## Chapter 1 The Rebirth of the Prince

Dayan Dynasty, Nanyang County.

In a wing deep in the Ye Clan's mansion.

"No!!"

A handsome-looking young man looked horrified, roared, and suddenly woke up from his sleep.

"Am I here?"

The young man first looked around, then his eyes suddenly changed. .??.

He found himself lying in an antique and dilapidated wing.

"Shouldn't I be dead?"

"What is this place?"

The boy's name was Ye Feng, and his head was confused at this time.

Buzz!

But at this moment, a strange memory suddenly poured into his head.

Next, Ye Feng understood everything.

"I was actually reborn, and it was three thousand years later..."

"But why do I know it is three thousand years later? This memory is so strange, but it is deeply imprinted in my mind."

Ye Feng's tone had an unbelievable meaning.

He was originally the prince of a powerful divine dynasty in the spiritual world. This divine dynasty is called the Divine Dynasty of Creation, and it rules the entire vast land of the spiritual world.

But Ye Feng had a difficult life and was cursed by God since birth.

He is the prince of the divine dynasty, but his lifespan is only a few decades, and he is not as good as an ordinary mortal. He will die soon.

For the sake of Prince Ye Feng, the God-Emperor of the Creation God Dynasty resolutely entered the legendary first restricted area of life "Above the Sky" alone, regardless of everything.

He wanted to find the legendary magic pill to extend his son's life.

Ye Feng only remembered that when his father finally returned from the sky, his royal robe was in pieces, his body was seriously injured, and he was covered in blood.

"This magical elixir is enough for you, Feng'er, to live as long as the sun and the moon, and to live as long as the heaven and the earth." His father said this.

But before Ye Feng could say anything surprising.

In the palace, great changes occurred.

Countless strong men rushed in, and the person leading the charge turned out to be the most loyal minister under the divine dynasty, Gu Tong sky!

No one expected that Prime Minister Gu Tongtian, who was known as the most loyal minister under the God of Creation, would rebel!

The rebels broke into the palace and fought fiercely!

Even though the God Emperor of Creation had unparalleled cultivation, he had just returned from the forbidden sky of life and suffered heavy losses. He was no longer a match for Prime Minister Gu Tongtian.

Ye Feng was killed in the chaos.

Then, he woke up in this life.

But before dying, Ye Feng swallowed the mysterious golden elixir that his father had obtained from the sky.

Even if he dies, he can't let this unique magic pill be left to those rebellious officials and traitors!

...

in the house.

Ye Feng recalled for a moment and got off the bed.

He put on his shoes and walked to the bronze mirror in the room.

What appeared in the bronze mirror was a young man with an elegant appearance and as gentle as jade. He looked different from the previous life, but he was about the same age.

At this time, he also received some memory fragments of the original owner of this body.

The land where Ye Feng was reborn was called Longyuan Continent.

However, there is no record of the spirit world in the memory of the original owner.

Ye Feng pondered a little, wondering if the Longyuan Continent where he was reborn was on the same land as the spiritual world.

Then he clenched his fists and muttered, "No matter what, if I survive, then there is hope."

"Although it is already three thousand years later, I am afraid that there will no longer be a God Emperor of Creation in this world, only a God Emperor Tongtian..."

"Three thousand years, how much history and characters have been lost in the long river of time."

"But those powerful enemies back then are definitely not dead, and maybe my father is not dead either. My father is the most powerful person in the spiritual world, the God of Creation. He is such a great man, with a lifespan of tens of millions of years."

"

Gu Tongtian, an old man, could only imprison his father, but he could never completely kill him! "

"I will find the land of the spirit world."

"This is my kingdom, and I will definitely take it back!"

Ye Feng made a heavy promise to himself in his heart.

"The cursed body in the previous life has been broken. I have enough time to practice and become stronger in this life."

Ye Feng's eyes were bright and his fighting spirit was high.

Blessings come from misfortunes, misfortunes come from blessings!

Ye Feng also discovered that the golden elixir that his father brought back from the first restricted area of life in the spiritual world, "Above the Sky," was floating in his mind!

This golden elixir can go through the long river of time with me, and it must be very extraordinary and mysterious after being reborn three thousand years later!

.....??.

The Great Yan Dynasty was located in the southern part of the mainland.

The place where Ye Feng is at this time is a small place in the Dayan Dynasty, the Ye Clan, a martial arts family in Nanyang County.

And his identity in this life is that of an orphan adopted by his family seventeen years ago.

"hiss!"

Ye Feng suddenly gasped in pain.

He opened his shirt and found that his body was covered in bruises and bruises, which was shocking!

Ye Feng's eyes were shocked and angry, but combined with the memory of the original owner, he knew that these were the "masterpieces" of the young masters in the Ye clan.

After all, Ye Feng entered the Ye clan as an orphan.

Therefore, the young masters and buddies in the Ye Clan usually treat Ye Feng, the adopted family member of the Ye Clan, as if they are servants.

"Don't worry, since you are dead and I am reborn, we are the same person, and I will not let us be bullied in any way!"

Ye Feng thought in his mind, and sat cross-legged in the room, and began to run the divine secret of creation in his mind.

A powerful golden energy that was different from ordinary warriors' cultivation was immediately produced in his body.

That is his inheritance, the unique divine secret of creation!

"Father once told me that the origin of this Divine Secret of Creation is mysterious and it hides a big secret."

Ye Feng thought in his heart.

The beginning of the journey of cultivation is divided into four realms of martial arts.

They are Zhenwu Realm, Lingwu Realm, Tianwu Realm and Divine Martial Realm.

Each realm is divided into nine heavens.

But suddenly at this moment, the mysterious golden elixir floating in Ye Feng's mind suddenly shook violently.

boom!

A huge and pure spiritual energy rushed out of the golden elixir and poured into Ye Feng's body.

"boom!"

In an instant, Ye Feng used this pure spiritual energy to break through from an ordinary person to the true martial arts realm in one fell swoop!

The first level of the True Martial Realm!

Ye Feng's heart was shaken. He felt that there was a vast and endless ocean of spiritual energy in that golden elixir.

But he wanted to take the initiative to explore the secrets, and the golden magic pill became quiet again.

"I knew that this golden elixir that my father risked his life to bring back from the sky is definitely not a mortal thing!"

Ye Feng thought in his mind, stood up and prepared to go out, "According to the family's rules, it seems that I can now go to the ancestral hall to verify the strength of the True Martial Realm and get some cultivation resources from the family."

But right now.

"Boom!"

The door of Ye Feng's house was suddenly kicked open by a violent force.

"Boom!"

The wooden door was shattered and debris scattered everywhere.

The sun shines in from outside the house.

Ye Feng's eyes changed slightly.

In his field of vision, two murderous men appeared.

One of the big men smiled cruelly as soon as he came up, and said with deep contempt in his tone: "Little bastard, I finally found you!"
