### Chapter 91 - 91 This Woman Is a Little Interesting

#### 91 This Woman Is a Little Interesting

After the contract was signed, Luo Jiaqiang took the initiative to shake hands with Ye Feng.

“Mr. Ye, I really like this house. I might be able to rent it for a long time. There’s still a long way to go. Please take care of it.”

He could also tell that Ye Feng was definitely not an ordinary person to be able to own such a luxurious villa at such a young age.

Therefore, Luo Jiaqiang had the intention to make friends with him.

“Of course.” One would not hit a smiling person. Since the other party had shown him kindness, Ye Feng would not reject him.

At this moment, Mrs. Luo suddenly walked over quickly.

“Miss Lin, do you still have any houses for rent? I just posted this house on my WeChat moments and many of my friends are very envious. They even asked me if there are any empty houses. They also want to rent it.”

Lin Junjun smiled. "You'll have to ask Mr. Ye about that."

Luo Jiaqiang and his wife were stunned when they heard her words. They did not understand what she meant.

Lin Qianqian hurriedly explained, "Mr. Ye still has 19 of these villas in his hands. I'm just not sure if he'll be willing to hand over all of them."

After hearing her explanation, Luo Jiaqiang and his wife were completely stunned.

They had thought that it was already very impressive for Ye Feng to have such a house.

They didn't expect the other party to still have 19 sets.

What kind of concept was this?

Even if a villa was worth 50 million yuan, that would still be more than 1 billion yuan.

Luo Jiaqiang had thought that he had already thought highly of the other party, but he had still underestimated him.

A young man with more than 1 billion in fixed assets must have a huge family behind him.

That kind of power was not something he could provoke.

Thinking of this, he became more respectful to Ye Feng. "Mr. Ye, are you still willing to rent the 19 houses in your hands?"

Ye Feng thought for a while. Since these houses had no use for him, he might as well rent them out.

Thinking of this, he nodded. "Sure."

When Madam Luo heard this, her face immediately lit up with joy.

She quickly told her friends about the good news.

Her friends were quick to act as well. They immediately transferred the deposit and a year's rent to Mrs. Luo and asked her to help them deal with it.

In just a short while, they had rented out 10 villas.

Ye Feng's bank account had 20 million yuan in an instant.

This made Lin Junjun extremely envious.

20 million was an astronomical figure for most people.

But Ye Feng had earned it in less than a morning.

How could she not be envious and jealous?

But Ye Feng was very calm about this.

His expression was as if he had not just earned 20 million, but 2 yuan.

The calmer he appeared, the more shocked Luo Jiaqiang was.

Although Luo Jiaqiang thought that he was already considered successful and famous among his peers, he still felt that he was a genius.

However, in the face of 20 million yuan of income, it was impossible for him to be so calm.

This could only mean that the other party was used to all kinds of storms and didn't care about this sum of money at all.

After realizing this, Luo Jiaqiang's attitude toward Ye Feng became more and more respectful.

He even took the initiative to exchange contact information with Ye Feng.

After settling the rental of the house, Ye Feng and Lin Junjun left together.

On the way back, Ye Feng directly transferred 50,000 yuan to Lin Junjun through WeChat.

Lin Junjun was stunned for a moment before she cracked a joke. "What do you mean by that? Are you going to provide for me? That 50 thousand won't be enough."

Ye Feng also laughed. "Then you name a price, how much is it for me to keep you? Why don't you take your pick of my villas? Just treat it as a golden house where I'm keeping a mistress."

Lin Junjun's heart immediately began to race upon hearing this.

To be honest, she was a little tempted.

To be able to be kept by a young, handsome, and rich man like Ye Feng, this was probably the life that many women dreamed of.

However, this thought flashed through her mind.

She still believed that women should be financially independent. Only in this way could they talk to men on equal terms. Otherwise, they would forever be dependent on others.

“I don’t want to.” Lin Junjun returned the money.

“You deserve it. If you didn’t help me, I wouldn’t have been able to rent out my houses so quickly.” Ye Feng’s tone was very sincere.

“Actually, I didn’t do much. I was just helping to pull strings. My conscience won’t be at ease if I take so much money from you.” Lin Junjun’s attitude was firm.

Seeing this, Ye Feng did not try to persuade her anymore.

“Alright then, I’ll take it that you’re here. In the future, if you want to eat a sumptuous meal or buy bags, cosmetics, and the like, you’re welcome to come and withdraw them at any time.”

Lin Qianqian blushed again when she heard his words. “Isn’t this still your mistress?”

Ye Feng immediately glared at her. “Can you be a little more pure? Do you really want to be my mistress that much?”

Lin Junjun was rendered speechless by his accusation. “That’s right, I want to be your mistress. Do you dare to do it?”

She was a little angry, so her voice was a little high.

The passersby were shocked by her words and looked at the two of them with strange eyes.

Lin Junjun’s face was completely flushed red, and she wanted nothing more than to find a hole to hide in.

“Scoundrel, I’m going to ignore you.”

After saying that, she hurriedly left.

Ye Feng looked at her fleeing back view and could not help but laugh.

This woman was interesting.

Chapter 92 - 92 You Didn't Ride This Here, Did You?

92 You Didn't Ride This Here, Did You?

The next day, at the Dong'an Securities group.

When Xu Man came to work today, she could clearly feel that her colleagues were looking at her differently.

Many of the female colleagues were looking at her with obvious envy and jealousy.

These people must have heard the rumor that her boyfriend drove a supercar worth more than 20 million yuan to pick her up yesterday.

This was exactly what Xu Man wanted to see – this way, she would not be bothered by those boring men anymore.

Xu Man's mood was lifted instantly. When she heard her boss announce last month's sales during the morning meeting, she had undoubtedly taken the lead again. She even couldn't help but hum a happy tune after the company dinner tonight.

However, what she didn't expect was that just as she was humming a tune, a woman who was dressed up very flirtatiously walked over slowly with a smile on her face. "Congratulations, Sister Xu, your performance last month has reached a new high."

Xu Man stopped what she was doing and smiled politely. "Xiao Jie, you've improved a lot last month. Keep working hard this month."

The woman's name was Zhou Jie. Although she had been in the industry for less than a year, her performance had been improving rapidly.

Now, she was already able to stand up to her.

Most importantly, this person had been competing with Xu Man, both openly and secretly.

Zhou Jie's lips, which were covered in bright lipstick, curled up slightly. "No matter how much I improve, I can't compare to Sister Xu. That rich boyfriend of yours helped you create a business performance of hundreds of millions in one go. How can I compare to him?"

In other words, her achievements were all thanks to her boyfriend.

She didn't have to rely on her own strength.

"It's also a form of strength to be able to find a rich boyfriend. If you work hard, you might be able to find one too," Xu Man retorted, unwilling to be outdone.

"I'd like to, but it's really hard to find a young and rich boyfriend like you. Why don't I compete with you fairly and see if I can steal your boyfriend?" Zhou Jie didn't even try to hide her provocation.

The colleagues in the meeting room who had not left heard this and did not dare to say a word.

After all, this was a battle for the company's top female stars. They didn't want to get involved in this.

Xu Man could not help but laugh at her provocation. "Sure, try it then. Let's see if you can steal him away."

