Chapter 771 - 771 Are You Joking?

“Assistant Feng, are you joking?”

Ye Feng hurriedly steadied himself and glanced at her snow-white thighs.

Feng Jingyi noticed his gaze and was secretly delighted. Indeed, men were all animals who did not mean what they said.

“That depends on how you understand it, Mr. Ye. If you think it’s a joke, then it’s a joke. If you think it’s true, then it’s true. I’ll listen to your orders.”

She directly put on such an appearance that she was willing to do anything. It made Ye Feng feel a little awkward.

It had been less than an hour since the two of them met. He was a little uncomfortable to talk about such an in-depth topic now.

However, if he were to reject her just like that, he would feel a little unwilling. Although this woman’s looks were slightly inferior to Xu Man’s, she was still flirtatious enough.

He could even imagine how fierce this woman was in that aspect.

“Assistant Feng, I think...”

“President Ye, you don’t have to make a decision now. You can think about it. When you’ve thought it through, call me.”

Feng Jingyi seemed to have understood his concerns. She said in an understanding tone, then added, “Don’t worry, my body is still clean. Although I want to use my body to exchange for resources, ordinary men are not worthy of my attention.”

After hearing her honest words, Ye Feng’s impression of her increased.

He did not despise women who wanted to rely on their bodies to get to the top. Their bodies were also a kind of resource, not much different from their education and ability.

He just hated those green tea b*tches who wanted to rely on men to get to the top but disguised themselves as a saintesses.

Feng Jingyi was so straightforward about what she wanted and what she could give, how good was that?

“Alright, I will consider your proposal seriously.”

Ye Feng said the word 'seriously' very seriously. It could be seen that he was serious.

Feng Jingyi's face broke into a smile. She suddenly grabbed his hand and placed it on her thigh.

Ye Feng subconsciously wanted to pull his hand away.

Feng Jingyi spoke again. "Even if you go to the store to buy clothes, don't you have to look at the style and feel the material? Only then can you judge if the flowers are worth it."

Ye Feng cursed 'demoness' in his heart, he wished he could stop the car and kill her right now.

Fortunately, he had not lost his mind. He only experienced it for a moment before withdrawing his hand.

"Not bad, very fresh!"

He gave an objective evaluation.

Feng Jingyi giggled. "Do you think this is pork? Who would comment on a girl like that?"

Ye Feng turned around and glanced at her: "Pork is not as expensive as you. Tell me, what do you want?"

Feng Jingyi smiled flirtatiously. "Don't worry, I won't take the initiative to ask you for anything. Everything is up to you. What price do you think I'm worth? You'll give it to me even without me asking, right?"

Ye Feng could not help but nod in praise, "Smart."

Many women who wanted to get close to a rich man would first put a price on it, asking for a house, a car, and money. Little did they know that this would actually put them at a disadvantage.

It was a smart move to let the man decide the price like Feng Jingyi did.

Of course, that would have to be met with a generous person like him. If it was some petty man, they might really want to do it for free.

However, this kind of man would be eliminated by her in the first round.

About twenty minutes later, they arrived at a hotel called Windsor Man.

Xu Man got out of the car first and called the client, then she turned around and said to Ye Feng: "I made an appointment with him to wait for him at the café downstairs."

Ye Feng nodded his head and said nothing.

The three of them then found a conspicuous spot in the café and sat down, Ye Feng and Xu Man sat at one side while Feng Jingyi sat opposite them.

Ye Feng had just taken two sips of coffee when he felt a small foot suddenly reaching over and rubbing against his legs.

He looked up and saw Feng Jingyi looking at him with a charming smile.

“Cough, cough...”

He hurriedly coughed twice to remind her to be careful.

Although he and Xu Man weren't boyfriend and girlfriend, it would still be a little awkward if she found out.

However, not only did the woman not stop, she even pushed her luck and began to climb up his legs...

Ye Feng's lips curled into a smirk. He immediately tightened his legs.

“Ah...”

Feng Jingyi suddenly cried out, spilling the coffee in her hand.

Xu Man looked at her unhappily. “Jingyi, what’s wrong?”

Feng Jingyi quickly shook her head. “Nothing, suddenly... I remembered something.”

As she said this, she tried to pull her leg away, but Ye Feng was gripping it tightly. She could not pull it out, so she gave up.

Fortunately, that client quickly arrived, Ye Feng spared her.

The client was a greasy middle-aged man in his fifties. He had a Mediterranean hairstyle and looked at Xu Man and Feng Jingyi with an unspeakable sense of wretchedness.

“Director Xu, why did you come here personally?”

As soon as he walked over, he took the initiative to extend his hand.

Although Xu Man was a little resistant, she still shook his hand and quickly withdrew it. "I just received news that President Wang intends to terminate our cooperation? So I wanted to find out what happened."

The greasy middle-aged man sat down next to Feng Jingyi and glanced at her thigh before looking up at Xu Man. "It's nothing much. The main thing is that Fei Tian Security's offer is better. We're out to do business, so of course, we'll work with whoever offers better conditions."

Xu Man frowned, "What conditions did Mi Na give you?"

The man picked up the coffee and took a sip. "This involves trade secrets, so it's not convenient to disclose it to Director Xu."

Xu Man was silent for a moment before she continued, "We, Dong'an Security, are very sincere. We hope that President Wang will reconsider. We are also willing to make some concessions to you."

The man raised his eyebrows and suddenly became interested. "That depends on how sincere Director Xu is."

Chapter 772 - 772 Sorry, My Brother Is Too Impolite

Although the man's gaze made Xu Man very disgusted, she still said patiently, "We can reduce the commission. You know that our commission is already very low. This is enough to show our sincerity to you."

The man smiled noncommittally. "Is this Director Xu's sincerity? Do you think I care about the commission?"

Xu Man suppressed the frustration in her heart and tried her best to maintain a smile. "Then tell me, what should we do to be sincere? Tell us and we will try our best to satisfy you."

The man rubbed his chin and smiled wretchedly. "This place is not suitable for in-depth communication. If Director Xu is really sincere, you can come to my room later. I'll tell you what sincerity is."

As he spoke, he took out a room card from his pocket and pushed it in front of Xu Man.

Xu Man's expression immediately darkened. "President Wang, what do you mean by this?"

The man laughed shamelessly. "Director Xu, we're all here to make a living. Why are you pretending to be ignorant? If you want to keep a big client like us, how can you not give us anything?"

As he spoke, he looked at Feng Jingyi, who was beside her. "If it's not convenient for you, you can ask your assistant to talk to me. Of course, if the two of you come together, we might have a better conversation, haha..."

How could the two girls not hear his vulgar request? They were so angry that their faces turned pale.

However, they were women after all. They really did not know how to deal with such a disgusting man.

Right at this time, Ye Feng who had been silent all this time suddenly spoke: "How about I come and talk to you?"

The man glanced at him and was a little unhappy. "Director Xu, is this your employee? Why doesn't he know the rules? I'm talking to Director Xu. Do you have the right to talk?"

