

A God 1171

[Chapter 1171: Eye of the Abyss](#)

The Lord Wujian has a very high realm, and her methods are far superior to the current Wang Yi. She discovered the secrets hidden in Tianhuang Mountain, but she couldn't see through the real secrets inside Tianhuang Mountain.

The most important core of Tianhuang Mountain is the "Eye of Demon Abyss".

It was an eye of the terrifying and powerful life that jumped out of the cage, Hunyuan's life, and it should be a very important eye.

That eye is hidden in the deepest part of Tianhuang Mountain, and it is integrated with the entire Tianhuang Mountain.

[Chapter 1172: The heavens have given us all the responsibility](#)

Infernal Building.

The Chaos Masters of Infernal Building all got a piece of news very quickly.

"What, open the world of Demon Abyss."

Many Chaos Masters stared at the news in astonishment.

They know exactly what that means.

"Tianhuang Mountain has really fallen into Wujianlou's hands."

The powerhouses of Infernal Building suddenly exploded, talking a lot.

"Who do you think Tianhuang Mountain fell into?"

[Chapter 1173: very good, very powerful](#)

The world of Moyuan was saved by Wang Yi at the last moment when it was about to be destroyed by the Eye of Moyuan, and it has now returned to calm.

As the master of the Moyuan world, Wang Yi can absolutely control the Moyuan world.

Creation, destruction, but a thought.

Wang Yi looked down at the whole world from the eyes of Moyuan, and his heart...

He took a big gulp of fresh air, his chest trembling.

Confused, puzzled, all kinds of emotions came to my mind.

Where is this?

Afterwards, Shi Yu subconsciously observed his surroundings, and then became even more at a loss.

A single dormitory?

Even if he was successfully rescued, he should be in the ward now.

And my own body...how could there be no injuries at all.

With doubts, Shi Yu quickly swept his gaze across the room, and finally settled on a mirror by the bedside.

The mirror reflected his current appearance, he was about seventeen or eighteen years old, and he was very handsome.

But the problem is, it's not him!

My previous self was a handsome young man in his twenties who had been working for a while.

But now, no matter how you look at it, this appearance is only the age of a high school student...

This change left Shi Yu in a daze for a long time.

Don't tell him that the operation was a success...

The body and appearance have changed. This is not a question of whether to have surgery or not, but a fairy art.

He turned into a completely different person!

Could it be... that he crossed over by himself?

In addition to the mirror on the bedside which was obviously placed in a bad feng shui position, Shi Yu also found three books beside it.

Shi Yu picked it up and took a look, the title made him silent for an instant.

"Necessary Beast Breeding Handbook for Novice Breeders"

"Postpartum Care of Pet Animals"

"Guidelines for Evaluation of Alien Beast Ear Girls"

Shi Yu:?? ?

The titles of the first two books are quite normal, what's the matter with you in the last one?

"cough."

Shi Yu's eyes were serious, and he stretched out his hand, but soon his arm stiffened.

Just when he was about to open the third book to see what it was, his brain suddenly felt a sharp pain, and a large amount of memories flooded in like a flood.

[Chapter 1175: The 10th floor of Yuanshen Palace!](#)

How long is a cycle of reincarnation?

Estimated ten trillion epochs!

An era is 10,000 years...

In the two eras of reincarnation, for the life in the cosmic sea that has not transcended reincarnation, it is two-thirds of the length of life.

For such a long time, Wang Yi has devoted himself to researching the Dao of Void, and naturally made a great breakthrough.

Wujian Continent, a mysterious and towering mountain shrouded in mist, is close to the world in the fourth cave on the top of the mountain.

On the vast, crystal-clear land, even the mountains and plants are made of crystals. A huge and beautiful creature sleeps in the land, like a beautiful work of art sealed in amber, and a man in a red robe sits cross-legged on it. From above, silently observe the beautiful secret patterns on its body.

