

## A God 1211

### [Chapter 1216: The ultimate transformation of the beast incarnation](#)

Tianhuang Mountain, in the cave, Wang Yi sat on a tall chair with deep eyes.

He did not expect to turn against the landlord Wujian.

It's a good thing he didn't hand over the cheats of the unique skills he got from Jiexin Continent to Master Wujian.

Otherwise, if you get the methods of "Clone Body Technique" and "Boundary Breaking Teleportation Technique", the master Wujian will be even more powerful and difficult to deal with.

This is also what the landlord Wujian didn't think of, because it is more difficult for practitioners to break through the realm, and there are many people who have been trapped for countless years from the ultimate chaotic state to the king of gods. Thousands of times of reincarnation may not be able to become a \*\*\*\* king.

She didn't even expect that Wang Yi would arrive in Jiexin Continent. There is such a big gain.

After all, to travel to a strange world, you have to get in touch step by step to have a chance, right?

Who would have thought that Wang Yi's cheating was unreasonable.

Wang Yi sighed. "Things have come to this point, only by making yourself completely strong can you not be afraid of Lord Wujian."

Even if Wujian wanted to write it off, it would be very difficult for him to let it go.

A lot of things, not just what you say, just forget it.

Moreover, the owner of Wujian also snatched the 'Wick of Fog and Void' from Wang Yi, and it is possible to break through.

At that time, it was hard to imagine how powerful it would be with the Wujian master of the ultimate universe God Realm and the Chaotic Source weapon 'Void Tower'?

I'm afraid Wang Yi may not be safe hiding in the Sea of Samsara.

"Huh?" Suddenly Wang Yi frowned.

He received a summons.

"It's Senior Brother Tang Yu and the others."

In fact, since what happened that day, King Tang Yushen and the others have been in contact with Wang Yi, but Wang Yi didn't think about how to tell them, so he didn't contact them.

Wang Yi is resentful for the ruthlessness of the landlord Wu Jian, but he still has feelings for these fellow students who got along well in the past.

After pondering for a long time, Wang Yi sighed. "never mind."

"Tang Yu...Senior brother."

God King Tangyu on the opposite side was silent instead.

He heard a lot from the words of this former Jiujiang Junior Brother.

"Alas, Junior Brother Jiujiang." Divine King Tang Yu said in a heavy tone. "Can you tell me what happened that day? Is it true that the teacher killed you for the treasure?"

God King Tang Yu came here to seek answers, as did his fellow disciples. They have always respected Lord Wujian as gods, and it is hard to believe that Lord Wujian would do such a thing.

Wang Yi asked back: "Brother, you already have the answer in your heart, don't you?"

God King Tang Yu was silent for a long time, and finally sighed, full of exhaustion.

One last word.

"Junior Brother Jiujiang, I'm sorry."

God King Tang Yu ended the communication with Wang Yi.

Wang Yi is not surprised by this. Although it was the Lord Wujian who was unrighteous to Wang Yi first, God King Tang Yu and the others are the disciples of the Lord Wujian after all.

As for Wang Yi, he was voluntarily expelled from the teacher's school and the Wujian building by the owner of Wujian.

Wang Yi didn't resent God King Tang Yu and the others, but understood.

Although their relationship with Wang Yi is good, they have grown up with the Lord Wujian all the way, and it is impossible to fight against the Lord Wujian for Wang Yi.

It's just that the relationship between the two parties will end here.

Since then, each has its own way.

...

Destroy the cave.

The Destroying Cave is a magical secret realm in the chaotic void. It is extremely dangerous and contains the ultimate power of destruction. Even if the \*\*\*\* king enters the deepest part, he will be in danger of falling!

In Destroying Cave, it is of great benefit to those who comprehend the "Destruction Dao"! So the 'incarnation of the beast' has been staying here with the Tongtian Tower.

Today's incarnation of the world beast, whose strength is even stronger than that of Destruction Cave, has also undergone earth-shaking changes.

The vast dark space is filled with endless power of destruction.

Where the power of destruction is strong, a black air current will form, and it will even converge into a sea, forming a tide of destruction.

Wow-wow-

A deep and quaint black tower was suspended in the tide of destruction and remained motionless, enduring the scouring of the tide of destruction that turned the face of the ruler of chaos, time and time again.

