

## **100 Million 761**

### Chapter 761 - 761 Don't Be in a Rush, One by One

#### 761 Don't Be in a Rush, One by One

After the gamblers had vented their anger, the casino staff came over to take Luo Ermazi away. They did not know what would happen to him.

But listen to everyone's meaning, casino's meaning they usually punished cheaters severely. At least a few fingers had to be broken.

Ye Feng did not have any pity for this kind of person. If it was someone else today, they would definitely be cheated into bankruptcy by this b\*stard.

He had no ability and still wanted to harm people. He could only say that he deserved it.

He didn't pay attention to this matter anymore. Instead, he began to pack up the chips on the table. There were a total of 6 to 700,000, which made the surrounding people envious.

"Little brother, since your luck is so good today, why don't you play dice with us?"

"What's the point of dice? Why don't you play poker with us?"

“Playing pai gow is still more exciting.”

“We’re short of one for mahjong...”

They all felt that Ye Feng was able to defeat Luo Ermazi because of luck, thus he was a fat sheep that was flowing with oil. They all wanted to take a bite out of him.

Facing their enthusiasm, Ye Feng naturally did not dare to reject them. He immediately gave a harmless smile. “Don’t worry, one by one.”

..

Luo Ermazi was taken to a basement.

The basement was a few hundred square meters and was decorated luxuriously. It was far from the foul air outside.

This was also a casino, but those who could come here to gamble were at least a few million yuan. Moreover, the gambling here was especially big. It was common to win or lose a few million yuan in one round.

These people had all seen the big scene. When they saw Luo Ermazi being dragged in like a dead dog, none of them made a fuss. Some of them didn't even look at him.

Luo Ermazi was dragged to an office inside and then thrown heavily on the ground.

At this moment, there were two people sitting in the office.

One of the men, who had a fat head and big ears and a green dragon tattoo on his arm, glanced at Luo Ermazi and then looked up at his two subordinates. "What's going on?"

The two subordinates hurriedly reported the matter of him cheating in detail.

The middle-aged man walked over and pulled Luo Ermazi's hair. "How dare you cheat in my place? You're f\*cking brave."

Luo Ermazi was already on the verge of death. He hurriedly begged, "Brother Fei, I was wrong. Please give me another chance..."

The man called 'Brother Fei' slowly let go of his head and took out a handkerchief from his pocket to wipe his hands. "I really want to give you a chance, but you won't give me the chance to give you a chance."

After saying that, he waved at his two subordinates. "Which hand did he cheat with? Chop it off and feed it to the dogs."

Luo Ermazi was immediately dragged out, and his screams were heard all the way.

At this moment, another subordinate came over to report, "Brother Fei, the person who gambled with Luo Ermazi has already won more than 300,000 yuan. Do you want us to make a move..."

Brother Fei raised his hand to interrupt him. "Did that kid cheat?"

The subordinate immediately shook his head. "We haven't found anything yet."

Brother Fei glared at him angrily. "Then let them play. Don't sit still when someone wins money? Can't you be a little more promising? Didn't he just win 300,000 yuan? When he wins 3 million, you can come and bother me."

The subordinate quickly agreed and left.

Brother Fei walked back and smiled bitterly at another man with a vicious face. "Sigh, none of these subordinates are useful. They bother me with a bunch of trivial matters all day long."

If Ye Feng was here, he would be able to recognize that ruthless man, he was Xu Biao from the Chaoxin Gang. He had seen him a few days ago when he was collecting antiques in the ancient city.

Xu Biao could not help but laugh when he heard his complaint. "Da Fei, you're already living a good life. You don't have to do anything every day, and there are so many people who come to give you money. What else are you dissatisfied with?"

Da Fei immediately came over to curry favor. "Isn't this all thanks to Brother Biao's protection? Without your Brother Biao, how could I, Da Fei, be where I am today?"

Xu Biao patted his face. "It's good that you know. As long as you do what Brother Hu asked you to do, you will still get benefits in the future."

When Da Fei heard him mention this matter, he immediately felt a little awkward. "Helping Brother Hu launder money is originally my duty, but the amount is too large. I'm afraid..."

Xu Biao's face immediately darkened. "Nonsense. If the number wasn't large, why would I come to you? Are you trying to tell me that you can't do it?"

Da Fei hurriedly waved his hand. "It can be done, but it might take a little longer."

Only then did Xu Biao regain his smile. "Da Fei, Brother Hu really wants to bring our brothers ashore. Our brothers can't do that kind of dirty business for the rest of their lives, right?"

Da Fei nodded repeatedly. Facing this big shot, he had to be careful. Otherwise, he could forget about running this casino.

The two of them didn't talk about business anymore. They drank tea and chatted casually.

After a while, the subordinate suddenly returned. "Brother Fei, not... not good..."

Da Fei glared at him unhappily. "You're the one who's not good. How many times have I taught you? To achieve great things, one must be able to keep one's temper. What great things can you do like this?"

The subordinate immediately quieted down and lowered his head, not daring to speak.

Da Fei was a little annoyed. "If you have something to say, say it."

The subordinate then continued, "That kid has already won 3 million."

"Pfft..."

Da Fei, who was drinking tea, spat it out and stood up with his eyes wide open. "What did you say? He's already won 3 million?"

Xu Biao hurriedly said, "Da Fei, those who achieve great things must keep their cool."

Da Fei turned around and glanced at him. If it weren't for his concern for the other party's identity, he really wanted to curse. What time was it? Could he still keep his cool?

In fact, the real money he earned was in this underground casino. The place outside was mainly for the purpose of camouflage, so he did not want to attract too much attention.

Now that this kid had won more than 3 million in one go, he was going to tear off his 'disguise'. How could he not be anxious?

"Hurry up and take me there."

Da Fei could no longer sit still and hurriedly walked out.

Xu Biao pursed his lips and was too lazy to watch the show. He sat back alone and continued drinking tea.

"Hehe, you want to do something big with this little willpower?"

Chapter 762 - 762 He Won it With His Own Ability, So Why Should He Pay it Back?

762 He Won it With His Own Ability, So Why Should He Pay it Back?

Ye Feng was really going crazy.

Those people originally thought that the 'fat sheep' was a 'fat sheep' and everyone wanted to take a bite out of it. However, they never expected that this guy would actually sweep all the way here while pretending to be a 'sheep' to eat the tiger.

The gambling pool of this small casino was not big, all the bets added up to only 3 million, almost all of them were swept clean by Ye Feng.

At this moment, all the gamblers were standing there in a daze, while Ye Feng and Zhuang Xiaojiao were sitting at the gambling table, counting the chips they had won.

The gamblers were about to cry. This was all their money.

"Hahaha, so much money. I'm rich..."

Zhuang Xiaojiao let out a peal of laughter, but it was extremely unpleasant to their ears.

Ye Feng glanced at them. "Are you guys still playing? If you don't want to play, we'll leave."

A few of them with bad tempers almost cursed out loud. The money has already been won by you two, what's the point of playing?

Ye Feng asked again, and seeing that no one answered, he immediately told Zhuang Xiaojiao to pack up the chips and prepare to leave.

Zhuang Xiaojiao hurriedly asked in a low voice, "We only won so little and we're leaving just like that?"

Ye Feng revealed a confident smile. "Do you know what it means to lure a snake out of its hole?"

The two of them did not say anything more and immediately walked to the front desk with the chips.

At this moment, she saw a few people from the casino following behind a fat man and walking over quickly.

