

100 Million 861

Chapter 861 - 861 Is This Your Way of Extorting a Confession?

861 Is This Your Way of Extorting a Confession?

Gao Hu lashed out a few more times, and each time, his skin and flesh split open. However, the man continued to laugh. His scarlet tongue was sticking out, and his smile was very strange.

Gao Hu could be considered a fierce person who had crawled out of a pile of corpses, but at this moment, he could not help but feel his hair stand on end. This guy was simply not human. He was not even going to confess?

“Alright, stop hitting him. Put him down.” Ye Feng suddenly stopped him.

“Yes.” Although Gao Hu didn’t know what he was going to do, he immediately ordered his subordinates to put him down.

The man no longer had the strength to stand up. As soon as he was put down, he collapsed on the ground like a pile of mud.

“You guys go out first. I’ll ask him a few questions.”

Ye Feng stared at that man for a while before waving at Gao Hu and the rest.

“Mr. Ye, be careful of this guy.” Gao Hu was a little worried and hurriedly reminded him.

“Do you not believe in my strength?” Ye Feng smiled at him.

“Haha, that’s true. I was thinking too much.” Only then did Gao Hu remember that the young man in front of him was not a weak bookworm, but a fierce person who could survive the siege of hundreds of people.

He did not say anything else and hurriedly waved his hand to dismiss them.

After they left, Ye Feng slowly walked toward that person. “I like to reason with people. I don’t like to use violence.”

“So, don’t force me to make a move. It’s better for you to tell the truth yourself.”

That person raised his head with difficulty, his eyes filled with contempt. “I’m not even afraid of the people from the Chaoxin Gang. Why would I be afraid of you, little b*stard?”

“Use whatever methods you have. If I frown, I’m your son.”

Ye Feng took out a few silver needles from his body. “You’re a despicable person. It seems that if I don’t use some tricks, you won’t confess.”

After saying that, he directly pierced a few silver needles into his body.

The man thought that he was going to use some ruthless means, but he did not expect that he would only be injected with a few needles.

After being stunned for a moment, he immediately raised his head and laughed loudly. In the end, he laughed until tears came out.

“Hahaha, is this your way of extorting a confession? I’m dying of laughter. You didn’t learn embroidery before, did you? The people of the Chaoxin Gang are actually afraid of someone like you? No wonder they’re all trash...”

He kept cursing, but soon, he could not laugh.

In the beginning, there was a slight ticklish feeling at the spot where the silver needles had pierced. Soon, the ticklish feeling spread throughout his body.

“Ah! It itches so much... Hurry up... Quickly stop...”

The man began to roll on the ground, his hands scratching his body.

His body had already been torn apart, and with this scratch, his flesh was torn apart.

However, the man did not seem to notice it and continued to scratch. He looked very miserable.

Soon, the ticklish feeling faded like the tide. The man thought that he had finally endured it and was about to heave a sigh of relief.

At this moment, a heart-wrenching pain swept over him again. It was as if there were ten thousand knives stirring in his body. It was ten thousand times more painful than Gao Hu's whip.

"Ah..."

The man let out a tragic cry and kept hitting his head on the ground, beating his chest in pain.

After a while, the pain began to subside, followed by a strong burning sensation, as if it wanted to burn his internal organs into ashes.

The man's facial features were twisted in pain. He wanted to scream, but he couldn't make a sound. It was as if his throat was about to smoke.

After suffering for a while, the burning sensation began to fade, but then, a soul-freezing cold attacked.

He had just come out of the furnace and was immediately thrown into the ice cellar, as if he was about to be frozen into an ice sculpture.

“Stop... Stop... I’ll confess... I’ll confess everything...”

The man couldn’t take it anymore and hurriedly spoke with a trembling voice.

Ye Feng looked at the time and shook his head. “You only lasted for seven seconds. What a waste.”

As he spoke, he pulled out the silver needles.

The man looked at him as if he was looking at a demon.

Although he only lasted for seven seconds, it felt like half a century. Just thinking about that kind of painful torture made his scalp go numb.

This guy was simply a devil!

Ye Feng ignored his gaze and asked again: "Tell me, who sent that person?"

The man shook his head hurriedly. "I... I don't know..."

"Hmm?" Ye Feng's gaze turned sharp again. His hand touched the silver needles on his waist.

The man was so frightened that he quickly explained, "I really don't know. I'm only responsible for helping them smuggle. I don't know anything else."

Ye Feng stared at his face for a while. Seeing that he did not seem to be lying, he said, "Tell me everything you know from the beginning to the end."

The man sorted out his thoughts and then began to explain, "I started smuggling in the 1980s. At that time, there were many people who ran to Xiangjiang and the casino from our side, and the business was particularly good. But over the years, business has become more and more difficult..."

Ye Feng slapped his head. "Why are you talking so far away? Why don't you start from Pangu splitting the world? I'm asking you to talk about this matter."

The man felt wronged and could only say again, "Two days ago, someone suddenly came to me and gave me 100,000 yuan. He said that I don't have to do any other business for the next few days. I'm just responsible for picking up a person from the casino and sending him back..."

Ye Feng listened to his description and frowned.

According to this person's description, he did not know those people at all and was only responsible for picking them up.

If that were the case, then it would be difficult.

"Do you still remember what that person looked like?" He pondered for a moment before continuing to ask.

"I remember. That person had a donkey face and his eyes were inverted..." The man recalled as he described to him.

Ye Feng found a piece of paper and started to draw according to his description.

A moment later, he showed him the portrait. "Take a look. Is it that person?"

The man only took a glance and nodded repeatedly. "Yes, yes, yes. It's exactly the same. You're simply a divine brush, too divine!"

As he spoke, he wanted to give him a thumbs-up, but he could no longer raise his arm. But when he looked at Ye Feng, it was as if he was looking at a monster.

Just based on his narration, he could actually draw it so accurately. It was simply too unbelievable.

..

Ye Feng could not be bothered to waste his breath. He immediately shouted outside and asked Gao Hu to come in.

When Gao Hu saw that the tough guy was kneeling respectfully in front of Ye Feng, he was stunned. He was even more terrified of Ye Feng's methods.

Previously, he could say that he had used all sorts of methods, but this guy refused to say a word.

And Ye Feng had only been interrogated for a few minutes and he was already scared?

He was very curious. What methods did Mr. Ye use?

Chapter 862 - 862 I'm Not Talking About This Kind of Humiliation

862 I'm Not Talking About This Kind of Humiliation

“This is the portrait of that person. Immediately get the people of the Chaoxin Gang to search carefully. I want to see the person alive or dead.” Ye Feng first took out his phone and took a photo of the portrait before handing it to Gao Hu.

When Gao Hu received the portrait, he was even more shocked. There was even a portrait?

“Mr. Ye, how did you interrogate him? Can you pass on some experience to your brother? Maybe it’ll be useful next time.” He immediately showed a fawning expression. He wanted to learn some advanced techniques from Ye Feng.

“Do you want to try it yourself? I’m happy to help.” Ye Feng immediately revealed a malicious smile.

Gao Hu was a big man. He was so scared that he shrunk like a kitten. “Then I’ll just stop learning.”

“Mr. Ye, don’t worry. I’ll immediately get the brothers of the Chaoxin Gang to investigate. As long as this b*stard dares to appear in Yang Cheng again, I’ll definitely find him.”

