

## SHE MADE A COMEBACK AS A RENOWNED DOCTOR

### Chapter 998: Chapter 998: Reclaiming Her Identity

The cold blade was pressed against her neck, Zoey Sanders wanted to cry but had no tears.

Feeling the knife edge draw closer to her, Zoey quickly shouted, "Which of my words do you think are lies?"

"Every word feels like a lie."

"You're judging my words based on your own standards of truth. What should I say to count as truth? Or rather, why are you so sure I'm lying? Tell me, I'll explain to you."

Zoey held herself taut, swiftly calming down, she looked directly at the man and spoke.

The man looked at Zoey and faintly curved his lips into a smile.

Impressive, she's not scared to tears, even daring to question him in return.

Roman Frost raised his eyebrows, his patience somewhat increased, "Where did you meet Big Boss?"

"Emperor Capital."

“Where did you steal this dagger?”

“I told you, I didn’t steal it, Sister Eliana Shaw gave it to me.”

“She gave it to you?” The man sneered, “She always takes this dagger on missions and never gives it to outsiders, yet you lie.”

The blade pressed closer to her.

Zoey’s body immediately tensed even further.

“I’m not lying, she really gave it to me. She’s the one who brought me to the ship and let me in.”

The man saw her trembling in fear, yet insistent, seeming to believe her a bit, he asked again, “Then where’s the Bypass? If she brought you in, she wouldn’t possibly fail to give you the Bypass.”

“I had it, but I fell into the sea, and everything on me along with the plaque was taken by my friend.”

“So you mean it’s lost?”

Zoey nodded, her big eyes full of sincerity.

“Ha, how convenient, you’ve found an excuse. Such an important thing can be lost, how did you come in then?”

“I showed this dagger to the people at the door, and then they let me in.”

“I see.” The man laughed coldly.

“Yep.” For some reason, Zoey felt he didn’t really believe her words, his laugh seemed rather sinister.

The man stood up, towering over her, “Lock her up, we’ll deal with her when Big Boss returns.”

Lock up?

“Why?”

Roman didn’t answer her, he gestured to have her taken away.

“Also, have those two useless ones at the door receive punishment, letting anyone in, what if she’s a spy from the other side, can they be accountable?”

“Let go of me, I have more to say…”

“No need for more nonsense.”

Zoey Sanders, "..."

The man had already turned and left.

Just like that, Zoey was thrown into the dungeon. Though it was a dungeon, it wasn't as damp and cold as imagined; the surroundings were quite technologically advanced.

Until Zoey's gaze fell ahead, a whole wall covered with various torture devices.

Though the instruments were clean as new, Zoey seemed to see them used on a person, stained with blood—a horrifying sight.

Her body shuddered, she quickly turned her gaze away.

Sighing, she walked to the side and sat down on the floor.

Who would've thought that her first day here, the first thing she'd do was squat in a cell!

Zoey covered her face and chuckled bitterly.

She didn't know where Nora Brown had gone. Once she saw her, she simply had to question her thoroughly—what did she do that caused her to want to kill her.

Zoey stayed in the dungeon for one night.

The next day, she was woken by the sound of conversations.

“I heard a woman came to Big Boss’s house yesterday, named Zoey Sanders, rumors say she might be the future girlfriend of Big Boss.”

“Really?”

“It’s spread all over, can’t be fake, she’s living in Big Boss’s house now.”

Zoey leaned forward to listen, almost thinking she had heard wrong.

Zoey Sanders?

She was right here! Living in Big Boss’s house? Clearly she was in jail!

No way.

Zoey suddenly realized, since she was here, who’s the woman living in Liam Cloud’s house in their words?

Unless... someone is impersonating her!

Who could it be?

Could it be Nora Brown?

Nora must have taken that Bypass to get in here, only she knew Zoey's name, so the one posing as her living in Liam Cloud's house must be Nora Brown!

Zoey instantly burned with anger.

This Nora, was this her goal after pushing her into the sea without saving her?

She must now believe Zoey is dead, so she dares to brazenly assume her identity.

And she didn't mention Liam Cloud to Nora, so Nora thinks she's unfamiliar with Liam Cloud, having never met.

But she's wrong.

Zoey has met Liam Cloud, not just once, they're somewhat familiar too.

How long Nora can maintain this identity depends on when Zoey can meet Liam Cloud.

As soon as she meets Liam Cloud, she will be exposed.

But it's already this point today and she's not exposed, meaning Liam Cloud is not here, it's unknown how long until he returns.

Zoey lifted her head, looking at this square room, she can't stay in this dungeon forever.

If Liam Cloud doesn't come back for ten days or half a month, it means Nora will pose as her for that time.

Her brother and Aunt Williams will surely call her, Nora won't dare answer the phone.

Then, in such a long period, she'd truly be a missing person.

Zoey gritted her teeth.

She can't wait passively, she must escape from here and retrieve her identity.