One of the men pointed at him and whispered something into the man's ear.

That man first sized Ye Feng up, then he forced a smile. "Hahaha, I did not expect that there would be a God of Gamblers in my place. I'm the boss of this casino. My name is Chen Jianfei. Everyone calls me Brother Fei."

Ye Feng looked at him calmly. "Hello Brother Fei, what's the matter?"

Chen Jianfei smiled apologetically. "Little brother, with your skills, I reckon you're doing big business. I think you're here to joke with everyone today, right? How about this? Give me some face and return the money to them."

When Ye Feng heard his words, he immediately sneered. "I won it with my own ability, why should I return it?"

Chen Jianfei didn't expect this kid to dare to refute him. His expression immediately stiffened. "Little brother, this money is nothing to you. But it might be all of their assets. I think..."

Ye Feng interrupted him without hesitation. "You think? I don't want you to think, I want me to think. I feel that since everyone is out to mess around, we should follow the rules. Since you're the boss of the casino, how can you take the lead in breaking the rules? How can you ask someone to spit out the money they won?"

Chen Jianfei was rendered speechless and instantly flew into a rage out of humiliation. "Kid, are you here to cause trouble?"

He had just heard from his subordinate that the other party drove a supercar worth hundreds of millions. He definitely wouldn't care about the millions of dollars in gambling money. It could only mean that the other party had another motive.

Ye Feng was too lazy to waste his breath. He directly stated his intention, "Just say it, I want to play a few big games. If Boss Chen is capable, he can help them win back their money."

Chen Jianfei stared at Ye Feng for a long time before he finally smiled. “Haha, so that’s what you mean, little brother? You should have said so earlier. Why waste so much effort? Don’t you just want to play a few big games? I’ll take you there myself.”

With that, he immediately led the way to the basement.

At the same time, he laughed coldly in their hearts. This kid had won a few rounds outside. Did he really think he was the God of Gamblers?

Those people inside were not the good-for-nothings outside. They were all Zhou Napi, who ate people without spitting out bones. Since you want to die, I’ll fulfill your wish.

Ye Feng and Zhuang Xiaojiao followed him into the basement.

“Wow, this looks like a place to make a lot of money.” Zhuang Xiaojiao was impressed by the luxurious decorations inside.

The people at the gambling table turned around to look at the two of them, and then quickly moved their gazes back to the table.

Chen Jianfei waved at a person who looked like a manager. That person quickly walked over and respectfully called out, “Brother Fei.”

“Ah San, take care of these two distinguished guests.”

Chen Jianfei winked at him as he spoke.

The man called ‘Ah San’ immediately understood. This was a hint to him that these two fat sheep were very fat and must be slaughtered.

After Chen Jianfei made the arrangements, he turned around and smiled at Ye Feng and the other two. “If you need anything, just tell Ah San. I still have important guests over there, so I’ll excuse myself first.”

With that, he turned around and left.

Ah San immediately greeted them respectfully. “Sir, Madam, what do you plan to play?”

Ye Feng looked around and asked casually: “Which one is faster?”

Ah San immediately replied respectfully, “If you want money, then of course, it’s a competition of size. Everyone was given a card, and whoever had the most points would win. If it’s fast, they can play a round in ten seconds.”

Ye Feng immediately nodded in agreement. “Alright, let’s compete in size then.”

Ah San immediately brought the two of them to the table where they competed in size. Because this game was very simple and crude, it was basically a bet on luck and courage. It was very suitable for newcomers to the casino.

At this moment, there were seven or eight people sitting at the table. They all looked reserved. It was obvious that they had just arrived at the casino.

When Ye Feng sat down, their round had just ended. The dealer dealt the cards again. Each of them had one card.

Ye Feng had the system's deep scanning ability. Playing this game was like using a cheat. Especially when facing a bunch of newbies, it was like chopping melons and vegetables.

In less than a few minutes, he defeated the people at the table.

And in front of him, there were hundreds of thousands of chips.

However, he was very dissatisfied with this speed. He might as well release the map cannon loudly. "It's too boring to bully noobs. Can we have a few experts? Play a few big games?"

The expressions of the people at the table turned ugly. Losing money was already depressing, and now they were being despised? This was simply a blatant humiliation.

His words also aroused the hatred of the people at the other tables.

“Who’s so arrogant? Let me experience it.”

“Oh, aren’t you happy that you won money? So hard to please? I like it.”

“I’ve never seen such an arrogant person. Shall I play two rounds with you?”

“Count me as one of my subordinates.”

The moment Ye Feng finished casting his map cannon, a few ‘big fish’ appeared.

Those people came over with a large plate of chips. The few ‘noobs’ at this table tactfully made way for them.

“Kid, tell me, how do we play?” A middle-aged man with a mole on his chin and a tuft of hair on the mole stared at Ye Feng fiercely.

“Hehe, you want to play with me? I’m afraid you can’t afford it.” Ye Feng did not answer directly. He continued to taunt.

The man immediately slammed the table. "Who the f\*ck are you looking down on? How do you want to play? I'll fight you to the end today. Whoever admits defeat first will be the grandson."

Chapter 763 - 763 Call Me When He Can't Hold On Anymore

763 Call Me When He Can't Hold On Anymore

Ye Feng was waiting for this and immediately nodded. "Alright, then we'll play a few big rounds. Each bet cannot be less than 1 million, do you dare?"

"Hiss..."

As soon as he said this, everyone present sucked in a breath of cold air.

Although this underground casino was a big one, each bet bet was less than 1 million, which was a little too scary.

Even tuft of hair was a little hesitant. "Isn't this too much?"

Ye Feng looked at him with disdain. "Hehe, if you don't dare to play then scram, you're wasting time."

That 'tuft of hair' was irritated again, "Okay, I'll play with you, and see how long you can be stubborn."

As he spoke, he roared at the dealer, "What are you waiting for? Deal the cards!"

The dealer was shocked and quickly shuffled the cards, giving each person a card.

Ye Feng did not even take his cards. He already knew that he had a ten of clubs. He looked at the tuft of hair again. He was holding a nine of diamonds, which was just a little lower than his.

However, some of the others had obtained Q and K. The rules of the competition were that A was the smallest and K was the largest. Of course, there were also kings, but the chances of obtaining them were smaller.

Ye Feng did not say anything else. He directly pushed out 1 million chips.

The other people at the table hesitated for a moment and threw their cards one after another. Even the one with the queen threw the cards. After all, if they wanted to follow, they would have to throw at least 1 million. Not everyone had such courage.

The person with the K hesitated for a moment, but in the end, he still called 1 million.

This time, it was tuft of hair's turn. He only had a 9 in his hand and did not have the strength to fight at all. He was about to throw his card away.

At this moment, he suddenly saw Ye Feng looking at him with disdain. Not only that, but he also deliberately whispered something into Zhuang Xiaojiao's ear.

Zhuang Xiaojiao looked up at tuft of hair and covered her mouth as she laughed.

The 'tuft of hair' of the man's self-esteem was immediately hit by 10,000 points. Because he was ugly since he was young, he had been ridiculed countless times. Therefore, he turned his grief and indignation into strength and desperately earned money.

Although he was already very rich, he still felt inferior deep down. Especially now that he was being laughed at by a big beauty, it made him even more furious.

"I'll follow." He immediately pushed out 1 million dollars worth of chips.

Ye Feng still did not look at his cards, he placed another 1 million, "Continue."

