

A Bunch 1561

Chapter 1561: pretentious people who like to run away...

From the moment she noticed how special the high and Mighty God was to Mira, Sansa began to think that perhaps... These people who used to look like the horizon were not out of reach. ...

If her parents were unreliable and Rennes unreliable, she could only rely on herself. After all... "...". If Mira could attract that person's attention, why couldn't he?

"You really made that choice?" Zhuxing looked at his daughter, who he couldn't communicate with, with a complicated look in his eyes. He also remembered that when he was very young, both husband and wife had helped her to be the only one after seer left, when did this girl start to drift away from them?

"Yes, Father!" Sansa said coldly.

Zhuxing took a deep breath, closed his eyes, and nodded slightly. "You decide for yourself..."

Ye Na's expression tensed when she heard this. She was about to say something, but was stopped by Zhuxing, who had expected it.

"I'm leaving. Does Father Support Me?" Sansa looked at Zhuxing and asked coldly.

"To be honest, I don't really want to support you..." zhuxing also said coldly, "But since you've chosen, there's no other way..."

"Is that so?" Sansa sneered. "That's true. Father's famous saying is that adults shouldn't regret their choices. Father, you're actually prepared to watch me make a fool of myself, right?"

"I don't know if there's anyone in this world who wants to watch their children make a fool of themselves..." "...". Zhuxing said tiredly, "But I'm not that bored. I've advised the four of you on the path you've chosen, but I've always hoped that you're right..." "...". "..."

"Is that so? Then how is father going to support me? or... how much?"

"You'll need the present more in the past. I've prepared three billion. This is the maximum I can support..."

"UH..."

Sansa, who had been sneering, was stunned by her words. "Three billion... father, are you serious?"

When did her family become so rich in her memory?

"HMPH... as expected... It's different when you take over the power of the family..." Sansa smiled.

"This has nothing to do with taking over the administrative power of the family..." zhuxing took a deep breath. Looking at his daughter, who was unwilling to give him a good look at any time, his heart grew colder.

“The family is going to be separated. Most of the cash flow has to be prepared for the branch family that goes there. Of the 3 billion, 500 million is the savings of your mother and I over the years. 2.5 billion is the support of Seer...”

“Seer?” Sansa’s eyelids twitched. An unknown fire surged in her heart and she almost blurted out, “I don’t care about his money!”

However, in the end, she rationally suppressed her impulse!

When she arrived there, she would definitely join the exploration team. All the families were short of cash, and even her uncle probably wouldn’t support her much. A huge sum of three billion was a huge capital for her. If she had money, she would be tougher living there, and she wouldn’t have to look up to others... ..

It was rare for her parents to pity her, hehe... .. That was true. Chenye and Nico had given her away, and now they were thinking of her?

But it was fine. After all, Seer owed her...

Taking a deep breath, Sansa revealed a rare smile. “Then thank you, Father... Oh, and my brother Seer...”

“Will you give me the cash now?”

“The amount is quite large. I’ll remit it to you when we get back...” Zhuxing looked at his daughter, who was already a complete stranger, in the end, he could not help but ask, “Are you really not considering staying? Opening up the galaxy is a risky path. If we don’t succeed in the early stages...”

“Father, didn’t you say that adults should be responsible for their own choices?” Sansa coldly interrupted Zhuxing’s words and said coldly, “Don’t worry, I chose the path myself. I Won’t Blame You Later...”

Zhuxing:”...”

“That’s all... I’ll take my leave now... take care, father... oh... that’s right, with so many outstanding children by your side, father should be living well in his old age...”

After Sansa left such a cold sentence, she left the room without hesitation... ..

Actually, if she had just found out that the commander of the Rennes army wasn’t permanent, she had the intention to stay. Moreover, with such a large sum of money, if she stayed and studied hard, what Nicole and the others could do.., she’s confident she can do the same.

But it’s different now...

Mira’s condition opened her eyes to a brighter path...

——— —

“The child’s father...” after Sansa left, Ye Na tears could not help but burst out again, some choke way: “Why is it like this?”

Nicole saw her mother crying and was anxious. She quickly went up to her mother and wiped her tears. "Don't Cry, Don't cry. Don't worry, mother. My sister lost the money too late. No matter how miserable she is, we won't leave her alone..."

"You Little Girl!" Ye Na rolled her eyes at her younger daughter and pinched her slightly chubby face. "How can you talk like that? What do you mean by squandering all the money? You only know that your sister will squander all the money? Don't talk nonsense!"

"Oh..." Nicole pouted slightly.

But she really didn't believe that her big sister could do anything...

She really didn't like to get close to her biological sister, but she had known her sister's personality since she was young and had been with her for so many years.

Her sister... ... She was a person who liked to take shortcuts. She would be very enthusiastic when she saw something that was different and could escape from the things she wanted to escape from.

Her sister's bone figurine was actually very good and was very suitable to become an agile warrior. This was an advantage over her and Chen Ye. However, she was afraid of hardship and could not stand the distant and isolated gazes of her peers around her.

Therefore, she gave up persistence and chose to be close to her uncle's side. She also gave up the need to train hard every day as a warrior and chose the bright and beautiful path of the priestess. Although it was extremely unsuitable for her, she still chose this path... ..

This time, Nicole also felt that her sister was running away from something. Three billion in cash, even if it was thrown on the path of the priestess that she was most passionate about, could at least be thrown out of an ordinary high school.

Nicole knew from the beginning that her sister would not choose, her sister has not made any progress for so many years, not because of lack of resources, but I have never been able to adhere to...

Sister is a pretentious, proud, but most like to escape a person...

— — — —

After the feast, the Eldians did not leave immediately the next day because there was a handover. After the handover, the family members who chose to leave would take the spaceship to Lord Bolton's territory!

The younger generation rarely relaxed, so they took the opportunity to stay on the spaceship to play the role of soy sauce. However, Mira packed up early the next day and prepared to leave.

There were many reasons for her to leave. For example, she wanted to take advantage of the power of the Oracles' blessing to go back and enter training as soon as possible. She did not want to waste a day's potential.

For example, if Nico also wanted to leave, she could also hitch a ride... ..

Or, she could escape from that mysterious god-lord for a while. Who knew what kind of trouble that guy would cause if she stayed here? After all, such a heavy gift had made her the center of attention. If she stayed here, she would inevitably be made difficult by some people. She had no interest in being bullied here... ..

Besides her parents, there were also those who were reluctant to leave.

However, Mira didn't expect that when she was about to meet Nicole and the others, someone she had never expected would appear in front of her... ..

"Sansa?" Mira looked at the young lady of the second branch, who usually kept a distance from her, and her expression suddenly became strange.

She actually came to see me off?

Is she very familiar with me?

Chapter 1562 that guy is trying to stir up trouble... ..

"Um... is something the matter?"

The atmosphere was rather strange. The other party had chosen a place where she was about to reach the exit of the spaceship. The people who had come to send her off had already left. There were only the two of them, and the other party was looking at her without saying a word... ..

The other party's gaze made Mira feel a little unnatural. She recalled what her mother had said... ..

In the hall, when Lord Bolton was teasing her, Sansa had been staring at her... ..

"No, I'm just here to send you off..." Sansa looked at Mira carefully and smiled.

"Um..." Mira was speechless and could only reply politely, "Thank you..."

"Sister Mira, are you preparing to enter Xandar Academy?" Sansa suddenly asked.

"I think so..." Mira nodded.

"But your talent is very good, and you received blessings this time. Don't you want to look up a little?" Sansa tilted her head and asked.

"Um..." Mira was slightly stunned, she didn't expect that the other party would talk about this topic with her, after hesitating for a few seconds, he finally voiced out his true thoughts. "The other academies might have the opportunity to give it a try, but it's not as safe as Xandar Academy. After all, our family has an acquaintance in Xandar Academy, so it's easier for us to be taken care of. It's also easier for us to enter the elite class of Xandar Academy. This is more cost-effective compared to the higher ranked academies. Moreover, I also know my aptitude. Even with this blessing, it's unlikely for me to be able to enter the top ten schools like Chen Ye and the others. Naturally, choosing Xandar Academy is more reliable..." "..." "..."

“Is that so?” A gentle smile appeared on Sansa’s face. “Sister Mira is more pragmatic...”

Mira: “...”

These words... why didn’t they sound like praise?

“I hope sister will always be so pragmatic...” Sansa narrowed her eyes and looked at her with a faint smile. “Don’t have any whimsical thoughts...”

“What do you mean?” Mira frowned immediately.

“What do you mean? Doesn’t sister Mira know?” Sansa looked at her with a smile.

Mira frowned and was about to say something when a young voice sounded from afar. “Sister Mira, what are you doing? We’re leaving...”

Mira was stunned and looked up. It was Nicole’s voice in the distance.

“Ah, sister is here too...” Nicole looked at Mira, “Didn’t you realize that sister is very close to sister Mira?”

