

## **100 Million 801**

Chapter 801 - 801 I'm Just Afraid That You Can't Take It!

801 I'm Just Afraid That You Can't Take It!

Li Rui heard the man's exclamation and immediately walked over.

His fans immediately knew that there would be a good show to watch, they followed behind him, they looked at Ye Feng and the other with gloating gazes.

"This kid is finished. If Master Li Jr. is angry, the consequences will be very serious."

"He really doesn't know the immensity of heaven and earth. He actually doesn't even put Master Li Jr. in his eyes?"

"I've seen many people like this. They just want to scam these famous masters. It doesn't matter if they lose, but if they win, they will become famous overnight."

"Hehe, it's simply a fool's dream to win against Master Li Jr.."

"I'll make him lose until he cries for his parents later..."

Just as everyone was discussing, Li Rui had already walked in front of Ye Feng. "This is really fate, we actually met here."

Ye Feng put his hands in his pockets and looked at him quietly. "Hello, Master Li Jr.."

When he said 'Master Li Jr.', his tone was obviously mocking.

Li Rui's fans were immediately unhappy. This guy was not very respectful to Master Li Jr.

Even Li Rui himself was a little unhappy. He had been regarded as a master of antiques since he was young. No matter where he went, he was respected.

Now, he was actually despised by a nobody. How could he tolerate this?

He had to admit that this kid had a good eye for antiques. He could actually tell the origin of the hairpin. However, in terms of stone gambling, he believed that he had no opponent.

"What do you think? Let's bet two rounds?" He did not waste time. He directly issued a challenge to Ye Feng.

"How?" Ye Feng did not back down, he immediately asked.

“How about this? Each of us will pick ten pieces of completely blocked material, then cut them one by one. Finally, the total price will be calculated, and the highest bidder will win!” Li Rui explained the rules to him.

The surrounding people were already excited. They did not expect to see such a big show today. It seemed that they had made the right choice to come today.

Ye Feng still looked at him calmly. “So what if we win? So what if I lose?”

Li Rui smiled faintly. “Since you want to bet, then bet big. The losing party will have to pay the winning party the total price of the raw stones. In other words, if the winner bids 10 million raw stones, you will pay 10 million. If the winner bids 100 million, you will pay 100 million. How is it? Do you dare to play?”

After hearing his explanation, everyone present became excited.

“D\*mn, this is really a big deal. With Master Li Jr.’s ability, wouldn’t he get hundreds of millions of raw stones?”

“I just don’t know if this kid has that much money to pay for it? Don’t go back on your word when the time comes.”

“We have so many pairs of eyes watching him. If he dares to go back on his word, he can forget about staying in the stone gambling world in the future.”

“I’m just afraid that this kid won’t dare to take the blow. This isn’t a verbal attack, but a game of real money.”

“Kid, don’t be a coward! Weren’t you quite arrogant just now? If you have the ability, accept the challenge.”

“Don’t just shoot your mouth off. If you’re a man, be serious...”

Ye Feng turned a deaf ear to the noise of these people. He only stared at Li Rui for a moment. A smile appeared on his face. “Are you sure you want to go this far?”

Li Rui raised his chin provocatively at him. “Why? Are you afraid?”

Ye Feng pursed his lips indifferently. “I am very happy to accompany you, but I am afraid that you won’t be able to afford to lose!”

Li Rui sneered. “Don’t worry, I have plenty of money. Let’s see if you have the ability to win.”

Ye Feng smiled even more happily. “Since you are so rich, then I will bet double, if I win, you have to compensate me double.”

When Li Rui heard him being so arrogant, his anger rose. "Alright, then I'll double my bet as well, as long as you don't go back on your word when the time comes."

Ye Feng laughed lightly. "This is also what I want to tell you."

Li Rui's fans continued to clamor.

"This kid is really arrogant. He actually dares to bet double when competing with Master Li Jr.?"

"Hahaha, when he loses everything later, he won't be stubborn."

"You dare to compete with Master Li Jr.? This kid probably doesn't know how powerful Master Li Jr. is, right?"

"Master Li Jr.'s stone gambling skills are the best I've ever seen. How can this kid be Master Li Jr.'s match?"

"I think he's overestimating himself..."

Xu Jingxin listened to these people mocking Ye Feng and felt a little annoyed. "Since you are so confident in Master Li Jr., why don't you join in?"

Hearing this, everyone's interest was immediately piqued. "How do you want to participate?"

Xu Jingxin said calmly, "You can ask your Master Li Jr. to help you pick ten raw stones. We will also pick ten more stones. The loser will have to pay double to the winner. Do you dare to accept the challenge?"

After everyone heard this, they all revealed excited expressions.

"Hahaha, this challenge is interesting. I'm willing to participate."

"Isn't this giving us money for nothing? I want to participate too."

"This is the first time I've seen such a good thing. Count me in."

"Those who are willing to accept this lady's challenge, come and register with me..."

This group of people obviously had blind faith in Li Rui. They enthusiastically signed up and paid the deposit.

Li Rui didn't express any objections. He was happy to see that he could bring some benefits to his fans, which would be very helpful in consolidating his reputation.

“Alright, let the competition begin.”

Ye Feng did not say anything else. He brought Xu Jingxin to choose the raw gemstones.

Actually, he didn't need to choose anymore. When he was talking to Li Rui just now, he had already used the system's in-depth scan to check. He already knew which raw stones contained what kind of seed water. Now, he only needed to buy these raw gemstones.

Therefore, what everyone saw next stunned them.

Ye Feng held Xu Jingxin's small hand and walked through the entire gambling area. He did not even look at the raw gemstones. He just pointed at them.

“That piece, that piece, I want them all.”

“I want that piece too.”

“And that piece...”

Chapter 802 - 802 A Real Master Follows His Feelings

802 A Real Master Follows His Feelings

“What is this kid doing? He didn’t even look at the raw gemstone and directly bought it?”

“Hehe, I think he knows that he can’t win against Master Li Jr., so he’s giving up.”

“At least he has some self-awareness. PvP with Master Li Jr.? Is he worthy?”

“This kid is smart. After all, losing to Master Li Jr. is not embarrassing. He can even use Master Li Jr. to hype himself up.”

“It’s his honor to lose to Master Li Jr.”

“No matter what, we should be able to win a lot of money with Master Li Jr. this time, haha.”

“It’s not a loss to come today. I haven’t even made a move, and someone has already come to give me money...”

While everyone was talking, Ye Feng had already finished selecting the twenty raw gemstones. They were all piled up in the quarry. It was like a small mountain.

On the other hand, Li Rui was still holding a small flashlight and shining it on a piece of raw stone.

“Master Li Jr., that kid has already finished picking.”

At this moment, a fan reminded Li Rui.

Li Rui turned around and glanced at Ye Feng, his lips curled into a cold smile. “Don’t worry about him. We are not competing in speed. In the end, we still need to see the seed water that is cut out. Just let him wait there.”