The smile on Ye Feng's face grew wider. "Yes, yes, yes, I said too much. How about this? I'll replace the wine with coffee to apologize to you."

As he spoke, he slowly picked up the cup of coffee.

The man did not buy it at all. "Who do you think you are? Are you even worthy of toasting me? Not everyone has the right to apologize to me. If you want to apologize, Director Xu will come to me tonight. I'll take my leave first."

After saying that, he got up and left.

Right at this time, Ye Feng who had been smiling suddenly turned hostile. He grabbed his remaining hair.

"Old thing, did I give you face? Since you refused to accept the toast, then you'll have to drink the forfeit."

Before he could finish, the cup of coffee was splashed on his face.

The coffee was still a little hot, and the man immediately screamed.

Xu Man and Feng Jingyi did not expect such a sudden turn of events. They were so frightened that their faces turned pale.

Even the customers who were drinking coffee were shocked by the sudden change.

The coffee shop owner walked over quickly. "What are you doing..."

Ye Feng raised his head and glared at him. "Scram!"

The boss met his cold gaze and immediately shivered. He quickly left this troublesome place.

"You... You b*stard, how dare you hit me? Let me tell you, you're dead meat..."

Ye Feng's smile grew wider. "Your mouth is a little smelly. Let me help you rinse your mouth."

As he spoke, he grabbed Xu Man and Feng Jingyi's coffee and poured them into his mouth.

When he drank the last cup, he even spat into it.

The man immediately choked and coughed violently, his body struggling non-stop. But because his head was pressed against the sofa by Ye Feng, he could not break free at all.

"B*stard, I will definitely kill you today..."

The more he scolded, the worse Ye Feng's smile. "It seems that coffee alone can't cure your bad breath, so let's change it."

As he spoke, he crushed a coffee cup and stuffed a handful of broken pieces into his mouth.

"Oh, oh—"

The man struggled more and more violently, and blood began to flow out of his mouth.

The two girls at the side were so scared that they hid further away.

The man finally couldn't take it anymore, and his eyes revealed a pleading look.

Only then did Ye Feng let go of him. "Is your smelly mouth cured now?"

The man hurriedly spat out the fragments in his mouth. Each fragment was stained with blood and looked very scary. "Al, alright..."

Ye Feng then sat back in his seat, "That's good. Answer whatever Director Xu asks you next. If you dare to say that kind of nonsense again, I have a way to cure bad breath. If you don't believe me, you can give it a try."

The man shook his head like a wavy drum. "I won't dare to do it again. I won't dare to do it again."

Ye Feng tilted his head and looked at Xu Man. He had a boy-next-door smile on his face. "Sister Man, continue asking."

After this incident, Feng Jingyi looked at him with even more infatuation. He was so manly just now, so charming.

Xu Man also looked at him deeply before she sat back down and smiled apologetically at the man. "I'm sorry. My brother was too rude. I hope you don't take it to heart."

The man hurriedly waved his hand, not daring to do so. "It's nothing, it's nothing."

However, he wanted to cry in his heart. Was this called being rude? This was inhumane, alright?

With so many glass shards stuffed into his mouth, if he hadn't begged for mercy so quickly, his tongue would probably have been cut off.

Feng Jingyi immediately took out her phone and prepared to record.

Xu Man continued to ask, "President Wang, what exactly did they offer you? Can you tell me the truth?"

The man did not dare to hide anything anymore and replied hurriedly, "The condition that President Mi gave me was that she would not charge any commission and promised to bring me a return of no less than 30% every year..."

When Xu Man and Feng Jingyi heard this, they immediately looked at each other, their faces filled with shock.

"How is this possible?"

They could accept the fact that they did not charge a commission. After all, they had to pay a price to poach their customers.

However, Fei Tian Security actually dared to promise that it could bring customers a return of no less than 30% every year. This was a little exaggerated.

As far as they knew, on average in the past years, Fei Tian Security could only bring customers a return of more than 10%.

Now, they actually dared to make such a promise. Were they spouting nonsense or did they have something to rely on?

Xu Man asked a few more questions. Seeing that she could not ask any more, she could only nod. "Thank you for telling me the truth, President Wang. You can leave now."

The man hurriedly looked at Ye Feng's expression.

"Get lost." Ye Feng waved his hand in disgust.

Only then did the man escape as if he had been pardoned.

Xu Man then told Ye Feng her doubts.

After Ye Feng heard this, he could not help but frown. "In other words, the 30% return rate that Fei Tian Security promised is unrealistic?"

Feng Jingyi quickly interrupted, "That's right, our Dong'an Security's performance is already very good. The annual return rate we can bring to our clients is not more than 20%. As for more than 30%, that's simply a fantasy."

Ye Feng pondered for a moment. "Then there is only one explanation, Fei Tian Security might be raising funds illegally. After receiving the client's funds, they will not invest them in the stock market but use them for other purposes."

Chapter 773 - 773 Slap In the Face, A Blatant Slap In the Face!

Xu Man and Feng Jingyi were shocked. "But this is illegal."

Ye Feng smiled lightly. "When there is enough profit, it is enough for people to take risks."

Xu Man thought carefully for a moment. She felt that Ye Feng's guess might be correct. "Then what should we do now?"

Ye Feng slowly stood up. "Wait a moment, I will make a call first."

After a moment, he returned. "Let's go. Let's go talk to them."

Xu Man was stunned. "Who are we looking for?"

Ye Feng knocked on her smooth forehead. "Whoever stole your client, go find them."

Xu Man's face turned red and her heart raced at his doting action. She hurriedly whispered an "oh" and walked out first.

Feng Jingyi saw this scene and felt a little jealous. However, she immediately reminded herself to correct her position.

Not to mention that Ye Feng had not agreed to keep her, even if he did, she was just a canary. She had no right to be jealous.

If she did not recognize this, it would only arouse his disgust.

The three of them then rushed to the headquarters of Fei Tian Security in Yang Cheng.

When the receptionist saw the three of them walk in, she hurriedly stood up and asked, "Who are you looking for?"

"Is your President Mi here?" Xu Man immediately went straight to the point.

“Our President Mi is in a meeting. Do you have an appointment? You can’t go in. If you don’t stop, I’m going to call security...”

Before the receptionist could finish asking, Ye Feng had already rushed in. Xu Man and the other could only follow.

The three of them rushed to the meeting room.

Ye Feng did not knock on the door. He pushed it open and entered.

There was a group of people sitting in the conference room, discussing something.

Seeing someone suddenly barge in, a man near the door stood up unhappily. “What do you do? Don’t you know we’re in a meeting? Who let you in...”

Ye Feng pressed down on his head and pushed him.

The man took a few steps back and slammed into the conference table. Although his face was still filled with anger, he did not dare to go forward.

“Who is Mi Na?”

Ye Feng looked around and finally stopped at the face of a woman sitting at the front.

