

SHE MADE A COMEBACK AS A RENOWNED DOCTOR

Chapter 912: Chapter 912: Emma Winton Passes Out from Anger

"I'm here now, aren't I?"

"Young Master Lewis, what on earth are you busy with? Emma is severely injured in bed, yet you're nowhere to be seen—that's unacceptable." Chloe Woods snapped at Wyatt Lewis.

Wyatt looked at Emma Winton, "Sorry, I had something to deal with. How's your injury?"

Emma raised her arm slightly, "You can see for yourself."

"Take care of yourself, and thank you for saving me. What do you want in return?"

Emma saving him must have had some motive, Wyatt was certain of it and asked directly without delay.

"Young Master Lewis, you should know what I want."

"How would I know if you don't say it?" Wyatt deliberately replied.

"A marriage alliance, you marry me."

Emma's eyes were fixed intensely on Wyatt.

That look as if Wyatt wouldn't agree, he'd be an ungrateful wretch.

Wyatt knew she would bring this up!

He pretended to be troubled, furrowing his brows, "This might be difficult."

Emma's eyes remained unblinking on Wyatt, "Is a life not worth a title?"

Wyatt frowned, thought for a while, and then spoke up, "It's really a bit difficult because..."

Wyatt took Aria Richardson's hand.

Emma's gaze was piercing through them.

She anticipated what was coming, her heart was roaring wildly.

No!

No, please don't be what I think it is.

"I'm married, just got the certificate. It's still fresh, want to see?"

Emma's pupils constricted fiercely.

Owen Winton abruptly stood up, his sharp eyes fixed on Wyatt.

Alitzel Williams' eyes widened, "What?"

Christopher Lewis frowned tightly.

"It's true." Wyatt directly took out their marriage certificate, waving it in front of everyone.

Christopher Lewis harshly questioned, "Where did you get the household registration book? Did you give it to him?"

Alitzel Williams shook her head, "I didn't, the household registration book has always been with me."

They both looked at Hope Williams and Waylon Lewis, Christopher spoke with a solemn tone, "Did you two give it to him?"

"Yes..." Hope was about to confess, but Waylon interrupted, "It was me."

"Nonsense? What are you all doing? Such a significant matter as marriage and registration, you didn't discuss with the two of us at all, and you just let him be? He's not sensible, and neither are you two?"

Christopher was somewhat angry.

Because now Owen Winton and Emma Winton were present, it was indeed hard to explain, and there had been a half-month deadline promised verbally before. Now these two had directly registered, how could he explain?

Hope lowered her gaze, saying nothing.

She knew either way; they were going to get scolded.

All three would get scolded together.

Christopher was fuming, "Do you not consider your mother and me at all?"

Owen Winton spoke steadily, "Christopher, you need to give an explanation, regardless of the half-month timeline we had agreed upon before. Now, Wyatt suddenly registered the marriage, how is this different from breaching a business contract?"

Christopher remained silent, knowing he was indeed at fault.

"If my dad agreed to it, let him marry. Whoever marries into the Lewis family, it's still a marriage alliance."

"What are you saying?" Christopher's voice instantly turned cold, if it weren't for outsiders present, he might have kicked by now.

"Wyatt! How can you speak like this?" Alitzel was also infuriated.

Even Aria Richardson tugged at the corner of her lips, no wonder Wyatt often got beaten, there was a reason for it.

Hope and Waylon were no longer surprised by what came out of Wyatt's mouth.

They were used to it.

Wyatt, "Just kidding, don't be mad."

"Marrying you is impossible; if you have other requests, ask away. If I can do it, I will; if not, we'll have to change it."

Emma was so furious at this moment that she could almost explode.

Wyatt and his group did this on purpose, thinking that just because they were married, she was powerless against them.

Emma took several deep breaths, unable to find words as she glared at Wyatt with eyes that wished to cut him to pieces.

She had given so much, almost lost her life.

Yet here he was, pulling this craziness.

Pulling this on her, huh.

Thought she couldn't do anything about it, right...

Emma shook with anger, and the next second, she closed her eyes and collapsed powerlessly on the bed.

"Emma!" Chloe shouted, "Emma?"

Owen hurriedly pressed the call button for the doctor, "Emma? Emma?"

Alitzel Williams and Christopher Lewis also hurried forward.

Hope stepped up to check Emma.

She actually fainted!

Hope glanced at Wyatt in shock, "Her emotions were too intense."

Meaning she fainted from being angered by Wyatt.

Wyatt was full of question marks.

Since when did Emma become so fragile that she would faint from anger!

Owen looked with pity at his fainted daughter.

Christopher and Alitzel didn't know what to do either.

Everyone looked at Wyatt, and Wyatt raised his hands in surrender, "I didn't say anything, she fainted on her own."

He had said worse things before without causing her to faint!