After saying that, he no longer paid attention to the other side and continued to slowly choose.

Xu Jingxin was originally very confident in Ye Feng, but when she saw that Ye Feng had picked twenty raw gemstones as if he was sweeping away the fallen leaves in the autumn wind, in less than five minutes, her heart started to beat faster.

“Ye Feng, we have to be more careful, we have to search for more. Maybe there are better raw gemstones?”

“No more. I’ve picked out the best raw stones in the entire gambling area. There won’t be any better.”

Ye Feng sat on a chair with his legs crossed, looking at the situation over there leisurely.

Xu Jingxin saw his perfunctory look and felt that she needed to persuade him again. “Ye Feng, since this Li Rui is being pursued by so many people, his strength must not be underestimated. You must not let your guard down. How many people in history have failed because of a moment of carelessness...”

Ye Feng felt a headache when he heard this. “Why are you acting like an old woman? You should know my strength.”

Xu Jingxin was a little angry. “Of course I believe you. Otherwise, I wouldn’t have bet with you just now, but...”

Ye Feng used his gaze to stop her from continuing. “No buts, I will never do something that I am not confident in. Just wait and see the results later.”

Xu Jingxin was speechless. He had already said so much. What else could she say?

But from the bottom of her heart, she still felt that Ye Feng was a little unreliable this time.

The two of them waited for more than an hour before Li Rui finished choosing. A group of people walked over with raw stones in their arms.

“You’re giving up the competition so soon?” Li Rui walked in front of Ye Feng and spoke in a mocking tone.

“Who gave up the match?” Ye Feng glared at him.

“I saw that you only took less than five minutes to pick the raw stones. Isn’t this giving up on yourself?” Li Rui did not hide his contempt.

“A true master follows his instincts. Only those embroidered pillows would put on a serious look to fool laymen.” Ye Feng retorted without backing down.

His words immediately infuriated Li Rui’s fans.

“This kid is too arrogant. He actually dares to speak to Master Li Jr. like this?”

“Even I can’t stand it anymore. If I don’t teach him a deep lesson today, I won’t be able to swallow this anger.”

“Let this kid be stubborn first. He won’t be able to say such words later.”

“The more arrogant he is, the more guilty he is. I’ll let him know how powerful Master Li Jr. is later.”

“Master Li Jr., don’t waste your breath on him. Let’s quickly cut the stone. I can’t wait.”

“Yeah, I really want to see Master Li Jr.’s strength again...”

Li Rui listened to everyone’s discussion and did not continue to argue with Ye Feng. “Alright, then we will go and cut the stones first, and let some people see what true strength is!”

After saying that, he immediately called a group of fans to walk toward the stone-cutting machine.

For a gambling master like him, he naturally did not have to do it himself. He only needed to draw a line on the raw stones, and naturally, there would be people scrambling to help him cut the stones.

Ye Feng already knew about the seed water in his raw gemstones. He was too lazy to join in the fun.

But Xu Jingxin couldn’t sit still anymore, so she went over to watch the show.

As a piercing cutting sound rang out, the few people in front covered their ears, but they still tried their best to poke their heads out to check. After all, this was related to their interests, so they could not help but pay attention.

At this moment, someone in front suddenly shouted, “Green!”

The entire quarry immediately boiled over.

“Quick, what kind of water is this?” the people behind him urged.

The person in charge of cutting the stone stopped the machine and waited for the mist inside to disperse a little before opening the cover of the machine and taking out the basketball-sized raw stone.

Everyone saw that the jade inside the raw stone was very transparent, looking like a piece of ice.

“Ice seed!” someone in the front row immediately exclaimed.

“Oh my god, it’s actually an ice-type? Moreover, it’s so big. It’s really too rare.”

“Master Li Jr. is indeed extraordinary. The first thing he does is use an ice seed.”

“Although it’s not really high ice and there are some floating flowers on it, its value is not low.”

“Let’s cut it again. If there’s still this kind of water inside, it’ll be priceless.”

Everyone was amazed by Li Rui’s ability to gamble on stones.

The jadeite was sorted according to the seed water. They were bean, glutinous, glutinous ice, ice, and glass. The higher the value, the higher the value. Of course, each grade will also be divided according to the water head, and the price will also be different.

The raw stone that Li Rui picked was an ice jade, second only to high ice and glass jade.

From this, it could be seen that the title of 'Master' was not undeserved.

Xu Jingxin frowned even more when she saw this.

This Master Li Jr. had cut out ice jade right away. This gave them a lot of pressure. She hoped that the quality of the jade Ye Feng picked would not be too bad.

At this moment, someone suddenly made the first bid. "Master Li Jr., you don't have to cut this raw stone anymore. I'm willing to pay 1 million to buy it."

"1 million for such a big piece of ice jade? Are you dreaming? I'll pay 1.5 million."

"What good things are you thinking about? The first slash has already produced green, and you still want it for 1.5 million? I'll bet 2 million."

"I bid 3 million..."

Everyone immediately scrambled to fight for it. Soon, someone bid more than 5 million, and the bidding continued to rise.

The person in charge of cutting the stone hurriedly looked at Li Rui. "Master Li Jr., do you want to continue cutting?"

Chapter 803 - 803 I Like Your Unworldly Appearance

803 I Like Your Unworldly Appearance

Li Rui turned a deaf ear to their words and nodded at the man. "Continue cutting. I want to know how much this material is worth."

The man immediately put the material into the stone cutter and continued to operate it.

Those who participated in the bidding all had regretful expressions.

However, since Master Li Jr. had spoken, they had nothing to say.

Another ear-piercing sound of stone cracking sounded, and the raw stone was directly cut open at the waist.

At this moment, someone in front suddenly sighed. "It's collapsed."

When everyone heard this, their hearts instantly turned cold.

Just as they were feeling bewildered, the person in charge of cutting the stone had already taken out the raw stone. The cut surface of the second cut was white and there was no green at all.

It turned out that there was only a thin layer of jade on this raw stone. At most, it could be used to make rings, earrings, and so on. Its value immediately dropped by a lot.

After a final estimate, the jade in this raw stone was worth about 200,000 yuan.

The price of this raw gemstone was slightly more than 100,000 yuan. In fact, it was a small increase. If it were anyone else, they would definitely be overjoyed.

However, to Master Li Jr., it was actually a misstep.

The few people who had participated in the bidding just now were all secretly rejoicing in their luck. If they had really spent a few million just now, they would have suffered a huge loss.

Although Li Rui was a little disappointed, he didn't care too much about it. This was only the first piece. Wasn't there still nine more?

“Continue!”

The person in charge of cutting the stone immediately picked up another raw stone and walked toward the stone-cutting machine.

This time, he did not disappoint everyone. Master Li Jr. finally showed his might and cut out a piece of the glutinous ice seed.

Moreover, the texture of this material was very clean. It could be considered the best among the glutinous ice seeds. Unfortunately, the quantity was a little small. The final valuation was more than 1 million.