The woman was less than thirty years old, and her looks could only be said to be above average. However, she was very good at dressing up, which added a few points to her looks.

“I am. Why are you looking for me?”

This woman had the demeanor of a general, even though she was facing Ye Feng’s overbearing attitude, she could still maintain her composure.

At this moment, Xu Man and Feng Jingyi caught up.

Mi Na saw the two of them and immediately revealed a look of realization. “So it’s Director Xu who came to denounce us? I thought we were kidnapped.”

Xu Man calmed her breathing and walked to the front. “Mi Na, let them out first. I have something to ask you.”

Mi Na smiled calmly. “Everyone in the conference room is the backbone of our company. If you have anything to say, you can say it in front of them.”

Xu Man slowly sat across from her. “But what I’m going to say next might involve some of your unspeakable secrets. Are you sure you want them to hear it?”

Mi Na instantly laughed out loud. “What a joke. I, Mi Na, have always been aboveboard in my actions. What can I not let others know? You don’t have to be mysterious. If you have anything to say, say it quickly. We still have important things to do.”

Xu Man didn’t bother to beat around the bush and went straight to the point. “You’ve poached a lot of my clients recently. Aren’t you going a little overboard?”

Mi Na pursed her lips and smiled. “There’s something wrong with what you said. What do you mean by poaching your client? The client is there. Whoever offers better conditions will be chosen. Is there a need to poach them?”

Xu Man glared at her angrily. “That’s exactly what I wanted to ask you. You promised them that you would bring them a return of more than 30% every year. Can you really do it?”

As soon as she said this, Mi Na’s expression changed drastically. “You... who did you hear that from?”

The other people in the meeting room also began to discuss animatedly.

“What is it? Did I hear wrongly? 30% return? Isn’t this a little too exaggerated?”

“President Mi never told us about this. Is this a promise she made to the client privately?”

“Isn’t this nonsense? In the past, we could only achieve a return of about 15% at most. How could 30% be possible?”

“If she really makes such a promise and can’t keep it, it will ruin the reputation of our Fei Tian Security.”

When Xu Man heard the crowd’s discussion, she immediately smiled. “It looks like these loyal officials of yours don’t know the promise you made to your client.”

Mi Na immediately denied it. “I’ve never promised my clients a 30% return. Don’t slander me...”

Before she could finish, Feng Jingyi, who was standing behind Xu Man, suddenly took out her phone and played the video she had just recorded.

“President Wang, what kind of conditions did they give you? Can you tell me the truth?”

“President Mi’s condition for me is that she doesn’t take any commission and promises to bring me a return rate of no less than 30% every year.”

“You trust her that much?”

“Of course, we signed a confidentiality agreement. If she can’t do it, she will compensate me privately.”

“...”

Slap in the face, a clear slap in the face!

Chapter 774 - 774 What Do You Want?

When Mi Na saw the man in the video, her expression became even uglier. She knew that she could no longer hide it, so she simply nodded and admitted it.

“Yes, I did promise them that I would bring them no less than 30% return every year.”

As soon as she said this, the executives of Fei Tian Security immediately exploded.

“What is it? This was actually true? President Mi, what exactly are you thinking?”

“Yeah, a 30% return rate is simply impossible.”

“Why didn’t you discuss it with us? How could he make such a promise to a client? You have to give us an explanation.”

“Do you still care about the company? What do you take the company for?”

Everyone was agitated as they questioned her.

Mi Na waited for them to vent their anger before she replied calmly, “Since I dared to make a promise, I naturally have my reasons. You don’t need to know. If I can’t do it by then, I’ll naturally give everyone an explanation.”

There was no lack of people who were dissatisfied with her in Fei Tian Security, and they immediately raised a ruckus.

“What are you talking about? What do you mean we don’t need to know? You’re not putting us in your eyes.”

“We’re all higher-ups of the company. Even we don’t have the right to know? Then who is qualified?”

“Give us an explanation. I want to hear what explanation you can give us when the time comes.”

“You must speak clearly today, or we won’t agree.”

“Yes, I won’t agree to it.”

Mi Na's face turned uglier and uglier as she faced everyone's questions. She could only glare at Xu Man hatefully. "Are you satisfied now?"

Xu Man sat there calmly. "What does this have to do with me? You were the one who made a promise to the client that you couldn't keep behind the company's higher-ups. You're really willing to pay any price to poach my clients."

Mi Na couldn't help but laugh coldly. "Just because you can't do it doesn't mean I can't. I'm telling you today that if I can't do what I promised next year, I'll automatically take the blame and resign."

The executives of Fei Tian Security immediately looked at each other. They didn't expect her to make such a military pledge. It seemed that she was really confident.

But then, a doubt arose. Where did she get this confidence from?

Even the top domestic security companies couldn't guarantee a return of more than 30% for their clients.

Just as everyone was puzzled, Ye Feng suddenly received a message. After reading it, he revealed a playful smile.

"Actually, it's not difficult to bring customers a return of more than 30%. If it was done properly, it's not impossible to get a 200% return!"

He pulled out a chair and sat down next to Xu Man.

When everyone heard his words, they all started to criticize him.

“Where did this madman come from? How could he say such crazy words?”

“Haha, a 200% return? Do you think money comes from the wind?”

“There are risks in the stock market. It’s already a blessing to have a 20% return rate. Are you dreaming?”

“Even Warren Buffett has never exceeded 50%.”

Ye Feng faced everyone’s attacks, his expression did not change. “If it was just a normal operation, of course it would not have such a high return rate. However, if it was an unconventional operation, that might not be the case.”

Someone immediately questioned, “Oh? Then we’d like to hear your unconventional operation.”

Ye Feng glanced at Mi Na who was sitting opposite him. “I wonder if President Mi wants to hear it?”

Mi Na's expression was extremely ugly. "Alright, then tell me."

Ye Feng had a faint smile on his face. "If it were me, I would gather the funds of these clients and use them elsewhere..."

Before he could finish, someone interrupted him.

"This is illegal fund-raising. It's illegal."

"I thought he had some brilliant methods. I didn't expect it to be illegal fund-raising."

"Even if you do, how can you guarantee that you will make money?"

"That's right. If we lose money in other businesses, how are we going to explain it to our customers?"

Even though they could not understand the deeper meaning behind Ye Feng's words, Mi Na's expression changed drastically, and she was even a little afraid. "Who are you? Who sent you here?"

Ye Feng looked at her blankly. "What does President Mi mean? I'm just telling you about my investment plan. Why are you so excited?"

Mi Na stood up and shouted outside, "Where's the security? Chase this person out."

There were already a few security guards waiting outside the door. When they heard her order, they immediately rushed in.

"Sir, please leave immediately. Otherwise, don't blame us for being rude."

The security captain immediately glared at Ye Feng.

Ye Feng was still sitting calmly, looking at the furious Mi Na. "What is President Mi doing? Could it be that I was right and you're angry out of embarrassment?"

