

SHE MADE A COMEBACK AS A RENOWNED DOCTOR

Chapter 959: Chapter 959: The Thing Most Feared Has Happened

Owen Winton used every means to deal with them, so naturally they needed to collect some interest first, they couldn't let him get off too easily.

"Understood, I'll go right away." Aria Richardson was eager to go pick up Wyatt Lewis.

Hope Williams smiled faintly, "Go quickly."

...

At Owen Winton's place.

Owen Winton leaned back on the sofa, holding a glass of red wine, browsing the online public opinion, watching the curses against the Lewis Family on the internet, he felt pleased.

His subordinate Matthew Thompson stood beside him and reported, "Chairman, everything has been taken care of, except that female journalist might have a video, it's certain no other journalist has any video, and that female journalist has already been scared by us, if she wants to live well, she wouldn't risk handing over the video to the Lewis Family."

Hearing this, Owen Winton felt slightly more at ease.

As long as everything is handled properly, he could rest easy.

Now the incident with Emma Winton has cooled down, all the trending topics online are about Wyatt Lewis wielding a knife to hurt someone.

On top of that, the video of Christopher Lewis hitting him was also posted online, people tend to sympathize with the weak, Christopher's arrogance would only further anger everyone.

Owen Winton raised his wine glass, took a sip, his eyes filled with undeniable delight.

If things continue this way, Wyatt Lewis would have no chance of making a comeback, and the Lewis Family would also suffer because of this.

All the grievances he suffered before have finally been vented out fiercely.

"Hire more people online to steer the conversation, don't let them have any chance of turning the tables, and arrange for more journalists to keep exposing this issue, the heat must not die down," Owen Winton said with a smile.

"Understood, rest assured, if we maintain this pace, there's no chance for Wyatt Lewis to come back, by then everyone will know Wyatt Lewis lost control and almost killed someone."

"Mm." Owen Winton smiled pleasantly.

Matthew Thompson continued, "It's just that this matter is hard on the young lady."

Owen Winton's smile slightly faded, frowning a bit, he was well aware that Emma Winton suffered the most in this matter, but he had no other option, he could only take this risky bet.

Moreover, he knew Emma also supported this action, she was a daughter of the Winton Family, not only had she failed to bring benefits to the Winton Family, but also brought disgrace, this was something she ought to do.

"Alright, you can go, remember my instructions, don't make any mistakes."

"Understood."

As Owen Winton was instructing, a new message came through to his info.

Frowning, Owen Winton tapped it open, wondering who would be messaging him so late?

As he opened it with curiosity, he froze, a look of fear gradually appeared on his face.

"Chairman, what's wrong?" Seeing his sudden change of expression, Matthew Thompson leaned over and asked worriedly.

"You worthless piece of trash!"

Owen Winton flew into a rage instantly, throwing the wine glass in his hand at Matthew Thompson.

“What the hell kind of job are you doing for me?”

With a face full of disbelief, Matthew Thompson stared at Owen Winton, his head bleeding from the blow, “Chairman, what happened?”

“How dare you ask what happened? Open your eyes and see what this is.” Owen Winton violently threw the phone at Matthew Thompson.

Frantically catching it, Matthew Thompson glanced at the screen, instantly freezing.

“Didn’t you tell me no other journalist had the video, that it was all cleaned up? Then tell me what this is?”

“This is impossible.” Matthew Thompson didn’t even bother with the blood streaming down his forehead, nervously watching the video.

Impossible! Absolutely impossible! He firmly believed he already handled everything cleanly.

“Chairman, this can’t be, I swear I handled it at the time, and the Lewis family people searched twice, didn’t they find nothing as well?”

Matthew Thompson was panicking, because he didn’t know where it went wrong either.

“If he wanted to threaten you, why wait till now to bring it out?”

Owen Winton stood up, pacing back and forth on the floor, “Who the hell is it? Is it that female journalist?”

“It shouldn’t... it shouldn’t be her, she probably doesn’t dare to do that.” Matthew Thompson was quite sure Scarlett Summer was already frightened back then.

Owen Winton’s face was terrifyingly dark, “Then who the hell sent this video?”

Just moments ago, he was told he could rest easy, and the next, the thing he feared most happened, Owen Winton was on the verge of exploding with anger.

Matthew Thompson hung his head low, not daring to speak.

Owen Winton gritted his teeth, “The only person who could have the video is that female journalist, it must have been her, where is she now?”

“In... in the hospital, her grandma fell ill suddenly and was sent to the hospital, she’s there with her now.”

Owen Winton took a step back, horror spreading across his face, “Has she come in contact with the Lewis Family people?”

Matthew Thompson clenched his jaw, “...Yes.”

Owen Winton flew into a rage, rushing forward to give him a fierce kick, “How are you handling things? When did this happen? Why are you only telling me now?”
