

Chapter 3059

At that moment, Darryl, Quincy and the others charged into the battlefield in four different directions. The New World grand army that was leading the battle was shocked and was in total chaos.

Harlow was incredibly excited as he roared loudly, "My warriors, it's time to fight back! "

Then, he led his followers and started to fight back. In an instant, the New World grand army was facing attacks from all sides. Many of the soldiers did not have time to react and started to fall into their pools of blood.

Seeing all his warriors continue to fall, Lord Kenny looked horrible. At the same time, his vision was locked firmly on Darryl.

Darryl did not panic at all when he faced Lord Kenny's anger. He was floating in the sky as he laughed lightly and said, "Lord Kenny, didn't expect that, did you? Let me tell you, we have another million grand armies arriving soon. All of your followers as well as yourself will not be able to escape."

Darryl looked calm as he spoke, but inside he was worried.

He was scaring Lord Kenny on purpose. Darryl and the other major sects had just escaped from the King of Death's Cauldron, so how could there be a million grand armies? He just said to scare Lord Kenny, hoping it would make him retreat.

'A million grand armies? If that is true, I Will definitely lose this battle today.' Lord Kenny's face turned dark.

At the same time, all of the other New World soldiers were terrified. They did not have the confidence to continue fighting.

At that moment, one of the Generals said to Lord Kenny, "Your Majesty, why don't we retreat for now?"

Lord Kenny looked horrible as he was unwilling to leave.

'As soon as we take over the Dark Cloud City, my grand army will be able to conquer all of Westrington. If we retreat now, all our efforts will go to waste! However, Darryl has another million soldiers coming soon. It will be too late if we don't leave now,' Lord Kenny thought as he raised his hands and was about to give the order to retreat.

Suddenly, a shadow rose into the sky, north of the battlefield.

"Ha-ha-ha!" the person said as he released a strong battle aura while his eyes shined with excitement.

It was White Horse!

At that instant, everyone was focused on White Horse and they were shocked. Especially Lord Kenny. His eyes were burning!

'Sky Breaking Axe? The Incredible grand weapon was in his hands!' he thought.

"Our opponent's formation has broken. Everyone, kill!" White Horse looked crazy and like a battle god from heaven as he swung the Sky Breaking Axe and charged at the New World grand army.

According to Darryl's plan, White Horse should not have made a move. He just had to let Lord Kenny retreat. However, in White Horse's eyes, he could not miss such a perfect opportunity to become famous.

As he swung the Sky Breaking Axe, golden rays shone everywhere and killed many of the New World soldiers.

'Sh*t! What is White Horse doing? Why isn't he sticking to the plan?' Darryl's brows furrowed with worry discreetly.

Lord Kenny looked terrible when he saw many soldiers had died by White Horse's hands.

In the next second, he took a deep breath and glared at White Horse, who was floating in the air as he waved his hand. "Take this man down and get the Sky Breaking Axe!"

As long as he obtained the Sky Breaking Axe, he would not need to worry even if Darryl were to send a million soldiers.

Whoosh Whoosh Whoosh.

After he spoke, a few thousand soldiers leaped into the air and charged directly towards White Horse!

White Horse felt excited to battle when he saw the New World grand army charging at him.

"Ha-ha-ha! Just in time!" he said, Laughing loudly.

After he spoke, he swung the ax fiercely!

Bang!

In the next second, a golden ray that looked as if it had sliced through the sky and the ground, charged towards the thousands of New World warriors!

Chapter 3060

Bang!

In the blink of an eye, thousands of New World soldiers were hit by the golden ray. They could not stop crying out in pain as they fell from the sky and landed in pools of blood.

"Take him down no matter the price! We must capture this person!" Lord Kenny roared crazily, furious to see his people die.

The truth was, Lord Kenny was about to retreat. However, when he saw how arrogant White Horse was and that he killed all his soldiers in front of him, how would he be able to ignore that?

Roar!

Then, all the other New World soldiers roared so loud it shook the sky. They started to charge at White Horse and he was surrounded in the blink of an eye.

