### Chapter 281: the might of Big Luo (part one)

This was... The Secret Treasure of Kunlun?

Mu Yunji, who had rushed out from afar, stared at the Jade Peak in a daze. This was probably not something a human could achieve, right?

It was no wonder that even though her master had attained the realm of Heaven Immortal, he was still depressed. He often said that only the immortals of Kunlun could be called Immortals, and this was indeed true...

Situ Xue also followed Mu Yunji and rushed to the mountain. This time, she didn't choose to stop Mu Yunji. The Masters had arrived, and it was obvious that Mu Yunji couldn't do anything by herself...

Mu Yunji ran wildly. When she arrived, she saw Wang Chengbo and Hou Ruolan lying on the ground. She quickly went forward to help them up. "What happened?"

"Leng... Leng Xing... he..." Wang Chengbo pointed at the jade peak with a pale face. He had never thought that it would end like this...

Yun-ji Mu was stunned when she heard that. She looked over and thought to herself, 'it really is Leng Xing. This guy can actually force a golden immortal of Kunlun to use a secret treasure. He's really something...'.

"A child of the Yunshan sect?" A cold female voice sounded. Yun-ji mu turned her head and was stunned. It was because her face was too similar to Situ Xue's, but her aura was completely different.

"Patriarch!" Situ Xue pounced over with a rare coquettish look on her face.

A doting smile flashed across the female Taoist priest's face when she saw this. She knocked on the other party's head. "How Old Are You? There are still outsiders here. Don't be shy!"

Situ Xue's face turned red when she heard this. She stuck out her tongue and was about to withdraw when she realized that the other party's arm seemed to have completely deformed. She hurriedly asked, "Patriarch, are you injured?"

"Yes, it's nothing serious...". The female Taoist priest nodded slightly. "This evil creature is harder to deal with than I thought. Fortunately, your brother was able to keep you guys from acting rashly this time. Otherwise, that fellow would definitely not be taken down by elder Li alone."

"Who is so powerful?" Hearing that, Situ Xue was shocked. Then, she turned around and looked at the black-robed elder who seemed to be recuperating his aura. Two of the three great elders on her side had been injured.., she even forced the first elder to use the heaven overturning seal to take him down!

Then, she turned around and said obediently, "First Elder, can you keep the magic treasure and let us see who is so powerful?"

The female Taoist priest frowned when she heard that. "It was smashed into pieces. What's there to see? It's just a spiritual monster who has cultivated to the Dao!"

"Spiritual monster?" Yun Mu Ji's pupils constricted. Then, she looked at Wang Chengbo. Wang Chengbo shook his head with a pale face, but he didn't say anything.

He thought to himself, 'this cold star is most likely just an ordinary player like my little jia. Although I don't know how he became so powerful all of a sudden, he's definitely not a monster. But now, he's being killed as a monster...' When he thought about how little Jia might end up like this, he couldn't help but tremble.

"Senior brother, it's getting late. We should go..." the female priest turned to look at the first elder and said.

However, when she turned her head, she realized that the first elder had his eyes closed, and his expression was not that good.

"Senior brother?" The female Daoist priest was stunned when she saw this. Suddenly, she felt the ground tremble. She was shocked as she looked at the huge jade peak at the side!

The huge jade peak shook for a moment before it slowly rose up!

The surrounding disciples were dumbfounded and thought that the elders were doing something. The female Taoist priest and the other black-robed elders looked at the bottom of the jade peak with a drastic change in expression.

They saw that Leng Xing, who was originally suppressed by the heaven flipping seal, had actually forcefully lifted up the mountain peak that was formed by the heaven flipping seal. At this moment, the veins that looked like tree roots had bulged out from all the muscles on his body, and his eyes had turned blood-red, an incomparably violent aura rushed towards him like a wild beast!

It was obvious that he had activated his berserk skill.

"How... is this possible?" The female Daoist priest muttered in disbelief.

Even a great demon shouldn't have such strength, right?

Pu! !

Suddenly, the Great Elder, who had his eyes closed, spat out a mouthful of black blood and staggered backwards. Seeing this, the female Daoist priest and the black-robed elder hurriedly stepped forward to support him.

After the first elder spat out a mouthful of blood, his face turned golden. It was obvious that his qi and blood were in decline. The other two elders' hearts skipped a beat when they saw this.

The secret treasures of Kunlun needed to be nourished with blood essence. Using a secret treasure also required a large amount of blood essence. So it turned out that senior brother had been controlling the secret treasure to suppress that monster without saying a word just now?

The two of them then looked at Leng Xing, who had forcefully raised the heaven flipping seal. Their expressions immediately became extremely ugly as they thought to themselves, "What kind of evil creature is this?"?

"Roar!" Leng Xing had almost lost consciousness at this moment. His Qi and blood were already not flowing smoothly due to the corrosion of the Yin Lightning. At the last moment, he had no choice but to activate his berserk state, causing his mind to completely fall into a state of frenzy.

After letting out a loud roar, he actually threw the heaven flipping seal directly at everyone!

"F \* ck!" When everyone saw this, they hurriedly wanted to dodge. However, how could it be so easy to dodge when that mountain was thrown over? Not only did the disciples feel like it was the end of the world, even the elders did not know what to do!

"Senior brother, quickly collect the treasure!" The black-robed elder quickly shouted!

Then, he anxiously looked behind him. The three of them could hide in a hurry, but if they hid from the hundreds of disciples behind them, they would not be able to escape...

The first elder looked at the huge mountain that was flying over and forcefully bit the tip of his tongue. He forced himself to form a hand seal. After trying for a while, he spat out another mouthful of blood. His face turned as pale as paper and he shook his head, "No..."

The black-robed elder and the female Taoist priest looked at each other. In the end, they could only carry the great elder and retreat. Before they left, the female Taoist priest grabbed onto Situ Xue and thought to herself, "At the very least, I have to protect this immortal seedling of the Situ clan!"!

The three of them brought Situ Xue and instantly moved a hundred feet away. They tried their best to escape, but after a few steps, they suddenly stopped. This was because the shock that they had expected did not come. The few of them looked back in confusion, they saw that the huge jade peak had shrunk to the normal size of the heaven flipping seal!

"Senior brother, you?" The female Taoist priest turned her head and looked at her senior brother in surprise, thinking that he had tried hard and succeeded.

However, she saw the first elder shake his head with a bitter smile. With his declining qi and blood, how could he still make the heaven flipping seal move? Then, he looked forward and said slowly, "The venerated immortal has arrived!"

The other two people were startled when they heard that. They looked up and saw the heaven flipping seal turn into its normal size and slowly float down. Finally, it landed in the hands of a white-clothed man on the mountain peak.

That man had white hair and a youthful face. He was dressed in white and was barefoot. Who else could it be but the Kunlun venerated immortal?

"Interesting, interesting...". The young-looking venerated immortal looked at the red-eyed Leng Xing and said with an interested smile, "How long has it been since a great demon appeared in this world? Speaking of which, your appearance... What kind of creature cultivated the Dao?"

Leng Xing stared blankly at the other party. Then, with an angry roar, he leaped over a hundred feet high and pounced towards the venerated immortal.

Although he had already lost his rationality, his body could still instinctively determine that the white-haired youth in front of him was an extremely dangerous existence!

Of course, it was impossible for the violent Titan to retreat. Hence, his first choice was to eliminate the threat!

With a furious roar, his voice was like a bolt of lightning as he descended from the sky and threw a punch at the venerated immortal. That terrifying momentum was as if the mountain in front of him could be shattered by his punch.

The Fist had yet to reach him, but the strong wind had already torn the white robe of the venerated immortal. However, this young-looking venerated immortal still had a calm smile on his face. Facing this shocking fist, he smiled slightly, he actually only stretched out a finger as white as jade and lightly tapped it.

This kind of pretentious scene only stunned Leng Xing. Then, his fury, which had already lost its rationality due to his berserk state, became even more intense. He wanted nothing more than to smash this fellow into pieces!

But then, a magical scene appeared.

When the shocking fist hit the finger, it was really blocked just like that.

The ground instantly trembled from the tremendous force, causing the forest on the mountain peak to shake non-stop. However, that punch was unable to make that venerated immortal retreat even a single step. He did not even move his body, leng Xing's huge fist was really blocked by that delicate finger!

How was this possible?

Even Leng Xing, who had already lost his rationality, was stunned on the spot. His face was filled with disbelief. At the same time, the group of people watching the battle from Mars had the same expression on their faces.

How could it be?

Chapter 282: the might of Big Luo (part two)

"How is this possible?" Inside the base, a group of spectators were in disbelief.

Especially the head coach Zanda, his large green face was filled with disbelief!

As the head coach, he was very clear about cold star's combat strength. Cold Star was the only Green Titan in the base who was about to break through to level 4. His weapon credits and berserk credits were the highest among the base's players, this guy's completely berserk body's basic ability was almost completely compatible with the Titan's Level 4. Moreover, due to the fusion of the D Ball's high genetic

characteristics, these players' green Titan's body quality was extremely high. In terms of pure strength.., the strength of A Level 4 Titan using a level 5 lifeform was not a problem at all.

With the full strength of a level 5 lifeform, even Zanda himself would not dare to use his fingers to block it like that white-haired youth from Kunlun. Although he was several levels higher than cold star and his life level was completely suppressed, to use his fingers to block it like that.., it was most likely the result of having his finger smashed off.

Moreover, according to the intelligence, the heaven immortal level life form in sphere D was only at most level three? How did such a powerful character suddenly appear?