The crowd immediately erupted in cheers.

Especially Li Rui’s fans. Because they were the first to be defeated, their morale had taken a hit. Now, they could finally hold their heads high.

After that, Master Li Jr. continued to work hard and continued to rise. There was almost none who collapsed.

In the end, the ten pieces of jade that he and Ye Feng fought against were all cut open, the total value was about 15 million.

The stone-cutting field immediately erupted with cheers like a tsunami.

“Master Li Jr. is indeed a master. He is indeed extraordinary. A total of 15 million.”

“It seems that these ten raw gemstones only cost about 1 million yuan in total.”

“I really admire Master Li Jr. so much. He’s really godly.”

“Master Li Jr. has shown his might. Someone can’t sit still anymore, right?”

Everyone looked at Ye Feng, but what surprised them was that he was not too surprised. He was still sitting there calmly, as if he had already expected this outcome.

“This kid can still sit still at this time? You sure are ambitious.”

“He’s just putting on an act. He’s probably already panicking, right?”

“That’s for sure. Master Li Jr. opened more than 10 million raw gemstones in one go. How can he compete?”

“Ke ke, let’s see how long he can continue acting...”

Li Rui heard everyone’s discussion. He became more and more pleased with himself, and he slowly walked toward Ye Feng. “My results are out, it’s about 15 million. Although it’s not ideal, it’s enough. It’s your turn to cut the stone.”

But Ye Feng waved his hand. “No rush, let’s remove their stones as well.”

He pointed at the group of Li Rui’s fans. They had a match with Xu Jingxin too. Since these dogs were barking so happily, he would take care of them too.

Li Rui felt that Ye Feng was afraid and was purposely stalling for time, but he only smiled lightly and did not say anything else. He directly asked someone to cut the ten raw gemstones.

Everyone gathered around again, this time even more nervous than before.

These ten raw gemstones were all bought by them with their money, and Li Rui helped them choose them. It was related to their personal interests, so everyone was a little nervous.

However, they quickly calmed down. The first raw gemstone was cut out and was estimated to be worth more than 500,000 yuan. The second piece was worth more than 400,000 yuan, and the third piece was worth more than 600,000 yuan...

The final value of these ten pieces was about 5 million yuan. Although the quality was not as good as the ten pieces that Li Rui had just cut, it was still very rare.

This time, Li Rui's image in everyone's mind became even higher.

He had cut a total of twenty raw gemstones today, and almost none of them had failed. This kind of abnormal strength was shocking.

"Master Li Jr. is too godly. Almost every piece has increased. This can be called a miracle."

"That's right. I've seen many masters in the past, but compared to Master Li Jr., they're simply weak."

"Which of those grandmasters dares to say that the raw gemstones they choose will have a 100% increase? Master Li Jr. can do it!"

"Only Master Li Jr. is worthy of being called a 'Master'. Forget about the others."

"We will definitely win this time. Let's see how that kid will cry later, haha..."

Li Rui became even more arrogant now. He turned to look at Ye Feng. "You don't have an excuse now, right? We've dissected the stones twice. The total value of the first time is more than 15 million, and the second time is more than 5 million. Now it's your turn to cut the stone."

Ye Feng still had a faint smile on his face. He slowly stood up and walked over. "It increased greatly just like that? I like your inexperienced appearance. Then I'll let you see what a real increase is! Who is willing to help me cut the stone?" he asked, and then awkwardly realized that no one at the scene paid attention to him.

"Then forget it. I'll do it myself."

As he spoke, he picked up a raw stone and walked toward the stone machine.

Chapter 804 - 804 If He Didn't Finish Cutting, How Could He Blind Their Dog Eyes?

804 If He Didn't Finish Cutting, How Could He Blind Their Dog Eyes?

Seeing Ye Feng personally cutting the stone, Li Rui's fans all smiled smugly. As long as they could see the other party make a fool of himself, they would be very happy.

Moreover, no one went forward to watch the show. They all stood far away and watched coldly.

In their opinion, there was no longer any suspense in this match. This kid was bound to lose this time. Was there still a need to watch?

Therefore, Xu Jingxin was the only one in the entire quarry who walked to the stone-cutting machine to watch the process.

To be more accurate, Ye Feng had only played stone gambling once, thus when he operated the stone cutting machine, he was slightly clumsy.

In the eyes of the crowd, this was a performance of an amateur.

“I think you shouldn’t embarrass yourself. Why don’t you admit defeat earlier?”

“That’s right. It’s not embarrassing to lose to Master Li Jr.”

“We cut out a total of more than 20 million raw stones. You only need to pay 40 million.”

“Sigh, I really regret it now. I should have participated in more shares back then. This is simply picking up money.”

“This is all thanks to Master Li Jr. I have to give Master Li Jr. a longevity token at home in the future. I wish Master Li Jr. a long life.”

“It’s definitely not wrong to follow Master Li Jr....”

Ye Feng turned a deaf ear to their mockery. He fixed the raw gemstone in the stone-cutting machine and pressed the start button.

Cha...

When the sawteeth cut the raw gemstone, sparks immediately flew. At the same time, the cooling liquid was constantly sprayed up to lower the temperature, causing the hood to be filled with fog.

Xu Jingxin stood at the side and looked nervously at the stone-cutting machine.

The raw gemstones cut out by the group of people who gambled with her were worth more than 5 million yuan. According to the bet that she had made previously, she had to pay double, which was more than 10 million yuan.

10 million was just a small sum of money to a tycoon like Ye Feng. However, for her family background, it was already an astronomical figure.

Although her brother, Xu Changming, had a high position and power, he was incorruptible. He only received a small salary every month.

It was only because she liked to collect antiques and gamble on stones that she had earned some money over the years. However, it was only a few million yuan. It was not enough to pay the compensation at all.

She could only place her hopes on Ye Feng now, hoping that he could continue to create miracles.

Pa da!

After the first cut, the outermost layer of the raw stone fell off, and her heart immediately jumped.

Ye Feng waited for the mist to disperse before opening the lid and taking out the raw stone.

Although Li Rui's fans felt that he was struggling on his deathbed, there were still a few people who couldn't resist their curiosity and looked over.

Then, their pupils immediately dilated.

"D\*mn, colorless ice?"

Following this person's exclamation, the group of people who had been waiting there out of boredom surrounded him.

When they saw the raw gemstone in Ye Feng's hand, everyone had the same expression as the others, they could not believe their eyes.

A palm-sized hole was cut open on the two fist-sized raw stones, revealing the crystal-clear jade inside. It was colorless, as if it was filled with water.

“It’s really a colorless ice type. Moreover, the quality of this water is very high.”

“Jade is green in color. Although the colorless ice type is not as good as the colored ice type, it is still an ice type.”

“That’s old history. The price of colorless ice jade has been soaring in the past few years. Many people like this kind of colorless jade.”

“That’s right, especially young people nowadays. They all think green is too tacky and like this colorless color.”