Mi Na didn't want to listen to him anymore. She immediately shouted at the security guards, "Do you still want to work? Hurry up and throw him out!"

The security captain did not waste any more time. He grabbed Ye Feng first.

But before he could reach out, Ye Feng's hand had already reached out like lightning and grabbed his collar.

He didn't use much strength, but with a slight shake of his hand, the security captain was thrown out.

The remaining few security guards were still in a daze. Ye Feng continued to do the same thing, throwing them out one by one and then closing the door with a bang.

Everyone in the conference room was dumbfounded by this scene.

The security guards of Fei Tian Security were all hired from the best security company in Yang Cheng. Every one of them was experienced. In Ye Feng's hands, they were the same as a group of chicks.

This time, no one dared to underestimate this young man.

Ye Feng clapped his hands and sat back down, smiling at Mi Na. "Let's continue?"

Mi Na fell back into her chair and looked at him in horror. "You... What exactly do you want?"

Hearing Mi Na admit defeat, Ye Feng took the opportunity to raise his request, "Actually, what I want is very simple, I want you to return all the clients that you robbed from Dong'an Security, this shouldn't be too much, right?"

Mi Na was still struggling. "It's the client's freedom to choose which company to invest in. I can't control it..."

Feng Jingyi immediately sneered. "You can lie to others with your words. If you didn't promise them a 30% annual return, would they choose Fei Tian?"

Mi Na immediately fell silent, calculating in her heart.

If she really returned those clients to Dong'an Security, the higher-ups of Fei Tian Security would not let her off. It was very likely that she would not be able to keep her position as CEO.

She was thinking about how to get away with it first and then think of other ways.

At this time, Ye Feng spoke again: "My patience is limited. If you still want to play any tricks, then I don't mind telling you how you achieved a return rate of more than 200%."

Chapter 775 - 775 Don't Be Shameless

Mi Na's expression changed, she stared coldly at Ye Feng. "You... Let me make a call first."

Ye Feng did not stop her. He allowed her to walk out of the meeting room.

Feng Jingyi was a little worried. "President Ye, we can't let her call. She might call help."

But Ye Feng did not care. "In front of absolute strength, all tricks are useless. I'll let her jump around and see what tricks she could play."

Feng Jingyi was still a little worried, but since he had said so, there was nothing else she could say.

Xu Man had absolute trust in Ye Feng. She allowed him to do whatever he wanted. She believed that he would not disappoint her.

A moment later, Mi Na returned from the phone call and smiled at the three of them. "I can return those customers to you, but I can't make the decision alone. My father will be here soon. Let him settle it."

"Alright, then we'll wait for a while."

Ye Feng leaned on the chair and crossed his legs leisurely. "Sister Man, did you not eat your lunch? Where do you want to eat later? My treat..."

Mi Na looked at his arrogant appearance and couldn't help but sneer in her heart. 'I'll let you be arrogant for a while. When my dad comes, I'll see if you can still be arrogant.'

Ye Feng and the rest did not have to wait for too long. Less than twenty minutes later, a middle-aged man pushed open the door and entered.

The man looked less than sixty years old, and his square face was very dignified.

Behind him were a few men in black suits.

Ye Feng could tell from the way they walked that these people were all martial artists, and their strength was not weak.

The moment that man entered, he looked at Ye Feng and the others, killing intent flashed in his eyes.

When the higher-ups of Fei Tian Security saw him, they came up to greet him respectfully.

“Hello, Mr. Mi...”

“Hello, Mr. Mi...”

Xu Man whispered into Ye Feng’s ear, “This is Mi Na’s father, Mi Ziqiang.”

At this moment, Mi Na also hurriedly stood up. “Dad, you’re here?”

Mi Ziqiang was a little unhappy. “You’re disturbing me over such a small matter? What else can you do?”

In front of her father, Mi Na did not dare to show any dissatisfaction. She hurriedly replied respectfully, "Yes, I am incompetent. Dad, please punish me."

Mi Ziqiang did not look at her anymore. He turned to look at Ye Feng. "You're the one who bullied my daughter?"

As he spoke, he picked up a cigar and puffed out smoke.

Ye Feng had a faint smile on his face. "You can't say that, there are so many people watching, I didn't bully her. On the contrary, it was her who instructed the security guards to attack me just now that frightened me."

All the senior executives present rolled their eyes. Those security guards were thrown out like dead chicks by you, and you're still frightened?

Mi Ziqiang took a puff of his cigar and blew out a column of smoke. "I don't have time to talk nonsense with you. Those customers, we will never return them to you. However, there are some things that we have not done well in this matter. How about this? Take it that I owe you a favor. In the future, if you encounter any problems in Yang Cheng, you can come and find me."

He felt that he was already very sincere. Not only was he able to meet him personally, but he was also willing to owe him a favor. He should be content.

If it wasn't for the fact that he had heard that Dong'an Security had a strong backer and seemed to know some of their secrets, he wouldn't even bother with these three people.

Xu Man was a little angry. "We don't want your favor. We only hope that you can return the customers you poached from us and stop playing such tricks."

Mi Ziqiang's face darkened when he saw that she didn't give him face in public. "I've already given you a lot of face. Don't be ungrateful."

Xu Man ignored his threat. "You were the ones who poached our client first. Why do you make it sound like we're in the wrong?"

Mi Ziqiang snorted coldly. "Why should we return the clients we poached with our own abilities? If you have the ability, poach our customers. If you don't have the ability, then don't force yourself."

Xu Man was so angry that her entire body was trembling. However, when she met such an unreasonable person, she was helpless.

At this time, Ye Feng suddenly patted her shoulder and turned to look at Mi Ziqiang.

"Mi Ziqiang, I've already given you face by sitting down with you today. I don't want to make things big, but if you refuse a toast only to drink a forfeit, then don't blame me for being merciless."

The entire meeting room was so quiet that one could hear a pin drop.

Everyone stared at him blankly. This guy actually dared to threaten Mr. Mi?

“This kid actually dares to speak to Mr. Mi in such a tone? Isn’t this too arrogant?”

“Did he even ask about Mr. Mi’s name? Are you tired of living?”

“I’m sure he didn’t inquire about it, or else even if you give him a hundred guts, he wouldn’t dare to be arrogant in front of Mr. Mi.”

“This brat is dead for sure...”

Chapter 776 - 776 What Do You Mean By Hooligans? Are You Polite?

Not only the executives of Fei Tian Security, even Xu Man and Feng Jingyi were shocked by Ye Feng’s words.

They had all heard that Mi Ziqiang was very powerful in Yang Cheng and seemed to have connections with the Zhongyi Hall.

The reason why Fei Tian Security had entered Zhonghai in less than a year was largely due to Mi Ziqiang’s influence.

Ye Feng had just arrived in Yang Cheng for such a short period of time. How could he offend such a local tyrant?

Including Mi Na, she was also stunned. She looked at Ye Feng in disbelief.