“It’s none of your business, right?” Sansa looked at Nicole coldly.

“I don’t want to care about it...” Nicole replied coldly, “I’m just here to urge sister Mira...”

Sansa was stunned because it was the first time in her memory that she was dissed like this by this little guy. Even if they fought last time, this little guy still pretended to be respectful on the surface... ..

So that’s it... ? ... I’m leaving this time. Don’t I have to act anymore?

Sansa suddenly sneered. This inexplicable sneer made Nicole even more speechless in her heart.

She knew that her sister must be thinking nonsense again. At this moment, she suddenly agreed with Guo Xiaoyun’s words. Her sister had a problem with her brain. It was definitely not a good thing to stay with her for too long... ..

“Let’s go, sister Mira...” Nicole looked at Mira. “We’re all waiting for you...”

“Um...” Mira nodded slightly and followed Nicole to the exit of the spaceship. However, after a few steps, she suddenly remembered what her mother said. She stopped and turned back to look at Sansa.

“What?” Sansa raised her eyebrows. “Do you have something to say?”

Mira looked at him seriously. “I think... your own words are very suitable for you. Sometimes... Don’t be so whimsical...”

“Ha... ..” Sansa cold smile, eyes full of sarcasm.

Mira did not speak again, was not familiar with, good advice can not persuade the damn ghost, some people ah... Destined to be unable to communicate. . .

———

After saying goodbye to the strange guy, Mira was in a much better mood with Nicole, who was always smiling sweetly.

Two rooms in the most likable should be this girl, although usually come back less, but that smile at any time sunshine face, always let a person in a good mood.

But soon the appearance of another person let Mira just up the mood of a moment cool.

This 'cold' was the literal meaning, which was the feeling of being cold through the heart.

A delicate and thin figure, and a pair of black pupils that sucked light... ..

She had seen this little guy from afar in the banquet hall, but she had never dared to approach him. He was an existence that made people inexplicably afraid. She didn't know why Nicole was so good with this guy... ..

Moreover, she heard that this guy injured the fifth elder in the family... ..

Nicole's classmate was at most a child who had just started school, right? Judging from her growth rings, she was only a little over a hundred years old, right. What a monster...

"You're here?" Guo Xiaoyun looked at the two of them with a faint smile on her face, and the cold feeling in her heart instantly disappeared.

"I was delayed by that big sister with cerebral palsy!" Nicole said angrily.

The other party immediately laughed. "You finally know that she has cerebral palsy?"

"HMPH..." Nicole looked up at the sky, pouting. She was obviously not very happy. She did not want to say bad things about her big sister behind her back, but who asked her to make her parents so sad?

Guo Xiaoyun looked at the angry Nicole and smiled slightly. He did not say anything, and then looked at Mira.

Mira tensed up and asked nervously, "Um... what's the matter?"

"Nothing..." Guo Xiaoyun looked mira up and down with a smile. "I'm just curious why that Guy likes you so much..."

"Ugh?" Mira was stunned. She was confused. Which one was he talking about?

"This is from him to you..." Guo Xiaoyun handed over a beautifully crafted letter... ..

Mira took the letter in bewilderment. After thinking for a moment, she opened it on the spot. After opening it, a familiar image appeared on the letter!

"Little girl, work hard. When your opening ceremony is held, I will go and support you!"

Mira was so scared that she almost threw the letter out!

This guy...

She quickly closed the letter and turned around to see the two girls staring at her.

Mira's face instantly turned red. She stuffed the letter into her bag and said angrily, "What a baffling guy! !!"

The emotions that had already calmed down suddenly became turbulent again... ..

What was going on with that guy? What was a great lord of the gods doing. Inexplicably...

She actually agreed with her mother's words and didn't think that such a person would have any connection with her, but... .. It wasn't her imagination, it was that guy's inexplicable intention to cause trouble... ..

"Oh, oh..." Nicole immediately jeered...

"Oh, my ass!" Mira couldn't help but Pat Nicole. "You're still young, but you didn't learn well. Oh, what?"

"I didn't say anything..." Nicole felt wronged.

Mira looked at the other guy with a faint smile, but she didn't dare to attack him. She could only endure the shame and anger in her heart. "Well... aren't you leaving yet? I remember that the flight to the glorious amethyst star is going to be late, right?"

"We're not going to the glorious amethyst star..." Guo Xiao Yun said indifferently.

"Eh?" Mira was surprised. "What? Then... then where are we going?"

"Nomorokan!"

Chapter 1563: intention to form an alliance...

"Nomorrigan?"

Mira was stunned. She asked, "Why there?"

Didn't she say that she would follow a master teacher of the Blue Spirit Academy to the Glorious Amethyst Star? If she followed such a master of the mind along the way, she might even have a chance to get some psychological treatment.

This was also the reason why his parents were willing to let him come back. If he could get some benefits, it would be helpful for his daughter to enter the academy later.

However, he didn't expect that he would change his trip immediately!

"The opening ceremony of the Bronze Academy is Coming Up..." Guo Xiaoyun answered seriously.

Nicole was playing the role of soy sauce, while Mira said with a strange expression, "Then... What does it have to do with us?"

"Nothing..." Guo Xiaoyun looked at her and said, "I'm just explaining what will happen there. You have to be prepared when you follow us there..."

“No...” Mira was stunned. She felt like she had been kidnapped? She couldn’t help but ask, “Are you going to take me with You When You Change Your Schedule?”

“I’m going to bring your...”

A gentle voice suddenly came from not far away. The voice was gentle and sweet, and it was as if it came from his own heart. It made people feel natural, but at the same time, it was very easy to accept this unfamiliar voice.

Mila immediately looked over and saw an individual with a faint blue light all over his body...

Upon closer inspection, one would discover that this was a small and exquisite mecha. Generally, those who brought this kind of blurred mecha were all high-level spiritual lifeforms because they had to protect their fragile bodies...

“You Are... Senior Billy?” Asked Mila carefully.

The other nodded slightly. Through the mech, he emitted a warm kindness that instantly smoothed out the fear and nervousness in Mila’s heart.

Was this... The Master of the mind?

Mila took a deep breath, but she couldn’t help but ask, “Excuse me, senior, you suddenly have something to do. Why did you bring me along?”

“Oh...”. Billy said gently, “The Seer Lord has ordered a batch of armor for the younger generation of your Eldia family in nomorrigan. You can go back now and pick them up with us. Then, you will be teleported back to the glorious amethyst star.” “...”

“Armor Training?”

Mira took a deep breath!

Armor training was a high-end alchemy equipment. It was mainly used to train the body of ordinary living beings. The armor would be used to carry the weight of the muscles according to the structure of your body and the training methods, it would strengthen the quality of your training. High-level armor training could also promote the circulation of certain parts of the body. When it was time to relax, it would relax completely. When it was time to train, it would focus on heat training. This would allow the training effect to be doubled with half the effort, it was a very fine alchemical armor. It was usually something that only high-level nobles could afford.

And normorrigan was a top-notch forging place. Together with the mysterious star and the land of the secret clan in the Middle Star Field, it was one of the three great forging places in the Federation.

The alchemy equipment ordered from these three places was at least at the level of high-quality alchemy equipment!

High-quality armors were worth a lot of money. Moreover, they were forged in nomorrigan, so they were of exceptionally high quality and high price!

Ordering a batch... was his cousin that rich?

“Senior Billy and cousin Seer know each other?” Mira was more concerned about this. After all, the other party was a mentor of the Blue Spirit Academy. How did cousin seer come into contact with him?

“Mm...” billy replied gently, “Some business contacts are close friends...”

Friends...

Mira was speechless for a moment. However, her ability to accept things now was much stronger than before. After all, for that mysterious cousin of his to be treated so well in teldrassir, it seemed that he was able to get to know a teacher of the blue spirit planet... .. It wasn't that impossible... ..

“Then I'll have to trouble you, senior...” Mira bowed respectfully.

Billy: “I've already registered you for teleportation. Wait in the waiting room for a moment...”

“Yes, Senior...”

When the few of them walked towards the waiting room, Nicole, who had been acting like a bystander, finally spoke. “Did the mentor go all the way to Normorrigan just to help my brother Get Something? Are you guys that close?”

She remembered that a star-level powerhouse like her teacher would pay a lot for a teleportation, right?

“We are close...” Billy knocked on Nicole's head. “But teacher has something important to do over there...”

“Something important?” Nicole hugged her head, feeling wronged. Why did everyone like knocking on her head?

“I'm attending an alliance meeting...” Billy Smiled. “It's mainly against the powerful crown prince of the Star Elves...”

“Oh...” Nicole immediately nodded. She had also heard that this year was the year of the Crown Prince, and the Crown Prince of the star elves this time was especially awesome.

“But... What does it have to do with our Blue Spirit Academy?”