Every time the tide of destruction surges and fluctuates with the rules of destruction, it makes the incarnation of the beast inside feel a different flavor.

"Destroy..." The incarnation of a world beast in the image of an ordinary boy in a gray robe sits in the sea of laws of Tongtian Tower. This is chaos, and there are infinite possibilities in chaos.

】

The consciousness and memory of him and the deity are always connected, and even the Jiexin Continent on the other side of the infinite distance cannot cut off this connection.

The deity has broken through to the \*\*\*\* king.

It's a pity that he is a beast, and the breakthrough of the road is different from that of a practitioner.

Realm beasts can also comprehend other Taos, and there has never been any kind of creature that only comprehends one Tao.

But the realm beast has a 'realm' inside its body, which is the realm formed by the power of destruction, and the evolution and growth of the realm beast is closely related to it.

Just like the 'pronucleus' of the 'Golden Horn Beast', if the Realm Beast wants to break through, it must evolve the 'Realm of Destruction' in its body to perfection before it can undergo the ultimate transformation.

At that time, it was the peak beast king comparable to the king of gods.

As long as it reaches this point, it will be very easy for the world beast to grow to the second level of the \*\*\*\* king.

This is why among the beast kings in the void abyss, the second layer of \*\*\*\* kings is the majority.

"Destroy..." The beast incarnate thought for a long time, as if turning into a withered statue.

Endless waves of destruction linger around him, evolving again and again.

The Beast King represents the real 'destruction'. The evolution of world beasts is also evolving towards a perfect ultimate life.

Only the beast kings who have reached the realm of \*\*\*\* kings can truly compete with the original universe.

The incarnation of the world beast recalled everything that happened along the way, recalling in his mind the scene where the original universe finally fell into the Great Destruction...

Since Wang Yi seized the original universe, the will is equal to the original will of the original universe. Every time it is born and destroyed, it can be seen immersively from the first perspective.

This kind of experience is also of great help to the incarnation of the beast.

"Destruction, the ultimate destruction, the ultimate splendor..." the avatar of the world beast suddenly sighed.

"That's... my way."

boom!

The endless and absolute destructive breath began to erupt centered on the incarnation of the world beast.

At this moment, it seems to return to the moment when the original universe fell into the final catastrophe.

The 'realm' in the beast's body also began to expand violently.

The incarnation of the world beast broke through ~www.mtlnovel.com~ and was promoted to the god-king level!

The incarnation of the world beast turned into the original appearance of the world beast, and endless scenes were reflected in the endless bright light. It was a scene of destruction, including the scene of the destruction of the original universe.

This is the ultimate rule of destruction, and it is also the ultimate path of the world beast \*\*\*\* king.

Destroy everything.

The aura of the incarnation of the world beast also continued to skyrocket.

When he broke through, the world in his body also changed strangely, sending out bursts of violent fluctuations to the outside world, this kind of fluctuation seemed to be the supreme rule, just like the vision that Luo Feng's "one hundred thousand times the perfection of the divine body" appeared at the beginning, with a power beyond time and space The concept is transmitted in all directions.

At the same time, no matter whether it was Origin Continent, Chaos Void, or Void Abyss, those hidden and lurking realm beasts, regardless of their strength, could feel it. Among them, a god-level realm beast was born.

#### [Chapter 1217: Beast? Beast!](#)

Origin Continent.

When that special mysterious wave, the wave that only the beasts of the world can feel, is transmitted—

"hiss."

In Tianmu Kingdom, under the majestic golden sacred tree, countless black realm beasts raised their heads at the same time, looking in a certain direction.

The world beast king 'Theodore' was originally cultivating in the palace of the Purple Wood God King, but he opened his eyes suddenly, showing a hint of surprise.

"Huh." The figure of the Realm Beast King appeared outside the palace, looking at a place outside the Origin Continent with a strange expression on his face.

That is where the cave of destruction lies.

"Another head was born." Theodore whispered.

"Theodore, what happened?" The voice of King Zimu came from the palace.

"Master." Theodore bowed slightly, "Just now there was a fluctuation in the supreme rule, and another realm beast king has been promoted successfully."

"Oh?" The Purple Wood God King appeared next to Theodore, with a hint of surprise on his face.

"Where?"

The appearance of every \*\*\*\* king is no small matter, not to mention that this is a world beast that symbolizes disaster.

Especially the Zimu God King enslaved the beasts, and she knew that those beasts were more hostile to her than other forces.

