car.”

Xu Pengcheng pointed at the MPV and looked at Chen Xuan fawningly. At the same time, he glanced at Ye Feng proudly.

Ye Feng had been collecting antiques for the whole morning yesterday, and his clothes were already ruined. Although Chen Xuan helped him wash them, there were a few cuts. It looked a little shabby.

In addition, Xu Pengcheng's first impression of him was that this guy was a liar. A young female entrepreneur like Chen Xuan was easily deceived by such a person's flowery words.

Therefore, he wanted to be a hero to save the damsel in distress and use this opportunity to get close to this business goddess.

However, President Chen didn't seem to appreciate his kindness. "There's no need. We have our own car."

Xu Pengcheng did not give up and immediately showed off his car to her. "President Chen, although the price of my business car is only more than 2 million, the interior has undergone a major modification. The modification fee alone cost 6 to 7 million. Sitting in it is definitely an ultimate enjoyment. If you don't believe me, you can try. I guarantee that you won't regret it."

The more he spoke, the more proud he became. Although he was talking about modifying cars, he was actually trying to show off his wealth to Chen Xuan. To be able to take out a few million to modify a car, there was naturally no doubt about his financial resources.

As he spoke, he did not forget to look at Ye Feng. He wanted to see the inferiority on his face.

However, he was disappointed. Not only did he not see any inferiority, but he also saw a trace of mockery.

That kind of mockery was like a professional boxer who saw a primary school student showing off his strength in front of him.

This made Xu Pengcheng very angry.

Just as he was about to mock him, he saw a cool supercar driven over by a waiter.

The appearance of this car immediately attracted the attention of everyone entering and leaving the hotel.

Those who could stay in this high-end hotel were generally rich and could be considered people who had seen the world.

However, they had never seen such a cool sports car. The mechanical beauty was like a piece of art, pleasing to the eye.

The waiter drove the sports car in front of Ye Feng and Chen Xuan, then respectfully handed the car keys to Ye Feng. "Sir, I have already driven your car. The gas is also full."

When the waiter spoke, his voice was trembling. If he could drive a supercar at the level of the ancient race once, it would be enough for him to brag about it for the rest of his life.

Ye Feng took the key and pressed the button, the Blue Charm Night opened its doors like a Transformer.

“Sister Xuan, please get in the car.”

He turned to Chen Xuan and made a gentlemanly gesture.

Chen Xuan was like a proud princess as he helped her into the passenger seat.

Ye Feng then walked around the car and sat in the driver’s seat. The door of the Blue Charm Night was closed again.

The engine then emitted a pleasant sound and disappeared from everyone’s sight.

After a long time, these people still had not recovered from their shock.

“D*mn, this is a real supercar! I have a few sports cars at home too. Compared to this one, they are just a pile of scrap metal.”

“Nonsense, this is the Blue Charm Night. There’s only one in the world. Can your sports cars compare to them?”

“Blue Charm Night? I’ve never heard of it. Is this car very expensive?”

“This is a Lamborghini hand-made supercar. It’s worth at least 500 million!”

“Oh my god, a 500 million yuan supercar? 500 million yuan is enough to buy a plane. Isn’t this too f*cking rich?”

“When I saw the news, it said that this supercar was bought by a mysterious tycoon at the auto show. I was curious for a long time, but I didn’t expect it to be bought by this gentleman.”

“How rich is this young man’s family? If he can buy a sports car worth 500 million, his family must have assets worth several billion?”

“Tens of billions? That would probably be the richest man in Yang Cheng, right?”

The discussions of the crowd reached Xu Pengcheng’s ears, and it was as if they were slapping him in the face.

He was just showing off his modified car that was worth millions to Chen Xuan. He did not expect her boyfriend to drive a top-notch supercar worth 500 million.

In comparison, his bragging earlier was like a clown entertaining himself.

He finally understood the meaning behind Ye Feng's mocking expression – You are trash!