Zhou Jie was immediately overjoyed. "You're that confident? It just so happens that there's a company dinner gathering tonight. Do you dare to ask him to come along?"

Xu Man was already in a difficult position. She sneered. "Why wouldn't I dare?"

Then, she took out her phone and called Ye Feng.

Ye Feng had just returned to his villa. He was looking through the dozens of rental contracts.

After receiving Xu Man's call, he answered it without a second thought.

"My dear, what are you doing?" Xu Man's voice was heard from the phone.

Ye Feng immediately understood. She was asking him to help her put on a show.

He immediately cleared his throat and went into the role of a boyfriend. "Of course, I miss you."

After he finished speaking, he felt like vomiting.

Xu Man's face reddened and she quickly got to the point. "Our company is having a dinner party tonight. If you don't have anything else to do, why don't you come along?"

Ye Feng did not have anything to do at night, and he was about to agree.

At this moment, a WeChat notification suddenly popped up on his phone.

[I'm back. Can we have dinner together tonight?]

The name was noted as Liu Yiyi.

When Ye Feng saw this name, he was dazed for a moment.

"Why aren't you saying anything?" Xu Man asked again.

Only then did he come back to his senses. He hesitated for a moment before finally giving a reply. "I'm sorry, I have something on tonight. I'm afraid I can't go."

"Alright, I'll hang up first."

Xu Man immediately hung up the phone and shrugged at Zhou Jie. "You heard it. It's not that I don't want to give you a chance to poach him, but he's not free tonight."

Zhou Jie was immediately disappointed, but she still laughed and retaliated. "If it doesn't work this time, there's still a next time. You'd better keep an eye on him, or I'll get him over sooner or later."

After she finished speaking, she strode out.

Xu Man heaved a sigh of relief.

She knew about Zhou Jie's seduction methods. In this aspect, she was not her opponent.

She was really afraid that Ye Feng would be bewitched by her.

She probably didn't even realize it herself.

Unconsciously, she had already regarded Ye Feng as her 'private property'.

...

At the same time, Ye Feng had already sunk into his memories.

That Liu Yiyi was his high school classmate.

She had once wooed him crazily, and everyone in the school knew about it.

However, because of his family's financial situation, he was focused on his studies and did not put any effort into it. He had rejected her several times in a row.

After the college entrance examination, Ye Feng heard that Liu Yiyi had gone abroad to study. After that, Ye Feng had not contacted her.

He did not expect to suddenly receive a message from her today.

After hesitating for a while, Ye Feng finally gave an answer. [Okay, send me the address.]

A few seconds after he sent the message, the other party sent him the address and time.

Ye Feng threw his phone aside and started to organize the rental contracts.

He didn't know how much time had passed, but he looked at the time.

He simply packed up, got into the Ferrari Enzo, and drove to the restaurant they had agreed to meet.

Liu Yiyi had made a reservation at a Western restaurant, which could only be considered a mid-tier restaurant in Zhonghai City.

Ye Feng found a parking space and parked his car.

Just as he walked out of the parking lot, he saw an electric bike on the side of the road, probably blown down by the wind.

He didn't think much about it and went forward to help the scooter up.

Just then, a Lamborghini Huracan stopped in front of him.

The woman in the driver's seat took off her sunglasses slowly and smiled at him. "Ye Feng, long time no see."

The girl wasn't very pretty.

At the very least, compared to beauties like Xu Man, Shen Baitian, and Xia Qiu, her looks were much worse.

However, she was very good at dressing up. She had long wine-red hair and two huge earrings, which made her look very Westernized.

In the passenger's seat, there was a very handsome foreigner.

The man was dressed in a well-ironed branded suit, looking like a prince from the Western world.

Ye Feng helped the scooter to the side and smiled at the woman. "Yiyi, long time no see."

Before he could finish, he saw Liu Yiyi stretch out a finger and shake it.

"No, no, no. I'm Ivanka Liu now. Did you come here on this?"

Saying so, she glanced at the electric bike beside Ye Feng.

Chapter 93 - 93 Don't Be Shameless When I Give You Face

93 Don't Be Shameless When I Give You Face

Ye Feng heard the sarcasm in her words but he did not explain. Instead, he smiled casually. "You seem to be living quite well now."

Liu Yiyi pushed open the door of the sports car and slowly got out.

"It's alright. It's true that foreign countries are more developed than our country. There are more opportunities and gold is everywhere. To be honest, I really don't want to come back now."

Ye Feng gave a perfunctory smile. "Really? You've changed a lot, haven't you?"

Liu Yiyi sized him up from head to toe. "But you still look the same. The rent for this set of clothes must not be cheap, right?"

Ye Feng was speechless. He did not know how to reply.

Liu Yiyi took the foreigner's arm. "Let me introduce you. This is my boyfriend, Wales, a top student at Massachusetts Institute of Technology. His family's company is the largest energy group in the United States."

Ye Feng held his temper and shook hands with the son of the energy tycoon.

He then looked at Liu Yiyi again. "Why did you ask me out today?"

Liu Yiyi smiled. "Let's go in and have a meal while we chat."

After she finished speaking, she did not wait for Ye Feng's agreement. She pulled Wales into the restaurant.

The three of them found a window seat and sat down.

Liu Yiyi called the waiter over and ordered the dishes in fluent English. In the end, she even stuffed 100 yuan into the waiter's mouth.

Ye Feng looked at her act and became even more impatient.

Liu Yiyi thought that he was shocked by the expensive prices of the dishes and immediately smiled. "Don't worry, I know your financial situation. I won't let you pay."

Ye Feng was speechless. "Don't worry, I can still afford this."

Liu Yiyi didn't mind. "You're still the same as before, suffering because you want to save face. Which woman would like you? By the way, do you have a girlfriend now?"

Ye Feng shook his head. "No."

Liu Yiyi burst out laughing. "I pursued you for so long, but you refused to let me. Do you regret it now?"

Ye Feng couldn't take it anymore. "Did you ask me out today just to laugh at me?"

Liu Yiyi smiled smugly.

“That’s right, I want you to see how stupid you were when you rejected me. With your current condition, I’m afraid you won’t be able to come into contact with a woman like me again in your life, right?”

Ye Feng chuckled and nodded. “Indeed, it’s hard to come into contact with a woman like you in my life.”

The people he was in contact with now were all beauties like Xu Man, Shen Baitian, and Xia Qiu.

Those who were not as pretty and had bad character were indeed not easy to come into contact with.

Liu Yiyi heard this and finally laughed smugly.

It was as if she had vented all the ‘hatred’ that she had kept in her heart for the past two years.

...

At the same time, Xu Man’s company dinner had just ended.

The group of colleagues chatted and laughed as they walked to the parking lot to look for their respective cars.

Just then, someone suddenly exclaimed, "Sister Man, isn't that your boyfriend's car?"

Xu Man looked over.

As expected, it was Ye Feng's Ferrari Enzo.

What was he doing here?

At this moment, she heard Zhou Jie gloating. "He seems to be chatting happily with a woman. It looks like someone is in danger."

Xu Man followed her gaze and saw Ye Feng chatting with an unfamiliar woman in a Western restaurant.

Although she knew very well that she and Ye Feng were only pretending to be a couple...

