

## A Girl Nobody Wanted Chapter 121 - Tips

Jake's POV

I told Luke about everything Marina told me and showed me...

"That bit\*\* she is clearly lying to you," he said, angrily.

"I don't think so, Luke. Maybe I really did that, though I can't remember." I said.

"Are you mad? When is the last time you got drunk, or let me ask like this, have you ever get drunk?" he asked.

I shook my head thoughtfully. He is right, I don't get drunk. I know my limit.

"Then how you got that drunk and forgot everything you did? If she has taken such a photo, then she must have drugged you without any doubts. Maybe you really did that because you were drugged." he said.

"I never thought Marina can do such a thing. She is a cool girl, and she has a kind heart." I said, recalling all the memories I have with her.

"That is your problem, Jake. You trust people too much. Maybe she is like that, but she clearly has a crush on you, so that made her do so..." Luke said.

"So, what should I do now?" I asked confusedly. Actually, I couldn't get rid of the guilty feeling I had.

"You have done nothing wrong, Jake. You are just a victim, just like Sarah. So let's try to talk some sense to her and stop her doing anything stupid." Luke said.

Yes, he is right. That is what I should do... I have to be strong and act carefully...

\*\*\*\*\*

I could leave the hospital after a week. Doctors advised me to get some rest, but I could make my parents give me permission to go and see her.

Shane informed me of a time when Sarah is alone in the house.

When I rang the bell, she opened the door without even checking who it is. She is never going to learn.

“Jake!!!” she exclaimed as she saw me...

My head was still covered... Her eyes were focused on my head, and I clearly saw how her eyes got clouded with pain.

Then without even waiting for a second, she hugged me tightly and buried her face in my chest... She started to cry...

“Princess...” I said, kissing her head. God! How much I have missed her... Her reaction also indicates how much she has missed me. No matter what she is trying to pretend she can't live without me, I know that.

When she raised her head from my chest, without wasting a second, I kissed those rosy lips... She didn't protest, but she was not kissing me back either...

So, I removed my lips from her and looked at my favorite pair of eyes.

Her eyes were filled with tears, but they still showed how much she loves me...

However, after a few seconds, she looked away and then she tried to move from me. But I tighten my grip on her hip and pulled her even closer... She is mine, I am not letting her go away.

“Jake... Let me go...” she said, wiggling her body.

“Why should I let you go? You are the one who hugged me first.” I said, placing a kiss on her forehead... I can't really get enough of her... More I kiss her or touch her, the more I want her...

“Well... I am sorry for that. Now let me go.” she said.

“You don't have to say sorry, I am all yours. You can hug me whenever you need it.”

She laughed, making me confused.

“I also thought like that, Jake... But it seems like you are not mine only,” she said.

“Stop telling lies, princess... You can't lie to me. I know you don't think I cheat you. If you think so, you will never hug me like this or let me kiss you...” I said confidently.

“I hugged you because I care about you no matter you cheated me or not. I let you kiss me because my heart is not made with stone, I still remember our past memories...” Sarah said coldly. But I know she didn't mean those things, her reaction was totally based on pure love.

“Also, Jake, I am now engaged to Andrew. So let me be alone,” she said again.

“But you were engaged to me before anything,” I said, smiling.

“Can you even call it an engagement, Jake? You bought two rings, and we put them on each other, that's all. But Andrew got engaged to me in front of my family and many other people. We had a beautiful function too... So do you still think mere ring exchange we did is a real thing?” she asked.

I know she doesn't mean what she said, but it made me feel sad.

“I am sorry, I couldn't give you a proper celebration along with our mere ring exchange...” I said without trying to hide the disappointment.

Anyway, I was not ready to let her go. I have to find out what she is hiding.

“Sarah... I love you, nothing can change my love for you. I know you feel the same for me. I know that even by agreeing to marry him, you are trying to protect me. But Sarah, dad promised me that he will take care of everything. So we don't have to worry about anything.” I said...

She released a sigh but didn't say anything.