“Silly girl...” Billy clearly liked this kid Nicole, his tone was a little intimate, and he even scratched her nose with his hand, he smiled gently and said, “All the previous years of the Crown Prince will have an alliance. They will either form an alliance with a certain royal family or form an alliance with some high-level academies. Otherwise, once they are isolated, it will be very easy for them to be targeted and eliminated...”

“After all, the Crown Prince's year is a good opportunity for those royal affiliated academies to rise in rank. And those academies that can't compete with the Crown Prince will also choose to be affiliated in order to stabilize their rankings...”

“Ah... so that's how it is...” Nicole suddenly came to a realization, and Mira listened with great interest. After all, she was going to university in the future, and she was very interested in the interstellar fellowship that was held once every ten years.

“So our academy is going to join the bronze academy in Normorrigan this time?”

“Not necessarily...” Billy shook his head and smiled. “This year, our academy might not necessarily be afraid of the crown prince...” as he said that, he glanced at Guo Xiaoyun faintly.

Guo Xiaoyun lowered her head and didn't say anything. In her heart, she was still somewhat interested in those so-called crown princes. After all, these people seemed to represent the highest level of talent in the Federation!

“This year, we might choose to team up with other universities. This time, we will go to Normorrigan first to see the sincerity and attitude of the bronze academy. Secondly, we will find another way!”

“What Way?” Nicole asked curiously.

“Find a more reliable university alliance to team up with...” Billy smiled and said, “I heard that a big shot will go to Normorrigan this time. Maybe she will organize an alliance...”

“Uh... who is it?” Nicole's interest was immediately piqued.

“Teacher said...” Guo Xiaoyun finally opened his mouth and said, “Is it Sir Sylvanas?”

Hearing this, both Nicole and Mira were stunned, and then they became excited. Would they be able to see this legendary figure again this time?

“Yes...” Billy looked at this guy who was so smart that he didn't match his age, and he sighed in his heart.

To be honest, even if they weren't in an alliance, she didn't think that there would be a big problem with the alliance between the Indigo Spirit Academy and the Indigo Spirit Academy. Among those evil aborigines, the one in front of her... . . . Should be the most stable. ...

But speaking of evil... That Lord Sylvanas seemed to have one under him as well... ...

Chapter 1564 Wang Goudan in the eyes of the big shots...

Nomorrigan was very lively this time. It was even more lively than Tedar Hill. This was because compared to the arrogant space elves, the bronze race was more practical and had invited many academies that were interested in the alliance.

Among them, four of the top ten Academies had come: Red Lotus Academy, which was also part of the royal family, Southern Star Field's famous Spirit Department Academy: Blue Spirit Academy, Southern Star Field's number one mecha academy: Spirit Mecha Academy, and Northern Star Field's number one high school: Tyree Fassion Academy!

And this time, not only did the bronze race invite the Northern Star Field Academy, which had never allied with other star fields before, but the representative of the Academy was also the number one heavyweight figure: the Fourth Overlord, Lord Sylvanas!

With such an important figure personally coming, even if many races in the eastern star field did not really like the undead, even if the bronze race had always been arrogant, the entire royal family had no choice but to show the most grand attitude when facing such a figure.

The previous Bronze Emperor: Mani. Copper Beard, and the guardian deity overlord of the bronze race: Muladin. Copper Beard had also personally come to the teleportation formation to welcome them!

The Red Lotus race was the first to arrive as bystanders.

At this moment, in the vast crowd, the crown prince of the Red Lotus race, His Highness the Underworld, and the two sword sect members were standing on the left side of the VIP seats, quietly waiting for the arrival of that important figure!

“What a Grand Show!”

Beside His Highness the dead, a red-haired girl was looking around excitedly. It was the girl from the Red Lotus clan who had witnessed the battle between Seer and Elder Night Demon on the black mineral star.

“Of course...” His Highness the dead looked around curiously and said with a smile, “Don’t you want to see who the big shot is?”

The bronze race was not small. The military drill team that was sent to welcome them was the bronze Royal’s Ace Army. Each of them was wearing the best arcana equipment, and their aura was like a rainbow, just standing there was like a steel wall that could cut off the flow of the universe!

“Your Highness, is that Lord Muladin?” The red-haired girl asked curiously.

“Well...” His Highness the underworld also nodded excitedly. Although he was the crown prince, she still respected such a top figure in the universe!

Muradin. Copper Beard, who was said to be the existence closest to the ten great lords, was also secretly called the eleven lords, also known as the Storm Lords!

His fame was illustrious. He had an extremely strong performance in both the Void Gate and the War of natural disasters. He was the only guardian god of the bronze race that remained unchanged for hundreds of millions of eras, his status within the bronze race was comparable to that of Iluweta among the elves!

“Is the guy next to Lord Muradin the Crown Prince of the current generation of the bronze race, Kurdistan?”

“Yes...” His Highness the underworld looked at that person with a serious look in his eyes.

Kurdistan Wildhammer, the Crown Prince of the current generation of the bronze race. It was said that he was an abnormal genius who had no rivals among his peers since he was young. He had inherited the hammer of storm from the first generation of the bronze emperor and was personally taught by the Guardian God, Lord Muradin!

This was extremely rare in the history of the entire bronze race. After all, as the Guardian God, it was rare for a master and disciple to interact with a bronze emperor who could only live for one era. And it was said that this was the reason..., it was because Kudran’s aptitude was infinitely close to that of the first generation of the bronze emperor!

As for the first generation of the bronze emperor, he had the bloodline of an ancient demigod and had a record of living for an era. In the end, he died not because of his lifespan but because of the first incident at the Void Gate!

His Highness the Nether King had wanted to fight with this person a long time ago!

Compared to Tyrande, the priestess who was praised to the skies by the starry elves, she was more interested in Kudran, the crown prince who was born as a warrior. After all, the Red Lotus clan loved martial arts, and they were not interested in magical elements.

The other party seemed to have sensed his highness the nether king's gaze and looked over slightly. Their gazes met in the air, causing faint ripples!

"Oh?" Kudran grinned slightly and smiled at the red-haired woman who dared to look at him directly.

"This woman is quite beautiful. Is she the crown prince of the Red Lotus Clan?" A burly bronze dwarf beside him laughed.

"Heh..." Kudran smiled. "I'm not interested in beautiful women. Those space elves are so beautiful, but they're all soft and weak. This woman is different. She's something!"

"Don't underestimate your opponent!" At this moment, a deep voice came from the side. "That girl from the Red Lotus tribe is not inferior to you in terms of talent. If we really fight, you might not be a match for her..."

Kudran looked over and realized that the person who spoke was his imperial father, the Bronze Emperor: Mani. Bronze Beard!

When the bronze emperor spoke, the juniors immediately became obedient and quickly lowered their heads. Only Kudran, who did not seem to be afraid of his imperial father, said nonchalantly, "I don't believe it. We'll find out when we fight her later!"

The bronze emperor frowned when he heard that. He was a more stable character and did not like these domineering words. However, before he could scold them, a sharp laughter came from the side.

"Ji Ji! !"

The sound was as ear-piercing as the friction of metal, causing the juniors to quickly cover their ears. The seniors quickly looked over because the one who laughed was the Guardian Temple: Muradin!

"Well said!" Muradin laughed strangely. "We'll know if such a powerful woman is real after fighting her!"

Kudran, who had received recognition, laughed even more proudly.

Minnie immediately looked at the other party helplessly. "Senior..."

It was a good thing that the guardian Lord valued Kudran, but he felt that it was too indulgent, resulting in Kudran's arrogant personality. However, the guardian Lord did not seem to care about it. According to him, how vast was the world. He would only know that it was not a bad thing to hit his head until it was bleeding. He was afraid that he would not even have the courage to hit his head. That would be meaningless... ..

The Steady Mani did not approve of this kind of education method. However, he had no choice. Although he was the emperor, he had no choice when facing this senior... ..

Just as he was feeling helpless, a huge black light descended from the sky. The entire place immediately felt a cold and gloomy aura. Mani looked over and narrowed his eyes solemnly. "It's coming..."

"Ji Ji..." Muradin was a little excited. "I haven't seen this woman for a long time. I have to fight with her later!"

"Eh? Master fought with Sylvanas?" Kudran asked excitedly.

"Of course!" Muradin chuckled. "Every time we meet, we will have a fight!"

"What about the result?"

"We didn't win once!" Muradin said proudly!

Everyone: "..."

What was there to be proud of?

"So Powerful!" Kudran was even more excited!

"Otherwise, why can't I even get into the top ten as the fourth overlord?" Muradin said matter-of-factly.

Hearing that, everyone was even more speechless. You still want to pick a fight?

While they were speechless, the black light in the sky slowly disappeared, and the main character of this welcome finally appeared in front of them!

The leader was Lord Sylvanas, who was dressed in a black robe. Beside her was the number one lich and the number one undead Knight of the Northern Star Field: Sauron...

Other than the famous big shots, there were also a few juniors following behind!