Every force that has enslaved the beasts is regarded as a serious problem by the beasts, and they wish to destroy them as soon as possible.

"Master, that place is very far away, I can only sense that it is destroying the cave." Theodore replied.

"Destroy the Cave..." The Purple Wood God King showed an unexpected expression.

Destruction Cave is indeed a very suitable place for practice and growth for the beasts, but there are also a lot of practitioners there, and the beasts can easily show their feet if they are not careful, and attract siege.

Because of the nature of the beasts that like to devour all life, no matter the practitioners, natives or primitive life, they all worked together to kill the common enemy of the beasts.

Whenever a world beast is found, all parties will unanimously go to destroy it.

After all, one can only enslave the "world beast" in childhood, that is, before the king of the world beast, and it is almost impossible to enslave a king.

For example, the Zimu God King was lucky enough to enslave a world beast by special chance.

...

Great Viet Kingdom, Imperial Realm City.

This is the largest and most important city in the Dayue Kingdom. It is almost comparable to the most important capital of the Dayue Kingdom. The central part of the city covers an extremely vast area. There are endless magnificent palaces and countless powerful guards scattered everywhere. There is

also the powerful aura of the Lord of Chaos. The most conspicuous thing is that there is a black mountain standing tall, but there are no guards around it, which looks very lonely.

On the black mountain, a world beast was sleeping on its stomach, surrounded by empty wine tanks and a mess.

"Huh?" The world beast suddenly opened its eyes, yawned, and looked lazily in the direction of the ruined cave.

"There is a lucky guy who has advanced." The world beast looked in that direction, thought for a while, and lay down again. "However, my master should not be interested in this."

It squinted its eyes like a big cat and dozed off.

It is the beast that was enslaved by the "God King of the Royal Realm" of the Dayue Kingdom.

The God King of the Imperial Realm itself is powerful, and with the enslaved beasts, he is under one person in the Dayue Kingdom. Even the King of Dayue Kingdom treats each other with courtesy, and his status is still between the "King of Condensing Light" and "King of the Great Abyss". Above the confidant.

But the 'God King of the Royal Realm' has no interest in power. He has been cultivating in secret since he built the city of God King. He is a very mysterious God King.

...

The fluctuations of the breakthrough of the world beast incarnation spread across an incomparably wide range, and also spread to the chaotic void.

In the Infernal Building, a world beast was also found in the depths.

"Same kind?" The beast did not dare to ignore it, and immediately told its master.

The appearance of the world beast was indeed a big event, and it soon attracted the attention of the \*\*\*\* kings of Wujianlou.

But this does not include the Infernal Landlord.

After returning from the Sea of Reincarnation and announcing that he would expel his disciple Jiujiang Palace Master from the Wujian Building, the Wujian Building Master entered retreat.

】

This retreat, more than ever before, is strictly prohibited from being disturbed by others.

Unless Wujianlou encounters a catastrophe, the owner of Wujianlou will not show up again.

The palace where the lords gather.

"What do you think of what the Master Rongshi Palace said?" a \*\*\*\* king said.

The master of Rongshi Palace is the master of that world beast. Also a very powerful God King.

For countless years, more than one force has enslaved the beasts.

Those who can enslave world beasts seem to be no lower than the second level of God King.

With the servants of the beasts, their status in all forces is also the top.

More than twenty hall masters discussed.

King Tangyu and King Chongli looked at each other.

They all guess what.

"Senior Brother Tang Yu, do you think this belongs to Junior Brother Jiujiang..." God King Chongli secretly transmitted to God King Tang Yu.

They all knew that Wang Yi came from the universe sea and enslaved the beasts.

But those outsiders don't know.

"It's still unknown." King Tang Yu shook his head.

It's just that they all understand in their hearts that the number of world beasts is so rare, how could it be possible for one to appear by such a coincidence.

They knew that this was probably the world beast enslaved by Junior Brother Jiujiang, who had been promoted to God King.

A beast at the level of a god-king is enough to destroy an ordinary kingdom of gods, and it takes many kingdoms to unite to resist it.

It is also a big trouble for Wujianlou.

"It's a pity for Junior Brother Jiujiang." Shenwang Zhongli suddenly said in a low voice. "You said teacher, why did she want to..."

God King Tang Yu glanced at her with a calm expression and did not speak.