Chapter 747 - 747 You Guys Don't Even Know Mr. Ye?

747 You Guys Don't Even Know Mr. Ye?

Ye Feng and Xu Pengcheng arrived at the auction center almost one after the other.

Although Xu Pengcheng was thick-skinned, he was not shameless. He had just been slapped in the face by Ye Feng. He did not have the face to continue pestering him.

Ye Feng and Chen Xuan ignored him and entered the auction center.

At this moment, there were already quite a number of people at the auction venue. They were all chatting in groups of three to five.

When they saw Chen Xuan enter, everyone stopped talking at the same time and turned their gazes over.

It could be seen that Chen Xuan had now become the focus of the business world. No matter where she appeared, she would attract everyone's attention.

However, when they saw the strange man beside her, many real estate developers from other places began to whisper.

“Who is this person? Do you know him?”

“I haven’t seen him before. He shouldn’t be from the real estate industry, right?”

“Looking at how intimate he is with President Chen. Could he be her boyfriend?”

“I’ve never heard that Chen Xuan has a boyfriend. I always thought that she was single. Oh no, my heart is broken.”

“What kind of background does this kid have? He actually managed to woo President Chen?”

“That’s right. President Chen has always been arrogant. She doesn’t even care about the pursuits of so many business elites.”

Just as these people were guessing Ye Feng’s identity, Wei Changfeng, who was sitting in a corner and talking to someone, suddenly froze.

He was here to bid for a piece of land today. He did not expect to meet Ye Feng here.

Without any hesitation, he quickly stood up and walked toward Ye Feng.

“Mr. Ye, why are you here?”

He held Ye Feng’s hands tightly. He was extremely excited, like a fan who had just seen his idol.

This simple action of his had caused those who did not know Ye Feng to explode.

Although they did not know Ye Feng, they knew Wei Changfeng.

What kind of status did a person have to be able to make this Yang Cheng real estate tycoon so respectful?

Xu Pengcheng, who happened to walk into the hall, also saw this scene. He was so shocked that his jaw almost fell off.

Wei Changfeng was a very proud person. He always looked calm in front of outsiders.

Of course, he had the right to be proud. He was the top boss in the real estate industry of Yang Cheng. They had to take the other party’s attitude into account.

But this super big shot was actually so respectful to this young man at this time, and even had a kind of posture to kneel and lick. What kind of strange thing was this?

What was the background of this kid?

Facing Wei Changfeng's enthusiasm, Ye Feng just nodded indifferently. "President Wei, are you here to auction the land today?"

Wei Changfeng bent down and tried his best to be shorter than Ye Feng. "Yes, because of my stupidity, the company suffered a certain loss, so I wanted to bid for a piece of land today and try my best to atone for my sins."

When he spoke, his face was filled with shame. The reason why he suffered losses was entirely because he had offended Mr. Ye in front of him.

However, he did not dare to have any resentment toward Ye Feng now, not even when he was alone.

Ye Feng glanced at him meaningfully. "I hope we don't like the same land. Otherwise, it will hurt our relationship."

Wei Changfeng's expression changed drastically. "Mr. Ye, please don't say that. As long as it's a piece of land that you like, I'll definitely avoid it and never dare to touch it."

As he spoke, he hurriedly led the two of them to their seats. Many people sitting in the front row stood up and made way for the two of them.

However, his words made those foreign real estate developers dumbfounded.

As the saying goes, the business world is like a battlefield. For businessmen, once interests are involved, even if they are as close as father and son, they could still fight to the death.

And Wei Changfeng was actually willing to give up such a huge benefit and not offend this Mr. Ye. This made them even more curious about Ye Feng's identity.

"Who is this Mr. Ye? Can anyone explain?"

"Yeah, this is too scary. What kind of identity does a person who even Mr. Wei doesn't dare to offend have?"

