

She Made a Comeback as a Renowned Doctor

Chapter 994: Chapter 994: Your Future Girlfriend Has Arrived

Zoey Sanders didn't hesitate, chased forward, and shouted, "Liam Cloud."

As her voice fell, the car didn't stop, but the gazes of those around her all turned to her.

Zoey Sanders wanted to chase after but was stopped by a series of cold stares.

Zoey's heart skipped a beat, her eyes slowly moved around in their sockets, she blinked hard twice, and weakly said, "Um... I know... him..."

Sitting inside the car, Liam Cloud seemed to hear a voice calling him, and he slowly opened his captivating eyes.

That voice seemed somewhat familiar...

He tilted his head slightly, looking at the rearview mirror in front of him.

The car was just turning a corner, and when he looked back, there was nothing unusual.

Liam raised his eyebrows, withdrew his gaze, and ignored it.

"Where did Wesley go?" Feeling he hadn't seen Wesley for a long time, Liam asked.

The driver in front replied, "Brother Ruiz went out a couple of days ago; it seems Sister Hope needed him for something."

"Hope Williams?" Liam slightly furrowed his brows upon hearing this, "Why didn't she come directly to me if she needed something?"

Instead of going to that kid Wesley?

Is Wesley's efficiency higher than his?

"Uh... perhaps you were busy."

Liam didn't say much, just took out his phone and dialed Hope Williams.

However, it showed no answer for the time being.

Liam glanced at the phone and directly called Waylon Lewis.

Soon, Waylon Lewis's low and magnetic voice came from the other end, "What's up?"

"Where's your wife?"

Sitting in the hospital waiting for his wife to get off work, Waylon Lewis slightly frowned, "What do you need from my wife?"

"Tsk, why do you have so many questions?"

Waylon chuckled lightly, "Calling my wife's number and reaching me, can't I ask what's going on?"

"Fine." Liam nodded, "It's her who needs something from me, so I'm calling back to ask."

Upon hearing this, Waylon thought for a moment. Previously, Hope had mentioned to him that Zoey Sanders was going to find Liam Cloud, so Hope probably was contacting him for this reason.

Waylon said plainly, "Zoey Sanders went to Country Y to find you."

Liam frowned, "Who did you say?"

"Zoey Sanders."

"Don't know her."

Waylon, "..."

"Why is she looking for me? Do I owe her money?"

"..."

Waylon chuckled lightly, "Yeah, you owe her a love debt, so she came to catch you."

Liam curled his lips, "Do you think I believe you?"

Liam just recalled, it's that girl who was kidnapped, couldn't handle the shock, and got a mental illness.

"Didn't she have a mental illness? Is she okay now?"

Liam remembered Wesley telling him in the hospital that the girl had some stress-related disorder or something.

But that was already about two months ago.

Mental illness?

Waylon was silent for a few seconds without speaking.

“What’s wrong? Why aren’t you speaking?”

“It would have been better if you didn’t remember her.”

Liam squinted, looking out the window, “Tell me why she’s looking for me?”

“She took a liking to you, just like that, I don’t know anything else.” Waylon briefly finished, “Is there anything else?”

Liam paused for a few seconds, his fingers tapping the rhythm idly on the side, “Nothing.”

“Hanging up.”

Liam put down his phone and threw it aside, his dark eyes growing deeper.

“Big Boss, are we going straight back?”

“Yes.”

The car quickly returned to the estate.

Liam got out of the car, and someone immediately approached; it was Felix Shaw, “Big Boss.”

“Hmm.” Liam nodded.

“Big Boss, please wait a moment.”

“Is there something else?”

“Your future girlfriend is here, waiting for you inside.”