Xi Ye looked at the posturing Kunlun Immortal Venerable on the screen, his eyes flashing with a strange light. However, with his helmet on, no one knew what he was thinking at this moment.

Then, an even more unbelievable scene happened.

After the white-haired youth used his finger to block Leng Xing's punch, he smiled slightly and bent his finger slightly. The originally violent Leng Xing suddenly knelt on the ground and buried his head heavily. His posture was as if he was kneeling and submitting.., everyone was stunned again.

"Damn, he begged for mercy when he couldn't beat him. Is this guy so real?" Li Goudan said in a daze.

"No! !" Wang Goudan said angrily.

"It's indeed impossible to beg for mercy!" The Elven instructor, herreen, also said, "Although I'm not familiar with the Green Titan, I know that it's impossible for them to surrender and beg for mercy after activating berserk, especially in the situation where Leng Xing has lost his mind."

Zanda, on the other hand, frowned slightly and said, "It feels like... Leng Xing's condition... seems like he's bearing some kind of weight..."

Hearing that, everyone took a closer look and found that cold star's condition was indeed unusual. Blue veins popped up all over his body and he would struggle up from time to time, but he seemed to be suppressed by some kind of weight that he could not break free from.

"Gravity Magic?" Vivian asked curiously.

After all, there was an alchemist who could operate alchemy items just now (the great elder of Kunlun...)

It was not impossible for another alchemist who could use gravity magic to appear...

Xi Ye shook his head. "It's unlikely that it's gravity magic. If it is, the ground under Leng Xing's feet wouldn't be completely silent."

That's right... "...". Only then did everyone realize that there wasn't a single crack on the ground where Leng Xing was. Logically speaking, with Leng Xing's strength, how could the ground be completely unscathed when the gravity was so strong that he couldn't even lift himself up?

"Then what the hell is this..." suddenly, Zanda's body stiffened, and an unbelievable thought emerged in his mind. However, the moment that thought emerged, he immediately denied it.

Impossible, absolutely impossible, how could such a thing happen... ..

Xi Ye was looking at the virtual screen. Under the helmet, the flickering light in his eyes became more and more bizarre...

..

On the other side, Leng Xing, who was kneeling on the ground, was finally exhausted after holding on for about 15 minutes. He fainted due to exhaustion and collapsed heavily on the ground.

The Young Immortal Venerable looked at him with interest. "TSK TSK, it's really unbelievable. A mere mortal body can withstand the power of the entire mountain range for so long. Do you really think that Monkey Sun is still alive?"

"Venerated immortal!" The three elders of Kunlun slowly approached him and said with a face full of shame, "We're really ashamed to have to trouble you, venerated immortal!"

"It's Alright..." the young man smiled and said, "This fellow's strength is unimaginable. I'm afraid that only the great demons of our ancestors' era have such ability. It seems that this new mystic realm is not simple!"

This was... the venerated immortal of Kunlun?

In the distance, Yunji mu stared blankly at the white-haired young man.

Xue Qingchen, the Third Dao venerated in the jade clear path of Kunlun. He was a great Luo expert who had attained dao in the north and south era. He had once overthrown the Li clan's magnificent Tang dynasty, which had oppressed the sect, and severed the Great Qing dragon vein, after that, he single-handedly expelled Red Sun, many ancient supernatural organizations in western Europe, and finally signed the Martial World Alliance with the authorities.

To the cultivators, this person was a legend, a true immortal.

But they didn't expect him to look like this young man...

"Is he good-looking?"

Just as Mu Yunji was stunned, the immortal venerable, who was dozens of feet away, suddenly appeared in front of her. Mu Yunji was shocked and quickly bowed, "I am Mu Yunji. Greetings, Immortal Venerable!"

"Mu Yunji... I've heard of you..." the young venerated immortal smiled and said, "Are you the girl who defeated the younger generation of the Situ family in the martial arts performance last time?"

Situ Xue, who was far away, curled her lips when she heard this, but she did not dare to interrupt.

"This junior is ashamed, it was just a fluke..."

"Why did you stop Kunlun?" The venerated immortal asked.

Mu Yunji's heart skipped a beat, and she quickly said honestly, "This junior attracted Kunlun for my own selfish reasons and implicated mortals. This junior is ashamed..."

The venerated immortal looked at Wang Chengbo, who was sitting on the ground, and then nodded. "The child taught by Lu Feng has some backbone..."

After a pause, he said, "Okay, Kunlun got this information thanks to you. Since that's the case, I'll make the decision. You can take this person away..."

"Thank you, Senior!" Mu Yunji quickly bowed in joy.

"Then, venerated immortal... how should we deal with this monster?" First Elder asked.

"Cripple his meridians and lock him up!" The venerated immortal flung his long sleeves. "I'll leave this side to you. Something seems to have happened at Scarlet Sun's side as well. I have to make a trip there."

"Could it be... there's more than one such thing?" First Elder asked in astonishment.

"We'll know once we go..." the venerated immortal smiled. "This behind-the-scenes force is getting more and more interesting..."

As he spoke, he began to walk down the mountain. What was strange was that the young immortal seemed to be strolling leisurely, but in just a few steps, he had inexplicably reached a distance of more than a hundred feet. It was a strange sight to behold.

Cloud herder Ji behind him finally understood how the other party suddenly came to his front, muttered in his heart: "This is the ability to shrink the ground into an inch? I did not think that it really exists!"

-----

Inside the base on Mars, Seer finally couldn't sit still and stood up after seeing the teenager-like immortal's step that spanned dozens of feet.

Zanda looked at seer, took a deep breath, and asked, "My Lord... is this..."

"Well..." Xi Ye stood up and said in a low voice, "Although incredible, but now there is no better explanation..."

"But... but how is this possible? This... isn't there only..." Xanda stuttered.

"Is it possible to take a look and find out..." seer stood up and said to the system, "Open the teleportation channel, I want to personally verify it!"

Chapter 283: Are You sure you want to team up with Yaoxie?

"How's the situation?" Elder Li got out of the car and asked the captain of the armed police who was in charge of the periphery. The captain of the Armed Police was a middle-aged man with dark skin and looked very strong. When he saw elder Li, he immediately saluted him, then, he said briefly, "The battle is very intense. We have already sealed off the outside of the battle zone!"

"Are there any casualties?" Elder Li asked with a frown.

“Not yet...”the captain shook his head and said, “The disciples of Kunlun have already dispersed the ordinary people in the residential area. However, there are still a few ordinary people in the battle zone. Director Zhang and Captain Wang Lin are also in there!”

“Wang Lin?”Elder Li narrowed his eyes. It was the captain of the criminal police whose daughter was suspected to be a disciple of Luofu?

“Then why didn’t they stop the fight?”Elder Li said sternly.

“This...”the captain was a little embarrassed. “The level of the fight is beyond our imagination. With our current armed forces, we can’t even get close to it. If we want to stop it, we need the army. Besides... the reason of Kunlun is very reasonable.”

“Reasonable?”Elder Li was amused. “Is it reasonable to attack our official cooperation sect in public?”

“This... the official cooperation sect might be a little special...”

While the two of them were talking, they had already reached the entrance of the residential area. Looking from afar, the residential area was in a mess. From time to time, there would be a thunder-like rumble. When elder Li got closer, he saw a fire dragon circling above the residential area, the scene was as magical as it could be. This scene made elder Li believe the judgment of the team leader. Without a division, it would not be enough to deliver food.

Seeing elder Li walking over, a few Kunlun disciples immediately stepped forward to stop him. Elder Li looked at them coldly and said, “Get out of the way!”

The disciples were stunned. It was rare to see such a powerful mortal, but after a closer look, most of them recognized him. He was a military bigshot who often appeared on television, they didn’t dare to reprimand him like they did the armed police captain. They looked at each other, not knowing what to do.

“Elder Li...”at this moment, a gentle voice came from the neighborhood. It was Situ Ming, who had been injured and had retreated.

“Eldest senior brother...”the surrounding disciples quickly bowed. Situ Ming waved his uninjured left hand with a pale face, indicating for them to leave.

“Elder Li, the situation inside is dangerous. Can you wait until you understand the situation first?”

“Wait until you kill the person before I go in, right?”Elder Li sneered.

“Elder Li...”situ Ming said faintly, “The person inside... can not be considered a person...”

“Ha...”elder li sneered, “You people of Kunlun eliminated the dissidents and gave people the name of evil. This time, you even stripped people of their identities?”As he said that, he did not continue to pay attention to the other party, he strode into the residential area.

“Elder Li!”Situ Ming was shocked. He didn’t expect the other party to be so powerful. He couldn’t see what was going on inside? How dare he go in?

However, the other party's identity was right there. He couldn't stop the other party, so he could only follow him in.

"What... What is this?" After entering the residential area, elder Li was stunned when he saw the fierce battle under the Fire Dragon. The guy who fought with Kunlun actually looked like the Avenger, master Hao.

"I told you before that the person who is cooperating with your official team this time... is Yaoxie..." situ Ming said faintly, "Elder Li, you should go out with me. The battle is so intense that even I don't dare to stay here..."

Yaoxie... Yaoxie...

Elder Li was a little confused. He finally understood why the captain said that Kunlun was justified... So that was the reason... ..

But...

Elder Li looked ahead and saw the Hulk who seemed to have the upper hand in fighting the three golden immortals of Kunlun alone. He instantly dispelled the so-called gap between humans and demons.