He already respected Ye Feng like a god, and he could not wait to curry favor with him. How could he dare to defy him?

Ye Feng nodded, then turned around and glanced at that person. “As for this person...”

That person immediately became nervous. He knew very well how the people from the Chaoxin Gang did things.

If he didn't confess, he might still be able to live, but if he did, he might be thrown to feed the fish.

"Forget it, let him go. After all, there's still a family to feed."

Ye Feng waved his hand and turned to leave.

The man was stunned for a moment. Suddenly, he propped himself up with difficulty and kowtowed heavily on the ground. "I thank my benefactor for not killing me on behalf of my family. Thank you, benefactor..."

Gao Hu could tell that this person was thanking Ye Feng from the bottom of his heart.

After all, his life was no different from an ant in Mr. Ye's eyes. He could easily kill him. However, the other party had spared his life. It was as if he had been reborn again.

Gao Hu could not help but sigh. Mr. Ye was really broad-minded. No wonder he could achieve great things.

..

After Ye Feng left the warehouse, he sent the portrait to Zhao Fulin and asked him to use his connections to search for it.

Now that that person had gone to the casino, the people from the Chaoxin Gang were not very useful. After all, their sphere of influence was mainly in Yang Cheng.

The Zhao family had a wide network of connections. Even in the gambling city, they could speak to them and it was more convenient for them to do things.

After doing all this, he was about to drive back to the hotel.

However, he soon realized that a Wrangler had been following him sneakily from the warehouse until now.

The corners of his mouth curled up into a smile as he continued driving without batting an eyelid.

..

Cheng Fei'er drove the Wrangler and followed behind Ye Feng's car from afar.

“Hmph, your alertness is so poor. No wonder your things were stolen.”

She saw that Ye Feng did not notice her tracking, so she could not help but mutter proudly.

However, when her car turned a corner, she suddenly lost track of Ye Feng.

Shocked, she quickly stopped the car and looked around.

Weng...

At this moment, Ye Feng’s car appeared behind her strangely.

Then, she saw the car stop, Ye Feng pushed open the door and walked over, knocking on her car window.

She pursed her lips helplessly and followed him out of the car. She smiled at him. “When did you find me?”

“Is this the tracking technique of your security team? Isn’t that a little too much?” Ye Feng teased while sizing her up.

Cheng Fei'er was wearing a black tight-fitting sweater, a pair of jeans, and a pair of black leather boots.

It was supposed to be very ordinary clothes, but for some reason, they gave off a special smell when she wore them.

Her body was in an exaggerated S-shape. Among the girls he knew, this figure was definitely in the top three.

Coupled with her height of more than 1.7 meters, she was more than enough to be a model.

"You can insult me, but you can't insult the Security Team."

Cheng Fei'er was a little angry when she heard that he dared to be 'disrespectful' to the Security Team.

Ye Feng raised his hand to support himself on her car and gave her a kabedon. He could not help but smile evilly. "You said it yourself, then I'm really going to 'insult' you."

Cheng Fei'er was instantly embarrassed and angry. Her beautiful eyes glared at him hatefully. "You... I'm not talking about this kind of insult, but that kind of insult."

As she spoke, she tried to escape from his gaze.

But Ye Feng immediately pushed her forward and pressed her against the car.

“Ah!”

Cheng Fei’er immediately cried out in shock and threw a punch, but it was easily blocked by Ye Feng, who pressed her against the car.

“This is your punishment for following me.”

As he spoke, his head slowly moved closer. At the same time, his other hand reached under her clothes.

Cheng Fei’er could not resist and could only try to turn her head to the side.

Her facial features were very delicate, and she had a neat short hair. She had an indescribable androgynous beauty.

At this moment, her bashful expression aroused Ye Feng’s urge to ‘tyrannize’ her.

Just as he was about to succeed, an ear-piercing horn suddenly sounded.

Immediately after, a heavy truck brushed past the two of them. Then, the driver's cursing voice could be heard. "Fighting on the road? Do you want to die?"

The good atmosphere was ruined, and Ye Feng felt disappointed. He slowly let go of her. "Tell me, why did you follow me?"

Cheng Fei'er lowered the hem of her clothes, covering her fair waist again. Then, she glared at him hatefully.

"Let's talk somewhere else."

With that, she got back into the car and rode away.

Chapter 863 - 863 Accompany Me to Casino

863 Accompany Me to Casino

"The person who stole your King Xiang's secret treasure map is called Ah Can. He's the King of Thieves in the casino..."

Ye Feng followed Cheng Fei'er to the riverside. He was admiring the surging river water when he heard her suddenly provide a clue.

“King of Thieves? A thief dares to be king?” He couldn’t help but reveal a mocking expression.

“Don’t underestimate this person. He’s very powerful in the casino.” Cheng Fei’er saw that he did not think much of it and hurriedly explained.

“Why are you telling me this?” Ye Feng looked at her curiously.

Logically speaking, this matter had nothing to do with the Security Team. Why did she take the initiative to find him and tell him everything?

Cheng Fei’er leaned against the railing, letting the river breeze blow her short hair. “I want you to accompany me to the casino.”

Ye Feng looked at her in surprise. “Why are you going to the casino?”

Cheng Fei’er smiled and looked at him. “To help you track down this King of Thieves.”

Ye Feng could not help but twitch his lips. “Are you that kind? Why don’t I believe it? A straightforward person doesn’t beat around the bush. What exactly do you want?”

Cheng Fei’er stopped smiling. “We suspect that this Ah Can is related to Niu Sidun.”

When Ye Feng heard her words, his expression turned serious. "Why do you say that?"

Cheng Fei'er immediately explained, "On the day Jiang Bingkun escaped from prison, this Ah Can appeared in Zhonghai and his whereabouts were strange."

"I was ordered to track him down, but he managed to get rid of me in the end. This time, I heard that he had appeared in Yang Cheng again, so I rushed over. I did not expect that I was still a step too late."

Ye Feng frowned. "You mean, Jiang Bingkun escaped from prison with his help?"

"This time, he was also sent by Niu Sidun to steal my treasure map?"

Cheng Fei'er put her hands in her pockets and looked very confident. "Although we don't have any direct evidence, we can totally suspect it."

"Very few people know that Jiang Bingkun is being held captive, and the security is very tight. Without the cooperation of the people outside, it's impossible for him to escape."

After a pause, she continued, "Including this time. The number of people who know that King Xiang's treasure map is in your hands can be counted on one hand."

“Other than Niu Sidun, I really can’t think of anyone else who can be so resourceful.”

Ye Feng felt that her suspicion was reasonable. This was too much of a coincidence.

Niu Sidun’s shadow could indeed be seen behind these two incidents. It seemed that this old thing was indeed not dead and was still manipulating everything behind the scenes.

Cheng Fei’er saw that he was somewhat moved and continued, “I originally planned to go alone, but considering that I’m not familiar with the people and places in the casino, it’s too dangerous to go alone, so I hope you can go with me.”

Ye Feng immediately tilted his head and sized her up. “Are you begging me?”

Cheng Fei’er glared at him. “I’m just cooperating with you. As long as we can catch this Ah Can and find out where Niu Sidun is, it’ll be good for you too.”

“Not only can we retrieve King Xiang’s treasure map, but we can also eliminate a great enemy.”

