

100 Million 751

Chapter 751 - 751 What's Wrong with Being a Dog?

751 What's Wrong with Being a Dog?

Facing Xu Pengcheng's provocation, Ye Feng only smiled. He had already achieved his goal. This guy probably didn't have the ability to cause trouble for him anymore.

As soon as he withdrew from the competition, the others would not follow suit. In the end, Xu Pengcheng bought the land at a sky-high price of 1.05 billion.

When the host announced the final result, Xu Pengcheng suddenly had mixed feelings.

In a moment of hot-headedness, he changed the family's original plan without authorization. With such a high price, he bought this plot of land that was not within the plan. It could be said that he took a huge risk.

Thinking about it now, he felt very regretful.

If this piece of land did not rise in value in the end, he would become a big sinner of the family. Not to mention keeping his current position, the people in the family would probably skin him alive.

Now, he could only hope that his 'channels' were reliable, otherwise... He really did not dare to think about the consequences.

After a few more pieces of land were auctioned, it was finally the turn of lot 066. The starting price of this piece of land was 300 million.

Just as the host finished speaking, Ye Feng slowly raised his hand. "301 million!"

Because the land auction stipulated that each bid increase could not be less than 1 million, he directly added 1 million on top of the starting price.

Those who were originally prepared to participate in the auction once again tactfully gave up on competing.

Xu Pengcheng clenched his fists. This piece of land was the one that the Xu family had originally planned to bid for, but he no longer had the funds to participate in the competition.

In the end, this piece of land fell into Ye Feng's pocket without any surprises.

The land auction hall immediately erupted into a round of applause. These people seemed to be afraid that Ye Feng could not hear their applause. They clapped louder and louder. Some even stood up and clapped.

Ye Feng could only stand up and wave to everyone. He acted like a big boss.

Xu Pengcheng gritted his teeth when he saw this. He had spent more than 1 billion just now, but there were only a few claps.

And Ye Feng had only spent so little money, but it had already caused such a huge reaction. This comparison made him even more depressed.

After this piece of land was auctioned off, the land auction ended.

But everyone was not in a hurry to leave. They rushed to Ye Feng and congratulated him.

These people were obviously here to flatter him. The piece of land that Ye Feng won was not the most valuable one today, and no one was competing with him. There was nothing to congratulate him about.

But one should not hit a smiling person. Ye Feng naturally accepted everyone's goodwill.

Just as the atmosphere was very harmonious, a discordant voice suddenly appeared. "Hehe, you guys are all reputable people in the real estate industry, but now you're so submissive to be someone else's dog. I'm embarrassed for you."

Everyone turned around and saw Xu Pengcheng looking at them with a mocking expression.

“Xu Pengcheng, we didn’t offend you, did we? Do you have to be weird?”

“That’s right. We’re congratulating Mr. Ye. What does it matter to you? Why are you biting like a mad dog?”

“You’ve been competing with Mr. Ye today. I don’t know where you get your confidence from.”

“If your family knew that you offended Mr. Ye like this, I wonder how they would react?”

“Besides, what’s wrong with being a dog? There are many people who wanted to be Mr. Ye’s dog, but not everyone is qualified.”

“What you said makes sense. I like it...”

Everyone immediately criticized Xu Pengcheng. They bowed and scraped in front of Ye Feng, but it did not mean that they would do the same to others.

Xu Pengcheng continued to sneer in the face of everyone’s criticism. “You suck up to a dog, and in the end, you’ll have nothing. I would like to see what benefits you can get from him in the end.”

Ye Feng glanced at him indifferently. “Those who flatter me might not get any benefits. However, those who make enemies of me will definitely not have a good ending.”

Xu Pengcheng retorted fearlessly, "You scared me to death. I only had a fair competition with you, and you want me to have a bad ending? Mr. Ye is really impressive. Could it be that the surname of Yang Cheng is Ye?"

Ye Feng did not show his emotions. "Don't worry, I will not touch a single finger of yours, but your death is not far away."

Xu Pengcheng became even more disdainful. "Hehe, others might be afraid of you, Mr. Ye, but I'm not! You can use whatever methods you have. I, Xu Pengcheng, am not someone who can be scared. You want to scare me? No way!"

All the real estate developers were shocked. They did not know where this Xu Pengcheng got his confidence from. He actually dared to openly fall out with Ye Feng.

Didn't this guy know what happened to Niu Sidun, Gao Junming, and the Ye family?

However, there were also some people who admired his courage.

Right now, in the entire Yang Cheng, there were not many people who dared to openly challenge Ye Feng.

No matter what others thought, the name Xu Pengcheng would soon spread throughout the entire Yang Cheng. Everyone would know that there was such a person who dared to challenge Ye Feng.

At that moment, everyone was secretly observing Ye Feng's expression. They wanted to see how he would retaliate.

If he didn't fight back when he was publicly challenged, who would take Mr. Ye seriously in the future?

Just as everyone was guessing Ye Feng's counterattack, Chen Xuan, who had been silent all this while, suddenly laughed.

Her smile was simply mesmerizing.

Everyone's hearts were racing, but they quickly shifted their gazes away, afraid that Ye Feng would remember them.

Xu Pengcheng looked at her coldly. "What are you laughing at?"

Chen Xuan gradually stopped smiling and looked at him with pity. "I'm laughing because some people don't even know that they're about to die, yet they still dare to spout nonsense here. How pitiful and ridiculous."

Xu Pengcheng looked confused. "I don't understand what you're talking about."

Chen Xuan didn't continue to keep him in suspense and directly pointed it out. "Because the piece of land you bid for is just a piece of garbage land. It's worth at most 300 to 400 million. But you spent more than 1 billion to buy it. You're really smart!"

Xu Pengcheng's expression changed drastically, and he almost roared, "Bullsh*t!"

"Mr. Xu, please mind your words and actions."

Wei Changfeng who was standing at the side immediately warned him. He was obviously expressing his goodwill toward Ye Feng.

Xu Pengcheng knew that he had been too aggressive just now, so he calmed down a little and stared at Chen Xuan.

"You want to lie to me, right? I clearly heard the two of you talking this morning. He said that he got insider news that a piece of land is about to appreciate in value. And now you're telling me that this piece of land is trash? Should I believe what you said or what he said?"

This time, before Chen Xuan could reply, Ye Feng had already said, "I did say that a piece of land was about to rise in value, but I didn't say that it was the piece of land you bought."

Xu Pengcheng looked at him. "You're talking nonsense. If it wasn't for this piece of land, why did you bid just now? And you even bid 1 billion? Oh, I understand, you see, I bought this piece of land, and you feel

a little unsatisfied. You want to cheat me into selling it to you at a low price, right? How can you cheat me with your little thoughts?"

Ye Feng looked at him as if he was a fool. "Do you think I'm as stupid as you? Would I easily reveal my true purpose? The reason why I bid on that piece of land was just to lure you into taking the bait."

Chapter 752 - 752 Not Even As Good As A Dog Now

752 Not Even As Good As A Dog Now

When Xu Pengcheng heard this, his face turned pale. "You... You're spouting nonsense... You must be lying to me..."

Ye Feng did not stop mocking: "I just did not expect that you were even more stupid than I thought. You actually spent so much money. Actually, the one I really like is lot 66."

Before he could finish, Xu Pengcheng had already gone berserk and was about to grab his collar.

But what was not lacking here was those who wanted to show their loyalty to Ye Feng. They immediately controlled him.