However, for some reason, she still felt a little disappointed.

"Sister Man, hurry up and go in to take a look. Otherwise, your boyfriend is going to be taken away."

“That’s right. That woman doesn’t look like a good person. You have to keep a close eye on your boyfriend.”

“Sister Man, do you want us to go with you to beat up the mistress?”

Xu Man was still hesitating when she heard the crowd’s comments.

At this moment, Zhou Jie sneered, “Is he your boyfriend or not? Why don’t you look anxious at all?”

Xu Man was in a difficult position and had no choice but to walk toward the dining room.

...

Liu Yiyi looked at Ye Feng arrogantly. “Of course, if you regret it now, I can give you another chance.”

Ye Feng resisted the urge to laugh. “What chance?”

Liu Yiyi’s face was serious. “Of course it’s the chance to be my boyfriend.”

Ye Feng pointed at the foreigner who looked like a prince. "What about him?"

Liu Yiyi didn't care at all. "I can get rid of him."

Ye Feng could not help but laugh at her words. "You are willing to dump the son of an energy tycoon just to be with me? I'm really flattered."

Liu Yiyi stared at him. "How is it? Are you willing to do so?"

Ye Feng smiled and shook his head. "I'm sorry, I'm not willing."

Liu Yiyi was immediately flustered and exasperated. She stood up from her seat.

"Ye Feng, don't be so ungrateful. With your current condition, other than me, which other woman would like you? Don't be so reckless, alright?"

The customers who were eating in the restaurant all turned around to look.

Ye Feng did not expect her to suddenly flip out, and he did not know how to deal with it.

At this moment, he suddenly heard a familiar voice behind him. “My dear, are you okay?”

Ye Feng turned around and saw Xu Man walking in slowly.

In an instant, everyone’s eyes in the restaurant lit up.

Many male customers, in particular, were mesmerized by Xu Man.

At first, they all thought that Liu Yiyi was pretty.

However, compared to Xu Man, she was still a little weak.

Only then did they know what it meant to be a crow compared to a phoenix!

Chapter 94 - 94 He Just Likes To Keep a Low Profile

94 He Just Likes To Keep a Low Profile

Liu Yiyi was completely dumbfounded when she saw Xu Man.

As a woman, even she had to admit that the other party’s looks were definitely of the highest quality.

Moreover, her every movement also revealed a refined temperament.

This was a true goddess!

And what shocked her even more was that the other party actually called Ye Feng 'dear'?

What was going on?

Didn't Ye Feng say that he didn't have a girlfriend?

Was Ye Feng lying to her?

"What are you doing here?"

When Ye Feng saw Xu Man, he was also a little surprised.

"Our company is having dinner next door. I saw your car outside just now, so I came in to take a look."

Xu Man walked over and held his arm naturally.

Ye Feng turned his head and looked out of the window.

He immediately understood Xu Man's situation when he saw many of her colleagues looking around.

"Since you're here, then sit down."

Ye Feng moved in a little to make room for her.

Xu Man sat down next to him and looked at Liu Yiyi. "My dear, you haven't introduced me yet. Who is this?"

"She's my high school classmate, Liu Yiyi." Ye Feng had no choice but to introduce her.

Then, he introduced her to Liu Yiyi, "This is..."

"I'm Ye Feng's girlfriend, my name is Xu Man."

Xu Man did not wait for him to finish his introduction before she started.

When she came in just now, she had already heard this woman speaking rudely to Ye Feng.

Therefore, Xu Man wanted to take the opportunity to show off.

Liu Yiyi still couldn't accept it. "You're his girlfriend? Impossible, how could Ye Feng have such a pretty girlfriend like you?"

Clearly, in her mind, Ye Feng was still that poor kid with nothing to his name.

Why would a girl with such good looks and temperament like Xu Man like him?

Xu Man turned around and looked at Ye Feng. Her face was filled with happiness. "You don't know, he is a very arrogant person. I spent a lot of effort to chase him back then."

Liu Yiyi was suddenly at a loss for words. "Did you woo him?"

She felt that her brain was not enough.

Xu Man admitting that she was Ye Feng's girlfriend was already shocking enough.

Now that she heard it, it was actually the woman who took the initiative to pursue him?

How was that possible?

Did Ye Feng have such great charm?

Xu Man stood up for Ye Feng and turned to him. "Did you drink just now?"

Ye Feng was a little embarrassed. "I only took a sip."

Xu Man glared at him reproachfully. "You're still driving and you dare to drink? Let's go, I'll send you back."

She really did look like a genuine girlfriend now.

Ye Feng could only stand up and smile apologetically at Liu Yiyi. "Then I'll go back first?"

Although Liu Yiyi was unwilling, she had no choice but to get up and follow.

“Give me the car keys.”

Xu Man walked out of the restaurant and reached out her hand to Ye Feng.

Ye Feng had no choice but to give her the keys to the Ferrari.

Xu Man purposely shook the car keys.

Liu Yiyi happened to see this scene and exclaimed, “A Ferrari?”

Xu Man turned around and looked at her as if she was looking at a country bumpkin who had never seen the world.

“Yeah, is there a problem? Ye Feng had a few cars, and this is only one of the worse ones. He just likes to keep a low profile.”

Then, she got up and walked to the parking lot.

A moment later, she drove the Ferrari Enzo out.

Liu Yiyi almost fell to the ground.

Even though she didn't pay much attention to sports cars, she knew the value of this Ferrari Enzo.

It was at least 20 million.

And according to Xu Man, it was Ye Feng's car that was relatively poor?

Then what would the best be?

She quickly turned around and looked at Ye Feng.

It had only been a year since they last met. How could a poor kid become so rich?

"What are you looking at? Get in the car."

Seeing that Ye Feng was still standing there, Xu Man urged him.

Ye Feng had no choice but to turn around and say goodbye to Liu Yiyi, then obediently sat in the passenger seat.

Xu Man turned around and waved at her colleagues who were still looking in her direction. "I'll take my leave then."

With that said, she stepped on the accelerator and drove off.

Xu Man's colleagues watched the sports car drive away with envy.

Some female colleagues, in particular, did not even try to hide their jealousy.

It was really infuriating to compare.

Not only was Xu Man beautiful, but she was also very capable.

Now, her boyfriend was so rich.

How were they supposed to live?

Zhou Jie gritted her teeth. "What are you all looking at? Disperse, disperse."

Then, she walked toward her Audi Q3.

With Ye Feng's Ferrari Enzo as a comparison, the red Audi Q3 in front of her was getting more and more unpleasing to the eye.

The thought of Xu Man driving that luxury sports car made her explode with anger.

But who asked her to not be able to find a boyfriend as rich as Ye Feng?

Compared to Zhou Jie, Liu Yiyi's body was trembling with anger.

She originally wanted to see Ye Feng make a fool of himself today, and also to vent her anger for being rejected by him.

Who knew that the clown was actually her?

Not only did she not vent her anger, but she also felt suffocated.

It was depressing.

Just then, the man who looked like a prince suddenly came over. "Miss, can we pay the bill now?"

Liu Yiyi was still feeling depressed. She immediately glared at him. "What bill?"