Although he was old, his thoughts were not as old as when the country was founded. It was almost the 23rd century, so who would care about that? The supernatural army in North America was modified with animal genes. If it was ancient times, wouldn't they be monsters?

Didn't they use it well? As long as they could fight, who cared whether they were monsters or humans?

"Stop!" Thinking of this, elder Li no longer hesitated. He actually stepped into the battle circle alone, shocking situ Ming who was behind him... He thought to himself, "Is this guy crazy?"?

"It's elder Li!" Director Zhang, who was originally hiding at the back of the circle, hurriedly said when he saw elder Li.

"Little Landlord, Stop!" Wang Lin hurriedly roared when he heard that.

"Roar!"

The little fairy's figure paused when she heard that. A hint of clarity flashed across her bright red eyes. With an angry roar, the long spear in her hand transformed into a silver streak and quickly swept through a thousand soldiers, forcing the two elders who were close to her to retreat, on the other hand, she also jumped back and looked at the people who had come.

When Wang Lin saw that the little fairy was still listening to his words, he immediately heaved a sigh of relief. This way, he could still have a talk with the officials. When the little fairy was driven mad by the fire dragon just now, it really gave him and director Zhang a fright, she looked like a crazy demon. They were really afraid that the little landlord would tear those three old men apart!

At this moment, the little fairy was panting heavily. She was different from Leng Xing. She was a professional berserker, so she was obviously more skilled in controlling the berserker than Leng Xing. Moreover, she was not under the fatal threat of Leng Xing, therefore, she still maintained a certain level of rationality.

The three elders had been struggling to hold on. They did not expect this demon to be so fierce. Now that the other party had taken the initiative to retreat, they naturally did not dare to continue. They hurriedly retreated and pulled away!

“Elder Gong, how have you been?” Elder Li looked at the three people who appeared to be in an extremely sorry state and smiled. He felt quite pleased in his heart.

Back then, in order to get Kunlun to take action, he personally went to Kunlun and kowtowed to the Golden Immortals. In the end, he begged a golden immortal to come down from the mountain. During the course of carrying out the mission, the other party was so arrogant that he had no choice but to worship the other party as his ancestor. Now, it seemed that the gold immortal of Kunlun was not invincible in the world? Did he kick an iron plate?

“Elder Li?” Elder Gong, who had a thick beard, stared at elder Li and said softly, “What a bold man...”

He dared to go in alone in such a situation. It had to be said that this man had extraordinary courage.

“I think you are tired. How about we call it a day?” Elder Li said with a smile.

Elder Gong’s leopard-like eyes widened when he heard this. The female elder beside him was about to throw a tantrum when she pulled him back. Elder Gong immediately heard the other party say in a low voice, “Senior brother can’t take it anymore...”

Elder Gong was stunned when he heard this. He turned his head and saw that his senior brother, who had used the nine dragons divine fire barrier to hold the fort, had a golden face. He appeared to be at the end of his strength.

To be honest, if his senior brother had not used the secret treasure, the two of them would have been killed by that monster. How could they hold on for so long?

However, it would be very embarrassing if they retreated just like that...

At the thought of this, he looked at elder Li gloomily and said coldly, “Are the officials really sure that they want to team up with such a demonic sect?”

Chapter 284: Great Luo Immortal Venerable?

“Miss Mu, are you alright?” Huang Huafeng saw Mu Yunji and Hou Ruolan coming back with Wang Chengbo from afar.

Mu Yunji shook her head and said, “His leg is injured. Let’s call an ambulance first.”

“Okay, okay, okay...” Huang Huafeng nodded and called an ambulance, after making the call, he saw the two women carefully help Wang Chengbo to sit on the wooden chair. He immediately asked carefully, “Then... What about Kunlun?”

He was actually very worried. If Yunji mu offended Kunlun, this matter would indeed be very serious. As a subsidiary family, the Huang family might be affected.

“It’s okay, a little misunderstanding...”yunji mu said lightly.

“That’s good, that’s good...”Huang Huafeng heaved a sigh of relief. Although he didn’t know what was going on, as long as Kunlun didn’t pursue the matter, it was good.

“Why are you still here?”Yunji mu suddenly looked at the woman outside the door with a conflicted expression.

It was actually Li Xiaoqian... “...”. Wang Chengbo also looked over curiously. This woman actually still hadn’t left?

Li Xiaoqian bit her lip and looked at Yunji Mu. After hesitating for a moment, she finally asked, “You... What did you say about the cauldron earlier?”

Yunji mu turned her head. “I was just joking. Don’t mind me...”

“...”Li Xiaoqian

Wang Chengbo’s eyelids twitched when he heard that. Although he didn’t know what was going on, as a web novelist, he still knew the term cauldron... ..

Previously, when Yun Ji Mu said it in front of Kunlun, who would believe her if she said it for fun?

Seeing that Yun Ji Mu didn’t seem to want to tell her the truth, Li Xiaoqian’s face instantly turned ugly. However, Yun Ji Mu didn’t care about Li Xiaoqian’s face at all. She had already offended Kunlun once, if she kept talking and destroyed the cauldron of some unknown elder, wouldn’t she offend him even more?

As for Li Xiaoqian? What did this fellow’s fate have to do with her?

“Chengbo...”seeing that Yunji Mu was ignoring her, Li Xiaoqian looked at Wang Chengbo for help.

Seeing this, Hou Ruolan was stunned and thought to herself, didn’t this woman just bring people to catch this Wang Chengbo? How could she lick her face and beg him so quickly? This dog’s face couldn’t change so quickly, right? Would she buy it?

Wang Chengbo revealed a bitter smile when he saw this. He said softly, “Miss Mu... why don’t you... Tell Her?”

She really knew how to buy it... .. Hou Ruolan immediately felt powerless to retort... ..

Could this kid be the legendary... .. Ultimate dog-licking?

That’s not right. The one next to you is obviously thousands of times stronger than this careful watch. It’s Leng Xing... .. although she’s a demon, but..? ... She’s still better than this woman, right?

Mu Yunji also frowned as she looked at Wang Chengbo. She had heard from Huang Shao about this guy’s obsession with Li Xiaoqian, but now that it had reached this stage, he still didn’t realize it. That would really be hopeless...

"It's okay..." seeing Mu Yunji frown, Wang Chengbo shook his head and said with a smile, "Even if you told her, based on my understanding of her, she would still choose that path in the end. It wouldn't affect her cauldron plan."

Hearing that, Mu Yunji was stunned, and then she said with a smile, "You can see it clearly. Since you know her character, why do you have to speak up for her?"

"I just don't want her to continue to annoy people here..." Wang Chengbo sighed slightly.

On the other side, Li Xiaoqian's expression changed when she heard that. She said in a daze, "Chengbo... What do you mean by that?"

"I mean to tell you to get lost quickly..." a bright voice suddenly sounded. Although it carried a hint of ridicule, it sounded more pleasant than the cry of Huang Ling.

This was...

Wang Chengbo's body trembled. His face froze at first, then he looked back with ecstasy!

It was definitely Xiao Jia's voice...

"Xiao..." Wang Chengbo turned his head with great joy. He followed the voice to the upper floor, but when he looked over, he was stunned again!

That person... was it Xiao Jia?

At this moment, Wang Goudan was wearing an authentic elvish feather coat. He looked like an otherworldly fairy. Although there was a sprout on his head and it slightly ruined the style of the painting, it still couldn't cover up his stunning beauty. Wang Chengbo was completely dumbfounded.

That little fatty of his... This change... ? ... wasn't it a little too big?

Yun Mu Ji's eyes lit up and she said respectfully, "Senior... It's good that you're Alright!"

There was no mistake. The doubts she had for many days had finally been resolved. This Wang Xiaojia was the peerless expert who had single-handedly defeated all of Yunshan's people in the arena that day!

And... who was the person behind her?

Yunji mu looked over curiously and saw that there were two people behind Wang Xiaojia. One of them was a beautiful woman with white hair just like Wang Xiaojia. However, her eyes were as beautiful as the starry sky, making people feel incomparably noble. The other person was a little different...

She was abnormally tall and looked to be at least two meters tall. She wore black clothes and a black mask. She stood with her hands behind her back. Although she wasn't as elegant as Wang Xiaojia and Goudan, she gave people a feeling that she wasn't ordinary, it made her think of the venerated immortal of Kunlun.

"Is... is it really you, Xiaojia?" Wang Chengbo stuttered.

Hearing that, Gou Dan jumped down from upstairs, he went up to Wang Chengbo's head and exploded, "If it's not me, then who is it? You Silly Fool, looking at you makes me angry... why are you still talking to such a person?" He pointed at Li Xiaoqian at the door.

"You... You Are... Wang Xiaojia?" Li Xiaoqian looked incredulous. Looking at Wang Xiaojia, who looked like a fairy, an extremely complicated emotion welled up in her heart.

There was novelty and doubt... But more than that, there was a strong sense of jealousy. ...

Because she knew that that stunning beauty was definitely not Wang Xiaojia's natural talent. If she was not born, then she must have gotten it the day after tomorrow...

What she got the day after tomorrow was an opportunity, but what did this girl have? What did she have to be able to get such an opportunity. Li Xiaoqian's heart was as sour as an ant biting her heart...

Forget about people like Situ Xue and Mu Yunji who were favored by the heavens, but how could an ugly duckling like Wang Xiaojia stand at such a height?

Wang Xiaojia directly ignored Li Xiaoqian and asked, "Where's Leng Xing?"

"That guy is really on your side?" Wang Chengbo was stunned.