Everyone had long expected this lineup. After all, they were talking about the Academy Alliance. Every Academy that came to the alliance would naturally bring a few juniors who were qualified to negotiate...

...

"Brother... who are those?"

On the side of the Red Lotus race, the red-haired girl curiously sized up the juniors who followed behind the Queen.

"The dark horse who took the lead last time in the interstellar fellowship: Demon Star!" His Highness the Underworld replied in a low voice, "I heard that he single-handedly defeated the top five ace players of the starry royal family in the last fellowship. The eldest senior brother of our Red Lotus race, Bogan, lost to him last time!"

"It's him!" The red-haired girl looked curiously at the pale-skinned guy. It was said that this guy was a black elf mutant. He was despised by his family and had chosen the Northern Star Field's tiryfas academy. He wasn't fond of his fellow elves, this was also the reason why he deliberately targeted the people from the Starry Sky Academy last time.

Mo zibing, who was ranked second only to the Federation Academy, was the undisputed ace player of the Tiryfas Academy!

“The second person to walk in is Kenzi from the Tamu clan. He’s also a weird clan that’s not welcomed by the federation. He’s a vicious character. It’s said that he swallowed a total of 700 people during the last social gathering. When the social gathering ended, he vomited them out, causing a lot of human flesh to melt into a ball. The scene was extremely frightening. Although he didn’t cause any deaths, he was still warned by the federation. He’s a notorious figure...”. “...”. “...”

“Ah...”the red-haired girl became more and more interested. Just as she was about to ask about the third silver-haired man, a guy in the Queen’s team suddenly caught her attention.

At first, she didn’t realize that there was actually a chubby character following behind the Queen’s Black Robe... ..

He was short, and he swayed as he walked. A chubby hand was tightly tugging at Sylvanas’robe. According to the situation, this shouldn’t be appropriate, but Sylvanas seemed to dote on that guy.., she just let her hold him like that.

“Who is that guy?”The red-haired girl asked curiously.

Hearing this, His Highness the underworld was also puzzled. He shook his head and said, “This... I’ve never heard of him...”

Theoretically speaking, even a top student of Tiriverson shouldn’t be able to get in touch with a person like Sylvanas. Just like his guardian, even if he was the crown prince, he rarely saw her, not to mention someone like the ten great lords.

But this little girl was able to pull that Lord so intimately, her background wasn’t simple... ..

“Eh?”

Just as His Highness the dead was curious, Lord Jian, the sword sect guard behind him, suddenly let out a soft sound of suspicion... ..

“What’s wrong, Master?”His Highness the dead asked curiously.

“That girl... her pupils feel... a little like...”Lord Jian rubbed his chin, a trace of doubt flashed across his handsome face, as if he was not sure about something...

His Highness the underworld was even more curious after hearing that. It was really rare for his master to show such doubt. Could that girl really have some background?

On the other side, Muradin also said with some doubts, “Interesting. Sylvanas, where did you get this kind of guy?”

“Eh?”Kudran was also interested and asked curiously, “Master, are you talking about the girl next to the Queen? Her eyes are quite interesting. I don’t think I’ve seen her before...”

“Of course you haven’t seen her before...”. “...”. Muradin chuckled and said, “Not many people here have seen that thing before, Heh...”. “...”. The Black Dragon clan was still such a pure-blooded

descendant. This kind of dragon cub was probably not born by that old fellow, the Black Dragon Emperor, right? Where did this woman come from?"

Everyone:"!!!"

Chapter 1565 the look of someone eating someone...

Is that... a dog egg?

In the crowd, Feng Doudou, who had come to join in the fun, looked curiously at the little guy beside Sylvanas. His expression became a little confused... ..

How long has it been? How Did It become a meatball? ! It was even fatter than cabbage!

No... ! ... It couldn't even be compared. Although cabbage had overeated and become a little round, its outline hadn't changed. At most, it was only baby fat, unlike the one in front of her, which had turned into a meatball!

If it wasn't for the fact that the outline was still vaguely familiar, she wouldn't have been able to recognize it...

Feng Doudou looked at Alice beside him. The two of them looked at each other and could tell that they were speechless. However, the two of them didn't say anything. Before they came, Ysera had warned them not to give themselves away in front of high-level characters, in this scene, there were several characters at the peak of the universe. Even if they used Ysera's channel to send a voice transmission, they would still be at great risk of being exposed.

Hence, even though he was curious about how Wang Goudan had become like this, he held back his curiosity and didn't say anything. He could only suppress it in his heart... ..

"Mani greets the Lord! !"

As Sylvanas walked in and out of the teleportation halo, the Bronze Emperor Mani hurriedly led the team to welcome them. He crossed his arms and performed the bronze race's unique junior ceremony.

There were only a few in the universe who could afford to receive such a great gift from the Emperor of a race, but this existence before him was definitely worthy of it... ..

"Greetings, bronze emperor..." Sylvanas did not show any arrogance in the face of such a great gift. She returned the greeting with a windwalker's greeting.

Mani was flattered and quickly returned the greeting in fear...

He had long heard that Queen XI was the most humble of the ten great feudal lords in terms of diplomacy. Now, it seemed that she was not lying. If it was not for the fact that her identity as an undead was not recognized by most conservative forces... Perhaps the development of the Northern Star region under the leadership of this feudal lord would not be inferior to that of the other star regions...

“Long time no see, Windwalker!”

Compared to Minny, Muladin, who was beside him, appeared to be very carefree, he looked directly at the other party with his bright eyes. “It has been at least a hundred eras since the last fight, right? I heard that you’re coming, so I picked a good place to have a good fight later...”

Everyone:”...”

“Lord Muladin...”Mani couldn’t help but sigh. “The Lord is here for Business...”

“What business?”Muladin glared at the other party. “Isn’t it just some nonsense that you guys have been messing around with? A few kids are already making it so official. If it wasn’t for this woman, I wouldn’t even bother coming over!”

Everyone:”...”

The vulgar tone made many people’s faces twitch, especially when they directly addressed Queen XI as a woman, which made Mani’s eyelids twitch. Just as he was about to apologize, Queen XI raised her hand slightly and smiled. “No worries...”

“It’s rare for senior Muladin to be interested. Just let him be later...”

“This...”Mani hesitated... ..

“This fart!”Muladin slapped Mani, almost knocking him to the ground. He walked up to Sylvanas and said, “You’re so straightforward, Hehe, alright, let’s have a good fight later!”

The bronze royals behind Mani were speechless. Out of the five royals, they were probably the only ones who didn’t give the Royals face. However, the old man’s personality was known throughout the universe, so it wasn’t too embarrassing... ..

Manny, who had been beaten up, had a bitter smile on his face, but he didn’t say anything. He could only smile apologetically at Empress Xi...

Actually, he was just putting on an act and didn’t really want to stop them. After all, these two were giants. who could stop them if they insisted on fighting?

Moreover... .. It was a rare opportunity to see such figures. If he missed this chance in his life, he might not be able to see it in the future... .. In fact, his heart... .. Was filled with anticipation... ..

Many people around had the same thought and became excited... ..

Just as the atmosphere became somewhat inexplicable, the short man next to Queen XI suddenly sat down on the ground with a thud. He lowered his head and lowered it... ..

Everyone was stunned. The few juniors behind Queen Xi rolled their eyes at the sky. It was obviously not the first time they had seen such a situation... ..

“This child...”Empress XI chuckled and gently picked up the little meatball. Her movements were light, as if she was her own child, causing the surrounding people to be stunned again.

It was rare to see someone of such a level treat a junior so specially... ..

"I say, Windwalker..." Muladin was the first to speak out of curiosity. "Where did you get this thing? Did you steal Old Black Emperor's newborn child?"

Old Black Emperor?

The surrounding people were stunned. Clearly, they did not know who Muradin was referring to. However, Mister Jian of the Red Lotus clan reacted immediately. He said in a low voice, "It really is the Black Dragon Clan!"

His Highness the underworld was stunned when he heard this. The Black Dragon Clan?

As the crown prince, he had naturally heard of this famous clan. They were the leader of the ancient Pentashade Dragon clan and one of the existences that could not be provoked in the ancient lands. It was said that they were on the verge of extinction and had not given birth to a junior for many years... ..

That short, fat little fellow... was actually from the Black Dragon Race?

"The old black emperor could not bear such a cute child like me..." Empress Xi smiled slightly and gently smoothed Dogball's messy hair. Dogball arched his nose and a faint smoke rose from his nostrils... ..

A puff of light smoke that was so pure that it caused the expressions of several high-level powerhouses who were standing close to it to change slightly!

Such a junior actually had such pure energy?

"Flame of Destruction?" Muladin, who had always been careless, was stunned, and his bell-sized eyes narrowed slightly. "Windwalker, did you really not steal this thing?"

The Black Dragon Clan had not had any descendants for many years, and this kind of direct descendant with the flame of destruction would probably be treated as a treasure. If Queen Xi really dared to touch her child, the old Black Emperor would probably go crazy... ..