It was fine if this fellow was arrogant in front of her, but now he actually dared to be arrogant in front of her father. Was he overestimating himself or did he have something to rely on?

Mi Ziqiang was so angry that he laughed. "Hahaha, it's been a long time since anyone dared to threaten me. Young man, you're very bold. Do you believe that I can make you unable to survive in Yang Cheng with just one word?"

Ye Feng was still crossing his legs, and he did not care about his threat. "Then do you believe that I can make you unable to survive in Yang Cheng with just a word?"

This time, no one said anything else. They all felt that this guy was no longer arrogant, but really crazy. He could actually say such crazy words.

Mi Ziqiang's expression was gloomy. "Good kid, since you dare to say such big words, let's compete and see who will be the first to make who unable to survive. If I can't even take care of a little brat like you, I won't be able to survive in Yang Cheng in the future."

After saying that, he immediately took out his phone and dialed a number.

The moment the call went through, his originally dignified expression immediately turned into flattery. “Brother, I’ve encountered a troublesome matter here. It’s related to our business. Yes, a little brat who doesn’t know the immensity of heaven and earth...”

This call lasted for more than ten minutes. He was in a kneeling position the entire time, as if he was extremely afraid of the person on the phone.

However, when he hung up the phone, he returned to being a big shot.

Everyone present was shocked by his ability to change his expression. They didn’t expect Mr. Mi to be so arrogant and domineering in front of them, but when facing someone stronger than him, he was like a bootlicker.

However, they didn’t dare to laugh at him. Someone who could make Mi Ziqiang so obsequious must have a powerful background.

Xu Man and Feng Jingyi looked at Ye Feng worriedly, not knowing what to do.

But Ye Feng was still as calm as an old dog. He only took out his phone and sent two short messages before he did nothing else.

“Xiao Feng, do you want to find more friends? I’m afraid that if...”

Seeing that he was so indifferent, Xu Man immediately felt a little uneasy.

They had already completely fallen out with Mi Ziqiang. If they didn't have the confidence to settle this, they would be harmed instead.

Ye Feng rubbed her head. "Don't worry, leave it to me, you just need to sit here and watch the show."

Xu Man did not know why, but when she saw his calm appearance, her heart immediately calmed down.

Even Feng Jingyi who was at the side also calmed down. Her gaze toward Ye Feng became even more infatuated.

Mi Ziqiang saw that he could still sit still at this time and immediately sneered, "Kid, you're already on the verge of death, and you still dare to pretend here? You probably don't know who I've found, right? I'm not afraid to tell you that I'm looking for someone from Zhongyi Hall. You should have heard of it, right?"

Everyone's expression changed drastically.

Although this organization was not as famous as Gao Hu's group, it was still quite famous in Yang Cheng.

He didn't expect Mi Ziqiang to find someone from Zhongyi Hall. This matter wouldn't end so easily.

Mi Na looked at Xu Man smugly. "I gave you a chance to leave before. You were the ones who wanted to die. You can't blame me."

Xu Man and Feng Jingyi were so scared that their faces turned pale. They quickly looked at Ye Feng.

However, Ye Feng was still as calm as before, he did not show any fear. "Zhongyi Hall? It sounds familiar. What do they do?"

Mi Ziqiang laughed out loud. "You don't even know what the Zhongyi Hall is for, and you dare to behave atrociously in my place? Then I'll let you know when you die. Zhongyi Hall is second only to Boss Gao and his people in Yang Cheng. Do you understand?"

He thought that Ye Feng would be scared out of his wits after hearing this.

However, to his disappointment, the other party still did not have any reaction. He only said, "Oh, so it's a group of small fry?"

"Pfft..."

Everyone was stunned.

This was called small fry? Are you polite?

Everyone looked at Ye Feng as if he was an idiot. They did not know if this guy was really an idiot or just acting dumb.

Ye Feng did not care about their gazes. He only smiled at Mi Ziqiang. "Since you found people from Zhongyi Hall to settle the business dispute, then I am not breaking the rules by finding Gao Hu's people, right?"

Mi Ziqiang's smile froze. "You know the people there?"

Ye Feng picked his ears. "Actually, we don't really know each other, but their boss came to me two days ago to apologize. Because it was a misunderstanding, I didn't bother with them."

After he finished speaking, the meeting room immediately erupted in laughter.

"This kid is bragging. Boss Gao came to apologize to him personally? Are you kidding me?"

"That's a fierce person. Why would he apologize to him?"

“He probably peed his pants when he saw Gao Hu, right? You don’t even have a draft when bragging.”

“If the people of the Chaoxin Gang knew that someone was using their name to cause trouble outside, what do you think would happen to this kid?”

“Then, I’m afraid that the outcome will be extremely miserable...”

Chapter 777 - 777 This is the True Appearance of a Fierce Hero!

Mi Ziqiang was shocked when he heard that Ye Feng knew people from the Chaoxin Gang.

Although that organization had suffered a great loss because of Gao Junming’s death, a starving camel was still bigger than a horse.

Although Zhongyi Hall had developed rapidly in the past few years, they still lacked confidence when facing the other party.

If the other party really knew someone from that organization, it would be really troublesome.

However, when he heard what he added, he immediately snorted. “Kid, do you know what it means to say too much? You bragged too much, and Boss Gao came to apologize to you? Haha, I’m dying of laughter.”

When he smiled, the others naturally followed suit.

Ye Feng ignored everyone's mockery, he only smiled lightly. "Whether it's true or not, you will know later."

The smile on Mi Ziqiang's face disappeared immediately. "Don't say that the people from that organization won't come. So what if they really come? Boss Gao and his men are already in their twilight years. If I give them the courage, would they dare to touch a single hair on my head?"

Everyone from Fei Tian Security was secretly shocked.

They knew that Mi Ziqiang was powerful in Yang Cheng, but they didn't expect him to be so powerful that he didn't even care about Boss Gao and the others.

"That's right. So what if Boss Gao and his gang are here? Even if they saw Mr. Mi, they would be scared shitless."

"Gao Hu doesn't even have the right to carry Mr. Mi's shoes, and he wants to use them to scare us?"

"Boss Gao and the others probably don't even dare to breathe loudly when they see the people from Zhongyi Hall, right?"

"Who is Mr. Mi? Why would he care about Boss Gao and his group?"

Immediately, a group of bootlickers started to brag to Mi Ziqiang.

Mi Ziqiang was so pleased with himself that he felt like he was looking down on the world.

At this moment, a voice suddenly came from outside. “Hahaha, looks like we’re really in the twilight of our lives. Now, any Tom, Dick, or Harry dares to look down on us?”

Before he could finish his sentence, the door of the conference room was pushed open.

Gao Hu, Xu Biao, and the other members of the Chaoxin Gang slowly walked in.

When Mi Ziqiang saw Gao Hu, he felt a chill run down his spine to his brain, and he shivered. Immediately after, his crotch twitched and he had the urge to defecate.

“Hu... Brother Hu...”

