

## A Girl Nobody Wanted Chapter 125 - Tips

Jake's POV

Why did I lose my temper like that? I have never done something so stupid.

My life has become a complete mess. I am not even aware of what is happening around me sometimes. Words are not enough to describe how heartbroken I feel... Mom got really worried because of me, she said she will talk to Sarah if I want. But I don't think she can do anything because even dad couldn't change the way Sarah thinks. Dad was also so concerned about me, but at the same time, he was asking me to make up my mind and move on. From his side, what dad asks is totally fair. He tried his best to give me what I want, what else he can do?

I was trying so hard to talk to Sarah, but all my efforts went in vain. She kept on ignoring my calls and messages. Also, when I tried to speak with her at the university, she, however, managed to ignore me. Even Luke and Shane are supporting her to ignore me. When I asked Luke about that, he said we should respect her decision. What bullsh!t is that? I don't know what's wrong with him.

When everyone is making it impossible for me to talk to Sarah, I had to use that one opportunity I got to speak to her. When I go in front of her, I totally lose my control. We both wanted so much to let everyone know about our affair. I think even more than her, I want to tell everyone that she is mine. I got to say that today, but not the way we both expected. Also, it didn't make her happy as I thought.

However, I only made the problem worst. Luke also scolded me for the way I behaved today. He is scared that Andrew will try to do something for me. I don't care about the risen risk for my life, but I am afraid if Andrew will try to get the revenge from my princess...

I couldn't even think about what should I do next. I can't lose her. I can't even imagine how my life would be without her.

After a lot of thought, I decided to go and meet Andrew. I am not going to fight with him this time, but I will beg him... I will do anything he asks me to do... I will beg him to give my Sarah back to me, taking anything else he wants from me...

\*\*\*\*\*

## Luke's POV

I called uncle Victor and arranged a time to meet him. I said to him I have to discuss something so important to him.

I don't know if this plan is going to work, but I am going to give my maximum to it. I can't see my Jake in a miserable state like this. Don't get me wrong when I say my Jake. I know he does not belong to me, and it is never going to happen. I am not thinking about it either. I love Shane and want to lead a happy life with him. But Jake has this special place in my heart that no one can ever change. No one can even compete for that place...

Also, I am so damn scared about Jake's life. Who knows what that bastard would do? If anything happens to Jake again, I don't think I can be able to forgive my self forever.

Praying God to make our plan work, I entered the uncle Victor's room.

"What do you want to talk with me, Luke?" showing me the chair in front of him to sit, uncle Victor asked.

"I want to talk about Jake and Sarah," I said.

"There is nothing to talk about them, Luke. I tried to change that girl's heart, but I couldn't. What else can I do for them?" he asked.

God! How he manages to lie this simply. I couldn't even believe if this is the same person who always taught us to be honest.

"I will get to the point straight. I know you didn't put any effort to help their relationship." I said, looking right into his eyes.

His eyes widened with shock.

"What are you trying to say?" he asked.

"I know Andrew threatened you to separate Sarah from Jake. So that's what you actually did. But you managed to play the best dad's role in front of Jake." I said. I don't know where I got the courage to speak up to him. Since I was young, I was always scared of him, it was even hard to look into his eyes.

“Who said so? Sarah?” he asked angrily.

“She didn’t tell me a thing. But I got to know about this. ” I said.

“Luke, don’t try to create unnecessary problems,” he said annoyingly.

“I am not creating any problems, uncle. But I know how much Jake loves Sarah. He can’t even think of his life without her. He thinks you are supporting him, but when he got to know how you tried to separate his beloved Sarah from him because you are scared of Andrew, he will decide what he should do.”

“Luke, stop lying...” then he said, but his voice was not in the same dominating tone as usual.

“I am not lying. I know uncle Patterson is not Andrew’s real father. I know he has threatened you, saying he would reveal his real father to Aunty Jennifer and Jake.” I said.

“What!” he exclaimed. There is no doubt he was shaken by what I said. He fell into a quick thought. I guess he was trying to think about how could I know about these things.

“What do you think they will do if they got to know Andrew’s real father?” I asked then, pretending like I know Andrew’s real father.

“Andrew’s real and only father is Patterson. I don’t know what you are talking about.” he then said. Okay, you are now denying it...

“Really? If you are so sure about that, you don’t have to worry about what I am telling Jake about Andrew’s real father.” I said.

“There is nothing you can say. What are the proofs you have?” he then asked.

“I have the screenshots of your chat history with Andrew.” I put the trump card.

I have never seen him this shocked!

“He will see how Andrew has blackmailed you... After seeing that, it won’t be hard for a smart guy like him to find out the rest. ” I said.

“Aren’t you the best friend of Jake? Why are you going to make him worry?” he asked.

“I am his best friend, not just that I am his brother. That’s why I am going to tell him the truth. But uncle, I am giving you one chance. Do something to stop Andrew from hurting Jake, make sure Jake won’t have any troubles from Andrew again. Then Jake will never know a thing that has happened between you and Andrew. ” I said.