"How can I be that bored?" Sylvanas smiled and looked at Mani. "Please prepare a quiet room. This child is more lethargic..."

"Alright, Alright..." Mani hurriedly replied upon hearing this.

Muladin curiously leaned over and stretched out his hand, wanting to carry her over. "Let me take a closer look..."

However, the moment he reached out, the little fellow, who had been sleeping soundly, suddenly opened his eyes and glared at Muradin, who was reaching out to her!

In his black pupils, which were filled with wisps of flames, an extremely primitive savagery assaulted his face. At that instant, the crowd that was facing the little fellow could feel the savagery hidden within this small body that came from the ancient times!

Muladin was slightly stunned. He did not know how many years had passed since he had encountered such a pure savageness. This was because at his level, even if it was a ferocious species in the universe..., he would be as obedient as a little sheep when he saw him. This was the first time he had seen such a small doll look at him as if he wanted to eat people!

Chapter 1566 want to provoke that little black dragon?

Perhaps many people would be afraid of this kind of gaze, but Muradin wasn't. For a person who loved to fight, it was truly boring to see gentle gazes everywhere...

But he had never thought that such a gaze would come from such a small fellow... ..

Muradin's eyes widened. Just as he was about to take a closer look at this scene that he hadn't seen for hundreds of millions of eras, a fair palm gently covered that ominous light... ..

"Shhh..." Sylvanas covered the little guy's eyes and whispered softly into his ear. Her movements were extremely gentle, and her arms swayed gently like a cradle. It was as if she was comforting an awakened baby. ...

But just now... ..! Anyone who saw the little guy's eyes would know that he was definitely not a harmless baby!

Following Empress Xi's pacification, Doggie's eyes blurred again. He pursed his lips and slowly closed his eyes...

Seeing the little guy close his eyes again, Empress XI smiled slightly and looked at the stunned Mani with an apologetic look. "I'm really sorry, the little kid is a little shy..."

The corner of Mani's mouth twitched slightly. Did that mean he was shy?

To be honest, he even thought that the kid would dare to directly attack Muradin!

Although it sounded a bit ridiculous, but just now... .. He was not the only one who had this feeling... ..

"Please lead the way..." Sylvanas smiled and said, "Take care of these kids first..."

"Oh... Okay, okay..." Mani quickly said, "Senior, please follow me..."

The group of people finally came to their senses and made way. Queen XI gently held the little guy and was about to leave when Muradin, who had been silent all this time, finally spoke.

"Windwalker..."

"HMM?" Queen XI smiled at him.

"This doll... Where did you get it?"

"Well..." Queen XI smiled slightly. "Maybe I was bored and stole it from Old Black Emperor?"

Muradin narrowed his eyes and shook his head. "You were right. Old Black Emperor can't give birth to such a descendant!"

The current dragon race... No longer had that wild nature... ..

"Is that right?" Queen XI carefully stroked the little guy's hair. She didn't reply, but carried the little guy and followed Minny's team... ..

Muladin stood there, recalling the look in his eyes. He didn't say anything for a long time...

..

"What's wrong with that dog egg?"

The team followed the queen all the way to the palace of the Bronze Royals. Most of the students who came to join in the fun had left far away. Feng Doudou, who had come to join in the fun, had no choice but to leave with the crowd, they walked towards their own dormitory.

On the way back, they couldn't help but complain to Alice beside them, "Why are you so fat?"

"What's so strange about that?" Alice walked beside them, she said lightly, "Recently, Queen XI has been visiting the old big families in the East Star Field. With her status, the reception of the banquet will definitely not be small. Wang Goudan has always been a glutton. Recently, he has been attending the banquet with that Lord, so he must have eaten a lot of high-grade ingredients. Her body has never eaten those high-grade ingredients before, so it's inevitable for her to overeat. During the period when Queen XI was visiting, she probably didn't have time to prepare the corresponding training for her body, so the energy of the ingredients naturally accumulated into fat...". "...". "..."

"Oh..." Feng Doudou nodded. She understood a little. After all, when she first came to the bronze academy, she almost couldn't resist the high-grade ingredients in the cafeteria. If it weren't for the strict restrictions set by the professional instructors, she would probably be about the same as doggie now...

"That Queen... seems to like doggie..." Feng Doudou said with a smile.

Alice looked at her and said faintly, "You guys... I don't think there are many big shots who don't like them..."

"Is that so?" Feng Doudou looked at the sky and thought of his teacher's care for him and the way she treated him like a treasure. He nodded in understanding. "Seems like it..."

So... Andrew wasn't lying?

Alice narrowed her eyes, recalling some of the words Andrew had left her...

"Master..."

In the depths of the bronze academy, the Prince of the dead, who was returning with Mr. Jane after watching the show, was obviously curious about today's situation. He could not help but ask, "I remember that the book said that the pentashade dragons have not had a purebred descendant for a long time."

The pentashade dragons had an almost unlimited lifespan. In addition to the uniqueness of the ancient lands, as long as the surviving dragons slept peacefully, there was no risk of them turning into stars... .. Basically, it could be considered eternal life in the true sense of the word.

But the price was also very simple. The existence of their race was very difficult to continue... ..

It was said that these dragons spent a lot of effort in order to reproduce. They would often sneak out of the ancient lands and sow seeds everywhere in the universe. The genes of the dragons were strong, and they would often give birth to some strange species., it also led to the strange hybrid species of the dragon genes that would be left behind on the indigenous planets in the universe.

However, pure-blooded... .. It had not been born for hundreds of millions of eras. It was said that the youngest pentashade dragon descendant could be traced back to the age of the great elves... ..

In the face of the doubts of the junior, Jian nodded slightly. "That's what the book said. I haven't seen it in my long life..."

"Then what's today? An accident?" His Highness the underworld smiled curiously. "Or could it be some alchemy lifeform? Isn't the biological alchemy of the Northern Star Field the best in the Universe?"

"Alchemy Lifeform?" Mr. Jian touched his chin and recalled the scene just now... ..

He had seen it clearly. That little guy looked at senior Muradin with a fierce look in his eyes... ..

How could a synthetic lifeform have such a wild nature?

As a sword cultivator, he did not know much about alchemy, but after living for a long time, he at least knew some common sense. An alchemical lifeform respected life instincts the most. Facing a lifeform at the level of Muradin... Most sensitive alchemical lifeforms would be as obedient as a kitten. It should be said that normal lifeforms would be as obedient as a kitten. Even if their heads were wrung off by Muradin, they would not struggle at all... ..

It was a type of submission that came from the instinct of life when faced with dimensional strength. It was not something that could be dealt with by willpower. At the very least, it was not something that could be dealt with by the willpower of such a young child. It was even more impossible for an alchemical lifeform that followed the life formula... ..

The only possibility was that it came from the most primitive pride in one's genes!

"Eh?" While Mister Jian was wondering, Highness Ming gasped and looked forward. "What are those guys... doing?"

Mister Jian raised his head and saw a few bronze race juniors. They were very careful and wore a silver-gray cloak. They turned into a transparent stream of water and entered the barrier of the palace next door... ..

"Radiant Moon?" Mister Jian narrowed his eyes. "These young members really dare to act recklessly..."

"Radiant Moon?" Her Highness the underworld was immediately interested. She had heard that it was one of the four major alchemy items of the bronze race. The Radiant Moon Cloak had the magical effect of traveling through the barrier and could almost ignore most of the complicated barriers, it was one of the top-tier alchemy products that the bronze race didn't sell to the public!

"The leader is the first Prince of the bronze royal family, Meng Xiu, and the one following behind him... If I'm not mistaken, Kudran seems to be inside as well..." Her Highness the underworld said curiously, "What are they doing sneaking around like this?"

“Didn’t you see who the Sleeping Palace next door was prepared for?” Mr. Jian laughed.

“Next door?” Her Highness the underworld suddenly realized that this seemed to be a private sleeping palace prepared for Queen Xi’s forces... ..

They had the guts to defy the heavens? They dared to provoke such a thing?

No... .. His Highness the underworld suddenly realized that the ceremony to welcome Queen Xi was not over yet. The queen and her people should not have gone to bed yet. Why were they sneaking into an empty palace?

No... it was not an empty palace...

His Highness the Underworld’s pupils constricted. He suddenly realized that there were people in the bedroom now... ..

“They want to mess with that little black dragon?”

Chapter 1567: they know we’re here!

“Um... do we really have to do this?”

The burly dwarves in cloaks all had extraordinary backgrounds. The eldest son of the current generation of the bronze royal family, Rother, was at the front. Copper Beard, followed by the current generation’s crown prince, Kudran. Copper Beard.

The two brothers were both born in the copper beard family, and they had the same mother, so they were very close. Therefore, even though the second prince took the crown prince’s position, the two brothers were still very close.