...

Void Abyss.

"What is this fluctuation?"

"It's a new partner!"

"It's our family!"

In the hidden lair of the beasts, the kings of the beasts also sensed this special fluctuation and became excited.

They all knew that someone from their own clan had been promoted again.

"It's destroying the cave."

"That's very close to us, there should be still time to rush there."

A group of beast kings gathered together, full of excitement.

"Don't worry." One of the beast kings with white hair and the appearance of a cultivator in purple armor roared in a low voice: "The ones who break through may be our own race, or they may be enslaved...We can't be careless! fraud."

"Yeran is right."

"We do have to be careful."

"Those practitioners are the most cunning, it's not like they haven't done this before."

"You should be careful."

The beast kings became vigilant.

"How about this~[www.mtlnovel.com](http://www.mtlnovel.com)~ Let us send a few people to take a look and observe secretly." Bisi, a woman with long black flame-like hair, coquettish and charming, and wearing a black robe suggested, "If it is our family, Just pick it up, if not, then inquire about the news and find out who enslaved the new realm beast."

Another young man with long green hair nodded, "Bis is right. We have confirmed his location. As long as you are fast, it shouldn't be difficult to find him."

The other beasts agreed with this approach.

Soon, the three world beasts who were best at sneaking and hiding left from the abyss of void through the magical function of the beast lair, and headed for the cave of destruction.

Destroy the cave.

The fluctuations come and go quickly.

Inside the Tongtian Pagoda, a world beast with a perfect figure stood there, and the vast and boundless aura of destruction seemed to devour the sky and the universe.

He is the world beast Burning Prison, and he is also Wang Yi, who was promoted to God King in the body of a world beast!

#### [Chapter 1218: You are welcome to join us, Burning Prison](#)

Destroying the Cave, the world beast incarnation 'Burning Prison' also faintly noticed that special fluctuation.

However, he didn't know that the scope of this fluctuation spread was the entire chaotic void.

Inside the Tongtian Tower, the beast incarnation returned to the appearance of an ordinary boy in gray robes, but his eyes were still full of the terrifying conception of destruction.

"I am now the real king of beasts."

World beasts have a gestation period and a growth period.

The growth period is also divided into juvenile period to mature period.

When a realm beast reaches the real maturity stage, it will be a real disaster.

It has a powerful and dark world in its body, and powerful fighters will be continuously bred in its body. Those who are good at speed, those who are good at defense, those who are good at attacking, those who specialize in self-destruction, all kinds of powerful fighters are countless. The stronger the realm beast, the more terrifying the fighters it creates.

But even if it is the incarnation of the beast who has been promoted to the king of the gods, it is still not the most terrifying form.

A world beast that has reached the most terrifying form in its mature stage is something that even the Jin Kingdom has never encountered before the founding of the country and the final destruction of the country.

"According to the realm, I am only the first layer of God King now, and I can already breed chaos master level beasts, but if I want to breed chaos master level beasts, the resources and conditions required are more stringent." Wang Yi has more information.

"If you can really breed an endless and countless army of beasts, even the king of the gods will be afraid." Wang Yi shook his head.

But it's not easy.

It is much more difficult to create a Chaos Dominator-level realm beast than ten thousand Eternal True God-level realm beasts.

"It's impossible to breed so many realm beast fighters at once, or start a national war. Start with those forces. But this is tantamount to declaring war on all parties in the origin continent, and they will be attacked by groups." Wang Yi My heart dripped. According to his knowledge, so far, no realm beast has been able to withstand the siege of the entire Origin Continent.

Although the beast army is powerful, there are more and more powerful top-level powerhouses from all sides.

They were wiped out again and again, so now the beasts are almost hiding in the dark, quietly accumulating strength.

However, there are always some ignorant and unstoppable realm beasts who jump out, and in the end they are either defeated by the siege, or run away and never show up again.

...

In the ruined cave, three terrifying figures shuttled through the vast dark world like ghosts.

Soon arrived near where the avatar of the world beast was.

"It's here."

"It seems that no trace of the practitioner's layout has been found."

"Then find that fellow, and first confirm whether he is enslaved."

The three powerful kings of gods had a conversation with the king of beasts on the second floor.

Whether it is a beast or a practitioner, if you want to check if you are enslaved, you can do it.

Even "invisible and formless" realm beasts may be seen through.