Ye Feng did not appreciate her kindness. “Actually, I don’t mind. It doesn’t matter to me whether I want King Xiang’s treasure map or not. I already have enough money now. I won’t be able to spend it all in a few lifetimes. Why should I still look for King Xiang’s treasure?”

Cheng Fei'er immediately became anxious. "Then you don't even care about Niu Sidun? He's scheming to kill you."

Ye Feng smiled disdainfully. "Back then, when he was at his peak, he was not even my match. Now that he's hiding behind the scenes, what can he do to me?"

Cheng Fei'er was at her wit's end. She couldn't possibly kidnap this guy and take him to the casino, right?

Ye Feng glanced at her and said seriously, "Actually, it's not impossible for me to go to the casino..."

Cheng Fei'er's eyes lit up.

However, he immediately changed the topic. "But I have a problem. I can't be happy without a woman. I feel uncomfortable all over if I don't touch a woman for a day..."

Cheng Fei'er was speechless, but she still gritted her teeth and said, "Don't worry, the entertainment industry in the casino is very developed. You can find anyone you want when the time comes."

Ye Feng immediately shook his head. "I don't dare to touch that kind of woman. It would be troublesome if I were to get infected by some flowers or willows."

Cheng Fei'er frowned slightly. "Then what do you want?"

Ye Feng's eyes darted around her sneakily. "If you can..."

Cheng Fei'er stared at him with her beautiful eyes. If he dared to say anything disgusting, she swore that she would strangle him to death.

"If you can... Get the Security Team to get me a pass. I can go with you."

In the end, Ye Feng swallowed the remaining half of his sentence. He realized that this woman was like a walking female tyrannosaurus. She could go berserk at any moment. It was better not to provoke her.

Actually, it wasn't because of her threat. The main reason was that this trip to the casino would only benefit him and not harm him.

The first thing he had to do was to catch Ah Can. He had to find this b*stard before he handed the King Xiang's treasure map fragment to Niu Sidun.

It would be even better if he could find Niu Sidun.

Even if he failed, he could still go to the casino to play.

That was a city with unparalleled cash flow. He was currently lacking cash to upgrade the level of his deep navigation. If he did not show off his skills and make a fortune, it would be a waste.

Of course, it would be even better if he could enjoy the entertainment industry there.

“There’s no time to lose. I’ll help you get a pass now. To avoid any more trouble, we’ll leave early tomorrow morning. Go say goodbye to your little girlfriends first. Don’t work too hard tonight,” Cheng Fei’er said as she walked toward her car.

“Why do I smell jealousy in your words?” Ye Feng had a mocking smile on his face.

“You want me to be jealous? You’re still a little inexperienced, little wimp.” Cheng Fei’er glared at him, then got into the car and left.

Ye Feng looked in the direction she left. The corners of his mouth curled up.

“Little wimp? Sooner or later, I’ll make you call me big... brother!”

Chapter 864 - 864 Do You Know How Bad Your Behavior Is?

864 Do You Know How Bad Your Behavior Is?

“What is it? You want to go to the casino? I want to go too!”

In the hospital ward, when Zhuang Xiaojiao heard that Ye Feng was going to the casino, she immediately jumped up from the bed.

"Calm down first. Your illness hasn't fully recovered yet. Stay in the hospital first. I'll bring you there next time." Ye Feng was afraid that her old illness would relapse. He quickly comforted her softly.

"I've already recovered from my illness. I want to go this time. You have to bring me along." Zhuang Xiaojiao grabbed his hand in a half-pleading and half-threatening manner, afraid that he would fly to the casino if she let go.

Ye Feng rolled his eyes. "I am a doctor. Whether you are well or not, I have the final say."

Zhuang Xiaojiao glared at him angrily. "If you don't bring me along, I'll... I'll jump out of the window."

Ye Feng immediately felt a headache. "Even if I want to bring you there... you don't have a casino pass."

"I'm leaving tomorrow morning. If I handle it now, it'll take at least a few days before you can come down."

Zhuang Xiaojiao's expression eased a little. "It's a small matter. I'll give my grandfather a call. It'll be done in half an hour."

Ye Feng's face immediately darkened. "Zhuang Xiaojiao, do you know how bad your behavior is?"

Zhuang Xiaojiao was stunned. "Isn't it just a pass? How is it bad?"

Ye Feng stood up from his chair and looked at her seriously. "Do you know that this is your privilege?"

"You have destroyed the proper order."

"Other people have to queue up to get a pass. What right do you have to cut in line?"

Zhuang Xiaojiao was tongue-tied. "It's just a small matter. Do you have to make it sound so serious?"

Ye Feng snorted coldly. "Small matter? To you, it might be a trivial matter, but have you ever thought about it? How much of an impact would a small matter like you, the privileged class, have on the ordinary people?"

Zhuang Xiaojiao scratched her head. Was it really that serious?

Ye Feng still felt that it was not enough, he continued to reprimand: "A thousand li dam can destroy an ant nest, don't think that just because of a small matter, it won't bring bad effects."

“We are all people of the new era. We must understand that everyone is equal and must not seek special treatment. Do you understand?”

Zhuang Xiaojiao nodded, but she felt that something was wrong. “But...”

Ye Feng immediately interrupted her, “I know, our Xiaojiao is the most sensible. She would never use her family background to disrupt the normal order, right?”

Zhuang Xiaojiao was too embarrassed to say the rest of the words.

“Then... Then you must bring me there next time.”

“Alright, I promise you.”

“Then... When you come back, you must bring me a gift.”

“Don’t worry, I’ll definitely bring it for you.”

“Then... Take care of yourself.”

“Yes.”

Ye Feng saw that she was a little unhappy and quickly changed the topic, “Before you leave, I will help you with acupuncture. Come, lie down.”

Zhuang Xiaojiao took off her white socks and lay on the bed obediently.

Ye Feng pinched her small foot. After playing with it for a while, he suddenly remembered: “I almost forgot, I’m using needles on the back today.”

Zhuang Xiaojiao immediately sat up and glared at him. This guy must have done it on purpose.

Ye Feng turned his head to look at the ceiling. He whistled and ignored it.

In the end, Zhuang Xiaojiao was the first to compromise. She obediently turned over and lay on the bed.

Ye Feng walked over and took off her patient gown, revealing her flawless back.

He couldn’t help but cry for help. Treating such a beauty was too much.

It seemed that when he treated her in the future, he would have to prepare a quick-acting heart-saving pill beside her.

Suppressing the evil thoughts in his heart, he pierced the silver needles into the acupuncture points on her back one by one and then chatted with her casually.

After a while, Zhuang Xiaojiao fell asleep on her stomach. There was even a trace of crystal-clear saliva flowing from the corner of her mouth.

Ye Feng looked at her sleeping appearance and felt pity for her.

As the saying goes, illness comes like a mountain, and illness goes like silk.

Although her condition had been temporarily relieved, she had consumed a lot of mental power, so she was easily sleepy.

She could only slowly recuperate. There was no other way for the time being.

After about ten minutes, he pulled out the silver needles one by one and helped her put on her clothes before walking out of the ward.

Zhao Xinwu was still standing guard outside the door. During this period of time, he and another guard named Guo Xuyang took turns to guard the door 24 hours a day.

Other than Ye Feng, no one else could get close to the ward.

“Brother Zhao, I will be leaving Yang Cheng for a few days. If anything happens to Xiaojiao during these few days, put this lingzhi in her mouth.”