The man with the big K hesitated for a moment and finally threw the card away. Seeing how strong these two people were, he was afraid that they had another K in their hands.

This time, it was tuft of hair's turn. Although he was furious, his basic rationality had not disappeared. He secretly calculated in his heart.

The 9 in his hand was neither big nor small, but it could not be said that he had no chance of winning.

Especially now that there were only the two of them left in the game, and the other party had yet to see his cards. His chances of winning were even greater.

Thinking of this, his confidence immediately burst. He directly pushed out 2 million chips. "Kid, if you have the guts, let's follow until the end and see who admits defeat first."

Ye Feng leaned back in his chair and closed his eyes to rest. At the same time, he said to Zhuang Xiaojiao, "I'll take a nap, help me place a bet first. You can bet however much he bets, call me when he can't hold on any longer."

After saying that, he really ignored the mahjong table and took a nap.

This condescending look infuriated that 'tuft of hair' even more, and he wished he could whip this fellow with a big eared card.

Zhuang Xiaojiao was also obedient and immediately pushed out 2 million yuan worth of chips.

When that tuft of hair faced a woman, he couldn't show any weakness. Without saying a word, he pushed out another 2 million.

Zhuang Xiaojiao had no more chips in her hands. She immediately called Ah San and asked him to exchange 10 million in chips for her.

At this moment, many people from other tables had come over to watch the show. When they saw her actions, they were all shocked and dumbfounded. Was she really going to drag it out to the end?

Zhuang Xiaojiao took the chips that she had exchanged back and silently pushed out another 2 million.

The two of them spent their time silently. The chips piled up on the gambling table until it was like a small mountain.

Both sides had already invested more than 10 million, which could be considered a huge gamble.

Tuft of hair's forehead was already drenched in sweat. Although he often came to the casino, he had never played such a big game. At this moment, he felt a sense of trepidation.

When Zhuang Xiaojiao silently pushed out her chips again, he finally could not take it anymore. He pushed out the last chip in his hand. "Look at the cards."

These two words seemed to have exhausted all his strength. After saying that, he leaned back weakly in the chair.

This round, he had put in 15 million chips, and he only had a 9 in his hand.

He had been agitated by this kid until he was dizzy. Now that he was a little more clear-headed, he immediately regretted it.

But now, it was useless for him to go back on his words. He just prayed silently, hoping that this kid's cards would be worse than his, otherwise... He even wanted to jump off the building.

Zhuang Xiaojiao hurriedly pushed Ye Feng. "He won't make another move."

Ye Feng opened his sleepy eyes. "Ah? He can't use it anymore? He really can't do it."

Tuft of hair gritted his teeth and glared at him. "Cut the crap and look at your cards."

Ye Feng rubbed his eyes. "What cards are you playing? Show it."

Tuft of hair glared at him and flipped the card in his hand.

Nine of diamonds!

When everyone saw his cards, they were stunned.

“D\*mn, no way, right? The nine of diamonds dared to bid more than 10 million? Brother, are you alright?”

“What are you thinking? If it were me, I wouldn’t even pay 1 million.”

“He’s probably so angry that he lost his mind, right? This kid’s mouth was full of trash talk.”

“I don’t think this big brother will lose. That kid hasn’t seen his cards yet.”

“That’s true. What if his cards are smaller than a nine? I’m really looking forward to it hehe...”

Chapter 764 - 764 If He Won Money, Then He Won Money. What Did He Mean By Going Crazy?

764 If He Won Money, Then He Won Money. What Did He Mean By Going Crazy?

As Ye Feng had just made a big fuss, everyone except Zhuang Xiaojiao hoped that he would lose.

The angrier they were, the happier Ye Feng was. He prayed in his heart, please continue to be angry. Yes, that’s it.

He first pretended to look at the cards, then suddenly raised his head and laughed loudly. He threw the cards on the table. “Hahaha, I’m sorry. I’m just a little bigger than you.”

When tuft of hair saw his ten of clubs, he felt his chest heat up and had the urge to vomit blood.

He had actually lost on this point, but it was this point that made him lose more than 10 million.

Everyone else present was also dumbfounded.

“What is it? Ten of clubs? Did he have to be so cunning? The ten of clubs won the nine of diamonds?”

“Although it only won by a little, he won more than 10 million!”

“Isn’t this loss too depressing? He was so close. This luck is too heaven-defying.”

“He won more than 10 million in one round. This is a game of heartbeat...”

This time, the people at the other tables stopped playing and all flocked over to watch the show.

Ye Feng glanced at the dumbstruck ‘tuft of hair’ and continued to use taunt: “Sigh, they are really Dugu Qiubai, why are they all a bunch of noobs? Isn’t there a powerful one?”

'Tuft of hair' glared at him with red eyes. "Who are you calling a noob?"

Ye Feng quickly apologized, "I'm sorry, I'm not talking about you, I'm talking about everyone here being noobs."

His words immediately angered everyone.

"D\*mn, is this kid looking for a beating? Did we offend you?"

"I've never seen such an arrogant person before. Don't stop me. I'm going to win this kid and make him go bankrupt today."

"Hey, go help me exchange 20 million yuan worth of chips. I don't believe this kid's luck will always be so good."

"You won by luck once, and you really think you're the God of Gamblers? I'll let you crawl out of here naked today."

Everyone went berserk. They fought to be the first to fight Ye Feng.

Ye Feng looked at them with a smile, as if he was looking at a group of hens that could lay golden eggs. "Don't worry, one by one."

When everyone saw his sly smile, they were stunned for no reason. Why did they feel like they had been tricked?

Next, these people personally witnessed what a 'slaughterhouse' was.

One after another, the 'fat pigs' went up to their deaths, while Ye Feng was like a butcher, killing one with every slash. He was clean and efficient.

The chips in front of him could no longer be piled up. They were all piled on the ground, looking like a mountain of gold.

..

"Da Fei, I'll leave the matters here to you. I'll go back first." In the office, Xu Biao slowly stood up as he instructed.

"Brother Biao, don't worry. Leave this matter to me." Chen Jianfei immediately patted his chest and promised, preparing to send Xu Biao out.

At this moment, the office door was suddenly pushed open, and a subordinate stumbled in. "Brother Fei, kill... They're killing like crazy!"

Chen Jianfei thought that his enemies had come to his door and hurriedly looked around for weapons. "Which group of people are coming? Is it the Shahe Gang?"

The subordinate hurriedly waved his hand. "No, no, that kid just went crazy."

Chen Jianfei was instantly enraged. "I knew that there was something wrong with that kid. How dare he kill my people? I'll go and chop him up immediately."

The subordinate was so anxious that he was about to cry. "No, it's not murder. It's winning money. He has already won a lot of money..."

Chen Jianfei's face twitched and he slapped him. "Don't you know how to f\*cking speak human language? If he won money, then so be it. What do you mean by killing like crazy? I thought the enemy had come."

The subordinate looked at him pitifully. "The word 'winning' isn't enough to describe his brutality."

Chen Jianfei was amused. "How much did he win? It actually became savage?"

The subordinate slowly extended three fingers and swallowed.

“3 million is already considered savage? Then you haven’t seen how ferocious I was back then. Speaking of which, back then...”

Chen Jianfei misunderstood and was about to tell his subordinates about his glorious achievements back then.

But then, he saw the subordinate shake his head.

He was stunned. “Not 3 million? Could it be 30 million? This is a little ridiculous. Where did this kid come from?”

Just as he was frowning and deep in thought, he realized that his subordinate was still shaking his head.

