

A Demoness 921

Chapter 921: Then, I Must Go To The Heavenly Note Sect Even More

Around the middle of March, Jiang Hao sat in his courtyard and enjoyed the gentle breeze.

He didn't go to the Lawless Tower deliberately to make Man Gu angry.

The longer the wait, the more unsettled the opponent would become. After that, it'll be easier to deal with him.

It didn't take him long to come back from the West. Guan Zhongfei seemed to have prepared everything long ago.

He had been waiting for someone to retrieve the items from him.

Of course, he didn't show himself when Guan Zhongfei took the item.

Guan Zhongfei still didn't know who had actually taken the things.

Jiang Hao didn't care about that. He just left word that he took them.

Guan Zhongfei would figure out the rest on his own.

Upon returning, he sent the item to the Lawless Tower and requested Senior Sister Yinsha to hand it to the captive.

If he was correct in his guess, Man Gu would be furious. He would want to meet Jiang Hao.

There was no need to worry. He only had to wait.

Jiang Hao looked at the peach tree. It could undergo another incarnation this year.

He didn't know how much it would cost in the future.

It had undergone incarnations many times, but there hadn't been much change.

When it underwent incarnation for the last time, it would undoubtedly become extraordinary.

It would become a divine tree. It had its disadvantages. It wouldn't mature every year, for one.

"Master, I have found a person for you," said the spirit beast.

It had been sleeping less lately and was busy with some matters every day.

During the day, Senior Sister Miao would take the spirit beast and Xiao Li with her somewhere.

They were not simple individuals, and together, they were even more formidable.

Hardly anyone could oppose them.

They had been everywhere in the sect, especially the spirit beast. No formation could trap it, and no one could sense its approach.

"Don't you have work to do?" Jiang Hao asked.

"My friends on the road know that I will be a formidable demon in the future. No trouble comes looking for me," said the spirit beast.

Jiang Hao glanced at the spirit beast without speaking.

As for the person it had found, he had no intention of knowing who they were.

He also had no intention of letting the spirit beast do anything else. It would only add to the trouble.

“Do you want to take a look, Master? If you’re satisfied, I can help you propose marriage,” said the spirit beast.

Jiang Hao chuckled.

The spirit beast was getting annoying. Perhaps he could release it in the wild.

But the spirit beast was indeed getting bigger and bigger. It might reach the Primordial Spirit Realm soon.

“Master, she is in the Law Enforcement Hall. When will you go there?” asked the spirit beast.

Jiang Hao got up and headed to the Spirit Herb Garden.

He needed to take care of it.

The more he took care of it, the stronger he would become. Otherwise, advancement would take very long.

He didn’t want to wait too long.

When he arrived, he saw Miao Tinglian. She looked excited.

“Junior Brother Jiang, this time we finally found a suitable person for you.”

He wanted to go and find Mu Qi.

He also needed to check on the herbs. Along with that, he also needed to make people think that he followed the Blood Wish Path.

He went to visit Bai Ye.

There had been no new changes.

He also visited a few people from the Blood Wish Path. Their progress was how it was before, but they were beginning to stand out.

The future depended on those who could truly reach the top.

In the Hidden Cloud Prefecture, Bi Zhu felt tired. Old Man Corpse Sea was very hard to find.

That person intentionally avoided her.

“That person is an old monster. Even though his strength is clearly not as good as mine, he can still avoid me like this!”

Bi Zhu, with Qiao Yi, looked around and felt that there were formations in many places.

Someone was deliberately making her lose her way.

Although they were not dangerous, she always felt that she was deviating from the original direction.

If it weren't for Senior Dan Yuan's help, she wouldn't be so tired.

But Dan Yuan's people would take a long time to arrive, so she wasn't in a hurry.

After breaking through the formations several times, she finally found the weakest point.

It could be a trap.

It might be there to lure her in, but she wasn't afraid.

At that time, black mist rose from the surroundings, and countless spirit stones evaporated into the earth.

The mountains seemed to be distorted.

Bi Zhu walked on.

On top of the mountain, she saw an old man.

"Amazing! You, little girl, are indeed powerful," said Old Man Corpse Sea in admiration. "Little girl, how many years have you been practicing cultivation?"

"I started cultivating at the age of six, and I've been practicing for twelve years. Now, I'm eighteen years old," said Bi Zhu seriously.

Recently, her luck had been excellent, but she knew it was temporary.

"Hahaha..." Old Man Corpse Sea laughed. "You've been looking for me for so long, and you're not afraid at all."

"I'm not here to oppose you, Senior. I'm just here to deliver a message," Bi Zhu said seriously.

“What message? Who sends the message?” Old Man Corpse Sea seemed interested.

“I don’t know who the person is, but he knows that you are going to the Heavenly Note Sect. He asked me to remind you not to go there for now,” Bi Zhu said.

“Why?” Old Man Corpse Sea asked.

“That place is... not normal, and there are some frightening things happening there. It’s better not to cause trouble,” Bi Zhu said.

“Such as?” Old Man Corpse Sea showed no fear.

“For example, the things you saw in the West... Do you remember what was in the sky?”

“Are those two pearls in the Heavenly Note Sect?” Old Man Corpse Sea was surprised.

“It’s uncertain, but it’s said that the person who possesses these things is in the South. What if he’s near the Heavenly Note Sect?”

Some things couldn’t be explained clearly.

It would only cause endless trouble.

“Do you know who it is?”

“I don’t know.”

Old Man Corpse Sea suddenly laughed. "The pearls are sealed. Is there anyone daring enough to break the seal? If I go to the Heavenly Note Sect, will he break the seal just to welcome me? Kid, are you underestimating those objects, or are you overestimating me?"

Bi Zhu felt helpless. "The Heavenly Note Sect is really not normal. If you insist on going, there's nothing I can do. But I hope you keep a low profile. Otherwise, you might suffer."

The Heavenly Note Sect was indeed strange.

Old Man Corpse Sea might think it was a third-rate sect, and if he went there arrogantly, things could get messy.

"It seems that the place is indeed special. Since that's the case, I'm even more interested in going there." Old Man Corpse Sea looked very interested. "I have never visited the South before. But now that I'm here, I must visit that place. I want to see what makes that place so special."

Bi Zhu could only shrug. What else could she say?

She could only wish him luck.

After that, she retreated.

The other party was not her opponent, and summoning reinforcements was too late.

So, she left quietly with Qiao Yi.

"Auntie Qiao, let's go to the Heavenly Note Sect."

She needed to reach there faster than Old Man Corpse Sea.

If he started fighting, it would be troublesome for her.

“Princess, don’t you dislike that place?” Qiao Yi asked.

Bi Zhu smiled bitterly. It was something she couldn’t escape.

Chapter 922: The Master’s Mercy

On the fifth floor of the Lawless Tower, Mu Longyu was still trying to persuade the Heavenly King Hai Luo.

“I feel like throwing up every time I see your face now,” said King Hai Luo coldly.

“You better be sensible, Hai Luo, or I’ll take action,” Mu Longyu said icily.

“Go ahead and kill me then. You’ve experienced less than me. If you had the same experiences as me, I could defeat you with my little finger.”

“What Hai Luo means is that he’s not your opponent right now, but if he was, and you were at the same level as him, he could defeat you,” said Mi Lingyue.

Bang!

Man Gu banged on the cell wall.

“Come out!” Man Gu roared. He was filled with hate and resentment.

He couldn’t understand, but he didn’t want to think about it now. He wanted to ask that person what he had done.

But that person simply didn't appear.

They were doing it on purpose. They were torturing him on purpose...

"Don't struggle. Hai Luo's Master usually visits after a few days once that is done. As long as he doesn't appear, you can feel relieved. It means he wouldn't do anything. If, later, you don't behave properly, then that's another matter," said Mi Lingyue.

"Do you mean that Jiang Mao won't immediately tell the sect what he might have found on us?" asked the lantern bearer.

"Yes. King Hai Lui's Master is separate from the Lawless Tower. The Lawless Tower won't make him do anything he doesn't want to. They have mutual understanding," said Mi Lingyue.

"Junior Brother Jiang is even more extraordinary than I thought," said the lantern bearer.

"He has someone behind him," Bing Qing said in a low voice.

Mi Lingyue didn't say anything anymore. They didn't know if someone was behind Jiang Hao.

Even if there was someone, what could they do?

