

## **A Demoness 871**

### Chapter 871: No One Dared to Move

Jiang Hao's arrival surprised the three individuals.

Lou Mantian, who was originally eating spirit stones, paused, and the spirit stone in his hand fell to the ground.

He picked up the spirit stones bitterly. The old man suddenly stood up.

'Purple energy...'

If he was right, then this person was extraordinary.

The middle-aged man looked shocked.

Many things had been as he had expected, but the appearance of the fierce creature had changed all that.

He couldn't guess what the situation would turn into.

This person might be the biggest variable in recent developments.

Jiang Hao stepped to the edge of the cliff. He was surprised by the three people around him.

Their stares made him nervous.

To make sure everything went smoothly, he activated a trace of purple energy to intimidate the three individuals.

Luckily, it seemed to work.

Among the three, Lou Mantian surprised Jiang Hao the most.

How could a Return to Void Realm cultivator compete for the Sage's Pages?

There was only one possibility. He might not really be in the Return to Void Realm.

His true strength was immeasurable.

Jiang Hao breathed a sigh of relief.

Thankfully, he always treated everyone kindly. Otherwise, it would have been disastrous.

"So, it's you again," Lou Mantian said with a bitter smile. "I always found it strange why I kept running into you."

Jiang Hao looked at him. He was confused.

"When did you find out about me?" Lou Mantian asked. Jiang Hao chuckled. "Senior, you think I'm here for you."

"Are you here to find me?" Lou Mantian asked cautiously.

Jiang Hao shook his head.

"Did you know it was me from the beginning?" Lou Mantian asked. 'I don't even know who you are...'  
Jiang Hao could only pretend not to know.

“I have only one question. And then I will leave. Well... If you are here to kill me, I have nothing much to say,” said Lou Mantian.

Jiang Hao sighed. He had been waiting for Lou Mantian to reveal his identity.

The two people beside them were also curious.

They didn't know anything about these two, but they listened quietly. Sometimes, listening was all it took to find out everything.

“Sure. Ask away...” Jiang Hao said.

Lou Mantian hesitated. “Are you... really Gu Jin?”

The middle-aged man narrowed his eyes and looked at Jiang Hao in disbelief.

‘Gu Jin? How is that possible?’

The old man was also shocked.

Jiang Hao looked at Lou Mantian. He never expected him to ask that.

If it was any other time, Jiang Hao would have admitted truthfully.

But things were now complicated because of the purple energy.

Otherwise, he could have said that Jing and Gu Jin were acquainted.

What was needed right now wasn't to clear up everything but to make it more confusing.

Gu Jin's identity sometimes served as a layer of protection.

Under Lou Mantian's tense gaze, Jiang Hao shook his head. "I just have some connection to him."

"So, you're not Gu Jin?" Lou Mantian asked again. Jiang Hao smiled. "We agreed on only one question."

Lou Mantian was taken aback. He then turned and left.

If the person behind him wanted to attack, he had nothing to say.

But how would Jiang Hao dare to make a move?

A person who was related to Gu Jin was not someone he could mess with.

If he made a move, his identity would be revealed. And that wouldn't be good for Sage's Pages.

Now, he had the power of purple energy and the blessing of Gu Jin. So, Lou Mantian couldn't touch him.

There was no one daring to make a move against him.

Perhaps obtaining the Sage's Pages would be easy.

After Lou Mantian left, there were three groups left on the scene.

"I am Shan Qinghe, the First Master of the Heavenly Tower. We heard about your contribution. It's truly astonishing," said Shan Qinghe with a smile. 'The First Master of Heavenly Tower?' Jiang Hao hadn't expected to meet him here.

The old man beside him was also the same. It was impossible to even guess how powerful they were.

“I am Ying Feiyu from the Heavenly Tower,” Ying Feiyu said politely.

‘Heavenly Tower?’ Jiang Hao thought for a moment and realized that people from the East had all gathered here.

It made sense.

After all, they were from overseas.

“I am Gu,” Jiang Hao said calmly.

He still didn’t reveal his full name.

In the present situation, it was best to keep these people guessing.

This way, his chances of winning would be higher.

Later, he couldn’t make a move himself, or problems would arise.

It depended on whether Hong Yuye would attempt to compete too.

At that moment, under the Jianxin Cliff, there was a continuous surge of spiritual energy as if there were endless hidden currents below.

“Do you know the origin of the Jianxin Cliff?” asked Shan Qinghe.

“Wasn’t there once a powerful individual who attained enlightenment here?” asked Ying Feiyu.

“That’s just a common rumor,” Shan Qinghe shook his head. “According to records, the Dragon Clan once established a Dragon’s Nest in the West. The Dragon’s Nest was originally on the surface of mountains and rivers, but later, it went through some transformation. The Dragon’s Nest went underground after that. When the mountains stabilized, it became the current Jianxin Cliff.” Ying Feiyu was quite surprised.

Although Jiang Hao showed no emotion on his face, he was surprised too.

The area beneath the Jianxin Cliff was the Dragon’s Nest. It might be related to Xiao Li!

He wanted to go down and take a look, but with so many people around, he couldn’t just rush away.

The First Master of Heavenly Tower also dared not act recklessly.

The fact of the Dragon’s Nest was hard to verify.

“Dragon’s Nest?” Ying Feiyu asked curiously. “Why not go down and take a look?”

Shan Qinghe shook his head. “Only those who have the fortune of the West or are of the Dragon Clan can enter it. At present, it seems that there are only four people who can go down.”

Those were the four people who obtained the jade pendant.

Jiang Hao lowered his head. He couldn’t see anything. He had no intention of going down.

If possible, he wanted to bring Xiao Li here.

Unfortunately, it was too far away.

He couldn't bring her here, even with the nine golden rings.

Hong Yuye had mentioned before that one had to be prepared to face danger when teleporting to faraway places.

Although Xiao Li was a member of the Dragon Clan, she was ultimately just a young dragon.

After that, no one spoke.

Jiang Hao remained calm. The Dragon's Nest didn't tempt him much.

If it weren't for Xiao Li, he wouldn't even bother.

If it involved legendary races, there must be dangers that a small cultivator like him couldn't be involved in.

As time passed, Jiang Hao began to feel that something was trying to break free.

Suddenly, he was curious. Was there a connection between the Sage's Pages and the Dragon Clan?

Otherwise, why would they appear here?

Just as he was thinking about it, there was a sound of hidden currents.

It sounded like a surging sea.

Although he didn't see anything, images formed in his mind.

The sea roared, and something emerged from the endless waves.

Then, it rushed toward the sky.

Boom!

Golden light flashed and soared into the sky.

The four people looked up.

Shan Qinghe and the others were ready to fight it.

However, when they saw Jiang Hao standing in place, they chose not to fight.

They also waited..

Chapter 872: Contents of the Sage's Pages

The golden light shimmered, but it didn't bring about any change.

Apart from the sound, there was nothing else.

The sky was clear, the wind was gentle, and the sun was bright.

The golden light was soft.

If people didn't know it was the Sage's Pages, those passing by wouldn't even glance at it.

After a short time, the light dissipated.

A white, metallic page appeared in midair.

None of the three people stepped forward.

Jiang Hao dared not make a move either.

The other two hesitated. They wanted to act, but they were reluctant to do so when they saw Jiang Hao standing still.

They didn't dare to act, especially after seeing the appearance of the Heavenly Fate Misfortune Pearl and the Earth Extreme Silent Pearl.