Xu Pengcheng's body was still struggling as he charged forward. His eyes were bloodshot. "B*stard, how dare you lie to me? I'm going to kill you!"

Ye Feng shook his head lightly. "I would say that you are stupid. If you want to kill someone, it is best not to expose your intentions in advance. It was because you exposed yourself too early that I taught you this lesson. Of course, this lesson might be a little expensive for you. A lesson worth 1 billion. Tsk, tsk, I can't afford it anyway."

"Ah..."

Xu Pengcheng roared like a wild beast, wishing he could devour someone.

The Xu family's original target was lot 66. Because of his misjudgment, he missed the real treasure and chose a piece of trash.

The family had already reached the edge of the cliff, waiting for this opportunity to come back to life. They did not expect to be kicked down the abyss by him.

This time, he would probably be consigned to eternal damnation!

The family would not let him off for such a major mistake. All of this was because of this person in front of him. He wished he could eat his flesh and sleep with his skin.

Ye Feng did not look at him again. He turned around and looked at the others. "I, Ye Feng, have always been respectful to others. However, if someone wants to take advantage of me, I don't mind teaching him a deep lesson."

After saying this, he hugged Chen Xuan and strode away.

Everyone made way for them and watched the two of them leave. They were all secretly relieved.

Fortunately, they were tactful today and did not foolishly choose to go against Ye Feng.

On the other hand, Xu Pengcheng, who had scolded them for being Ye Feng's dog, had now become a stray dog. They naturally would not let go of this opportunity to kick him when he was down.

"Hahaha, some people just called others dogs. I didn't expect that they would be worse than dogs now."

"I told you not to go against Mr. Ye, but some people are stubborn and don't believe in evil. Now, the entire family is in trouble."

"This kind of person is brainless. We've studied the land he bought many times, but it has no value in development."

"I was still a little puzzled at the time. Why would Mr. Ye bid for such a piece of land? So he was digging a hole for someone. Wasn't this hole too deep? Hahaha..."

"How can you blame Mr. Ye? It was someone who wanted to stop him. Mr. Ye was just pushing the boat with the current. He was the one who wanted to jump into the pit. Who could he blame?"

“Don’t harm me. I didn’t say I blamed Mr. Ye. You can only blame someone for being too stupid. He was stupid and did not know it. He was even more stupid. He deserves to be scammed!”

These words were like sharp swords stabbing into Xu Pengcheng’s heart, making his already heavy mood even worse.

Pfft...

He couldn’t take it anymore and directly spat out a mouthful of old blood before fainting.

No one came forward to check. They hid far away as if they were avoiding the plague. This guy had offended Ye Feng. Who would dare to help him? Wouldn’t that mean that they weren’t dying fast enough?

“I heard from Mr. Ye just now that he really has insider information? Could the value of the piece of land he had bid for really increase?”

“I have a relative who works in the Planning Bureau. I’ve never heard of such news. It should be fake, right?”

“You mean, Mr. Ye’s information channels are not as well-informed as yours?”

“That’s not what I meant. What I meant was that Mr. Ye might be deliberately spouting nonsense just to scam this guy?”

“I don’t know. Let’s wait and see...”

Everyone chatted as they walked out.

Only Xu Pengcheng was lying on the ground like a dead dog. No one paid attention to him.

..

They didn’t have to wait for too long. That night, the officials of Yang Cheng suddenly issued a notice.

It was said that due to the lack of education facilities in the old urban area, the higher-ups had decided to re-plan the educational land and build new hospitals, subways, buses, and other surrounding facilities.

And what shocked the people who participated in today’s land auction was that the educational land that the officials had re-planned was the land that Ye Feng had bid for today.

A piece of land that not many people were optimistic about instantly became a fragrant cake with an inch of land worth an inch of gold.

And those who received this news once again felt Ye Feng's unfathomable abilities.

This Mr. Ye was too resourceful, right?

Chapter 753 - 753 Do You Know What True Despair Is?

753 Do You Know What True Despair Is?

That night, during the evening news in Yang Cheng.

"The officials of Yang Cheng have decided to build hospitals, subways, and other public facilities around the newly planned educational land to ensure that the educational land can be better utilized..."

Pa!

Wei Changfeng turned off the television and sat on the sofa in a daze. He did not come back to his senses for a long time.

Lei Chunfang, who was sitting at the side, looked curiously at her husband. "What's wrong with you?"

Wei Changfeng let out a long sigh. "Do you know what true despair is?"

Lei Chunfang was confused. "What?"

Wei Changfeng's eyes were unfocused. "The most terrifying enemy is not the kind that makes people feel invincible at a glance. Instead, it is the kind of person who doesn't show their strength and always makes you think that if you work harder, you might be able to defeat him. However, very soon, he will inadvertently reveal a little of his strength, causing you to feel despair bit by bit..."

Lei Chunfang listened to her husband's ravings. "What are you talking about?"

Wei Changfeng suddenly turned to look at her. "Ye Feng is such a person. Such a person is too scary. I'm really scared..."

Ye Feng's handsome face immediately appeared in Lei Chunfang's mind, and her breathing became erratic, but it was quickly resolved by her. "Changfeng, what happened?"

Wei Changfeng told her about the land auction and then let out a long sigh. "I have a lot of connections above me. I just called them. They said that this decision was made by the city leaders last night, and they were only informed this morning. And Ye Feng could actually know about it in advance. What does this mean?"

Lei Chunfang didn't understand. "What does it mean?"

Wei Changfeng's face revealed a fearful expression. "It means that he has connections in the decision-making level."

Lei Chunfang hurriedly grabbed his arm. "Changfeng, don't be enemies with Ye Feng anymore. Can't we just live peacefully?"

Wei Changfeng smiled bitterly. "How would I dare to be enemies with him now? As long as he doesn't come to deal with me, I'm already burning incense. It's just that this Mr. Ye doesn't rub sand in his eyes. Who knows when he'll teach me a lesson?"

Lei Chunfang was so anxious that she was about to cry. "We've already begged him for forgiveness, but he still won't let us go? Then what should we do?"

"Actually, it's not that there's no way..."

"What is it? Tell me quickly!"

Wei Changfeng stared at his wife's beautiful face in a daze, and an evil thought arose in his mind again. But in the end, he shook his head. The women around Ye Feng were all young and beautiful. He might not be interested in her.

"This matter... We still need to think about it."

..

It was a high-end banquet in Yang Cheng. Those who attended the banquet were basically all famous people in the real estate industry in Yang Cheng. Luo Jingyuan also brought his wife to attend.

As soon as he showed up, he was immediately surrounded by a large group of real estate developers and became the star of the banquet.

Luo Jingyuan and his wife were confused. Although he had some status in the real estate industry in Yang Cheng, he had never enjoyed such treatment.

“Mr. Luo, we’re planning a project. I wonder if there’s a chance to work with you? Of course, if Mr. Ye joins us, we would be more than happy to do so.”

“Mr. Luo, I heard that you have a good relationship with Mr. Ye? Can you help me introduce him?”

“Madam Luo, I heard that Mr. Ye saved you before and is your son’s godfather? I wonder when your son will be one month old? Will Mr. Ye come?”

“Madam Luo...”

Everyone was talking at the same time, Luo Jingyuan and his wife also understood that they were here for Ye Feng.

“Wait a moment, what did Ye Feng do this time? Why do you all care so much about the underdog?” The more Luo Jingyuan listened, the more confused he became. He hurriedly interrupted everyone’s questions.