Ye Feng took out three pieces of dried lingzhi and gave them to Zhao Xinwu.

Zhao Xinwu knew that this was Miss’s life-saving medicine, so he put it away very carefully. “I’ll thank Mr. Ye on behalf of Miss first.”

Ye Feng patted his shoulder. He was about to chat.

At this moment, his phone suddenly rang.

The call was from Chen Xuan. He had sent her a text message on the way here. She was probably busy just now and had only seen it now.

As soon as the call connected, Chen Xuan’s anxious voice came through. “Xiao Feng, why do you suddenly want to go to the casino? Did something happen?”

Ye Feng immediately smiled. "Don't worry, it's nothing serious. A friend is going to the casino to do something, so she asked me to help."

Hearing his explanation, Chen Xuan heaved a sigh of relief. "When are you leaving? How many days are you going? Is there any danger?"

Ye Feng listened to her rambling like an old woman, but he was not impatient at all. Instead, he was enjoying it. "I will leave tomorrow morning, I don't know how long I will be gone for, don't worry, there will be no danger."

Chen Xuan was silent for a moment before she suddenly said, "I'll look for you tonight."

When Ye Feng heard this, his face immediately bloomed with joy. "Are you afraid that I won't return it after I leave, so you plan to leave me a seed?"

"If a dog's mouth can't spit out ivory, then I won't go."

"Don't. I'll wait for the queen tonight."

"Humph..."

Chapter 865 - 865 I Have a Beauty Recipe

865 I Have a Beauty Recipe

Chen Xuan probably rushed over from the company. She was still wearing a black suit and carrying a big bag of vegetables from the supermarket.

As soon as she entered, she said that she wanted to personally cook a sumptuous dinner for him.

Ye Feng tried his best to stop her, but in the end, he could not persuade her. He could only let her go.

He wasn't worried about her, but he was afraid that he wouldn't be able to leave tomorrow. After all, who knew if there would be any problems with her cooking?

"Have you been very busy with work recently?"

Ye Feng walked behind her and hugged her slender waist.

"Fortunately, the branch company has been established and will be able to operate normally soon," Chen Xuan replied with a smile as she continued to cook. With the apron around her, she really looked like a good wife and mother.

Ye Feng brushed away the few strands of hair in front of her eyes. "You're always so busy. Be careful not to age too quickly. In the future, when I go shopping with you, people will ask, is this your mother?"

Chen Xuan slapped his hand. "Nonsense, you're the one who's getting old fast."

Ye Feng pointed at her forehead. "You still don't believe me, look at your wrinkles."

"Ah!"

Chen Xuan hurriedly broke free of his hand and rushed into the bathroom with the kitchen knife. She kept muttering, "Why are there wrinkles? That's impossible..."

After a while, she walked out angrily. "Ye Feng, you actually dared to lie to me? Where are the wrinkles?"

Ye Feng laughed happily: "This is a warning to you. If you continue to be so busy in the future, you will get wrinkles sooner or later."

Chen Xuan returned to the kitchen and continued cooking. "Nonsense. I have to put on a facial mask every day. I take good care of myself."

Ye Feng smiled evilly. "It's useless to just put on a facial mask. I have a recipe for beauty. Do you want to try it?"

Chen Xuan's eyes lit up. She knew that this guy's medical skills were very good. Perhaps he really had some secret recipe. "Tell me, what recipe?"

Ye Feng raised his eyebrows at her. "I heard that as long as you eat more of that, you will be able to maintain your beauty."

"Which one?"

Chen Xuan didn't understand what he meant, but she knew that he was up to no good when she saw the sly smile on his face.

Soon, her gaze slowly moved down and she instantly understood.

She suddenly remembered that Zhang Youting had once secretly told her that she had seen it on the internet and eaten it. That thing could be used for beauty.

At that time, she even scolded her for being indecent.

"Ye Feng, you... Are you trying to anger me to death?" She immediately blushed and glared at him angrily.

"I didn't say anything, but you know everything? Tell me honestly, what are you busy with every day?" Ye Feng immediately turned the tables.

Chen Xuan was instantly embarrassed and angry when he complained first. "Get out. I don't want to see you again."

With that, she chased him out of the kitchen.

Ye Feng had no choice but to return to the living room and play with his phone for a while. The food was soon ready.

He didn't know if this woman was deliberately taking revenge, but the dishes were too salty.

However, when he saw her expectant expression, he dispelled this guess. This should be her normal standard, right?

"How does it taste?" Chen Xuan asked nervously.

"I now believe that God is fair," Ye Feng said inexplicably.

"What do you mean?" Chen Xuan asked in confusion.

“When he opens a window for you, he will close a door for you. When he gave you beauty and wisdom, he would take away some elsewhere.” Ye Feng continued to beat around the bush.

With President Chen’s intelligence, how could he not understand what he meant? “Are you saying that the food is terrible?”

Ye Feng coughed dryly. “That... It wasn’t that it tasted bad, but... Maybe... You didn’t perform at your normal level.”

Although his words were a little against his will, for the sake of tonight’s happiness, he could only try his best to make up for it.

Although Chen Xuan was not very satisfied, she reluctantly accepted his explanation. “It’s because you kept causing trouble that I didn’t perform at my normal level.”

Ye Feng quickly nodded. “Yes, yes, yes, it’s all my fault.”

Chen Xuan immediately pointed at the plates. “Then I’ll punish you by eating all these dishes.”

Ye Feng was very helpless. “Alright, I’ll eat.”

As he ate, he sneered in his heart. Punishing me? Very good, every time I eat more now, I’ll punish you for one more minute later, hmph!

..

Although his imagination was beautiful, reality was cruel.

He ate more than a hundred mouthfuls, but she could not even last half the time.

“Xiao Feng, is it really safe for you to go to the casino this time?”

Chen Xuan’s face was flushed as she lay in his arms. At this moment, she no longer had the aura of a big CEO. She was completely in the position of a small woman.

“Don’t worry, the friends who are going with me are also very strong. We can take care of each other.” Ye Feng helped her push away the stray hair on her forehead and wiped her sweat.

“Is your friend a man or a woman?” A woman’s unique sensitivity allowed her to immediately grasp the main point.

“What? Does it matter if it’s a man or a woman?” Ye Feng laughed and changed the topic.

“So it’s a woman? Is she beautiful?” Chen Xuan’s beautiful eyes stared straight at him.

“Haha, do you think there are beauties everywhere in China? Think about it, can a woman with super martial strength be good-looking? She’s even stronger than me.” Ye Feng thought of Cheng Fei’er’s graceful figure and said something that went against his heart.

“It’s okay. Even if she’s beautiful, it’s fine. I believe you.” Chen Xuan smiled sweetly, obviously relieved.

“Of course. No matter how beautiful she is, can she be as beautiful as my Sister Xuan? Come, let’s do it again,” Ye Feng said. His hands started to play tricks again.

At this moment, Chen Xuan’s phone rang at an inappropriate time. She picked up her phone and looked at it, then smiled apologetically at him.

“It’s Youting. Something must have happened at the company again. I have to go first.”

As she spoke, she started to put on her clothes.

Although Ye Feng was disappointed, he could only stand up and send her out.

The two of them parted at the door for a while before Chen Xuan turned around and left.

Ye Feng was about to close the door and go back to sleep.

At this moment, a small hand suddenly grabbed the door.