The man's expression was very respectful. "The car you rented costs 5,000 yuan a day, and you even asked me to pretend to be your boyfriend. You said that you'll give me another 5,000 yuan after you're done. It's a total of 10,000 yuan. Would you like to pay by cash or card?"

After Liu Yiyi heard his report, she was so depressed that she almost vomited blood.

In fact, she had been working part-time abroad, washing dishes at the restaurant every day.

Where would she get to know the son of an energy tycoon?

This man was a salesperson at the car rental agency. She had hired him for 5,000 yuan a day, and her car was also rented.

She just wanted to see Ye Feng's regretful face.

For that, she even spent two months of her savings.

Who knew that in the end, it would actually be a double loss.

Not only did she not vent her anger, but she also lost 10,000 yuan.

Her heart was bleeding!

Chapter 95 - 95 It's Not Too Late To Regret Now

95 It's Not Too Late To Regret Now

On the other side, Xu Man had already driven far away in the Ferrari Enzo, but she was still smiling.

"Do you have to be so happy?" Ye Feng could not help but tease.

"I feel like laughing when I think about the expressions on my colleagues' faces." Xu Man was in a good mood.

Especially when she thought of Zhou Jie, who must have been so angry that her nose was crooked. She wanted to laugh even more.

Ye Feng could not help but shake his head and smile bitterly.

He did not expect the usually smart and capable Xu Man to have such a childish side to her.

Xu Man laughed for a while before sighing.

Ye Feng looked at her curiously. “Weren’t you quite happy just now? Why are you sighing again?”

Xu Man shook her head. “I just feel that it’s quite boring. We’re just acting.”

Hearing her words, Ye Feng did not know what to say.

Xu Man suddenly turned around and said, “Let’s break up?”

“Ah?” Ye Feng was stunned.

“I don’t want to lie anymore. I’ll just tell them that we’ve broken up,” Xu Man said seriously.

“Aren’t you afraid of your male colleagues pestering you again?” Ye Feng was a little hesitant.

“Let them be. I don’t want to use one lie to cover up another lie. It’s quite tiring.” Xu Man seemed to have made a decision.

“Alright, I’ll listen to you.” Ye Feng was silent for a while. He nodded his head in the end.

“Then let’s find an appropriate time to break up officially.” When Xu Man said that, a bitter look flashed across her face.

It was as if she was really breaking up with her lover.

Ye Feng could not help but tease her, “Looking at your expression now, why do I feel guilty? Don’t tell me you’ve really fallen for me?”

Xu Man couldn’t help but burst out laughing. “You’re so full of yourself. Who would like you?”

Ye Feng smiled lightly. “There are so many women who like me, I’m almost dazzled by all the women I can pick.”

Xu Man glared at him. “Stop being so smug. You still haven’t told me your address.”

Ye Feng retracted his smile. " Zhongtian Lake-View Villa."

Xu Man immediately looked at him in shock. "You're actually living in such a luxurious place? Aren't you too rich?"

Ye Feng waved his hand dismissively. "It's no big deal, I still have more than ten villas in my hands. If you like them, I can give you one."

Xu Man was slightly moved, but she shook her head immediately.

"Forget it. I just decided to 'break up' with you. How can I take your house? Aiya, if I knew you were such a nouveau riche, I might as well have turned a fake act into a real one with you."

Ye Feng knew that she was joking, so he teased her, "It's not too late to regret it now. Do you want to stay and sleep with me tonight?"

Xu Man immediately patted his shoulder. "Go to h\*ll. If you spout any more nonsense, I'll drive the car into the river and take you down with me."

Ye Feng immediately shivered and did not dare to say anything more.

He was really afraid that this crazy woman would really do what she said.

He didn't want to die young.

Only then did Xu Man continue driving with a victorious smile.

...

The next day, Ye Feng woke up early.

He had not been to school for a few days.

Principal Hu had said that he was free to choose whether to go to school or not.

However, he could not go too far.

Therefore, he was prepared to go to school today.

This way, everyone would have an easier time on the surface.

Just as he was driving the Ferrari Enzo toward the school.

Suddenly, a system notification rang in his ears. [New lucky navigation detected – in five minutes, Lu Xiaoya will be in a car accident.]

[The system navigation has started. Please drive 100 meters forward on the current road and then turn left.]

Ye Feng was stunned when he heard this.

Lu Xiaoya?

Car accident?

He didn't dare to be slow, so he quickly sped up and moved forward according to the system's guidance.

Soon, he saw a red McLaren GT parked at the intersection ahead.

Beside the McLaren was an electric bicycle.

A man was yelling at the female driver of the McLaren.

The female driver was Lu Xiaoya.

At this moment, there were many people surrounding them to watch the show.

Ye Feng thought of the system's notification and quickly stopped the car by the side of the road, quickly approaching Lu Xiaoya.

"I've already said that I'll pay for the medical expenses however much you want, alright?"

Lu Xiaoya tried her best to suppress her anger.

She had driven her sports car here to wait for the traffic lights.

Seeing the green light turn on, she was about to start the car.

At that moment, an electric scooter that ran a red light suddenly hit her car from the right side.

After that, the man started to pester her and refused to let her go.

The other party should have been fully responsible.

However, she had something urgent to attend to now and couldn't be bothered to waste time with the other party. At most, she would compensate him for his medical expenses.

Who knew that the man would still not let her off? "What? Are you saying that I deliberately extorted money from you? Aren't you rich people too much of a bully?"

Lu Xiaoya hurriedly explained, "I didn't say that you're extorting money from me. I only asked how much money do you want? I'll compensate you."

The man was even more furious. "Do you rich people think that everything can be solved with money? Although I'm poor, I have a backbone. I won't take a single cent from you."

His words were sonorous and forceful.

The people who were watching the show cheered.

Lu Xiaoya rubbed her forehead and forced herself to calm down. "How do you want to solve it?"

The man snorted coldly. "How do I want to solve it? I should be asking you that. How do you want to solve this?"

Lu Xiaoya could finally tell that this man was pestering her.

She had something urgent to deal with and had no time to have a war of words with him.

She immediately turned around and got into the car.

Seeing that she was about to leave, the man grabbed her and asked, "What's wrong? Are you running away after hitting me? Is there still justice in this world?"

"Let go of me!"

Lu Xiaoya was already a little angry and wanted to break free from the man's hand.

However, the man's grip was very tight, and she could not break free at all.

Just as the two of them were pulling...

Suddenly, a heavy truck rushed out from the opposite side of the road and came crashing toward them.

When the surrounding crowd saw this, they immediately scattered like birds and beasts.

The man who was being unreasonable suddenly pushed Lu Xiaoya to the middle of the road.

Lu Xiaoya was dumbfounded.

She could only watch helplessly as the heavy truck crashed toward her.

'Am I going to die?'

Chapter 96 - 96 The Opportunity To End a Fake Relationship

96 The Opportunity To End a Fake Relationship

Just when Lu Xiaoya was in despair...

Suddenly, she felt her arm being pulled by a strong hand.

Her entire body crashed into the other party's arms.

Hu...

The heavy-duty truck almost brushed past her.

The whistling wind blades scraped her cheeks painfully.

One could only imagine the consequences if they were hit by the other party.

Recovering from her panic, Lu Xiaoya looked up in a hurry.

Then, she saw that familiar face.