“This brat’s luck is really not bad. Now, let’s see how much material he can take out...”

Some people praised him, but there were also many people who disagreed.

“It’s only a cut. Who knows what’s going on inside?”

“Yeah, don’t be like Master Li Jr.’s first piece of material, which only has a layer of surface.”

“Master Li Jr.’s piece is a colored ice-type after all. It’s much stronger than his piece.”

“Don’t be so smug. Hurry up and continue cutting. Let’s see how much material you can take out...”

Xu Jingxin was very excited at first, but after hearing these people pour cold water on him, she calmed down a little. “Ye Feng, do you want to continue cutting?”

If he continued to cut down, there would be risks and opportunities at the same time.

It was very likely that it would be cut down like Li Rui’s first piece, and its value would be greatly reduced. Of course, if the price increased, the value would also increase several times.

Ye Feng smiled at her. “Of course, if I don’t finish cutting, how can we blind their dog eyes?”

Those who had admired him just a moment ago became angry again when they heard his words.

“Look at his smug face. This raw gemstone might not even rise in value, but he’s already starting to float?”

“Humph, so what if this piece can increase? Who knows if he was lucky? The rest might not be the case.”

“He was just lucky to begin with. You don’t really think that his strength is stronger than Master Li Jr., right?”

“How is that possible? He isn’t even fit to carry Master Li Jr.’s shoes.”

“Don’t say anymore. Let’s just wait and see what a joke it is. Maybe this knife will collapse.”

“Is there a need to ask? 100% collapse, haha...”

Ye Feng only glanced at everyone with disdain before returning to the stone-cutting machine to continue cutting.

Although Li Rui still maintained his composure on the surface, he was actually a little nervous.

He didn’t expect this kid to have some skills. The first cut actually produced a colorless ice seed. He couldn’t help but be nervous.

Cha...

Another ear-piercing cutting sound rang out. Everyone could no longer maintain their composure. They surrounded the stone cutter and waited for the results.

A moment later, the second cut was done.

Ye Feng opened the cover of the stone-cutting machine and took out the raw stone again.

“Hiss...”

When everyone came over to take a look, they all gasped.

Oh my god!

Ye Feng’s second cut was from the other side, he only cut a thin layer and a large amount of colorless ice was exposed.

“Oh my god, this whole piece is actually a colorless ice seed? Do you have to be so exaggerated?”

“It actually didn’t collapse, but instead rose? This is a real increase.”

“Which one of you knows what’s going on? Let’s see how much this raw stone is worth.”

“It’s already clear now. Just this piece of material alone is worth at least 5 million!”

As soon as this person said this, everyone present fell silent.

Li Rui had cut 20 pieces in one go just now, and it did not even exceed 5 million yuan. The value of this piece of material was close to one-third of Li Rui’s total value.

And what made them even more afraid was that they had just cut one piece, Ye Feng still had nineteen pieces left.

It was simply terrifying!

Chapter 805 - 805 Ice Seed?

805 Ice Seed?

Xu Jingxin was also very excited at this moment, but she did not want to be too intense in front of so many people. After all, that did not suit her character.

However, her trembling hands betrayed her feelings. Although they only had 5 million at the moment, it could be said that it was a good start. As long as they could get two more pieces of the same quality from the remaining pieces, they would win.

Li Rui's expression turned ugly. Even though Ye Feng had not surpassed him yet, just this piece of material was already embarrassing for him.

He had been praised as a master by everyone, but he had never cut out a piece of material worth more than 5 million yuan.

Ye Feng had undoubtedly given him a tight slap on his face.

His fans saw that he did not look too good and immediately stood up for him.

"Hehe, isn't it just one? What is there to be proud of? Who knows if there are any left?"

"That's right. What if this is the only one in stock?"

"It's only a mere 5 million now. Master Li Jr. has a full 15 million. Let's wait until we catch up."

"I think this kid is just lucky to pick such a good material. How can his strength be compared to Master Li Jr.?"

“If you have the guts, then continue cutting. Let’s see if you’re a blind cat who met a dead rat or if you really have some skills.”

Ye Feng listened to everyone’s chatter, he still had a faint smile on his face. He threw the 5 million colorless ice material to the side as if he were throwing trash. Everyone felt their hearts ache.

He casually took out another piece from the pile of raw stones and continued to walk toward the stone-cutting machine.

Cha...

Another cutting sound rang out. Everyone’s nerves tensed up, and no one spoke.

But after this cut, Ye Feng did not take it out immediately. He fiddled with it in front of the stone-cutting machine for a while before starting the second cut.

When everyone saw this scene, their imaginations immediately ran wild.

“Could it be that this kid didn’t dare to take it out to let us see because the first cut collapsed?”

“I think it’s very possible. How can it be possible to bet twice in a row?”

“Hahaha, I thought a new master of stone gambling was going to be born. So it was just a blind cat that came across a dead mouse?”

“Do you think that anyone can shake Master Li Jr.’s status? This kid isn’t even fit to carry Master Li Jr.’s shoes.”

“Kid, don’t be stubborn. Take it out and let us see how good your performance is.”

“Yeah, take it out for us to see, hahaha...”

Everyone started to laugh at Ye Feng. They could not wait to see him make a fool of himself.

Li Rui’s expression also relaxed a little. He was really scared to the point of breaking out in a cold sweat just now. Fortunately, it was just a false alarm.

But just as everyone thought that Ye Feng had failed this time, he had already finished the second cut. He stopped the machine and took out the raw stone.

In an instant, the expressions of those who were still mocking him froze.

The entire quarry was silent. Everyone was petrified as they stared blankly at the raw gemstone in Ye Feng's hand.

At this moment, the raw stone had been cut into two sides, and the material inside was visible.

"Ice seed? Another ice type?"

"And it's a green ice type. Isn't this too beautiful?"

"The texture is so transparent, and the quality is not bad. What's even rarer is that the entire piece of material is an ice type. It's priceless!"

"This piece of material should be worth at least 10 million, right?"

"D\*mn, tens of millions? Then wouldn't these two pieces add up to more than 15 million?"

"Then in that case, hasn't Master Li Jr.... lost?"

Everyone talked in low voices, and in the end, there was no sound, because they all realized a very serious problem. Ye Feng's two pieces of raw materials added together were equivalent to Li Rui's ten pieces of raw materials. As for him, he had only cut two pieces. As for the rest...

They did not dare to continue thinking about it. Could it be that Master Li Jr. was really going to lose today?

Was he really going to lose to a nobody?

Just thinking about this kind of thing sent chills down their spine!

Li Rui's gaze was also slightly dazed. He looked at the piece of material in Ye Feng's hand in disbelief.

With his eyesight, he didn't even need to step forward to see the water of the material. However, he still couldn't help but walk forward. He stared at the ice-type material and swallowed with difficulty.

"You... How did you do it?"

If it was said that one bet would go up, it would be called luck. If it had increased twice in a row, then it could not be explained by luck. It could only be explained by strength!