Immediately after, he saw Feng Jianwu's small face peeking in.

"Master, do you need any service?"

The next morning, when Ye Feng rushed to the airport to meet up with Cheng Fei'er, he was still in a daze.

After Chen Xuan left last night, he thought that he could have a good rest. He did not expect Feng Jianwu, that clingy little vixen, to come again.

As the master, he naturally had to reward the considerate servant who took the initiative to come to his door.

By the second half of the night, he was already at the end of his rope and wanted to give up.

But at this moment, Feng Jingyi, whom he hadn't seen for days, heard the news and rushed over.

Faced with the canary, who had just been 'kept', taking the initiative to flatter him, he naturally could not bear to favor one over the other, so he went through another round of trouble.

Because it was Feng Jingyi's first time, she didn't perform well. This time, she finally displayed the combat strength that a qualified 'mistress' should have. It was really fierce.

Feng Jianwu's desire to win was also aroused by her, she started to enjoy Ye Feng.

Facing the combined attacks of the two, even if Ye Feng used the seventy-two forms of the in-room technique, he was almost killed.

Fortunately, he managed to save some face as a man and barely fed the two of them.

He finally understood why Tang Xuanzong wanted three thousand beauties in his harem.

Because if the rain and dew were to spread equally, people would really die.

Cheng Fei'er could see that he was dispirited and could not help but sneer. "It seems that you did not listen to my words. You did not have a good rest last night, right?"

Chapter 866 - 866 Isn't It Just Pretending To Be a Couple? I'm Good at This

866 Isn't It Just Pretending To Be a Couple? I'm Good at This

Ye Feng yawned, "There are some things that you single dogs will not understand."

Cheng Fei'er was mocked by him and immediately snorted. "Have you arranged for your little girlfriends? Do you want our Security Team to send someone to protect them?"

When Ye Feng left Yang Cheng this time, it was hard to guarantee that Niu Sidun and the others would not target the people close to him. He had to be wary of this.

"There's no need. I've already made arrangements." He immediately rejected her kindness.

In fact, among the girls he was close to, Zhuang Xiaojiao's safety was not something he needed to worry about. At least in China, no one dared to touch her.

Needless to say, Xu Jingxin's family was like a local tyrant in South Guangdong Province. Who would dare to offend the emperor?

The other girls also had extraordinary family backgrounds, so he didn't need to worry about them.

The only one in danger was Chen Xuan. The two of them were too close, and she did not have a strong background. It was very likely that she would become the target of revenge.

Therefore, he had already arranged for Feng Jianwu to protect her in secret this morning. With her strength, it was more than enough for her to protect one person.

Cheng Fei'er saw that he had already made the arrangements, so she did not say anything more and threw the pass to him.

Ye Feng took the pass and looked at it. His identity was fake, his name was Feng Ye. It should be the opposite of his name.

Cheng Fei'er then explained to him, "This is a secret operation. If the operation fails, the Security Team won't recognize us."

"You're a rich second-generation heir from Yang Cheng, and I'm your girlfriend. We're here for a vacation together..."

After Ye Feng heard her introduction, he put his hand on her shoulder skillfully. "Isn't it just pretending to be a couple? I'm good at this."

Cheng Fei'er was a little disgusted by his frivolous actions and immediately wanted to break free.

"Since you want to act, you have to put in more effort. How do you know that there won't be people from the casino watching you at the airport? Better safe than sorry, comrade."

Under Ye Feng's guidance, Cheng Fei'er did not resist anymore and allowed him to hug her.

She was dressed differently from usual today. She was no longer wearing the kind of gender-neutral outfit that was abstinent. Instead, she was wearing a short black skirt that covered her knees.

In Ye Feng's opinion, this was still a little too conservative. It would be better if it was shorter.

Perhaps it was because she had been practicing martial arts for a long time, but her long legs were full of strength. It was not too exaggerated and did not have such obvious muscles.

She was wearing a pair of high-heeled sandals. Although the heels were not too high, she was obviously not used to wearing them, and her walking posture was also very awkward.

"Sis, since we can't be sexy, can we not dress like this in the future?" Ye Feng could not stand it anymore. He could only remind her softly.

"Do you think I want to? Wasn't it our captain who asked me to dress like this? She said that this would confuse the enemy." Cheng Fei'er couldn't help but complain.

"Yes, this behavior is indeed quite confusing." Ye Feng pursed his lips and did not say anything else.

Soon, the announcement of boarding was announced, Ye Feng and Cheng Fei'er took their luggage and boarded the plane.

They didn't talk for half an hour when their plane landed at the casino airport. It felt like the plane had just taken off and was about to land.

According to Cheng Fei'er, the Security Team had already arranged a hotel for them. After the two of them left the airport, they took a taxi straight to the hotel.

However, when the two of them arrived at the hotel, they were a little dumbfounded.

The hotel's standard was quite high. It was a five-star hotel called Milky Way.

However, what made them dumbfounded was that the Security Team only arranged a room for them.

Cheng Fei'er panicked and took out her phone to make a call.

However, the result was obviously not ideal. She quickly walked back with a dark face. "We're a couple now, so we should be staying in the same room. If we live separately, I'm afraid we'll attract the attention of someone with ulterior motives..."

Ye Feng did not have any objections to this. "I don't care, it doesn't matter who I sleep with."

When Cheng Fei'er heard this, she immediately glared at him fiercely.

Especially when she thought about how many women this guy had slept with last night, she felt annoyed.

However, since this was arranged by the organization, she could only obey the order. After receiving the room card, she threw a pile of luggage to Ye Feng and walked toward the room alone.

This was very much in line with a girlfriend's willfulness.

Ye Feng looked at her graceful back view. The corners of his mouth curled up.

A man and a woman were alone in a room. If nothing happened, wouldn't it be too embarrassing for a man?

Chapter 867 - 867 Something Doesn't Feel Right

867 Something Doesn't Feel Right

The room arranged by the Security Team was quite big, but it was a little awkward. There was only one big bed in the room, and it was the kind of round bed that couples used for weekend dates.

The interior of the room was also decorated with an ambiguous atmosphere, making people unable to help but be tempted the moment they entered.

On the coffee table, there was even a pile of toilet paper, wet towels, condoms, and so on.

Cheng Fei'er's pretty face blushed slightly, but she deliberately pretended to be cold.

She was very suspicious now. Was the captain deliberately teasing her?

She had thought that this was the most awkward part, but the real awkwardness was yet to come.

Coincidentally, the color and style of their suitcases were similar, with only some slight differences.

Initially, the two of them were taking their own luggage, but when they were downstairs, she threw all her luggage to Ye Feng and immediately got it mixed up.

When Ye Feng opened his 'own' luggage, a black hood immediately jumped out, he was stunned for a moment.

Even Cheng Fei'er was stunned on the spot. It took her a long time to react. "You... Who told you to open my suitcase?"

She immediately screamed and hurriedly ran over to push him away. She then covered the suitcase. Her pretty face already red to the ears.

Ye Feng stretched out his hands and gestured as if he was solving a math problem. He had a puzzled expression. "The size doesn't seem right."

When Cheng Fei'er heard this, she wished she could find a hole to hide in and immediately glared at him. "What did you say?"

Ye Feng glanced at her chest as if nothing had happened. "I just wanted to say, don't make yourself suffer too much."

Cheng Fei'er gritted her teeth, wishing she could bite this guy to death.