Ye Feng?

How could it be him?

Ye Feng was currently looking at the truck that was leaving.

When the heavy truck passed by him, he noticed the driver's venomous eyes.

That gaze made one shudder.

This was clearly not a car accident that happened by chance.

It was very likely to be a long-planned murder.

He couldn't help but be puzzled.

Who exactly was Lu Xiaoya?

How could someone murder her?

"Are you alright?"

Only then did he remember the girl in his arms and hurriedly asked.

"I'm fine. Thank you."

Lu Xiaoya's face was still pale, but her tone was calm.

This made Ye Feng very surprised.

A normal girl would definitely be so scared that she would be incoherent if she encountered such a great disaster.

However, Lu Xiaoya could calm down so quickly.

It was clear that she was not an ordinary person.

"Why are you here?" Lu Xiaoya brushed her messy hair aside and left Ye Feng's embrace.

"I was on my way to school and happened to pass by. I saw you arguing with someone."

Ye Feng was about to explain.

Suddenly, he saw that the man who had just argued with Lu Xiaoya was about to sneak away.

He hurriedly caught up to the man and grabbed him.

Since the car accident was a premeditated murder, the guy who deliberately pestered Lu Xiaoya and pushed her to the intersection at the critical moment must be an accomplice.

“Speak, who sent you?” Ye Feng twisted his arm behind his back and pressed him to the ground.

“What are you saying? I don’t understand what you’re saying!” The man gritted his teeth in pain but continued to deny it.

“You don’t understand?” Ye Feng pulled his arm back forcefully.

“Ah, I’ll say it, I’ll say it.” The man cried out in pain, his features contorted in pain.

“You’d better be honest and not play any tricks.” Ye Feng’s tone was a little fierce.

“I was just about to go to work when someone stopped me and gave me 2,000 yuan to pester this lady. I was blinded by money and agreed to come down,” The man confessed honestly.

“I think you’re not honest enough.” Ye Feng exerted more force.

“I’m telling the truth. I really don’t know anything else.” The man begged for mercy.

Lu Xiaoya’s face turned pale again after she heard his story.

She did not expect that this was a murder directed at her.

If not for Ye Feng descending from the sky...

She would probably already be dead without an intact corpse.

Ye Feng interrogated him for a while more. Seeing that the man could not say anything else, he looked up at Lu Xiaoya. “Shall we call the police?”

Lu Xiaoya frowned and thought for a moment. “Let him go.”

Ye Feng could not help but be stunned. “Let him go?”

Lu Xiaoya nodded. “He’s just being used. I’ll find a way to investigate the real mastermind.”

Ye Feng didn’t say anything more after hearing what she said and let the man go.

The man immediately covered his head and fled, disappearing without a trace in the blink of an eye.

“Where are you going now? I’ll give you a ride?” Ye Feng turned around and looked at Lu Xiaoya.

“It’s okay, I’ll drive by myself.” Lu Xiaoya suddenly cried out in pain before she could finish her sentence and almost fell down.

“Are you alright?” Ye Feng’s eyes were sharp and his hands were quick. He hurriedly supported her.

“I think I sprained my foot.” Lu Xiaoya’s forehead was covered in sweat.

Due to the suddenness of the incident just now, she was a little dazed. She didn’t notice anything strange.

Only now did she realize that her right ankle was already swollen and painful.

“How are you going to drive like this? I’ll send you.” Ye Feng helped her to his car without any explanation.

“Where are you going?”

“The Silver Brilliance Building.” Lu Xiaoya gave him a name.

“The Silver Brilliance Building?” Ye Feng was stunned when he heard this.

Dong’an Securities, where Xu Man worked, was located at the Silver Brilliance Building.

Was it such a coincidence?

“Yes, my father’s company is there. Why?” Seeing his expression, Lu Xiaoya couldn’t help but feel strange.

“It’s nothing. Let’s go,” Ye Feng shook his head, he did not explain further.

He immediately started the car.

About 20 minutes later, Ye Feng arrived at the Silver Brilliance Building.

Then, he hurriedly got out of the car and ran to the front passenger seat to help Lu Xiaoya down.

As she was limping, she had no choice but to place all her weight on him.

The two of them would inevitably have some physical contact.

Ye Feng, on the other hand, had no qualms.

However, Lu Xiaoya's expression was a little unnatural.

This was the first time she had such close contact with someone of the opposite s\*x other than her father.

The two of them supported each other and were about to walk into the Silver Brilliance Building.

“Ye Feng!”

Suddenly, they heard a woman's voice behind them.

There seemed to be a trace of anger in her voice.

Ye Feng turned around and saw Xu Man standing behind him with a pale face.

Before he could say anything, Xu Man pointed at Lu Xiaoya angrily. "Who is she?"

The people who were going in and out of the Silver Brilliance Building heard the sound and immediately stopped to look.

Some of them were Xu Man's colleagues.

Ye Feng suddenly remembered what Xu Man said to him yesterday.

She said that she didn't want to continue pretending to be a couple and wanted to find a chance to 'break up' with him.

She had probably found an excuse now.

Thinking of this, Ye Feng could only cooperate and explain incoherently: "My dear, let me explain..."

Xu Man immediately covered her ears. "I'm not listening, I'm not listening! Yesterday, you said that you only love me, and today you're hooking up with another woman. Have you ever cared about my feelings?"

Ye Feng looked at her exaggerated acting skills and was speechless. "We're just ordinary friends."

Xu Man glared at him in despair. "Ordinary friends? You're hugging so intimately, and you still say you're just ordinary friends?"

"Ye Feng, I've finally seen you clearly. Let's break up!"

"From now on, you go your way and I'll go my way!"

After she finished speaking, she walked toward the building.

Only a group of dumbfounded onlookers were left!

Chapter 97 - 97 Why Does It Feel Like He's Checking My Account?

97 Why Does It Feel Like He's Checking My Account?

"She's your girlfriend?"

Lu Xiaoya, who was dumbfounded the whole time, finally looked at Ye Feng.

“Cough, cough, cough, you can say that.”

Ye Feng did not know how to explain. He could only give a perfunctory reply.

Lu Xiaoya had a faint smile on her face and didn't continue to ask.

The two of them walked into the Silver Brilliance Building and took the elevator to the 20th floor.

Lu Xiaoya's father's company was called Hanshan Real Estate.

He had rented a total of six floors in the Silver Brilliance Building from 20 to 25 floors.

One must know that every inch of land in the Silver Brilliance Building was worth its weight in gold.

Even a big company like Dong'an Securities, where Xu Man worked, only managed to rent two floors.

On the other hand, Hanshan Real Estate had actually rented six floors. One could only imagine how powerful Hanshan Real Estate was.

When the receptionist saw Lu Xiaoya, she quickly bowed. "Miss Lu, you're here."

Lu Xiaoya nodded at her. "Is my father in the office?"

"The Chairman just finished his morning meeting," the receptionist replied hurriedly. "He should be in his office now."

Lu Xiaoya didn't say anything more and led Ye Feng inside.

Soon, she came to a room with a door plate that said "Chairman's Office". She pushed the door open without knocking.

In the office, an old man with a head full of white hair was making a phone call.

When he saw Lu Xiaoya and Ye Feng coming in, he quickly made a gesture to keep quiet.