But he had personally seen Ye Feng choosing the raw gemstones. The entire process took less than five minutes.

Five minutes. He didn't even have time to see the performance of the material. How did he make such a judgment?

"As I said before, true masters follow their instincts."

Ye Feng had a harmless smile on his face.

However, this smile made Li Rui's hair stand on end.

This person was too terrifying!

Chapter 806 - 806 Master?

806 Master?

Ye Feng threw the jade raw stone that was worth 10 million to the side. He picked up another piece from the pile of raw stones and was about to walk toward the stone-cutting machine.

When everyone present saw his simple action, they were all shocked.

Now, no one dared to look down on him. In fact, they were all deeply afraid of him.

He had only opened two raw gemstones, and the value was already equal to the ten stones Li Rui had picked. If he opened another one, even if it was only worth a million, he would definitely win.

That was Master Li Jr., the most famous master in the stone gambling world. If he really won, Ye Feng would definitely become famous today.

In fact, just based on his current achievements, it was enough to make him famous in the stone gambling world.

Two raw gemstones had forced Master Li Jr. to a draw. This result was too dazzling!

Right at this time, Li Rui suddenly went forward and pulled Ye Feng. "Friend, you don't need to look at the rest, right? Let's just treat this game as a draw, okay?"

If he really lost to a nobody, he would immediately become a joke in the stone gambling world. He could not accept this result. He could only put down his pride and beg Ye Feng.

His voice was very soft. Other than Ye Feng, no one else heard him.

"A draw? Then what about our bet?" Ye Feng heard his suggestion and raised his eyebrows.

"I'll pay you double the value of the raw gemstones you've opened. In other words, I'll pay you a total of 30 million. How about it?"

Li Rui felt that he was already very sincere. As a master of the stone gambling world, he was willing to lower his status and beg a nobody. He was even willing to give the other party 30 million for free. The other party had no reason to refuse.

But after Ye Feng heard it, he immediately sneered: "30 million? Are you sending a beggar away? How do you know that I won't produce better materials in the future?"

Li Rui looked at his fearless appearance and couldn't help but feel hatred in his heart. However, now that he was under the eaves, he had no choice but to lower his head and continue begging.

"How about this? I'll calculate that you can still get another 15 million worth of materials in the future. A total of 30 million. Double the compensation will be 60 million. However, you have to pay in private and not let others know. You have to sign a confidentiality agreement to guarantee that you won't reveal this matter."

Ye Feng heard that he dared to make a bunch of requests when he was asking for help, he clearly could not put down his master's airs. He could not help but laugh.

"60 million? Too little. To tell you the truth, I'm confident that I can get more than 130 million yuan worth of materials. As long as you compensate me 200 million yuan, I won't ask for the rest of the materials. This way, you can save some money and still keep your reputation as a master. You definitely won't lose out."

When Li Rui heard his words, he immediately laughed in anger. "Do you take me for a fool? You even offered 130 million yuan of materials. Why didn't you say that you can offer 1 billion yuan?"

Ye Feng looked at him expressionlessly. "So, you don't agree?"

Li Rui's expression was cold. "I won't agree to it. 200 million compensation? You're taking advantage of a burning house!"

Ye Feng could only spread his hands. "I gave you a chance, but you don't cherish it. Then I have no choice. Let's continue with the previous bet."

Li Wei's eyes revealed a threatening look. "Do you really want to continue driving? Then you have to think about the consequences. If my reputation is ruined, I will definitely not let you off!"

Ye Feng heard his threat and laughed in disdain. He immediately raised his voice: "What's wrong, Master Li Jr.? You want to spend 60 million to bribe me, but I don't agree, so you want to threaten me personally? Although I, Ye Feng, am a nobody, I am not someone who can be bullied by anyone. You can try if you have the guts."

The people in the quarry were still guessing what these two people were talking about. Hearing Ye Feng's words, everyone had a strange expression on their faces.

"Master Li Jr. actually begged for mercy? He actually offered a price of 60 million?"

"After he rejected him, he actually threatened him? Isn't this too overbearing?"

“This... Master Li Jr. is not that kind of person. Don’t listen to this kid’s one-sided story.”

“Since he dared to say it in front of Li Rui, he definitely wouldn’t be lying.”

“Yeah, Li Rui took the initiative to talk to him just now. I guessed that he must have wanted to admit defeat.”

“The two raw gemstones have already been found to be worth 15 million yuan. He’s probably afraid and wants to spend money to buy them over. If the other party does not agree, he will fly into a rage out of humiliation and threaten the other party.”

“I didn’t expect that Li Rui’s character would be so low.”

“You can’t judge a book by its cover. He’s simply a beast in human clothing...”

For a moment, the stone-cutting field was filled with curses against Li Rui.

Li Rui did not expect Ye Feng to be so ruthless, announcing their private transaction. His expression turned ugly.

“Good, you’re good. Just you wait.”

He did not explain anything to everyone. He stood up and retreated to the side, looking at Ye Feng coldly.

Xu Jingxin quickly walked over. “Ye Feng, are you alright?”

Ye Feng curled his lips and smiled. “It’s fine, what have I not seen before? Will I be scared by a little brat? What a joke!”

Xu Jingxin wanted to laugh when she heard his words.

Although Li Rui had always been known as ‘Master Li Jr.’, he was actually already twenty-four or twenty-five years old. He was just a little younger than the other stone gambling masters.

And Ye Feng was only twenty years old this year. He actually called him a ‘little brat’. It was somewhat comical.

However, thinking about his experiences and achievements, it was indeed easy to overlook his age.

Ye Feng glanced at Li Rui indifferently and continued to walk toward the stone-cutting machine.

If you dare to threaten me, then you must be prepared to suffer my wrath.

Master? I'm a master!

Chapter 807 - 807 He Was Being Pushed to the Ground

807 He Was Being Pushed to the Ground

Cha...

Another wave of cutting sounds resounded throughout the entire stone-cutting field. Everyone held their breaths and waited quietly for the result.

There were originally several stone-cutting machines in the quarry. Now that all the machines had stopped, everyone gathered here to watch the show.

Some people who came later hurriedly asked about the situation.

One of them, a middle-aged man with a big belly and wearing a black suit, squeezed into the crowd with great difficulty. He hurriedly pulled someone over and asked, "What happened here? Why didn't anyone go to gamble on stones? Why did they all come to the stone-cutting field?"

Seeing that he seemed to be a successful person, the man hurriedly replied, "Stone gambling can be played anytime, but this level of PK is not something that can be encountered anytime."

The middle-aged man looked around the arena and was confused. "Who is this PK?"

The person continued to answer, "Master Li Jr. and that... Ye something? Anyway, he's not very famous."

At this moment, the middle-aged man also saw Li Rui, and his eyes immediately lit up. "This Master Li Jr. should be the one who showed off his might last year, right?"