Wang Yi thought to himself: "Over the years, I have challenged various void creatures, constantly drawing inspiration from them, and using them to find the most suitable secret method for me, and the "Sky Fog Beast" in front of me is the best one I have found. material."

The Sky Fog Beast is very powerful, and it can be ranked in the fourth cave of Void Baidong Mountain. In addition to the strength of "Ultimate Chaos", it is also because it has three kinds of "fog phase", "earth phase" and "violent phase". The natural void is mysterious, and it is also fused together.

Although the Sky Fog Beast doesn't understand it, it is born with the ability to display the three kinds of void path mysteries, forming an incomparably powerful move.

The "Sky Fog Beast" in front of him is not the only one who has many mysteries of the Void Dao on his body.

But Wang Yi went through layers of selection, and finally chose to use the "Sky Fog Beast" as his secret target.

Wang Yi took a deep breath, and his eyes burst into intense light.

Chichi~~With Wang Yi as the center, countless secret lines suddenly appeared in the vast space around, and the secret lines were born layer by layer and in circles, densely packed and extremely complicated, and they were still running slowly in a mysterious and unpredictable trajectory. As if a primordial universe manifested the laws of operation, the incomparably powerful aura of laws permeated, making one's heart palpitate.

However, it can be clearly seen that this secret pattern is divided into three areas. Although it seems perfect and powerful, it is incompatible.

This is the fruit of Wang Yi's efforts in these two reincarnation eras.

Three tricks with nine layers!

Wang Yi stared at the imperfect secret pattern.

"Fog phase, earth phase, storm phase... According to the three phases in the nine veins of the Void Dao, and relying on the "Sky Fog Beast", I have created a nine-level secret method."

It is not difficult for Wang Yi to create three kinds of nine-level secret methods.

However, the fusion of these three nine-level secret methods encountered unimaginable resistance. fail.

fail.

Keep failing.

...

Even with the mysteries of the natural secret pattern on the "Sky Fog Beast", Wang Yi has experienced failure time and time again.

After all, in the entire Wujianlou, or Origin Continent, no one has been able to fuse the three nine-level secrets together in the Void Dao before.

But for the master of chaos, the ninth floor is already the limit. Not to mention the fusion of three different nine-level secret techniques to create new tricks.

This is incredibly difficult.

No one has done it, and without any experience, Wang Yi can only find a way out by himself.

...

Time flies, and another 160 billion epochs have passed.

"Hahaha..." A burst of hearty laughter echoed in the Void Baidong Mountain.

A man in a red robe stood in the void, his eyes filled with intense joy.

"Finally succeeded!"

He was full of regrets.

It took him two whole eras of reincarnation to create a secret method, which was also the first time for him!

The setbacks and bumps encountered in it are countless.

But every strong man has an indomitable spirit.

Fortunately, he finally succeeded.

After Wang Yi was excited, he looked at the huge secret pattern in front of him.

This is the brainchild of his countless years.

"Buzzing..." Suddenly the secret patterns began to surge with extremely powerful fluctuations, and a faint stream of light was seen, flashing away in the surrounding space. The secret patterns flowed as if they were alive, and the endless secret patterns extended, A "universe" was formed, which was a vast "secret pattern universe", and every part revealed the ultimate perfection that stunned the ruler of chaos.

Wow, the next moment, the entire secret pattern universe suddenly shone with dazzling light! Endless rays of light enveloped every inch of space in the entire world.

From the most middle point, the secret pattern universe began to shrink, just like the collapse of the universe, shrinking to an extreme almost instantly.

at last.

A looming knife was suspended in front of Wang Yi's body. The whole knife was translucent, blending with the void faintly, but if you could see its inside, there was an infinitely shrinking huge secret pattern universe inside.

Wang Yi stared at this knife that contained the power of destroying heaven and earth, his eyes were full of fascination.

This knife contains the nine layers of mysteries of the three veins of "Fog Phase", "Earth Phase" and "Violence Phase", and they are finally perfectly fused together to create an extremely powerful knife!