Lu Xiaoya pulled Ye Feng to the sofa.

The old man said a few more words into the phone before hanging up. Then, he walked over with a big smile on his face.

“Did the sun rise from the west today? My precious daughter is actually willing to take the initiative to see her father?” the old man said. He turned and glanced at Ye Feng. “Who is this young man?”

This was the first time his daughter had brought someone of the opposite s\*x to see him.

He could not help but size up Ye Feng.

“He’s my friend. He just saved me.”

Lu Xiaoya’s attitude toward her father was not close.

“Friend? You have friends of the opposite s\*x?”

The old man was about to tease her when he suddenly reacted. “What did you say? Did he just save you? Were you in danger just now?”

Lu Xiaoya’s face darkened as she recounted what had happened.

After the old man heard this, his face immediately darkened.

“Looks like I, Lu Hanshan, have been too kind these past few years. To think that someone would dare to have designs on my daughter? Are you forcing me to go on a killing spree?”

He had been very kind to his daughter just now.

However, at this moment, he released a strong air pressure, causing the air in the office to drop to the freezing point.

Ye Feng was a little shocked.

Lu Hanshan’s aura was simply too terrifying.

This was definitely a powerful aura that could only be tempered after experiencing countless bloody storms.

He was definitely not someone that a rising star like him could compare to.

Lu Xiaoya could tell that Ye Feng was a little uncomfortable, so she looked at her father with dissatisfaction. “If you want to be angry, go vent it on outsiders. Why are you acting all high and mighty in front of us? You almost scared me to death.”

Lu Hanshan’s overbearing aura immediately disappeared when he heard his daughter’s words.

“Dad was wrong. I’ll be more careful next time.”

Saying so, he sized up Ye Feng again.

It seemed like his daughter was very concerned about this kid’s feelings.

“Young man, what’s your name?”

“Uncle, I’m Ye Feng.”

“What’s your job now?”

“I’m still studying.”

“How many people are there in the family?”

“...”

Ye Feng was a little speechless. Why did it feel like he was checking his account?

Lu Xiaoya quickly came to his rescue. "Dad, it's the first time you're meeting him. It's not very appropriate for you to ask him such a private question, right?"

Lu Hanshan laughed nonchalantly. "I just felt that I hit it off with Xiao Ye, so I wanted to get to know him better. You don't mind, do you, Xiao Ye?"

How could Ye Feng answer? He could only nod. "I don't mind, I don't mind."

Lu Hanshan patted his shoulder.

"You've saved my daughter's life today, so you're the Lu family's great benefactor. No matter what trouble you encounter in the future, you can come to me. I can't say for sure about other things, but there's nothing that our Lu family can't do in Zhonghai City."

When Ye Feng heard his words, he could not help but feel speechless.

Wasn't this tone too arrogant?

Zhonghai City was so big. How many influential families were there?

Their forces were deeply rooted and there were many hidden dragons and crouching tigers.

Yet, Lu Hanshan dared to say that there was nothing the Lu family could not do?

Wasn't this too much of a disregard for others?

However, Lu Xiaoya didn't say anything this time, as if she agreed with her father's words.

This made Ye Feng even more shocked.

Although he had not interacted with Lu Xiaoya many times, he could tell that she was not an arrogant person.

Even she agreed with Lu Hanshan's words.

Could it be that the Lu family was really that powerful?

He continued to chat with Lu Hanshan for a while.

He could tell that the father and daughter still had something to say, so he got up and left.

Lu Hanshan did not try to keep him and personally sent him out of the company.

This scene was witnessed by the employees in the company, and they were all shocked beyond words.

Their Chairman had always been extremely domineering. Even many important clients would at most be sent out of the office.

This was the first time they had seen someone personally send him out of the company.

Moreover, the young man seemed to have come with the Chairman's daughter.

This made their imaginations run wild.

Could it be that the young man was the Chairman's son-in-law?

It seemed that the company was going to change!

Everyone started to whisper to each other.

Just as Ye Feng walked out of Hanshan Real Estate, a notification sound suddenly rang in his ears.

[Congratulations to the host for completing the destiny navigation! The system rewards the ownership of the Silver Brilliance Building with a total value of 2 billion.]

When he heard the system's reward, he was stunned.

The property rights to the Silver Brilliance Building?

Chapter 98 - 98 Scumbag!?

98 Scumbag!?

Not long after the system notification ended, Ye Feng's phone rang.

"Hello, is this Mr. Ye Feng? We're the property manager of the Silver Brilliance Building. You've just acquired all the property rights of the building. When would you like to come over to do the handover?"

"I'm at the Silver Brilliance Building right now. I'll be there in a minute."

Ye Feng gave a reply and hung up the phone.

The Silver Brilliance Building's property management was on the first floor.

When he arrived, he saw a middle-aged man in a suit waiting at the door.

"You must be Mr. Ye Feng? Hello, I'm Tang Youde, the real estate manager of the Silver Brilliance Building."

When the middle-aged man saw Ye Feng, he immediately greeted him warmly.

Ye Feng exchanged a few words with him and was directly brought to the property.

The property management staff all looked at Ye Feng curiously.

They were all shocked.

They didn't expect that the person who bought the Silver Brilliance Building was so young.

From the looks of it, he was probably a super rich second-generation of some big family.

Many female employees were trying to attract the attention of their new boss.

However, Ye Feng did not even spare them a glance.

Tang Youde was very efficient. All the information had been prepared.

Ye Feng only needed to look through the terms and conditions of the document and sign it.

After he signed the papers, Tang Youde looked at him cautiously.

“Mr. Ye, you’re the boss here now. Do you have any new arrangements for your next work?”

Ye Feng glanced at him. He wanted to laugh in his heart.

Although he asked tactfully, he could still hear what he wanted to ask.

He was probably afraid that he would change the property manager after he took over the Silver Brilliance Building.

“I don’t have such plans for the time being. You guys can continue working like before.” Ye Feng gave him a calming pill.

“Okay, okay, okay. I’ll work hard and live up to Mr. Ye’s trust.” Tang Youde immediately felt grateful.

At this moment, a female employee walked over with a stack of documents. “Manager Tang, Stars Hotel wants to renew the lease. They want you to go over and sign the renewal agreement.”

Tang Youde was a little unhappy. “Can’t you see that I’m talking to Mr. Ye? Let them wait for a while.”

But Ye Feng waved his hand. “Work is more important. You can do your thing first. I’ll go with you to take a look.”

Hearing this, Tang Youde’s mind immediately turned.

This Mr. Ye probably wanted to see his working ability.

Then he had to perform well.

“Alright, Mr. Ye, please follow me.”

After saying that, he quickly led the way.

Just as Ye Feng followed Tang Youde out of the property and entered the hall on the first floor...

He happened to see Xu Man walking out of the elevator with a few female colleagues.

When her female colleagues saw Ye Feng, they were all furious.

“You’re here to apologize to Sister Man, right? I don’t think there’s a need for that. Don’t you think you’ve hurt Sister Man enough?”

“Yeah, scumbag! To think that Sister Man is so good to you, yet you actually hooked up with another woman behind her back. Do you still have a conscience?”

“Men are all bad, especially rich men. They’re all scumbags.”