“Didn’t Mr. Luo hear about what happened today?” This time, it was everyone’s turn to be surprised.

“I just came back from a business trip today. Did something big happen in Yang Cheng again?” Luo Jingyuan hurriedly explained, secretly praying that Brother Ye wouldn’t do anything out of line.

Fortunately, everyone quickly gave him an answer.

“Mr. Ye bid for a piece of land today. Initially, no one was optimistic about this piece of land...”

“But I didn’t expect that the higher-ups would send out a notice tonight, saying that that piece of land has been changed to an educational land...”

“The value of this piece of land has immediately increased by several times. In less than a day, he has earned a lot...”

“We all have some connections in the upper echelons, but we’ve never heard of this news. Mr. Ye actually got the news in advance...”

“This is enough to show that Mr. Ye’s connections are beyond our reach...”

“We all hope to cooperate with Mr. Ye, even if we suffer a little loss...”

“Mr. Luo, can you help introduce me? Naturally, you will receive many benefits...”

Everyone started talking again, but Luo Jingyuan finally understood. He couldn’t help but admire this Brother Ye again. This guy could always do amazing things.

“If anyone wants to cooperate with Mr. Ye, you can go and talk to him personally. You’re looking for the wrong person.” He immediately pretended to be polite to everyone.

“Mr. Ye is elusive. We can’t find him even if we want to.”

“Yes, if we could find him, we wouldn’t have come to you.”

“I know that Lingyun Real Estate is Mr. Ye’s property, but Lingyun Real Estate’s projects are already full.”

“If you want to work with Mr. Ye now, you have to queue up and make an appointment...”

Luo Jingyuan spread his hands helplessly. "I can't do anything about it then. I have to line up at the back if I want to work with Mr. Ye now." If you can find him, remember to let me know."

The crowd obviously did not believe his nonsense, but since he was unwilling to help, they had no choice but to leave resentfully.

Luo Jingyuan heaved a sigh of relief and looked at his wife with a bitter smile. "Isn't this what it means for dogs and chickens to ascend to the heavens when one person attains the Dao? I've never enjoyed the treatment of being pursued by so many people. Today, I can be considered a dog taking advantage of someone's power."

Fan Qi glared at him unhappily. "Don't you know how to talk? What do you mean by chickens and dogs ascending to heaven? If you're a dog, then aren't I a chicken?"

Luo Jingyuan immediately shook his head. "Please don't say that. How can there be a chicken as beautiful as you?"

Fan Qi pulled his ear. "So, you've looked for others?"

"No, I didn't. I... I heard it from others."

"Who told you that?"

“Heard... I heard it from Zhao Fulin.”

“Hmph, don’t play with that Zhao Fulin in the future. He’s not a good person.”

“My dear wife is right...”

Young Master Zhao, who was being intimate with a few blonde maidens, suddenly sneezed a few times.

Sigh, this Western woman was fair, but her body odor was too strong. He choked and sneezed...

Chapter 754 - 754 It's Over, Let's All Wait for Death

754 It's Over, Let's All Wait for Death

Pa!

Xu Pengcheng’s family.

The head of the family, Xu Mingyuan, slapped his son, Xu Pengcheng, in the face. His white beard was trembling with anger. “B*stard, you destroyed the last hope of the Xu family with your own hands, and you still have the face to come back.”

The higher-ups of the Xu family stood around coldly without any sympathy.

Xu Pengcheng covered his face and knelt on the ground. “Dad, I was tricked by that b*stard surnamed Ye this time...”

When Xu Mingyuan heard this, he slapped him again. “You still have the cheek to say that? Not only did you not complete the mission, you even offended Ye Feng? Do you think our Xu family isn’t dying fast enough?”

Xu Pengcheng was a little indignant. “Dad, are you that afraid of that Ye Feng? I don’t see how powerful he is. Isn’t he just a little lucky?”

Xu Mingyuan almost lost his breath. He suddenly felt dizzy. Fortunately, the people beside him quickly supported him and prevented him from falling.

“Why did my Xu family have such an unfilial son like you? That Ye Feng was able to rise in such a short period of time, did you really think that it was all luck?”

Not only him, but the other members of the Xu family also started to criticize him.

“You’re underestimating Ye Feng too much. Although we’re far away in Peng City, we’ve heard of his methods. How can you provoke someone like him so easily?”

“When he was weak, he was able to overthrow Niu Sidun. Now that he is getting stronger and stronger, you actually dare to court death?”

“Some time ago, even the Ye family of Yang Cheng and Gao Junming of the Chaoxin Gang were killed by them. Our Xu family is nothing in their eyes.”

“Sigh, why did the Xu family produce such a good? We’re done for. Let’s just wait for death.”

Xu Pengcheng knew that he had offended the public, so he could only lower his head and did not dare to retort.

Seeing his dead look, everyone became even angrier.

“I heard that the piece of land we had our eyes on has been changed to educational land. The value of the land has probably increased several times.”

“This was the last chance for our Xu family to turn over a new leaf. I didn’t expect to miss it just like that. The heavens want to destroy our Xu family.”

“Not only did we miss the opportunity to turn things around, we only borrowed 700 million yuan after we pledged so many assets. This b*stard spent 1 billion yuan in one go.”

“Sigh, if I had known earlier, I would have sent me. No matter how bad it was, it wouldn’t have ended up like this.”

“Whoever caused the loss will be responsible. Don’t think about making everyone take the blame. It has nothing to do with me anyway.”

“It has nothing to do with us. If the family leader insists on making us take the blame, then we will... Split up!”

The more they spoke, the angrier they became. In the end, they even began to force the abdication.

Xu Mingyuan’s heart was already weak. First, he was angered to death by his son, and now, he was betrayed by everyone. He was instantly furious and fell straight to the ground.

“Patriarch...”

Everyone rushed forward to check.

Xu Pengcheng was completely scared out of his wits. Because of his stupid mistake, he had offended Mr. Ye and forced his family into a desperate situation.

..

At the same time, Ye Feng and Chen Xuan also saw the news.

“Xiao Feng, this piece of land was actually designated as an educational land. You’re too amazing.” Chen Xuan hugged Ye Feng excitedly, her voice was trembling.

“I’ve said it before, trust me, I’m not wrong.” Ye Feng had a smug smile on his face.

“Where did you get the news? I heard that the decision-making was only decided last night, but you already received the news last night.” Chen Xuan looked at him in disbelief.

“Well, would you believe me if I said I knew how to read fortunes?” Ye Feng naturally could not tell her that it was a system notification. He could only lie.

“Tsk, then read my fortune for me.” Chen Xuan went along with his words and turned against him.

Ye Feng grabbed her little hand and looked at it, he suddenly exclaimed: “Aiyaya, your luck is going to be amazing.”

Chen Xuan held back her laughter. “What’s wrong?”

Ye Feng's face was full of emotion. "You will have a benefactor to help you in your life. In the near future, you will become a female entrepreneur that the world will pay attention to."

Chen Xuan was immediately amused by him until she giggled. "The benefactor you're talking about is you, right?"

Ye Feng continued to shake his head. "This is a heavenly secret, it cannot be revealed. Female patron needs to experience it herself."

Chen Xuan glared at him angrily, but she agreed with him in her heart. He was indeed her benefactor. Without him, her company would have gone bankrupt long ago.

Ye Feng became a little more serious. "Now that the value of this piece of land is soaring, how do you plan to develop it?"