"We're from another place, so we don't know much about the situation in Yang Cheng. If any of you know the specific reason, please enlighten us so that we don't offend a true god."

"My friends in Yang Cheng, does anyone know this person's identity? Please give me some pointers. Thank you."

In the face of their inquiries, many local real estate developers in Yang Cheng immediately began to deliberately mystify things.

“No way! You don’t even know Mr. Ye? You still dare to come to Yang Cheng to do business?”

“That’s right, you don’t have to know anyone in Yang Cheng, but you have to know Mr. Ye.”

“Right now, Mr. Ye has the final say in Yang Cheng. Whoever he wants to die will die without a doubt!”

“Anyway, I won’t compete with Mr. Ye. History has proven that anyone who goes against Mr. Ye won’t have a good ending.”

“Me too. As long as it’s a piece of land that Mr. Ye likes, no matter how good it is, I won’t dare to bid for it.”

The more they kept them in suspense, the more surprised the foreign real estate developers became.

“Don’t keep us in suspense. Hurry up and tell us. Who is this big shot? It’s also good for us to have a foundation in our hearts.”

Someone immediately urged, and the others also agreed.

The local Yang Cheng real estate dealers answered them with pride.

“Mr. Ye’s experience is very exciting. It’s simply like a myth.”

“Mr. Ye grew up in a poor family, but he didn’t give up because of this. Instead, he worked hard and accumulated his potential bit by bit. Finally, when he was a freshman, he exploded with amazing energy.”

“It’s not just shocking. That is simply a genius! In just half a year, he had built a business empire from scratch.”

“This business empire covers almost all industries including real estate, hotels, tourism, shopping, entertainment, e-commerce, and many more...”

When the real estate developers from other places heard their description, they were all stunned.

“My god, it only took half a year to build such a huge business empire? This is too unbelievable. Are you guys joking?”

Someone immediately raised a question. Although the others did not say anything, they were also skeptical.

The local real estate developers in Yang Cheng became more and more arrogant.

“Why don’t I say that you guys are ignorant? Do you know what a genius is? Mr. Ye is a genius!”

“You know Niu Sidun? He used to be the richest man in South Guangdong Province. He didn’t know why Mr. Ye had offended him, but he wanted to go to Zhonghai and make things difficult for Mr. Ye.”

“Mr. Ye was just a rookie in the business world at that time. In front of a big shot like Niu Sidun, the difference was like an ant and an elephant.”

“But do you know what the final outcome is?”

The real estate dealers who came from other places were already attracted by the stories they told. More and more people gathered around, including Xu Pengcheng.

Chapter 748 - 748 This is the Outcome of Going Against Mr. Ye!

748 This is the Outcome of Going Against Mr. Ye!

“I heard that Niu Sidun had a car accident in Zhonghai and died.”

Someone immediately answered the question.

The others also nodded their heads. The news they saw also said so.

However, when the few local real estate developers in Yang Cheng heard this, they immediately sneered.

“Car accident? You believe this kind of news? To tell you the truth, he committed suicide to avoid punishment!”

Hua...

As soon as he said this, the surrounding people immediately cried out in surprise. This was the first time they knew about this inside story.

“Why did he commit suicide? What’s the reason?”

“Yeah, hurry up and tell me, why did Niu Sidun commit suicide?”

“Niu Sidun was already the richest man in South Guangdong Province at that time. What could have forced him to commit suicide?”

Facing these people’s questions, that person only smiled faintly.

“Of course, it’s because he offended Mr. Ye. This old fellow relied on his power and thought that he could trample Mr. Ye to death like stepping on an ant.”

“However, he still underestimated Mr. Ye’s strength. Not only did he suffer repeated defeats at Mr. Ye’s hands, but he was also dealt a fatal blow in the end by Mr. Ye, who captured a lot of criminal evidence.”

“This old fellow knew that he couldn’t escape, so he decided to end his own life.”