“Where are the security guards? This person isn’t an employee of Dong’an Securities. Hurry up and kick him out.”

The few women started to defend Xu Man.

Xu Man, on the other hand, looked at Ye Feng with guilt.

In order to find a reason to 'break up' with Ye Feng, she had caused him to be misunderstood by her colleagues, and she felt a little guilty.

However, although she felt guilty, she was also afraid that others would see through her, so she did not dare to explain anything for Ye Feng, let alone speak up for him.

And it was also because of this, the security guards of the Silver Brilliance Building rushed over and wanted to ask Ye Feng to leave.

"What are you doing?" Tang Youde shouted. "Mr. Ye is the new owner of the Silver Brilliance Building. Are you guys trying to rebel?"

When the two security guards heard this, they were so scared that their faces turned pale.

Xu Man and her colleagues also looked at Ye Feng in disbelief.

The new owner of the Silver Brilliance Building?

One must know that this Silver Brilliance Building was an office building in the prime location of Zhonghai City.

It could be said that every inch of land was worth its weight in gold.

The headquarters of many big companies in Zhonghai City was set up here.

A conservative estimate would put the total value of this office building at more than 2 billion.

And Ye Feng could actually become the new owner of this place?

This was simply too unbelievable!

“Mr. Ye, we should go up now,” Tang Youde reminded him in a low voice.

“Then I’ll get back to work,” Ye Feng said to Xu Man, then followed Tang Youde upstairs.

The moment the two left, a few female colleagues surrounded Xu Man.

“Sister Man, why don’t you forgive him this once? I don’t think he did it on purpose.”

“That’s right. There must be some misunderstanding between the two of you. I don’t think he’s in that kind of relationship with that woman.”

“So what if they have that kind of relationship? We can just turn a blind eye to it. After all, how many rich men like him don’t mess around with women?”

“That’s right, that’s right. If it were me, I’d even let two women serve one husband.”

Xu Man’s face darkened as she heard them getting more and more unsightly.

“I’ve already broken up with Ye Feng. Whether he has money or not has nothing to do with me. If any of you dare to mention him in front of me again, don’t blame me for not giving you face.”

After she finished speaking, she stood up and left.

A few female colleagues looked at each other and hurriedly followed.

...

At the same time, Ye Feng had already arrived at the Stars Hotel with Tang Youde.

The receptionist at the front desk saw Tang Youde and immediately led the two to the chairman's office.

"Chairman Gao, I hope I'm not disturbing you."

As soon as Tang Youde entered the office, he immediately greeted the middle-aged man sitting in the boss' chair.

The middle-aged man was chubby and looked extremely jubilant.

Seeing the two of them come in, he hurriedly stood up and greeted them. "Brother Tang, I've been waiting for you for a long time. If you still don't come, I'll personally send you the rent."

Tang Youde quickly waved his hand. "How can I trouble Chairman Gao to send it off personally? The fact that you're willing to extend the lease with us shows your trust in our Silver Brilliance Building. I should come here personally."

The middle-aged man gave him a meaningful look.

"Of course I'm willing to continue the lease with you, but your boss is too ruthless. He's practically a cheapskate. The rent increases by a huge amount every year, and all the money I earn has been used to pay for the rent."

Hearing his complaint, Tang Youde suddenly broke out in a cold sweat, and at the same time, he couldn't help but secretly look at Ye Feng.

Chapter 99 - 99 A Gift With a Blushing Old Face

99 A Gift With a Blushing Old Face

"Brother Tang, I'm only telling you this because I treat you as a friend. You won't go back and tell your boss, right?" the middle-aged man quickly added after complaining.

Hearing this, Tang Youde immediately laughed dryly. "Chairman Gao, I haven't had the time to introduce you yet. The one beside me is the new boss of our Silver Brilliance Building, Mr. Ye Feng."

Then, he quickly turned to look at Ye Feng. "Boss, this is Mr. Gao Jinxi, the chairman of Stars Hotel."

After hearing Tang Youde's introduction, Gao Jinxi looked at Ye Feng in a daze. "New boss?"

When he saw that Ye Feng was so young, he thought that he was Tang Youde's subordinate, which was why he complained about the rent without restraint.

He didn't expect the person in question to be wailing in front of him.

The most embarrassing thing in the world was to badmouth someone and be heard by the other party.

Gao Jinxi was extremely embarrassed.

Ye Feng smiled and reached out his hand. "Hello, Chairman Gao, nice to meet you."

"Boss Ye, I was just spouting nonsense. Please don't take it to heart," Gao Jinxi said apologetically as he hurriedly held his hand.

Ye Feng immediately laughed out loud. "Chairman Gao, you're a straightforward person. I like this kind of character very much. Since you think the rent is a bit high, I'll lower it for you on my own accord."

Gao Jinxi quickly waved his hand and said, "Boss Ye, you're slapping my face by saying that. We'll do things according to the rules. I'll pay whatever the others pay. We can't break the rules."

Seeing that he was insistent, Ye Feng did not say anything more.

Gao Jinxi then signed a new lease contract with Tang Youde.

Ye Feng glanced at the rent on the contract. It was close to 10 million a year. It was indeed a little scary.

However, considering the prime location of Silver Brilliance Building and its extraordinary supporting facilities, it seemed to be reasonable.

After signing the contract, Ye Feng was about to leave with Tang Youde.

At this time, Gao Jinxi hurriedly grabbed him and stuffed a room card into his hand.

“Mr. Ye, this presidential suite is the most high-class suite here. We will reserve it for you all year round. Just take it as a little apology from me.”

Ye Feng was about to reject.

However, Gao Jinxi was a little unhappy. “If you refuse, it means that you hold a grudge. Do you want me to kneel down and apologize to you?”

Ye Feng was defeated by his logic. He had no choice but to accept the room card.

Only then did Gao Jinxi smile again. “That’s right. Mr. Ye, do you want to go and take a look at the room now? Let’s see if you’re satisfied?”

Then, he lowered his voice mysteriously and said, “I’ve prepared a mysterious gift for Mr. Ye. I believe you will like it.”

Seeing that he had already said so much, Ye Feng had no choice but to search for the number on the room card.

When he arrived at the presidential suite reserved for him, he swiped his card and walked in.

Then, he saw a scene that almost made him vomit blood.

In the spacious living room, there was an extremely luxurious sofa.

At this moment, a woman was lying lazily on the sofa.

The woman's clothes were extremely cool, barely covering some of her vital parts, which made people's blood vessels expand.

"I'm, I'm sorry, I went into the wrong room."

Ye Feng resisted the urge to vomit blood and quickly retreated.

He checked the door number several times.

That was right.

It was this room!

Could it be that Gao Jinxi had given him the wrong room card?

Thinking of this, he had to return to the chairman's office.

Gao Jin, who was buried in his work, was surprised to see him return. "Why is Mr. Ye back so soon? Are you not satisfied with the gift I prepared?"

Ye Feng smiled awkwardly. "Did you take the wrong room card, Chairman Gao? That room is already occupied."

Gao Jinxi was dumbfounded. "That is the gift I prepared for Mr. Ye! Don't tell me you're not into this? Aiya, I was rude. I'm sorry, I'm sorry."