Apart from White Horse, the other elite Warriors from the other sects that were attacking from the North were being surrounded too.

'Sh*t!' Darryl was furious that White Horse had caused trouble.

Darryl's original plan was to force Lord Kenny to retreat so that the Dark Cloud City would be saved for the time being. However, White Horse decided to instigate Lord Kenny's anger. Once the battle continued, Lord Kenny would soon know that there were not a million soldiers on their way and things would be even more complicated.

Whoosh!

Under stress, Darryl leped into the ait and dived into the battle immediately. He did not care about White Horse as he was the one who got trapped for not following the plan. However, there are other elite warriors that are trapped with White Horse. He could not just ignore them and leave them behind because of White Horse's mistake.

At that moment, Lord Kenny's vision locked tightly on Darryl. "Darryl, do you wish to save them? Are you capable of that?"

Then, he activated his internal energy and shot out a terrifying aura as he charged at Darryl.

Bang!

In the blink of an eye, their two figures crashed into each other fiercely. Darryl groaned in pain as he was thrown back meters away from the impact. He looked pale and there was blood on the comer of his mouth.

He had nothing to worry about when fighting with Lord Kenny on his own. However, he had exhausted his internal energy substantially when he created the Portal Formation with the other elite members of the sects. Naturally, he was not able to defend himself against Lord Kenny's strongest attack.

"Darryl..."

"Be careful..."

At that time, Zoey, Sara, Andy and the others could not help but shout.

At the same time, they wanted to rush over but there were too many enemies around them.

Lord Kenny was delighted when he saw he had injured Darryl. "Ha-ha! Why aren't your million soldiers here yet? Today, not only do I want to obtain the Sky Breaking Axe, but I want your head too!"

Bang!

After he spoke, Lord Kenny's body exploded and charged at Darryl like lightning. At that moment, he was still not aware Darryl had lied to him and there were no million soldiers on their way. However, Lord Kenny had a plan; he had to get the sky Breaking Axe and kill Darryl before their backup arrived.

"Sh*t! Darryl clenched his fists tightly when he saw Lord Kenny charging at him again. He was starting to panic.

'My internal energy has not recovered and there is no way I can defend myself against Lord Kenny. I'm in trouble,' he thought.

Bang!

Darryl suddenly remembered something when he saw Lord Kenny was about to reach him. He activated the enchanted beast pouch immediately. A strong aura was seen releasing. Next, a slim body figure appeared in front of everyone.

Suddenly, Darryl remembered something when he saw Lord Kenny was about to reach him. He activated the enchanted beast pouch immediately and a strong aura was released.

Then, a slim figure appeared in front of everyone. It was a lady dressed in a long, icy-blue dress and looked like a fairy. Her facial features were exquisite and she was exceptionally beautiful. However, her entire body released a 10,000 years old icy cold aura.

It was Ileana.

Earlier during her battle with the King of the Dead, Ileana exhausted her energy substantially. She returned into Darryl's enchanted beast pouch to cultivate after she ordered everyone to form the Portal Formation.

Ileana's appearance shocked Lord Kenny and the other New World soldiers. A few hundred thousand pairs of eyes were locked on Ileana instantly as they stared blankly at her.

'What a beautiful woman...!'

'How arrogant and cold her aura was...'

'Wow...'

The soldiers thought.

Chapter 3061

Still in shock, Lord Kenny reacted immediately. He did not slow down as he punched forward.

'No matter who this woman is, as long as she's related to Darryl, I'll get rid of her!' he thought.

Ileana did not hesitate at all when she felt Lord Kenny's strong aura. She lifted her gentle hands and charged forward.

Bang!

Their palms crashed into each other and Lord Kenny felt a strong and powerful wave of energy hit him. The energy held a terrifying cold energy, causing him to fall back a few steps as he groaned.

He felt his entire body was about to freeze from the attack.

'How powerful! Where did Darryl get help like this from?! I used my strongest punch and yet she injured me,' he thought.

Sigh!