They didn't know who the person behind Jiang Hao was, but it was evident that someone was supporting him.

It also meant that they couldn't offend Jiang Hao.

Jiang Hao remained the Master of the fifth floor.

Was he a puppet? What if he wasn't?

“Come out!” Man Gu roared again. His voice was hoarse.

But he kept yelling.

No one knew why he was so agitated.

“Who are you calling?” a black-robed woman asked.

She held a box in her hands and looked down at Man Gu.

At first, Man Gu was so arrogant, but he was like a poor dog at the moment. He barked and begged.

Whatever method Jiang Hao used was terrifying.

“I want to see him. Please let me meet that Golden Core Realm cultivator. Otherwise, I won’t say anything. I won’t tell you anything unless I see him. Let him come here, and we can discuss everything,” Man Gu said.

“Junior Brother Jiang is busy, but he sent you something. He said that when you see it, you might not feel so agitated,” said the black-robed woman.

When he saw the box, Man Gu instinctively stepped back.

He was fearful.

The crowd sighed. They seemed to see their own past.

Back then, Jiang Hao had beckoned to them.

Whenever he did that, they got extremely worried.

But there was nothing they could do.

“I... I want to see him. I don’t want to see the box.” Man Gu stared at the woman in the black robe pleadingly.

“I’m just here to deliver something. It’s useless to tell me this. Junior Brother Jiang said he was busy. Whether you open this or not is up to you,” said the black-robed woman.

No matter how Man Gu shouted, it was useless.

Everyone looked at Man Gu.

Everyone was curious about what was inside the box and wanted to know how Man Gu would react after seeing it.

“Fellow friend, don’t be afraid. Hai Luo’s Master won’t do something very extreme. Otherwise, do you think King Hai Luo would dare to speak so loudly here?” said Zhuang Yuzhen.

“Old bastard, do you think I’m like you? I don’t fear that Golden Core Realm cultivator,” said Hai Luo.

Mi Lingyue also said, “Friend Man Gu, just take a look.”

It was sent by Jiang Hao, so even Mu Longyu wouldn’t dare to check.

Man Gu stared at the box and hesitated. He finally picked up the box.

His hands trembled.

His breath became ragged. He knew he would see something terrifying.

He couldn't figure out what it could be.

Crack!

The box was opened. He saw a few strands of braided hair.

When he saw it, Man Gu froze.

He knelt weakly on the ground.

Man Gu's eyes were wet with tears, and he started weeping.

He cried loudly as though releasing years of repressed sorrows.

Others didn't understand what had happened at all, but they realized Jiang Hao was still the Master of the fifth floor.

His status and position never shook.

"I'll talk. I'll tell you everything," said Man Gu as he choked with tears. "What do you want to know? I'll tell you everything. Everything!"

The lantern bearer listened in disbelief. He felt that the fifth floor of the Lawless Tower was controlled by an invisible hand.

Everyone seemed to appear in the palm of that hand.

There was no escape.

Yinsha and the black-robed woman were shocked.

But no one knew what had happened.

Man Gu's interrogation had come to an end.

At the Cliff of Broken Hearts, Jiang Hao found out the news of the Lawless Tower.

Man Gu had confessed.

He didn't care anymore.

He couldn't go and find Feng Hua anyway. He would let the people of the sect do it.

If Feng Hua were caught one day, she would also be kept on the fifth floor.

Then, he could try to get information from her.

As for her avatar in the Sunset Immortal Sect, he hadn't paid attention to it for a long time.

He could check it when he had time.

Three days later, people from the Heavenly Saint Sect arrived.

Their arrival would definitely lead to something big, and Jiang Hao didn't want any conflict with them.

On that day, Bi Zhu also reached.

She requested to see Jiang Hao.

He welcomed her in his courtyard.

“Hello, Junior Brother Jiang. It’s been so long since we met you,” said Bi Zhu.

“Greetings, Senior Sister,” said Jiang Hao.

Bi Zhu smiled.

“I’m here for something.”

Jiang Hao understood. She was here for the Sage’s Pages.

If she didn’t take them, the words on them would disappear soon.

After collecting the things, Bi Zhu said, “There’s something I need to tell you, Junior Brother. Old Man Corpse Sea has reached the Hidden Cloud Prefecture. He is very strong. He might come to the Heavenly Note Sect. So, be careful...”

After all, a slight danger could make the pearls explode.

She was only eighteen and didn’t want to die because of someone else’s negligence.

Jiang Hao sighed inwardly. It seemed that Old Man Corpse Sea had made up his mind.

He wondered if that would bring about a big change.

Chapter 923: The Origin Of The Dragon Pearl

“Junior Brother Jiang, you must be extremely careful.”

Bi Zhu said, “Try to stay away from danger. I think your sect probably won’t need you to take action. There are countless powerful individuals here.”

“Thank you, Senior.” Jiang Hao bowed in gratitude.

As someone he had only met a few times, it made him feel touched that she cared for his safety.

“In that case, I won’t disturb you anymore, Junior Brother Jiang. By the way, people from the Heavenly Saint Sect have arrived. They must have some agendas. You must stay away. There’s something wrong with their mentality,” Bi Zhu said seriously.

Jiang Hao thanked her again.

With that, Bi Zhu turned to leave.

The beautiful woman behind her was probably Qiao Yi.

The heavenly bestowed techniques might have been for her. They only needed one more technique.

After that, they could acquire the auxiliary techniques from the Saint Bandits.

Then, she could cultivate the four techniques together.

Jiang Hao thought about it but didn’t pay much attention to it.

After all, it had nothing to do with him.

Now that the Sage's Pages had been taken away, no one would come looking for him for a while.

He didn't know what Old Man Corpse Sea would do.

He would watch and wait.

However, Bi Zhu was correct. He needed to keep his distance.

Although the opponent's current strength was not at its peak, if he released the Corpse Sea, it would be dangerous.

It was uncertain whether there was anyone in the entire Heavenly Note Sect who could fight it.

Elder Baizhi should be able to do something.

Back at the Cliff of Broken Hearts, Jiang Hao saw a junior from the outer sect.

She was working hard.

She was diligent and earnest. Everyone around her treated her well.

That was Shangguan Qingsu. She had successfully stayed in the Cliff of Broken Hearts.

This was also due to her abilities.

Seeing Jiang Hao approach, she greeted him with a bow. Jiang Hao nodded and walked away.

When he went out these days, people treated him with respect.

In the past, it was he who paid respects to others.

As his cultivation realm became higher and higher, Jiang Hao felt that the Cliff of Broken Hearts was no longer the same.

Back in the courtyard, Jiang Hao waited.

He waited for some news from the Shangguan family or news from Feng Hua.

He also needed to wait for Gui's message.

She targeted the Longevity Cursed Tree, which was not something he needed to worry about.

Jiang Hao took out the Dragon Pearl.

The Dragon Pearl had consumed a lot of power. Even Hong Yuye was unable to recharge it. What could he do? Find the Dragon Clan?

There were dragons on Chaos Stone Island.

Should he go there again?

Jiang Hao shook his head. It was too far away.

He didn't know how to replenish the power in the Dragon Pearl.

When he poured his power into the Dragon Pearl, a sudden burst of blue light appeared.

It enveloped him.

Jiang Hao tried to break free but found that the pearl had an inexplicable suction force. It frantically absorbed the power from his body.

It happened too fast. He felt helpless. When he sensed that the suction force did not stop, he immediately activated the Reappearance of the Hidden Spirit.

His power was once again absorbed.

However, this time it wasn't as fierce as before.

He used the first form of the Heavenly Blade, Moon Slaying.

The knife intent severed his connection with the Dragon Pearl.

The pearl returned to its original size.

Then, it fell to the ground.

Jiang Hao breathed a sigh of relief.

At that moment, the Dragon Pearl was much brighter than before.

"How was the power replenished?" Jiang Hao furrowed his brows.

If it could be replenished, why did Hong Yuye ask Xiao Li to give it to him?

Was it because it was a small task that he needed to do himself?

Jiang Hao had no answer.

Seeing the Dragon Pearl on the ground, he hesitated for a moment. Then he picked it up with the Heavenly Blade.

The Heavenly Blade was an extraordinary object. Even if the Dragon Pearl was remarkable, it should be unable to absorb his power through the Heavenly Blade.

Jiang Hao realized that the Dragon Pearl had gained a considerable amount of power. This Dragon Pearl was very extraordinary.