“If you have any other problem, please let me know. Together we can find solutions to any problem, Princess. You are the one who told me that.” I said, looking to her eyes.

In the meantime, I heard a car entering from her gate...

While holding her, I turned my head to see who it is. I was hoping for his dad to come, so I can explain to him everything and ask him to give me Sarah's hand. But it was not him, it was Andrew...

"What the fu\*\* are you doing, Jacob?" without even waiting to get down from the car he shouted.

I could beat him to death right now, but that won't solve any problems.

I released my grip on Sarah... She looked panicked as she saw him...

Andrew ran all the way to me and hold me from my shirt collar.

"Don't you have any decency at all? How dare you touch my fiancée?" he yelled at me.

I can easily knock him and get out of his hold, but I didn't want. I wanted to see Sarah's reaction.

Just as I predicted, she screamed Andrew's name and tried to pull him off from me...

But he was not ready to let me go, he was furious... He punched my face, and it caused my lips to bleed...

As Sarah saw my bleeding lips, she started crying and begging to him...

"Your chapter with her is closed now. When you were with her, did you even let me come closer to her? Now you come and hug my fiancée..." her begging and my stillness made him even more aggressive. He even slapped me...

"Please, Andrew... Let him go..." Sarah was begging so hard...

I could stand him insulting me and beating me, but I couldn't see my princess begging in front of this rascal.

I hold his hand, which he was using to grab my collar and made him release me... I didn't have to put much effort into that. I am much stronger than him with all the hard practices I do.

"Andrew... You got her agreed to marry you by doing something. But she is mine, and it will never change. I will find out what caused her to agree to

marry a bastard like you. After that, you can leave her and spend the rest of your pathetic life alone..." I yelled at him...

"Let's see what happen, Jackie... But for now, Sarah is mine... Mine to do anything I want..." saying that he placed his lips on Sarah's and started to kiss her roughly... There is no doubt that the kiss brings no pleasure but pain...

I wanted to punch his lips until they bleed and dry him out. But I can't do that. We have enough problems already, how can I create more... So, ignoring them, I walked to my car...

But my heart was shattered... Seeing someone else, especially this bastard ruining the innocence of those rosy lips was hurting me more than anything I have felt before...

### Sarah's POV

I never expected to see Jake at that time in front of my house. I couldn't resist my self from hugging him... That familiar warmth, that gentle touch... I have no words to say how much I miss those...

When he kisses me... Though I didn't kiss him back, I felt like I can even die peacefully after that gentle touch on my lips.

Jake was so sure that I am lying to him. He wants to know the reasons I am hiding, but how can I say?

He said his dad will look after everything, but what his dad actually does is lying to him and trying to remove me from his life. How can I tell him those?

I didn't know what to do when Andrew came... Andre held Jake from his shirt collar and punched him... Jake's lips, which made me felt heavenly a few minutes earlier, started to bleed...

I couldn't bare seeing it... Jake is obviously powerful than Andrew... I don't know why he didn't try to stop Andrew...

I begged Andrew to let him go, but Andrew was so aggressive. I have never seen him that furious... He even slapped Jake...

Finally, Jake got himself released from Andrew's grip... He didn't even have to put a lot of effort into that.

However, Andrew wanted to show his possessiveness over me and k!ssed me so roughly in front of my Jake. I know that must make Jake feel so miserable and helpless... Thinking about how much Jake got hurt made me hurt more than Andrew's k!ss made me hurt...

\*\*\*\*\*

After Jake left, Andrew entered the house with me. There was no one at home at that time... Not even the maids...

I was feeling scared to stay alone with this crazy bastard, but I have to hurry up and dig into his life...

"You shouldn't speak to him ever again... If you have to speak to him for any emergency, you should get my permission first. Same applies for Luke as well..." he said.

"I am going to be your wife, not your slave..." I said, angrily.

"I am not restricting you to have friends or anything. But you can't have any connection with those two," he said firmly.

There is no point in arguing with him, also, his rules apply for just a few days only. When I got what I need, I will leave him forever. So, I didn't say anything.