"Nonsense!" Wang Xiaojia rolled her eyes at him and said, "If he isn't on your sister's side, why would he protect you so desperately?"

I see. ! Wang Chengbo and Hou Ruolan suddenly understood, especially Hou Ruolan. She finally understood why Leng Xing cared so much about Wang Chengbo, this silly little brother... ..

So that's how it is...

At the thought of this, Hou Ruolan stared blankly at this girl named Wang Xiaojia, not knowing what to say for a moment...

After coming here for so many days, she finally knew what Leng Xing was thinking. However, the truth made her feel even more bitter.

Such a person... What could she use to fight for it?

Use her status. It was obvious that she was a disciple of cultivation. To be able to make mu Yunji so respectful, it was obvious that she was extraordinary. However, if she were to use her appearance... "...". This couldn't be described as a difference. It was like two completely different dimensions...

How could there be such a beautiful woman in this world. Not to mention Leng Xing, she was even a little infatuated with her... ..

"I'm asking you a question. What are you daydreaming about?" Wang Xiaojia was still as doggerel as usual. She led her brother's sleeve and said fiercely.

"I was... taken away by the people of Kunlun..." Wang Chengbo mumbled.

"Doggerel Lord... Cough... sect master, save her!" Wang Xiaojia hurriedly shouted to the back.

Sect Master?

Mu Yunji was shocked. She looked at the masked man in a black robe and thought, this is... "...". The sect master of the sect behind Wang Xiaojia?

The corner of Wang Chengbo's mouth twitched. He was more concerned about the words "Dog Lord" that his younger sister had accidentally said...

"No Rush..." Xi Ye's mouth also twitched when she heard the words "Dog Lord", she took a step forward and instantly appeared in front of Wang Xiaojia. She gave her a heavy blow and said, "Calm down first. I... I have something to confirm with sect master..."

With that, she took a step forward and disappeared into the Huang family's villa in an instant, leaving Goudan, who was clutching his head in pain, and the rest of the people in a daze.

"Shrinking the ground into an inch..." mu yunji muttered, "He can also..."

The person behind Wang Xiaojia was also a great Luo immortal venerable!

It seemed that... He was right at the beginning. This mysterious force... They really had the ability to wrestle with Kunlun... ..

Chapter 285: The Secret of Big Luo's power

"Senior..." Yun Mu Ji looked at Wang Goudan and bowed apologetically, "Sorry to trouble you..."

"Humph... It's good that you know!" Wang Goudan raised his nose, he seemed to be very unreasonable, which made Yun Mu Ji stunned and couldn't help but laugh. Now she believed that Wang Xiaojia was definitely a little girl...

"Senior... is your master also great Luo?" Yunji mu asked carefully.

"Great Luo my ass, he's a Dog Lord!" Goudan Wang said angrily.

Yunji Mu: "..."

Could it be that that person was really... .. Wang Chengbo was stunned. He remembered that many players on the forum said that dog Lord often deducted their points...

Just as he was thinking, the expression on Vivian's face suddenly changed. She hurriedly said, "There's news from the base. It says that the immortal of Kunlun seems to be heading in the direction of your father..."

"Ah?" Wang Goudan heard this and could not sit still, hurriedly cried and ran toward the outside:

"Master! ! !"

The crowd: "..."

-----

"What is the Lord Doing?" The base, looking around the mountains of Xi Ye, Li Goudan curiously asked.

“Lord, you’re looking for the power of cold star...”Zanda said calmly.

“Huh?”Li Goudan was stunned. “What do you mean?”

“You’ll find out if you keep looking...”Zanda sighed. “I hope it’s not what we think...”

As Zanda said, Xi Ye was indeed looking for the power of cold star. Theoretically, the resources on this planet could not support a life form above level five, the probability of a golden immortal being above level five was not high.

However, if it was a life form that was below level five, it was obviously impossible for it to easily withstand the power of cold star’s berserk state...

Xi Ye had been carefully observing the mountain range, and finally... ... in a remote corner of the mountain range, he finally saw what he wanted.

He saw a very deep fist imprint on a steep mountain wall. The size of the Fist imprint... It was exactly the same as Leng Xing’s Fist!

“Tsk... it’s really like that...”Xi ye muttered.

“What... is going on?”Li Goudan was also stunned. Leng Xing’s fist was clearly aimed at the body of the Kunlun Immortal Venerable. How did it appear on the mountain wall more than ten kilometers away?

“The power of law...”zanda murmured, “The unique power of the deity race!”

“Deity?”Li Goudan was stunned. He clearly did not understand what Zanda was saying.

Zanda ignored him. He naturally did not have the patience to teach a newbie this knowledge. That would be another useless chapter.

However, he looked at the virtual screen with a serious expression and muttered, “But... how can a person from an indigenous planet control this kind of power?”

Xi Ye was also curious and clearly confused.

“Lord...”the system prompted, “When we landed on this planet, we obviously didn’t sense the domain of the Gods...”

“This is the key...”Xi Ye’s eyes narrowed slightly.

If a planet had already been occupied by a god, then he would definitely be able to sense it when he landed. With his poor appearance back then, how would he dare to be impudent in the territory of other gods? He would have long left.

There were no deities on this planet. This was something Xi Ye knew the moment he landed.

However, the power before him was indeed the power of Laws...

To graft the power onto a planet and let it take his place was something that no other race in this universe could do apart from their deity.

The humans on Planet D had already shown too much potential that Xi ye could not understand. However, he did not expect that they could even control the things of deities?

Xi Ye was a little confused at the thought. He felt that it was not possible. Moreover, if a God had completely controlled this planet, then he should know all of his actions on this planet.

However, from the surveillance footage, it was obvious that he did not know...

Moreover, with this power, what was the difference between Central China, North America, and the Red Sun? He did not believe that a guy with the power of the gods could not unify a civilization even after staying on a planet for a thousand years.

This was obviously impossible...

What was going on?

Xi Ye was a little lost for a moment.

“Lord...”the AI suddenly spoke, “Do you think... You only have a part of it?”

“Only a part?”Xi Ye was stunned when he heard that, then his eyes lit up and he hurriedly said to the system, “Bring up the records of Kunlun and I’ll take a look.”

“Yes!”

The system quickly showed Xi ye all the information of Kunlun Mountain.

Xi Ye quickly browsed through the information of Kunlun Mountain. According to the information, Kunlun Mountain was not considered a very special mountain range, but it had a strong mythical aura. Moreover, in the ancient history of central China, its status was very high, it had the name of the mountain of ten thousand ancestors, the number one divine mountain in central China!

This made Xi ye a little puzzled. Although the Kunlun Mountains were big, they were located in such a remote place. Why was it called the mountain of ten thousand ancestors?

Xi Ye did not think that this was something that the ancient people of central China had randomly fabricated. When she was in the Heavenly God Academy, her teacher had taught them that the myths of the civilizations in all the aboriginal galaxies were definitely not groundless. There must be a reason for it. One could not deny it immediately when they encountered it...

Of course... ... things might be exaggerated, or it might have been misunderstood for some special reason and passed down, but it was definitely not something that came out of thin air.

When he thought of this, Xi ye curiously touched the mountain range with his hand and activated the sensing ability of his deity.

When he sensed it, his entire body immediately trembled...

This... This is...

Xi Ye’s mask was filled with shock. Because with his sensing ability, this mountain range was clearly flowing with some sort of power.

It was like an umbilical cord, slowly absorbing the nutrients on the other side, and then slowly replenishing some things...

It was extremely mystical.

Xi Ye lowered her spiritual power out of curiosity and began to sense carefully. The sensing ability of a sky god began to flow along with the mountain range, surging towards the source.

Xi Ye's spiritual power followed the connection of the mountain range and sensed it all the way. To her surprise, when they converged at one point, she found that there were countless similar connections and the source point were tied together, those connections were obviously connected to the mountain ranges and peaks from various places.

It felt like the roots of a big tree, connecting almost all the mountains in central China... ! It was extremely magical!

"I see..." Xi ye immediately withdrew her spiritual energy after seeing the truth. She looked at the mountain peak and sighed, "It can be like this..." . ...

"Lord, what did you find out?" Ai asked immediately.

"I found the secret of the power of the Great Luo Gold Immortal..." Xi ye smiled.

"What is the secret?" Ai asked curiously.

"Well..." Xi ye smiled and said, "You'll know soon..."

While they were talking, a few figures rushed over in a hurry. The leader was Wang Goudan, who had followed them here in a hurry, as soon as she came over, she said pitifully, "Master, are you ready? Just now, Li Goudan sent a private message saying that there seems to be a problem on my father's side..."

Looking at Goudan's pitiful look, Xi Ye could not help but laugh. This guy was really flexible. At this time, he did not call him dog Lord?

"Disciple, don't Panic..." Xi ye laughed and said, "Let's go and meet that great Luo Golden Immortal of Kunlun! !"

As soon as these words were said, Mu Yunji, who had just rushed over, suddenly felt a wave of excitement in her heart...

Was it going to happen? A contest between Big Luo?

Chapter 286: Qing Yunzi

"Does the government really want to be associated with this demon?" Elder Gong asked with an ugly expression.

"Whether it's a demon or not, we need to investigate further," elder Li said seriously. "Please Don't act on your own!"

The disciples of Kunlun were stunned. What the F \* ck was there to investigate? If that thing wasn't a demon, could it really be the reincarnation of Master Hao?

Elder Gong looked at the other party with an unfriendly expression. Looking at the attitude of this once submissive guy who begged them to go down the mountain, he was extremely furious.