He immediately flew into a rage and kicked him. “Don’t you have a f\*cking mouth? Can’t you talk?”

The subordinate could only report a number, “Yes... 300 million!”

Chen Jianfei felt as if he had been struck by lightning. He stood there in a daze and did not come back to his senses for a long time.

Even Xu Biao, who was at the side, was completely stunned. “How much? 300 million? Did I hear wrongly?”

The subordinate nodded solemnly. "That's right, it's 300 million. Our casino's chips are not enough..."

Before he could finish, he heard Brother Fei scream, "I'm going to die..."

Then, he rushed out.

Xu Biao really wanted to follow him and take a look, but this was Chen Jianfei's territory after all. It was not convenient for him to join in. He could only sit back down and continue drinking tea.

When Chen Jianfei rushed to the casino, he saw the most shocking scene in his life.

He saw blue, red, and white chips piled up on the table, floor, and aisle. It looked like a continuous mountain range that stretched as far as the eye could see.

At this moment, in the middle of the mountain range, a man was fuming. "What is your casino doing? No bargaining chips? Can you take responsibility for delaying my win?"

The group of people who had been defeated by him couldn't help but speak.

"Even if we have chips, we don't have money for you to win."

“I just lost 20 million. If my wife finds out, I’ll have to kneel on the washing board again.”

“You’ve already won 300 million, and you’re still not satisfied? Do you really think we’re ATMs?”

“ATMs also need bank cards. This kid is getting something for nothing.”

“I have always been wise. How did I fall for your tricks?”

Chapter 765 - 765 Is Boss Chen Trying to Break the Rules?

765 Is Boss Chen Trying to Break the Rules?

Chen Jianfei’s eyes were filled with gloom.

Everyone who could enter the underground casino was his God of Fortune. He was counting on these people to earn money. Now, someone came to his pot to snatch his food. How could he tolerate it?

He suppressed the anger in his heart and immediately put on a smile. He walked up quickly and said, “Hahaha, this little brother’s gambling skills are indeed superb. He’s definitely the God of Gamblers. Don’t you think so, everyone?”

Everyone nodded in agreement when they saw the boss personally come up.

“Yes, yes. I’ve participated in many gambling games before, but this is the first time I’ve seen someone win so much.”

“You can’t judge a book by its cover. I didn’t expect this young man to be so powerful. It’s not an exaggeration to call him the God of Gamblers.”

“I used to think that the movies were all fake. Today, I finally know what a real God of Gamblers is.”

“Sigh, after losing so much today, I won’t dare to come here again.”

“Me too. I plan to quit gambling in the future. Who can stand losing like this?”

“That’s right. If we continue to lose, we will go bankrupt...”

Chen Jianfei’s heart sank again when he heard everyone’s discussion. The thing he was most worried about had still happened.

If these ‘Gods of Fortune’ were to be beaten down and never dare to come again, then he could only drink the northwest wind in the future.

Thinking of this, he immediately laughed out loud. “Everyone, don’t be anxious. This little brother is just joking with everyone. Do you think that with this little brother’s gambling skills, he would care about this little bit of money?”

When everyone heard his words, their hopes were immediately ignited. Could it be that he could really return the money to them?

But at this time, Ye Feng’s words extinguished their hopes. “Who said I was joking? It’s the rule of the casino to admit defeat if one is willing to bet, right? Is Boss Chen trying to take the lead in breaking the rules?”

The smile on Chen Jianfei’s face froze. “Little brother, let’s be friends. Return the money to them today. I, Chen Jianfei, will make you my friend. I don’t dare to say anything else, but as long as it’s in the territory of Yang Cheng, my words are still effective. No matter what happens in the future, feel free to look for me. I’ll help you settle it.”

His words were a little arrogant. Asking someone to pay 300 million to be his friend was a little too much.

However, most of the people present did not think that there was anything wrong with it because they knew very well that Chen Jianfei’s backer was the Chaoxin Gang.

In Yang Cheng, there was nothing that the Chaoxin Gang couldn’t handle.

To be able to spend 300 million to befriend the Chaoxin Gang, this deal was worth it.

But Ye Feng scoffed at this. "I'm sorry, my standards for friends are very high. Not everyone has this qualification. If you give me 300 million, I can consider it."

The moment he said this, everyone was dumbfounded.

"Isn't this kid too crazy? Brother Da Fei has already said so, but this kid didn't even give him any face?"

"He probably doesn't know about Brother Da Fei's background, right? To be able to open such a big casino in Yang Cheng, how could he be an ordinary person?"

"This kid is shameless. He actually wants 300 million from Brother Da Fei? Did I hear wrongly?"

"Some people just want to drink a forfeit instead of a toast. Brother Da Fei has given him so much face, but he still wants an inch and a yard."

"He brought this upon himself. This brat is definitely going to die today..."

As expected, Chen Jianfei's face immediately darkened. "Kid, I'm giving you face by talking nicely with you. If you don't know how to appreciate my kindness, then don't blame me."

Ye Feng was not afraid of his threat. "Ha, just because I won money, you want to force me to return it? You can only lose and not win. Is this the rule of your casino?"

Chen Jianfei narrowed his eyes slightly. "How about this? I'll take another step back. You can take away 50 million, and the rest must be returned. This should be fine, right?"

Ye Feng snorted coldly, "I won the money with my own abilities, why should I return it? I'll say it here. I won't refund a single cent of this money."

Chen Jianfei had completely lost his patience. He immediately waved his hand. "Since you want my money, then I can only take your life."

Hualala...

Immediately, a group of strong men with weapons rushed in and surrounded Ye Feng and Zhuang Xiaojiao.

Zhuang Xiaojiao was furious. "Aren't you guys going too far? How can there be people like you? Are you going to cheat after seeing us win money?"

Chen Jianfei's face was vicious. "I'll give you one last chance. Do you want your life or your money? You guys choose one."

Zhuang Xiaojiao glared at him fearlessly. "We want our lives and our money. I'm not scared. If you have the guts, try to touch us."

Chen Jianfei waved his hand expressionlessly. "Take him down. If he dares to resist, kill him without mercy!"

The group of subordinates immediately surrounded the two of them.

Ye Feng did not say anything else. He immediately assumed a battle stance.

A chaotic battle was about to break out.

At this moment, a loud shout suddenly came from the side. "Stop!"

Everyone turned around and saw a person walking out of the office. This person's expression was even fiercer than Chen Jianfei's.

Many people present had already recognized that this person was the Tiger General Xu Biao of the Chaoxin Gang.

Chen Jianfei hurriedly walked up to him. "Brother Biao, he's just a little b\*stard who doesn't know the immensity of heaven and earth. I can settle him. You don't have to do it yourself..."

Before he could finish his sentence, Xu Biao, who was polite to him in the office just now, slapped him.

Pa!

This slap was so loud that everyone present trembled in fear.

After all, Chen Jianfei was a reputable figure. At the same time, he was also the 'white glove' of the Chaoxin Gang. His status could not be underestimated.

But this Xu Biao actually slapped him in public. This was simply earth-shattering.

Everyone present was in a mess for a moment, not understanding what had happened.

Even Chen Jianfei was dumbfounded. He covered his burning cheek. "Xu Biao, you dare to hit me?"

Xu Biao looked at him coldly. "I'll beat you up. If you dare to disrespect Mr. Ye, I'll beat you up. You'd better pray that Mr. Ye isn't angry, or I'll skin you alive."