“You can’t blackmail me, Luke!” he yelled.

“Okay, uncle. Then you will have to answer Jake and Aunty Jeniffer... ” I said, standing up. He didn’t say anything...

God! Our plan didn’t work. He was not ready to accept anything. What should I do now?

“Do you know who is Andrew’s real father?” he asked when I was about to open the door to leave.

Thank God!

“Of course, I do. Otherwise, I won’t come here today.” I replied confidently.

“Who is it?” he asked. I think he is pretty sure I don’t know the real answer. Well... He is correct. But I can’t let him win.

“You!” I said, whatever happens next, at least I tried my best.

His face changed so quickly... He released a long sigh...

“If you know that, can’t you even think about the pain they both might get,” he asked.

God! So he is really Andrew’s father. How can that be possible?

“I know it will be painful for them. But I am not ready to let Jake loose his Sarah... ” I said, holding the door handle. I could feel our plan is going in the right direction... So I have to be strong...

“What should I do to stop you from telling them?” he asked in a pleading voice.

“I have already said what you need to do,” I said. I am talking to the current president of our country, right? As people feel no pain when they were anesthetized, I didn’t feel any fear at that time. But I know when I remind about this incident later, I would be scared to even think about it.

“Why can’t you understand, I can’t do that,” he asked helplessly.

“Then, you may sit and watch what I do...” I said.

“Luke, come and sit...” then he said...

“For what? I don’t have time to waste. I don’t even know what stupid thing Jake has done when I am here.” I said.

“If you want to tell Jake everything, please listen to this first, then you can decide what you should do,” he said.

“I don’t want to listen to anything,” I said firmly.

“Please...” he said again... The way he said made me go back and sit.

“First, I must say I have never cheated on Jeniffer. All these things happened before I get married to her,” he said.

“Andrew’s mom is a famous actress. I can’t tell her name. However, I got to meet her at a party, and we built up a connection. Our connection went too far, and we became lovers so quickly. We both didn’t let anyone know about our relationship. But unexpectedly, she got pregnant, making everything complicated. She was working so hard to make her identity in the film industry, so she didn’t want to keep the child. I didn’t want to go for an abortion, but I couldn’t force her for anything. So we decide to go for an abortion, but we were late to do that. We didn’t know what to do. I knew my dad would never let me marry her, I was the heir to most of his wealth because my sister got married to Patterson without his permission. “

“On the other hand, she also didn’t want to marry me. She wants to go back to acting as soon as she delivers the child. However, I told everything with my sister to release my pain. Making me shocked, she said she wants to adopt the child. Then only I got to know she is not capable of giving birth to a child because of a complication in her womb. I was actually so happy to let her adopt the child because it was my blood, my first child... If she adopts the child, I knew I could see him and look after him well... So we said everything

with Patterson as well to get his permission. That is the most terrible mistake I did in my life, but at that time, he was a really good person, and I trusted him with my life. He agreed without even thinking twice. So Liz acted like she is pregnant since no one knew about her inability to bearing a child, we had no problems. After giving birth to Andrew, his mom left for the USA. Liz brought up Andrew so well, like her own son. I supported them as much as I could. However, after some time, Patterson started to cheat in our businesses, and I had to take action against him. To get revenge from me, he said Andrew about his real parents, not just that he said Andrew that we tried to do an abortion also... Since then, everything started to change... Andrew started to hate me and Jake... He hates Patterson as well, but his love for Liz never changed. He loved her so much, I don't think a child would be able to love even his real mother that much."

Finishing his long story, he looked at me.

Well... How can we blame, Andrew? Form his side, he is right. He has all the right to hate uncle Victor. Both Jake and he are uncle victor's sons, but there is a clear difference in how they were treated. It is usual for him to feel jealous of Jake... It is completely the fault of uncle Victor and that sh!tty woman. Their irresponsible behavior made Andrew suffer for a lifetime.

"How can I go against Andrew? I have done everything for Jake, what have I done for Andrew? Andrew doesn't have anyone with him either. But Jake has me and his mom. Even more than Andrew's threats, my love towards him made me help him... " uncle Victor said.

I was completely silent... God! When I agree to come here, I never thought I would have to face a situation like this. I don't know what should I tell now...

I have no words to describe how much I hate uncle Victor right now. His actions have made Andrew suffer a lot, now he is going to make Jake suffer...

Right at that moment, his phone rang... He checked the caller Id and answered.

"What?" he yelled and stood up involuntarily.

"How is he? Where is he now?" he asked with a trembling voice. I don't know why, but with his voice, I felt something really bad has happened.

"I am on the way..." then he said, cutting the line.

“Someone has shot Jake...” he said, looking at me.

\*\*\*\*\*

God!!! It is 2 am already...

Who feels sorry for Andrew?