He thought that he had flattered Ye Feng and quickly apologized to him.

Ye Feng heard his explanation and immediately felt extremely regretful.

So that woman was the present she had prepared for him?

You should've said so earlier, MD.

The image of that scantily-dressed beauty flashed through his mind again, and he couldn't help but feel an unbearable itch in his heart.

However, things had already developed to this stage.

If he were to return now, wouldn't he appear too wretched?

It seemed that he could only pretend to be a 'gentleman' to the end.

Thinking of this, Ye Feng waved his hand at Gao Jinxi with a calm expression.

"Chairman Gao, I'm still young, and I just want to put all my energy into my career. I don't want to indulge in wine and women. I hope you won't do this kind of thing again in the future."

After he said this, Gao Jinxi became even more respectful to him.

“Mr. Ye, you look like a man who can achieve great things. At such a hot-blooded age, you can actually ignore beauty. Even I am ashamed of my inferiority.”

Hearing his praise, Ye Feng’s old face blushed. “Okay, Chairman Gao, you can go ahead with your work. I still have something to do. I’ll go first.”

Gao Jinxi hurriedly sent him out of the hotel.

The moment the elevator door closed, Ye Feng, who was originally full of righteousness, immediately became dejected.

He really regretted it.

There was once a beautiful woman lying in front of him, waiting for him to pick her.

But he didn’t cherish it.

It was too late to regret it only after losing it.

Nothing was more painful than this in life!

Just as he was sighing and walking out of the Silver Brilliance Building, he suddenly heard a woman's voice. "Ye Feng, why are you still here?"

Due to his guilty conscience, Ye Feng was shocked.

He looked up.

He saw Lu Xiaoya looking at him with a smile.

Chapter 100 - 100 A Special Opportunity

100 A Special Opportunity

"I went to do something,"

Ye Feng did not know how to answer, so he could only give a perfunctory reply.

"You didn't go to apologize to your girlfriend did you?"

Lu Xiaoya had a faint smile on her face.

"No, I just met an old friend. Oh right, how's your leg? Do you need me to send you to the hospital?"

Ye Feng did not want to argue with her on this issue, so he quickly changed the topic.

“No need, I feel much better. I still have to thank you for sending me here.”

Lu Xiaoya looked at him gratefully.

“It’s no big deal. It’s good that you’re fine.”

Ye Feng waved his hand without a care.

“It’s almost noon. How about I treat you to lunch? I’ll take it as a thank you for saving my life,” Lu Xiaoya suggested as she looked at the time. It was almost noon.

“You already said that I saved your life, and you’re going to send me away with a meal?” Ye Feng could not help but tease.

“I didn’t mean it that way. I have to repay you for saving my life, and you have to eat. Give me some face?”

Lu Xiaoya’s face was full of anticipation.

Ye Feng was about to agree.

At this moment, his phone suddenly rang.

The caller ID showed that it was Lin Junjun calling.

“Hey, Ye Feng, where are you now?”

Lin Junjun sounded a little excited.

“I’m doing something outside. What’s wrong?”

Ye Feng smiled at Lu Xiaoya apologetically and walked to the side.

“Can you come back now? It’s urgent.”

Lin Junjun’s voice sounded anxious.

“What is it? My house is on fire?” Ye Feng joked.

“No, someone has taken a fancy to one of your villas. Can you come back for a while?” Lin Junjun hurriedly explained.

“I thought it was something big. Just tell them that I won’t be able to make it back in a short time and that they can come back tomorrow.”

Ye Feng replied casually and was about to hang up the phone.

“No, this person is a little special. You have to come back.”

It was rare for Lin Junjun to be so tough with him.

“What’s so special about them? Could it be that they have three heads and six arms?”

Ye Feng smiled indifferently.

“No, this man is Pony Ma!”

Lin Junjun couldn't hide her excitement any longer and almost shouted out loud.

“Who's Pony Ma?”

Ye Feng was somewhat dumbfounded.

“You don't even know about Pony Ma? He's a super-tycoon in the internet world today, the super-boss of Penguin Group, and now one of the top two richest people in the country.”

Lin Junjun listed out countless titles in one breath.

One could hear the shock in her words.

Only then did Ye Feng realize who this Pony Ma was. He was also surprised and curious.

At this moment, the system notification rang in his ears again.

[A new lucky navigation system has been detected – getting to know Pony Ma.]

He immediately replied, “Alright, I'll go back immediately.”

Ye Feng hung up the phone and turned to look at Lu Xiaoya. "I'm really sorry. I suddenly have something to do here."

Lu Xiaoya nodded understandingly. "Go do your work, then. We'll meet again next time."

Ye Feng did not say anything more. He went to the parking lot to get his car and sped away.

...

When he rushed back to the Zhongtian Lake-View Villa, he saw Lin Junjun chatting with a middle-aged man.

The man was in his 30s and wore gold-rimmed glasses. He looked like a gentleman.

It was the super big boss of Penguin Group, who many people in China were familiar with!

When Lin Junjun was in front of him, she was obviously a little awkward.

Ye Feng could not help but shake his head and smile bitterly.

Was it really necessary?

However, at the same time, he was also a little curious as to why this person had come to his side.

Lin Junjun also saw him and hurriedly waved at him. "Mr. Ye, hurry up. Mr. Ma has been waiting for a long time."

Ye Feng walked over calmly and reached out his hand to the man. "Hello Mr. Ma, I am Ye Feng."

The middle-aged man shook his hand politely. "Nice to meet you, Mr. Ye. You can call me Pony."

Ye Feng nodded lightly, "I heard that Mr. Ma wants to rent my house? Which one?"

Pony was excited. "I'm not renting a house. If Mr. Ye agrees, I want to buy it."

Ye Feng was stunned when he heard this.

Not renting a house, but buying a house?

“It’s like this,” Pony Ma explained hurriedly. “I’m personally interested in astronomy. I’ve been looking for a house where I can observe astronomical sights. I saw a friend post a photo on his WeChat moments today, and I feel that this house is very suitable for me, so I rushed over.”

Lin Junjun hurriedly added. “Mr. Ma has his eyes on Villa No. 7.”

Ye Feng was speechless.

He wanted to buy a villa to observe astronomical phenomena?

It seemed that he still did not understand the world of the rich.

“Then Mr. Ma should know the price of the villa here, right?” Ye Feng could only remind him.

“I know that these are one of the most expensive villas in Zhonghai and I know that my proposal is a bit unreasonable. So, I’m willing to pay double the market price. How about 200 million?”

Pony immediately gave a price.

What else could Ye Feng say?

The 20 villa's prices were at most half a billion yuan.

However, the other party directly bid 200 million.

What other reason did he have to not sell it?

However, when he remembered that the system's mission was to 'get to know' the other party, he should at least show some goodwill.

At the thought of this, he immediately shook his head. "200 million, no way!"

Lin Junjun immediately panicked. "Mr. Ye, 200 million is already a lot."

She thought that Ye Feng was trying to milk Pony on purpose, and she started to panic.

However, Pony did not mind at all. "Mr. Ye, please name your price. I will not bargain."

Ye Feng slowly extended a finger. "I only want 100 million."

Pony and Lin Junjun were both stunned.

They all thought they had heard wrong.