After saying that, he quickly walked toward Ye Feng.

“Mr. Ye, you... Why are you here?”

When Xu Biao faced Ye Feng, he was extremely respectful. His voice was trembling.

Ye Feng glanced at him and asked indifferently, “Isn’t this Brother Biao? Is this your place?”

“Mr. Ye, you can call me Da Biao. Da Fei... He is indeed a member of our Chaoxin Gang. I apologize to you on his behalf. I hope you won’t hold it against him.”

Xu Biao answered cautiously, cold sweat dripping down his forehead.

Everyone looked at each other in shock.

Xu Biao’s status in the Chaoxin Gang was not low. Who among them would not call him ‘Brother Biao’ when they saw him? But now, he was submissive to this young man like a grandson.

Chapter 766 - 766 Brother Hu Isn't as Soft as You

766 Brother Hu Isn’t as Soft as You

“Who is this person? Brother Biao looks a little scared of him.”

“I’m afraid it’s not just that? I think he’s about to kneel down and call him grandpa. Is this still the Brother Biao we know?”

“I once saw Brother Biao bring dozens of subordinates to fight with others. This is a fierce person who kills without blinking.”

“So, who exactly is the man who can stand this fierce man and be so respectful?”

Everyone was curious about Ye Feng’s identity.

But Ye Feng did not bother with their doubts, he only stared coldly at Xu Biao. “So he is from your Chaoxin Gang? Then is Brother Biao going to stand up for him?”

His words made Xu Biao’s face twitch in fright. He hurriedly waved his hand. “Mr. Ye, you misunderstood. This kid has eyes but doesn’t recognize Mount Tai. He doesn’t know your name, Mr. Ye. You won all this money in a fair and square manner. There’s no reason for you to take it back.”

Only then did Ye Feng regain his smile. “Since that’s the case, then I’ll have to trouble Brother Biao to help us exchange some chips.”

Xu Biao hurriedly nodded. “It’s my honor to serve Mr. Ye.”

As he spoke, he was about to instruct his men to count the chips.

At this moment, Chen Jianfei walked over with a gloomy face. "Xu Biao, it's not your turn to make decisions in my casino. Who asked you to exchange chips for him?"

Xu Biao glared at him. "I'm saving you. If you don't want to die, stop talking nonsense."

Chen Jianfei was even more furious. "Are you taking advantage of me and using my casino's money to please outsiders? I'll call Brother Hu and ask him if he agrees with you doing this."

As he spoke, he took out his phone.

Xu Biao looked at the bottom of the car coldly. "I advise you not to make this call. Otherwise, you'll regret it."

Chen Jianfei immediately sneered, "Brother Hu isn't is soft as you. What bullsh\*t Mr. Ye? You want to take the money away from me? No way!"

With that, he dialed Gao Hu's number and turned on the speaker.

Gao Hu's enthusiastic voice came from the other end of the phone very quickly. "It's Brother Da Fei. Biao Zi has already delivered the message, right? I'll leave this matter to you. This is related to the future of our Chaoxin Gang. You have to be careful."

When Chen Jianfei faced Gao Hu, he immediately became much more respectful. "Brother Hu, don't worry. Leave that matter to me. I'm calling you because I have another matter to ask you to help me decide."

Gao Hu's attitude became more and more enthusiastic. "Brother Da Fei, why are you still being so polite with me? If you have anything to say, just say it. I'll help you settle it."

Chen Jianfei glared at Ye Feng fiercely. "A little b\*stard came to my place, I don't know what method he used to win 300 million. I tried to persuade him, but he insisted on taking the money away..."

Gao Hu immediately said in a sinister voice, "It's not that easy to take away so much money. Brother Da Fei, you can do whatever you want. If anything happens, I'll take responsibility for you."

Chen Jianfei's face lit up and he glanced at Xu Biao again. "I originally wanted to get someone to detain that kid, but Brother Biao stopped me and even bowed down to that kid like a grandson. He even wanted to personally exchange chips for the kid, so I had to call you."

At this moment, it was obvious that Gao Hu's voice was a little unhappy. "Give the phone to Xu Biao. I'll talk to him."

Chen Jianfei immediately turned the phone to Xu Biao proudly. "Brother Hu wants you to answer the phone."

Xu Biao didn't dare to be negligent and hurriedly walked forward. "Brother Hu, I'm Da Biao. I'm listening. Please speak."

Gao Hu's voice was a little cold. "What exactly happened? Do you know how serious this is? If we really let that kid take away the 300 million today, who would dare to come to our place to play in the future? Immediately cooperate with Da Fei and make that kid spit out all the money..."

Chen Jianfei and the group of gamblers on the other side looked at Xu Biao gloatingly. If you continue to side with outsiders, you'll be scolded, right?

Xu Biao quickly glanced at Ye Feng beside him, he coughed twice. "Brother Hu, that gentleman who won the money is..."

"I don't care who he is. Anyway, he can forget about taking this money away. If he knows what's good for him, then forget it. If he doesn't know what's good for him, then let's give him a taste of something powerful..."

Gao Hu was giving his orders firmly and loudly when Ye Feng suddenly walked over. "I wonder what Brother Hu plans to give me?"

"Who the f\*ck are you..." Gao Hu was halfway through his sentence when he suddenly muttered, "Why does this voice sound so familiar?"

Xu Biao hurriedly came over to remind him, "Brother Hu, this gentleman who won the money is Mr. Ye..."

Gao Hu's voice sounded like a pig being slaughtered. "Who is it? Ye... Mr. Ye? Mr. Ye, I... I didn't know it was you just now. I really deserve to die. Please don't take it to heart."

Chen Jianfei and the others were still feeling smug, but when they heard Gao Hu's words, they were all flabbergasted.

This plot didn't seem right!

It would be fine if Xu Biao was respectful to the young man, but who was Brother Hu?

With Boss Gao's death, Brother Hu was the new leader of the Chaoxin Gang. He was definitely a big shot in Yang Cheng.

Now, he was actually so afraid of this young man? What was going on?

Chapter 767 - 767 Being Defeated By Him Was Also An Honor!

767 Being Defeated By Him Was Also An Honor!

When Ye Feng heard Gao Hu's apology, he still had a cold smile on his face. "Brother Hu, you're so impressive, so you can only lose money and not win? You have to risk your life to win money? I've really gained some knowledge."

Gao Hu, who was on the other side, was probably already kneeling on the ground and trembling. He even sounded like he was about to cry. “Mr. Ye, this is all a misunderstanding! If I had known that you were the one who won the money, I wouldn’t have dared to say that even if you gave me a hundred guts.”

Ye Feng’s expression turned uglier. “If it was someone else, would you do this? Since you’re doing business, you have to follow the rules. You can’t break the rules the moment you see that it’s disadvantageous to you. They will always be a bunch of stinky dog poop that cannot be brought up to the stage.”

When everyone heard Ye Feng calling Gao Hu ‘dog poop’ in front of so many people, their mouths were wide open in shock.

Now, in Yang Cheng, the only person who dared to scold Gao Hu like this was probably this man, right?

Especially Chen Jianfei, he was so scared that he almost fainted.

What kind of ancestor had he offended?

Gao Hu continued to apologize. “Mr. Ye, you’re right. We’ll definitely follow the rules in the future. I guarantee that we’ll exchange the money for you.”

Ye Feng snorted coldly and did not say anything else.

At this time, Xu Biao leaned over to the phone again. "Brother Hu, don't worry. I'll personally help Mr. Ye exchange chips. I guarantee that I won't miss a single cent."