After placing the Dragon Pearl down, Jiang Hao began to meditate and rest to restore his strength.

He wouldn't reach out to touch the pearl without recuperating first. It was too dangerous.

After a long time, Jiang Hao opened his eyes again. The Reappearance of the Hidden Spirit had been replenished, and he had fully recovered.

A red figure appeared in his vision. Hong Yuye had arrived at some point.

"Greeting, Senior." Jiang Hao quickly stood up. Hong Yuye was drinking tea quietly.

Jiang Hao was puzzled. At that moment, Hong Yuye gently put down the teacup. "Did you replenish the power of the Dragon Pearl?"

"Yes." Jiang Hao nodded.

"Bring it over." Hong Yuye glanced at the Dragon Pearl on the ground.

Jiang Hao hesitated for a moment but still bent down to pick up the Dragon Pearl.

He placed it on the table and poured himself a cup of tea.

It was the Red Azure tea.

“Tell me what happened.” Hong Yuye looked at the Dragon Pearl.

Jiang Hao told her everything. “Can anyone replenish the power of the pearl, Senior?”

Hong Yuye raised an eyebrow at him. She didn’t respond.

Jiang Hao was unsure of the other party’s intentions.

“Do you know the origin of the Dragon Ball?” Hong Yuye suddenly asked.

“I don’t know. Do you know, Senior?” Jiang Hao asked.

Hong Yuye raised her eyebrows at him again. This time, she looked at him strangely. “Go and find out by yourself,” she said.

‘It means that she didn’t know...’ Jiang Hao thought to himself.

Jiang Hao nodded in agreement. If she told him to investigate, he had no other choice.

He did know some people from the Dragon Clan.

Xiao Li was the most suitable person even if she had forgotten everything.

Next was the one with the Xuanyuan Sword, which seemed to be sealed.

There was also the one from Chaos Stone Island, whom he had never seen and didn't know if he could contact them.

As for the Dragon Pearl, he could ask the fish person.

Unfortunately, there was no information about them.

"Did the gathering happen?" Hong Yuye asked.

"Yes." Jiang Hao nodded.

Then, he told her everything about the gathering.

Senior Dan Yuan was concerned about Old Man Corpse Sea and the backward flow of the Abyssal Sea. However, both matters had been resolved. Since there were many more matters, he mentioned Gu Jin as well.

Hong Yuye didn't say much.

Later, he talked about the task assigned to Zhang.

Hong Yuye looked interested in that. "To threaten someone?"

"Yes." Jiang Hao nodded.

Hong Yuye didn't ask much about that but was curious about something else. "Did it succeed? Is he very concerned about his wife and children?"

“It succeeded, and indeed, he cares about them very much. It seems that they are more important than his own life.” Jiang Hao nodded.

“How do you plan to deal with his wife and children?” Hong Yuye asked.

“I won’t do anything to them. They can continue to stay at the Astronomical Academy. However, they need to do some work,” Jiang Hao said truthfully.

Chapter 924: Are You Willing To Work For The Heavenly Note Sect?

Jiang Hao had never thought of using Man Gu’s wife and children to threaten him into submission.

That was only part of the plan.

It might create unnecessary trouble.

If it was dangerous, then it would be better to mention the Nine Rain Tea Leaves.

He had to convince the other party.

Otherwise, he would only make enemies for no reason, and his gains would not make up for the losses.

Taking them to the Astronomical Academy was to save them.

However, he did not know if Man Gu would know that.

Perhaps one day, he would find out.

“Shouldn’t he be glad?” Hong Yuye asked.

“For what?” Jiang Hao was puzzled.

“That he is of value to you,” she said. “You did what he had been trying to do his entire life.”

Jiang Hao shook his head. He never thought of himself as a good person, nor did he want to be one.

Being good always ended up grimly.

He was only doing things according to his plan. It had nothing to do with him being good or bad.

He was a person who worked by gauging the pros and cons of a plan.

He wasn't a good person or a bad person as others thought.

He didn't want to be burdened by other people's opinions of him.

‘It's just a mutual exchange.’ Jiang Hao looked calm and composed.

Hong Yuye looked at him but remained quiet.

Hong Yuye was not interested in what Gu Changsheng and Xing wanted to do.

After he finished telling her everything, Hong Yuye asked, “Do you know why the Heavenly Spirit Tribe, a clan that was previously despised, is favored again?”

“Because of the Great Era War?” Jiang Hao said.

Gu Jin had said that.

“Almost.” Hong Yuye nodded and then stared at Jiang Hao. “What about you? Are you not joining the Great Era War?”

Since it was the Great Era War, there would definitely be countless geniuses.

Joining them would bring immense benefits.

“If the one with the Heavenly Dao Foundation Establishment, then you have to join as well.”

Jiang Hao shook his head. “I don’t want to fight with others. If they want to fight, they might as well. But I want to stay alive and improve myself.”

“Don’t you want to make a name for yourself?” Hong Yuye asked.

“Not really.” Jiang Hao shook his head.

“Don’t you want to be famous?”

“I don’t want to.”

“Don’t you want to reach the peak and be a hero?”

“I don’t want to.”

“Then, what do you want?” Hong Yuye asked.

“I only want to raise your flower properly, Senior,” said Jiang Hao.

Only the Heavenly Fragrance Dao Flower gave him blue bubbles. The longer he took care of it, the better.

Hong Yuye looked at him in surprise. "How old are you?"

"Forty." Jiang Hao sighed.

He was no longer young.

"A normal person at this age would have been married with kids," said Hong Yuye.

"Some of them might even be grandfathers by now," Jiang Hao said.

"Were you the one who instructed your spirit beast to find you a partner?" Hong Yuye asked with a smile.

Jiang Hao lowered his head. He felt that it was time to set the spirit beast free.

"Senior, you must be joking." Jiang Hao shook his head. "I'm too weak to take care of a partner."

"You are in the late stage of the Golden Core Realm?" Hong Yuye asked.

Jiang Hao nodded and thought for a moment. "Man Gu is a very strong person. But he ended up in this position. If he didn't have such worries, he might be able to go further."

"No worries?" Hong Yuye said.

Jiang Hao nodded.

He could not control his own life and death. He was still weak. Getting involved in more things would be even more dangerous.

Hong Yuye stood up and said, "Did you find anything overseas?"

"The pawn we have overseas has a high position now," said Jiang Hao. "When the time comes, they will be useful."

Chi Tian was indeed a very good chess piece, especially when he had met a great benefactor.

Jiang Hao could give a good response to Hong Yuye when the time came.

As for Feng Hua, that would depend on the Heavenly Note Sect.

If Man Gu had enough information, Feng Hua would have a hard time escaping.

As for whether the other party would directly give up on her main body, it was hard to say.

It was not impossible for an extremely twisted person to give up her main body and let her avatar become the real her.

Hong Yuye nodded and then turned around and walked inside. "How's your comprehension of the One Heart Palm?"

"There is no problem," Jiang Hao said.

Hong Yuye turned to look at Jiang Hao.

Finally, she turned around and walked to the second floor.

She went to sleep.

Jiang Hao sighed and continued drinking his tea.

It was quite good for him.

He could leave the tea dregs for the spirit beast.

Seven days later, at the Hundred Flowers Lake, Hong Yuye sat in the pavilion. She was deep in thought.

At that moment, a figure appeared beside the pavilion.

“Sect Master...” Baizhi bowed respectfully.

“What did you find?” Hong Yuye asked softly.

“Man Gu has confessed everything, and we have news of Feng Hua. However, she might not stay there long.”

“That’s more than enough.” Hong Yuye nodded.

Baizhi hesitated. “After Man Gu attacked, he was ready for death. He said that his only request was to kill him. We must let Feng Hua know about it.”

Hong Yuye was silent for a moment.

Baizhi was surprised.

Usually, Hong Yuye didn’t care about the captives’ lives.

It seemed that Man Gu needed to make other arrangements.

As expected, a folded note appeared in Hong Yuye's hand. She gently waved her fingers and the note landed in front of Baizhi.

"Give this note to Man Gu and ask him a question. The outcome will depend on his answer. If he has made up his mind, do as he wants, and kill him."

Baizhi was shocked. Why did the Sect Master get involved personally for this person?

She did not see anything special about him.

However, she did not dare to open the note.

Since the Sect Master gave it to her, it was only meant for Man Gu's eyes.