After hearing this person’s description, everyone knew the inside story of Niu Sidun’s death. At the same time, they had a clear understanding of Ye Feng’s strength.

“In that case, this Mr. Ye is really not simple. A fledgling could already kill a business giant.”

“This isn’t just not simple. If it were me, facing the threat of the richest man in a province, I’m afraid I would immediately surrender.”

“Me too! From this, it can be seen that Mr. Ye’s boldness is not something that ordinary people can compare to.”

“How is it just courage? This required great perseverance and great wisdom to be possible!”

Just as everyone was amazed by Ye Feng's achievements, Xu Pengcheng suddenly asked a different question, "Even if this Mr. Ye is very powerful in Zhonghai, why is he so powerful in Yang Cheng? Why is he so... respected?"

Actually, he wanted to ask "why is he so arrogant", but seeing the admiration in their eyes, he did not dare to ask.

The other foreign businessmen were also very curious about this question and looked at the local real estate developers.

"This is another story. Mr. Ye just came to Yang Cheng a while ago. Many people have the same thoughts as you. They all think that Mr. Ye doesn't have a deep foundation in Yang Cheng and didn't care about him."

"This included Ye Chengze from the Ye family and Gao Junming from the Chaoxin Gang."

"You should have heard of the final outcome of these people, right? Not only was Ye Chengze imprisoned, but the Ye family was also destroyed, and Gao Junming died without a complete corpse."

"This is the outcome of going against Mr. Ye!"

When those foreign real estate developers heard another inside story, they were all stunned.

“Of course I know about the Ye family. We even worked together on a project before, but they had their eyes on the top of their heads and didn’t put us outsiders in their eyes at all.”

“That’s right. This Ye family is the second largest family in Yang Cheng. They used to be extremely arrogant. I didn’t expect them to be killed by Mr. Ye.”

“I know that Gao Junming too. I heard that the power of the Chaoxin Gang in Yang Cheng is very terrifying. Who wouldn’t be afraid when they hear that?”

“Even Gao Junming died at Mr. Ye’s hands? This Mr. Ye’s methods are too terrifying, right?”

Those Yang Cheng local real estate developers started to tell them how Ye Feng killed Ye family and Gao Junming.

Of course, there were many exaggerations in these stories.

Ye Feng was almost described as someone who had Cao Cao’s heroic spirit, Lu Bu’s bravery, and Zhuge Liang’s strategy, he was an omnipotent superman.

However, their words were so convincing, coupled with the foreshadowing in front of them, that these foreign real estate developers were stunned and actually took it seriously.

When they heard this, they looked at Ye Feng with fear, curiosity, doubt, and shock...

In short, it was not like he was looking at a person, but an ancient creature.

“Thank you for your information. We almost offended this big shot.”

“No wonder Wei Changfeng is so afraid. This Mr. Ye is really a god!”

“I don’t care about you guys. Anyway, I’ve already decided. As long as Mr. Ye takes a fancy to the bid later, I won’t dare to touch it.”

“Me too. Although it’s good to earn money, you have to be alive to spend it. It’s really unwise to offend this Mr. Ye just to earn money.”

“That’s right, that’s right...”

Everyone began to communicate with each other. No matter what, they could not offend Mr. Ye.

Xu Pengcheng realized what kind of person he had offended, and his face turned pale.

He turned around and saw Ye Feng and Chen Xuan talking about something in a low voice, making this President Chen laugh.

Everyone had never seen Chen Xuan act like a little girl before, and they were all dazzled by her.

However, no one dared to have any ideas about her. She was Mr. Ye's woman. They did not want to die.

Xu Pengcheng hesitated for a moment, but in the end, he mustered up his courage and walked toward Ye Feng.

Chapter 749 - 749 Then I'll Step on You to Death

749 Then I'll Step on You to Death

"Mr. Ye, I didn't recognize Mount Tai just now and offended you with my words. I hope you can forgive me and don't hold it against me."