Although they knew that those pearls wouldn't explode anymore, they were still fearful.

There was no need to make a fool of oneself.

After all, everyone was here just to see the Sage's Pages. Things could be resolved peacefully.

"Friend, you first..." Shan Qinghe looked at Jiang Hao. "Indeed, Friend Gu, you should go first," said Ying Feiyu.

Jiang Hao breathed a sigh of relief.

If not for the appearance of the great vortex, things might not have gone so smoothly.

Without hesitation, he made a gesture, and the Sage's Places flew toward him. It landed in his hands.

At that moment, texts began to appear on the blank pages.

Not only Jiang Hao but also Hong Yuye was curious about the contents of the page.

As the text appeared, Jiang Hao read it.

“The heavens reward those who work hard.”

That was the first line.

Looking further down, Jiang Hao saw the second line, but he couldn't read it.

The same happened with the third line.

When he looked again, he found that all the words had disappeared.

Jiang Hao looked at the people around him with some surprise.

The others looked calm.

“How do you feel, Friend Gu?” Shan Qinghe curiously asked.

Jiang Hao tossed the pages to Shan Qinghe. “Senior, take a look, and you'll know.”

The others sighed in relief. It would indeed be troublesome if it turned out to be nothing.

After a short time, Shan Qinghe nodded and then threw the page to Ying Feiyu.

Both of them looked at Ying Feiyu to see his reaction.

However, the result disappointed Jiang Hao. At that moment, Ying Feiyu looked at the text and nodded. He seemed to be deep in thought.

Finally, he handed the page to Jiang Hao. "Thanks, friend Gu. Since I have finished reading the contents, I won't hold onto it for longer than necessary." With that, he turned and left.

"Well, I won't linger either. This trip was indeed successful," Shan Qinghe said with a smile.

Before leaving, he turned to Jiang Hao. "If you ever come overseas, you can visit Heavenly Tower. I'll express my hospitality in gratitude."

As soon as he finished speaking, Shan Qinghe stepped out and disappeared.

Jiang Hao was quite puzzled. Did these people really understand the contents of the page, or were they just pretending?

Anyway, he remembered only one phrase: "The heavens reward those who work hard."

Fortunately, the pages were in his hands, and he could appraise it.

"Senior, what was your impression?" Jiang Hao asked.

"What did you see?" Hong Yuye looked up and asked.

After explaining everything, Jiang Hao looked at her and waited for her response.

Hong Yuye lowered her head in thought but didn't speak.

After a moment, Hong Yuye said, "This time, the Sage's Pages are a bit strange."

"Strange?" Jiang Hao asked.

But there was no response.

It seemed he had to go back and appraise it himself.

What came after the one phrase that he could read?

Usually, the ancient pages had a record of something. Maybe about the Heavenly Fate Misfortune Pearl or Earth Extreme Silent Pearl...

But he couldn't read anything else after the first sentence.

He didn't even understand what it meant.

Jiang Hao asked about Lou Mantian.

"Senior, do you know who he is?"

Hong Yuye glanced at him strangely and left.

He wondered who would be afraid of him that much...

He had only ever met the corpse in the vortex.

Jiang Hao broke into a cold sweat.

"Senior, is he the avatar of that corpse?" Jiang Hao asked.

"This one is alive," Hong Yuye said calmly.

"You mean revived?" Jiang Hao didn't understand.

“It’s different, but such people always have some means... unknown to others,” Hong Yuye said indifferently.

Jiang Hao breathed a sigh of relief. Fortunately, he didn’t have the habit of offending people for nothing. Otherwise, Lou Mantian would have killed him.

Jiang Hao didn’t rush back. Instead, he planned to find a place to wipe off the rust on the magical treasures.

Jiang Hao suddenly realized why the treasures were so rusty.

It meant that the treasures might be from someone’s grave.

It turned out they belonged to the corpses.

A few days later, Jiang Hao successfully found the city.

After that, many people discussed the phenomenon of the twin suns.

Many people had witnessed that phenomenon.

“It is said that the Sage’s Pages manifested right then,” said someone. “I have a good friend who heard people from the academy saying so.”

“Really?” someone else asked.

“Why would I deceive you?” asked the person. “My friend is at the peak of his strength, and he is legendary. If it were false, how could the army of corpses retreat?”

The retreat of the army of corpses was something everyone had witnessed.

It might be true that the sages might have intervened.

Jiang Hao listened. He felt somewhat embarrassed.

The reality was far from being that impressive.

After finding an inn to stay in, Jiang Hao hid in his room and took out the rusty treasures.

He began to wipe them.

He didn't know how many blue bubbles he would get.

This trip turned out to be profitable.

More importantly, he had gained a deeper understanding of the realms.

This was crucial for future developments, especially for an immortal.

After understanding the realms, he gained a bit of clarity about everything.

It seemed like the mists had dissipated.

The benefits given to him by the West were immeasurable.

"Going to the South?" Chu Jie was surprised.

"Yeah. It's safer to go to the South... at least more than the West," said Bi Zhu.

They were currently in a village. Bi Zhu had rented a place. She was taking care of Chu Jie at least until she healed.

“I can’t go to the South.” Chu Jie shook her head.

“Why? Is there something wrong there?” Bi Zhu asked.

“Well, there’s something not right. I’m from the South. There’s an important person in the South. If I go there and meet them... it won’t be good,” said Chu

Bi Zhu was surprised. “Don’t you want to see them?”

Chu Jie shook her head. “No... It’s just that he doesn’t want to see me now. It’s not the right time to meet him.”

“Why?” Bi Zhu asked.

Chu Jie thought for a moment. “I think he still needs time, so I can’t go. Otherwise, he might not have enough time. The world is small... I might run into him there.”

Bi Zhu was amazed.

Who could mean so much to someone at the Heavenly Dao Foundation Establishment Realm?

It seemed like they were of the same age. Could someone really be compared to someone with Heavenly Dao Foundation Establishment?

In Bi Zhu’s opinion, even the Grand Earth Emperor was no match for her..

Chapter 873: Appraising the Sage’s Pages

This time, the treasures were not as precious as before.

The first time he bought them, there was a sword embryo, but this time there was nothing of that level.

However, they weren't ordinary either.

There were a total of seven treasures.

The shield and armor were the largest and were the most difficult to clean.

When wiping the shield, some white bubbles fell out.

[Strength +1]

[Spirit +1]

He was halfway through wiping but found no blue bubbles. Fortunately, when he was almost done, one blue bubble appeared.

[Lifeblood +1]

[Cultivation +1]

He got four blue bubbles from the shield.

The gains weren't too bad.

Next was the longsword. There was a hint of sword intent there, and he could try to activate the sword embryo.

This time, he got three blue bubbles.

He wiped the remaining five treasures.

There were no surprises this time.

In total, he got eighteen bubbles.

He had wiped seven treasures and gotten eighteen bubbles. It wasn't as many as last time, but it was still great.

After that, Jiang Hao looked at his interface.

[Name: Jiang Hao]

[Age: 38]

[Cultivation Realm: Early Stage of the Immortal Ascension Platform]

[Cultivation Method: Heavenly Sound Hundred Revolutions, Hong Meng Heart

Sutra]

[Divine Ability: Nine Revolutions Death Substitution (unique), Daily Appraisal,

Clear and Pure Heart, Reappearance of Hidden Spirit, Divine Might, Revival of Withered Tree, Heavenly Cauldron, Indestructible Vajra]

[Lifeflood: 82/100 (can be cultivated)]

[Cultivation: 80/100 (can be cultivated)] [Divine Abilities: 2/3 (cannot be obtained)]

Jiang Hao felt quite sentimental.