That person nodded. "That's right, it's Master Li Jr. I still remember the scene at that time. It was really exciting."

"There's actually someone who dares to challenge Master Li Jr.? His courage is really commendable," the middle-aged man said in disbelief. "Where is the match now? Master Li Jr. will definitely win, right?"

At this moment, the man pursed his lips. "What? Master Li Jr. has been completely abused by others and is about to lose."

The man was shocked. "Are you kidding me? Will Master Li Jr. lose to a nobody?"

Not only him, but there were also many people who had just arrived. They were also very surprised when they did not see the match between the two.

At this moment, many people who had arrived earlier scrambled to explain to them.

“It was Master Li Jr. who cut the stones first. The total value of the ten raw stones was more than 15 million.”

“But he didn’t expect to meet such a difficult opponent. The first raw gemstone was worth 5 million.”

“The second piece is even more amazing. It’s worth more than 10 million. The total value of the two pieces is already comparable to Master Li Jr.”

“Right now, he’s dissecting the third raw gemstone. As long as he puts out another one worth 1 million, he’ll definitely be able to win against Master Li Jr.”

“It doesn’t matter even if this piece collapses. They still have seven pieces.”

“Now that Master Li Jr. is in danger, if he loses to a nobody, that would be too much of a slap in the face.”

“He even threatened him just now. His character is really too bad...”

When these people talked about Ye Feng, they had a look of admiration on their faces.

The stone gambling world also respected strength. If you were strong, you were the master. If you were not strong, you were the younger brother.

Ye Feng had already displayed enough strength, he would naturally receive the respect he deserved.

When the middle-aged man heard their explanation, he was secretly shocked.

His name was Huang Wei, and he was the purchasing manager of Songshan Capital. He had accompanied his boss to purchase raw stones today.

To him, this was both an opportunity and a risk. As long as he could perform well in front of his boss, he would be able to make a meteoric rise. However, if he messed up, his future would be ruined.

He was just thinking about how to give his boss a surprise, but he didn't expect to meet such a god.

He had only opened two raw gemstones, and the total value was already as high as 15 million.

If he could ask this master for help, he would definitely be able to shine in front of the boss, haha...

The more he thought about it, the more excited he became. However, he still suppressed his excitement and prepared to wait and see if this young man could continue to create miracles.

Just as everyone was waiting for a long time, Ye Feng finally stopped the stone-cutting machine and took out the raw stone.

The crowd immediately surged forward, wanting to take a closer look.

At this moment, someone in front of him suddenly exclaimed, "Oh my god, this... How is that possible?"

The people behind couldn't see the situation inside and were anxious. They asked, "What's going on? What material did he cut out?"

Immediately after, he heard someone in front of him answer with a trembling voice, "Yes... It's high ice... High ice type!"

As soon as these words were said, the entire stone-cutting field boiled.

"Holy sh\*t, it's actually high ice? Isn't this Master Ye too godly?"

“I originally thought that the first two pieces were all luck. Now that even Gao Bing has come out, he’s really awesome.”

“This is what a god is like. None of the three raw gemstones collapsed. I wonder if he has x-ray vision.”

“Master Li Jr., this is like being pressed against the ground.”

“What Master Li Jr.? In front of this Master Ye, they are all younger brothers!”

“He originally thought that he was easy to bully, but he didn’t expect to kick an iron plate, haha...”

At the same time, Li Rui, who was standing at the front, stared at the jade material in Ye Feng’s hand. He felt dizzy and almost lost his balance.

According to his estimation, this piece of material was worth at least 15 million yuan.

What kind of concept was this? In other words, one piece of material from the other party was equivalent to the total value of ten pieces of his material.

He knew that after today’s battle, his reputation would be ruined and he would become the laughing-stock of the stone gambling world.

A great master of stone gambling was actually beaten to the point of not being able to fight back in front of a nameless nobody. How laughable!

There was also something else that made him want to vomit blood.

The total value of Ye Feng's three materials was already 30 million. According to the previous agreement, he had to pay at least 60 million.

Moreover, this was not the end. He had only opened three raw stones. There were still seven more to go.

If the last seven pieces could all increase in value...

He did not dare to think about the consequences. He was afraid that he would vomit blood on the spot.

Chapter 808 - 808 It's Just a Regular Operation

808 It's Just a Regular Operation

Xu Jingxin had been controlling her emotions so that she wouldn't appear too impatient.

But at this moment, she could not control her surging emotions. She immediately threw herself into Ye Feng's embrace. "Ye Feng, I'm sorry, I said that you underestimated your enemy, it was my fault. Please don't blame me, okay?"

This was the first time Ye Feng had such intimate contact with her. He was crying for help in his heart.

Xu Jingxin usually wore conservative clothes, so she didn't show off. In fact, she had a very good figure. At this moment, she was sticking close to him, making him feel restless.

"It feels good." Ye Feng stretched out his hand and stroked her back. He could not help but mutter to himself.

"What feeling?" Xu Jingxin immediately broke away from his embrace.

"What? I... I mean, this jade feels good. It's very smooth and moist..." Ye Feng's explanation was a little forced.

With Xu Jingxin's intelligence, how could she not know what he was thinking? She blushed and ignored him.

Ye Feng quickly left the gentle environment. He turned to look at Li Rui. "Master Li Jr., you have already lost. Is there a need for me to continue cutting? Forget it, I'll let you off this time. I'll let you pay less."

He deliberately spoke very loudly to ensure that everyone present could hear him.

Li Rui was so angry that he gritted his teeth. If this guy really wanted to let him off, he only needed to whisper to him. He would definitely be more than happy to do so.

However, this b\*stard said it out loud. If he admitted defeat now, he would probably be laughed at to death.

“Hmph!” He immediately snorted coldly. “Even if I, Li Rui, lose, I will lose fair and square. I have indeed lost this match. You can cut the remaining raw stones. No matter how much they are worth in the end, I will pay double the amount as agreed before.”

When everyone heard this, they all nodded in praise.

“Although Li Rui lost, at least he’s a man and didn’t go back on his words.”

“Hmph, there are so many people watching. He wants to go back on his word? Does he still want to survive in the stone gambling and antique world in the future?”

“Yeah, it’s fine to lose some money. If his reputation is ruined, then he can forget about staying in the industry in the future.”

“I feel that Master Ye is the magnanimous one. He doesn’t want him to lose too much and is willing to let him go.”

“That’s right. This Master Ye’s character is indeed very good. He has both virtue and ability!”

“This is the style of a master...”

Now, no one called Li Rui ‘Master’ anymore. After all, he had lost so badly this time that he had no face to call himself ‘Master’ anymore.

Ye Feng saw that he was still being stubborn. He smiled at everyone. “My hands are a little sore from dissecting the stone. Who is willing to help me?”

As soon as he said this, countless hands immediately rose up.

Ye Feng would definitely become famous today. He would become the new stone gambling master. It was an honor to be able to serve this new master of stone gambling.