She only had to follow the orders.

At noon, Man Gu sat quietly in his cell at the Lawless Tower.

He waited for his death.

He wanted to die because he knew how ruthless Feng Hua was.

Creak!

The door opened.

Yinsha walked in.

“Can we do it now?” asked Man Gu.

“There’s one last thing,” Yinsha said.

“I’ll cooperate with anything,” said Man Gu.

He had already said everything.

Yinsha placed a note in front of Man Gu. “This is from the Sect Master. After reading this, answer one of my questions. If you have made up your mind, you can get what you want.”

“Is this note from the Golden Core Realm cultivator?” Man Gu asked.

“Don’t ask about that. Just look at it,” Yinsha said.

Man Gu had nothing to be afraid of, so he picked up the note and opened it.

However, the moment he saw the words inside, he was stunned.

It was unbelievable.

There was only one sentence written on it: “Your wife and child are under the protection of the Astronomical Academy.”

At that moment, Yinsha said, “The Sect Master asked me to ask you this: Are you willing to work for the Heavenly Note Sect?”

Chapter 925: A Lonely Person

Baizhi brought her men and set off.

She had received news that the Lawless Tower would have an additional person on duty.

He looked loyal and willing to go through fire and water.

As for why the Sect Master wanted this, she didn't know and didn't question it.

Since he had agreed, he was now a member of the Lawless Tower.

He would do whatever the sect wanted him to do.

Perhaps the Sect Master was just being merciful.

On that same day, Jiang Hao arrived at the Lawless Tower.

He didn't see Man Gu when he came or know where he had been taken to. He also didn't know if he was still alive.

He did not ask further.

However, he did want to know what had happened.

He should have heard quite a bit about Feng Hua. He wondered how the Lawless Tower would react.

If they wanted to capture her, what level of manpower and planning would I require?

He did not know.

It was fine as long as Elder Baizhi didn't go out.

Old Man Corpse Sea was about to arrive, so Baizhi should be the only one who could face him head-on.

As for the Sect Master, Jiang Hao had never seen her.

Elder Baizhi had always worked as the Acting Sect Master.

Perhaps the Sect Master was already dead, but the sect didn't dare declare that to the outside.

Elder Baizhi was becoming stronger. One day, she could replace the Sect Master.

At that time, it would be possible to say that the Sect Master had abdicated and chosen to travel.

When they arrived at the fifth floor, Jiang Hao brought wine and meat for Zhuang Yuzhen.

He realized that Mu Longyu was still there.

Why was he trying to persuade Heavenly King Hai Luo?

Mu Longyu hesitated for a moment. "Disciple Jiang, can we talk in private?"

Jiang Hao was surprised.

Heavenly King Hai Luo seemed nervous.

Jiang Hao didn't mind.

Since Mu Longyu wanted to talk in private, he could only agree.

He couldn't afford to offend such a powerful person.

There was no need to offend him.

After all, their relationship was not bad.

"Heavenly King, do you have anything to ask me?" Jiang Hao and Mu Longyu walked to the side.

"I want Hai Luo to go back overseas with me. I wonder if you have any ideas?" Mu Longyu asked.

Jiang Hao was a little surprised. Why did he want to take Heavenly King Hai Luo back?

"It's a major issue. Without Hai Luo, we can't proceed," Mu Longyu said.

Jiang Hao understood. They needed Hai Luo to become an immortal.

However, he knew that even if Heavenly King Hai Luo returned, it would be impossible for the Twelve Heavenly Kings to become immortals.

"There's nothing I can do." Jiang Hao shook his head.

If Hai Luo got out, Jiang Hao would have no leverage on him.

Besides, he didn't think Hai Luo wanted to escape from the Lawless Tower, so he couldn't force him to do anything he didn't want.

"Is there really no other way?" Mu Longyu asked.

Jiang Hao shook his head.

“When King Hai Luo left, the Lawless Tower had no power over him.”

Mu Longyu found it hard to believe. He had heard something else.

The reason why Heavenly King Hai Luo was obedient was because he wanted to stay here.

There was no other way to make him leave the Lawless Tower.

Mu Longyu lowered his head. “Fellow disciple, you are well informed. You should know something about the overseas area, right?”

Jiang Hao shook his head.

Mu Longyu wasn't surprised. “I tried to ascend to immortality once when the path opened,” he said. “I failed.”

“Do you think it will be easy to become an immortal in the future?”

“I just wanted to try one last time,” said Mu Longyu.

Jiang Hao sighed. “The matter of immortals is beyond what I can understand, so there is nothing I can help with.”

Mu Longyu felt helpless. He felt that Jiang Hao wasn't telling him the whole truth.

However, he couldn't ask too many questions.

Then, he thought of something else. “Man Gu seems to have joined the Heavenly Note Sect and is currently working for the Lawless Tower. Elder Baizhi has also left your sect.”

Jiang Hao was surprised.

‘Man Gu had joined the Heavenly Note Sect?’

That had never happened before. At least, there had never been any recruitment ever since he came to the Lawless Tower.

Why was Man Gu allowed to join?

Jiang Hao couldn’t figure it out. The appraisal result hadn’t shown anything special about Man Gu, either.

‘Elder Baizhi left...’

If Old Man Corpse Sea appeared, who would be able to fight him?

Most of the Branch Masters were injured from the last battle.

If he had known this earlier, he would have found a way to stall Old Man Corpse Sea.

Old Man Corpse Sea had come from the West. He only hoped Elder Baizhi could return as soon as possible.

He also hoped that Old Man Corpse Sea would arrive much, much later.

Jiang Hao walked to Zhuang Yuzhen’s cell.

In the end, he turned his gaze to Bing Qing.

They all needed to be interrogated, so he still needed to ascertain the background of these people.

Heavenly King Hai Luo had been quite nervous at first, but when he saw that Jiang Hao was ignoring him, he felt smug again.

Mu Longyu sighed inwardly.

How would he ever be able to become an immortal?

A great opportunity had appeared. They needed to work together. This kind of thing would take decades to succeed. It was a one-in-a-million opportunity.

To become an immortal wasn't a small matter. It was almost impossible for all twelve kings to become immortals.

There were too many things that needed to be considered.

If Heavenly King Hai Luo refused to join them, there would be a missing link.

The impact would be huge.

They had to think of a new way.

After hesitating for a moment, he suddenly looked at Jiang Hao.

He felt that Jiang Hao was powerful, but the person behind him might be even more powerful.

Perhaps, he could ask a few more questions.

He was not in a hurry. He had not returned yet, so he had a chance to speak.

“You want to threaten me too?” Bing Qing asked Jiang Hao.

She looked desperate and desolate.

“You don’t have to threaten me. You have nothing to threaten me. I don’t want to live anymore,” Bing Qing said.

Jiang Hao didn’t say anything. He just started the feedback from the appraisal.

[Bing Qing: A member of the Ice Spirit Clan. Her cultivation realm has been disintegrated and absorbed by the Lawless Tower. She is only at the early stage of the Primordial Spirit Realm. She has been lonely since she was young. No one played with her, no one asked her about her condition, no one knew what she was suffering from, and no one extended a helping hand. Ever since she started cultivating, she grew along with her cultivation. She viewed cultivation as her best friend. However, after entering the Lawless Tower, her understanding of cultivation has been overturned. Her cultivation realm disintegrated rapidly. It was like watching a friend die bit by bit. She feels helpless. She keeps crying and feeling like her life is over, and she has nothing to live for. She feels like no one understands her.]

Jiang Hao was surprised to see this.

The information said nothing about the Great Thousand God Sect. It only mentioned her.

“Do you understand me?” Bing Qing looked up at Jiang Hao.

Chapter 926: We Can’t Be Friends

Jiang Hao actually didn’t understand anything.

However, he was still very surprised to see the feedback.

The other party did not care about anything. It seemed that she only wanted a friend.

However, Jiang Hao didn't intend to be friends with her, nor did he intend to understand her.

Once he got involved, there would be more danger.

In the end, he just turned to leave.

No one understood what Jiang Hao was thinking, but it would be a pity if he didn't beckon her.

They wondered if they intended to give her a gift like with Man Gu.

He should have done it together last time.

Bing Qing lowered her head and didn't care.

To her, these people did not matter. No one understood her anyway.

They could do whatever they wanted. It had nothing to do with her.