At present, the only one who dares to openly act as a god-king and occupy a high position in the Origin Continent is the "Tantai God King", the Grand Palace Master of Jieshan Palace who has a mysterious encounter.

She, even those \*\*\*\* kings, couldn't tell.

As long as she doesn't reveal herself.

The three-headed beasts searched in the dark space with a special method, and soon discovered the existence of the incarnation of the beasts.

"Found it, it's there."

"Is that a palace treasure?"

"It seems to be the only one left."

The beast kings secretly transmitted voices.

And the incarnation of the world beast in Tongtian Tower, 'Burning Prison', also suddenly felt something.

"Huh?" He raised his head and looked outside Tongtian Tower, and saw three figures emerging from the void.

Each is unfathomable.

"Three \*\*\*\* kings?" The beast incarnation was also taken aback.

"No." The incarnation of the beast immediately denied it, and he sensed the same kind of breath from the other party.

"It's... a world beast!"

The eyes of the beast incarnation also became sharp and terrifying.

He has never met other beast kings. Whether enslaved or self-possessed.

This also makes the incarnation of the realm beasts face these realm beasts like a formidable enemy.

Because he doesn't know the thoughts of these world beasts originating from the mainland.

enemy?

companion?

The three-headed beast king outside also looked at Tongtian Tower.

"This palace treasure seems a bit weird."

"It should be a god-level palace treasure."

"Let him come out by himself."

"The movement of his breakthrough just now may attract the attention of practitioners, we have to take him away as soon as possible."

Then, one of the beast kings, an innocent purple-eyed girl, came out with a smile, faced the Tongtian Tower, and made a sound. "Come out, we are your partners and will not hurt you."

The Tongtian Pagoda was quiet for a while, and a figure flew out.

It was a young man in gray robe. He looked at the three beast kings in front of him, felt the fear of each other, and guessed their intentions.

"Each of them is stronger than me, and they are all the second level of the king of gods?"

"Are you also realm beasts?" the gray-robed boy asked.

The innocent purple-eyed girl's eyes lit up. Since the other party dared to come out, it was very likely that she was a companion. She and the two beast kings behind looked at each other, and then smiled.

"That's right, as you can see, we are also realm beasts, and we are realm beasts that came to the Origin Continent earlier than you and are stronger than you."

Realm beasts were all conceived near the original universe of the Cosmic Sea. For them, the Cosmic Sea is actually their birthplace.

In fact, the earliest practitioners were the same, but with the passage of time, now the Origin Continent is full of all kinds of practitioners who were born and bred, and there are more powerful people born. The universe sea is far inferior to the foundation of the Origin Continent.

Another tall and burly beast sneered and said, "You don't have to doubt our identities. The appearance of the three \*\*\*\* kings and second-tier realm beast kings together is something that no power in Origin Continent can do."

The innocent purple-eyed girl smiled and said, "Odin Dillon, be more polite to the newcomers."

The world beast incarnation fell silent. "What do you want to do?"

Finally, a realm beast king with white hair and the appearance of a cultivator in purple armor said, "You are our companion, no matter which realm beast, we will not let him wander outside."

As long as there is enough time, any world beast can grow into a \*\*\*\* king, which is a very precious power.

"Come with us." The three beast kings all looked at him. Put great pressure on the beast incarnation.

The innocent purple-eyed girl: "Why, are you afraid? Don't worry, we won't hurt you. After all, life in the Origin Continent is our common enemy. We all have to transcend and become the real masters of this world. Don't you want to?" ?"

】

The Realm Beast Avatar also saw that the other party was not hostile, thought for a while, and nodded. "Okay, I'll go with you."

The three-headed beast kings smiled at the same time.

"Before that~[www.mtnovel.com](http://www.mtnovel.com)~, we have to confirm whether you are under control." A world beast king said. "It's very simple, we will check your body and soul, rest assured, we will not touch the most core realm."

For realm beasts, the realm within their body is the most important, and it is also their vital point.

"You guys check it out." The avatar of the world beast didn't object.

After all, he is a beast from body to soul.

They didn't even see 'Yuan', so what could these beasts find?

Soon after the inspection was over, the three kings of the world beast looked at each other and smiled.

This time a lot of sincerity.

"Welcome to join us." The innocent purple-eyed girl clapped her hands and laughed. "By the way, I don't know yet, what's your name?"