Darryl sighed in relief discreetly when he saw that Luckily, I remembered Ileana. Otherwise, there is no way I could defeat Lord Kenny!

Just at that moment, Ileana said to Darryl, "Darryl, alert me in advance if you need my help in the future. Do not call for me as you wish."

Then, she glanced casually at Lord Kenny. "And, who is this?"

Darryl scratched his head and smiled awkwardly as he said, " I won't have to call for your help if I have a choice.

Then, he pointed at Lord Kenny. "This is the New World's Emperor and a minion to the King of the Dead"

'The King of the Dead's minion ?!' Ileana's face turned cold and her body exuded a terrifying, cold aura.

"Forgive me then, since you are the King of the Dead's minion!" Ileana looked Lord Kenny up and down at Lord Kenny.

She did not see eye to eye with the King of the Dead and he had also imprisoned her for 500 years. Naturally, she would spare no one that was a follower of the King of the Dead.

Bang!

After she spoke, Ileana lifted her gentle hand and the temperature in the sky and ground decreased substantially. Then, an ice sword was formed and it charged directly towards Lord Kenny.

Gulp!

Lord Kenny was sweating profusely when he felt the incredibly terrifying energy carried by the ice sword. He could not help but swallow his saliva!

'Such strong energy. I'm afraid I will not be able to defend against it,' he thought.

When he saw the ice sword in front of him, Lord Kenny had no time to think. He activated his internal energy and formed a protective shield in front of his body.

Bang!

The ice sword crashed into the protective shield and it shattered instantly. Lord Kenny moaned as he was thrown back from the impact. He flew over a hundred meters before he finally fell to the ground.

He had exhausted his internal energy during his battle with Darryl, so he was not able to defend himself against Ileana's technique. No matter what, Ileana was the Queen of the Dead in the Ghost World!

The New World soldiers' expressions changed as they rushed over and lifted Lord Kenny. "Your Majesty!"

Lord Kenny's face was pale as he stared closely at Ileana. He was incredibly amazed in his heart. 'Powerful. So powerfully!'

He could feel the energy in his body was a mess from being injured by the ice sword.

"Retreat ... Everyone, retreat!" Lord Kenny ordered through clenched teeth.

He was hesitant to do so, but he had no choice. The woman Darryl called to his assistance was just too strong.

Whoosh.

After he gave his orders, all the Generals protected Lord Kenny as they fled immediately.

Sigh!

When Darryl, Quincy and the others saw that, they all sighed in relief secretly.

Chapter 3062

At that moment, Sara, Zoey and the others gathered around him. At the same time, Harlow and his followers all gathered around too.

"Brother!"

"Darryl, how are you?"

If Darryl and the others had not appeared, the Dark Cloud City would be in great danger. As such, Harlow was grateful.

"I'm fine!" Darryl smiled, shaking his head.

He looked around and felt horrible heartache instantly. In the battle earlier, many of the Dark Cloud City soldiers had died and many of the major sects had suffered serious injuries too.

Darryl clenched his fist tightly, feeling furious. 'Sh*t! This is all White Horse's fault. If he hadn't wanted to show off, he would not have instigated Lord Kenny's anger and there would not have been so many casualties.

"Thank you, Sect Master Darby for your help!" Harlow walked over at that moment, feeling eternally grateful.

Darryl waved his hand showing that was fine.

Whoosh!

In the next second, Darryl locked his vision on White Horse. "White Horse, do you know what you did wrong?"

At that instant, everyone looked at White Horse with mixed emotions.

During the battle, the White Horse was fierce. However, he went against their original plan, took things into his own hands and caused many people to be injured.

When they saw the situation, White Horse's body trembled. Then, he forced himself to calm down as he looked at Darryl. "What do you mean Darryl? What did I do wrong?"

Darryl was so furious his entire body trembled as he said coldly, "We agreed before we took action, not to get caught in a battle. Lord Kenny was about to retreat, so why did you attack? Did you know you cost so many people their lives and it was all in vain just because you didn't want to follow our plan?"