Chen Xuan helplessly spread her hands. "Our company has already invested in too many good projects. We can't develop them at all. We can either temporarily put them down or transfer them out."

Ye Feng pondered for a moment. "How much do you think we can earn if we sell it now?"

Chen Xuan lowered her head and calculated. "A conservative estimate is that we can earn at least 400 to 500 million."

Ye Feng immediately decided, "I need a sum of money now. Help me deal with it."

Chen Xuan was a little puzzled. "What do you want the funds for?"

Ye Feng smiled mysteriously. "It's a secret for now."

Chen Xuan pushed him away angrily. "Forget it if you don't want to say it. You can sleep with your secret. I have to go to work."

Ye Feng pulled her into his embrace again. "It's already so late, it's time to enjoy life. Work is never done."

Chen Xuan struggled a little but couldn't break free, so she let him hug her. "I can't. Lingyun Real Estate has just entered Yang Cheng, and there are still many things to deal with."

Ye Feng smelled the fragrance of her hair. "Then let others do it. We are capitalists now. We should exploit others. How can we exploit ourselves instead?"

Chen Xuan glared at him. "You're the capitalist. I'm just working for you. I'll only be exploited by you."

Ye Feng came over with an evil smile. "I'm squeezing you at work, but you're squeezing me in other areas..."

Before he could finish speaking, Chen Xuan's small hand had already reached out to the soft flesh under his armpit and pinched it fiercely. "Who told you to spout nonsense!"

Ye Feng grimaced in pain as he begged for mercy.

President Chen let go of him, tidied her clothes, and walked out.

Ye Feng looked at her graceful back and could not help but exclaim: "You come and go like the waves, my body is like the beach, dry and wet..."

Chen Xuan's legs gave way and she almost fell. She immediately turned around and glared at him.

That glance was extremely flirtatious!

Chapter 755 - 755 Are We Going to Catch Ghosts?

755 Are We Going to Catch Ghosts?

After Chen Xuan left, Ye Feng calculated another score.

After his relentless efforts over the past few days, he had made considerable progress toward his goal of 10 billion yuan. However, he was still short of more than 5.8 billion yuan. It could be said that there was still a long way to go.

Was there any other way to make money quickly?

Just as he was deep in thought, he suddenly received a call from Zhuang Xiaojiao.

“Has Miss Zhuang thought it through and prepared to help me wash my underwear?”

“You can give up on this idea. I won’t help you wash it even if you beat me to death.”

“Oh, so it’s a mangy dog? You promised to be my servant girl for three days, and now you’re acting shamelessly after losing?”

“Who’s shameless? I’m not.”

“Since you’re not, then do as I say.”

“Can I use other methods to offset the punishment?”

“Other methods? Don’t tell me you want to pay with your body? Well... Let me think about it.”

“Go to h*ll. You’re the one who’s going to pay with your body.”

“That’s not impossible.”

“I... You’re going to piss me off! I found a way to help you earn money quickly. Do you want to hear it or not?”

“Even I can’t think of a way. What can you think of with your stupid brain?”

“It’s a secret for now. Come and pick me up tomorrow. I’ll tell you then. I’m hanging up!”

Miss Zhuang was indeed swift and decisive. She hung up without saying a word.

Ye Feng kept the phone and shook his head. He didn’t believe that this woman could think of anything. She probably wanted to drag him out for excitement again.

‘Hehe, sooner or later, I’ll let you experience what true excitement is.’

..

The next morning, he drove the coquettish Blue Charm Night to Zhuang Xiaojiao's hotel.

Zhuang Xiaojiao had been waiting at the door for a long time. Her makeup today could only be described as 'weird'.

She had a messy wig on her head, smoky makeup on her face, and her lips were black as if they had been blown up by explosives.

She was wearing a white shirt with many words written on it, as if she was wearing a newspaper. Half of her shirt was tucked in her pants, and the other half was hanging out.

Ye Feng did not know what this wind was. He did not dare to ask rashly, lest he was called a 'country bumpkin' by others.

She was still wearing a pair of ripped jeans. Her fair skin was exposed through the hole, and it could still make one's heart beat wildly.

Ye Feng looked at her outfit and took the initiative to speak: "Are we going to catch ghosts?"

Zhuang Xiaojiao was stunned for a moment. "Catch what ghost?"

Ye Feng pointed at her outfit. "You are dressed like this, even ghosts will pee their pants when they see you. When the time comes, you'll be in charge of scaring the ghosts, and I'll be in charge of catching them. The division of labor will be clear. Let's call ourselves the Black Wind Duo Demons for now."

When Zhuang Xiaojiao heard his words, she glared at him angrily. "You can't spit out ivory from a dog's mouth."

Ye Feng was very serious. "This involves biology. Dogs belong to the phylum chordata, the phylum vertebrate, mammalia, the sub-class of zootia, carnivora, canids. Elephants, on the other hand, belong to the phylum chordata, the phylum vertebrate, mammalia, the subclass eusotheria, the proboscida. Therefore, strictly speaking, under the premise that a dog has not eaten an elephant, it cannot spit out ivory..."

Zhuang Xiaojiao stared at him blankly. "Are you out of your mind? Should we go to the hospital first to check what department you belong in?"

Ye Feng shook his head and sighed. "I can tell that you are a bad student. If I make it more complicated, you won't understand. Get in the car."

Zhuang Xiaojiao sat in the front passenger seat and Ye Feng noticed that she was holding a big bag in her hand. It was the kind of woven bag used for moving.

"What are you doing with a broken bag?"

“I’m just pretending to be rich.”

Zhuang Xiaojiao gave a cold and tongue-tied answer.

Ye Feng looked at her in realization: “I understand now, are you going to rob a bank? No wonder you are dressed like this. Are you trying to avoid surveillance? Wait a moment, I’ll go buy a pair of stockings to put on.”

Zhuang Xiaojiao glared at him. “Who said anything about robbing a bank?”

Ye Feng looked at her in confusion. “Other than robbing a bank, what other business is there that is worth you carrying such a big bag of money?”

Zhuang Xiaojiao immediately leaned over sneakily. “I just found out about an underground casino. Aren’t you very good at gambling? We’ll definitely be able to make a fortune.”

Ye Feng’s face twitched. “This is the way you thought of to earn money?”

Zhuang Xiaojiao nodded seriously. “That’s right. Is there a faster way to earn money than gambling?”

Ye Feng pursed his lips. "Haven't you heard of losing nine times out of ten? You only think about making money. Have you never thought about the consequences if you lose?"

Zhuang Xiaojiao patted him on the shoulder. "I believe in your abilities."

Ye Feng shook his head hurriedly. "But I don't believe in my own strength."

Zhuang Xiaojiao was a little unhappy. "I realize that you're getting more and more wishy-washy. You weren't like this when I first met you."

Ye Feng laughed dryly. "When I met you, you were not like this either. If I had known that you were so crazy, I wouldn't have jumped into your fire pit."

Zhuang Xiaojiao smiled smugly. "It's too late. Since you've already jumped into my trap, don't even think about climbing out again."

Ye Feng chuckled. "You're really a deep trap."

"That is..."

Zhuang Xiaojiao was halfway through her answer when she realized that there was a hidden meaning in his words. She was instantly angered. "Are you going or not? Anyway, I've already pointed out a clear path for you. If you don't want to go, then forget it."

Ye Feng smiled embarrassedly. "This is also called a clear road? I think it's more like a dead end. A good wife and a good husband bring less trouble. Whoever marries you in the future will have a hard time."