He was already at eighty points. He wasn't that far from advancing to the next stage.

He had advanced to the early stage of the Immortal Ascension Platform at the age of thirty-six. That was two years ago.

It had taken him two years to reach this stage. It was quite difficult to advance.

Jiang Hao took out the Sage's Pages.

It was time to appraise them.

He activated his divine ability.

[Ancient Sage's Pages: The mark of the era. It is interwoven by karma and records the most remarkable things in this era. It will affect the progress of heaven and earth. The contents of this page have been taken away. The karmic aura is slow, so it's difficult to pry into the contents of the pages.]

Jiang Hao was somewhat surprised. 'What does it mean "taken away"?'

The Heavenly Dao Foundation Establishment had already appeared, so what remarkable thing had yet to happen? "What would be the most outstanding thing in this era, then?"

'The heavens reward those who work hard...'

Jiang Hao remembered the first sentence.

He shook his head. He didn't understand what was going on.

If the contents of the page were difficult to peer into, did the First Master of the Heavenly Tower and the others really see it?

Jiang Hao didn't know.

Even if it meant it was difficult to peer into, it might still be possible.

Perhaps he could peer into the content.

With his current knowledge, he couldn't see anything yet.

Jiang Hao closed his eyes and began to refine his cultivation.

He decided to sell some items tomorrow and then return.

The trip had been very fruitful.

Early the next morning, Jiang Hao received a message on the stone tablet. There was a gathering tonight.

It seemed that Senior Dan Yuan was very well informed.

At noon, he went to the city's largest treasure store.

“What treasures do you want, Fellow Disciple?” asked the woman at the counter.

Jiang Hao calmly said, “I’m here to sell treasures.”

“Sorry, we don’t...”

Before she could finish her sentence, Jiang Hao’s Return to Void Realm aura manifested.

The woman, who was only at the Golden Core Realm, felt terrified.

She quickly said, “Please come inside, Senior.”

Jiang Hao met a strong expert at the Return to Void Realm inside.

Jiang Hao released the Immortal Ascension Platform aura and suppressed the Return to Void aura.

Soon, the person addressed him politely and asked what he wanted to sell.

The treasures were extraordinary, so Jiang Hao had to find someone with a high cultivation realm.

Otherwise, it wouldn’t be possible to sell them at a good price.

Firstly, Jiang Hao sold ten thousand spirit swords.

He made a profit of forty thousand spirit stones.

After that, Jiang Hao bought the first set of treasures he purchased and the two other special treasures.

He sold them for a total of 150,000 spirit stones.

He now had 200,000 spirit stones.

Suddenly, he was wealthy again.

It seemed that Lou Mantian had really been his benefactor.

He now had a sword embryo, shield, longsword, two gold rings, and a robe that needed to be sold.

If he could sell them all. He would get a lot of spirit stones.

However, these treasures were damaged, and he needed to repair them before selling them.

“Do you repair magical treasures here?” Jiang Hao asked.

“Of course.” The middle-aged man nodded.

Jiang Hao handed the robe to him and asked if it could be repaired.

After inspecting it, the man said, “I can do a simple repair, but a complete restoration of this robe would be very challenging.”

Jiang Hao took out two gold rings and asked the same question.

The cost of repairing the three treasures would be about twenty thousand spirit stones.

The shield needed to be completely rebuilt.

“Rebuilding can be very expensive. The starting rate is 100,000 spirit stones and will take three months,” said the man.

Jiang Hao sighed.

It was not only expensive but also time-consuming.

The pickaxe could still be used. He decided to buy a new one if it got damaged. It shouldn't cost too many spirit stones.

Jiang Hao returned to the inn.

His journey and purpose in the West were at an end.

He had done everything that needed to be done. It had been an adventure without much risk.

He had gained quite a lot as well.

He had obtained many bubbles, the Sage's Pages, and treasures.

“Senior?” Jiang Hao knocked on Hong Yuye's door.

She didn't respond. He pushed open the door.

He saw Hong Yuye sitting by the window. She was looking out and was lost in thought.

Jiang Hao walked to her and looked outside the window. He didn't see anything striking.

“Are you heading back?” Hong Yuye asked. “Yes.” Jiang Hao nodded.

“Let’s go then.” Hong Yuye stood up.

Jiang Hao looked at her and nodded.

He didn’t know how she intended to go back.

After hesitating for a moment, he reached out and tried to take her hand.

Hong Yuye looked at him carefully and extended her hand in response.

The two disappeared on the spot.

Jiang Hao had already paid for the room in full. So, it would be no trouble for the innkeeper.

“No news at all... Jing Dajiang sighed.

He wanted to find that person, but he couldn’t find him anywhere. It was as if he had disappeared from the world entirely.

“The chef of the noodle shop is back at the shop. She said the special fortune has disappeared, and the merging of the ancient and modern worlds is at an end. She also said that Gu Jin’s trace has disappeared completely,” said the bearded old man.

Jing Dajiang felt quite regretful.

He felt like he should have asked the questions when he had the chance.

He had assumed they would meet again. Who knew the person would be gone without even a goodbye in the end? It might be another hundred or a thousand years before they met again.

Unfortunately, it was a farewell without warning..

Chapter 874: I'm Not Going To The Heavenly Note Sect

In the Heavenly Note Sect, two figures appeared in the wooden house that was Jiang Hao's place.

It was Jiang Hao and Hong Yuye.

Jiang Hao immediately let go of Hong Yuye's hand.

He left a ring in the western region.

It was covered with Hong Yuye's power, so it could be left there for now.

It was far away, so it was convenient to leave it there.

However, he was short of golden rings.

He had a total of eight sub-rings and one main ring. One for the courtyard, one for Xiao Li, another for spirit beast, one for the Corpse Realm, one for Hong Yuye, one for the western region, and one that he kept with himself. That accounted for six of the rings.

He only had two that he could use.

He needed to think about it carefully, especially when using it to kill someone.

It wouldn't be as easy.

"Go prepare the bath," said Hong Yuye.

Jiang Hao didn't dare to hesitate.

After preparing the bath, Hong Yuye entered it.

Jiang Hao sat at the door.

He had made sure everything was neat.

It seemed that Xiao Li had cleaned it in his absence.

In the courtyard, he found that the peach tree had already borne fruit.

Quite a few of the fruits were gone.

He plucked one and tasted it.

It was even sweeter than before.

After so many incarnations, the only change in the fruit was its sweetness. There were almost no other changes.

It still grew like an ordinary fruit tree.

Time passed quickly, and midnight approached.

Jiang Hao sat in the courtyard and waited for the gathering to begin.

The call for gathering meant something important was going to happen or had already happened.

At midnight, Jiang Hao entered the public area.

He had been here many times, but it felt incredible every time.

He needed to find the mastermind behind the stone tablets. That was what Hong Yuye was after.

So far, there were no clues.

Jiang Hao noticed that Zhang wasn't there this time.

She might be advancing to another realm.

It was evident that breaking through to the Immortal Ascension Platform was no joke.

It was unfortunate for those who had missed their opportunity before.

Not everyone could open the path to immortality.

The situation with Shang An had been extraordinary.

For a while, the number of people at the gathering returned to what it was before Zhang.

"Greetings, Senior." The four people bowed to Senior Dan Yuan. "Any issues with your cultivation?" Dan Yuan asked.