However, the current situation made him unable to act as he wished. The three of them were already at the end of their rope. To put it bluntly, it was all thanks to the officials coming to rescue them. Otherwise, the three of them might not have been able to walk out.

Elder Li looked at Elder Gong, who had suffered a setback, and felt even more at ease. He secretly heaved a sigh of relief and thought to himself, 'luckily, I made it in time.'

Now, as long as he forcefully took them away and stalled the situation, Kunlun would definitely not dare to really fall out with the officials. After all, in the current situation, transcendents would still have to rely on powerful countries. If they didn't have the military power of central China as a deterrent.., if Kagura of the Red Sun or the army of transcendents from North America brought the armies of modern families from their respective countries to attack Kunlun and seize your mystic realm, even if Big Luo was still alive, would kunlun still be able to turn the world upside down?

As an elder who dealt with the relationship between the transcendents and the authorities in central China all year round, it was rare for him to have the upper hand. It had to be said that it was all thanks to the strength of his allies this time... They were able to hold on until they arrived.

Although he had arrived a little late and caused the two sides to fight, this did not seem to be a bad thing. At the very least, it allowed him to see the top-notch combat strength of the Luofu sect. It was not inferior to Kunlun and had the value of cooperation for the officials to clash head-on with Kunlun.

However, it was still necessary to give Kunlun a way out. Now was not the time to completely fall out.

Thinking of this, elder Li smiled and said, "It seems that there is still some misunderstanding between the two factions. The suspicion raised by Kunlun will definitely be confirmed by our officials. After all, even if it is a demon, it is not necessarily evil, right?" "When I go back, I will ask the officials to investigate thoroughly. Once they discover that the disciples of luofu have a history of harming humans, they will not tolerate it. However, the situation is not clear yet. Can we ask the Kunlun Immortals to give the officials some face and let them handle this matter?"

The Kunlun Immortals looked at each other when they heard this. They had to admit that the other party's words were quite smooth. At the very least, they had given them enough excuses. Although elder gong and the others were unwilling to accept this, it seemed that this was the only way, elder Gong snorted coldly. Just as he was about to nod and say a few polite words, an indifferent voice suddenly sounded.

"No..."

Everyone was stunned when they heard this voice. Elder Li and the others were stunned for a moment and then frowned. They were curious who was so blind? How could he not understand the situation at this time?

The third elder of Kunlun looked pleasantly surprised. Meanwhile, the little fairy who was slightly relaxed after being comforted by her father suddenly became nervous.

An unprecedented sense of danger surged into her heart, causing the little fairy to look over in surprise. Just like Leng Xing, she instantly sensed the danger level of the person who came.

“Venerable Immortal!” Elder Gong and the other two hurriedly bowed. Even the Elder, who had been closing his eyes to catch his breath, forced his eyes open and bowed respectfully.

This scene caused elder Li and the team leader who had rushed over from behind him to be stunned, especially elder Li. He looked at the white-haired youth who had appeared out of nowhere and thought in shock, this is... The Venerable Immortal Xue Qingchen who had come alive from the north and south era of Kunlun?

This youth’s appearance... could it be that he had really cultivated to become an immortal?

“I, Kunlun, must take him away today. Luofu, I, Kunlun, will never allow him to exist in this world!” Xue Qingchen placed his hands behind his back and looked at the clear sky. His tone was indifferent as if he was talking about an extremely ordinary matter.

Such an arrogant attitude made elder Li’s expression instantly turn extremely ugly. He immediately said coldly, “Are you, Kunlun, rebelling?”

In the face of such a figure, elder Li immediately brought out the most threatening words of the officials!

“Whether or not it will depend on the officials’ own intentions...” the youth was still as calm as ever.., as if he did not care at all.., he said indifferently, “Kunlun has been handed down from the first generation of the venerated immortal for more than five thousand years, and has never been threatened by anyone. Back then, the Great Shang kingdom was so powerful, but it degenerated and joined forces with the Ten Thousand Demons sect. It almost covered the sky with one hand. Has Kunlun ever compromised?”

Elder Li’s expression became even uglier when he heard that. What did this metaphor mean? Did it say that we are Shang Zhou?

The young man didn’t say anything more. He took a step forward, and almost without any warning, he instantly appeared in front of the little fairy. His finger gently tapped on the little fairy’s broad shoulders, and the little fairy was stunned.., just as she was about to make a move, she suddenly felt an enormous weight coming at her. This light finger seemed to carry the weight of a mountain, and she could not bear it any longer. She immediately fell to her knees, and her two hands were firmly propped on the ground, blue veins popped out all over her body, and her blood-red eyes were so wide that they almost flew out.

Except for the three elders, everyone was stunned on the spot. Elder Li did not understand why, but he was also shocked. This guy, who had put the three gold immortal figures in a bitter fight, had fallen to his knees after being lightly tapped? He did not even have the strength to resist?

What kind of method was this?

“Humans and demons can not coexist. This is the principle of our Kunlun sect. If your government wants to break the principles of Kunlun, then go ahead!”

After subduing the other party with a thunderous method, the venerated immortal looked back at elder Li and said indifferently.

“You...”the captain beside him was so angry that he was about to speak, but elder Li reached out his hand to stop him.

Elder Li took the opportunity to look at the other party. Although he was extremely angry in his heart, he knew that the situation was no longer on their side.

Previously, he had bet that the other party would not dare to completely fall out with the authorities. When had the other party not thought the same?

As long as they could destroy Luo Fu before the authorities could react, would the authorities be willing to fall out with Kunlun? If they fell out, who would defend Central China against the extraordinaires from outside?

Therefore, the crux of this matter was still Luo Fu’s strength. Whether he could really form a confrontation with Kunlun or not, only by forming a confrontation could the officials help Luo Fu. If they were to crush him like today, the officials would obviously be powerless...

“Immortal venerable, be careful!”Just as elder Li was filled with unwillingness and Kunlun and the others saw the immortal venerable’s morale boost, a white light suddenly appeared in the sky and shone down!

Xue Qingchen, who was in the middle of it, suddenly narrowed his eyes. A sense of danger that he had not felt for a long time surged into his heart. He did not dare to hesitate and instantly gave up on suppressing the other party. He retreated quickly!

However, he was still one step too late. After retreating from the White Light, the immortal venerable looked at his severed finger with a look of realization. His face was filled with disbelief.

Ever since he had attained dao, it had been nearly two thousand years. This was the first time he had seen something that could hurt his great Luo immortal body!

What on Earth was this thing?

He looked at the white lights with a rare serious expression. For the first time, he felt that the situation was out of his control...

After the white lights, the little fairy, Wang Lin, director Zhang, and Yang Renjie all disappeared, replaced by a black-robed Daoist wearing a mask.

Seeing this, everyone was stunned.

“Where are those people? and... who are they?”

They disappeared. Xue Qingchen closed his eyes and felt for a moment. There was not a trace of the aura of these people on the ground. It was as if they had disappeared into thin air...

What was going on?

“Who are you?”Xue Qingchen looked at the other party. His face was no longer as indifferent as before.

It seemed that his deduction was correct... .. indeed, he had only grasped incomplete laws ... After Xi Ye's final test was verified, there was finally no last trace of worry in his heart...

Looking at the other party's inquiry, he smiled slightly and imitated the information given by the system to those Taoist people as they cupped their fists and said, "I am Qing Yunzi, Sect Master Luofu. Greetings, Exalted Immortal Kunlun!"

Chapter 287: Don't be so arrogant in your next life!

Sect Master Luofu?

All the elders frowned and looked over, thinking to themselves, "He came so quickly?". And... .. Alone? So arrogant?

Elder Li also looked over curiously. He thought that the first one to come would be the sect master of Xuanji sect who had once contacted him, but he didn't expect that the big shot behind the scenes would come directly. But this person..?

Wasn't he being a little too arrogant...

Looking at how powerful the Kunlun Immortal Venerable was, didn't he also call all twelve Golden Immortals when he came? 'you should at least call all three of the sect masters together. Respect them, right?'

"Qingyun Zi?"Xue Qingchen tilted his head. "This name is so casual. Did you copy it from a novel?"

"A monk... doesn't pay attention to so many things... As long as you call it casually..."Xi ye replied dryly. Coupled with the Black Mask, he gave off a very old-fashioned image.

"Is that so?"Xue Qingchen looked at him expressionlessly. Suddenly, he appeared in front of him like before. "I hate people who pretend to be mysterious..."as he said that, he reached out and grabbed the mask.

However, in the next moment, his entire body froze on the spot. That was because the moment he was about to take off his mask, that person had also appeared out of thin air ten meters away!

"Ah... so close, so close..."Xi ye touched his mask and could not help but mutter, "It seems that the helmet is better, this thing is too unstable..."

Shrinking the ground into an inch?

All the elders instantly revealed a look of disbelief, and almost simultaneously exclaimed in their hearts, "How is this possible?"?

Only they knew that in those immortal cultivation novels, there was only one person in the world who could use the shrinking the ground into an inch, and that person was the master of the Kunlun mystic realm of their ancestor of Ten Thousand Mountains.

The others, even if Xuan Zang of the Huangjue Temple had broken through to the great Luo realm, they would never be able to use this technique.

Because it required conditions!

This person... did it this way?

Could it be that... There was a second ancestor mountain in the world?

Xue Qingchen also looked at him in disbelief. However, his thoughts were different from those of the elders, because he knew that the other party did not use shrinking earth technique.

From the beginning, he had noticed that the other party's feet had not actually stepped on the ground. Since they had not touched the ground, how could the other party shrink earth into an inch?