Zhuang Xiaojiao's face turned pale from anger. "It's fine if you don't want to go. I'll go myself."

As she spoke, she was about to get out of the car.

Ye Feng hurriedly pulled her back. "I'll go, alright? At that time, if I lose, at most, I'll mortgage you to others."

Zhuang Xiaojiao glanced at him smugly. "Can you bear to do that?"

Ye Feng pretended not to hear it and stepped on the accelerator.

Chapter 756 - 756 We're Here to Earn Big Money

756 We're Here to Earn Big Money

The underground casino that Zhuang Xiaojiao mentioned was located in a remote area.

After leaving the city, they drove for more than half an hour before arriving at a small village.

Ye Feng drove the cool Blue Charm Night into the village, the villagers on the streets did not even look at him. They were already used to seeing all kinds of luxury cars, and they were not surprised.

There was no need to ask for directions. There were two luxury cars in front of them. They did not need to ask to know what they were here for.

The two of them slowly followed behind the two cars and soon arrived in front of a huge courtyard.

There was no gate in the courtyard, so they could enter directly.

The courtyard was already filled with cars, ranging from hundreds of thousands to millions.

When Ye Feng's car drove in, he immediately felt like a crane among chickens.

The few people who got out of the car first couldn't help but look over a few more times before walking toward the main room.

There was a burly man standing at the door of the main room, and he immediately stopped them.

The few of them took out something from their pockets and handed it to the man.

The man checked them for a moment before returning them to them. Then, he took the metal detector and searched them for a while before letting them pass.

“They still need to verify identity to suppress power.” Ye Feng turned to look at Zhuang Xiaojiao.

“I don’t know either.” Zhuang Xiaojiao was also confused. “What should we do now?”

Ye Feng glanced at that man again. “Since you’re already here, let’s go in and take a look.”

He got out of the car first and Zhuang Xiaojiao followed him.

When the two of them arrived at the main house, they were also stopped by the man. “Where are your invitation cards?”

Zhuang Xiaojiao looked at him in confusion. “What invitation card?”

The man’s expression was a little guarded. “You have to have an invitation card to come to our place to play. Without an invitation card, no one can enter.”

Zhuang Xiaojiao scratched her head. “Then how do I get an invitation card?”

The man was a little impatient. "You have to at least have a recommendation from a regular customer who has played here for more than three months. You also have to prove that you have sufficient funds to get an invitation card."

Zhuang Xiaojiao was stunned. "Can you make an exception? We... I forgot to bring my invitation card."

The man looked unreasonable. "If you forgot to bring it, go back and get it. No one can enter without an invitation card."

Zhuang Xiaojiao continued to explain.

At this time, Ye Feng who was at the side suddenly berated. "Are you blind, don't you know who your father is? How dare you ask your father for an invitation card? Do you believe that your father will burn down your stupid casino?"

The way he kept calling 'your father' immediately made the man lose his composure. "You... Who are you?"

"Are you blind? You don't even know me, and you still dare to mingle in the underworld? You're lucky that you're in the wilderness. If you were in Yang Cheng, you'd be dead by now."

Ye Feng pointed at his nose and scolded arrogantly, his finger was almost poking his nose.

The man had a rebellious look on his face, but now that he was scolded like this, he instantly panicked. "Big Brother, forgive me for being blind, but what is your name?"

Ye Feng reached out and patted his face. "You think you are qualified to ask for my name? If you want to know, let your boss ask personally. You're not qualified."

After saying that, he pushed him away and held Zhuang Xiaojiao's hand as he walked in.

Zhuang Xiaojiao followed behind him obediently. She was surprised and amused. This guy's acting skills were really perfect. He didn't say his name from the beginning to the end, but he really scared that person.

The man looked at the backs of the two people and hesitated in his heart. His boss had given him the task of guarding the door. No one was allowed to enter without an invitation card.

However, the aura emitted by that young man was too terrifying. Even his boss did not have such a powerful aura.

In addition, the sports car he drove was more dazzling than any of the cars here. It was obvious that it was expensive.

In the end, he concluded with the words, 'Can't afford to offend!'

'Should I report this to Boss?'

'Forget it. Boss is receiving a VIP. If I go over to disturb him now, I will inevitably be scolded.'

'It shouldn't be a problem to put two people in, right?'

..

When Ye Feng and Zhuang Xiaojiao entered the room, they were immediately choked by the foul air and started coughing.

The house was very big, at least two hundred square meters. It was a mess inside, and all kinds of shouts and curses could be heard.

If other women were to encounter such a scene, they would most likely feel disgusted.

However, Zhuang Xiaojiao was a different kind of woman. In the face of such a harsh environment, she actually showed a state of excitement.

Ye Feng shook his head. This woman did not look like a woman at all.

Zhuang Xiaojiao whispered into his ear, "This is a black casino that specializes in money laundering for those who commit crimes. You can go all out to win them. It's best if you can win them until they go bankrupt without any psychological burden."

Ye Feng listened to her and looked around. This casino had all kinds of games. Dice, golden flowers, bridge, poker, and so on.

However, these people did not play too big. Very few people could win tens of thousands of yuan in one round.

"That's not right. If this place is really doing money laundering, it can't be so small. How long will it take?" he immediately asked Zhuang Xiaojiao.

Zhuang Xiaojiao noticed the situation at the casino and was confused. "Yeah, what's going on?"

If it was really money laundering, then it would easily be tens of millions or even hundreds of millions of dollars. With this kind of small gambling that only cost tens of thousands of dollars per round, how long would it take to launder money?

Ye Feng pondered for a moment and understood: "This place is probably just a cover to confuse outsiders. The real big gamble is not here."

Zhuang Xiaojiao panicked. “Then what should we do? We’re here to earn a lot of money. Who would be interested in such a small amount of money?”

Ye Feng was amused by her. “Don’t be impatient, even sesame and green beans are money. It’s a waste not to earn it.”

As he spoke, he walked to the front desk to exchange for chips.

Chapter 757 - 757 Weren't You Quite Powerful in the Past?

757 Weren't You Quite Powerful in the Past?

Ye Feng first exchanged a hundred thousand yuan worth of chips, 1,000 yuan each, and piled up a small hill on the plate.

He carried a plate and wandered around the hall with a blank expression. Zhuang Xiaojiao followed behind him with a silly look on her face.

These two people’s faces seemed to have four big words written on them – I’m very gullible!

Those gambling tables immediately rushed to invite the two of them.

“Handsome and beautiful, are you here to play dice? Dice is very fun. Come and try?”

“Come over and play poker with us? Playing poker, you win a lot.”

“Don’t listen to them. Come play blackjack with us. It’s fun.”

“Those are too troublesome. It’s better for them to play with us. This is simple...”

These people obviously didn’t want to let go of these two ‘fat meat’, and each of them extended an olive branch.

Ye Feng and Zhuang Xiaojiao exchanged a look that only the two of them could understand, as if they were discussing which fat pig to slaughter first?

At this moment, a fat pig suddenly appeared... No, a person rushed up impatiently and grabbed Ye Feng’s arm.

“Brother, come and play with us. Look at me, I won more than 100,000 yuan in one round. I think your luck should be pretty good. I guarantee you’ll win a lot of money.”

Ye Feng did not resist. He followed him to the table with golden flower.

When the people at the other tables saw this, they immediately lowered their chests and stomped their feet. It was obvious that they were regretting missing out on such a big fat sheep.

