

ANCIENT GOD

Chapter 11 Poisoning

"Don't rush to be happy yet."

The young man in white was naturally Ye Feng. He stared coldly at Nangong Muxue beside him and said: "The poisonous python behind is just a snake head exploded by my sneak attack. It will become even more violent and we are not out of danger yet. "

Looking at Ye Feng's cold eyes, Nangong Muxue immediately panicked, like a little girl who had done something wrong, lowered her head and whispered: "I know."

The two of them ran towards the edge of the canyon quickly, but the poisonous python was so fast that it caught up with them almost in an instant.

"You're too slow!" .??.

Ye Feng spoke to the beautiful girl next to him, and then he directly carried the girl on his back regardless of her consent.

"Benefactor, you must be careful."

Nangong Muxue whispered something. She was behind Ye Feng, her face was slightly shy, and she stretched out her arms and wrapped them around Ye Feng's neck.

It seems that this can make Nangong Muxue feel safer.

Ye Feng didn't think much, he just turned around suddenly, his eyes instantly fixed on the poisonous python chasing behind him.

"Buzz!"

He quickly drew the bow, and aimed at the second head of the poisonous python with his eyes, bowstring, and arrow.

boom!

The arrow shot out with a bang and shattered the second head of the poisonous python with a "pop" sound.

"howl!!!"

The poisonous python roared in pain and rushed towards Ye Feng desperately, trying to tear the human in front of him into countless pieces.

"The last arrow! I bet you die!"

Ye Feng didn't even retreat, but a monstrous momentum surged from his body.

He drew his bow sharply.

This time, he used all his strength to pull the wind and thunder bow to the full moon state!

The Wind and Thunder Bow is indeed a Xuan-level weapon that surpasses the Yellow-level weapon!

At this moment, Ye Feng stretched the bowstring into a full moon shape, and the mysterious runes on the bowstring clicked

The child flashes brightly.

At this moment, in the space around Ye Feng, spiritual energy from all directions gathered together, and on the empty bow string, a wind and thunder arrow composed entirely of energy was condensed!

This wind and thunder arrow flashing with divine light used up all of Ye Feng's current strength, echoing the surrounding heaven and earth essence, swallowing and spitting arrow light, and shocking the world with its murderous intent.

"Roar!"

The poisonous python seemed to feel a huge life crisis. It turned its head and ran wildly into the distance.

"Escaped?"

Nangong Muxue behind her was stunned.

But at this time, Ye Feng had no intention of letting go of this poisonous python.

He smiled indifferently: "Run now, it's already too late."

The moment the words fell.

"boom!"

Ye Feng loosened the bow string, and the arrow condensed with divine light surged with wind and thunder arrows full of destructive aura. It instantly tore through the sky like a bolt of lightning. With a "puff", it directly penetrated the last snake head of the poisonous python. .

"how!!!"

With the last earth-shattering cry, the giant python fell to the ground, and dust filled the sky in the canyon.

"died!"

Nangong Muxue's beautiful eyes were full of surprise.

She got down from behind Ye Feng and stared at the young man in front of her, with endless shock in her eyes.

The venomous python that had just killed a dozen of her royal guards was killed by the young man in white in front of her with three arrows.

What a powerful strength this is!

Ye Feng had exhausted all his strength at this moment and his face was a little pale.

He glanced at Nangong Muxue and said, "No

You think how powerful I am, if this crazy python is not huge and bulky, allowing me to give full play to the power of the wind and thunder bow, it is not certain who will live and who will die in the end. "

Nangong Muxue nodded vigorously, but obviously didn't really listen. She just said in admiration: "My benefactor, you are so amazing!"

Ye Feng didn't care what the girl thought, he walked towards the place where the poisonous python fell in the distance.

The reason why Ye Feng took action this time was because he saw the value of this poisonous python.

This venomous python is dozens of meters tall. How much powerful energy and demonic energy should be contained in such a majestic snake body?

If the furnace of creation devoured it and refined it, Ye Feng couldn't believe that his cultivation level would definitely improve tremendously!

Although the process is somewhat dangerous, Ye Feng knows that wealth and wealth can be found in danger, and the road to martial arts practice cannot be smooth sailing.

"Heaven moves in a strong direction, and a gentleman strives to constantly strive for self-improvement. As long as you have great courage and perseverance to overcome all dangers, you will receive great blessings and great opportunities!"

This is what Emperor Ye Qing once told Ye Feng.

It turns out that Ye Feng, who has been locked in the palace of the Shen Dynasty since childhood, is like a flower in a greenhouse, and seems to understand these words.

But now, Ye Feng has resurrected his life and risen from humble beginnings. After experiencing various hardships along the way, he gradually understands the many truths that his father once warned him.

Nangong Muxue was not angry when she saw Ye Feng ignoring her. There was a deep look of happiness on her beautiful white face, and she seemed to feel that she had finally found her ideal Prince Charming.

At this time, Ye Feng walked to the place where the poisonous python fell.

The behemoth in front of him was completely dead and had no breath at all.

Ye Feng was preparing to release the oven of creation to devour and refine this evil beast directly.

"call out!"

But suddenly, a small thing like black lightning struck directly

He rushed out of the poisonous python and suddenly arrived in front of Ye Feng.

Extremely fast!

Fast as lightning!

Even Ye Feng didn't react.

The next moment, Ye Feng only felt a pain in his thigh, like the pain of a steel needle piercing his flesh and blood.

"not good!"

Ye Feng's eyes changed, and he immediately saw a small black snake with poisonous fangs biting his leg.

The black lightning-like thing that sprang out from the body of the poisonous python just now turned out to be a small snake as long and thin as a thread!

"Snake in the belly!"

Ye Feng's expression was frightened and angry, his big hand turned bronze, he suddenly grabbed the little black snake in his hand, and then crushed it into pieces with a "poof" sound.

However, the poison has already taken hold.

"The ferocious beast is dangerous, but this time it made some mistakes..."

Ye Feng felt weak all over, his eyes turned black, and he fell to the ground.

Before fainting, in his dim eyes, he vaguely saw Nangong Muxue not far away, running over with a panicked face...

"Well..."

After an unknown amount of time, Ye Feng opened his eyes with difficulty, still feeling weak and weak.

The poison of that thin line poisonous snake is so strong that Ye Feng's current bronze combat body cannot resist it.

Fortunately, Ye Feng entered the first level of the Divine Art of Creation, and his physique evolved into the first-stage bronze combat body. He was not poisoned to death, but just fell into a coma.

At this time, Ye Feng looked around and found that he was lying on a pile of hay in a slightly dim cave.

He looked towards his leg and found that the snake bite wound on his leg was wrapped in a torn white skirt.

On the ground beside him, there was an old earthen jar, which exuded the aftertaste of herbs.