Fortunately, at this moment, a hurried ringtone broke the awkward atmosphere.

Cheng Fei'er picked up the call and whispered a few words to the other party. Then she hung up the phone and turned to look at Ye Feng.

"The informant we arranged in the casino just called and said that we've found traces of Ah Can."

Ye Feng immediately became serious. "Then we will go over now?"

Cheng Fei'er nodded. "Let's meet the informant first and then discuss the next step."

The two of them did not say anything else. They immediately went out and hailed a taxi, heading straight to the agreed location.

The driver stepped on the accelerator and arrived at the destination in less than ten minutes.

After Ye Feng and the other got off the car, they realized that this was an old neighborhood. It should be a building from the 20s or 30s.

Although the houses were old, the streets were very clean.

On the streets, there were many tourists who were similar to them. They were taking photos of these old buildings.

The two of them were about to contact the informant and get ready to meet up.

At this moment, a man with yellow hair suddenly walked over. "Are you two compatriots from the mainland?"

Ye Feng looked at him calmly. "Yes, what's wrong?"

The man looked at the two of them again, especially Cheng Fei'er for a few more seconds before he retracted his gaze. "Do the two of you want to bring some gifts back for your family and friends?"

Ye Feng continued to feign civility. "Of course I will, I just don't know what gift I will bring."

The man's eyes lit up. "I have some old items here. You'll definitely like them. Please follow me."

Cheng Fei'er hurriedly pulled Ye Feng's arm. "We still have a mission. Don't cause any more trouble."

Ye Feng smiled at her. "Let's go take a look, it won't take too much time."

He immediately followed him. Cheng Fei'er had no choice but to follow him.

The two of them followed the man and quickly turned into an alley. There were already two sneaky men waiting in the alley. When they saw the two of them enter, their eyes instantly lit up.

A man with a pair of triangular eyes asked first, "Are the two of you here to see the goods?"

“What goods do you have? There’s no need to take out worthless junk.” Ye Feng acted like he was rich. It was as if he was afraid that others would not know that he was a fool with a lot of money.

“Don’t worry, I guarantee that I’ll satisfy the two of you.” As the man spoke, he waved his hand.

The two people behind him immediately carried a large cloth bag over.

The triangular-eyed man pulled open the zipper of the cloth bag. Ye Feng and Cheng Fei’er saw a bag of jade items inside. Jade Guanyin, jade thumb ring, jade cups, and so on. There were all kinds of jade items inside.

“Do you see that? These are all treasures that you can’t buy even if you have money in the mainland.” The man continued to sell to the two of them.

Ye Feng had already scanned it with a deep scan. There was only a pile of glass inside, and there was not a single authentic item.

However, he still looked at the man calmly. “Who knows if these things of yours are real or fake? What if it’s fake? Where are we going to find you?”

When the man heard this, he was a little unhappy. “How can you say that? Do you think the casino is like your mainland? Fakes everywhere? These things are all collected from overseas. Would foreigners make fakes?”

Ye Feng's eyes flashed with mockery, but he still nodded. "Alright, let's pick two."

The man was immediately delighted and hurriedly handed the bag over.

Cheng Fei'er subconsciously reached out to take it.

However, just as she was about to grab the cloth bag, the man suddenly let go.

Hualala...

The cloth bag suddenly fell to the ground, and the sound of jade shattering came from inside.

"Oh my god!"

The three men wailed and went forward to check.

Cheng Fei'er was also a little dumbfounded. She did not know why this situation had suddenly happened.

Only Ye Feng knew what was going on. He smiled as he watched the three of them.

The three men opened the cloth bag and checked. Most of the 'jade objects' were damaged to varying degrees and could not be repaired.

The triangular-eyed man immediately stood up angrily and looked at Cheng Fei'er. "You broke our jade. You have to compensate according to the price."

Cheng Fei'er was a little unhappy. "What do you mean I broke your jade? You were the one who accidentally broke it. How can you blame it on me?"

That triangular-eyed man gritted his teeth and glared at her. "You're spouting nonsense. I've already handed it over to you. You're the one who didn't hold it firmly. Are you still trying to deny it?"

Cheng Fei'er was an elite of the Security Team. She had already realized that she had been scammed. "Anyway, this has nothing to do with me. Don't blame it on me."

After saying that, she turned to Ye Feng. "Let's go."

Before Ye Feng could agree, the three of them had already surrounded the two of them.

"You want to leave without paying for breaking our jade?"

Cheng Fei'er was also furious. "Get lost. If you continue to pester me, I won't be polite."

But she was a girl after all, and she was so beautiful. She was obviously not intimidating enough.

Not only were the three men not afraid, but they also revealed arrogant smiles.

"Hmph, you broke our jade. No matter where you go, we will be in the right. If you don't pay up today, don't even think about leaving this place."

The triangular-eyed man was still fixated on the fact that she had shattered the jade artifacts, and he spoke with a righteous tone.

Cheng Fei'er wanted to argue, but Ye Feng suddenly stopped her and turned to look at the three of them. "Then how much do you want?"

Chapter 868 - 868 Wife, Protect Me!

868 Wife, Protect Me!

Triangular-eyed looked at them carefully. "Not much, 100,000."

As if he felt that he was asking for too much, he hurriedly explained, "The jades that you broke just now are the best of the best. When we bought them, we spent more than 200,000 yuan..."

Ye Feng did not wait for him to finish explaining, he took the initiative to say: "100,000 can't..."

Triangular-eyed's expression darkened, and he was about to fly into a rage.

But Ye Feng continued: "We can't let you suffer a loss. Since you spent 200,000 yuan, we should naturally compensate you with 200,000 yuan."

The three men immediately looked at each other. They were prepared to ask for a sky-high price and pay back the money on the spot. They did not expect this fool to not only not bargain, but even take the initiative to raise the price.

This was the first time they had seen such a fool!

Cheng Fei'er immediately panicked. "What nonsense are you talking about? I didn't break it at all..."

The triangular-eyed man was afraid that he would go back on his word, so he hurriedly interrupted her. "This little brother is still the most straightforward. After all, we're all compatriots. We don't want to make things difficult for you."

"As long as you pay the money, we'll be friends in the future. If you come to the casino again in the future, feel free to look for me."

Ye Feng smiled noncommittally. “No problem, but I have to take a look at these jade items first.”

“To tell you the truth, I also own an antique shop, so I do have some knowledge about these things. As long as I can confirm that it’s authentic, I’ll transfer the money to you immediately.”

The three of them were originally smiling, but when they heard this, their faces immediately darkened.

“Kid, what do you mean by this? Are you suspecting that we are blackmailing you?”

The yellow-haired guy who brought them in earlier immediately stared at Ye Feng unhappily.

Ye Feng smiled calmly. “Of course I believe in your character, but even if we die, we can’t die for no reason, right?”

As he spoke, he bent down to pick up a fragment and looked at it. Then, his expression suddenly changed. “Something doesn’t seem right.”

The triangular-eyed man’s expression immediately turned gloomy. “What’s wrong?”

Ye Feng pretended to be a ‘newbie’, “This looks like glass, it’s not jade at all.”

Cheng Fei'er looked at the three of them angrily. "You actually used glass to trick us?"

Seeing that their plan was exposed, the three of them could not be bothered to continue pretending. They took out short knives from their pockets and pointed at Ye Feng and the other two.

