

She Made a Comeback as a Renowned Doctor

Chapter 990: Chapter 990: An Accidental Fall into the Water

Zoey Sanders picked it up and waved her hand at her, "Thanks."

"Zoey, the person you're looking for sounds really impressive." Nora Brown walked up to Zoey's side. She had just heard their conversation clearly. Someone who could be called Big Boss must be extraordinary.

"Yeah, he is awesome." Zoey said, eyes filled with admiration, "Let's go."

Zoey didn't notice the glint that flashed in Nora's eyes as she turned away.

The two walked a distance and found the docked yacht. Zoey showed the token Eliana Shaw gave her to the staff on board, and they were respectfully invited onto the yacht.

Seeing the luxurious private yacht, Nora's eyes lit up, looking left and right with excitement, "Zoey, it's my first time on such a luxurious boat. The person you're looking for must be really rich."

Zoey pressed her lips, "You've been on the plane for so long, you must be tired. Why don't you eat something and rest for a bit?"

Nora shook her head, "I want to go outside and have a look."

"Then be careful. I'm going to rest for a bit."

"Okay, okay, go ahead."

Following the crew's guidance, Zoey went to the resting cabin, put down her things, and first had a call with Hope Williams to ensure everything was okay.

After doing that, Zoey leaned back in the chair, feeling a bit drowsy.

Soon, a ringing woke Zoey up. She looked and saw it was Joseph Sanders calling.

"Hey, brother."

"Didn't you say you'd be back in two days? Where have you run off to now?"

"I don't even know where I am, but I'm safe. Don't worry, I'll probably be back tomorrow."

"Worry, my ass. Mom's worried sick about you. I won't cover for you next time."

Zoey immediately sat up, "Come on, you're my brother."

"Ha, now you remember I'm your brother. Alright, just take care of yourself and come back soon, okay?"

"Yeah, I promise." Zoey said, and with that, Joseph had already hung up.

Zoey tossed her phone aside, stretched lazily, planning to close her eyes for a nap. She hadn't slept well the night before due to excitement.

Zoey set a two-hour alarm and then peacefully fell asleep...

After who knows how long, Nora burst in with a bright smile, "Zoey, Zoey?"

Zoey awoke slightly groggy, looking at Nora, "What?"

"Come out and help me take some photos."

The yacht was speeding along, and Nora dragged Zoey outside, stuffing her phone into Zoey's hand.

Being forcibly woken up, Zoey's reaction was sluggish. After a minute, she looked at the phone in her hand, frowned, and said, "Didn't you say you lost your phone and wallet, so you couldn't go back home? Then what's this?"

Nora was stunned, realizing she had been caught by Zoey. With a cheeky grin, she said, "Oh Zoey, I just wanted to stay by your side at that time, so I played a little joke."

Zoey shoved the phone back into her hand, "That wasn't funny at all."

Seeing Zoey was angry, Nora quickly caught up, "Zoey, Zoey, don't be mad. I didn't mean to deceive you. I was just worried about you being in danger and wanted to stay by your side. What did I do wrong?"

Zoey shook off her hand, "Nora, I've told you many times, I don't like being deceived. This isn't the first time you've lied to me."

"They were just little white lies, don't be so petty. I came with you, you didn't lose anything. Besides, it was only because you didn't want to take me at first that I had no choice but to lie."

Zoey was taken aback by her words, so it was her fault after all.

"Unbelievable." Zoey didn't want to argue with her and turned to head back to the cabin.

Nora, however, got angry, grabbing Zoey's hand, "Explain yourself. Who's being unreasonable? I just wanted you to take me with you! Do you have to be so stingy?"

"Also, don't you want to share your idol with me because you're afraid I'll take him from you, you little miser?"

Zoey was amused in anger, "You're clearly in the wrong, and yet you blame me? Talking about sharing or taking away, are you nuts?"

"You're just afraid that I'll take away the one you like, so you've never wanted to bring me along. You never treated me like a friend."

"I don't want to argue with you, think whatever you want."

Zoey shook off her hand.

"Come back here."

Nora forcefully yanked her arm, and just then, the yacht suddenly lurched, making Zoey lose balance and slam her back into the railing...

"Ah—"

Nora's pupils shrank as she reached out to grab Zoey, but it was too late.

A splash was heard.