When Jiang Hao left, Mu Longyu caught up with him and asked if he could help with the issue of immortality of the twelve heavenly kings.

Jiang Hao gave a vague answer.

The other party did not ask too much.

When he returned to the courtyard, Jiang Hao began to think.

It was easy to make Bing Qing speak as long as he became her friend.

That was enough for her.

In her opinion, her race and the Great Thousand God Sect were not as important as her friends.

However, she wasn't mentally sane, and Jiang Hao didn't want to understand her.

He would gain nothing from it.

He just wanted to help the Lawless Tower.

Everything had to be done under safe circumstances.

If it was too dangerous, he wouldn't do it.

Gu Qing's matter had caused him a lot of trouble.

They even managed to spy on the Heavenly Fate Misfortune Pearl.

As long as the other party was willing, he could still pry into the Heavenly Fate Misfortune Pearl.

It was an extremely troublesome matter.

"There's no one in the underworld who doesn't respect me. I, Lord Beast, have friends everywhere I go. Everyone knows that I have the appearance of a great demon, so they all respect me," said the spirit beast.

He was bragging to somebody. It was Xiao Li.

One bragged and the other listened.

“You have so many friends,” said Xiao Li in admiration.

“When I go out, I will ask everyone if they are your friends. Many of them might be.”

Jiang Hao was speechless.

If it wasn't Little Li, she would have made a move.

After thinking for a moment, Jiang Hao got an idea.

Since the spirit beast had so many friends in the underworld, he wondered if he could become Bing Qing's friend.

The next morning, while the spirit beast was still sleeping, Jiang Hao carried it to the Lawless Tower.

On the fifth floor. He threw the spirit beast inside.

Then, he closed the door and waited.

However, just as he closed the door, he heard the spirit beast shouting from inside. “Master, what happened? Why do I feel that this place doesn't respect me?”

Jiang Hao didn't pay any attention to it. The spirit beast was probably still sleep-talking.

At that moment, the spirit beast opened its eyes and looked around blankly.

“Master?”

No one responded.

“None of my friends are here. If you need anything, you can look for my master.”

However, there was still no response.

The spirit beast looked around.

Soon, he saw Zhuang Yuzhen and the others.

Mu Longyu wasn't there, so the spirit beast was only with the five people.

Mi Lingyue was also very curious about the spirit beast.

She knew that this was Jiang Hao's pet.

“A spirit demon?” Heavenly King Hai Luo was surprised.

“A Diremonster, if you please,” said the spirit beast.

“My friends in the underworld all know that I, Lord Beast, am a great demon.”

“Diremonster?” Heavenly King Hai Luo sneered. “A spirit beast in the peak of the Golden Core Realm? I can suppress you with my little finger.”

The spirit beast's eyes were filled with pride.

“Perhaps you will never know that the one standing in front of you is the future Great Demon. It’s the greatest honor of your life to be able to talk to me.”

Mi Lingyue laughed. The spirit beast was really interesting.

Zhuang Yuzhen didn’t say anything. This spirit beast was obviously not ordinary.

Otherwise, how could it appear here?

The spirit beast looked left and right and finally saw Bing Qing. She was the only one who wasn’t looking at it.

“Human, your flesh looks bitter.”

“You eat human flesh?” Mi Lingyue was a little surprised.

Would someone like Jiang Hao let his pet eat human flesh?

“Yes, I, Lord Beast, won’t be happy without meat. If I don’t eat human flesh, I won’t be able to sleep. I know what kind of flesh a person has.”

“You seem so particular about which flesh you like, Lord Beast.” Mi Lingyue looked at it curiously.

“Is there a big difference between the flesh of different humans?”

“Yes, the flesh of the common people is the most bitter.” The spirit beast shook his head.

“She is not a commoner, though. So, why do you think her flesh is bitter?” asked Mi Lingyue.

“It’s bitter. Someone as sorrowful as her has bitter flesh,” the spirit beast said and sighed.

Perhaps it was lying, or maybe it really believed that.

However, the others were shocked.

Bing Qing raised her head and looked at the spirit beast in disbelief.

Her eyes were wet.

“You are a great demon? You understand me?” Bing Qing asked.

The spirit beast wanted to float in the air but couldn’t use its power in the Lawless Tower.

However, it didn’t affect its attitude.

“My friends in the underworld all know of my potential. If you can understand me, then you are my friend. In the future, if you face any difficulties, just say my name. My friends in the underworld will help you.”

“Friends?” Bing Qing was stunned.

Just as she was about to speak, someone suddenly walked in. It was the black-robed woman from before.

As soon as she entered, she caught the beast, knocked it unconscious, and carried it out.

“So... what is the beast’s name?”

Everyone was speechless.

After the spirit beast was dropped off at the Spiritual Herb Gardens, Jiang Hao didn't pay any more attention to it.

He had vaguely heard the conversation between the beast and the captives in the tower.

He hadn't expected things to go so smoothly. The spirit beast had actually gotten through to Bing Qing.

"That's good. If there is anyone that can understand her, it's the beast. If she creates any trouble, it'll be for the beast." Jiang Hao heaved a sigh of relief.

He didn't know what Bing Qing planned.

He didn't want to get involved without understanding everything.

The only person left was the lantern bearer.

He needed to find the time to appraise him.

But there was nothing much to ask the lantern bearer. He had said everything that needed to be said.

Days passed, and it was already early March.

Jiang Hao didn't receive any news.

Neither Elder Baizhi nor Old Man Corpse Sea had made any move.

One of them had yet to return, and the other had yet to arrive.

The Shangguan family's information had not arrived yet. Perhaps he would have to wait for the next gathering.

Occasionally, he would see the people in the stone tablet chatting among themselves, but there was no relevant information.

Half a month later, when he was looking at the stone tablet, he realized that Xing had obtained the Sage's Pages.

Gui also didn't respond. That made Jiang Hao curious.

Half a month later, it was early April.

Elder Baizhi had finally returned. She had brought someone back with her, but he wasn't sure if it was Feng Hua.

Old Man Corpse Sea still hadn't appeared.

However, Jiang Hao felt a little strange when he was taking care of the spirit herbs.

He felt that something was wrong around him, but he could not put his finger on it.

It seemed like someone was watching the surroundings.

Chapter 927: Who Killed Her?

In the Spirit Herb Garden, Jiang Hao closed his eyes and carefully sensed his surroundings.

His current cultivation realm was passable, and his control of power far surpassed others.

He had also comprehended a lot from the nameless manual. Things couldn't be hidden from her.

However, this time, he could only faintly sense a trace of fluctuation.

It meant that the people who were spying on this place were extraordinary.

However, it was vague, and he could not sense them properly.

He could only pretend not to know about them and protect himself.

He could only hope that the experts of the sect would notice it as soon as possible.

However, why would a normal person constantly be on guard when their sect was being spied on?

At that moment, some people from the Heavenly Saint Sect came to the Spirit Herb Garden. They seemed to be looking for something.

Their leader was a woman.

These people had been here for a long time. He didn't know what they were doing.

Jiang Hao kept his distance.

He didn't want to have anything to do with them. It was safer this way.

Fortunately, the Spirit Herb Garden did not have many visitors. Otherwise, it would be quite troublesome.

These people were a little strange.

Luckily, they were people with low cultivation realms.

He just had to act normal.

The person accompanying the leader of the group was Senior Sister Ning Xuan.

“It must have been stolen. Otherwise, how could my treasure be gone just like that?” The woman sounded furious.

“I think we should search the storage treasures of suspicious people.”

“That’s not appropriate,” said Ning Xuan.

“They have nothing to fear if they are innocent unless you already know your sect did something dirty,” said the woman.

Ning Xuan frowned.

When Jiang Hao got up, he saw them. He bowed and prepared to leave.

“Stop!” said the woman from the Heavenly Saint Sect. “Stop.”

“Senior, are you calling me?” Jiang Hao stopped and bowed.

Her black hair reached her waist. She looked smug as though the people around her weren’t worthy of her attention.

She was in the middle stage of the Primordial Spirit Realm. It was the same realm as Senior Sister Ning Xuan.

However, she didn't think highly of Senior Sister Ning Xuan either.

"Why are you leaving right when you saw us coming? Is it because you're guilty?" Yue Zhengxing Lian asked coldly.

Jiang Hao was surprised, but he calmly said, "Because I'm done with my work here."

