Chapter 1909: Arrangements and investigations -PartpOne one)

“Xiaoyun, why are you here all of a sudden? Are you here to see me?” Chen Shanshan asked expectantly as she followed Guo Xiaoyun back to the hotel.

After pinching the other party’s fair and tender face, Guo Xiaoyun nodded. “Yes, I’m here specifically to see you...”

Chen Sisi’s eyes instantly narrowed into crescents, while Yang Rui, who was following behind her, secretly pursed his lips. He did not believe that this fellow would really come all the way here to see this silly girl... .

“That... Big Boss, what should we do next?” Yang Rui looked at Chen Sisi’s silly look and could not bear to watch any longer, so he found an opportunity to cut straight to the point and interrupted that guy’s act of cuteness. ...

By the way, why would he act cute to a girl. She was really a girl who did not understand the situation...

“You guys...” Guo Xiaoyun poured a cup of tea for Shanshan and another Cup for Yang Rui. Then, he slowly sat down and said, “Uncle will take Shanshan out of here tomorrow. There will be a change in your mission...”

Good stuff!

The moment Yang Rui smelled the tea, he felt as if his lungs had been washed. His exhausted spiritual power was like dry soil encountering a shower, showing signs of recovery.

Just a whiff of it had this effect. He didn’t even dare to think about what grade the tea was. It was really the upper class. <per_o> . Tut Tut!

How is a guy who’s only been in the galaxy a few years ahead of himself doing so well?

“The mission has changed?” Chen Shanshan is curious way: “What Changes?”

“The magnetic field effect here has already attracted the attention of the other deity factions. This is also the junction. There is intelligence that the deity faction next door will send a team over to investigate. After the two of you leave this place tomorrow, go to Rockin Town and wait for reinforcements. I have already informed people to come over. When the time comes, you will meet up with the troops that have come over to gather resources. You will be integrated into the team and participate in the mission to snipe the invasion of other factions...

“Oh!” Chen Shanshan’s eyes suddenly lit up. “Does this mean... that there’s going to be a war?”

“Yes... it should be unavoidable...” Guo Xiaoyun nodded.

This was not an excuse to trick Chen Shanshan into leaving. In fact, before they came, Major General Luke had already sent a scout to inform her that the neighboring Sokal Empire had already begun to move. It was probably because they had discovered the magnetic field Bolton here, he planned to send a small team over to investigate.

His side would also send troops over as soon as possible to reinforce and consolidate the defensive line.

However, the more they hid it, the more the other side would feel that something was wrong. If the scouts were unable to break through this place for a period of time, it was only a matter of time before a large-scale military test or invasion was launched!

“Is that so...”Chen Shanshan rubbed her chin and thought for a moment.

Although war was dangerous, she had joined the army for the sake of war. Compared to staying in the strange village, she was more willing to go to the battlefield, but...

“Xiaoyun, the auxiliary soldiers I brought are still trapped in the church... I want to go in tomorrow and see if I can find some...”

“Go in and See?”Guo Xiaoyun pursed her lips, she said mercilessly, “What’s the use of you going in? If it wasn’t for your boss, you two would have died in there long ago. Why did you save others? Don’t you want to see if you have the ability first?”

“Ugh...”Chen Shanshan immediately lowered her head, feeling wronged. Her hands gripped the corner of her clothes tightly... ..

She also knew that she was a burden in there, but..? ... was she going to let her give up her soldiers. ? That was the first time she had a subordinate in her life. She felt a little guilty to abandon them and leave just like that... .

“Unwilling?”Guo Xiaoyun narrowed his eyes and asked.

“I...”Chen Shanshan bit her lips and finally nodded. “A little...”

“Even if you’re a little, you have to hold it in!”Guo Xiaoyun said sternly, “Who told you to be so weak? “When you’re weak, you can’t protect anything. If you can’t protect anything and you’re unwilling, you can only make yourself suffer. If you want to avoid this kind of thing in the future, you have to become stronger and stronger. Otherwise, the next time, the next time, you can only hold it in like this!”

Chen Shanshan:”...”

Yang Rui watched from the side and frowned slightly. He felt that the other party had been a little too strict with Shanshan. After all, this was the first time that the silly girl had come out to train. However, after some thought, he frowned again.

This was the first time that the silly girl had come out, but who wasn’t? This wasn’t the first time that Guo Xiaoyun had come out. Why was she so shrewd? So Powerful?

Many times when they were outside, there was no such thing as a first time or a first time. When they really encountered something, Fate did not care whether it was their first time or not. If they could not solve it, they would be unlucky.

Playing battlefield missions and adjusting the little girl's mentality might not be a bad thing...

After scolding for a while, seeing Chen Shanshan's dejected look, Guo Xiaoyun, who had always been hard-hearted, softened for a rare moment and turned her head away, he said calmly, "Eight of your auxiliary soldiers have been rescued. They are all resting in this hotel room. There is still one who has not been found. If we can't find him today, the chances of finding him later on will be low!"

"Rescued??" The dark clouds on Chen Shanshan's face were instantly swept away. She looked at Guo Xiaoyun with excitement. "I knew it, Xiaoyun, you..."

"They were rescued along the way..." "... I". Xiaoyun directly interrupted her words. "Those are your soldiers. I had no obligation to rescue them. At that time, I just wanted to understand some of the information inside. If it were any other time, I wouldn't waste time for a few low-level demons, so there won't be a next time!"

"Yes, yes..." Chen Shanshan nodded repeatedly, her smiling face made Guo Xiaoyun speechless for a while. He could only continue, "It's as dangerous as falling on the battlefield. These are your soldiers. Whether they can survive by following you or not will depend on your ability..."

Shanshan stopped smiling and said seriously for the first time, "I'll work hard!"

Guo Xiaoyun opened his mouth but eventually suppressed the comforting words in his heart. Then, he waved to the side and a gray-haired elf suddenly walked in from the door. It was the mechanical ranger that Guo Xiaoyun had met on the spaceship: Mike... ..

"I'll give you another support soldier..." Guo Xiaoyun said calmly, "This is an experienced veteran ranger. Ask him if you encounter anything..."

"Oh!" Chen Shanshan immediately looked at him, and Mike bowed with a smile. "Greetings, Lord Shan..."

So the mission that she had asked for before was to help her take care of a baby?

As a great adventurer, Lord Mike was naturally unwilling to accept such a mission. However, the other party had given him too much. Tens of kilograms of thunder crystals. If he took them back, not only would he be able to make a

set of good ranger equipment, but he would also be able to upgrade his beloved little spaceship to another level, the rest could be exchanged for money.

Eh... ? ... So Be it. What mission was not to do?

"Xiaoyun, are you going to stay here?" Chen Shanshan could not help but worry.

"You don't have to worry about me..." Guo Xiaoyun finally softened his tone.

"Just take care of yourself. Remember to consult Mike if you need anything. I'll find you when I'm done here." "Oh, you have to be careful!"

"Okay... Go and rest first..."

After comforting Chen Shanshan to go back to her room to rest, Guo Xiaoyun looked at Mike. "I'll leave her to you. Remember what I said before?"

“Okay, it’s not a big deal. Do you need to repeatedly remind me?” Mike waved his hand impatiently.
“Pretend to be a soldier. Don’t let her rely on me. Don’t do anything if you can. Try to train her as much as possible. I’m familiar with this kind of work as a nanny for noble children. I’ve done it a lot...” . “.

“Well...” Guo Xiaoyun nodded. “It’s good that you know. But there’s one thing you need to pay attention to...”

“What?”

“Evil God...”