But if it was not shrinking earth into an inch... "...". How did the other party do it, such a movement technique that was close to teleportation?

Xue Qingchen frowned, and without thinking much, he tried to get closer to the other party again. Following that, everyone saw the two constantly moving in space, chasing and dodging without any sense of direction, it was very similar to how some anime would cut off the camera without thinking.

However, this was reality. Those cultivators who were used to looking at the movement trajectories of the two people who did not follow logic were immediately extremely surprised.

Elder Li and the others felt that it was not that intense. After all... To them, they could not see clearly when a slightly higher level cultivator moved ... They were already used to it...

"He only knows how to hide?" After probing for a few times, Xue Qingchen finally confirmed that the other party had indeed mastered some kind of teleportation technique. Impatiently, he took a step forward, and without any warning, countless spikes shot out from the ground, covering a wide area.., other than the area where the crowd stood behind him, almost the entire residential area had experienced this abnormal change in the ground.

What the F \* ck! !

Elder Li and the others were shocked. This was the first time they had seen an extraordinary being able to do such a thing. If this were to happen on the battlefield, then those armored troops and tank troops.., wouldn't they all be wiped out?

This made him even more fearful. This person had such power? What was the difference between this and a human-shaped nuclear bomb? It was too dangerous!

"Where is he?" The female elder suddenly asked.

After the shock, everyone was stunned again. They were so shocked by the power Xue Qingchen displayed that they forgot the existence of Qingyun Zi.

At this moment, they saw Xue Qingchen looking up at the sky. They then looked up and saw that sect master Luofu was floating in the sky with his hands behind his back. He seemed to be standing steadily in the air as if he was stepping on flat ground. Everyone was stunned when they saw this...

“Hovering in the air...”elder Gong murmured in disbelief.

Although celestial immortal elders like them could fly, they definitely couldn't tread on the air as if it was flat ground.

It seemed that the person behind Luofu was a genuine great Luo Gold Immortal.

“Do you only know how to hide?”Xue Qingchen said coldly.

“Is that all you have?”Xi Ye retorted.

For the first time, Xue Qingchen's face turned cold as he said in a low voice, “Get Out!”

“Yes, venerated immortal!”The three elders hurriedly bowed and took their leave, beckoning the surrounding disciples to retreat.

“Elder Li, shall we go?”The team leader also said quickly. From the looks of it, he was going to use his ultimate move...

Elder li nodded. Although he wanted to see the situation in time, he knew very well that even the golden immortal elder of Kunlun was retreating in a hurry and didn't dare to stay here. How could he be qualified to watch?

Thinking of this, he didn't hesitate and followed the crowd out of the residential area.

“Oh?”Xi Ye looked at the aborigine and thought to himself, “Is he going to use his ultimate move?”?

That's good, I can see how far this native can develop the power of laws.

All things in the universe, yin and yang, the gods of the mountains, for me, Kunlun, Command: Ji!

Listening to his words, Xi Ye could clearly feel the energy of the earth surging crazily toward his body, and he was secretly amazed.

As soon as the word 'Ji'was uttered, a heavy sound came from the ground, and all the beasts within a hundred miles were startled and ran in all directions. The people outside the community were also shocked, not understanding what happened on the ground.

“It's the Earth Dragon Roar! !”The elder who controlled the nine dragons divine fire barrier narrowed his eyes and said, “The venerated immortal has used a forbidden move!”

Elder Li looked at this group of people and the solemn expressions of the elders and was secretly surprised. What kind of move could make these cultivation elders call it a forbidden move?

Just as he was thinking about it, an incredible scene appeared. In the sky above the community, countless birds suddenly fell like raindrops and heavily fell on the ground, turning into meat paste. The entire community actually sank with a loud bang visible to the naked eye, it only shocked the disciples and ordinary people outside to the point that one Buddha ascended to heaven.

This F \* ck... was this a move that could be used by humans?

Elder li immediately understood why the few elders would call it a forbidden move. This Xue Qingchen was really a complete monster! !

“Oh?” Xi Ye did not expect this. Her body was suddenly pulled down by the gravitational force from the core of the Earth and she landed heavily on the ground.

She stabilized her body in a sorry state, and a look of surprise flashed across Xi Ye’s eyes. She muttered softly, “He can actually trigger gravity? This trifling native can develop the laws of the earth to such an extent. It’s really incredible...”

“I’ve got you!” Just as she was surprised, Xi Ye suddenly felt her shoulder sink, and she saw a delicate and slender hand resting on his shoulder in confusion.

“It’s not easy to cultivate the dao. Don’t be so arrogant in your next life!” Xue Qingchen’s cold mocking voice was heard. In the next second, the power of Ten Thousand Mountains came crashing down on Xi Ye!

Chapter 288: Cooperation?

Boom! !

A loud boom sounded, but the location was 300 million kilometers away on Mars. This caused the star rhinoceroses in the base to start running frantically, causing the gnolls and players who were herding the animals to fly into a frenzy.

Inside the base, Zanda looked at the runes that were glowing in red light and sighed, “It’s so dangerous...”

The Lord of this planet had not tried to fuse with it yet, so he could only use the god’s rune to guide the force of the grafting. As a level five life form, this Aborigine’s ability to guide the force was indeed beyond Seer’s imagination.

The rune almost could not hold on...

In the collapsed ruins, Xue Qingchen stared blankly at Seer, who was almost unharmed. His face revealed the disbelief for the first time since he became a dao practitioner...

What was happening in front of him was completely beyond his understanding. In his impression, there should not be anyone in this world who could withstand his spell.

After all, no matter how much the body was cultivated, it was still the body. Unless it was as huge as the legendary Pangu, how could any living creature in this world be able to withstand the power of the mountains?

“What did you do?” Xue Qingchen finally could not help but ask.

Xi Ye smiled. “The same thing as you, of course...” as he said that, he suddenly put his hand on Xi Ye’s shoulder.

Unlike Xue Qingchen who did not move when he cast the spell on Xi Ye, the moment Xi ye put his hand on Xi Ye’s shoulder, the entire world suddenly began to shake.

This scene was not only seen on the mountain peaks under their feet, but also on the famous peaks such as Er mei, Hua Mountain, Wudang Mountain, Mount Tai, and some other unknown mountains. This was especially true for Kunlun, at this moment, the disciples in Kunlun were all retreating in fear, feeling as if the world was about to collapse.

TSS! !

At this moment, a visible crack appeared on Xue Qingchen's face in the ruins. His vision was extremely strange, and he felt as if his entire body was made of Earth.

"Stop!" Xue Qingchen finally panicked.

Xi Ye smiled and moved his hand away from Xue Qingchen. Instantly, the world returned to peace. Outside, elder Li and the others also looked around with lingering fear.

There had never been an earthquake in City C since the Zhengde era of the Ming dynasty. He almost thought that the whole mountain was going to collapse!

"You..." Xue Qingchen looked at the mysterious man in the mask and a trace of fear flashed in his eyes for the first time.

Ever since he became a dao master, he had never thought that anyone in this world could kill him. Since he became the great Luo, he was Kunlun, the master of all the mountains in the world.

No matter how powerful the power was, could it kill him, who possessed the power of all the earth veins in central China? This was simply a joke. Even if you threw a nuclear bomb, you would not be able to do such a thing.

This was the biggest trump card of Kunlun.

However, he did not expect that there was really someone in this world who could do such a thing. The power that could cause all the mountains to collapse. Was this person in front of him a god or a demon?

Xi Ye looked at Xue Qingchen, whose face was filled with disbelief. He stood with his hands behind his back, displaying the demeanor of an expert. However, in reality, he was panicking in his heart.

The application of laws by the Karakorum immortal was somewhat beyond imagination. It seemed that he had almost merged with the mountain range in the center of China. He had yet to construct his own laws on Mars, so his current power.., was merely borrowed from Mars using runic techniques.

Earlier, when the peaks were in a state of collapse, he had used runic techniques to draw the mass of Mars over. However, his own strength was limited. Moreover, even though the quality of the runic technique was excellent, it was only a grade-9 tool.., if he used another ten seconds, it would be possible for it to collapse instantly. At that time, he would be in big trouble as the carrier...

Fortunately, this kid could not keep his cool and panicked after suffering a small injury. If he could hold on for a few more seconds, he would have to stop first.

"What on Earth did you do?" Xue Qingchen asked for the second time.

"Didn't this penniless priest say it? The same thing as you..." Xi Ye said faintly.

Xue Qingchen frowned when he heard that. From the looks of his strength, the other party did indeed seem to have used the power of the mountain range like him. However, which mountain range's power could actually be greater than Kunlun?

Did such a place still exist in this world?

"Do we still have to continue fighting?" Xi Ye said indifferently, "You should be able to see that if the two of us continue fighting, it will no longer be the two of us, or rather, it will be a matter between our two factions..."

Xue Qingchen's black and white pupils contracted slightly as he looked at the other party. It was obvious that he knew what the other party was referring to.

If the two of them continued fighting, it would probably be a catastrophe for the world. With such karma, he, Xue Qingchen, was not that crazy. Moreover, the other party was clearly stronger than him...

Thinking of this, he snorted coldly and appeared outside the small district in a flash.

"Venerable Immortal?" The third elder of Kunlun was delighted when he saw Xue Qingchen come out. He thought to himself, 'did the venerable immortal win?'

However, when he got closer, he saw Xue Qingchen's stiff face and the cracks on his face. He was immediately shocked...