The man introduced himself. "My name is Luo Ermazi. Everyone calls me Second Brother out of respect. Don't worry, with Second Brother protecting you, I guarantee that no one will dare to lie to you."

Ye Feng sneered in his heart, but he still showed a grateful expression. "Thank you Second Brother."

Luo Ermazi secretly gave a look to the people at this table, and immediately, two seats were vacated for the two of them.

After everyone was seated, Luo Ermazi immediately took the initiative to make arrangements, "This is the handsome guy's first time playing, so let's take care of him. Let's play a little smaller this round. The minimum bet is 10,000 yuan, and each bet can't be less than 10,000 yuan."

The others nodded, indicating that it was fine.

Ye Feng could not help but laugh. He had clearly seen that these people were betting on 1,000 yuan, but now they saw that he was easy to fool, they immediately raised it to 10,000 yuan. They still had the nerve to say that they were taking care of him?

However, he didn't express his opinion and nodded.

Luo Ermazi rubbed his hands excitedly, then picked up a deck of poker cards, shuffled them skillfully, and began to deal cards to everyone.

In such a small venue, there was naturally no dealer to deal the cards. The players would take turns shuffling and dealing the cards.

When Luo Ermazi was dealing the cards, he suddenly flicked his little finger at the bottom of the poker cards, and a poker card was immediately hidden in his sleeve.

Although his movements were very subtle, they could not escape Ye Feng's eyes, but he did not make a sound.

"I'll place my bets first."

Luo Ermazi immediately reminded everyone after handing out the cards.

Everyone took out ten thousand chips and threw them out, Ye Feng naturally did not make any special moves. He also placed his bet. However, he knew that he would definitely lose this round.

Luo Ermazi pretended to look at his cards. Ye Feng used his deep scan and immediately saw that his cards were a jack of hearts, a seven of hearts, and a six of spades. His cards were indeed average.

However, he quickly flicked his pinky and the six of spades flew into his sleeve. The three of hearts that he had hidden in his sleeve earlier also flew out.

What was originally a lousy hand immediately turned into a flush. He was so skilled at cheating that it was obvious that he had cheated many people.

Ye Feng didn't need to look at his own cards. He knew that it was a four of clubs, five of spades, and six of diamonds. It was a straight, so his cards weren't small.

He knew that Luo Ermazi was deliberately giving him a 'sweet taste' in order to bait him.

Since that was the case, he might as well play along and act according to his script.

He immediately flipped the three cards over and looked at them. His face revealed an unconcealable joy.

"I bet 10,000 yuan!"

After he finished looking at the cards, he immediately pushed out 10,000 worth of chips.

Luo Ermazi saw his impatient look and was instantly delighted. Seeing how stupid this kid was, he was relieved.

“I’ll bet 10,000 too!”

He also pushed out 10,000 chips.

After the others saw the cards, they all threw them away, leaving only the two of them in the arena.

Luo Ermazi immediately raised his chin provocatively at Ye Feng. “Little brother, are you still following?”

Ye Feng hesitated for a moment. He pushed out another 10,000 chips. “Call, I have such a good hand, of course I have to call.”

Luo Ermazi held back his laughter and pushed out 10,000 yuan. “I’m in too. Do you want to continue?”

“I’ll follow again.”

“I’m in too.”

“I don’t believe it. Keep following.”

“I’ll accompany you to the end.”

In the blink of an eye, the two of them had already followed four rounds and had already bet 50,000 yuan.

The few people present were extremely excited. This big fat sheep was so easy to slaughter. They had already slaughtered 50,000 yuan so quickly.

This time, it was Ye Feng’s turn to place a bet, Luo Ermazi continued to look at him provocatively. “Little brother, are you going to follow me or not?”

Ye Feng looked at him, then looked at his cards and pushed out another 10,000 chips. “Look at your cards!”

After saying that, he threw his straight on the table.

Luo Ermazi smiled triumphantly and placed his cards on the table. “Sorry, I won.”

The other people at the table immediately joined in and exclaimed.

“D*mn, Second Brother is actually a flush? It’s really too amazing.”

“When I saw that this little brother had a straight, I thought he would win for sure. I didn’t expect to meet a flush.”

“Yeah, this little brother’s luck is a bit bad.”

“It doesn’t matter. If we lose this round, we might be able to win the next round.”

Zhuang Xiaojiao sighed in disappointment. “What’s wrong with you? Weren’t you quite powerful in the past? Why can’t you win now?”

Ye Feng did not explain to her, he just smiled awkwardly. “It’s a gamble, it’s normal to win and lose, maybe you will win the next round.”

Luo Ermazi immediately gave him a thumbs up. “Brother, you’re right. I think you’ll win the next round. Come, let’s continue!”

In the second round, Luo Ermazi repeated the same trick. Ye Feng continued to pretend that he did not see anything and lost the rest of his chips.

“Go, buy me another 200,000 yuan worth of chips.” Ye Feng pretended to kill and turned to Zhuang Xiaojiao.

“You don’t seem to be in the right state today. Why don’t we forget about it?” Zhuang Xiaojiao was extremely smart. She could already tell that this guy was acting again, so she decided to cooperate.

“Cut the crap. I don’t believe we can’t win today.” Ye Feng gritted his teeth as he spoke. He seemed to have lost his mind.

Zhuang Xiaojiao wanted to persuade him again, but Luo Ermazi had already said, “Beauty, since your boyfriend is in high spirits, don’t dampen his spirits. Hurry up and buy chips.”

The rest of the people also started a ruckus urged Zhuang Xiaojiao to exchange the chips.

Zhuang Xiaojiao had no choice but to walk toward the front desk.

When the people at the other tables saw this scene, they had a look of pity. They did not pity Ye Feng and the other two. They just felt that they did not get to eat this ‘fat meat’.

Chapter 758 - 758 The Kid's Eyes Are Red

758 The Kid's Eyes Are Red

Zhuang Xiaojiao quickly exchanged another 200,000 yuan worth of chips and pushed it in front of Ye Feng. “You should save it this time, don’t play so big.”

Ye Feng waved his hand impatiently. "Aren't you annoying? How can we win if we don't play big?"

Luo Ermazi immediately gave him a thumbs up and praised, "Little brother, you're so bold! That's right, if you want to play, you have to play big. What's the point of playing small? This time, we'll play 20,000 yuan?"

Ye Feng waved his hand: "No, I'll bet 50,000."

The few people at the table were immediately stunned. They had never played such a big game before.

Ye Feng saw their hesitation and wanted to get up. "Forget it, I'll go find someone else to play with."

How could Luo Ermazi send the 'fat sheep' to someone else's mouth? He hurriedly pulled him back. "Little brother, don't be anxious. We've just never played such a big game before, so..."

Ye Feng was a little dissatisfied. "You dare to come out and play with such guts? Don't be long-winded. I'm asking if you want to play or not."

Luo Ermazi looked at his face again and again. In the end, he gritted his teeth and said, "Alright, I'll take it that I'm willing to sacrifice my life to accompany a gentleman and play with you."

Someone at the table immediately snapped. "Second Brother, I don't have that much money. I don't even have 50,000 yuan in total. I think we should just play around. There's no need to play so big."

The others also expressed the same idea.

Luo Ermazi immediately slammed the table. "Then lend me the money first. I'll play with this little brother."

Although those people were a little unwilling, they still gave him their chips.

At this time, the chips in front of Luo Ermazi had already piled up like a mountain. There were at least 300,000 yuan.