Wang Yi reached out and grabbed the handle of the knife fiercely.

"Om~~" An unimaginably huge force radiated out, making Wang Yi's body tremble.

"It's such a powerful force." Wang Yi's eyes trembled slightly.

Incomparably powerful, incomparably terrifying, completely surpassing the power that the "Ninth Floor of Yuanshen Palace" should have.

This is an unprecedented knife, and it belongs to Wang Yi alone.

A new and powerful secret technique has been created.

Feeling this power, Wang Yi said slowly.

"Since you are the secret method that was born by combining the "fog phase", "earth phase" and "violent phase" of the void dao."

"I'll call you "Void Three-Phase Knife"."

The knife kept trembling, as if cheering.

...

A Yuanshen Palace controlled by Wujianlou.

After many years, Wang Yi came here again.

He quietly looked at this ancient and mysterious Yuanshen Palace, his eyes were deep and calm.

Wang Yi had already broken through the ninth floor of Yuanshen Palace before, but was powerless on the tenth floor.

In the entire history of Origin Continent, there are only two people who can break through the tenth floor!

One of them is also the most pinnacle God-King in the Origin Continent, the "Lord of the Great Viet Kingdom"!

Even "Princess Yelan", "Master Cangli", "Master Aru" who are the most powerful figures among the masters of chaos, have not passed the tenth floor, which shows the difficulty of the tenth floor.

After hitting a wall on the tenth floor and feeling the difficulty of the tenth floor, Wang Yi understood that unless he created a trick that surpassed the "ninth floor", it would be wishful thinking to break through the tenth floor.

He didn't know how the two people who broke through the tenth floor of Yuanshen Palace did it.

Moreover, the secret technique of the gatekeeper's will on the tenth floor has no effect on it, and it has no effect at all. This is the reason why Wang Yi has nothing to do with him.

Wang Yi looked at the palace, "Yuan Dui Yuanshen Palace seems to have ulterior motives in its layout, and many places make people think deeply."

"But no matter what happens today, I will definitely break through the tenth floor."

The Yuanshen Palace is divided into one to ten floors. Occasionally, the Eternal God and the Lord of Chaos will come over, but there is no one now.

Wang Yi flew in.

[Chapter 1176: Jie Xin Ling! !](#)

On the tenth floor of Yuanshen Palace, as soon as Wang Yi came in, there was a vast and boundless chaotic void. There were huge rocks floating in the chaotic void, and a figure sat cross-legged on one of the rocks. When Wang Yi appeared, he opened his eyes. Eye.

He is the gatekeeper on the tenth floor of Yuanshen Palace.

He looked at Wang Yi and smiled slightly: "You are here again."

This is not the first time Wang Yi has come, but last time he failed.

what will happen this time

[Chapter 1177: 9 Lord Jiang](#)

In the empty hall.

"Boundary Heart Order?"

Wang Yi stared at the crimson sign, which had mysterious characters on it, and the meaning of the mysterious characters could be understood at a glance-it was the three words 'Jie Xin Ling'!

I couldn't see or feel it before, but when I got close, the sign appeared, and I could sense it.

Boundary order...

Wang Yi was silent.

Both outside the accident and within reason.

Wang Yi recalled

[Chapter 1178: The Mind of the Infinite Landlord](#)

God King Tang Yu didn't dare to hesitate, and quickly reported to the host.

Follow, not long after.

"Jiujiang."

As soon as Wang Yi came out of Yuanshen Palace, he received a summons from the owner of Wujian.

"Come and see me quickly."

...

Wujian Building, the place where the Wujian landlord lives.

It's like a paradise.

"teacher."

Wang Yi saluted respectfully.

The owner of Wujian stood in front of him, his figure seemed invisible.

[Chapter 1179: The shock brought by breaking through the 10th floor](#)

The owner of Wujian looked at this talented disciple and said in an appreciative tone: "Jiujiang, you have broken through the tenth floor of Yuanshen Palace. This is the first time in the history of my Wujian Building. You are a treasure."