Trembling, he tried to stand up, but halfway through, his legs went soft and he almost fell to the ground.

Meanwhile, Mi Na, who was standing behind him, was so scared that her face turned pale and she almost fainted.

Even if the others didn't recognize Gao Hu, they could already guess the truth from their expressions.

"My God, the people from the Chaoxin Gang are really here? This kid... This gentleman is not lying, right?"

"Moreover, Boss Gao came personally. Isn't this too much face?"

"Why is Mr. Mi so scared? Didn't you say that you weren't afraid of Boss Gao and the others?"

"Sigh, he was bragging. Also, those people who scolded Boss Gao just now, you have to be careful."

Everyone was discussing in low voices, and those who had mocked the Chaoxin Gang earlier were already scared out of their wits. They could only hope that Boss Gao's men didn't hear them. Otherwise, they would be dead meat.

As for Xu Man and Feng Jingyi, they looked at Ye Feng in a daze.

After all, they were people in the business world and were well-informed. Naturally, they knew the name of the Chaoxin Gang.

They didn't expect that he would actually call Boss Gao and the others over. Wasn't this too amazing?

Gao Hu glanced at Mi Ziqiang indifferently. He did not say anything. He turned to look at Ye Feng, and his attitude immediately became respectful. "Mr. Ye, is this old fellow the one who went against you? How do you want to deal with him? I'll definitely help you do it."

Ye Feng was still sitting there with his legs crossed, he said lightly: "Do as you see fit."

Then, he stopped talking.

Gao Hu immediately nodded respectfully. "Yes."

Looking at how obedient he was, he was like Ye Feng's dog.

This shocked everyone present.

Even if the Chaoxin Gang was no good, it was still one of the three underground organizations in Yang Cheng. But their boss was so respectful to Ye Feng. This was unbelievable.

Feng Jingyi looked at Ye Feng's side profile in a daze. The current him was simply too charming.

Especially when he could easily control the fate of many people with a simple sentence like “do as you see fit”. This was the true attitude of an ambitious person!

Gao Hu received Ye Feng’s command and turned to Mi Ziqiang. “Old man, you can offend anyone, but how dare you offend Mr. Ye? Then you can only blame yourself for being blind. Tell me, how do you want to die?”

When Mi Ziqiang heard the words ‘Mr. Ye,’ his expression changed drastically.

He had been busy with business in Japan for some time. When he returned to Yang Cheng these two days, he heard many people talking about Mr. Ye and praising him as omnipotent.

He had always been skeptical about this. Was a young man in his twenties really as powerful as they said? If there was a chance in the future, he had to meet Mr. Ye.

However, he never expected that he would meet Mr. Ye in such a way. Moreover, he had offended Mr. Ye the moment he came.

His daughter had never told him that it was Mr. Ye!

In fact, he had wrongly accused Mi Na. In fact, she did not know the identity of this young man. Otherwise, she would not dare to offend him even if she had a hundred guts.

She was already regretting it so much that her intestines were green. Ye Feng and the others only wanted those clients back at the start. Wouldn't she have just returned them back then?

However, because she had a fluke mentality, she felt that her father would definitely be able to settle this matter.

But now, he had actually forced the father and daughter to their deaths step by step.

Mi Ziqiang quickly calmed down and smiled apologetically, "Brother Hu, I really didn't know that this was Old Mr. Ye. Otherwise, even if I had a hundred guts, I wouldn't dare to offend him..."

When Xu Man and Feng Jingyi heard him calling Ye Feng 'Old Mr. Ye', they almost laughed out loud.

Although he could tell that he meant respect, it was a little funny for a twenty-year-old young man to be called an 'old man' by an old man in his sixties.

Gao Hu didn't want to listen to his nonsense. He reached out and interrupted him. "Alright, stop talking nonsense. Since you don't choose for yourself, I will choose for you. Why don't we just chop it up and feed it to the fish? What do you think?"

Mi Ziqiang almost fainted when he heard that.

"Big Biao, do it!"

Gao Hu didn't say anything and directly waved at Xu Biao.

Xu Biao heard him and immediately walked toward Mi Ziqiang with a machete.

The meeting room immediately turned into a mess. Everyone tried to dodge, but because the door was blocked by the people from the Chaoxin Gang, they could not escape at all, especially Mi Ziqiang's bodyguards, who were not weak. They hid the fastest and disappeared in an instant.

Chapter 778 - 778 I Haven't Seen You For Days. Has Brother Hu Started To Be a Dog for Others?

When Mi Ziqiang saw Xu Biao walking over with a murderous aura, he immediately screamed in despair, "Brother Hu, spare me, Brother Hu! I know I was wrong! I'll give you all my assets! Please let me live!"

However, Gao Hu was unmoved by his pleas. In his eyes, this person was already a dead man.

Mi Ziqiang saw that begging for mercy was futile. He suddenly pulled his daughter behind him and stood in front of him. "Brother Hu, this is all because of this woman. If you want to kill her, then kill her. I don't want to die yet..."

Ye Feng and the rest were stunned by this guy's shamelessness. In order to save his life, he was even willing to sacrifice his own daughter without hesitation.

Mi Na also looked at her father in disbelief. "Dad, how can you say such things?"

Mi Ziqiang stared at her heartlessly. "Did I say something wrong? If you hadn't provoked Mr. Ye first, would all this have happened? You were the one who caused this, so of course you have to bear the consequences. Moreover, I have raised you for so many years and allowed you to enjoy wealth. Now it is time for you to repay my kindness."

Mi Na immediately laughed bitterly. "Haha, I really can't believe that these words came from a father's mouth. Alright, you gave me my life. I'll return it to you now."

After saying that, she turned around and tried to snatch the knife from Xu Biao's hand.

Xu Biao could not understand what was going on. He quickly dodged and looked at Ye Feng for help.

Ye Feng rolled his eyes and suddenly said: "Alright, let's spare their lives today."

Everyone present finally heaved a sigh of relief. Finally, no one had to die.

Everyone felt that this Mr. Ye was quite benevolent.

But Gao Hu knew how ruthless Ye Feng was. This father and daughter pair would never be able to heal the enmity between them. They would only kill each other.

Father and daughter killing each other, what a tragedy.

This Mr. Ye was really ruthless. He was too f*cking ruthless.

An old fox like Mi Ziqiang naturally knew what Ye Feng was planning. He gritted his teeth in hatred.

At this moment, a hooligan's voice suddenly came from outside. "Who are you? How dare you come to my territory to cause trouble? Are you rebelling?"

Then, they saw a man dressed in mink fur walk in, followed by a group of men who were also hooligans.

The man was about forty years old. The most striking feature was a vertical scar on his forehead. At a glance, it looked like an eye.

When Gao Hu saw this person, he immediately sneered, "Three Eyes, long time no see?"

When the man saw Gao Hu, his expression changed slightly. "Gao Hu? What do you want to do by bringing so many people to my territory?"

Gao Hu looked surprised. "So this is your territory? Then this person is also one of your people?"