No one spoke.

Zhang had officially embarked on the path to immortality.

Gui asked, "Did Zhang succeed?"

Xing and Liu were also very curious.

After all, they were all partners in this group. They were quite concerned for each other.

Dan Yuan smiled.

"Zhang has passed the most difficult period. It is unlikely that there will be any accidents."

Everyone was surprised.

There was suddenly a lot of pressure.

Although no one explicitly mentioned their cultivation realm, they assumed they were at a similar level.

But now, since one of them was advancing to the Immortal Ascension Platform, the others felt the pressure.

Jiang Hao was not under much pressure. He always kept things friendly with everyone.

He didn't interact with them much and kept himself mysterious.

What he lacked most now was time. After going out once, he found that his current cultivation realm was still not enough in certain situations.

It was better to stay in the Heavenly Note Sect.

“The Sage’s Pages are gone, so the task is at an end,” said Dan Yuan. He looked at Xing. “The thing you asked for is at the Jianxin Cliff. If you need anything else, you only need to ask.”

Xing hesitated for a moment and decided to wait a bit longer.

Dan Yuan had no objections.

Later, he asked about Old Man Corpse Sea.

However, no one in the gathering knew his location.

After the transaction with Senior Dan Yuan ended, Gui spoke up.

“I don’t have anything in particular. Do any of you have something to discuss?”

“I’ve finished my transaction with Liu and currently have nothing on my plate,” Xing said.

Liu shook his head.

He knew that Gui wanted to talk about other matters, and he felt the same way too.

They needed to understand what had happened in the western region first.

Since there was no more trade to do, they went straight into casual conversation.

Gui said, “Did you all witness that big battle? The one with the Heavenly Dao Foundation Establishment was defeated and...”

She looked at Jing.

Liu did the same.

Xing was curious. "What exactly happened? I'm in the East, and I don't really understand what happened."

"Later, the Earth Extreme Silent Pearl and the Heavenly Fate Misfortune Pearl appeared. It entered the vortex of the West. It occupied the entire western sky. The True Dragons turned into twin suns and covered the entire sky," said Gui.

Xing was surprised.

The western region was truly in danger this time.

Then he looked at Jing. He had both the pearls.

Jing finally said, "I am acting on someone else's behalf."

Everyone was surprised.

The information was overwhelming.

Gui thought for a moment. "Do you know Gu Jin?" Jiang Hao didn't respond.

"I heard the corpse ended up dead," said Gui.

"He still has an avatar." Jiang Hao's voice was low.

Letting these people know about the avatar would give Lou Mantian something to deal with.

It would create problems later.

Surpassing that enemy wasn't possible in the near future.

Gui and others took note of it.

It would be useful to see that information.

They didn't know who it was, and it was not easy to ask Jing.

If Zhang were here, she would definitely ask about it.

At this point, Dan Yuan said, "Jing, do you know who the avatar is?"

"Lou Mantian," Jiang Hao said.

He had been waiting for someone to ask the question.

Gui disappointed him this time by not asking the most important question. When Senior Dan Yuan asked if he had any questions, Jiang Hao shook his head.

Xing thought for a moment. "Who finally obtained the Sage's Pages?" "It's with me," said Jing.

Gui and others were surprised. Why did everything seem to be with Jing?

But when they thought about it, it made sense that Jing was involved. He had two deadly pearls on him, after all.

"Jing, can you tell us what was in the pages?" Xing asked. "You can also state what kind of reward you need in advance."

The gathering was naturally a place for trade. Anything could be traded.

However, Jiang Hao shook his head. "If you want to see it, you can have it." Xing thought for a moment and looked at Gui.

The latter looked puzzled. She didn't want to go to the Heavenly Note Sect..

Chapter 875: Is It For Xiao Li?

"Gui, are you going back to the South?" Xing asked. It would take too long to travel from East to South.

It was better not to go.

Gui, on the other hand, was from the South. It would be much more convenient for her to go to the South.

"Jing, you are still in the West, right?" Liu asked.

Jiang Hao shook his head. "I have already left the West."

He did not say where he was. As for the Sage's Pages, it remained in Jiang Hao's hands in the Heavenly Note Sect.

The reason why Xing sought out Gui was because of that.

Only Gui had traded with Jiang Hao before, so it was the most convenient.

"Do you want me to bring it directly to the East?" Gui asked.

She didn't want to go to the Heavenly Note Sect, but she didn't want to refuse. The rewards usually were good for these kinds of jobs.

She might even be able to see the contents of the Sage's Pages for free. Secondly, she could get many benefits from it.

This kind of opportunity was rare.

"If Jing is willing, you can just tell me the contents of the pages," said Xing.

Jiang Hao didn't mind. "Sure." He nodded.

Gui could find Jiang Hao in the Heavenly Note Sect.

Gui was curious about who possessed the Heavenly Fate Misfortune Pearl this time.

Being able to see the contents of the Sage's Pages was still a pleasant surprise.

"What reward do you want, Gui?" Xing asked.

"Another set of the Heavenly Bestowed Technique from the Heavenly Spirit Tribe," Gui said.

Xing nodded.

He asked Jiang Hao what he needed.

After thinking for a moment, Jiang Hao said, "Let's discuss it next time."

He didn't have anything he wanted right now.

Moreover, he had to wait until the trade was complete.

There was still plenty of time, and there was no rush.

Jiang Hao said, "There might be a Dragon's Nest beneath the Jianxin Cliff." The others were surprised, especially Liu.

He had gone to the West for the Dragon's Nest. He had given up and left, but unexpectedly, he had learned about the location.

"But to go down, you need someone with the Jade Pendant of Fortune or a member of the Dragon Clan," Jiang Hao said.

Liu looked at Gui. "Do you have a way to go down? I want to obtain a book from the Dragon's Nest."

"I might." Gui nodded.

"What do you want in exchange?" Liu asked.

"All information about the Heavenly Spirit Tribe. The more detailed, the better," Gui said.

Since she was going to the Heavenly Spirit Tribe, she needed all the information she could get.

"Okay. I'll get it for you." Liu nodded.

Jiang Hao was surprised that there were actually two people asking about the Heavenly Spirit Tribe.

The only reason he had disclosed the information was to see if someone could go down and take a look.

The incident shocked everyone in the West. They were all discussing it.

After the discussion, the gathering was at an end.

Jiang Hao opened his eyes in the courtyard.

He took out a book to record the event.

The task of the Sage's Pages was complete. The remaining task was to find out about Old Man Corpse Sea.

He had a pending reward from Xing for the Sage's Pages. Gui might arrive in the sect in a few years.

Liu seemed quite interested in the information about the Dragon's Nest. He asked Gui to check too.

There wasn't much else worth recording.

In theory, Zhang also owed him a reward.

Unfortunately, she was in the process of advancement, and it was uncertain when that would end.

After putting away the pen and books, Jiang Hao sighed.

The affairs in the West were considered complete.

It had little to do with him. The Dragon's Nest and the Sage's Pages needed time to reveal their answers.

There was no need to pay too much attention to them right now.

In the days to come, he would focus on living an ordinary life in the sect.

He wanted to take care of the Spirit Herb garden during the day, make talismans, and study the nameless manual at night.

This time, he had a deep understanding of the realms, so he could help Lin Zhi and Cheng Chou.

As for Chu Chuan, he had already left the mountain.

His path was bound to be extraordinary, so he would figure it out on his own.

It was unknown what he would achieve.