Xu Pengcheng walked in front of Ye Feng with a respectful expression.

The few people sitting nearby all turned their heads to look at him, their eyes filled with schadenfreude.

There was actually someone who dared to offend Ye Feng in Yang Cheng. This was truly a new thing. Wasn't this guy too bold?

"Got it. Get lost."

Ye Feng did not even turn around to look at him. He was still talking to Chen Xuan in a low voice.

They didn't know what he said, but Chen Xuan's pretty face turned red and she punched him on the shoulder.

Xu Pengcheng saw the two of them flirting. He was a little jealous, but he did not dare to show it on his face. He continued to bow to Ye Feng. "Mr. Ye, I wonder if you're free tonight? I'd like to invite you..."

Ye Feng was talking to Chen Xuan when he was interrupted by him again. He became impatient. "I told you to get lost, didn't you hear me?"

He wouldn't give a good look to anyone who harbored improper thoughts about Chen Xuan.

Xu Pengcheng was usually a well-known figure in Peng City. Now that he was apologizing to a young man in front of so many people, he was treated like this. He immediately felt a little angry.

No matter how powerful he was, he was disrespectful to others.

He didn't say anything else and immediately left.

Wei Changfeng had been watching from the side and suddenly whispered into Ye Feng's ear, "Mr. Ye, how did this Xu Pengcheng offend you? Do you want me to help you deal with him?"

Ye Feng turned to look at him: "Mr. Wei knows this person?"

Wei Changfeng immediately nodded respectfully. "This person is quite famous in Peng City. The Xu Real Estate's strength is not inferior to our Changfeng Real Estate. Of course, compared to Mr. Ye, he's far from it."

Ye Feng glanced at Xu Pengcheng who was sitting back in his seat. He saw the hatred in his eyes. When he realized that he was looking at him, he hurriedly hid his hatred and revealed a harmless smile.

It seemed that this fellow was very dissatisfied with his attitude just now, and even harbored resentment.

At the thought of this, he immediately revealed a cold smile and turned to look at Wei Changfeng. "How's this person's reputation?"

Wei Changfeng was still thinking of an opportunity to ease his relationship with Ye Feng, but when he heard Ye Feng asking, he was delighted.

"As far as I know, this person's reputation in Peng City is extremely bad. Anyone who offends him, even if it's just a small matter, he will remember it for a long time and find an opportunity to kill them. Also, in terms of women, he's even more rotten..."

At this point, he suddenly shivered.

He almost forgot that Ye Feng had many women around him. If he said this, this Mr. Ye would not think that he was pointing at the mulberry tree and scolding the locust tree, right?

But he was obviously thinking too much, Ye Feng did not even think about that.

Although he had a lot of female confidants, his private life was far from corrupt. So far, he had only had s*x with two women.

“Hmm? Why aren’t you saying anything?” He looked at Wei Changfeng in surprise.

Wei Changfeng coughed awkwardly. He naturally did not dare to say, ‘I thought of you when I mentioned ‘rotten private life’.’ Wouldn’t that be courting death?

He hurriedly reorganized his words and continued to speak.

After listening to his description, Ye Feng had a clear understanding of this Xu Pengcheng.

To be more precise, this person was just a rogue who was extremely lucky. Although he was already rich, his actions still carried the color of a rogue. He liked to be ruthless and not give the other party a way out.

This was very similar to him.

Since he dared to harbor a grudge against him, he would just trample him to death.

At this moment, the bidding officially began.

First, a leader from the Resource Bureau went on stage to give a speech and give encouragement to the business elites present. Then, the host explained the rules before the bidding began.

“Target 001 covers an area of 72 hectares. The surrounding facilities are convenient, and the east side is adjacent to Changqing Lake...”

The host began to introduce the specific situation of Target 1.

Everyone present looked at Ye Feng’s expression. If this big shot wanted to attack, they would not dare to act rashly.