Before he could ask anything, he heard someone behind him say, "Fellow Daoist, please wait..."

The few elders were immediately shocked when they heard this voice. The other party actually didn't die. Looking at the venerable immortal's pathetic state, could it be... ..

Xue Qingchen's footsteps froze. Without turning his head, he said coldly, "What, do you have any other advice?"

Elder Li looked at Xue Qingchen's appearance and the voice from behind him. His heart skipped a beat as he thought to himself, could it be... Xue Qingchen had actually suffered under the other party's hands?

This thought immediately made him excited. If there was no one in the world who could contend against a monster like Xue Qingchen, it would definitely not be a good thing for the government.

However, at the same time, he was also a little worried. Could the officials control an existence that could make Xue Qingchen suffer?

Just as he was thinking about it, sect master Luo Fu walked out and cupped his fists at everyone. "Originally, this penniless priest came to invite elder Li and the others to the sect. Since many of our fellow Daoists of Kunlun are here, how about we go together?"

"This..." the elders looked at each other. The disciples of Kunlun were also confused. They were still invited as guests even after the fight?

Xue Qingchen frowned and looked at the other party. "What do you mean?"

Xi Ye smiled. "Your sect came here for the secret realm of our sect. Since the venerable immortal has come here personally, it's not good for you to return empty-handed, isn't it? Why Don't you go to this penniless priest's place to sit down and discuss?"

"Discuss?" Xue Qingchen was stunned. Then, he looked at the other party with Bright Eyes. "You want to..."

Xi Ye said, "Since we can't swallow each other, why don't we try to work together? It's beneficial to both of us, right?"

"Oh?" Xue Qingchen narrowed his eyes and stared at Xi Ye for a long time. "Are you serious?"

"What's there to joke about?" Xi Ye smiled.

"Venerated immortal..." the three elders heard him and quickly approached him. "I'm afraid there's a trap..."

"No worries..." Xue Qingchen waved his hand. "Since they dare to invite us, don't tell me that Kunlun doesn't even have the courage to be a guest?"

The elders looked at each other. Since the venerable immortal had said so, they naturally couldn't object. Now, they could only take one step at a time...

Xue Qingchen looked at Xi Ye and cupped his hands in salute. "In that case, please lead the way, fellow Daoist..."

Chapter 289: "This dog egg is going to build his territory like this in the future?"

"What happened?" On the other side, Situ Xue and the others, who had already walked down from the mountain range of the Huang family's villa, looked around inexplicably.

Although they rarely came to City C, they knew that this place was almost outside of the earthquake zone, right? However, the earthquake just now looked like it was going to collapse the mountain.

However, the violent earthquake came and went quickly. After a few seconds, it stopped shaking, causing Situ Xue and the others to look around in shock. On the other hand, the three injured elders looked at each other, although their eyes were filled with shock, they were thinking about something else.

They naturally knew who could cause such a shock. However, the key was who could make the venerated immortal use his power to such an extent?

Just as they were thinking, a light breeze suddenly passed by, and the first elder suddenly said to the female elder not far away, "Junior sister, be careful!"

When the female elder who was escorting Leng Xing along with her disciples heard this, a cold light flashed in her eyes. With a clang, she drew her sword and instantly turned into a stream of flowing water that slashed towards her back!

However, she saw that the figure approaching her cleverly evaded her own sword and abruptly snatched Leng Xing away.

Seeing this, the female elder spun her long sword and slashed at her opponent. Her sword movements did not stop at all.

Her sword techniques were smooth, but her figure was even smoother. She carried Leng Xing and floated away with the female elder's flowing water. The female elder's eyes lit up and she could not help but sigh. What a handsome movement technique!

The opponent's movement technique was so strange that the ancestor of the Situ clan did not dare to chase after her to snatch Leng Xing away. Instead, he went back to defend himself with his sword.

The great elder couldn't help but sigh when he saw this scene. "Miss, your movement is so good!"

Miss?

The disciples finally reacted and looked over. Everyone was stunned...

How beautiful was this person?

Even Situ Xue, who was known as the number one pearl of Kunlun, was like a firefly and a bright moon compared to her.

Situ Xue also looked at her in a daze. After a long while, she felt that she was more and more familiar with her...

"Eh? It's you..." Wang Xiaojia seemed to have noticed Situ Xue as well and said first, "You B \* Tch, you broke my security door and ran away. B \* Tch, hurry up and pay me the money for the door panel. Otherwise, you won't be able to go anywhere today!"

Everyone: "..."

"Do you guys know each other?" Elder situ looked at his own junior and asked.

Situ Xue was stunned. At first, her face was full of doubt. Then, she suddenly remembered who the other party looked like. She pointed at the other party with a trembling finger and stuttered, "Wang... Wang Xiaojia?"

Wang Xiaojia. The elders frowned. They remembered that the information mentioned this junior. It was first discovered by elder Hong of Emei, so it should be Luo Fu's junior...

Thinking of this, the great elder thought to himself, what a talented junior...

The other party's movement technique was extremely fast. If they were not careful, they might be crushed by elder Situ's flowing water. Not to mention the exquisite movement technique, just her courage was commendable...

At this moment, there was only one thought in situ Xue's mind: this girl..? How did she become so beautiful... ? She was obviously very ordinary the last time I saw her... ..

“Don’t be rude...”at this moment, an extremely gentle voice was heard. It was like a clear spring that invaded people’s hearts and lungs, causing everyone’s hearts to go soft... ..

The first elder looked over and his entire body instantly became solemn. He saw a beautiful white-clothed woman who was as beautiful as Wang Xiaojia slowly walking down from the sky. It was as if she was walking down a flight of stairs.

This ability to hover in the air caused the three elders to suck in a breath of cold air.

“Who are you?”The first elder asked with a vigilant expression.

“Luo Fu sect. Xuanji sect’s sect Master Qin Xuanji greets all the immortal elders of Kunlun!”The person who came was the elven teacher in the base, Vielin.

“Luofu?”Everyone immediately became nervous, especially the three elders. The other party’s name was obviously a big role in Luofu, and he was probably even more difficult to deal with than the evil creature from before.

“Junior sister, I’ll use the heaven flipping seal to deal with him later, you should immediately send a message to the venerable immortal...”

Elder situ was stunned when he heard that, and then he looked at the other party worriedly and said, “Senior brother, in your current state, if you use the heaven flipping seal again, I’m afraid...”

“It’s okay... my old bones can still hold on...”the first elder shook his head and took out the sky-turning seal from his pocket... ..

“Please don’t be nervous...”merlin smiled and said, “I don’t have any bad intentions...”

Although she was a level five life form, as a priestess, she actually did not like to fight head-on. Naturally, she did not want to directly attack the other party. She smiled and said, “I’m under the Order of the hierarch. Please come to Luofu as a guest...”

The first elder sneered when he heard that. “You are so arrogant. Do you want to capture all of us alive by yourself? Then let me see if you have the ability!”

As he said that, he raised his hand and the sky-turning seal immediately floated into the air...

“Please don’t misunderstand...”Vivian sighed slightly, her white and tender little hand stretched out slightly, and an extremely magical scene was born. The sky-turning seal actually flew towards Vivian completely out of the first elder’s control. It landed on Vivian’s hand like a well-behaved pet.

This...

When the people of Kunlun saw this scene, their eyeballs almost popped out, especially the first elder, whose heart was filled with shock.

He had only seen someone who could forcibly take control of his heaven overturning seal from his own immortal venerable, and this girl had just claimed to be the next sect master of the Luofu sect.

But did the sect master have such strength?

“Sir, please don’t misunderstand...” Wei Lin raised his hand, the Heaven overturning seal slowly returned to the first elder’s hand to show that he had no malicious intent, thus, he continued, “This is a sincere invitation and not a threat. Senior Xue Qingchen, the Immortal Venerable of your sect, has already gone to Luofu to be a guest, you can go there without worry...”

“Immortal Venerable?” The few elders immediately looked at each other, unable to tell if it was true or not.

However, with the strength of the other party, he didn’t need to lie to them when facing the three injured elders...

Just as they were thinking, the other party waved his hand and a white light shone down. Then, a light door appeared out of thin air. Smoke surrounded the door. It was as beautiful as a fairyland, as if it was another world.

The disciples of Kunlun were stunned by this immortal method. Even the experienced elders were stunned...

This louvre... What kind of school is it?

-----

“Teacher... . You... . Just that... . How did you do it?” The dog egg held the cold star to walk in front, asked in a low voice.

“Which one?” The Wei Lin looks at the dog egg the appearance of a thief to have some funny way.

“It’s the one where you swoop in and take someone else’s baby, and then you give it back. It’s so cool...” egg said with his eyes lit up.

Hearing this, Merlin smiled but didn’t say anything. What a joke. Although he wasn’t good at direct combat, he was still a level five lifeform, and he was a priestess who specialized in spiritual power, this was obviously not on the same level as those amateurs in sphere D. what was the big deal of snatching an alchemy artifact from someone else?

“This is...” a group of people from Kunlun behind couldn’t help but click their tongues in amazement as they looked at the surrounding environment. Along the way, they were all shocked by the construction around them.

Huge trees circled the mountain, and the ground of the stairs was paved with something that looked like white marble. It was bright and shiny, and the layout was extremely large. At a glance, it made people feel a sense of insignificance.

The white clouds in the distance were like gauze. Together with the huge wooden spiral and the exquisite white jade, they made the road look like a celestial sect in people’s hearts.