"Is that so?" Yue Zhengxing Lian said. "I think you know who I am and stole my things. You're worried that you'll be exposed and have no choice but to turn around and leave."

Jiang Hao didn't know what to say. "Senior, you must be joking."

"Joking? No, I'm telling the truth. If you aren't guilty, why would you leave the moment you met us?" Yue Zhengxing Lian asked.

"Fellow disciple, you have to have evidence to accuse him like that," said Ning Xuan.

"Evidence? If he isn't guilty, then why isn't he denying it?" Yue Zhengxing Lian sneered.

Ning Xuan frowned.

"I want to search his storage treasure," Yue Zhengxing Lian said. "If he refuses to let us, then we know he stole it."

Ning Xuan lowered her head.

"You don't dare to tell him to hand over his storage treasure? Are you involved in this too?" Yue Zhengxing Lian asked.

At that moment, some members of the Heavenly Saint Sect looked over.

These people were extremely powerful, and Ning Xuan had no way to deal with them.

Jiang Hao sighed inwardly.

However, just as he was about to speak, a woman ran in from outside.

“Senior Sister, I found the item.”

She handed a strange-shaped object to Yue Zhengxing Lian.

“Found it?” Yue Zhengxing Lian said as she took it. “Where?”

“It was in your room,” said the woman.

At that moment, Ning Xuan looked at the Yue Zhengxing Lian.

“Can’t I suspect you when I don’t find my things even if they haven’t been stolen?” Yue Zhengxing Lian said indifferently. “Your junior might not have stolen my things this time, but his attitude makes it seem like he has stolen them before. Even if he didn’t steal this time, he definitely will next time.”

With that, she left with her people.

Ning Xuan glanced at Jiang Hao and left without saying a word.

Jiang Hao looked at Yue Zhengxing Lian’s receding back and appraised her.

He realized that she didn’t have any ulterior motives.

She was also one of the Saintesses in the Heavenly Saint Sect.

The Heavenly Saint Sect would support her with all their might.

Jiang Hao sighed.

He walked away and went back to rest.

The next day, the air around the Spirit Herb Garden became dense.

There was a violent aura around it.

It seemed like something had happened here. Jiang Hao wasn't surprised.

He had gone out for a walk last night and saw the Saintess dead in the courtyard.

Someone had attacked her.

After looking around, he found that the other party's storage treasure was right there, except for that one thing.

This was a blatant provocation.

The Saintess had died at the Cliff of Broken Hearts. They were all in big trouble.

The main reason was that the Cliff Master was not around, so the trouble would be even bigger.

Jiang Hao wasn't sure if the benefits brought by Heavenly Saint Sect would be huge enough to escalate things.

As expected, the people from Law Enforcement Hall came over to investigate.

They soon found Jiang Hao.

They asked him some questions.

"Junior Brother, I hope you can tell the truth. This matter can be as big or as small as we make it," said a Senior Sister.

Jiang Hao nodded.

After that, he answered their questions truthfully. The questions were mostly related to a series of questions, most of which were related to Yue Zhengxing Lian and Ning Xuan.

Jiang Hao told her everything honestly.

He felt that it was Senior Sister Ning Xuan who did it, but he didn't say that.

Not long after the people from the Law Enforcement Hall left, Senior Brother Bai Yi arrived.

This made Jiang Hao even more curious.

He also asked some questions, but most of them were about Ning Xuan.

Jiang Hao answered clearly.

Before he left, Bai Yi asked, "Junior Brother, you didn't ask anyone for help?"

Jiang Hao looked confused. He shook his head.

“That’s good.” Bai Yi left.

After a moment, Jiang Hao finally realized that Bai Yi was implying that he might have asked someone else to kill Yue Zhengxing Lian.

At that moment, Bai Yi found Ning Xuan.

“Senior Brother Bai, you’re looking for me?” Ning Xuan asked.

“I won’t beat around the bush,” Bai Yi said seriously. “Did you do it?”

Ning Xuan shook her head.

“No?” Bai Yi frowned. “This matter can be treated as very serious or something minor. The Heavenly Saint Sect brings great benefits. If they insist on investigating, it will be very bad for whoever did it.”

“Senior Brother Bai, you worry too much.” Ning Xuan shook her head.

It really wasn’t her.

She found that the other party was dead when she arrived.

Bai Yi frowned. If it wasn’t Ning Xuan, then who was it?

When he found out about it, it was already late into the night. He had been too late.

He didn't know who might have done it.

That afternoon, Bai Yi was called to the Law Enforcement Hall.

He was temporarily in charge of a branch, so it wasn't easy for the people of the Law Enforcement Hall to get hold of him.

However, he was also very curious about who killed Yue Zhengxing Lian.

Those who seemed to have a motive hadn't done it.

He wondered if she had killed herself.

The next day, Jiang Hao heard something outrageous.

He heard that Yue Zhengxing Lian had been upset because someone had tried to steal her treasure, so she had committed suicide.

Jiang Hao was speechless.

Chapter 928: The Demoness' Guidance

'Suicide?'

Jiang Hao thought that the Saintess had seemed a little extreme, but she hadn't seemed like a person who would kill herself over something like this.

After cultivating the Primordial Spirit Realm, no matter how stupid a person was, they would not treat their own life as a joke.

They were very careful because they had worked very hard to reach where they were.

If the person in front of her was a Soul Ascension Realm, Return to Void Realm, or an Immortal Ascension Platform cultivator, she wouldn't have talked in that way.

The reason why he dared to be so arrogant was because his cultivation was lower than hers.

She felt that she was superior.

Would such a person commit suicide for such a small matter?

Jiang Hao felt like that was impossible.

He thought there might be two reasons for things having turned out this way.

Firstly, the person who killed her had a high status in the sect.

Secondly, the benefits brought by the Heavenly Saint Sect weren't that great to let them treat the sect poorly.

The people of the Heavenly Saint Sect were either devout believers or complete fanatics. It was difficult to communicate with them rationally.

He was waiting for Liu Xingchen. He wanted to see who had done it.

Unfortunately, Liu Xingchen was nowhere to be found.

This time, he did not come to meet Jiang Hao.

Perhaps he went out or went to look for a remnant soul.

Three remnant souls were not enough for him to have some fun.

The only place to find the remnant soul was the mines.

There were countless opportunities and remnant souls there.

Jiang Hao had seen one before.

He just didn't know if it would enter Liu Xingchen's body.

What would happen if four remnant souls met?

Jiang Hao did not know.

Three days later, a huge battle broke out in the sect.

It lasted for half a day.

After that, the battle subsided.

The Heavenly Saint Sect was still at the Cliff of Broken Hearts, but no one knew what deal they had struck with the sect.

Jiang Hao found out that the Cliff Master had returned.

No one mentioned the murder of the Saintess.

Around early April, the people from Heavenly Saint Sect left.

They didn't misbehave. Instead, they talked to everyone nicely.

Some glanced at him when they saw him.

Perhaps it was because of the recent incident, or maybe because of Yan Hua.

It had been so many years, yet these people still remembered it.

The people from the Immortal Sunset Sect had probably given up on him completely.

Senior Sister Yun Ruo's matter had almost come to an end.

No matter how many people had missed her in the past, it had been more than twenty years.

It was forgotten.

Those who missed her were either dead or had moved on.

Even if someone wanted to come after him, they wouldn't do so recklessly.

At the same time, he had already reached the late stage of the Golden Core realm.

They had lost the chance to attack him. The price they had to pay if they killed him would be much greater since his cultivation realm was higher than before.

They were forced to let go of their grievances.

Time washed away everything.

The weather was warm in April.

It became more and more obvious that someone was watching him.

They seemed to have become much bolder because no one had noticed them.

Jiang Hao felt that if this continued, the other party would appear in front of him directly.

He did not know what would happen then.

The only person he could think of was Old Man Corpse Sea.

Such a person could not be taken lightly at all.

In addition, the person who helped Bi Zhu fight against the cursed tree would also have such strength.

He just didn't know if it was him.

Senior Dan Yuan was very cautious. His people wouldn't spy on him so recklessly.

The Sword Master had been so polite when he was last here.

Old Man Corpse Sea probably didn't have the Sword Dao before him.

After all, he was the only one who could read the Heaven Lock Technique.

But no matter who it was, he could only wait quietly.

For safety, he let the Dragon Pearl absorb its power and then returned it to Xiao Li.