But Ye Feng did not show any interest in this piece of land. He was still talking to Chen Xuan in a low voice. Everyone heaved a sigh of relief and started to bid normally.

The next few pieces of land were auctioned like this. Everyone would first look at Ye Feng's expression before they started bidding.

Xu Pengcheng was different from them. Although he was also looking at Ye Feng's expression, it was not because he wanted to see which piece of land he was not bidding for, but because he wanted to see which piece of land he was planning to bid for.

In the morning, he overheard their conversation in the restaurant, he knew that Ye Feng had received some insider information. A piece of land was about to be converted into an educational land. It would experience a huge appreciation.

At the beginning, he did not care about this kind of insider information, but after knowing Ye Feng's identity, he started to pay attention to it.

Since Mr. Ye was so powerful, the insider information he had should be reliable.

Anyway, he had already offended the other party. He was not afraid of offending him even more now. He was just waiting to see which piece of land Ye Feng would bid for. He would bid as well.

Even if he couldn't get that piece of land in the end, he could at least give him some trouble.

How dare you not give me face? I don't care what bullsh*t Mr. Ye you are. You are all younger brothers in front of me.

He was smiling proudly when he suddenly saw Ye Feng raise his hand for the first time.

At this moment, lot 010 was being auctioned. The starting price was 250 million.

As soon as the host finished speaking, Ye Feng raised his hand. "260 million."

Those who were planning to participate in the auction immediately stopped after seeing Ye Feng's move.

The host looked around. "This gentleman has bid 260 million. Are there any higher bids?"

No one raised their hands, and no one spoke. They all sat there quietly.

The host asked three times, but no one made a bid. He could only announce the result. "Since there are no more bids, this gentleman has won bid No. 015 for 260 million..."

Many people were already prepared to applaud.

At this moment, a voice sounded from the corner. "300 million!"

Chapter 750 - 750 This Guy's Acting is Getting Better and Better

750 This Guy's Acting is Getting Better and Better

Everyone turned their heads in unison, wanting to see who was the one who did not care about his life. He actually dared to intercept Mr. Ye. Was he tired of living?

Xu Pengcheng met everyone's gaze. He did not feel uncomfortable. He even deliberately smiled at Ye Feng.

Ye Feng also turned around and glared at him. The threat in his eyes was obvious.

However, Xu Pengcheng was still smiling, looking fearless.

Ye Feng did not pay attention to him anymore. He turned around and raised his hand again. "310 million."

"350 million."

Xu Pengcheng deliberately went against him. As soon as he finished speaking, he continued to follow.

This time, everyone present was not calm anymore. They all began to communicate in low voices.

“What does this guy mean? Is he deliberately going against Mr. Ye?”

“Yeah, I didn’t see him bid on those few plots of land just now. However, as soon as Mr. Ye made a move, he followed. Clearly, he is deliberately targeting Mr. Ye.”

“This guy really wants money more than his life. He even dares to snatch Mr. Ye’s land?”

“Sigh, there’s nothing we can do. No matter how angry Mr. Ye is, he has to wait until the land auction is over. There’s nothing we can do about him now.”

Ye Feng seemed to be completely enraged, he immediately shouted: “400 million!”

“450 million.”

“500 million!”

“550 million.”

“600 million!”

“650 million.”

“700 million!”

“750 million.”

The two of them were completely engaged in a fight. They did not even breathe. After one shouted, the other immediately followed.

The starting price of the plot of land was only 250 million, but it tripled in an instant, reaching an astonishing 750 million.

Chen Xuan was also a little anxious. She hurriedly pulled Ye Feng’s arm. “Xiao Feng, this piece of land is not in a good location. It is not worth so much money.”

The smile on Ye Feng’s face disappeared as he whispered in her ear, “I’m digging a hole for him.”

Chen Xuan’s jaw dropped in shock. “You... isn’t that too evil?”