Even Leng Xing was stunned. Although Goudan had accompanied the lord to supervise the construction several times, he was still shocked when he saw it again. He thought to himself, “This Goudan will build his residence like this in the future...” . ...

Chapter 290: the martial arts performance of Kunlun

“This is really...” elder Li and elder Tian, who had followed elder Li all the way here, were stunned. Elder Li was also dumbfounded. No matter what was said..? Isn't this building a little too mystical?

It feels like it has special effects added...

In the past, it wasn't that they hadn't seen these so-called immortal Taoist temples when they were inspecting the cultivation sects. In fact, they were completely different from the ones depicted in novels and movies. Most of the buildings of the sects were actually relatively old, and most of them were quite simple and crude.

Therefore, the architectural templates used in the movies were actually not the original scenes. They were all built on the spot. This was because the original version was too simple and crude, and the effects were actually not very good. For example, in ancient times, there was a director who used the original scenes to film *The Heaven Sword and Dragon Sabre*. In the end, he was ridiculed by a large number of people as having an ugly background that was too immodest. However, in reality, the Wudang and Shaolin buildings used in the background were really the original versions... ..

When elder Li went to Kunlun for the first time, he was actually a little disappointed. In reality, Kunlun looked completely different from the immortal Taoist Palace described in the novels, especially the so-called hollow Jade Palace... .. The stones outside had turned black ... It was not so imposing inside.

In fact, this was the normal situation because the architecture was built on the mountain. The terrain was not that big to build something like the Old Summer Palace, was it?

But the other party seemed to have really done it...

After seeing the huge dao palace and the huge square in the middle, elder Li couldn't help but wonder in his heart: what exactly was the structure of this mountain?

As the elders of Kunlun had excellent spiritual power and eyesight, they could see the overall structure clearly through the clouds, but it was precisely because they saw it clearly that they were even more shocked.

They saw that this huge dao palace was actually not built on top of a mountain. Instead, it was built in the middle of a few mountain peaks. It was lifted up by countless huge trees and floated in a vacuum!

Wasn't this huge dao palace built with huge trees as the foundation, built with White Jade as the ladder, and hovered in midair? Was it really not built with special effects?

Xue Qingchen looked at this building in shock. When he thought of his own hollow jade palace, which had been renovated several times and still looked extremely filthy, his heart immediately felt extremely sour...

“Ah... Old Li, look... this relief sculpture is comparable to a first-rate master... I don't know what school it is from, and what kind of material is this step white jade made of? Why does it look brighter than real jade?”

Hearing that, old Li rolled his eyes at the other party. He was speechless at his teammate's appearance as if he was a country bumpkin entering the city. We're here to investigate, can't we be a little more butler-like?

"Oh my God, this isn't Real Jade, right?" Elder Li saw the huge jade inlaid on the stone pillar in the hall and couldn't help but go forward to touch it. The smooth texture and the water in the jade... It looked even more exquisite than the first-class imperial jade...

"Elder Li..." the captain beside him couldn't help but cover his head and remind him.

"Ahem..." elder Li rubbed his hands embarrassedly and said to Xi ye with a smile, "I say... Sect Master... Your sect is really extravagant..."

He thought to himself, 'is it really good for a reclusive sect to live so extravagantly without paying taxes??'

He walked past the hall and came to the main hall. From Afar, he saw a golden plaque with the words "Azure Cloud Hall" written on it. When he arrived at the front of the grand hall, he saw that the door was wide open. There was ample light inside, and it was dedicated to the divine thrones of Primordial Lord of Heaven, heavenly venerate of Numinous Treasure, and heavenly venerate of virtue. It had a solemn bearing.

Xue Qingchen sighed and finally could not help but say, "Fellow Daoist, this mountain gate really has the bearing of a celestial... it's just that this statue of God is a little like something found on the Internet..."

"Hahahaha, it's nothing... fellow Daoist, you're too polite..." Xi ye said with a smile. He thought to himself that this group of engineering soldiers had done a pretty good job of showing off...

Then, he led everyone to the main hall and arranged for them to sit down on the elven wooden chairs that had been prepared long ago. He also asked the elven players to bring him some tea that he had improved.

"What kind of wood is this?" After elder Tian sat down, he looked at the exquisite natural lines on the wooden chair and was immediately curious. He felt that these lines were much better looking than something like sandalwood or yellow pear...

Moreover, the fragrance emitted from the wood was intoxicating...

"Elder Tian likes it. This penniless priest will give you some later..." Xi ye said with a smile.

"How can I be embarrassed..." elder Tian immediately rubbed his hands and said with a smile.

Xi Ye, on the other hand, waved his hand in a rare magnanimous manner. After all, he was still willing to buy one or two tons of elvish wood with dozens of divine coins...

"Look at your face..." Old Li rolled his eyes at him and said.

"You're so noble. Just don't ask this old man for my share later..." old Tian sneered and said.

Old Li's face twitched when he heard that. Looking at the patterns on the wooden chair, he suddenly couldn't say anything tough. This thing could be made into a set of furniture, so how could old Tian enjoy such benefits alone?

Xue Qingchen also touched a wooden chair and smacked his lips. Then, he sighed and took a sip from the Teacup next to him. As soon as he drank the tea, a strange fragrance returned to his mouth from his roar, he felt that his whole body was floating in a comfortable feeling.

His eyes immediately lit up and he couldn't help but ask, "What... What kind of tea is this?"

"Some home-grown earthen tea..." Xi ye smiled and said, "If fellow Daoist likes it, ask me to pack some for you later..."

"Hey, Hey, Hey... I'll pack some for this old man as well..." elder Tian said shamelessly.

Elder li glanced at him but didn't say anything in the end. Obviously, he felt that this wasn't the time to talk about bearing.

"Sigh..." Xue Qingchen sighed and looked around, then at the Teacup. He suddenly felt that he hadn't had much fun these years. ...

After sighing, he quickly changed the topic to the main topic. He was afraid that he wouldn't be able to stay here even after returning to Kunlun for a day...

"Fellow Daoist, you said earlier that you want to cooperate. How Do you plan to cooperate?"

Xi Ye: "I, Luo Fu, haven't been to the mortal world for a long time. I only found out about the opening of the mystic realm in Kunlun recently when I was taking in new seedlings. I was immediately enlightened. This mystic realm is vast. It wouldn't have been a long-term plan if it had been monopolized by one family. I'm really impressed that Kunlun could take the first step. As expected of the leader of the immortal family, it's indeed extraordinary..." "..."

"Fellow Daoist, you're too kind..." Xue Qingchen nodded slightly. Although he knew that the other party was just being polite, he felt comfortable listening to it in his heart. After all, this policy was proposed by him, the third-generation venerated immortal.

"Therefore, this humble Daoist and many elders in the sect thought for a moment and finally decided to imitate Kunlun and share the secret realm with the world..."

"Oh?" Xue Qingchen's hand that was holding the teacup trembled slightly when he heard this, and the expressions of the surrounding Kunlun elders also brightened... ..

"Fellow Daoist, how do you want to share the mystic realm?" Xue Qingchen narrowed his eyes and asked.

"Your Sect's martial arts practice method has already been tried for a thousand years, and the system is mature. This penniless priest feels that there is no need to come up with any new tricks, so I'll use your sect's Kunlun martial arts practice list as the benchmark and open the mystic realm to the ten great sects. Fellow Daoist, what do you think?"

“This...”the surrounding elders looked at each other in surprise, they thought that now that the other party had a great Luo Golden Immortal who could contend with venerated immortals, Kunlun would be unable to touch the mystic realm. They didn’t expect that there would be a new turn of events.

“Fellow Daoist, you have a good idea...”Xue Qingchen smiled and said, “But fellow Daoist, you should know that our Kunlun martial arts practice is a competition between juniors. It’s not fair for those mountain spirit stone monsters who have cultivated for countless years in your sect to join us, right?”

“It is natural... . Xi ye smiled and said, “Fellow Daoist, don’t worry. Since your sect’s martial arts practice is the norm, we naturally have to abide by its rules. I, Luofu, have taken in quite a few good seedlings from the mortal world over the years. Furthermore, they are all descendants of aristocratic families with clean backgrounds. Regardless of age or experience, they are all very transparent. Over the years, our sect has used these disciples to participate in the martial arts practice. If fellow Daoist is worried, you can send people to investigate... “...”

Elder Li and elder Li came to a sudden realization. No wonder this Luofu went against the usual ways of a sect and sought out the disciples of big families. It turned out that it was for this...

Xue Qingchen frowned when he heard that. He did not know why, but he felt that the other party was trying to trick him. However, he could not find anything wrong with it at this moment.

“Immortal... Immortal Venerable?”The Great Elder was a little anxious when he saw the immortal venerable’s hesitation. It was a rare opportunity to get into two secret realms now... ..

Xue Qingchen hesitated for a few seconds, but he couldn’t find a problem with the other party’s statement. The Disciples’family background and age were all transparent. It would be too conservative if Kunlun didn’t dare to accept such a situation...

Thinking of this, Xue Qingchen finally nodded and said, “Okay, as you said, but since it’s a martial arts demonstration in Kunlun, then the venue will naturally be held in Kunlun!”

Xue Qingchen felt that this condition was very necessary. Firstly, he did not want other sects to see Luo Fu’s flashy appearance. Secondly... He was afraid that the other party would play tricks in the martial arts demonstration. Since the venue was set in Kunlun, it would be easier for him to take precautions in his own home ground... ..

“Alright... If that’s the case, it’s a deal!”Xi Ye laughed. ...