"Kid, it should have been done with just spending some money. Why are you so blind?"

"200,000 is not enough now. If you don't take out 500,000, don't even think about leaving."

The triangular-eyed man's face carried a sinister look. Coupled with the shining knife in his hand, it was indeed very intimidating.

When Ye Feng saw this, he immediately screamed and hid behind Cheng Fei'er. "Wife, protect me!"

Cheng Fei'er immediately rolled her eyes. At this time, this guy was still fooling around.

When the triangular-eyed man saw his cowardly look, he immediately smiled lewdly at Cheng Fei'er. "Beauty, this kind of coward doesn't deserve you at all. Why don't you just follow me? This 500,000 yuan was all for this kid."

Cheng Fei'er's cold gaze swept across the three of them. "I guess you guys have done many such things, right?"

Triangular-eyed was playing with the butterfly knife in his hand until his eyes were dazzled. "Of course. Who asked you people from the mainland to be so stupid and greedy? If I don't trick you, who else would I trick?"

The bald man beside him also laughed. "Two days ago, there was a mainland girl. Because she couldn't afford to pay, she played with the three of us for a night. The next day, she limped away, haha..."

The blond looked at Cheng Fei'er greedily. "You're much prettier than that mainland girl. If you play with the three of us for a night, we're willing to pay you."

"Hahaha..."

The three of them burst into laughter.

Cheng Fei'er was not a good-tempered person. Every time she lost her temper, even Ye Feng was a little afraid.

When she heard the three of them spouting sh*t, she could not take it anymore. She directly flew up and kicked the blond's chin heavily.

Because her outburst was too sudden and fast, the three of them did not react in time.

The blond flipped 360 degrees in the air and fell heavily to the ground, fainting. It was obvious how powerful Cheng Fei'er's kick was.

The triangular-eyed man and the bald man were shocked at first, but they immediately reacted.

"B*tch, since you want to die, we'll fulfill your wish."

The two of them shouted angrily and immediately brandished the daggers in their hands as they charged at Cheng Fei'er.

Cheng Fei'er was selected for the Security Team, so her combat ability was unquestionable. Dealing with the two hooligans was as easy as flipping her palm.

She charged forward and grabbed the wrist of the triangular-eyed man. With a light tug, the dagger fell from his hand.

She then grabbed his arm, and with a clean grab, he lost his ability to fight.

At this moment, the dagger was about to fall to the ground. Cheng Fei'er kicked it with the tip of her foot, and the dagger flew up again, directly being caught in her hand.

The bald man charged over with a dagger in hand.

She didn't even turn her head. She swung the dagger in her hand and stabbed it accurately into the bald man's wrist.

"Ah..."

The bald man immediately cried out in pain. Before he could retreat, he was already caught by Cheng Fei'er.

Both of them had their arms locked and were kneeling on the ground, covered in dust.

The battle ended in less than a minute.

Ye Feng, who had been watching the show, could not help but applaud and praise.

It really was a female tyrannosaurus!

Chapter 869 - 869 Choosing the Wrong One

869 Choosing the Wrong One

Although Cheng Fei'er's movements were not graceful, they were lethal.

The two hooligans did not expect this. They thought it was another brainless couple from the mainland. They loved to rip off stupid and rich mainland tourists.

However, they had never expected to encounter a tough opponent today.

"Please spare my life..."

The triangular-eyed man knew very well what it meant to be a wise man who knew his place. He hurriedly begged for mercy.

At this moment, the blond who had been kicked unconscious was slowly waking up. However, seeing the situation in front of him, he simply continued to lie down and pretend to be dead.

Cheng Fei'er glared at the two of them. "Scumbags like you have deceived countless people. You're too hateful."

Triangular-eyed immediately burst into tears. "Great aunt, we know our mistakes. We won't dare to do it again. Please give us a chance to turn over a new leaf and become a new person."

The bald man beside him also pleaded, "Yes, we swear that we will never do such things again. If we go against it, we will die a horrible death."

Cheng Fei'er hesitated for a moment before letting go of the two of them. "You'd better keep your promise and find a proper job when you go back. If I see you doing evil again, I won't let you off easily."

The two of them hurriedly agreed and then fled dejectedly.

The yellow-haired guy who was pretending to be dead also hurriedly got up from the ground and used his hands and feet to escape.

Cheng Fei'er wasn't that naive. Of course, she knew that the three people's promises were unreliable, but she had come to the casino secretly this time and didn't want to have anything to do with the Office of Personnel.

Moreover, the informant who was meeting her was probably about to arrive. She didn't have time to deal with this kind of person.

"Let's go."

She greeted Ye Feng and prepared to leave the alley.

Ye Feng did not move, he only said lightly: "I'm afraid I can't leave for the time being."

Cheng Fei'er was stunned, not knowing what he meant.

But soon, she understood.

A group of people suddenly appeared at the entrance of the alley. These people were dressed in a hooligan manner. Each of them was holding a machete, an iron rod, and even a sharp weapon like a mountain axe.

There were about twenty to thirty people in this group. They rushed into the alley in such a grand manner, giving off an oppressive feeling.

They stopped less than ten steps away from the two of them. Then, they saw the three people who had just left walk out from behind.

"Little b*tch, you want to leave just like that after hitting us? How can it be that easy?"

The triangular-eyed man had a machete in his hand. It was about three feet long and looked cold.

Cheng Fei'er glared at him. "You said you wanted to turn over a new leaf just now. Are you going back on your words so quickly?"

When the three of them heard her accusation, they all laughed impudently.

“Hahaha, we’ve sworn many oaths. I’m afraid only someone as stupid as you would believe us, right? No wonder you were tricked by this spineless kid.”

That blond seemed to hate Ye Feng for being able to hook up with such a beautiful girl.

Cheng Fei’er’s brain was spinning rapidly, thinking of a way to escape.

If she was faced with three or five thugs with sharp blades, she might be able to escape, but it would be a little difficult for six or seven of them.

But there were twenty to thirty people in front of her, each of them had a weapon in their hands, even if she and Ye Feng worked together, they might not be able to get out.

Even if they rushed out, they would definitely be heavily injured.

However, this was a dead end. There was no other way than to break out of the encirclement head-on.

Just as she was thinking hard, Ye Feng suddenly spoke: "We are all compatriots, why do we have to be so unhappy? Don't you want money? 500,000, right? I can give it to you."

When the triangular-eyed man heard this, he immediately sneered. "You really refuse a toast only to drink a forfeit. What were you doing just now? Now, the price had changed again. It was at least 1 million!"

Ye Feng was a little unhappy. "Wasn't it 500,000 just now? Aren't you guys too black-hearted?"

The bald man immediately laughed sinisterly. "That 500,000 yuan is to compensate us for the jade. Your girlfriend hit us just now. Don't you want medical fees and compensation for psychological damage?"

The blond nodded as well, but his jaw was already dislocated from the kick and he couldn't make a sound.

Ye Feng pretended to be angry. "Don't go too far, our family is very powerful in South Guangdong Province. If you force us into a corner, we won't have a good ending."

When the group of people heard his threat, they all burst into laughter.

"Kid, you still don't understand the situation? This is the casino, not your South Guangdong Province. If you want to behave atrociously here, I'll teach you how to behave."

That triangular-eyed man immediately waved his machete at Ye Feng. He was extremely arrogant.