When Xu Jingxin saw this scene, she felt that it was too ironic.

Ye Feng had asked who was willing to cut the stone for him, but at that time, he was despised by everyone. No one was willing to work for him.

Now that he was shining brilliantly, everyone was starting to fight to be the first. This was too realistic.

Ye Feng did not waste any time. He directly picked the man who helped Li Rui cut the stone. This person was very skilled. He was obviously an old player.

That person was first surprised when he was called out, then pleasantly surprised. He immediately walked forward excitedly. "Thank you, Master Ye. I will definitely not let you down. I will do my best until I die..."

Ye Feng smiled awkwardly. "You're exaggerating, exaggerating."

Li Rui's eyes were about to spew fire. These people were his loyal fans before, but now they were flattering Ye Feng. He felt betrayed.

Ye Feng did not care what he thought. He used a marker pen to draw a line on the remaining raw gemstones, then he did not worry anymore. He brought Xu Jingxin to the side to rest.

The next few pieces of materials all increased in price without exception.

The worst piece was worth more than 8 million, and the others were worth more than 10 million.

In the beginning, every time a piece was opened, the crowd would burst into a wave of enthusiastic cheers. But in the end, the cheers became softer and softer, and everyone became a little numb.

They felt that there was nothing to be surprised about this Master Ye opening 10 million level materials. It was just a routine operation. On the contrary, it would be surprising if it was less than 10 million.

Li Rui's expression became more and more unsightly as the pieces of material were untied. This was because he had to pay double the compensation for every piece he untied.

When the ninth raw gemstone was opened, Ye Feng's raw gemstone value had reached 90 million.

In other words, he had to pay the other party at least 180 million.

Although his family was very rich, it was a little too much for him.

On the other hand, Ye Feng was in a completely different situation.

At this moment, he was leisurely crossing his legs and chatting with Xu Jingxin beside him. The two of them would laugh from time to time, as if they had forgotten about the bet.

Many people at the scene looked at him enviously. Money flowed into his pocket while beautiful women chatted and laughed with him. This was probably the life that every man dreamed of.

However, they were all very clear that he had obtained all this with his strength. They could not be envious.

Now, almost no one cared about the results of the stone cutting. They were all whispering to each other, guessing Ye Feng's identity and the gossip between him and that beautiful lady.

At this moment, the person in charge of cutting the stone had already cut open the last raw stone.

When he opened the lid and saw the raw stone inside, he was immediately stunned and did not move for a long time.

Some people who were close to him urged him.

"What are you doing? Hurry up and show it to everyone!"

"Yeah, there's only this one left. Don't dawdle."

"Did something happen? Could it be that it's broken?"

“So what if it collapses? Master Ye has already consecutively won nine pieces of sky-high-priced materials. Even if the horse stumbles once, it’s no big deal.”

“That’s true. Hurry up and take it out...”

Everyone present was very curious. What did the person in charge of cutting the stone see? Why did he suddenly stop moving?

Even Xu Jingxin stopped talking and looked over curiously.

Perhaps only Ye Feng knew what had happened.

At this moment, the person who cut the stone turned around with a piece of raw stone with an open window.

When the crowd in front saw the raw gemstone, their pupils dilated, and their faces revealed expressions of seeing a ghost.

At this moment, everyone was like people who had seen Medusa in Western mythology. They all turned into stones and did not react at all.

Those who couldn't see the exact situation asked anxiously, "What's going on? Say something."

"..."

Chapter 809 - 809 You're Very Powerful Too, But Only If You Don't Meet Me

809 You're Very Powerful Too, But Only If You Don't Meet Me

After a moment, someone answered, "Glass type... It's a glass type!"

Hua...

As soon as these words were said, it was as if a heavy bomb had been dropped in the crowd, instantly sweeping through the entire scene.

The glass type was already the highest grade of jade. As the name suggested, the glass type had a very high degree of clarity, very close to glass, hence the name.

This was the first time they had gotten a glass type that night. How could they not be excited?

"Oh my god, the last piece actually produced a glass type?"

“I don’t know how to describe my feelings now. I only feel my scalp go numb.”

“Is he still human? He’s a god. The previous nine pieces were already very impressive. I did not expect the last piece to be even more impressive. It’s actually a glass type.”

“Quick, let’s see how much material we can take out. How much is it worth?”

Many people were more concerned about the value of this piece of material and hurriedly asked.

The person in charge of cutting the stone had already used a long time to calm down, but he was still a little incoherent. “At least 2,000 grams, according to the current market price... It’s worth at least 40 million yuan...”

When everyone heard this, they completely exploded.

“40 million? If we add the previous 90 million, wouldn’t that be 130 million?”

“Little Master Ye, please accept my knees. My knees are already about to rot from kneeling.”

“130 million. According to the previous bet, Li Rui has to pay at least 260 million to Little Master Ye.”

“This is definitely a shocking gamble that will shake the entire stone gambling circle.”

“To be able to see such an unprecedented gambling game, this trip today really wasn’t in vain.”

“I can brag about this for the rest of my life...”

Everyone’s discussions kept reaching Li Rui’s ears. He felt a heat in his chest and had the urge to vomit blood.

Ye Feng had said before that his jade was worth at least 130 million. He even asked him to give him 200 million and let him go.

At that time, he thought that this kid was crazy to actually say such arrogant words.

But now that the words were still ringing in his ears, he finally realized how accurate the other party’s judgment was. It was really 130 million. How did he make the judgment?

He looked at Ye Feng in a daze as if he had seen a ghost.

What made him even crazier was that he had to pay at least 260 million.

This was an astronomical figure for him.

If he had known earlier, he would have accepted Ye Feng's suggestion. At least, he would have lost 60 million less, but it was too late now.

The battle between the two ended here, but the outcome was beyond everyone's expectations.

Master Li Jr., who was originally revered by everyone as a god, fell from the altar. Instead, he became famous because of a nameless person.

He was actually crushed by a gap of nearly ten times. This would definitely become the shame of Master Li Jr.'s life.

The entire quarry burst into applause, congratulating the birth of this new master of stone gambling.

Ye Feng did not put on airs. He immediately stood up and waved at everyone.

Li Rui walked up to him in a daze. "Congratulations, Master Ye."

Ye Feng accepted his congratulations. "Actually, you are also very powerful, but the prerequisite is that you don't meet me."

Li Rui listened to his words, but he didn't think there was anything wrong with them.

Indeed, if he hadn't met this guy, he would still be the respected stone gambling master. He was still enjoying the praise of his fans. This situation would continue for many years.

But because of this person, everything changed.

"I'm willing to lose. Give me your account number and I'll transfer the money to you."

When Li Rui said this, his heart started to bleed. That was 260 million!

However, in front of so many people, he could not deny it and had to maintain a certain degree of grace.

He hoped that Ye Feng would maintain his composure, wave his hand at him, and say: "No need, we're just having a friendly spar."