Besides, it would be impossible for him to reach the East in just a few hundred years.

In a few years, the one with the Heavenly Dao Foundation Establishment would have become an immortal.

Moreover, she would become someone with great fortune.

Surpassing someone like that was nearly impossible.

The chances available to normal cultivators, the things they could perceive, and the opportunities they could encounter in the world were limited. But the one with the Heavenly Dao Foundation Establishment was born with talent and gift.

No matter how many opportunities one had, it was impossible to surpass her.

Zhang, for example, was at least four to five hundred years old.

Chu Chuan's talent and opportunities were far less than others. For him to become an immortal, it would take at least seven to eight hundred years or even a thousand years.

On the other hand, someone like Chu Jie with the Heavenly Dao Foundation Establishment would only need a little over two hundred years at most.

Chu Chuan's journey would be very difficult.

If he could meet him during the next trip, it would be good to check in on him.

Jiang Hao picked a peach and took a bite.

"Is it sweet?" asked a sudden voice from behind.

Jiang Hao quickly turned to see Hong Yuye in a red dress.

"I was just tasting it. It's quite delicious," he said as he handed it to Hong Yuye.

"This one is sweeter."

"What if it's not sweet?" Hong Yuye took the peach and smiled.

"Then, I'll eat it." Jiang Hao lowered his head.

Hong Yuye took a bite and then looked at him. "Do you think it's sweet or sour?"

Jiang Hao didn't know how to answer. It should be sweet.

Hong Yuye glanced at him and sat down. "There are quite a few things in your courtyard."

“They are all yours, Senior,” Jiang Hao said respectfully.

Hong Yuye chuckled.

After that, they continued to eat peaches. “Did you attend the gathering?”

“Yes.” Jiang Hao nodded.

Then, he began to talk about the situation at the gathering.

He told her about Old Man Corpse Sea and Sage’s Pages. Hong Yuye listened attentively.

When he mentioned the Dragon’s Nest, Hong Yuye asked, “Are you paying attention to that because of Xiao Li?”

Jiang Hao nodded.

“Did you feel anything when you approached the Jianxin Cliff?” Hong Yuye asked.

“Feel anything?” Jiang Hao thought carefully and shook his head. “No.”

He hadn’t felt anything strange.

Hong Yuye didn’t say anything.

Jiang Hao recalled the events from the gathering. “Is it because the Dragon Clan is about to appear? People from Clear Sky School are also looking for the dragon’s location. It seems the same overseas.”

“You have a dragon here. Why don’t you think the Dragon Clan could have actually appeared?” Hong Yuye smiled. “If others are looking for dragons, wouldn’t they find their way here?” Jiang Hao was stunned.

He hadn’t thought about that.

Xiao Li was a True Dragon, and she also had a Dragon Pearl.

If others were on a hunt for dragons, it wouldn’t be impossible for them to find their way here.

It seemed that he needed to pay close attention to it.

Next time, he could ask Xing to find out more about the information Clear Sky

School had on dragons..

Chapter 877: Old Sea Corpse Man Things The South Is Safe

Jiang Hao was about to explain, and Cheng Chou was naturally very happy to listen.

However, it was the first time Senior Brother Jiang had spoken so seriously.

Moreover, he mentioned the Golden Core Realm.

Cheng Chou dared not be negligent.

“From the Lifeblood Refinement Realm to the middle stage of the Foundation Establishment Realm?” Cheng Chou asked.

“You are still in the middle stage right now. I can’t go into details for the later stages. I can only give a rough explanation. When you reach the late stage, I will explain more to you again,” Jiang Hao said.

Cheng Chou nodded in gratitude.

After that, Jiang Hao walked inside. At that moment, two Lifeblood Refinement Realm disciples exchanged glances. They were wondering whether they could follow and listen.

“I heard that Senior Brother Jiang is proficient in the Blood Wish Path.”

“What exactly is the Blood Wish Path? I only know that Senior Brother Cheng Chou isn’t very highly regarded. Everyone said that he had no hope of reaching the Foundation Establishment Realm, but he is now in the middle stage of the Foundation Establishment Realm. What about us?”

The two disciples thought that if it could help them, the Blood Wish Path wasn’t really that wrong.

The two quickly followed.

They wanted to hear the explanation from the other side.

In the Spirit Herb Garden, in front of a simple pavilion, Jiang Hao sat at his usual spot, and Cheng Chou sat near him and listened.

“Let’s start from the very beginning with the Lifeblood Refinement Realm. Absorb the faint spiritual energy and gradually adapt. This is the most basic cultivation method. After cultivation, sensing spiritual energy becomes commonplace. Few people experience the process. Today, I will help you understand this process. Establishing the foundation, nurturing the essence, and building a solid foundation will pave the way for future achievements.”

Jiang Hao explained slowly and clearly. But as it progressed, Cheng Chou became even more confused. He knew it was due to his limited talent. However, diligence could compensate for a lack of skill, so he made sure to note down all the key points.

Jiang Hao looked at Cheng Chou, not continuing his topic but waiting for him to finish recording.

If he couldn't remember, it had to be noted down.

Otherwise, wouldn't everything be in vain?

As Jiang Hao explained, the others followed in excitement. The shackles that bound them were completely shattered, and they unexpectedly broke through to the sixth level of the Lifeblood Refinement Realm.

Others benefited immensely.

Over time, more people came, and they quietly listened in without asking more questions.

Most were in the Lifeblood Refinement, but there were also groups of three or two in the Foundation Establishment Realm.

Some other people observed from a distance. However, seeing one breakthrough after another, they couldn't restrain themselves.

"I'll go listen in too." A ninth-level Lifeblood Refinement Realm cultivator hesitated for a long time but walked over.

He had already prepared a Foundation Establishment Pill, but he still wasn't confident.

His friend wanted to hold him back but ultimately gave up.

After a short time, he suddenly gained enlightenment, swallowed the Foundation Building Pill, and broke through on the spot.

His friend, who was looking from afar, found it unbelievable.

He hesitated for a long time but didn't go over. Just as he approached, he heard Senior Brother Jiang calmly say, "That's it for today. Go back and study. If you have any questions, come and ask me."

The session ended, and those who had just arrived left in a daze.

Jiang Hao didn't care about them. Whether it was the Blood Wish Path or something else, he was just explaining things to Cheng Chou.

Others could listen if they wanted. After all, he only talked about Lifeblood Refinement Realm and Foundation Establishment Realm. Perhaps many people felt that he was only researching the Blood Wish Path, and only those with weak cultivation would be most likely to become his Blood Wish Path disciples. After everyone dispersed, Jiang Hao began to manage the Spirit Herb Garden.

He was only three months away, but it felt like it had been a long time.

Every time he went out, he felt that.

When he finished his work, it was already evening.

After hesitating, he went to the Task Hall.

The senior sister at the Task Hall welcomed him warmly.

Jiang Hao was curious. If he told her that he had fulfilled the task successfully, would her face change?

"Junior Brother Jiang, has the mission been completed?" she asked.

Jiang Hao shook his head.

“It’s okay.” She smiled. “It’s a bit of a shame, but it’s alright. You can take easier missions and still venture out for two months more. Although you are still on the suspect list, we have other ways to help you.”

Jiang Hao admired Task Hall’s determination to earn more spirit stones. He paid a thousand spirit stones and decided to settle the rest of the due within the next two months.

As he left, Jiang Hao suddenly remembered that he hadn’t received a sect mission for quite some time. Perhaps it wouldn’t be long before he was asked to go on a sect mission.