Then, he pointed at Mi Ziqiang.

Mi Ziqiang rushed over. "Big Brother, you have to help me. They wanted to kill me just now."

Three Eyes' brows immediately furrowed. "Gao Hu, before you attacked him, did you know that he was a member of our Zhongyi Hall?"

Gao Hu nodded. "I heard him."

"Since you know he's from our Zhongyi Hall, you still dare to touch him? Are you not putting our Zhongyi Hall in your eyes?"

Gao Hu didn't back down at all. He just sneered at him. "I just don't put your Zhongyi Hall in my eyes. What can you do to me?"

Three Eyes clenched his fists tightly. "Do you really think that your new generation is like the past? Now that Gao Junming is dead, all of you are just a bunch of trash in my eyes. How dare you act so arrogantly in front of me?"

As soon as he said this, the anger of all the members of the Chaoxin Gang present rose and surged toward him.

The people from Zhongyi Hall also went up to welcome him.

A chaotic battle could be triggered at any time.

Right at this time, Ye Feng, who was still sitting steadily, suddenly spoke: "I don't want to see this kind of killing scene. Put away your weapons."

Gao Hu immediately bowed and agreed, then ordered his subordinates to retreat.

Three Eyes immediately sneered, "What? It's only been a few days since we last met, and Brother Hu has become someone's dog?"

As he spoke, he looked at Ye Feng, his expression changed. "Ye Feng?"

Although he had never seen Ye Feng before, he was not unfamiliar with this person who had been in the limelight recently. He immediately recognized him.

At this moment, Gao Hu walked over and looked at him coldly. "Your people offended Mr. Ye. Since you're here personally, how do you think this matter will be resolved?"

Three Eyes turned around and looked at Mi Ziqiang.

Mi Ziqiang immediately lowered his head in shame. "Boss, I've been busy with our business in Japan for a while now... Business. I just came back these two days, so I didn't recognize Mr. Ye..."

Three Eyes did not wait for him to finish and interrupted him. "Since it's a misunderstanding, can't it be resolved? Anyway, Mr. Ye was safe and sound, so this matter is over."

Gao Hu immediately sneered. "Just because you said so? Mr. Ye was magnanimous and didn't take his life. However, he could avoid the death penalty, but he cannot escape the punishment. At least he has to chop off two of his fingers to make sense, right?"

Three Eyes' face darkened. "Gao Hu, don't go too far. He's my man. It's not your place to teach him a lesson."

Gao Hu nodded. "Alright, I won't touch him. Then you do it yourself and give Mr. Ye an explanation."

Three Eyes snorted coldly. "What's there to explain? I used to think that you, Gao Hu, had some guts, but now you're scared to this extent by a young boy. Are you willing to be someone else's dog? You are afraid of Ye Feng, but I am not."

As he spoke, he turned to look at Ye Feng. "What bullsh*t Mr. Ye? If I give you face, you're Mr. Ye. If I don't give you face, you're nothing."

The meeting room was extremely quiet. Everyone's gaze was on Ye Feng.

Being provoked like this, if he still didn't retaliate, it would be too much of a slap in the face.

Chapter 779 - 779 Please Let Us Live!

Ye Feng slowly stood up and walked toward Three Eyes.

He was a full head taller than Three Eyes, so he had a condescending aura.

"You are the boss of Zhongyi Hall?" His voice was very soft, and there was not a hint of anger in it.

"It's me. What instructions does Mr. Ye have?" Three Eyes had a mocking smile on his face. He didn't take this famous Mr. Ye seriously at all.

"Since you've heard of my name, you should also know the consequences of offending me, right?" Ye Feng still had a smile on his face, as if he was talking to an old friend.

"I heard that Niu Sidun, Gao Junming, and the Ye family all ended up very miserably, so Yang Cheng is very afraid of you now. It was said that those who offended you would not have a good ending." Three Eyes knew his deeds like the back of his hand.

"Since you already know, you still dare to offend me. Do you think that I can't do anything to you?" Ye Feng's voice was filled with threat.

“Hahaha, my Zhongyi Hall has always been in the business of licking blood on the blade. If we were afraid of being threatened, we would have long gone to the northwest. What tricks do you have, Mr. Ye, just use them. If I, Three Eyes, say the word ‘coward’, I’m a son of a b*tch.”

The three-eyed man was still very strong in the face of his threat.

Even the people from Zhongyi Hall looked at the people from Chaoxin Gang with more arrogance.

It seemed to be saying, “Did you see that? Your boss is like a grandson when he sees that surnamed Ye. But our boss is so awe-inspiring.”

As expected, the people from Chaoxin Gang were so ashamed that they couldn’t even lift their heads.

The Chaoxin Gang had always been suppressing Zhongyi Hall, but they had the upper hand today.

They didn’t dare to blame their boss, Gao Hu. They only hoped that Mr. Ye would teach Zhongyi Hall a profound lesson. At least, this would prove that the Chaoxin Gang wasn’t inferior to their Zhongyi Hall.

Ye Feng did not explode immediately. He only glanced at Mi Ziqiang. “As far as I know, Mr. Mi has always been in charge of Zhongyi Hall’s business, right?”

Mi Ziqiang was now backed by his boss, so he became arrogant again. “That’s right. What’s wrong?”

Ye Feng smiled lightly. "And I also heard that you have been managing your business in Japan for some time. This business should be very important, right?"

Three Eyes was getting impatient. "What are you trying to say?"

The smile on Ye Feng's face gradually disappeared. "It just so happens that I have some friends in Japan. As long as I say the word, your business in Japan will go down the drain. You won't be able to get back a single cent. Do you believe me?"

Three Eyes immediately laughed wildly. "Ye, do you think I grew up scared? No matter how far you can reach, can you reach Japan? I really don't believe it. Come, call your friend now. If you can't do it, you're my son."

At the same time, the conference room was buzzing with discussion.

"Isn't this Mr. Ye too good at bragging? No matter how powerful he is in Yang Cheng, how can he control Japan?"

"It's probably to scare the people of Zhongyi Hall, right? Whether you believe it or not, I don't believe it."

"Does he really think of himself as an international tycoon? Do you think the Japanese will buy it?"

“Now that Boss Three Eyes has turned the tables on us, let’s see what he can do.”

Not only them, even Xu Man, Feng Jingyi, and Gao Hu felt that Ye Feng’s words were a little too exaggerated.

But they were on Ye Feng’s side after all. They naturally would not question him openly.

All in all, no one present believed that Ye Feng had such power.

Right at this time, Ye Feng suddenly received a message. After he read it, the smile on his face grew wider.

Three Eyes saw his smile and mocked him again. “What? Don’t tell me you’ve ruined my business in Japan? Mr. Ye was really amazing. A thought is so powerful? I admire you!”

Everyone could hear his mockery, and the group of people from Zhongyi Hall laughed wildly.

At this moment, Mi Ziqiang’s phone suddenly rang. He looked at the caller ID and quickly stopped smiling. He picked up the call.