Ye Feng was instantly 'scared' and took two steps back. "Don't be anxious, I didn't say that I won't compensate you."

Triangular-eyed was already getting impatient. "Then hurry up and get the money. We'll leave immediately after we get the money. We won't hurt a single hair on your head."

Ye Feng nodded. "No problem, but we have to settle the score first."

Triangular-eyed looked at him unhappily. "What score?"

Ye Feng said slowly: "You guys surrounded us with knives and scared us, you should compensate us for the mental damage. We don't want much. 2 million isn't much, right? After deducting the one million we owe you, you can just give us 1 million."

Cheng Fei'er rolled her eyes. This guy was still spouting nonsense at a time like this. He wasn't reliable at all.

The triangular-eyed man immediately flew into a rage. "Brat, are you playing with us?"

Ye Feng hurriedly waved his hand. "Don't talk nonsense, I am not interested in men, I only play with women."

Triangular-eyed finally couldn't take it anymore. He immediately waved his hand at the group of people behind him. "Go and surround that woman. The three of us will take care of that kid."

After saying that, he took the lead and charged toward Ye Feng, the blond and baldy followed closely behind.

They had suffered a great loss at Cheng Fei'er's hands and were a little afraid of her. They might as well let others die while they went to pinch the 'soft persimmon.'

After looking at it for a long time, this kid was a verbally talkative player.

Whenever he encountered danger, he would hide behind a woman. He was simply a coward.

The three of them were more than enough to deal with this fellow.

Ye Feng looked at the three of them. He could not help but shake his head and sigh.

How could a person be so stupid to choose the wrong one out of two?

Chapter 870 - 870 Have You Cultivated the Sunflower Manual?

870 Have You Cultivated the Sunflower Manual?

As the distance between the two sides was very close, they arrived in front of him in the blink of an eye.

“Brat, go to h*ll.”

Triangular-eyed was the first to rush in front of Ye Feng. He slashed down with his machete.

The other two also waved their weapons, slashing toward Ye Feng’s left and right.

The three of them had a clear division of labor, and their cooperation was very tacit. Almost at the same time, they blocked all the directions in which he could escape.

They could even see the scene of him wailing in pain after he fell to the ground.

However, the next scene completely overturned their understanding.

In the beginning, Ye Feng did not dodge their attacks, as if he was scared silly.

However, just as the sharp weapons in their hands were about to hit him, his body suddenly bent in an exaggerated manner. At the critical moment, he escaped from the gap between the three of them.

Before the three of them could react, he had already flashed behind the bald man and gently wiped his neck with his right hand.

Then, the bald man's pupils suddenly dilated. Immediately after, the flesh on his neck suddenly exploded, and blood spurted out like a water pillar.

Only then did the triangular-eyed man and the yellow-haired man notice that Ye Feng was holding a glass shard in his hand.

The bald man's throat was cut by this fragment.

Only then did the two of them realize that the man they had thought of as a coward was the real demon king!

He had effortlessly taken care of the strongest person among them.

This discovery immediately made their hair stand on end. They didn't have time to care about the bald man's life and death. The two of them hurriedly retreated.

But Ye Feng would not let them off so easily. He immediately chased after them.

However, at this moment, he suddenly heard Cheng Fei'er's scream from the side.

He hurriedly stopped and looked back. He saw Cheng Fei'er being surrounded by a group of thugs. Her right forearm had been cut by a dagger, and blood was gushing out.

He could no longer care about chasing after the two people. He directly raised his leg and kicked the head of a thug who was attacking Cheng Fei'er from behind.

Bang!

His strength was too great. The thug's head was kicked out of shape and flew out.

The impact of this scene was too great, and the group of thugs immediately stopped their attacks.

Ye Feng took advantage of this opening and grabbed Cheng Fei'er's arm, dragging her out of the encirclement.

However, the group of thugs only stopped for a moment before continuing to charge forward.

As the alley was very narrow, dozens of people swarmed over, giving off the aura of an army.

Cheng Fei'er's face was a little pale. "Don't worry about me. Hurry up and rush out first. Find that informant and ask him to think of a way to save me."

But Ye Feng rejected her outright: "Leaving a woman behind and running away alone is not my style."

Cheng Fei'er was furious. "It's already at this time, why are there still men and women? It's good that one can rush out."

But Ye Feng still stubbornly shook his head: "Either we leave together or we stay together, it's a happy decision."

Cheng Fei'er admitted that she was a little touched at this moment. However, rationality told her that he was too stupid to act on impulse at this time.

Just as she was about to continue persuading him, Ye Feng suddenly turned to look at her. "Have you ever seen blood rain on the river?"

Cheng Fei'er was a little confused. "What do you mean by blood rain?"

Ye Feng's lips curled up. "Next, please enjoy the dance performance 'Blood Rain Splashes the River', performer: Ye Feng!"

Cheng Fei'er thought that he was joking again and was about to reprimand him.

At this time, Ye Feng suddenly picked up the rag bag that contained the 'jade' and grabbed a handful of glass shards.

"You..."

Just as she was about to stop him, she saw the most unforgettable scene in her life.

Ye Feng grabbed the glass shards and quickly threw them at the crowd.

Pieces of glass shards glided through the air in a beautiful trajectory. Especially under the refraction of sunlight, it emitted a dazzling brilliance.

Pfft...

When a piece of glass shard easily broke open the face of a thug, a few drops of blood immediately splattered out like a red rose that had suddenly bloomed.

Then, one after another, the blood-colored flowers bloomed continuously.

This was the first time Cheng Fei'er knew that killing could be so beautiful.

It could even be called art!

"Aaaaaaaah..."

Plop, plop, plop...

The glass shards that shot out from Ye Feng's hands were extremely fast. They were like bullets.

Moreover, the accuracy was astonishing. Almost every fragment could cause a spurt of blood.

The group of thugs let out a series of miserable screams, then fell to the ground in batches and rolled around in pain.

In just a few breaths, all the twenty to thirty people present fell to the ground and wailed.

That scene was simply comparable to hell on earth.

Cheng Fei'er was someone who had experienced countless life-and-death situations, but she still couldn't help but be stunned.

Their Security Team had received the information a long time ago, so they knew that Ye Feng was very strong.

However, they had never expected that he would be so strong to such an abnormal extent.

If she saw this kind of martial arts movie in the cinema, she would probably scold them for their nonsense. How could there be such martial arts in the world? It was more like a fantasy!

However, she had seen it with her own eyes today. It was really like the 'finger flick magical power' in martial arts novels. It was too unbelievable.

She couldn't help but turn to look at his side profile. She suddenly felt that it was unreal.

In fact, Ye Feng was also inspired by a short video. There was a UP Master who dressed up as Invincible East every day, and flying needles piercing wooden boards and coke cans.

At that time, he thought it was fun, so he took out a few silver needles to try.

However, because the silver needles were too soft, the success rate was very low at first. However, after practicing for half a day, he actually benefited a lot.

Not only could it easily pierce through the wooden planks, but its accuracy was also constantly improving.

Just like that, he managed to practice a 'divine skill' by chance.

He also noticed Cheng Fei'er's surprised gaze and immediately smiled smugly. "Don't idolize me. I'm just a legend."

Cheng Fei'er stared at him strangely for a long time before she suddenly said something that almost made Ye Feng vomit blood.

"Did you cultivate the Sunflower Manual?"