Wu Jian waved his hand, and a radiant bead appeared in front of the two of them.

The bead is like a miniature universe, exuding incomparably vast void fluctuations.

One can tell at a glance that this is an extremely powerful treasure.

Wang Yi felt a little familiar.

The owner of Wujian smiled and said: "This is called the Void Orb. It is a supreme treasure of the king of gods, and it is also a secret treasure of the Void Dao. Even if the strong who do not walk the Void Dao have a thorough understanding, they can use it to display the "ultra-long-distance teleportation." ". "

"It has many mysteries, it can be attacked, defended, defended, bound the enemy and saved life. Only I can refine it in the entire Origin Continent." The host said.

"Of course, only the God King of the Void Dao can fully exert its power. Under my sect, you, Senior Brother Tang Yu and Senior Sister Chongli, have also been bestowed by me to become God Queens. You are the third one." The host Wujian said with a smile. "If you break through the tenth floor, I will give it to you in advance."

Speaking of which, this treasure is much more valuable than ordinary **** king weapons or armor.

Even Cangli Master and Gu Oro Master have not been bestowed after many years of entry.

Wang Yi suddenly realized, isn't this something he signed up for in the "Void Tower" before?

"Thank you, teacher." Wang Yi took the Void Orb and said respectfully.

...

In the seamless universe, in the virtual space, in a relatively mysterious hall. A great sense of existence gathered here. Above the head is the endless vast sea of stars as the background, and below is the vast chaotic void. A huge cyan round stone table is suspended, and there are figures sitting around it at the moment. These are the highest levels of the Infinite Universe, that is, the Palace Masters.

They were suddenly and urgently summoned by a message from Infernal Landlord.

The personal order of Master Wujian is so urgent and so rare. The masters who thought that something important happened, no matter what they were doing or retreating, all came here one by one.

"What's going on?" A **** king asked as soon as he came over.

"I do not know."

Many hall masters are at a loss.

At this time, the Lord Wujian appeared in the palace.

The Wujian landlord who appeared was not the image of a woman in green robes in the Void Tower or who usually summoned Wang Yi and his disciples, but an old man in green robes.

Wang Yi is by his side.

Immediately, these palace masters all became quiet, and their demeanors were respectful.

However, their attention was focused on Wang Yi who was next to the host of Wujian.

"Master of Jiujiang?"

This palace has always only been able to enter the palace masters, even if Cang Li's dominance status is high, he has never entered.

Just when they were puzzled, they heard the old man in green robe, Wu Jian, say in a flat voice: "I have summoned you this time to announce something."

The **** kings present all quieted down and looked at the Lord Wujian.

The owner of Wujian glanced at Wang Yi who was sitting next to him, and continued: "I announce that from today onwards, the Master of Jiujiang will be the 28th Hall Master of Wujian Building."

There are a total of 27 **** kings in Wujianlou, and Wujianzhu is actually one of the hall masters, but others are more used to calling him Louzhu.

Wow.

All the **** kings were moved and shocked by the sudden announcement of the Lord Wujian.

The God King Xiexie, the God King Wuluo, the Prisoner God, the God Killing the Spirit, the God Ice Jue, the God Piaoshuang, the God King Heng... The **** kings that Wang Yi has seen or have not seen are all at this moment. Very surprised.

All eyes focused on Wang Yi instantly.

Except for God King Tang Yu and God King Chongli who knew about it in advance, the other **** kings were all shocked by the news of Wu Jianzhu.

Wang Yi's expression was calm.

"The ruler of Jiujiang is the palace master?"

"Isn't he still the master of chaos?"

"You can be the master of the palace if you don't reach the **** king?"

No one spoke, but a group of **** kings and powerhouses secretly transmitted voices.

They could all see that the Lord of Jiujiang was still the Lord of Chaos.

The master Wu Jian looked around and said with a smile: "You must be very surprised why my apprentice Jiu Jiang can be the master of the hall?"

"the reason is simple."