Immediately after, everyone saw his expression suddenly turn extremely ugly, and then he blurted out a few words in the island's language. At the same time, large beads of sweat rolled down his forehead.

Three Eyes suddenly had a bad feeling. After Mi Ziqiang hung up the phone, he asked impatiently, "What happened?"

Mi Ziqiang did not answer him immediately. He looked at Ye Feng with fear in his eyes.

Three Eyes was so anxious that he wanted to hit him. "What happened? Why don't you tell me?"

Mi Ziqiang came back to his senses and said with trembling lips, "There's news from Japan that our batch of goods has been seized by the Japanese inspection office..."

Three Eyes immediately turned petrified. "Seized? Why would it be seized? Didn't you say that this batch of goods was foolproof?"

Mi Ziqiang hurriedly wiped the sweat from his forehead. "We bribed a few high-level officials of Miyazaki Prefecture this time, and the warehouse is very well-hidden. It's absolutely foolproof. However, those higher-ups were suddenly arrested, and our warehouse was exposed. More than 1 billion yuan worth of goods have all been seized..."

Before he could finish speaking, Three Eyes felt his vision turn black and he almost fainted.

The reason why Zhongyi Hall could rise so quickly in the past few years was because they had secretly gotten in touch with a big shot in the Golden Triangle and helped them transport some shady goods to Japan.

The reason why he poached a large number of Dong'an Security clients was to raise more funds to invest in this business that would definitely make a profit.

But now, everything was over.

When he looked at Ye Feng again, his eyes were filled with fear. He no longer had the arrogance from before. He knelt on the ground with a thud.

"Ye... Mr. Ye, please let us live!"

Chapter 780 - 780 What is a Big Boss?

Three Eyes' kneeling caused everyone present to be somewhat dumbfounded.

He was still very arrogant just now, he did not put Ye Feng in his eyes at all, but now he was actually kneeling down and begging for mercy? His face was simply slapped.

Xu Man and Feng Jingyi looked at each other. They were extremely shocked.

Ye Feng's ability was beyond their imagination.

She felt that this guy was like a cheat. After not seeing him for a few days, he could refresh her knowledge. She was already desperately chasing after him, but why did it feel like she was getting further and further away?

Feng Jingyi was even more confused. If she had known that Ye Feng was this powerful, would she still have the guts to seduce him? Most likely, she would be intimidated by it, right?

Ye Feng did not care about what the others thought. He just looked down at Three Eyes. "It seems like you just said that if you admit defeat today, you will be a son of a b*tch. You're admitting defeat so quickly?"

Three Eyes slapped himself twice. "I'm a son of a b*tch. I only beg Mr. Ye to let me live. I'll be your lackey from now on. I'll bite whoever you want me to bite."

He did not even care about his face anymore. He had bet almost all his money on this business and even borrowed a lot of money. If this business failed, he did not even dare to imagine how serious the consequences would be.

Ye Feng shrugged helplessly. "It's too late. Your goods have been seized. This kind of business of yours will die in the light. You should know this better than me."

Three Eyes immediately collapsed to the ground, his expression dull.

Mi Ziqiang walked over quickly. "Boss, what do we do now? Hurry up and think of a way. Fei Tian Security also misused so many clients' funds. Now it's all gone. What should we do?"

Three Eyes turned to look at him. "B*stard, this is all your fault. If you didn't offend Mr. Ye, would my business be ruined? I'll f*cking kill you..."

As he spoke, he threw Mi Ziqiang to the ground and started to beat him up.

All the people present were watching coldly, but none of them stepped forward to stop them.

Especially Mi Na. She had a gloating expression.

But when she looked at Ye Feng again, her expression was extremely complicated.

This man was young, handsome, and possessed such powerful strength that he could simply make every woman fascinated.

Her boyfriend was already very outstanding, but compared to Mr. Ye, he was not even worthy of carrying his shoes.

It was just that she hated herself for not meeting him earlier. Otherwise, she would have been willing to be his mistress.

Now that she was no longer a virgin, even if she offered herself, Mr. Ye would probably not like her.

“President Mi...”

Just as Mi Na was daydreaming, Ye Feng suddenly turned his head and looked at her.

“What? What orders do you have, Mr. Ye?” Mi Na quickly regained her senses. She thought that Ye Feng had seen through her thoughts. Her face blushed.

“Can you return Sister Man’s clients to her now?”

Ye Feng could not be bothered with her thoughts. He returned to the topic from the beginning.

“Of course. I’ll immediately return all the funds of those clients and tell them the whole story. I’ll double the compensation for the losses that you’ve caused Dong’an Security.”

Mi Na no longer dared to cause trouble and immediately made a series of decisions.

Fortunately, the funds she had gathered this time had not been used in time, or else they would have gone down the drain.

Ye Feng did not look at her again. He turned to look at Xu Man. "Sister Man, are you satisfied with this result?"

A sweet smile appeared on Xu Man's face. "I'm very satisfied, Xiao Feng. Thank you."

Ye Feng flicked her forehead again. "Why are you thanking me? If you continue to speak like an outsider, I'll teach you a lesson."

Xu Man was in so much pain that tears were about to fall, but her heart was sweet. She only lowered her head and blushed as she replied, "Mm."

Mi Na was jealous. This woman was prettier than her and more capable than her.

She didn't expect that her taste in men was a hundred times better than hers. It was really a blow to her.

Ye Feng saw that the matter here was almost settled, he greeted Gao Hu and left with Xu Man and Feng Jingyi.

How incredible was his power to have such a great influence in Japan thousands of miles away?

The higher-ups of Fei Tian Security looked at each other in dismay.

When the three of them had come, none of them had expected things to develop to this stage.

Not only did the father and daughter of the Mi family turn against each other, but their business in Japan was also lost. It could be said that they were in a mess.

And Ye Feng's goal was completed, he left without a care. He was simply too carefree.

What was a big shot? This was what a real big shot was like!

When the three of them walked out of the Fei Tian Security building, they saw a girl in a red lolita dress. She had a lollipop dangling from her mouth, and she was leaning against Ye Feng's car.

"Master, are you satisfied with Jianwu's efficiency?"

When she saw Ye Feng come out, she quickly went up to him.

Actually, before Ye Feng came to Fei Tian Security, he had made two calls.

One was to call Feng Jianwu and ask her to help investigate the background of Fei Tian Security. In the end, he found out that Mi Ziqiang was doing some shady business in Japan.

It could be said that she had contributed a lot to his victory.

“Yes, I’m very satisfied.”

Ye Feng pinched her face that had some baby fat. It felt like water was coming out.

Behind her, Xu Man and Feng Jingyi were both carefully observing this cute-looking girl. They did not know what her relationship with Ye Feng was.

Looking at the intimate movements of the two, their relationship should be very good. Perhaps it was similar to a sibling relationship? But why did she call him ‘Master’? This title was somewhat evil.