Gao Hu gritted his teeth and asked, "Where's Chen Jianfei?"

When Chen Jianfei heard Gao Hu ask about him, he hurriedly replied, "Brother Hu, I'm here."

"Xu Biao, chop off one of his hands for me and apologize to Mr. Ye."

When Chen Jianfei heard this, his hand immediately trembled and his phone fell to the ground. "Brother Hu, I know I was wrong, Brother Hu. Please give me another chance..."

Before he could finish speaking, Xu Biao had already snatched a machete from one of his subordinates. He raised the machete and chopped off his right hand.

Chen Jianfei screamed. He hugged his bleeding right arm and rolled on the ground.

He wanted to curse in his heart. Xu Biao, you b\*stard. If you want to chop off, chop off the left hand. I even use my right hand to clean my ass and when I eat.

This bloody scene immediately scared everyone present into silence. They did not even dare to breathe loudly.

Even Zhuang Xiaojiao was shocked, she stole a glance at Ye Feng. She didn't expect Gao Hu to be so afraid of him. He directly chopped off the hand of a capable general to apologize to him.

Xu Biao threw his hand onto the ground and turned to look at Ye Feng. "Mr. Ye, are you satisfied with Brother Hu's apology? If you're not satisfied, I'll chop off all four limbs of this kid."

Chen Jianfei was immediately scared out of his wits. He struggled to get up and knelt in front of Ye Feng. "Mr. Ye, please spare me, I know I was wrong, please let me live."

Ye Feng frowned and looked at Xu Biao. "Why do I want his hand? Am I going to braise it? Stop talking nonsense and quickly exchange the chips for me."

Xu Biao heaved a sigh of relief and sent Chen Jianfei to the hospital. As for whether the hand could be reattached, it would depend on his luck.

Then, he brought a group of people to work overtime to count the chips.

After an entire hour, he finally finished tapping.

Ye Feng had won a total of 306,723,400 yuan this time, there were zeros and zeros.

Xu Biao originally wanted to round it up and transfer 310 million to him, but he was rejected by Ye Feng.

“As I said earlier, everything will be done according to the rules. We will win however much we win. Not a single cent more, not a single cent less.”

“Yes, yes, yes. Then we’ll do as Mr. Ye says.”

Xu Biao immediately asked someone to transfer the money according to the final statistics.

Ye Feng saw the message notification from the bank and smiled in satisfaction. “Wouldn’t it have been better if this had happened earlier? Did you have to make the scene so ugly?”

Xu Biao nodded repeatedly.

Ye Feng did not stay any longer and immediately left with Zhuang Xiaojiao.

Xu Biao personally escorted the two out of the courtyard. After watching the Blue Charm Night leave, he let out a long sigh of relief.

At this moment, the gamblers who followed him out asked curiously.

“Brother Biao, this little... Where did this gentleman come from?”

“Yeah, we saw that you and Brother Hu are so... you’re too polite. He must have a powerful background, right?”

“Can you give me some pointers? Let us die with an explanation?”

Xu Biao glanced at them. “Niu Sidun, Boss Gao, and the Ye family are in this state because of this Mr. Ye. In other words, Mr. Ye has the final say in Yang Cheng. As for the rest, you can go and find out for yourself.”

With that, he got into his car and drove off.

The group of gamblers were stunned as if they had been struck by lightning.

“Could he be the legendary Mr. Ye?”

“Other than that person, who else can make Gao Hu of the Chaoxin Gang fear him like a wolf?”

“During this period of time, I heard a lot of rumors about this Mr. Ye. I didn’t expect to see him alive today.”

“Yeah, people of our level shouldn’t have come into contact with such a big shot. We’re really lucky today.”

“It’s our honor to lose to Mr. Ye! I can brag about this for the rest of my life.”

“Me too. After all, not everyone is qualified to be defeated by Mr. Ye. It’s also an honor to be defeated by him!”

“Although I lost 20 million today, it’s worth it to be defeated by Mr. Ye.”

“What do you mean by losing? We’ve struck it rich, okay? No matter how much money others spent, they won’t have the chance to do so.”

“Sigh, why didn’t I go on stage at that time? If I had known it was Mr. Ye, I would have lost a few million to him.”

“Haha, once you miss this opportunity, you won’t be able to get it again. Those of you who didn’t lose money, go and regret it.”

A strange situation appeared at the scene. Those who lost money were all smug. As for those who didn't lose money, they were all devastated.

This was truly a very strange thing.

Chapter 768 - 768 I'm Going to Treasure Hunt With Him

768 I'm Going to Treasure Hunt With Him

"Wahaha, I'm so happy today. We won so much money all at once."

Both of them had already walked far away, but Zhuang Xiaojiao was still as happy as a child.

"What's there to be happy about? I won't give you a single cent of this money," Ye Feng immediately said in a disappointed tone.

Zhuang Xiaojiao turned around and glared at him. "You're so stingy. I told you about this casino. You should at least give me half, right?"

Ye Feng hurriedly covered his pocket. "Stop dreaming, I don't have money, I only have a life. At most, I'll treat you to a meal. Don't think about anything else."

Zhuang Xiaojiao glared at him in disdain. "Then I want to have a feast!"

Ye Feng immediately nodded. "It will definitely be a feast!"

..

Ten minutes later, the two of them each held a bowl of instant noodles and squatted by the roadside.

Zhuang Xiaojiao looked at him blankly. "Is this the feast you were talking about?"

Ye Feng took a sip of instant noodles. "Hurry up and eat, don't stand on ceremony, if it's not enough, I'll give you another packet. I'll make sure you're full!"

Zhuang Xiaojiao looked at the instant noodles in her bowl in disgust. "I won't eat this kind of junk food. It's not healthy at all."

Ye Feng chewed in large mouthfuls. "Try it first, I guarantee that it will taste better than those big meals, trust me."

Zhuang Xiaojiao looked at him doubtfully. "Really?"

Ye Feng quickly nodded. "Try it first. If you are not satisfied, I will bring you out for a feast."

Zhuang Xiaojiao looked at the instant noodles in her bowl again. To be honest, she was really hungry now. Moreover, it smelled good.

In the end, her appetite took over. She stabbed two instant noodles into her mouth with her fork.

“Yes... It’s so delicious!”

She suddenly exclaimed, as if she had opened the door to a new world.

“I didn’t lie to you, did I? This is much more delicious than those big meals.”

Ye Feng had a smug expression. He looked like a strange uncle who tricked a little girl into doing bad things.

Zhuang Xiaojiao did not care about her image anymore. She immediately imitated him and ate in big mouthfuls. At the same time, she mumbled, “My family never allowed me to eat these things. I didn’t know instant noodles were so delicious.”

Ye Feng shook his head as he heard this. “How pitiful, I did not expect you to have such a tragic background. You have never even eaten instant noodles.”

Zhuang Xiaojiao did not know if she had heard him. She only focused on eating her instant noodles. In a short while, she finished her bowl of instant noodles.

Ye Feng passed her the remaining half bowl of instant noodles. "Do you still want to eat?"

Miss Zhuang didn't reject anything and finished the half bowl. She rubbed her stomach and burped. "This is the most delicious thing I've ever eaten."

Ye Feng chuckled. "I like it when you are so inexperienced."

Zhuang Xiaojiao licked her lips and stared at him. "What did you just say? You like me? Hmph, the fox's tail finally can't be hidden, right? I already knew that you had ill intentions toward me."