He also gave the Nine Nether to her.

This way, it would be much safer.

The Nine Nether was afraid of the Dragon Pearl and Xiao Li, so it was still obedient.

At the Hundred Flowers Lake, a white figure landed by the lake.

A red-and-white figure stood in front of her. Her hair swayed gently in the wind.

Baizhi lowered her head. "Greetings, Sect Master."

Hong Yuye looked at the fish in the lake. "Where did these fish come from?"

There were all kinds of colorful fish inside.

"It was raised by Lord Qing Yu. Later, when you took over this place, the fish were brought here," said Baizhi.

Hong Yuye sprinkled a handful of fish feed into the lake.

She asked Baizhi why she was here instead.

"Feng Hua is still free." Baizhi lowered her head. "She attacked the person and left them with an arm missing. We captured a woman who was traveling with her."

"What does Feng Hua look like?" Hong Yuye walked toward the pavilion.

"I didn't see her clearly. She was wearing a black robe and hiding in the dark. Her cultivation realm is inferior to mine, but she's unusually cunning," said Baizhi in embarrassment.

"Where is that woman and the arm?" Hong Yuye sat down.

Baizhi followed her to the pavilion. "In the Lawless Tower."

"Alright." Hong Yuye nodded. "Let's interrogate them then. Let's see what we can get out of them."

"Also, we know what Feng Hua is looking for. She seems to be looking for something that can restore her appearance. Perhaps we can use that thing to lure her out," said Baizhi.

"Do as you see fit," said Hong Yuye.

Baizhi nodded.

"How long have you been back?" Hong Yuye asked.

"Almost a month," Baizhi said.

"It's been a month, and you still haven't noticed?" Hong Yuye looked at Baizhi. "It seems that the increase in your cultivation realm has made you feel a lot more at ease."

Baizhi was shocked.

Had she missed something?

"Sect Master, please forgive me." Baizhi was terrified.

“Go on.” Hong Yuye did not say anything else.

Baizhi didn't dare to ask anything further.

On the way back, Baizhi felt uneasy. She looked around and didn't understand what the Sect master meant.

However, when she returned to White Moon Lake and carefully sensed her surroundings, she was shocked.

There was something wrong with the surroundings.

She immediately disappeared from the spot and began to look around the sect.

Soon, she realized what was wrong. Someone was spying on the Heavenly Note Sect.

Their methods were extremely powerful, but she had ignored them.

She began to trace the source.

If the other party dared to do this, their cultivation must be very high. She needed to deal with them with all her might.

At Devil's Den, a figure appeared.

He stood upright. He looked very old.

“Realizing it only now? The people of the Heavenly Note Sect are lax.” Old Man Corpse Sea shook his head.

He didn't take the Heavenly Note Sect seriously at all. No one had noticed him for so long.

What was there to worry about?

Even if someone discovered it now, it would not be easy to trace it back to him.

By the time they found this place, he would have already left.

He looked around and found that this place was strange.

His gaze was fixed on the innermost part of it.

"The Milky Way hangs upside down... This is amazing..." Old Man Corpse Sea looked ahead and sighed. "This starry sky is really strange. I think I've seen it somewhere before. Is it the one where the Corpse Realm disappeared?"

He wasn't sure, and he wanted to go over and take a look.

However, it seemed that he had to take a different path to get closer to the depths.

The road was a little red.

Old Man Corpse Sea didn't care. Nothing could stop him.

Chapter 929: Heaven and Earth Changed Colors, And The Great Dao Collapsed

Old Man Corpse Sea was surprised by the red spots on the path.

It was a strange path.

Usually, the path led straight to the depths.

However, this was not enough for Old Man Corpse Sea.

He needed to go to the depths and pry into the secrets behind it, especially regarding the starry place.

He was excited. This place was indeed special.

“Unfortunately, the Heavenly Note Sect is too weak. Even if there is such a place, no one can guard it.”

Old Man Corpse Sea shook his head.

This place might not even be accessible to most people in the Heavenly Note Sect.

Old Man Corpse Sea didn't think too much and walked forward.

The destination wasn't a simple place, so the road leading to it wouldn't be ordinary either.

As he walked forward, he felt that the road got even redder.

He smelled blood.

Old Man Corpse Sea frowned and opened the Corpse Sea.

The Corpse Sea didn't change anything. Corpses appeared one after another.

A powerful aura followed.

Old Man Corpse Sea stepped forward. With the Corpse Sea leading the way, the danger was greatly reduced.

After a while, he felt the road become more and more sticky.

“Is this really blood?”

He was a little surprised. There was fog ahead, so he couldn’t know which direction he was going in. He could only use the Corpse Sea to break through and let the corpses lead the way.

After going deeper, he felt that he was walking aimlessly.

After a long time, Old Man Corpse Sea arrived at the flowing Blood Pool.

He was surprised.

He couldn’t see far, but he was sure that he would get closer if he kept going forward.

After hesitating for a moment, he let the corpse move forward.

However, the corpse lost control and fell into the Blood Pool.

Old Man Corpse Sea frowned. Then, he released his power and walked forward.

He felt great pressure on his body as he took the first step.

Soon, he composed himself and took a second step. He felt the impact in his heart.

He gritted his teeth and took a third step forward.

However, when he took the third step, he felt all the surrounding pressure disappear.

Immediately after, the monstrous Blood Pool began to surge.

In it, he saw an illusion.

Suddenly, the other party turned his head and looked over.

He did not see the face of the person, but there was a pair of blood-red eyes in the sky.

For a moment, the world changed colors, and everything collapsed.

This pair of eyes seemed to know everything.

His cultivation realm collapsed before his eyes.

With just a glance, Old Man Corpse Sea was crushed.

He spat out a mouthful of blood and wanted to use the corpse to block the path.

However, his blood vessels erupted.

The surrounding Corpse Sea evaporated, and the corpses disintegrated.

An irresistible force sent him flying.

At that moment, a disdainful voice sounded in his ear. "You dare to take three steps into the Blood Pool?"

In the Heavenly Note Sect, Baizhi searched for the source and finally found it near the Devil's Den.

“What a powerful technique...”

She tried her best, but she could barely trace the source.

The person was too powerful and concealed himself well.

As for who it was, she had no clue. Since they dared to come in so brazenly, they were definitely someone extraordinary.

Was it someone from a major sect?

Or was it some powerful figure from the Heavenly Saint Sect?

In the South, there were very few people who would do such a dangerous thing. If they were not careful, it would cause a big problem.

Without hesitation, she walked into Devil's Den.

She felt a strange aura inside.

Immediately after, there was a loud explosion.

Boom!

Many corpses fell from the sky.

Baizhi's heart raced. She immediately reinforced her defenses.

However, everything calmed down in a breath.

Countless corpses fell in front of her.

"What happened?"

Baizhi moved forward.

After a while, she saw a wounded, bleeding person among the piles of corpses.

When she got closer, she realized that it was a middle-aged man. He was wounded, and he looked fearful.

Baizhi didn't know what he had gone through, but she was certain that this was the person who had spied on the Heavenly Note Sect.

How could an immortal have such an ability?

Moreover, the surrounding corpses did not look like they had just appeared.

Without any hesitation, she took him away and cleaned up the surrounding corpses.

The intruder had been found. Finally, she had an explanation she could present to the Sect master.

Jiang Hao sat in the courtyard. He felt strange.

The spy had disappeared.

However, there had been no commotion in the sect.

“Did someone solve it in secret, or did that person leave?”

Jiang Hao did not know.

No matter what, the aftermath would either bring peace or a war.

Half a month later, around mid-April, Jiang Hao still didn't sense anything untoward. He sighed in relief.

“It seems like the matter has been resolved. I wonder who was spying on the Heavenly Note Sect.”

On that day, the Lawless Tower sent him a message. He needed to head to the fifth floor.

“It's finally here.” Jiang Hao heaved a sigh of relief.

He had wanted to visit it, mainly to see the person that Elder Baizhi had captured.

They might be related to Feng Hua.

He had always wanted to know more about her.

That way, he would have something to report to Hong Yuye.

If this captive had many secrets, he wouldn't have to go out to find clues.

He could use the person as an excuse to stay in the sect. He could always say he was needed for the interrogation.

If he was given a few more decades, he might be able to try to become an immortal.

In the afternoon, Jiang Hao left the Spirit Herb Garden and headed to the Lawless Tower.