He first took out 50,000 worth of chips and pushed them to the center of the table, then looked up at Ye Feng. "Little brother, it's your turn to bet."

Ye Feng did not say much. He also pushed out 50,000 chips.

Luo Ermazi looked at the pile of chips greedily and was about to pick up the poker cards and shuffle them.

"Wait a minute. I think for the sake of fairness, let the others deal the cards." Ye Feng suddenly placed his hand on the deck of cards. His movements were extremely subtle as he flicked a card into his sleeve.

He had the Thousand Technique Proficiency, so how good was his cheating technique? Even Luo Ermazi, the old fraud, did not notice his actions.

Luo Ermazi glanced at him and did not say much. "Alright, then let someone else do it. That way, everyone will be at ease."

Zhuang Xiaojiao volunteered. "I'll do it."

Without waiting for anyone else to say anything, she took the deck of cards and began shuffling.

However, her shuffling technique was very clumsy. She shuffled the cards several times and spilled them all over the table.

Luo Ermazi was initially worried that she might do something, but when he saw her expression, he immediately felt relieved. "Haha, take your time, beautiful. There's no hurry."

Zhuang Xiaojiao finally got her cards and gave them three cards each before she stood behind Ye Feng again.

Ye Feng did not even look at his cards. He directly pushed out 20,000 chips. "Hidden cards, 20,000."

Luo Ermazi's eyes immediately narrowed. He picked up his cards and looked at them. Queen of hearts, jack of spades, ten of clubs, a straight.

According to the rules, if the opponent's cards were hidden, the party who had seen the cards would have to pay double.

Without any hesitation, he pushed out 40,000 chips. "Call."

Ye Feng looked at him deeply, he still did not look at his cards. He continued to push out 20,000 chips: "I will continue to call."

Luo Ermazi placed his cards on the table and pushed out 40,000 chips. "I'll call again."

This time, Ye Feng did not even bother to speak. He just silently pushed out 20,000 worth of chips.

The few people around the table started to talk softly.

"This kid really dares to call. He didn't even look at his cards and he dares to keep calling?"

"He probably knows that he can't win against Second Brother and plans to gamble on his luck, right?"

“I think he’s gone mad from killing and has lost his mind.”

“The more this is the case, the faster he will die...”

Luo Ermazi was also a little scared. In just a short while, he had already bet 80,000 yuan. Including the base money, he had already bet 130,000 yuan. This was the biggest gamble he had ever played.

However, he only hesitated for a moment before continuing to follow. He was holding a straight in his hand. He didn’t believe that this kid could beat him with a hidden card.

This time, Ye Feng had placed 40,000 in chips. If Luo Ermazi wanted to bet, he would have to place 80,000.

Luo Er Mazi admitted that he was scared. This kid was so mad. How could he play like this? However, he had a straight in his hand. If he gave up just like that, he would be a little unwilling.

Gritting his teeth, he finally pushed out 80,000 chips. “I have a straight, what do you have to play with me?”

After saying that, he threw the three cards in his hand on the table and was about to collect the chips.

Right at this time, Ye Feng silently revealed his three cards.

Three of clubs, four of clubs, eight of clubs, all the same.

Flying Dragon Knight Face, Ye Feng won!

Chapter 759 - 759 It's Cruel Malevolence!

759 It's Cruel Malevolence!

When Ye Feng showed his three cards, everyone at the table was dumbfounded.

"D*mn, a straight met a flush? Does it have to be so exciting?"

"Second Brother bet 200,000 yuan this round, and he actually lost?"

"Oh my god, I can't believe my eyes. How can he f*cking lose?"

"200,000, no, it's a full 250,000. He actually lost it in one round?"

Hearing their exclamations, the people at the other tables also gathered around. When they saw the results, they also exclaimed.

The key wasn't that the cards had been chosen, but that the stakes were too high. The total amount of bets from both sides exceeded 400,000. It was really rare to see such a big gamble.

Luo Ermazi was also stunned. He looked at Ye Feng's cards in disbelief, muttering to himself: "Impossible, how is this possible? You're obviously a dark card, so how did you get a flush? That's impossible..."

Ye Feng leaned forward. "Second brother, I am sorry, I won this round."

As he spoke, he pulled his hands away and pulled the pile of chips over.

Zhuang Xiaojiao immediately jumped up and down excitedly. "Oh, you won, Ye Feng, you're really amazing."

Although they did not win much this time, it was only a mere 200,000 yuan, it was not even worth mentioning to Miss Zhuang who had seen many things with Ye Feng.

However, because he had lost two rounds in a row, she felt very depressed. Therefore, when she saw that he had finally won one round, she was especially happy.

Luo Ermazi waved his fist and said through gritted teeth, "Come, continue!"

Ye Feng glanced at the chips on his table that were less than 100,000. He had a look of disdain. "You only have so few chips left, what do you have to play with me?"

Luo Ermazi was immediately enraged by his contempt. "Kid, who are you looking down on? I have plenty of money. If you have the ability, come and win."

As he spoke, he slapped his bank card on the table. "Gou'zi, help me exchange the 200,000 yuan here into chips."

The man called 'Gou'zi' hesitated. "Second Brother, this is money for your wife. If you spend it, your father will beat you to death."

Luo Ermazi's eyes immediately perked up. "Marry a chicken feather wife? I just lost a wife, didn't you see? If you continue to talk nonsense, do you believe that I will slap you?"

The man had no choice but to go and exchange 200,000 yuan in chips.

Luo Ermazi smashed the plate of chips on the table and looked at Ye Feng coldly. "You have nothing to say now, right? Come, continue dealing!"

Zhuang Xiaojiao pursed her lips and continued to deal the cards to the two of them.

This time, it was Luo Ermazi's turn to bet first. He did not look at his cards this time and directly pushed 50,000 chips onto the table. "Hidden cards, 50,000!"

Hua...

His action immediately shocked everyone present.

This guy was really desperate to lose. Who could bear to bet 50,000?

Ye Feng did not look at his cards, he just looked at him helplessly. "Do we really have to play so big? I think you should calm down..."

Before he could finish, Luo Ermazi slammed the table with a bang. "Cut the crap. I'm asking if you dare to follow. If you don't dare to follow, admit defeat."

A smile appeared on Ye Feng's face. "Alright, then I will also bid 50,000."

Without any hesitation, he directly threw out 50,000 chips.

This time, the scene became lively. Everyone turned their eyes to Luo Ermazi, wanting to see what he meant.

Luo Ermazi originally wanted to make the first move and scare the other party away. He did not expect that it would backfire. This kid actually did not fall for it.

This time, it was a little difficult for him to get off the tiger. Should he continue to follow?

“Luo Ermazi, what are you waiting for? Continue to follow!”

“That’s right. This little brother of his has already gone up. What are you afraid of?”

“Don’t tell me that you’re not as bold as this little brother. I’ll despise you for the rest of my life.”

“Whoever is cowardly is a grandson. Continue...”

Everyone was watching the show and didn’t mind the matter being blown up. Anyway, losing wasn’t losing their money, so they all followed blindly.

Luo Ermazi was provoked by them and immediately felt his head heat up. He pushed out another 50,000 yuan in chips. “Call!”

The crowd immediately cheered.

Ye Feng did not wait for them to continue. He silently pushed out another 50,000 chips.

Once again, everyone cheered. This kid was cruel malevolence!

Luo Ermazi clenched his fists, revealing his nervousness. However, he had already reached this point. He had no way out and could only continue to follow.