Ye Feng rolled his eyes. "You are a woman, shouldn't a woman be shy when she hears such words? How can there be someone like you?"

Zhuang Xiaojiao snorted. "If you like them, you should say it. Why are you hiding it? Who knew which would come first, tomorrow or death? How much love does she have that she can't say out loud?"

At this point, a hint of depression suddenly flashed across her face.

This was the first time Ye Feng saw such an expression on her face. He did not know what she was thinking about?

“Shall I send you back?”

“Yes.”

Ye Feng then drove her to the place where they met. Zhuang Xiaojiao did not tell him where she lived, and he did not ask around.

“Ye Feng, thank you. The time I spent with you was the happiest time of my life.”

Before Zhuang Xiaojiao got out of the car, she suddenly became affectionate.

Ye Feng was stunned for a moment before he smiled. “Why are you suddenly so serious? It’s as if we are separated by life and death. What lifetime? How old are you? How dare you say forever?”

Zhuang Xiaojiao had a sweet smile on her face. “Life is not about length, but density. Some people can live for 20 years, but it’s more than a lifetime for others.”

Ye Feng was not used to the deep look on her face. “I am not used to you suddenly becoming serious. I still like the crazy you. Please recover.”

Zhuang Xiaojiao glared at him and suddenly pointed out the window. "Look, there's a beauty over there."

Ye Feng immediately turned around to look, but there was nothing outside the window. He knew that he had been tricked, he wanted to go back and settle the score with her.

At this moment, his face suddenly turned hot, and he was immediately petrified on the spot.

Zhuang Xiaojiao broke up with him as soon as she touched him and returned to her crazy look. "Hahaha, you got tricked, right? I'm Zhuang Wudi, who can't be defeated by anyone. I still have to save the world in the future. How can I have the time to be like those girls? Hmph, let's go!"

With that, she got out of the car and left.

Ye Feng looked at her departing figure and touched his face that was still warm, he could not help but shake his head and smile bitterly.

Just now, he was almost fooled by her and thought that she still had a deep side to her. He did not expect her true nature to be exposed so quickly.

He shook his head and sighed before driving away.

At the same time, in a corner that he did not notice, Zhuang Xiaojiao slowly walked out and looked in the direction that he left in a daze.

At this moment, a man in a black suit suddenly appeared behind her.

“Miss, we should go back to the hospital. Dr. Demory flew in from America and wants to help you do another examination.”

Zhuang Xiaojiao smiled faintly. “Another doctor? Last time, when that person left, he had already made it very clear. Is there a need to continue wasting energy?”

The man immediately looked at her worriedly. “Miss, we are looking for a heart specialist all over the world. Please don’t give up.”

Zhuang Xiaojiao smiled sweetly. “I won’t give up. I still want to go treasure hunting with him...”

At this point, she suddenly held her chest with a pained expression.

If it weren’t for the heavy makeup on her face, she would have looked terrible.

The man was shocked. “Miss, are you alright?”

Zhuang Xiaojiao shook her head and was about to say something when she blacked out.

Chapter 769 - 769 How Could There Be Such a Perfect Man in This World?

769 How Could There Be Such a Perfect Man in This World?

Ye Feng wanted to return to the hotel directly, but he received a call from Xu Man.

She came to Yang Cheng for a business trip and wanted to have a meal with him.

The two of them had not seen each other for a while, so he agreed immediately and drove to the restaurant she had booked.

When he rushed to the restaurant and entered, he saw Xu Man and a woman sitting by the window and talking.

“Sister Man.”

He immediately called out and quickly walked up.

Xu Man hurriedly stopped talking and stood up. “Xiao Feng...”

Before she could finish greeting him, Ye Feng had already pulled her into his embrace. "Sister Man, I haven't seen you for a few days, I miss you so much."

As he spoke, he patted her back lightly.

Xu Man pushed him away angrily and patted his chest gently. She said coquettishly, "Do you want to die?"

Ye Feng looked innocent. "Aren't foreigners always like this when they meet? They still have the cheek kiss and hand kiss, so I won't show you one by one for the time being."

Xu Man glared at him. "You said it yourself. That's the etiquette of foreigners. This is China. You're just taking advantage of me."

Ye Feng was unhappy. "Isn't this a bit of a double standard? Why is it polite for foreigners while Chinese people are taking advantage?"

Xu Man really couldn't do anything to him. "I can't win against you in an argument, okay?"

Ye Feng then turned his gaze to the woman sitting beside her.

The woman had a pair of peach blossom eyes, and there was a kind of temptation in her eyes.

She was wearing a red dress with spaghetti straps, revealing a large area of her white chest.

Many men in the restaurant looked over from time to time, their eyes filled with indescribable colors.

That woman hurriedly stood up. She held Ye Feng's hands and said emotionally: "Ye... Hello, President Ye. My name is Feng Jingyi. Nice to meet you."

Ye Feng only shook hands with her lightly and withdrew his hand. Not every woman was worth him 'groping' her, although this woman was indeed very seductive.

Xu Man hurriedly introduced, "Jingyi is my assistant. She's very capable."

Ye Feng only nodded slightly and snapped his fingers.

The waiter quickly walked over and handed over the menu with both hands.

Ye Feng raised his hand. "Let the two beauties order."

“Thank you, Mr. Ye!”

Before Xu Man could do anything, Feng Jingyi had already taken the menu and started ordering.

Xu Man frowned slightly, not because Feng Jingyi didn't respect her and didn't let her order first. It was because she was too enthusiastic in front of Ye Feng. This made her very unhappy.

Feng Jingyi finished ordering very quickly, and she had already ordered enough for three people. She didn't give Xu Man any chance at all.

Moreover, Ye Feng noticed that the dishes she ordered were all his favorite dishes. Was this just a coincidence? Or had she already thoroughly studied his taste?

The corners of his mouth curled up slightly. It was a little interesting.

Feng Jingyi became more excited when she saw his smile.

“I haven't been in the company for long, but I often hear my colleagues mention Mr. Ye's name. At that time, I thought they were exaggerating. But when I saw Mr. Ye today, I realized that their words were too weak. They didn't describe even a ten-thousandth of your elegance.”

If this flattery came from a man, Ye Feng might feel that it was a little greasy.

However, when these words were said by an extremely charming woman, even though he knew that she was deliberately flattering him, it still made him feel very good.

“Sister Man, where did you hire this assistant? You might as well let her follow me in the future,” Ye Feng faced Xu Man and joked.

Feng Jingyi immediately revealed an expectant expression.

However, Xu Man shook her head. “Give up. Assistant Feng is so capable. She has already become my right-hand man. If she leaves, where can I find such a good assistant?”

Ye Feng pursed his lips: “Then forget it.”

Feng Jingyi really wanted to get up and shout, “I agree!” but she knew what to do and held back.

She had always wanted to prove that she was not only good-looking but also capable. But at this moment, she hated herself for being so capable.

No matter how capable she was, how could she feel more accomplished than conquering such a big shot? Moreover, it was such a young and handsome super big shot.

At this time, the waiter served the dishes. Ye Feng and Xu Man were chatting.

Feng Jingyi secretly observed him, finding him even more charming.

Although Ye Feng did not look at her, he could feel her gaze and could not help but sigh in his heart. This assistant that Sister Man found seemed to be a little infatuated.

“Sister Man, how long do you plan to stay in Yang Cheng this time?”