Darryl was roaring when he said the last sentence.

When he heard that, White Horse's face changed and he laughed lightly as he said, "Darryl, quit that please. Lord Kenny started the war without a reason and everyone knows he's despicable. They were already losing, so I just killed a few more enemies. What's wrong with that?"

His words were firm and he was trying to fight back.

At that moment, everyone around them could not help but start discussing.

"His words sound reasonable too."

"Yes, Sect Master White Horse did that to kill a few more of the enemies ..."

While the rest were still discussing, Weston stood up and said to Darryl, "Darryl, stop trying to show off your position as the Sect Master of the Elysium Gate. From what I see, you're jealous Sect Master White Horse has the Sky Breaking Axe, so you're just trying to find fault in him. Am I right?"

Although Weston and White Horse did not have any connection, he was dissatisfied with Darryl too. As such, he helped White Horse speak up naturally.

Darryl was instantly furious. 'Ridiculous Weston, I should not have rescued him but let him get killed slowly by the Hell Hounds when we were inside the King of Death's Cauldron.'

Darryl ignored him, but looked at White Horse as he said, "Since we're talking about your identity as the Eternal Palace Sect's Sect Master, let me ask you, how did you take over the position as the Sect Master? How did my brother Chester die?"

His eyes were red as he spoke and his body released a murderous aura.

Darryl already knew the truth when he met Chester earlier. It was White Horse that ambushed Chester at the main altar of the Endless Sky Organization, which caused Chester to fall off the cliff. What happened to Chester was all White Horse's fault.

Two days ago, when White Horse appeared at the prayer altar at the South Cloud World royal city.

Darryl could not control himself and wanted to approach him. However, due to the changing situation and everyone being trapped in the King of Death's Cauldron, Darryl did not have the opportunity to question White Horse. With White Horse not following their plan while they were assisting the Dark Cloud City, Darryl could not control himself anymore.

White Horse's face changed when he faced Darryl's questioning. He panicked and felt instantly lost.

Chapter 3063

At the same time, everyone broke into discussion and chaos.

"What's going on?"

"Isn't Zhang Jue the one who caused the death of Sect Master Wilson?"

"Are there other reasons behind that?"

White Horse kept blinking as people were discussing and he felt uncomfortable.

'Sh*t! If the truth is revealed, everyone will hate me. The greatest sin in the community is betrayal,' he thought.

However, White Horse came to his senses quickly.

'When I ambushed Chester, no one was there to witness it. Even if Darryl knows the truth, he has no proof. So, there is nothing for me to be worried about. Most importantly, I still have Chester,' he thought, gaining his confidence again.

He looked at Darryl and grinned as he said, "Darryl, what do you mean? Tell us clearly what you mean."

Darryl glared at him and could not hide the anger burning inside of him. "At the main altar of the Endless Sky Organization, you betrayed the Eternal Life Palace Sect and ambushed Chester, causing him to fall off the cliff. Then, you seized the opportunity to take the position of Sect Master Am I right?"

Bang!

Then he clenched the Heavenly Halberd tightly. "Today, I shall seek revenge for Brother Chester and get rid of you, traitor!"

"I'm a traitor?! You claimed I betrayed Master Wilson, but do you have any proof?" White Horse shouted, not feeling panicked by Darryl's anger.

If this happened a few months ago, White Horse would have peed his pants when faced with Darryl's anger. However, he had the sky Breaking Axe and he was so much more powerful. He had nothing to worry about.

Besides, White Horse was confident that Darryl would not be able to produce any proof, so he was not afraid.

When he heard that, Darryl was furious and had no words.

Everything Darryl knew was from Chester and he was still missing Darryl had no proof.

White Horse was delighted when he saw Darryl was speechless.

"Darryl, are you trying to find fault in me? I am an honorable man and a truthful person. So I'm not worried about your accusations," white Horse said as he grinned.

Weston could not help but say, "Sect Master White Horse, I fully support you. Some people are just overconfident, thinking he can order others around with the little power he has and falsely accusing people. The truth is, he's the suspicious one."