However, just as he pushed out his 50,000 chips, Ye Feng continued to follow him. He was completely competing with him.

Luo Ermazi stared at the remaining 50,000 to 60,000 chips in his hand. He really wanted to cry but had no tears. He had no other choice but to reveal his cards.

“It’s open.”

He pushed out all the remaining chips, then grabbed his own cards and flipped them open bit by bit.

The first card was the four of hearts.

The second card, ace of hearts.

The third card... Luo Ermazi's hands were trembling. He hurriedly wiped the sweat off his forehead.

The group of lackeys behind him also shouted, "Hearts, hearts, hearts..."

Luo Ermazi slowly flipped open the last card. It was the eight of hearts!

"Ah..."

He roared and threw the three cards on the table. "I'm the ace of the flush. How are you going to win this round? Ah?"

The group of followers behind him immediately cheered. Some of them even began to calculate how much their second brother could win this time.

This time, everyone looked at Ye Feng gloatingly.

"He already got the ace of the same suit. Is there a need to look at this card?"

"Little brother, just admit defeat. If you want to blame someone, you can only blame yourself for being too unlucky."

“Yeah, Luo Ermazi’s luck is really heaven-defying. He won this round.”

“He won more than 300,000 yuan in one round. He’s f*cking awesome...”

Clearly, no one felt that Ye Feng had any hope of winning.

Even Zhuang Xiaojiao did not have any hope. She pursed her lips helplessly.

Ye Feng was the only one in the entire place, and he still looked as calm as the wind and clouds. “I haven’t seen my cards yet. It’s still unknown who will win.”

As he said that, he picked up the cards and flipped them open bit by bit.

Six of clubs, seven of clubs... five of diamonds!

Other than Ye Feng, only Zhuang Xiaojiao, who was standing behind him, saw his cards and her heart sank.

Although a straight was not bad, he met the opponent’s flush, the scene of the Flying Dragon Knight appeared once again, but this time, the one being ridden was Ye Feng.

Although he only lost 200,000, it was not worth mentioning to Ye Feng or her. But after all, who could be happy about losing?

She was thinking about how to comfort Ye Feng.

At this moment, Ye Feng's hand suddenly trembled, and then a strange scene appeared.

The original five of diamonds in his hand suddenly disappeared and were replaced by an eight of clubs. The cards in his hand became six of clubs, seven of clubs... eight of clubs, straight flush!

Chapter 760 - 760 Follow Him Sooner or Later, You'll Learn to Be Bad

760 Follow Him Sooner or Later, You'll Learn to Be Bad

Zhuang Xiaojiao thought she was seeing things and rubbed her eyes.

That was right, it was a straight flush!

Was she seeing things, or did this guy know magic? It was clearly the five of diamonds just now.

She looked at Ye Feng blankly as if she had seen a ghost.

Ye Feng winked at her meaningfully, then slammed the cards on the table. "Sorry, I won again."

When Luo Ermazi and the others saw the three cards, they felt as if they had been struck by lightning.

"D*mn, a straight flush? Was there a mistake? You can even do this?"

"A flush meeting a straight flush, isn't this too unlucky?"

"What the h*ll, his luck is so good that it's actually a straight flush?"

"My scalp is a little numb. This is simply seeing a ghost..."

Everyone immediately wailed and howled. They jumped up and down as if they had been enchanted, slamming the table and beating their thighs to vent the horror in their hearts.

As for Luo Ermazi, he was completely stunned.

The last time he had a straight, he had met his opponent's flush, and he had been defeated. This time, he finally got a flush, but in the end, he was ridden by the other party's straight flush again.

Losing more than 500,000 yuan in two rounds was undoubtedly a thunderbolt for him.

“B*stard, you cheated...”

He was stunned for a while before he suddenly pounced toward Ye Feng like he had gone mad.

The few people beside him reacted quickly and hurriedly grabbed him.

However, Luo Ermazi was still struggling to charge forward. He looked like he was going to fight for his life. “Why are you stopping me? This little b*stard cheated, didn’t you see? He cheated...”

Ye Feng looked at him with a burning gaze. “Luo Ermazi, you are a man after all. You’re going to bite back after losing? Which eye of yours saw me cheating?”

Luo Ermazi’s face was a little twisted. His eyes bulged as if they were about to pop out. “I just saw you cheating. If you have the guts, let me search you. Do you dare?”

Ye Feng immediately sneered. “Who do you think you are? Are you even worthy of searching my body?”

Luo Ermazi immediately grinned hideously. “You don’t dare? If you don’t dare, then you’re guilty. This round doesn’t count... No, the previous round doesn’t count either. You have to spit out all the money you won from me.”

The crowd immediately began to discuss in low voices.

“I think what Luo Ermazi said makes sense. If this kid really didn’t cheat, why didn’t he dare to let people search him?”

“What kind of bullsh*t logic is this? He said that he cheated when he won? It’s obvious that he wants to renege on his debt.”

“But I also feel that this brat is very suspicious. He managed to restrain Luo Ermazi twice in a row. Isn’t this too much of a coincidence?”

“That’s possible. It’s just that he’s lucky.”

“Do you think it’s possible?”

Ye Feng listened to everyone’s conversation, he had a smile on his face. “I can let you search me, but I have a request...”

He paused for a moment. "For the sake of fairness, I hope that we can search Luo Ermazi's body as well. This should be reasonable, right?"

When everyone heard his request, they all nodded.

Since Luo Ermazi suspected that he was cheating, then he had a reason to suspect him. It was fair for both parties to search.

But Luo Ermazi's expression changed. He was not sure if Ye Feng was cheating, but he was definitely cheating. At this moment, there was still a poker card hidden in his sleeve. It could not withstand a search at all.

"Hmph, you were the one who cheated. Why did you search me? I think you have a guilty conscience."

He hurriedly glared at Ye Feng, but his tone was lacking in confidence.

Ye Feng could not help but laugh: "At least I dared to let everyone search me, but you did not dare to, who is the guilty one, is there still a need to say?"

Everyone immediately looked at Luo Ermazi suspiciously. The more they looked, the more suspicious they felt.

Luo Ermazi felt even more guilty after being scrutinized by everyone. “Who... Who is guilty? Don’t make a countercharge...”

Ye Feng kept pressing, “Since you have no guilt, what are you afraid of? Let everyone search!”

His gaze was very sharp, as if it was filled with killing intent. Luo Ermazi was so scared that he retreated, but he tripped over the chair under his feet and his arms immediately swung back.

At this moment, a poker card was thrown out from his sleeve.

The situation was extremely awkward.

Everyone lowered their heads to look at the card, then looked at each other. Suddenly, they rushed forward together and punched and kicked Luo Ermazi.

“B*stard, you dare to cheat? I’ll kill you.”

“Luo Ermazi, how dare you break the rules? Do you know how to f*cking spell the word ‘death’?”

“You cheated yourself, and you dare to accuse others? There’s actually such a shameless person like you?”

“F*ck, I was still wondering why you always won. So it turns out that you cheated. Spit out all the money you won from me...”

Many of these people had just lost money and were holding back their anger. At this moment, they could vent it on Luo Ermazi.

Luo Ermazi cried out in pain, his voice extremely miserable.

Ye Feng took advantage of everyone’s attention on him and put the card in his sleeve back to its original position.

Zhuang Xiaojiao, who was beside him, could not help but cover her mouth and laugh.

This fellow was really too bad. If she followed him, she would learn to be bad sooner or later... But she was willing.