“Sigh, we don’t know yet. This matter is a bit tricky, but we’ve already made preparations for a long period of time.”

Xu Man sighed, her face filled with helplessness.

Ye Feng held her small hand and squeezed it gently. “Sister Man, although I hope that you can solve the problem independently, if you really encounter a problem that you can’t solve, you can tell me. You can always trust me.”

His voice was gentle and filled with confidence.

Feng Jingyi’s eyes were filled with love as she became more and more infatuated.

However, Xu Man was different from her. Her pretty face immediately turned red and she wanted to pull her hand away.

But Ye Feng held her hand tightly. He even scratched her palm.

Xu Man was teased by him in front of her assistant. She was embarrassed and angry, so she opened her mouth and bit him.

Ye Feng felt pain from the bite. He immediately let go of her hand and flicked her smooth forehead. "Are you a dog? I said I'm going to help you, but you're actually biting Lu Dongbin. Don't you know the heart of a good person?"

Xu Man rubbed her forehead and glared at him angrily. "I only bite some lechers with ulterior motives."

Ye Feng was about to continue teasing her.

At this moment, Xu Man's phone suddenly rang.

She didn't know what the other party said, but her expression suddenly changed. After hanging up the phone, she didn't say anything for a long time.

Facing Ye Feng's question, Xu Man hesitated. In fact, she did not want to ask Ye Feng for help. That would make her seem too useless.

However, Feng Jingyi didn't have that many concerns and immediately interjected, "It's probably Mi Na from Fei Tian Security causing trouble again, right?"

Ye Feng then looked at Xu Man. Seeing that she did not deny it, he asked again: "What happened?"

He knew that with Xu Man's personality, she wouldn't easily complain to him, so he simply looked at Feng Jingyi.

Feng Jingyi suppressed the joy in her heart and hurriedly explained to him, "This Mi Na is the CEO of Fei Tian Security. Recently, she has been deliberately going against Sister Man. She has already stolen a few of our clients and even poached quite a number of people from our company. We came to Yang Cheng this time to resolve this matter."

Ye Feng was a little worried. "Sister Man, what happened?"

Chapter 770 - 770 Am I Such a Violent Person?

770 Am I Such a Violent Person?

Ye Feng asked calmly, "What conflict does this woman have with Sister Man?"

Feng Jingyi glanced at Xu Man and replied awkwardly, "Mi Na's boyfriend seems to be interested in Sister Man. In order to show his goodwill to Sister Man, he even secretly pulled clients for our company. Mi Na probably found out about it, right?"

Xu Man was afraid that Ye Feng would misunderstand, so she hurriedly explained, "I haven't even spoken much to her boyfriend, I've only met him a few times in public. All of this is... They're all..."

Ye Feng nodded. "I know, it's all his wishful thinking, I believe you."

Only then did Xu Man heave a sigh of relief. She was afraid that Ye Feng would misunderstand that she was a promiscuous woman. Then, she would really want to die.

Ye Feng's fingers tapped on the table twice. "This means that this Mi Na is quite arrogant. She doesn't care about her own boyfriend but came to make things difficult for others?"

Feng Jingyi immediately nodded. "She's indeed very arrogant. She's already famous in the Zhonghai stock market. However, because of her father, no one dares to offend her."

Ye Feng raised his eyebrows. "Who is her father?"

Feng Jingyi quickly replied, "Mi Ziqiang. I heard that he's very popular in Yang Cheng. He's worth billions."

Ye Feng smiled, he had a few billion yuan worth of wealth, he dared to say that he could eat well in Yang Cheng?

However, he could understand the mentality of those companies. After all, Zhonghai was a small city, so they naturally had a sense of respect for a big city like Yang Cheng.

They felt that those who could stand here were all big shots that they could not afford to offend.

Xu Manman saw that Feng Jingli had already told him everything, so she did not hide anything. "I just received a call from the company's Business Department. They said that a big client we were talking about recently suddenly stopped working with us. They also said that Fei Tian Security offered better terms."

Feng Jingyi gritted her teeth. "It must be Mi Na again. What does she want? Does she really want to poach all of our clients?"

Xu Man also frowned and could not find a countermeasure for a moment.

At this time, Ye Feng suddenly asked, "Where is this client now?"

Xu Man did not know what he wanted to do, but she still told him the truth. "It's in Yang Cheng."

Ye Feng immediately stood up. "Let's go, bring me to see him."

Xu Man was afraid that he would cause trouble and hurriedly pulled him back. "Xiao Feng, don't be rash. It's the customer's freedom to choose which company..."

Ye Feng gave her a gentle smile. "Don't worry, am I such a violent person? I just want to have a friendly conversation with them."

Xu Man saw that he had spoken so, and only then did she feel relieved.

Ye Feng went to settle the bill first, then he walked out of the restaurant with the two of them.

When Feng Jingyi saw the cool and outrageous car that Ye Feng was driving in, she exclaimed, "Ah, President Ye, is this your car? Wasn't this too beautiful? I... Can I touch it?"

Ye Feng did not know whether to laugh or cry at this woman. "It's alright, feel free to touch it."

Feng Jingyi actually stepped forward and carefully caressed the car, her eyes filled with uncontrollable excitement.

When Xu Man saw this car, she was also amazed.

She was driving a Tesla Model S today, even though it was a car that was worth close to a million dollars, it was nothing compared to Ye Feng's car.

"Sister Man, I still have two cars left in Zhonghai. One is a Ferrari Enzo, and the other is a Lykan. If you want to drive, you can go to my garage to get them anytime," Ye Feng said as he handed the keys to his house to Xu Man.

"Thanks." Xu Man did not stand on ceremony with him and directly took the key.

Feng Jingyi, who was standing at the side, was stunned. Whether it was a Ferrari Enzo or a Lykan, they were both luxury cars worth tens of millions.

But Ye Feng casually lent it to someone else, as if he was not lending a luxury car, but a bicycle.

At the same time, she was shocked, and she was also jealous of Xu Man. She was even more determined to cling onto Ye Feng.

After Xu Man kept the keys, she called out to her, "Let's go. We'll lead the way in front and let him follow behind."

However, Feng Jingyi didn't get into her car. "Sister Man, I want to ride in President Ye's car. I've never sat in such a cool sports car before. I really want to experience it."

Xu Man frowned slightly, but she didn't say anything in the end. She got into her Tesla alone.

Feng Jingyi then turned to look at Ye Feng, her beautiful eyes were filled with temptation. "President Ye, you have to drive slowly, I'm scared."

Ye Feng felt a headache coming on. He did not say anything and sat in the driver's seat.

Feng Jingyi hurriedly followed him into the passenger seat. As she was wearing a spaghetti strap short skirt, the moment she sat down, the skirt immediately moved up, revealing two fair and round thighs.

He did not know if she did it on purpose, but she could not fasten her seatbelt after a long time. She could only look helpless as she asked Ye Feng for help. "President Ye, how do I fasten my seatbelt? Please help me."

Ye Feng had no choice but to help her fasten her seatbelt. A fragrance immediately rushed into his nose.

He couldn't take it anymore. This woman was obviously seducing him on purpose, but he didn't want to reject her. He even enjoyed it a little.

At this moment, Xu Man's car had already left, so he could only quickly follow.

Feng Jingyi propped her chin up and looked at him in a daze, not hiding her infatuated side at all.

After a while, she suddenly said, "President Ye, why don't you just keep me as your mistress?"

Ye Feng's hand trembled. He almost drove the car into the green belt.
