

SHE MADE A COMEBACK AS A RENOWNED DOCTOR

Chapter 911:

Chapter 911: Are My Demands Too Much?

“This...” Alitzel hesitated for a moment, looking quite troubled as she spoke directly, “Emma, our Lewis Family truly has no plan for a marriage alliance, besides, Wyatt currently has a girlfriend, we can’t break them apart, perhaps you could ask for something else.”

“Auntie, can’t you accomplish this? But didn’t you say that whatever I need, as long as you can do it, you will?”

Emma’s voice was weak, but there was a strong undertone in her questioning tone.

She risked her life to save Wyatt Lewis; Wyatt Lewis owes her a life debt, so when she speaks in front of Father Lewis and Mother Lewis now, she is full of confidence.

She felt there was no need to be coy.

Thinking from another perspective, she and Wyatt Lewis have neither kinship nor affection, and if she sought nothing, why would she risk her life to save him?

The people of the Lewis Family should be able to guess her intentions.

Therefore, she doesn’t need to be coy in any way.

Alitzel and Christopher exchanged a glance, Christopher’s expression turned a bit heavy as if in thought.

“Emma, what you said is something we can’t promise you immediately, we indeed need to discuss it a bit.”

Emma saw she had given so much, yet they did not relent, angrily trying to sit up, which tugged at her wound, causing her to inhale sharply in pain.

Chloe quickly held her down, “Emma, don’t move around.”

Alitzel saw her injured like this, a clear guilt flashed in her eyes, “You’re still hurt, don’t move.”

Emma saw the guilt in Alitzel’s eyes, grabbed Alitzel’s hand, “Auntie, is my request too much?”

Alitzel was momentarily at a loss for words.

She saved Wyatt Lewis's life; without her, Wyatt would be lying cold like Ethan Thompson in the morgue.

Alitzel thought of this, a tremor flashed in her eyes.

In this sense, Emma's request is not excessive at all.

"It's not excessive."

"Since it's not excessive, why can't you promise me, Uncle and Auntie? Is it because my family background is poor, or am I not outstanding enough, or do you think that because of this accident, I got a scar on my face, became ugly, and am not worthy of Wyatt Lewis anymore?"

"No, how could we think so, you're very outstanding and also very beautiful, don't overthink it."

"Then why?" Emma shed a few tears.

These few tears were partly genuine, partly feigned.

She was indeed anxious, she didn't expect that after going to such lengths, Father and Mother Lewis would still be so stubborn.

Does their family not care the slightest about family background?

As long as they give a little importance to family background, plus the fact that she saved Wyatt Lewis's life, they should relent.

Alitzel looked inquisitively at Christopher who was standing behind her.

With things becoming so hectic, she didn't know what to do anymore.

Emma indeed matched Wyatt in terms of both family background and identity, coupled with this favor.

Both seemed visibly shaken.

Emma's eyes, red from crying, stared tightly at the two.

Christopher sighed, he had indeed said he wouldn't interfere in Wyatt's marriage matters before.

But internally, he indeed hoped Wyatt could marry a woman with a better family background, so it could be a powerful alliance, and they had already said it, they couldn't go back on their words.

"Alright..."

"Dad, how about once Wyatt arrives, we ask him his own opinion?"

Just as success seemed imminent, Hope intervened, Emma looked at Hope with a mix of resentment.

Chloe also chimed in, "Young Madam Lewis, parental orders and matchmaking words, Uncle and Auntie can indeed directly make decisions for Young Master Lewis, can't they?"

"Would you be happy if your parents directly ordered you into marriage?" Hope asked with cold indifference.

Chloe was rendered speechless, "Then shouldn't this marriage decision also not be at your discretion as his sister-in-law?"

Waylon Lewis, who had been silent all along, saw his wife being challenged, coldly swept his gaze over, "What position do you stand in to speak here? With that attitude, you seem eager to make decisions for the Lewis Family."

"I..." Chloe shivered all over, under Waylon Lewis's gaze, her eyes kept flickering, "I didn't, I was just speaking based on facts, no other meaning, and... and Young Master Lewis not showing up until now isn't right either, Emma is injured because of him, and he hasn't appeared from last night until now, isn't that too much?"

Indeed too much!

Alitzel noticed Owen Winton's slight displeasure beside her and couldn't help but frown, that boy has been absent the whole time, not even bothering to show up, it's indeed not right.

"Little Hope, you said he had urgent matters, but what urgent matters exactly? Why hasn't he come yet?"

"Mom, I suppose he should be arriving soon, let's talk once he gets here."

Alitzel nodded slightly.

Emma gritted her teeth, why did she have a bad feeling about this?

Hope glanced at the time, then subtly curved her lips.

Soon, Wyatt Lewis entered with Aria Richardson, seeing the two dressed formally, Emma's sense of foreboding intensified.

Hope looked at the two.

Aria nodded lightly to her.

Hope gave a faint smile and felt reassured.

“What’s up with you? Finally willing to come to see me.” Alitzel helplessly glared at Wyatt Lewis.