On the way, he felt the stone tablet vibrate. There was a gathering tonight.

The gathering was about to begin.

After a while, in front of the Lawless Tower, he met Senior Sister Yinsha.

“Greetings, Senior Sister.” Jiang Hao bowed.

“Junior Brother Jiang, you’re too polite. There is something strange this time.”

“Something strange?” Jiang Hao was surprised.

“Elder Baizhi caught this person. His mental condition isn’t very good,” said Yinsha. “We don’t have any information on him, so we can’t investigate. We have no choice but to ask for your help to make him speak.”

‘No information?’ Jiang Hao was shocked. ‘It really isn’t Feng Hua’s avatar?’

Who would be worthy of Elder Baizhi’s attention?

Jiang Hao thought for a moment. He had a good guess.

However, he still needed to take a look first.

“I’ll try my best,” Jiang Hao said.

After a while, Jiang Hao arrived at the fifth floor of the Lawless Tower.

This time, he didn’t see Heavenly King Mu Longyu. He seemed to have gone back.

Mi Lingyue had been here for a few years.

She was very safe here. She was not monitored or controlled.

He just needed to find the spiritual core.

If there was a chance, he could appraise it.

Jiang Hao didn’t pay much attention to it. He looked at the captives.

Zhuang Yuzhen, Heavenly King Hai Luo, Mi Lingyue, the lantern bearer, and a half-dead old man.

Bing Qing was gone.

There was an old man in her cell.

The moment he looked at him, Jiang Hao felt a wave of death aura.

It was very familiar.

It was him!

Old Man Corpse Sea.

Chapter 930: Creating Immortals

On the fifth floor of the Lawless Tower, it was unusually quiet.

When Jiang Hao arrived, there was no sound whatsoever.

After a few visits, the guards there had changed.

Everyone knew why.

No one dared to speak rashly. They all wanted to see why the other party was here.

Jiang Hao stood in front of the fifth cell and looked at the old man.

He didn't need to appraise to be sure that the person was Old Man Corpse Sea.

At that moment, his head was lowered. There was no sign of life.

His body was covered in death aura, and he looked strange.

He seemed to have suffered a terrible blow.

After hesitating for a while, Jiang Hao appraised him.

[Old Man Corpse Sea's Avatar: Old Man Corpse Sea, who entered the Blood Pool, lost all his pride under the gaze of the evil spirit of Gu Jin. He lost all his cultivation and could no longer release the Corpse Sea. It affected his main body. Even now, he is still trapped in that gaze. He is unable to extricate herself. Staying in the Lawless Tower for a month will help him slowly walk out of his shadow.]

Jiang Hao was surprised when he saw the divine ability's feedback.

'Gu Jin?'

Gu Jin could attack others...

He had entered the Blood Pool several times. Had he been lucky?

If that was the case, he did not dare to go there again.

The price of losing all of his cultivation was too terrifying.

He really wanted to ask where the person had encountered Gu Jin. Could it be that he had entered the depths of Devil's Den?

Jiang Hao had never gone further into the depths.

It was safer to not visit in the future.

He could not rule out the possibility that Gu Jin had lost control without meaning to. His mind wasn't his own.

That was highly likely. Gu Jin had always said that he was guarding an evil spirit there, after all.

As long as he was awake, the evil spirit would not appear.

In the future, he could try using the clone talisman.

"Senior?" Jiang Hao called.

However, the person did not hear him at all.

It seemed that he really had to wait a month to talk to him.

He didn't need to rush.

Jiang Hao walked up to Heavenly King Hai Luo.

He looked skeptical but slowly got up.

"I want to ask you a question," Jiang Hao said.

"Go on. The answer will depend on my mood," said Hai Luo.

"The Heavenly King is too arrogant for his own good. If he can't answer, I will," said Mi Lingyue.

Hai Luo glanced at Mi Lingyue and said in a low voice, "Little bitch."

"Let me do it," Mi Lingyue said.

Jiang Hao nodded and then looked at Mi Lingyue.

She was also from overseas, so she would know some things.

Heavenly King Hai Luo was speechless.

"Senior, have you heard of the Shangguan family?" Jiang Hao asked.

“The Shangguan family from overseas? The one with the Hundred Nights Curse?” Mi Lingyue immediately thought of the curse.

“The Shangguan family is cursed?” Jiang Hao asked.

“Yes. Whenever they are mentioned, people immediately think about the Hundred Nights Curse,” said Mi Lingyue. That curse was very strange. It would take effect only after a period of time. It has caused the Shangguan family to get stuck. They are unable to grow. They tried many methods, but they couldn’t get rid of the curse. If they didn’t have magic treasures, high attainments in array formations, and the ability to control beasts, they would have been exterminated on the day the curse first acted up.” Mi Lingyue sighed.

Who could withstand the curse of the entire clan?

“They also thought of nurturing others to protect their race. Unfortunately, it brought disaster. In the end, they chose their subdued beasts and barely survived. It’s quite difficult for them to trust outsiders,” Mi Lingyue said.

Jiang Hao was even more certain that this race was the Longevity Race.

“What does their clan usually do to counter that?” Jiang Hao asked.

“They grow in secret. They occupy a place and stay there. They won’t extend their influence. In any case, they were ignored overseas. They didn’t harm anyone and didn’t want anybody to interfere with their clan. Even if they are ambitious, the Hundred Nights Curse holds them back.”

“Senior, have you ever met the Shangguan family?” Jiang Hao asked.

“I have.” Mi Lingyue nodded.

“What kind of people are they?”

“Normal people like anyone else.”

‘Normal?’ Jiang Hao thought for a moment. He wasn’t a bad person, but he wasn’t a good person either.

He nodded.

“Junior Brother Jiang, aren’t you going to ask me anything?” the lantern bearer suddenly asked.

Jiang Hao looked at him. He didn’t know what the lantern bearer wanted him to ask.

“Aren’t you curious about my condition?”

Jiang Hao recalled the thing the lantern bearer had given him.

It was no use to him.

“Very few people know more about the Great Thousand God Sect than I do. Perhaps I still have value?”
The lantern bearer smiled. “For example, the Great Thousand God Sect is going to stir up a storm overseas. This storm is called the Nine Nether.”

“What do you mean?” Mi Lingyue didn’t understand.

“The Nine Nether is a vicious creature that feeds on spirit energy,” the lantern bearer said.

The others still could not understand.

“After a while, a dragon cave will be discovered overseas. Only primordial spirits can enter the dragon cave,” said the lantern bearer.

“The Great Thousand God Sect wants to use this opportunity to absorb the primordial spirits of powerful cultivators?” Mi Lingyue. “But the people overseas aren’t stupid. They won’t jump into such a trap.” “What if it really is the Dragon Cave?” the lantern bearer asked.

Mi Lingyue was speechless.

If it was true, it would be difficult to tell that it was a trap.

Even if they all died after entering, no one would suspect the Great Thousand God Sect.

“What does the Great Thousand God Sect want?” Mi Lingyue asked.

This time, the lantern bearer did not speak.

Heavenly King Hai Luo sneered. “What else? They want to create immortals.”

The lantern bearer was a little surprised. “Ah... A Heavenly King is indeed really a Heavenly King.”

Mi Lingyue didn’t understand and even Zhuang Yuzhen was shocked.

However, they did not say much.

Jiang Hao didn’t ask any more questions. Instead, he bowed and bid them goodbye.

He had heard something unbelievable.

The Great Thousand God Sect wanted to make a move on some people overseas with the goal of creating immortals.

It seemed that the Saint Bandits and the Great Thousand God Sect were not simple at all.

Everyone had their own plan.

On the other hand, the Fallen Immortal Clan seemed rather ordinary. They just wanted to restore their clan to their former glory.

Back in the courtyard, Jiang Hao saw the spirit beast sharing food with Xiao Li.

“Senior Brother Jiang, we’ve left something for you to eat,” said Xiao Li when she saw him.

Xiao Li handed him a chicken thigh.

He took a bite and found that it wasn’t poisonous. It didn’t taste bad either.

He was a little surprised. ‘Where did they get the chicken?’

“Today, my friends in the underworld knew that I was hungry, so they offered me this.”

“Can you speak clearly for once?”

“A chicken appeared. Beast said it was hungry, so it caught the chicken. We cooked it.”

Jiang Hao was speechless.

How did a chicken suddenly appear in a place like this?