It was said that after finding out about his brother’s talent, Luo Se had chosen the path of Holy Light. He planned to take the path of the commander of the Holy Light Knights in the bronze palace. He had given up the path of the storm warriors without any hesitation.

It had to be said that the copper-beard family had excellent rules. In the past, it was rare for brothers to fight each other for power.

And behind them were two dark-skinned warriors who looked like they were made of bronze. They were the other great warrior family of the bronze family, the Haig family!

The one who spoke was the only woman among the four. She was wearing the priest robe of the Holy Light under the Radiant Moon Cloak. Apparently, she was a holy light priest... ..

The holy light cult was the only cult that the bronze family believed in. It was also one of the larger divine sects in the universe. The Holy Light Hall in the Bronze Academy was known as the largest branch of the Holy Light Church in the East Star area, its position was only as high as the main church in the Holy Light Academy in the West Star area.

“Look at you...” another weapon warrior of the Haig family turned around to look at the woman. He chuckled. “Aren’t you usually very powerful? Why didn’t you hesitate to fight me?”

“Shut up!” The woman glared at her brother. “Why should I hesitate to teach you a lesson? Is it the same here?”

As she spoke, she looked at Lothar and her tone instantly became gentle. “Big Brother Lothar, this is the bedroom hall that the elders have specially prepared for that Lord. If we do this, we might offend that Lord...”

“This...” Lothar, who was walking at the front, had a resolute expression. His facial features were 70% similar to Kudran’s, but he looked more stable and solid. In fact, his personality was the same as well. Among the younger generation, he was the one who was most recognized by the elders. Basically, the position of the next commander of the Holy Light Army had already been reserved for him... ..

And among the nine legions of the bronze clan, the Sacred Light Army was also known as the Royal Guards. Their seniority and ranking were first!

Rother turned to look at his younger brother, he said somewhat helplessly, “Kudran, Barry is right. That Lord has a special status. Even the guardian Lord can not afford to offend him. If we cause trouble for the elders like this, I’m afraid we won’t be able to answer for it...”

“Boss, are you that cowardly?” Kudran waved his hand impatiently. “What are you afraid of? No matter how powerful your background is, you still have to follow the rules. As long as we don’t go overboard, how can our elders stand up for us?”

“But why do you have to provoke that guy?” The woman named Barry looked at Kudran with dissatisfaction. “He’s our guest, and that’s why he came to us first. Just because he fell asleep in public, you want to cause trouble for him?”

“What do you know!” Kudran rolled his eyes at each other. “Don’t you see how the elders look like they’ve seen something amazing? What’s wrong with me seeing it? It is said that the pure-blooded descendant of the Pentashade Dragon Clan, missed this time after may not have the opportunity to meet it... ..”

“Cheh... how can it be pure blood...” Barry curled his lips and said, “The will of the universe can not be disobeyed. If there were pure blood descendants from ancient times, how would there be the matters of our five royal families? Most likely, it would only be close to pure blood...”

“It’s good to be close... .” Kudran grinned. “At least it’s fun, isn’t it? The look of the elders, not pure blood, at least is close, a close ancient pentashade descendants, you are not curious... . What level is this guy at?”

“UH...”

To tell the truth, Kudran’s seductive words were not wise, but they were effective. The Dwarves of the bronze race were warmongers, and they were not to be provoked, even by the staid eldest son, like Lothar. Deep in their hearts, they were more or less tempted... ..

“Enough is enough...”after hesitating for a few seconds, Rother warned in a low voice, “Don’t overdo it, if you accidentally hurt the other party, you must immediately stop and apologize, do you hear me?”

“I understand, I understand! !”After getting the agreement, Kudran immediately licked his tongue excitedly!

Rother sighed and followed behind, looking at the position of the Sleeping Palace, a hint of anticipation flashed in his eyes.

It was rumored that the most primitive pentashade dragons had the strength of a dragon when they reached adulthood. They could almost rely on their talent to forcefully grow to the level of a star. They were one of the most talented ancient creatures in the universe. It was rumored that after the rise of the Titan Imperial family.., they were all proud of being able to defeat Pentashade Dragons of the same age. The bronze race believed that they had half the bloodline of the ancient Titans. They were obviously very interested in the glory that their ancestors were passionate about.

Kudran was known as the strongest crown prince in recent times. He had received the recognition of the divine weapon of the first bronze emperor, the hammer of storms. He was considered to have inherited the bloodline of the ancient Thunder Titans. Be it the guardian God or the elders of the royal family.., they all had great expectations for him. They hoped that he could break the curse and become a true bronze emperor!

The descendants of the ancient Thunder Titans would inevitably have the desire to fight when they met this pentashade dragon that was close to pure blood. In fact, Kudran also wanted to know how much they were inferior to the true descendants of the ancient Titans... Just how much was the difference...

Just like that, the few of them used the top-grade alchemy tool, radiant moon cloak, to pass through the barrier and directly enter from the rear.

Being familiar with the terrain, they quickly found the little guy’s temporary residence.

Sylvanas told them that the little guy hated strange auras when it was hibernating, so the guards were very far away. This allowed Kudran’s group to sneak in extremely smoothly!

If it was a personal guard, they had to think of another way...

The Sleeping Chamber was big, but they heard the exaggerated snoring as soon as they came in...

“It’s awful...”Barry curled his lips first. “It’s really a wild beast. Its voice is no different from those wild beasts?”

“It’s good that it’s a wild beast!”Kudran rubbed his hands excitedly. “I just hope that her fighting ability can meet the standard of a wild beast. It would be boring if she’s a house cat...”

“You don’t know that...”another man from the Haig family smiled. “Look at that man being pampered by that Lord today. You’d better not have high hopes. Maybe he’s being raised by a house cat...”

“Tsk... if that’s the case, we should consider it a wasted trip...”Kudran curled his lips, however, there was a hint of worry in the depths of his heart. After all, he might have been coddled to the point of falling asleep after taking a few steps during the day.

It would be meaningless if his bloodline was pure and didn't have any combat strength...

"Shh..." Lothar, who was walking at the front, suddenly hissed softly, "The snoring sound is gone..."

Barry was stunned for a moment, but he immediately noticed that the unpleasant snoring sound had disappeared without a trace. The entire sleeping palace suddenly became extremely quiet... ..

For some reason, an inexplicable sense of unease welled up in his heart...

Barry shook his head and took a deep breath. In order to hide the inexplicable panic in his heart, he smiled and said, "So what if it's gone? What's there to be nervous about?"

"No..." Lothar said in a low voice, "Not only did the snoring sound disappear, the normal breathing sound also disappeared... she knows we're here!"

Chapter 1568 Come! !

She... knows that we're here!

These words stunned Barry and her brother behind her. Their first reaction was incredulous... ..

The Radiant Moon alchemy equipment was mainly used to avoid formations and barriers. Although it wasn't a mainstream concealment equipment, it had a good concealment effect. And they were all outstanding members of the Royal Family, when they came, in order to not attract the attention of the guards, they had paid great attention to their footsteps and breathing. It was almost completely in accordance with the surrounding air.

Just now, they had also used voice transmissions to talk to each other. In this situation, even if they were separated by a palace, the Rangers of the big families might not be able to detect their arrival at this moment?

The other party was actually able to detect their arrival?

And in a sleeping state?

Barry narrowed his eyes and sent a voice transmission. "Could it be that he just happened to wake up?"

Kudran, who was in front of them, shook his head slightly. The usually arrogant Kudran had a grave expression on his face at this moment. He hissed and listened carefully to something.

Barry was stunned. He did not react in time, but he suddenly remembered something... ..

Yes... .. Not only did that guy's exaggerated snoring disappear, but there was no sound at all!

It was only then that Barry realized why those guys looked so serious. If they had just woken up, without snoring, there should at least be other sounds, right. At the very least, there was the sound of breathing...

But there was nothing. The entire bedroom was frighteningly quiet, as if that snoring guy had disappeared in an instant... ..

Upon realizing this, Barry sucked in a breath of cold air. He immediately looked around vigilantly... ..

“Interesting...” Kudran’s eyes were filled with excitement. “Are dragons that good at stealth? I can’t even sense where she is!”

Barry immediately rolled his eyes at him. There was no need to say such things in public, right?

Rother looked around with a serious expression. As the first born prince, he had faced many experts since he was young. He had even fought with the eldest grandson of the number one assassin family in the East Star area, the Dark Ghost family.

However, even that one didn’t give him such a feeling. That one had gorgeous techniques and superb stealth footwork. Sometimes, you wouldn’t even know when he was close to you, and this one was clearly quite far away from them. However, the group of people felt as if they had stepped into the territory of a wild beast. It was as if they had been noticed by something, but they were completely unable to discover the other party’s whereabouts... ..

To be honest, this feeling was even worse now, because it felt like they were being treated as prey!

“Barry!” Rother frowned slightly. “You stay close to us, and don’t walk to our blind spot. Something’s Not Right... Barry?”