Then, he looked around and spoke slowly, "Two months ago, someone violated Lady Chang Er and wanted to become the Emperor of the North Moana Continent, causing chaos in the community. Unfortunately, we still don't know the whole truth."

He looked at Darryl, not knowing if he was smiling or not. "Sect Master Darby, do you have an explanation?"

At an instant, everyone broke into discussion again.

Darryl took a deep breath and said coldly, "I'm innocent. They were just rumors and someone was trying to accuse me. Why do I need to explain?"

Darryl was furious when he said that.

White Horse could not help but smile at that moment as he said to Weston with a laugh, "Thank you, Sect Master Stanford, you are a wise and fair person. Thank you!"

As he spoke, White Horse could not help but glare at Darryl.

'Ha-ha ... Someone is on my side. Let's see what you can do,' he thought.

Weston waved his hand pretentiously. "You're welcome. Safeguarding fairness in the community is everyone's responsibility"

Anger boiled in Darryl's heart when he saw both of them agreeing. He clenched his fists so tight; his nails were about to dig into his hands.

Chapter 3064

Darryl was so angry he wanted to do something to kill White Horse. However, he controlled himself. There were many people from the sects around and he had no proof. If he killed White Horse, everyone would be talking about him and it would be detrimental to his reputation in the Elysium Gate.

'I'll spare this guy for now. I'll wait until I find Brother Chester, then I shall confront him,' he thought, not dwelling on it anymore.

However, White Horse did not plan to give up just like that. He was delighted to see Darryl was speechless.

"Sect Master Darby, since you can't produce any evidence on the matter with Sect Master Wilson, we won't discuss it for now. However, I have a question for you," he questioned.

Then, he pointed at Ileana, who was standing behind Darryl. "Who is this woman? How did she know to form the Portal Formation to leave the King of Death's Cauldron? Forgive me for being overly suspicious, but this is too strange of an occurrence."

White Horse looked really serious, but his eyes looked hideous.

'Sh*t, he is still trying to give me trouble!' Darryl thought.

After White Horse spoke, everyone's gaze was focused on Ileana and they started to feel suspicious too.

That's right, the woman beside Darryl appeared all of a sudden, yet she knew the way to get out of the King of Death's Cauldron. It's very hard for us not to be suspicious,' everyone wondered.

Darryl did not panic when he faced everyone's scrutiny. Instead, he replied casually, "Her identity? Earlier, I had been lured into the Demon Pagoda by the Mirror Devils and I met her at the top of the pagoda. She was trapped there for 500 years and I was the one who helped her escape. She's become my female follower to repay me. Do you have a problem with that?"

Darryl's face looked calm when he said that. At that moment, only Darryl knew Ileana had a feud with the King of the Dead. He was not aware she was the King of the Dead's wife and the Queen of the Ghost World.

'Female follower? Trapped for 500 years?!' Everyone was stunned.

A lady who was trapped in the Demon Pagoda for 500 years would have tumbled to ash! Even if a cultivator reached an extremely high level to extend their life, the Demon Pagoda was still an extremely dangerous place. No matter how powerful the woman was, there was no way she would have survived.

Finally, White Horse was the first to react and smiled coldly as he ridiculed Darryl. "Darryl, stop talking nonsense. What do you mean she was trapped for 500 years? It's obvious this woman is your partner. Perhaps you're just pretending you were trapped together with us in the King of Death's Cauldron."

Then, White Horse looked around and shouted, "I suspect Darryl is just like Lord Kenny and is the King of the Dead's follower. Otherwise, why would he want Lord Kenny to retreat and not want us to go after him?"

Everyone looked at each other and many of them nodded in agreement.

"That makes sense."

"That's right. During the battle earlier, although we did not have the advantage in terms of the number of soldiers, Lord Kenny's grand army's formation was already a mess. So we could have seized the opportunity to pursue further."

"With all that said, Darryl is really suspicious."

Darryl was furious as he cursed himself. 'Sh*t! White Horse is too despicable. He was the one at fault, but he's placed the blame on me.'

