"Brother An? We only met in the afternoon, and we met again at midnight, by fate!" Wang Xuan hurriedly greeted him, and finally knew who he was.

Soon, a pitch-black owl flew into the closed space of the high spiritual world, stared at Wang Xuan and knew that he was a newcomer.

"Brother Hong Teng?" Wang Xuan asked.

Sure enough, it was him, manifesting a slightly dark face, and said, "I always like Qin Cheng, the **** who bullies senior brother the most?"

Wang Xuan is speechless, is he notorious?

Then, a coquettish red lotus floated in, this time it was easier to identify, it should be Qi Miao, and it was her, and thanked the mechanical pig after entering: "An Hong, thank you, I really like the Atlas of Yuanshen. "

"Okay, don't irritate him," said the sparrow.

Here are all powerful figures who broke the limit twice, and also represent the top wizards of the Pingtian Starfield, all of whom have become immortals and are stranded in the present world.

Yanque said: "Well, this is the newcomer Qin Cheng, the famous freshman thorn, so I don't need to introduce more? He helped some of you win the scriptures, and also made some of you go bankrupt, hehe."

The mechanical pig's eyes widened immediately, and An Hong was very dissatisfied.

When he was still alive, practitioners would not even dare to provoke the ancients!

But now, the ancients have been driven to a barren and impoverished place by practitioners.

Similarly, if a cultivator harmed the ancient clan, the Emperor Rhinoceros would probably be embarrassed as well.

In the middle of the vast and endless continent, Wang Yi once again saw the towering tower that stood here for countless years.

"The Void Tower." Wang Yi looked up at this mottled ancient mysterious tower, but in his mind was the shattered memory of the sudden passing of the Eye of the Demon Abyss.

That tower, and this...

In the Great Xia Dynasty, Guan Tiansi.

Qin Tianguan casually recorded a sentence on the bamboo book, and then went to do other things.

"What do you have to do with the power of the paper people?" Wang Xuan asked. Those people were ruthless. In order to get the fragments of the old holy decree, they did not hesitate to sacrifice blood to a large cave.

At the same time, when he was in the Realm of Immortals, Wang Xuan also had conflicts with them and killed a boatload of paper figurines. He didn't have a good impression of those paper figurines.

"Brother An? We only met in the afternoon, and we met again at midnight, by fate!" Wang Xuan hurriedly greeted him, and finally knew who he was.

Soon, a pitch-black owl flew into the closed space of the high spiritual world, stared at Wang Xuan and knew that he was a newcomer.

"Brother Hong Teng?" Wang Xuan asked.

Sure enough, it was him, manifesting a slightly dark face, and said, "I always like Qin Cheng, the **** who bullies senior brother the most?"

Wang Xuan is speechless, is he notorious?

Then, a coquettish red lotus floated in, this time it was easier to identify, it should be Qi Miao, and it was her, and thanked the mechanical pig after entering: "An Hong, thank you, I really like the Atlas of Yuanshen. "

"Okay, don't irritate him," said the sparrow.

Then, he turned his head to look at Wang Xuan, and said: "Although they are all of us, like-minded, but the heart of guarding against others is indispensable. Next time you come in, put it in the spiritual treasure. If there is a change, there will be a change." Enough confidence to protect yourself."

Yanque said: "Well, this is the newcomer Qin Cheng, the famous freshman thorn, so I don't need to introduce more? He helped some of you win the scriptures, and also made some of you go bankrupt, hehe."

The mechanical pig's eyes widened immediately, and An Hong was very dissatisfied.