Lothar was surprised as he found that he didn’t see Barry when he turned around!

The other two also reacted. They turned around and found that Barry had disappeared!

“DAMN! What’s going on, Sis?”

The other man of the Haig family was surprised. He was about to move when Kudran grabbed him!

“Don’t move!” Kudran lowered his voice and pointed to the left. “Over there...”

The man was surprised. He followed the man’s finger and saw a guy covered in black scales appear at the other side of the spiral staircase, Barry, who had disappeared just now, was held in Kudran’s hand like a kitten!

“Sis...” the man was enraged, but Kudran held him down!

“Don’t act recklessly...” Kudran said in a low voice, “Your sister is fine, but if you act recklessly, we can’t say for sure...”

The man was taken aback. He immediately forced himself to calm down and look over. He could clearly see that although his sister had been held down by Kudran, her body didn’t seem to have suffered any special injuries... ..

“You... Who Are You?” On the other end of the line, the dragon-scaled Eggface was carrying Barry, and his voice was hoarse as if it was made of metal... ..

“My friend...” Rother took the lead and stepped forward. “Don’t be nervous, we mean you no harm...”

Although both of them had the intention to communicate, their languages were completely different. Eggface subconsciously used Huazhong, while Rother used the elven language of the Eastern Star Field...

...

Eggface tilted his head slightly. Clearly, he did not understand the other party's words.

Rother frowned and immediately said it in the federation's Common Language, but the other party still did not seem to understand it. Moreover, there was a hint of impatience on his face... ..

Goudan was indeed very impatient at this moment. He had been holding back the primitive impulse in his heart to crush them!

Ever since the last time when she was forced to reveal the black dragon bloodline in the Templar clan, Goudan felt that her negative emotions were increasing. There were many times when she felt an inexplicable desire to destroy something when she saw it, especially recently, after eating too much..., too much energy had accumulated, and it made her want to vent even more!

"Speak in human language..."Goudan said coldly... ..

She was chattering so much that she couldn't understand what she was saying...

However, she vaguely heard that it was the common language. Goudan had learned some of the common language, but he hadn't learned all of it. Foreign languages were the most troublesome!

"Barry!"Seeing this, Rother hurriedly said, "Use divine words!"

"..."

The woman named Barry didn't respond. At this moment, her entire body was twitching, and her eyes were blurry. She felt that she couldn't hear anything around her. In the entire world, there was only the black dragon in front of her. In fact, the other party hadn't done anything. But she couldn't feel anything, and she couldn't hear anything... ..

It was as if every cell in her body had given up on thinking, and her basic physiology had become chaotic... ..

'SH * T...'

Rother cursed in his heart when he saw this. It was obvious that Barry's consciousness had already blurred. Out of the four of them, only Barry had learned the divine words technique... ..

"Hey! !"

Just as Rother was feeling anxious, Kudran, who had been observing the other party, walked to the side. He took off his radiant moon cloak, revealing his well-tempered upper body!

With a slight movement, his bones immediately made crackling sounds, and his blood began to circulate. An incomparably powerful qi and blood caused a warm current to rise in the entire stairway!

"What are you doing?"Rother frowned as he looked at his younger brother.

Kudran ignored his elder brother. Instead, he grinned provocatively and gestured at Goudan, "I'm here to fight with you. Let Her Go, we'll fight alone! !"

Kudran pointed at Goudan and then pointed at himself. Finally, he gestured provocatively again!

This guy...

Rother covered his head with a headache. What a mess!

Goudan stared at him in a daze. Although they didn't speak the same language, the other party's gesture was very clear. It was meant to be a one-on-one fight... ..

In an instant, a surge of uncontrollable hot blood surged into his heart, and Goudan's brain exploded with a bang!

The pressure he had been suppressing for days couldn't be suppressed under his opponent's provocation. In just a blink of an eye, the dragon scales on his body expanded. An invisible pressure spread out like a storm!

Rother and the man from the Haig family were caught off guard. They staggered backward, their hearts aghast. This aura!

Kudran was the only one standing steadily on the spot. He was so excited that his face was cramping. Veins bulged all over his body. Apparently, he was extremely excited!

"Is this dragon's might?" Kudran was so excited that his eyes were red. He hooked his finger at Goudan. "Come! !"

Chapter 1569: a stunning performance!

"Master, this way!"

With the help of Mr. Jian, His Highness the underworld followed him into the bedroom next door. At this moment, Ming one had swept away his gloomy mood in the tedar hill and pointed to the bedroom in front of him excitedly, "It should be there!"

Mr. Jian looked at him and shook his head in amusement, "Your Highness, don't let your peers see you like this. It's very embarrassing..."

"Heh... if it's a loss of points, so be it..." His Highness laughed. "This kind of excitement doesn't happen anytime soon. Bronze crown prince versus black dragon descendant. Master, who do you think will win?"

"A normal black dragon with mixed blood shouldn't be able to win against Kudran...". "Even if it's pure blood, it's still very difficult. Kudran is extremely talented, and his bloodline is infinitely close to that of the first bronze emperor. Back then, the first Prince of Teldar Hill couldn't even block a single move from him during an exchange!"

"There's such a Thing?" His Highness the underworld was stunned. "Why haven't I heard of it before?"

“There weren’t many witnesses at that time...” Mr. Jian smiled. “We old guys aren’t people who talk too much. Didn’t you not hear about it from me before?”

“AH... Master, you actually didn’t tell me about such a big gossip. That’s a little too much...” His Highness the underworld’s crimson eyes flashed with a hint of excitement!

“What? Do you want to fight?” Mister Jian looked at her and said, “You have to be mentally prepared. You might not be able to defeat that guy...”

“We’ll know whether we can defeat him or not...” his highness laughed and said, “I’ve improved a lot these few days!”

Mister Jian smiled slightly, but did not refute...

After being stimulated by that little flower spirit, His Highness’ potential had exploded. In just a few days, his sword skills had improved by leaps and bounds, which really surprised him!

It had to be said that his highness was indeed a character that needed to be spurred on. His talent was absolutely outstanding. Now, even if he were to face that guy from the bronze royal family, Mister Jian believed that his disciple would have the strength to fight... ..

“Huh?”

Mister Jian was smiling when he suddenly seemed to have sensed something. He suddenly pulled his highness Ming and said, “Wait!”

“What is it, master?” Ming tilted his head and asked curiously.

Mister Jian narrowed his eyes and looked at the area above the sleeping palace!

His Highness Ming was stunned and looked over as well. He found that there was a place above the metal palace that was burnt red!

“This is...”

Before he could react, there was a boom and the place that was burnt red exploded. Two figures flew out with black and red flames on their bodies!

“Retreat!” Mister Jian pressed on His Highness Ming and instantly turned into a red shadow, catching the two black shadows that flew out!

“Flames of Destruction?” Mister Jian frowned after catching the two figures. The energy in his hand turned into an extremely pure sword qi, cutting off the skin fibers of the two figures!

In an instant, the layer of flames on the two figures covered in flames was peeled off, revealing their bloody bodies, looking extremely terrifying!

His Highness the underworld was stunned as he watched from the side. He did not understand why his master would cut off the skin of these two people. It was obvious that these two people were seriously injured... ..

But in the next second, she understood. The skin that had been cut off fell to the ground. It was still burning with black and red flames, as if it would not go out no matter what!

The terrifying energy carried a terrifying brutality. Just one look was enough to make his highness the Underworld's heart skip a beat. He instantly reacted. If the flames were to burn into the surface, it would be even more difficult to treat!

Who was the one who set the fire? And who were these two?

Puzzled, His Highness Ming carefully looked at the two of them. After carefully identifying them, he finally recognized them through their outlines. "His Highness Luo Se?"

She was very familiar with the first prince of the current generation of the bronze race's Royal Family!

The other party had come to watch the ceremony when she had confirmed the crown prince's ceremony and even sparred with her once in private. The other party's majestic fighting style had left a deep impression on her. At that time, she had won by a very narrow margin, almost half a move... ..

When she came to Nomorrigan this time, she had the intention to spar with the other party again, but she did not expect to see the other party in such a sorry State!

"Your Highness? Are You Alright?" Ming hurriedly went forward and asked with concern... ..

"Nine ribs are broken!" Mr. Jian quickly swept through the injuries. "Seventeen shattered bones throughout the body, one sprain of the meridians, and severe bleeding of the five viscera. We need to find a professional surgeon to operate, but the difficulty of the operation is not particularly high... .."

Said the direct injection of life energy into the other party's body, the other party's five viscera were activated, instantly issued a drum-like sound.

"the other one is less injured, and not much of a problem..." added Mr. Jane. . .

"Good..." His Highness nodded, just want to say something, suddenly fell from the sky dozens of strong momentum, a black steel instantly fell to the ground, so that the entire ground with a shake!

"Who is it?"