But Ye Feng did not do as he wished. He immediately took out his bank card and read out his account number, "My account number is 1601."

Li Rui's face twitched twice, but he still recorded the other party's account number. Then, he walked to the side to make a call. He probably went to contact his family to transfer money.

When everyone saw this scene, they immediately sighed endlessly.

Li Rui had suffered a crushing defeat today. Not only was his reputation ruined, but he also needed to pay a sky-high compensation. This was really a double loss.

Just as they were feeling pity for him, Ye Feng looked at them with a harmless smile. "I'm sorry, the competition is not over yet. Miss Xu's ten raw gemstones have not been dissected yet. The competition will continue now."

Those loyal fans who were very superstitious about Li Rui at the beginning were now ashen.

If even Li Rui himself had lost so badly, there was no need to mention them. All of a sudden, they began to beg for mercy.

"Please, Master Ye, let us go. We were also bewitched by Li Rui at that time."

"Yeah, we beg Little Master Ye to let us go. We'll definitely be grateful to you."

"Master Ye, you've already won so much today. You don't care about us anymore, right?"

“That’s right. You’ve already gained both fame and fortune today. If you can be more magnanimous, it will be more helpful to your reputation.”

“Master Ye is so benevolent, he definitely won’t be calculative with us...”

Chapter 810 - 810 Ye Feng, You Big Pig Hoof

810 Ye Feng, You Big Pig Hoof

When Ye Feng heard these people begging for mercy, they did not forget to threaten him.

It was as if he was petty if he insisted on continuing the competition.

“Hehe, you guys were the ones who initiated this match. Now that you know you’re going to lose, you’re begging me to let you off? If I were the one who lost, would you let me go?”

Faced with his question, those who had just begged for mercy lowered their heads in shame.

If they really had the upper hand now, even if Ye Feng knelt down and begged for mercy, they would not show any mercy.

After all, this involved a bet of tens of millions or even hundreds of millions. Only a fool would be merciful.

Even the people who were watching the show couldn't stand it anymore.

"You guys are really shameless. Seeing that Master Ye is about to win, you guys already started begging for mercy. What were you doing earlier?"

"That's right. Since we're all out here, we should stand at attention when we're being beaten. We can't snatch the benefits when we see them and retreat when we have to bear the responsibility, right?"

"That Master Ye is also giving you guys a lesson to let you guys remember in the future."

"Everyone has to be responsible for their own choices. Since you have chosen to PK with Master Ye, you have to accept the rules of the game."

"Master Ye, you must not be soft-hearted. You should give them a deep lesson..."

On one hand, these people were indeed out of public anger, and on the other hand, they were gloating.

Fortunately, they came late. If they had come earlier, they would probably have made the same choice as them. After all, even a fool would know that they should have followed Li Rui.

However, they did not expect that they would really become a fool now.

Ye Feng did not waste any more time. He nodded at the person in charge of cutting the stone. "Continue cutting."

That person was still exclaiming his luck. At that time, he also wanted to participate, but unfortunately, the other party's quota was already full, and his little money could not participate at all.

Fortunately, that was the case. Otherwise, he would even have the heart to jump off a building.

"Yes, Master Ye!"

Hearing Ye Feng's instructions, he picked up another raw stone and walked toward the stone-cutting machine.

The first piece was valued at 4 million.

The second piece was valued at 6 million.

The third piece was estimated to be worth 5 million...

Xu Jingxin's raw gemstones were obviously a little worse. They were basically maintained at the level of 4 to 5 million yuan each.

Of course, it was slightly weaker than Ye Feng's raw gemstones, but it was much stronger than Li Rui's raw gemstones. It made everyone's heart skip a beat.

When the final raw gemstone was opened, the final price was set at around 50 million.

In other words, those who participated in the bet with Xu Jingxin had to pay about 100 million yuan.

There were about twenty of them, and each of them had to pay an average of about 5 million yuan. This was a huge sum for them.

Of course, because everyone's shares were different, the compensation they had to bear was also different, but this was their internal matter. Ye Feng could not be bothered.

Those people looked like they had lost their parents, and each of them had a sad face. However, most of the people who came to gamble on stones were reputable people in the circle, so they naturally felt embarrassed to go back on their words.

After everyone had collected the funds, they transferred the money to Xu Jingxin on the spot.

There was no emotion on Xu Jingxin's beautiful face, but her heart was already in turmoil.

It was impossible for a family like hers to have a huge amount of wealth without corruption and bribery. 100 million was an unimaginable sum of money for her.

But now, it had actually been realized in less than half a day.

She suddenly felt that it was unreal.

Of course, she knew very well that without Ye Feng, she would not be able to earn so much money in her lifetime.

“Ye Feng, thank you.” She immediately turned to look at Ye Feng. Her beautiful eyes were filled with gratitude.

“I helped you earn 100 million yuan, and all you can say is ‘thank you’?” Ye Feng immediately pursed his lips in dissatisfaction.

“Then how do you want me to thank you? I can’t...” She almost wanted to say ‘devote myself to you’, but she held back in the end. That was why her character did not collapse.

“What? Continue.” Ye Feng had a mischievous smile.

“I can’t beat you up, right?” Xu Jingxin flew into a rage out of humiliation and waved her little fist in front of him.

“Fine, I helped you earn money, and you still want to beat me up?” Ye Feng immediately reached out and grabbed her small fist. He looked furious.

“You... Let go of me!” Xu Jingxin’s small hand was held by him. She tried to pull it out twice, but she couldn’t pull it out. She panicked and hurriedly looked around.

At this moment, the people in the quarry were all smiling as they watched this ‘little couple’ flirt. There were even people who shouted, “Kiss, kiss...”

Xu Jingxin wished she could find a hole in the ground and hide in it. The 100 million yuan she earned was not worth it.

Ye Feng did not continue to challenge her bottom line. After all, she was not as thick-skinned as Zhuang Xiaojiao. If he challenged her bottom line in public, the consequences would be very serious.

He did not know if his eyes were playing tricks on him, but when he thought of Zhuang Xiaojiao, her shadow suddenly flashed across his eyes. When he looked carefully, he did not find any trace of her.

Was he really seeing things? Perhaps.

At the same time, in a corner of the stone gambling festival, Zhuang Xiaojiao, who was wearing heavy makeup, glared at Ye Feng in the distance.

“This guy, I don’t keep a close eye on him and he runs out to seduce other women. Hmph!”

She contacted Ye Feng last night and asked if he was free today.

He replied that he had something to do today.

She asked him what it was, but he refused to tell her. He probably didn’t want to bring her along.

She asked around and heard that there was a stone gambling festival in Yang Cheng today. How could he miss such a lively event?

As expected, she really met this guy here.

Moreover, he had brought a woman with him who was not inferior to her. That kind of quiet temperament seemed to be more attractive to men than her.

‘Ye Feng, you big pig trotter, I hate you to death!’

She was so angry that she kicked the pillar next to her, and then tears of pain welled up in her eyes.