Ye Feng laughed lightly. “If I don’t make him scared, I’m afraid he’ll ruin my plans.”

After he finished speaking, he stood up and glared at Xu Pengcheng. "B*stard, you're deliberately going against me, aren't you?"

Chen Xuan couldn't help but secretly click her tongue. This guy's acting was getting better and better.

Xu Pengcheng was overjoyed when he saw the other party's embarrassment. Looking at him, he seemed to have been forced into a corner. In other words, this piece of land was really promising.

Although he was happy, he still pretended to be innocent. "Mr. Ye, what are you doing? Since it was a land auction, of course, it is a fair competition. Although Mr. Ye is powerful and everyone is afraid of you, you can't be so domineering."

Ye Feng pointed at him. "Do you know the consequences of going against me, Ye Feng?"

Xu Pengcheng glared at him righteously. "All I know is fair competition. I didn't break the rules. Everything was done according to the procedures of the land auction. If you, Mr. Ye, want to bully others, then I can't do anything."

His words were very accurate. He described Ye Feng as an unreasonable bully. Although he was weak, he was not afraid of power and stood firm to justice.

Although many people were afraid of Ye Feng's power, they still agreed with him.

Since everyone was here to participate in the land auction, there was no reason why only you could bid for it and others could not.

Ye Feng 'angrily' blushed, "Fine, you want to compete with me? I'll give you a chance. You'd better not disappoint me."

After saying that, he immediately turned around and shouted, "1 billion!"

As soon as he said this, the scene immediately exploded.

Xu Pengcheng had just raised the bidding price to 750 million, but Ye Feng had raised it to 1 billion, raising it by 250 million. He was clearly enraged.

This time, Xu Pengcheng was a little scared. This time, the family could only give him a total of 800 million yuan, and the target had already been set in advance.

Xu Real Estate was facing a serious financial crisis now. The 800 million yuan was scraped together from all over the place. Now, they were just waiting for him to bid for that piece of land and go back to save their lives.

Now that he had changed his target at the last minute, he was already taking a huge risk, not to mention Ye Feng's bid had already exceeded the amount of funds he could use.

Forget it, it was better not to take the risk. In any case, this piece of land had already far exceeded the starting price under his jeering.

To be able to make this insufferably arrogant Mr. Ye bleed once could be considered to have avenged him.

Just as he was about to give up, he suddenly saw a victorious smile on Ye Feng's face. At the same time, he high-fived Chen Xuan who was beside him.

This small action immediately attracted his attention.

From the looks of it, could it be that the value of this piece of land was far from its limit?

This immediately made him feel conflicted.

At this moment, the host on the stage had already started asking, "This gentleman has bid 1 billion. Is there anyone who wants to bid higher?"

No one reacted.

The host asked three times, but no one said anything. He was about to hit the hammer.

“This gentleman bid 1 billion and finally won bid 015...”

Before the emcee could finish speaking, Xu Pengcheng’s voice sounded again. “1.05 billion!”

Hua...

The entire venue was once again in an uproar. Everyone looked at Xu Pengcheng in disbelief, wondering what was wrong with this guy.

From their professional point of view, the potential of this bid was very low. At most, it was worth about 300 to 400 million. Now, it was actually auctioned at such a sky-high price. It was simply beyond everyone’s expectations.

Xu Pengcheng maintained his smile despite everyone’s puzzled gazes.

He admitted that he had made a gamble by offering this price.

But in the end, he still chose to believe in Ye Feng’s ‘channels’. For this Mr. Ye to spend 1 billion to fight for the land, he would definitely earn a lot of money.

Perhaps he could really help the family survive this crisis and even earn a lot of money.

Then he would be a worthy hero of the family, and his position in the family would become more and more stable in the future.

The more he thought about it, the more excited he became. He did not forget to raise his chin provocatively at Ye Feng.

“Mr. Ye, do you still want to continue? I’ll accompany you to the end!”