After the aura dissipated, dozens of bronze dwarves armed to the teeth appeared in His Highness' eyes. He instantly recognized that they were the Holy Light Army that had welcomed Queen XI earlier!

"Don't worry, Old Bourne, it's me..." Mr. Jian said as he injected energy into the two of them.

"Mr. Jian?" The bronze dwarf who was in the lead was stunned. He waved his hand to stop the subordinates behind him who were about to make a move and walked forward. "What's the situation? His Highness Luosse? What are they doing?"

"Your Highness?" The dwarf called Bourne hurriedly stepped forward and asked, "How are you?"

At this moment... Lothar, who had been injected with life energy, had apparently regained some consciousness. The moment he saw Bourne, he hurriedly said, "Uncle Bourne, quickly... save them!"

"Huh?"

Hearing this, Bourne's heart sank. He immediately felt that things were not good. He hurriedly raised his head and was about to make a move when a loud bang came from the palace. The place that had been burned red previously completely exploded this time. Two figures dashed out from inside!

To be precise, it was one figure, because the other was no longer able to move... ..

Everyone could see that within the flames that could melt a top-tier black gold palace, a short figure covered in black dragon scales spread out a pair of huge dragon wings and floated in mid-air. At this moment, in her hand... A figure covered in blood was helplessly being held in the other person's hand...

...

"His Highness Kudran! ! !"

Bourne was shocked and instantly stood up. In his shock and anger, the entire ground cracked under his powerful strength, and the surrounding space was stirred up by his powerful energy into a torrent!

"Bastard! Quickly let go of His Highness!"

Bowen's voice was like an earth-shattering thunder. His Highness the Underworld, who was close by, felt his head almost explode. Beside him, Mr. Jian gently raised his hand, and a scarlet energy enveloped his highness and the two injured people... ..

His Highness the underworld felt much more relaxed. She looked over speechlessly. However, when she looked over, she saw a scene that she would never forget for the rest of her life... ..

The little guy that was standing at the top of the palace and dragging Kudran, who was covered in scales, did not have any intention of retreating when facing such a powerful paladin commander... ..

The little guy took a step forward, and the dragon scales all over his body opened up. Black and red flames exploded, and a dragon's roar soared into the sky!

Ming was stunned, and the longsword in his hand fell to the ground because of this scene... ..

Many years later, Ming couldn't forget the beautiful and wild scene in the fire and thunder... ..

Many years later, all the bronze dwarves here couldn't forget the roaring guy who was standing on the palace...

And at that moment, no one doubted that... ..! ... was a real dragon!

Chapter 1570: Finally... .. We can go according to the plan. ...

"I'm really sorry..."

In the main hall of the palace, Sylvanas was sitting calmly in the VIP seat. She was holding doggie, who had been forced to fall asleep. Her Highness the queen was gently treating the burn wounds on Doggie's body, without raising her head, she said, "I forgot to tell you that this little guy is a little unstable. I'm very sorry about what happened to the princes of the noble family... if there are any problems with his injuries, we have the best doctors here..."

His words were gentle and sincere, but the group of bronze race men across him heard a piercing sound!

However, as piercing as it was, they could not vent it out on the spot. Regardless of the other party's identity and strength, they could not hold their ground in terms of reason alone... ..

After all... It was Kudran who took the initiative to provoke the other party. ... It was one thing to provoke the other party, but the most important thing was that they had never fought before. It was one thing if they had never fought before, but the most important thing was that they had never fought before... ..

"You're too kind, my Lord..."the bronze emperor, Mani, forced a smile on his face. Even though he was the most gentle of all the bronze emperors in history, he was clearly feeling a little emotional at this moment.

But he could only endure it...

In the end, as long as the younger generation didn't cause any trouble and their lives weren't in danger, the elders who had some face would at least not come forward forcefully. Moreover, they would lose in such an ugly manner.

"Lord..."Minnie looked at the sleeping dog egg with a complicated gaze. In the end, he couldn't help but ask, "Can you tell us about this child's background?"

As soon as he said this, many of the bronze race's higher-ups in the hall looked over. They were obviously very curious, especially the people from the Holy Light Legion who had rushed to the scene today!

They had a very deep impression of this little dragon cub. In the palace, under the might of the commander, that dragon roar was simply too shocking!

Commander Bourne was also squinting at the other party, clearly very curious.

As the commander of the first ranked Legion of the bronze nine legions, Bourne's strength was considered to be at the peak of the entire bronze race. He was just a level 10 junior..., with his ability, saving Kudran was simply a matter of raising his hand.

At that time, he had used deterrence to regain some face!

After all, the crown prince was the face of the nation. Losing to his peers was a very shameful thing, let alone four against one?

In his shock and anger, he had only wanted to use coercion to stop that junior from being too arrogant. Moreover, he had controlled it very well, trying to control it within the range of a level-11 lifeform.

Even so, as a lifeform of the Life Sea and heaven origin, its lifeform was already unable to resist the pressure of a lower level. No matter how careful he controlled it, due to his instinctive fear, the other party would still submit at the first moment...

However, he had never seen a tiny lifeform with such a huge gap in strength have such a wild nature. That wild nature that was like a storm that would not bow its head no matter how intense the pressure was, he had lived for so long... He had never seen it before... ..

He believed that everyone who saw that scene today would not forget that scene... ..

“This little guy?” Queen XI smiled slightly. “A junior of the Templar clan...”

“...”

When she said this, the entire place fell silent...

What the hell?

The entire palace was stunned for dozens of seconds before someone finally reacted and said, “That... That clan gave birth to Dragon Whelps?”

Everyone rolled their eyes at the person who spoke. The person who spoke was the guardian, Old Master Muladin.

“How is that possible?” Queen XI smiled. “It’s said that they were picked up...”

Everyone: “...”

“Your Highness, you really know how to joke...” Mani had a bitter smile on his face, but he did not pursue the matter. After all, such an existence had taken a lot of effort on his part. It would be strange if he was willing to reveal his true origin... ..

Everyone curled their lips slightly, but due to his identity, it was not appropriate for them to curse...

The Lich behind the Queen raised his head slightly, and a hint of a smile appeared on his usually cold face...

Her Majesty was right. Sometimes, it really did not matter if the world was real or fake. The most important thing was to see what people believed. Just like now, every word of Her Majesty the Queen was true, but no one believed it... ..

So... .. The world was really complicated...

“Your Highness...” Mani looked at the Sleeping Dragon Cub again. After hesitating for a while, he finally said, “Can you keep what happened today a secret?”

Queen XI smiled slightly. “No one on my side would be so bored as to spread rumors of a fight between juniors...”

When she said this, everyone in the bronze royal family except Master Muladin heaved a sigh of relief... ..

“If you haven’t fought, then you haven’t fought? What’s there to hide?” Muladin waved his hand in disdain. “A warrior who refuses to admit defeat is the greatest shame. Look at me, every time I fight with Windwalker, I’m beaten until my teeth are scattered all over the ground. Did I hide it?”

Everyone: “...”

“Senior... This situation is different...” Minny looked at the other party, not knowing whether to laugh or cry.

The five royal family's crown princes had always been invincible among their peers. If people knew that their crown princes had lost to an outsider who was not the crown prince, the impact on their reputation would be huge!

Especially in this generation, the various royal families were extremely generous to their own crown princes.

If it wasn't the strongest generation in this trillion era, then it was the strongest generation in the past. The bronze race had long since announced that Kudran was the top genius closest to the first bronze emperor. Before the five crown princes clashed., they were all biting each other.

The Interstellar Alliance ten years later not only concerned the reputation of the five royal families, but also the allocation of certain resources in the ancient lands. It was extremely important.

Although in the end, it would be a battle of strength, but before that, at least their momentum couldn't be weak.

If today's matter were to be spread out, their biggest competitor, the starry race, would definitely publicize it.

And to their own people, the Crown Prince's defeat would also be a great blow to their morale!

This was something that Mani naturally had to avoid...

"Let's talk about the cooperation first, shall we?" Queen Xi smiled.

"Yes, yes, yes..." Mani was afraid that Muladin would continue to cause trouble, so he quickly changed the topic according to Queen Xi's words. ...

"This alliance, our Northern Star Field is here with sincerity..." Queen Xi smiled. "You should have seen the juniors behind me. I believe they can help the crown prince. What do you think?"

Everyone looked at each other when they heard that. They didn't know what to say for a moment... ...

The few famous juniors behind them, such as the Black Horse Demon Star from the previous alliance, hadn't even made a move when a new black horse pressed their crown prince to the ground. This was of course very sincere...

"Yes...". Mani could only smile with a complicated expression. "We have seen senior's sincerity, and we believe that the outstanding juniors of Your Academy can definitely help us. Then..." ... "Senior," man lowered his voice and said, "What do you want from the Alliance this time?"

As soon as he said this, the corners of Queen Xi's mouth immediately curled up, and her smile became even more charming...

Finally... She could go according to the plan... ...