He needed to meet Junior Brother Han. He might be close to advancing.

Back at his residence, Jiang Hao took out the Mountain River Sword Embryo. Placing another sword beside it, he exerted force to try to extract the sword’s intent and activate the sword embryo.

The sword embryo showed no reaction. The sword’s intent alone was not enough to activate it.

After some hesitation, he stuck the sword embryo outside the courtyard to see if anyone would be interested. Ordinary people couldn’t detect this sword embryo unless they were fated.

Later, Jiang Hao returned to the courtyard and began crafting talismans. There was nothing urgent. He needed to earn spirit stones to digest the divine soul of the Holy Master.

He still had two hundred thousand spirit stones. But he didn’t want to throw them all in together.

At least ten thousand had to be left for the incarnation of the Immortal Peach Tree.

After a few more times, the peach tree would be at its final incarnation.

Jiang Hao wondered what would happen. A divine tree wouldn’t be that simple.

In the West, Old Man Corpse Sea glanced at the sky and then walked to the South.

“There is no immortal sect over there, and I haven’t explored it properly before.

I’ll take a look properly this time.”

Due to the Heavenly Fate Misfortune Pearl, he didn’t want to stay in the West. The situation here was more complicated than expected.

The loss of an avatar was somewhat regrettable. At least it should have died meaningfully.

Going to the South might be safer, and he also wanted to see what was there.

He was always curious about why there was never an immortal sect in the South.

The Bright Moon Sect and the Clear Sky School were willing to stay together in the East.

“I’ll go and see if I find something.”

Could the South be more dangerous than the West had been anyway? Bi Zhu looked at the now recovered Chu Jie in some disbelief.

“When you came back, you were seriously injured. Is it better now?”

“Yeah, it’s better. Actually, it wasn’t much of an injury.” Chu Jie turned around.

“But I feel like your recovery was so quick.” Qiao Yi was surprised.

She had checked her pulse and treated her wounds. They had been so bad that it was practically impossible to recover so quickly. The pain would have been unbearable to an ordinary person.

It had suddenly gotten better. This person was different from ordinary people.

Bi Zhu also looked shocked.

“Where do you plan to go, Chu Jie?” Bi Zhu suddenly asked.

“I’ll wander around and see what comes up. My journey is a starting point and an endpoint at the same time.”

“Then, let’s go to the Dragon’s Nest.” Bi Zhu smiled..

Chapter 878: They Are Competing For A Woman

In the Bright Moon Sect in the East, Xu Bai stood on top of a mountain peak.

He was like a giant between heaven and earth.

“Looks like you’re almost there...” A middle-aged man walked to Xu Bai.

“Still quite a bit to go.” Xu Bai shook his head. “Master, is there news?”

“The Heavenly Spirit Tribe does show signs of recovery, and the Master of the Heavenly Saint Sect is accelerating his descent. There’s a high probability that the immortal seed is about to bloom again.”

“Can’t it be stopped?” Xu Bai asked.

“Hard to say... but we can try to suppress it. The thing should still be with the Heavenly Spirit Tribe, and those who have achieved immortality can’t enter.

You have to go in person,” said the middle-aged man. “We just need to buy two hundred years for Chu Jie. The hearts of the saints of the Clear Sky School have already become immortals, and they don’t care. But the old guys from various races have started to stir things up, which might affect the great fortune.” “Is there a chance of success for Junior Sister Chu?” Xu Bai was curious.

The middle-aged man sighed. “She wants to walk the mortal world and face dangers on her own. No matter how many people in the sect oppose it, it’s useless. She insists on forging her path to immortality. Do you think she can succeed?”

“What?” Xu Bai was surprised.

“The Heart of the Heavenly Dao...” The middle-aged man looked even more helpless. “Many people in the sect are worried that she might end up dead too soon...”

The more special someone was, the more difficult their journey would be. It was easier for them to end up dead faster.

Every race would try to get rid of someone with the Heavenly Dao Foundation Establishment.

Chu Jie had already condensed the Heart of the Dao. They dared not spread that news.

“If it weren’t for that person’s help, Chu Jie would have been in danger.” The middle-aged man was a bit puzzled. “That person has helped us twice in a row now, but they still refuse to show up.” Xu Bai lowered his head.

“Master, shall I set off?” he asked.

“Go to the South.” The middle-aged man thought for a moment. “Take something to the Grand Earth Emperor. Maybe he can help. Just don’t... die.”

Xu Bai nodded and left on his flying sword.

He went out alone, and it would take quite a while to return.

In the Heavenly Note Sect in the South, Jiang Hao picked a peach early in the morning.

Xiao Li stood at the door and watched him sneakily.

She stared at the peaches in his hands.

Jiang Hao felt like he had somehow taken Xiao Li's peaches.

Xiao Li stared at him for a while and pouted as though someone had snatched her food away.

"Is this yours?" Jiang Hao asked as he extended a peach in his hand. "I've been taking care of it for a long time." Xiao Li walked in.

'Taking care of it?'

Jiang Hao felt like he had committed a crime.

After handing over the uneaten half of the peach, Xiao Li smiled.

She took the spirit beast to swim.

Jiang Hao felt that it was quite interesting that Xiao Li was teaching the spirit beast to swim.

He remembered the blue fish. It never came back.

It had informed him about the Abyssal Dragon Pearl. He wanted to know more, but it had never come back.

Jiang Hao saw a young man as he walked out of the courtyard. He stood on the opposite bank of the river and gazed at Jiang Hao.

“Senior Brother Jiang, you’re back.” It was Han Ming.

He was in the middle stage of the Golden Core Realm.

Jiang Hao couldn’t help but sigh. Junior Brother Han was impressive.

His aura was extremely dense.

“Junior Brother Han, here to challenge me again?” Jiang Hao asked with a smile.

“Yes.” Han Ming nodded. “This time, I hope you’ll be on your guard. Otherwise, I might hurt you.”

“Junior Brother Han, I see you’re confident. I guess you came across something extraordinary,” said Jiang Hao. “With your talent, no one on the Cliff of Broken Hearts is your match. It’s just a matter of time before I’ll be defeated by you.” Han Ming snorted. His aura surged.

The space around changed and an invisible force surged toward Jiang Hao.

He remained calm and composed.

The pressure gradually intensified, and Xiao Li and the spirit beast hid.

“Beast, is Senior Brother Han fighting with Senior Brother Jiang?” “No. That is just a competition. Maybe they are fighting over a woman.”

“Fighting for Senior Sister? How is that possible? Senior Sister only has Senior Brother Jiang’s scent on her, and Senior Brother also has her scent on him. They are a perfect match.”

“Nonsense! Master is like a lion. There might be many mistresses throwing themselves at him...

“Hmph! That’s useless. Senior Brother Jiang doesn’t care about any of them.”

“The mistresses that Master chooses may not value us. How about each of us finding a mistress for Master?”

“No way...”

Xiao Li directly covered her ears and didn’t listen to the spirit beast.

At that moment, a flash of sword light passed by.

A loud rumbling sound followed, and the light of a sword and the sweep of a blade resonated together.

For a moment, the sword light and the blade light clashed.

The river water was stirred up into the air.

When the water fell again, they landed on Han Ming.

At that moment, the sword in his hand fell. He had lost again. Han Ming looked at Jiang Hao in disbelief. “Senior Brother Jiang, you’ve advanced?”

“Junior Brother Han, you’re very talented. I just got lucky. If I hadn’t advanced at the last moment, I would have lost...”