"Do you want some coffee?" I asked.

He nodded. I made some coffee and brought him a cup...

I intentionally drop coffee on his shirt, pretending like it is an accident.

As I hoped, he went to the washroom, leaving his wallet and phone on the coffee table...

I quickly grabbed his wallet and checked. There was nothing important. sh!t!!!

Then I took his phone. It was locked. A four-digit passcode... What can be it? He will come out soon, so I have to hurry.

I tried his birthdate... 0720... No, it was not correct...

May be Lilly's birthday... One day he told me her birthday, and it was kept in my mind because my mom's birthdate is the same...

I tried in 1115... It is also wrong...

What can it be then... After a lot of thoughts, I tried my birthday... 0925

Yes!!! It worked!!! He was not lying when he said how much he loves me. His phone passcode is also my birthdate.

I directly went to messages...

There was a message thread from Marina... A long one... I had no time to read... So I took screenshots and sent them to my phone then delete all the traces... There was another message thread from Jake's dad, I repeated the same thing.

Then I went to his gallery... The gallery was pretty empty other than a few photos of mine (some random photos he took + our engagement photos) and Lilly's... So nothing important to get from the gallery...

When I was about to search for more, I heard the washroom door was opened. I quickly put his phone down...

He came and sat next to me on the sofa... I apologized to him for what happened, and he said I don't have to worry.

Then we were sipping coffee without talking anything when he suddenly holds my hand...

"Yes..." I asked automatically...

"I can't take my mind off from the way he holds you, knowing you are mine now..." he said, tightening his grip on my hand...

I didn't say anything...

"Why, Sarah... Why you let him hold you like that when you put a thousand and one restrictions to me?" he asked, removing my hand and cupping my face from both of his hands...

"I haven't put any restrictions to hug me..." I said casually.

“But you said no se.x until the marriage... Also, you said no !!p k!sses in front of other people until the marriage...”

“Which you broke so roughly in front of Jake...” I replied.

“What else can I do? I wanted him to show that you are mine...” he said, gently placing another k!ss on my !!ps... God!!! I wish to k!ss a toilet seat than k!ssing him!

“You let him have all of you, don’t you, Sarah... You were not even properly engaged to him. But I am engaged to you in front of everyone. So why can’t you let me...”

“Please, Andrew... We have talked about this earlier... We are not having se.x until we get married.” I said, interrupting him. Well... We are not getting married any day, so you won’t get it from me, Andrew...

“How many times he has fuc\*ed you?” this time his voice was not gentle. He sounds angry and aggressive.

“What?”

“I asked, how many times did he fu\*\* you?” he yelled at me, and his hands were pressing on my flesh...

“I don’t know, Andrew... I don’t keep count...” I said, angrily.

“That means you let him have you that many times, but you can’t let me at least for once...” he said, looking to my eyes... I could see nothing but lust in those eyes... I was getting scared, really scared...

“Andrew, you are hurting me...” I cried...

“You are hurting me more than that, Sarah... What else I should do to make you love me?” he screamed...

“Andrew... We are getting married as soon as I am graduated... That is not far...” I said, trying to calm him down...

“I can’t wait that long... I want you, Sarah... I have waited so long...” he said, roughly k!ssing my !!ps...

“Andrew, we have agreed to this... Why are you acting like this now? Please let me go now?” as soon as he took his lips off from me, I screamed, I was wiggling to escape from him, but he was stronger than me... Way stronger...

“When I see you with him, it made me go mad... You made me like this, Sarah... ” he started to kiss all over my face... I don't even know how to explain the fear I was getting...

“If you can't let me make love to you, I want to at least see you naked, and I want to kiss you... ” he said, unbuttoning my blouse...

What the fu\*\*? Is he some kind of a freak? God! What should I do now?

“Andrew, please stop...” I yelled and tried to escape...

“Let's take this to your bedroom.” he then said, lifting me up.

At the same time, the front door was opened, and I heard a familiar voice calling my name...