Seeing everyone was becoming suspicious of Darryl, White Horse became braver as he walked in front of Ileana and asked pretentiously, "Beautiful lady, why don't you tell us if you and Darryl are followers of the King of the Dead? As long as you tell us the truth, we won't cause any problems for you."

He could not stop his eyes from checking Ileana out. His stares made Ileana unhappy.

"You've crossed a line!" Ileana said coldly.

Then, she lifted her hands and unexpectedly slapped White Horse across the face.

Ileana was intelligent and smart. Although she did not know White Horse, she could easily tell he was a despicable person. She was already frustrated when she saw him arguing with Darryl. At that moment, she could no longer stand it when she saw the way he looked at her.

Most importantly, her hatred for the King of the Dead was so deep, yet he claimed the King of the Dead had sent her. That was repulsive.

Her slap was so strong; the whole place went completely silent as everyone was stunned.

Chapter 3065

"How dare you slap me?" White Horse held his face and looked at Ileana in disbelief while his eyes glowed with shock and anger.

He was the Sect Master of the Eternal Life Palace Sect, yet a lady hit him he was hit by a lady in front of so many people. How would he face everyone if news spread to the community?

The more he thought about it, the angrier he was. Then, he pulled out his Sky Breaking Axe.

"How wild was that. She just hit him when things were not going her way!" Everyone was shocked.

Ileana did not panic at all when she saw White Horse pull out the Sky Breaking Axe. She took a step forward and stared coldly at White Horse as she said, "You want to fight? Even though you have the Sky Breaking Axe, you still have not understood its power completely. You are no match for Your Highness at all. If you really want to look for death, I shall grant your wish!"

She looked cold as her body exuded a terrifying aura.

Gulp!

White Horse felt a chill go down his spine as he swallowed his saliva, feeling terrified. At the same time, Darryl and the others were incredibly stunned too.

"She called herself, Your Highness. Could she be ...! they wondered.

Ileana looked around and said softly, "Aren't you wondering who I am? Let me tell you. I am, Your Highness the Queen of the Dead in the Ghost World."

Everyone was shocked when they heard that. 'No wonder she is so powerful. Her real identity is the Queen of the Dead. Isn't the Queen of the Dead the woman of the King of the Dead? Her relationship with Darryl is so close. It seems like Darryl really had a relationship with the King of the Dead.'

Darryl was stunned at that moment too, 'Sh*t, no wonder Ileana was trapped on the highest floor of the Demon Pagoda It was because of her special status.'

Ileana continued to speak when she saw everyone's reaction, "However, the King of the Dead and I no longer have any relationship. He trapped me in the Demon Pagoda in the King of Death's Cauldron for 500 years. It was Darryl who rescued me. Are you all satisfied with such an explanation?"

At that moment, everyone looked at each other and no one dared to speak nonsense.

White Horse squeezed a smile and tried to relieve the situation. "Oh, so that's the reason! It's just a misunderstanding; this is a complete misunderstanding."

Then, he discreetly wiped away his sweat. She was the Queen of the Dead; he would be asking for death if he acted recklessly.

Darryl was really annoyed when he saw how fast White Horse changed his tone.

Ileana glanced coldly at White Horse "Misunderstanding? You were talking trash earlier, questioning Darryl and me, and you say it's just a misunderstanding and everything is fine? You went against our original plan during the earlier battle, causing so many people to sustain injuries. Such disobedience must be punished sternly."

As she spoke, Ileana looked at Darryl. "How would this be dealt with in the army camp under normal circumstances?"

"According to the rules in the army camp, such action of disobedience would be cause for execution," Darryl said without hesitation.

At the same time, he nodded his head at Ileana, thanking her!

At that moment, White Horse's body trembled as his feet turned weak instantly.

White Horse had never imagined that his plan to humiliate Darryl would make things worse. Everyone there saw Ileana was about to punish White Horse, but none of them stepped up to help him beg for forgiveness. Even Weston, who showed his support earlier, had retreated into the crowd.