Han Ming bowed to Jiang Hao and left.

Jiang Hao didn't pay too much attention to it.

Han Ming's sword intent was indeed pure, and it was a pity that such a pure sword cultivator did not have a place in the Heavenly Note Sect.

It would be extremely difficult to teach Han Ming. It was not impossible to find resources, but there weren't many people who could teach him in the sect.

Han Ming could only study on his own.

'When did Han Ming start on this path?' Jiang Hao thought for a moment.

The sword embryo appeared.

It had turned into a seed and had the potential to grow strong.

Shaking his head with a sigh, he turned and headed to the Spirit Herb Garden.

Unlike Jiang Hao, Han Ming returned to his house dejectedly.

He had consumed too much energy to fight Jiang Hao, so he wanted to rest.

As soon as he lay down, he felt a bit uneasy.

He opened his eyes again. "What's going on?"

He sat cross-legged on the bed, checked his condition, and lay down to rest again.

He felt discomfort in his chest.

It seemed like something was missing there.

He got up again.

He couldn't find the reason for it.

He could only go out to practice the sword. However, the more he practiced, the more he felt something was wrong.

It seemed that the power of the sword was different from before.

It felt restrained.

“What is affecting me?”

He had a lot of experience in sword cultivation. He knew that his condition wasn't right. It was being influenced by something else..

Chapter 879: Junior Brother Jiang, Wait For Me To Advance And Find You A Partner

Han Ming sat in front of the house and looked up at the sky.

He sat there from day to night but couldn't figure out what was affecting him.

It seemed to have started after returning from sparring with Senior Brother

Jiang.

“Is it an inner demon?”

Han Ming doubted whether his defeat had given rise to an inner demon.

He hadn’t admitted defeat yet, so how could there be an inner demon?

He hadn’t experienced an inner demon before, but this didn’t feel like it.

At that moment, he felt something strange, and the sword in his hand became ordinary.

When practicing the sword, movements had to be unrestrained.

It should feel like an extension of his limbs.

It shouldn’t be like this.

So far, he had never seen this sword.

Han Ming couldn’t understand it and could do nothing but try to hide his condition.

He would practice like he always did and improve.

Otherwise, he wouldn’t be able to make any progress and surpass Senior Brother Jiang.

Senior Brother Jiang's cultivation was advancing rapidly, and he needed to be even faster.

One day, he would defeat Senior Brother Jiang.

By then, he would be a senior.

Around early October, Jiang Hao had completed most of what needed to be done. He only had to meet Lin Zhi now.

The Candlelight Pill Pavilion was slowly returning the spirit stones that they owed the garden.

Cheng Chou didn't dare to provoke them.

Many people in the Candlelight Pill Pavilion respected Jiang Hao whether they were in the Golden Core Realm or the Primordial Spirit Realm.

The group of Foundation Establishment Realm alchemists dared not offend Jiang Hao.

While Jiang Hao tended the Spirit Herb Garden, the spirit beast and Xiao Li played on the side.

They strolled around the Spirit Herb Garden to make sure everything was okay.

Every few minutes, it went to report to Jiang Hao.

"Junior Brother Jiang?" said a voice behind Jiang Hao.

It was Senior Sister Miao Tinglian.

Jiang Hao didn't care who was in the Spirit Herb Garden as long as it wasn't

Miao Tinglian.

He didn't want to see her.

Senior Sister Miao Tinglian was very good to him, so he shouldn't treat her that way, but she was always trying to set him up with other women.

"Senior Sister Miao, how are you?" Jiang Hao said.

Senior Sister Miao Tinglian had healed completely. The danger from the Holy

Master was over.

After all, it was the matter with the Holy Master.

Fortunately, the Heavenly Note Sect had strengthened their security, so it was difficult for the spies to sneak in.

"Are you already in the late stage of the Golden Core Realm?" she asked in disbelief.

"Yeah, I got lucky," he said.

"How old are you now, Junior Brother Jiang?" Miao Tinglian asked.

"Thirty-eight, I think." Jiang Hao sighed.

He wasn't young anymore. He had been only nineteen when he made it to the Foundation Establishment Realm. It seemed like only yesterday. Time passed by so fast.

“Late stage of the Golden Core Realm at thirty-eight?” Miao Tinglian couldn’t believe it. “You’ve caught up to me in cultivation already?”

“Senior Sister, you haven’t had much time to cultivate,” he said.

In fact, Senior Sister Miao Tinglian had very high talent. If she worked hard, she could advance rapidly.

Unfortunately, her progress was too slow because she kept focusing on other unnecessary things.

“That won’t do. The juniors I’ve been meeting aren’t worthy of you. I can’t talk to those with higher cultivation because they won’t hear me out at all. I’ll discuss it with Mu Qi. I plan to advance to the Primordial Spirit Realm in the next few years,” Miao Tinglian said seriously.

Jiang Hao was speechless.

Even with sufficient talent, advancing to the Primordial Spirit Realm in just a few years was unimaginable.

“Is it that unbelievable?” Miao Tinglian asked. “That is the benefit of having a partner. Anyway, it’s not a big deal. Junior Brother, take it slow. If you go too fast, I’ll have to rely even more on Mu Qi’s influence.”

Mu Qi had an inheritance treasure. He was also a True Disciple. His cultivation was not weak.

He had considerable influence within the sect.

“Why are you doing this, Senior Sister Miao?” Jiang Hao asked.

“To find you a partner, of course! It doesn’t matter if the cultivation is weak, but talent and temperament must match yours. Finding a partner for a lifetime is a big deal, and you don’t have much time. I have to keep an eye out,” said Miao Tinglian.

Jiang Hao was touched that she cared for him so much. Unfortunately, he didn't really want a partner.

His only chance was to advance rapidly so that Miao Tinglian would give up on finding him a match.

After thinking for a moment, Miao Tinglian suddenly asked, "Junior Brother Jiang, what do you think of the immortal ladies from outside the sect?" "Other demonic sects?" Jiang Hao asked.

"How can that be?" Miao Tinglian said solemnly. "Normal demonic sects don't have anyone suitable for you. With your talent and temperament, you shouldn't be looking for demonic sects. You should have someone from an immortal sect. I know some people from immortal sects. I'll send them an invitation, and you can check them out." Jiang Hao was speechless.

He helplessly went to find Senior Brother Mu Qi.

He hoped that Mu Qi could help him.

"I'm serious, Mu Qi. Let go of me. I only want to talk to him!" said Miao Tinglian as Mu Qi pulled her away.

Jiang Hao quickly walked away.

Senior Sister Miao Tinglian had her heart in the right place, but she was sometimes too nosy.

If he had known, he would have chosen someone else.

While managing the Spirit Herb Garden, Jiang Hao also observed the ordinary people.

Everyone seemed okay. There was no apparent problem.

He no longer had to use his appraising ability for small matters.

It was not only because he had sufficient control over his strength but also because of insights into the nameless manual.

More importantly, his cultivation had improved significantly.

If he couldn't handle the issues in the Spirit Herb Garden, then it would be quite disappointing unless it was someone stronger than him like Lou Mantian.

On the surface, Lou Mantian seemed like he was in the Return to Void Realm, but no one knew how powerful he was.

As the day ended, Jiang Hao prepared to return to his house.

He met Liu Xingchen on the way.

It had been a long time since he had seen him.

Liu Xingchen seemed quite normal, but there was a black aura on him. Within it were three faint figures.

