

You're Mine

Brianna's POV

My heart was beating so fast. I couldn't control my emotions. The combined affection and lust I felt for him at the current moment drove my sanity away. I couldn't control it. I was anticipating what he'll do next. I kept on clinging onto his neck. I want him. So much.

"Damn!" He whispered in a hoarse voice. "Damn, babe! You're making me insane!"

I arched my back and opened my eyes. I was panting and so he is. He caressed my jaws and neck and it made me even more hot. The room is actually cold but I'm burning. He's burning me with his touch.

"Rogue, ah!" I cried in pleasure when his hand pressed against my stomach and the tip of his finger touched my under boob. It sent shivers down to my spine. I felt like he shook my world.

He swallowed hard and looked into my eyes. "I want you. So fucking bad, Brianna."

I nodded and licked my parted lips. "I want you too. Make me feel better, Rogue."

"I will, babe."

His hand unhooked my bra right after he said that. I arched my back again, inviting him to kiss my neck as he palmed my bosoms. His palms were warm and calloused against my soft skin.

“Ohh!” A lewd moan escape my lips when he kissed the tip of my right breast even with my blouse on. He licked it and gently bit it as his hand kept on playing with my other bosom.

The electrifying sensations were too much. It's blinding me.

“Rogue!” I called helplessly as if my life depended on his touch. His other hand touched my inner thighs and parted my legs. I gasped when he settled between my legs and I felt the bulge in his pants.

I looked at him and his eyes were burning as he watched my erotic face. I almost cried because of too much pleasure and anticipation when he suddenly pressed his bulge against my heated core and started dry humping me.

“Oh my God!” I gasped. He put his arms on both sides as he continued grinding his hips on mine. I gripped his arms.

“Ahh!” I moaned out loud again as I felt my climax nearing.

I stared at his face. He looked so handsome and so freaking hot while watching me delirious underneath him. There were beads of sweats on his forehead and he was also panting.

My toes curled and my eyes rolled back in pleasure after I felt something gushed out of me. My legs and arms fell on the bed, weak and immobile. He just grinded on me, but I came really hard. My cheeks heated because of what happened. Only he can affect me this way. He was the only one who made me feel like this. We are just starting, but he already made me taste heaven in his arms. He's changing my perception about sex. With Cain, sex is all about pain, disappointment and ability to satisfy each other. But tonight, with Rogue, I realized it wasn't how it works. He gave

me another meaning about sex. And I didn't know sex could be this amazing and beautiful. I feel wonderful and I feel like we have connections.

I swallowed hard and bit my bottom lip when Rogue took his polo off and threw it on the floor. He looked at me again as I slowly lifted myself up and removed my blouse. He helped me. We were moving so slow. We're taking our time, taking advantage of the chance.

My trembling hands reached his belt. He held my hands, stopping me. He looked at me worriedly and then he shook his head. "Babe, this is not about the investment. I will invest in your company without this. I saw the potential and not because I want you."

I smiled at him. "I know."

He stared into my eyes. After a few moments, he clenched his jaws and grabbed my jaws. He kissed my lips, our tongue fought.

He was so good at this that he was able to push me back to the bed and remove our remaining clothes without even breaking our kiss.

"Ah!" I squirmed when I felt the tip of his length poking my entrance.

Horror filled my eyes when I saw it. He's literally huge.

The corner of his lips rose in an arrogant smile. "We'll fit. Like it?"

I gasped because of his cheeky remark. I chewed my bottom lip and held onto his arm when he slightly pushed the tip inside. It's been a while since I had sex. My first and last was Cain, but now, Rogue is about to own every inch of me.

Commented [Ma1]:

"I will be gentle. I will make you feel better," he whispered and kissed my cheek. His lips were like feathers. It was so soft and so light.

"I'm going in," he whispered again. My face heated even more as I looked at him.

"Damn it, Rogue. Are you trying to kill me? I want you. Now!" I grabbed his neck and kissed him on the lips after I said that.

I felt him smirking against my lips and his length, slowly entering me distracted me from the kiss. I pulled away but he held my jaws and continued kissing me.

My hands went to his back and my nails scratched his back. My legs wrapped around his waist as he successfully entered me, owning every inch of my sacred paradise.

When he released my lips, he slightly pushed himself up to see my face. He kneeled between my legs and looked down. My cheeks burned when I saw our connected parts. He was grinning when I looked at him again.

"See? We fit perfectly."

I smacked his chest. "You're crazy!"

He bit his bottom lips and pulled a little. I arched my back because of the friction. He slowly pulled again until the tip and then slowly pushed all the way inside.

"Ohh! Rogue!" I moaned erotically and clung on his neck as if my life depends on it.

He put his weight on me and started moving on top of me. I started

screaming underneath him. I couldn't find a way to calm myself. I want to reach something that only he can give. I want to do this with him more than once. I want to feel his touch, his body against mine. I'm going crazy. So, so crazy about him.

"Bree..." He groaned as he buried his face in my neck. "Bree, babe! Fck! Are you safe? Damn it! You're mine now."

I nodded desperately. I couldn't think straight. All I want is to reach the peak of pleasure I've been chasing. I arched my back, snaked my legs and arms around his body as I convulsed underneath him. He continued moving and after a few more thrusts, I felt him fill my womb. Oh God!