The landlord Wujian said: "That's because Jiujiang has already broken through the tenth floor of Yuanshen Palace."

The Infernal Landlord told the news that shocked the **** kings even more.

"What?"

"The tenth floor of Yuanshen Palace?"

The **** kings present were all in an uproar, and the **** kings who used to be high above couldn't bear it even more.

The tenth floor of Yuanshen Palace is a legend to the **** kings!

There are only two people who can break through in history!

One fell! The other one has already stood at the pinnacle of Origin Continent!

So it's no wonder these palace masters were so shocked.

"Jiujiang Lord, how many epochs did it take to become the Chaos Lord? Now you have broken through the tenth floor?" Some **** kings still couldn't believe it.

Normally, it is a genius to be able to become the master of chaos in the 10,000 reincarnation era.

It is not an exaggeration to say that someone like Wang Yi who has broken through the tenth floor of Yuanshen Palace in less than ten reincarnation eras is the first in the history of Origin Continent.

The **** kings were all in shock.

However, they knew that Master Wujian would not joke with them about this kind of thing.

Since Infernal Landlord summoned them and announced in public, then this must be true.

As a result, the eyes of the powerful **** kings looking at Wang Yi changed.

The tenth floor of Yuanshen Palace is more difficult than becoming a **** king!

Those who can break through the tenth floor represent future achievements that at least surpass most of the **** kings present.

Even... just like the King of Dayue who broke through the tenth floor, standing on the top of the **** king, surpassing other **** kings, and coercing the Origin Continent.

"How could he have broken through the tenth floor of Yuanshen Palace so quickly?" Bingjue God King, who had had conflicts with Wang Yi, couldn't believe it. Suddenly thought of something. "Could it be that he is the new owner of Tianhuang Mountain that has been rumored everywhere before?"

Because of the protection of Wujian Louzhu, even the **** kings of Wujianlou don't know who the owner of Tianhuang Mountain is, but at this time, many **** kings have guessed.

"Crossing the tenth floor of Yuanshen Palace and Tianhuang Mountain at such a young age."

"Another Infernal Landlord in the future, or an existence like the King of Dayue?" Some **** kings couldn't help but have such a thought in their hearts. UU reading www.uukanshu.com

"It's no wonder the landlord announced that, according to the rules of the Wujian Building, you can become the hall master after breaking through the tenth floor of the Yuanshen Palace." Some **** kings also understood why the master of Jiujiang could be the hall master before he became a **** king.

They couldn't object, so Wang Yi became the 28th Hall Master of Wu Jian Lou, and the only Hall Master who ruled the realm of chaos.

...

On this day, a shocking news suddenly came out of Infernal Building.

The ruler of Jiujiang is the new palace master of Wujianlou!

This news sent the entire Wujian Building into a huge shock!

And the news that the ruler of Jiujiang broke through the tenth floor of Yuanshen Palace also spread.

"Hall master? The master of chaos can also be the hall master? Aren't the hall masters all **** kings?"

"The tenth floor of Yuanshen Palace?"

"We have the Lord of Chaos upstairs in Wujian, this is the first one, right?"

Every strong man who heard the news was stunned, and everyone who heard the news couldn't believe it for the first time. Then go crazy.

The astonishing news that the ruler of Jiujiang became the master of Wujianlou was like a big stone falling into the water, causing huge waves. The influence centered on Wujianlou, and the ripples spread to the outside world layer by layer.

[Chapter 1180: Oketsu national ruler arrival](#)

Tianmu country.

The golden sacred tree reaching up to the sky stands in the lake, and in the endless divine light, stands a magnificent and majestic palace.

Countless black realm beasts lived quietly outside.

In the palace, dressed in a gorgeous purple royal robe, the handsome Zimu God King, who is indistinguishable from male and female, sat on the throne, holding the armrests on both sides of the throne with both hands. It can be seen that the armrests are broken, which seems to indicate that she is in a bad mood at the moment.

"Jiu, Jiang,