They couldn't be seen clearly,

From the looks of it, those three hadn't come out for a long time.

Maybe Liu Xingchen found it boring and didn't let them out. He needed to find something more interesting.

"Junior Brother Jiang, it's been very long. I heard you were accused of being involved with spies again?" said Liu Xingchen.

“Yes, but no one came to get me this time,” Jiang Hao said.

He thought that the people from the Law Enforcement Hall would come looking for him, but they completely ignored him.

“The Law Enforcement Hall is very busy. I heard that the people from the

Lawless Tower are once again arresting people everywhere, and the Law Enforcement Hall has to assist. They don’t have time to deal with you. After all, similar incidents happen all the time, and no matter how they investigate, they can’t find any evidence against you. In the Law Enforcement Hall, you have become a figure that no one bothers with anymore,” said Liu Xingchen..

Chapter 880: Do You Think The Appearance Of A Charm Body Is A Coincidence?

‘A person no one bothers with?’ Jiang Hao felt helpless. He hadn’t expected things to turn out like this.

Over the years, he had kept in contact with the Law Enforcement Hall.

Many times, he had been suspected of being a traitor, but they had no evidence against him.

The people from the Task Hall and Merit Hall also pressured the Law Enforcement Hall. Maybe they had given up the investigation because there were no new clues.

There were too many things to deal with.

Oftentimes, it was clear that Jiang Hao was only a scapegoat for those spies who were captured.

“Aren’t they going to investigate at all?” Jiang Hao asked.

“Investigate?” Lill Xingchen smiled- “They did- They interrogated the sky and

asked him to explain everything in detail. But the spy didn’t have any information on you. So, the Law Enforcement Hall doesn’t want to waste their time. It’s still good to investigate thoroughly, which they did. They found others connected to the spy. The Lawless Tower has been very busy lately.”

Jiang Hao was surprised. So, they did investigate...

Was the Lawless Tower really that busy?

He hadn’t been there for a long time.

In the past, he occasionally visited the Lawless Tower to question Zhuang Yuzhen. But now, he was left to his own devices.

The sect didn’t care.

It seemed that there were fewer people paying attention to the Heavenly Fragrance Dao Flower.

At first, there was Liu Xingchen, Senior Sister Ming Yi, and the spirit beast. They had been after the flower.

Now, Liu Xingchen didn’t pay any attention to it at all. He just didn’t want to be bored.

Ming Yi hadn’t visited him lately. Maybe she was planning something.

As for the beast, it was no longer a tool to be used.

Jiang Hao had adopted and raised it.

The spirit beast's cultivation was at the peak of the Golden Core Realm.

The spirit beast wasn't reckless. Otherwise, it could have escaped by now.

"There's something I want to tell you, Junior Brother Jiang," Liu Xingchen said. "The Heavenly Joy Pavilion has decided to give up on you. They no longer want to target you."

Jiang Hao was surprised.

He was quite puzzled. "Why?"

The Master from the Heavenly Joy Pavilion was no longer after him...

It kind of took the shine away from his struggle.

He felt that the danger had spurred him to grow.

With the Pavilion Master off his back, he might slack off.

Although Hong Yuye was dangerous, the Pavilion Master was also strong.

"It's because they found a charm body who can help the Pavilion Master with his advancement," said Liu Xingchen.

Jiang Hao sighed. "So, another charm body has appeared."

"Speaking of which, do you know who that person is?" Liu Xingchen looked at Jiang Hao carefully.

Jiang Hao shook his head. "Who is it?"

The Heaven Extinction Gu Poison helped keep his emotions in check. He pretended to be indifferent.

“It’s Li Min, the junior who went to the mine with you, Junior Brother. It is said that she didn’t have a gift of enchantment at first, but she was blessed after coming out of the mine,” said Liu Xingchen as he looked at Jiang Hao meaningfully. “Don’t you find that strange?”

“It’s indeed very strange.” Jiang Hao nodded.

“No one knows how it happened. If it were somewhere else, everyone would have some theory. But since it was in the mine, no one knows what happened,” said Liu Xingchen with a smile. “Junior Brother Jiang, do you think it’s possible that it was artificially done? Maybe someone used the mines as a cover...” “It shouldn’t be possible,” Jiang Hao said in surprise.

“True... I’ve never heard of such a method.” Liu Xingchen smiled and nodded.

He then informed Jiang Hao about the recent changes in the sect. “I heard that Senior Brother Manlong has once again become the tenth top disciple.” Jiang Hao was not surprised by this. It had been many years since the incident with Bai Ye.

The punishment period had expired.

Liu Xingchen also mentioned that people from the Heavenly Saint Sect had

been keeping an eye on the Heavenly Note Sect, especially after the incident in the Cliff of Broken Hearts.

Liu Xingchen didn’t linger after that.

Out of curiosity, Jiang Hao appraised Liu Xingchen.

[Liu Xingchen: True Disciple of the Clear Sky School. Born with the aura of the True Dragon. He is undercover at the Law Enforcement Hall. Seeds of evil have been blooming and feeding the three remnant souls in his body. He came to you because he found it strange that Li Min suddenly had the gift of a charm body. He suspects it's because of you. He also thinks that the disappearance of the Holy Master and divine soul is somehow connected with you. His interest grows toward you. He is excited to see what other changes might occur. He wants to find another remnant soul to encourage the three souls in his body because he is bored.]

Jiang Hao sighed. Liu Xingchen really did nothing except watch the show.

His body was still filled with evil aura, yet he wasn't fully refining his cultivation. Instead, he was there for the show.

Jiang Hao returned to his courtyard.

He planned to visit the Lawless Tower in the next few days.

He also intended to brief Cheng Chou on questions he might have. After the explanation, he was bound to have questions.

Jiang Hao spared no effort in sharing what he had learned and knew.

Cheng Chou's talent was average. Sometimes, it took until the night for him to understand what Jiang Hao wanted to teach him.

Jiang Hao helped him as best as he was able.

The spirit beast and Xiao Li also stayed up late with him when that happened.

"I've learned it all," Xiao Li said as she demonstrated it to Cheng Chou.

The spirit beast flew in the air. "As long as you invoke my name, the spiritual energy around you will obey."

Jiang Hao sat on the side and watched.

Cheng Chou muttered something. He might actually be chanting Lord Beast's name.

It was better than nothing.

And then, it happened! He succeeded!

The spirit beast was very excited. Xiao Li and Cheng Chou were both delighted.

Jiang Hao could only shake his head. These kids really thought the beast was helping.

Cheng Chou walked with them.

He was somewhat puzzled. "Senior Brother Han Ming has been acting very strangely. He constantly wanders around as though he is looking for something. He always seems to be lost in thought. He is different from before." Jiang Hao was surprised. What had happened to Junior Brother Han?

Cheng Chou also didn't know everything clearly. He just knew that Han Ming had been acting very strangely.

Jiang Hao planned to check in on him when he had time.

The next day, Han Ming arrived at the Spirit Herb garden as Jiang Hao reached.

"I'm here because I feel weird after last time."

More than ten days had passed, and his heart was restless. The discomfort in his chest became worse.

He had searched for a solution everywhere but couldn't find anything.

He had no choice but to visit the Spirit Herb garden and ask for help.

'Could it really be that Senior Brother Jiang has somehow planted within me an inner demon?

He didn't believe it.

He sat cross-legged and tried to calm himself.

As time passed, his restless heart gradually became calm.

This was the first time he had felt some peace in days.

So, the solution was here...