"My name is Burning Prison." The Realm Beast Incarnation said so.

#### [Chapter 1219: The leader of the beasts](#)

After confirming the identity of the beast incarnation 'Burning Prison', the three kings of the realm beast seemed to have a much more friendly attitude towards him.

And Wang Yi also looked at the three kings of world beasts in front of him.

The first one is the girl who likes to talk the most, wears cool silver-white light armor, two pairs of pointed ears, purple eyes, slim figure, and innocent girl with blinking eyes. No one imagined that the ferocious and evil beasts would turn into this harmless appearance, which is very deceptive.

The second one is the world beast king with white hair, wearing purple armor, and the appearance of a practitioner with a cold temperament.

The third one, who maintains the appearance of the beast itself, looks very burly and tall, with fierce and domineering eyes.

"New clansman, my name is Zang Lian." The purple-eyed girl smiled coquettishly. "The cold white-haired one is called Yeran, and the last big man who doesn't like anyone even changes his human form is called Odin Dillon. He has the most violent temper. You'd better not provoke him."

Odin Dillon snorted coldly.

"By the way, how long have you been in Origin Continent?" Zang Lian thought of something and asked casually.

The beast incarnation hesitated for a moment, but told the truth. "I have been in the Origin Continent for almost ten reincarnation eras."

"What?"

The three powerful beast kings, Aoting Dillon, Ye Ran, and Zang Lian, were shocked at the same time.

"Ten epochs of reincarnation?" Ye Ran's blade-like gaze focused on the incarnation of the beast.

Odin Dillon also showed a surprised expression.

The purple-eyed girl said in surprise: "You really came to the mainland of origin in ten reincarnation eras?"

The avatar of the world beast nodded without explaining anything.

The other three beast kings couldn't help but look at each other, their eyes changed a bit.

"It doesn't look like he's lying."

"This rookie's talent seems very strong."

Practice ten epochs of reincarnation, and you will become a god-level world beast...

This kind of talent has far surpassed them. I am afraid that only their leader, the strongest beast king 'Palace Master Tantai' can compare.

Invisibly, the impression of the realm beast incarnation in the hearts of the three realm beast kings changed.

This new clansman looks amazing.

There is also the treasure of the god-level palace, and few of them have such a treasure.

The world is very realistic. No matter where you are, you must be respected if you have strength.

...

The four realm beasts flew towards a certain direction in the dark space.

"Where are we going?" the Realm Beast Avatar couldn't help asking.

The purple-eyed girl glanced at him and said with a smile, "Let's go home."

"Home?" The world beast incarnation was stunned. Do world beasts have the concept of 'home'?

The purple-eyed girl just smiled mysteriously and did not continue to explain.

As for the other two, Odin Dillon has a ruthless temper, and Ye Ran is withdrawn and arrogant, and has no intention of speaking.

Wang Yi discovered that even the beasts of the world have their own personalities.

Soon, they stopped at a place where the destructive fluctuations were particularly strong, and they could faintly see an endless black wave of destruction in the distance, and some wreckage drifting endlessly.

"boom!"

"boom!"

"boom!"

The three world beasts erupted at the same time, and the terrifying power permeated the space, even resonating with the surrounding destructive power. The three forces twisted and merged together, turning into a black sphere. As a world beast, Wang Yi felt the power of the world. The power of the beast penetrates the dark space, and connects with the power of the beast somewhere far away.

In the sphere, a dark and dark passage opened silently and appeared.

Wang Yi vaguely noticed a familiar breath coming from the opposite side of the passage.

"Abyss of void?" Wang Yi recognized it immediately.

Aoting Dillon and Yeran flew in without making a sound.

"Go in quickly." The purple-eyed girl urged, and the incarnation of the beast had to fly in, and then the purple-haired girl also flew in, and the passage was closed.

The abyss is vast and infinite, and the beasts of the world have built the deepest base camp to hide.

In a place shrouded in mist somewhere in the void abyss, there is a huge black sphere with 10081 holes, each of which is breathing black air.

The inside of the sphere forms a space of its own, very vast, with mountains and seas, mountains and plains, even kingdom creatures, and countless realm beasts. Of course, other creatures are raised for food, and the realm beasts bred are used Legion to fight.

A passage appeared, and then four world beasts flew out.

The incarnation of the world beast saw the huge black sphere in front of him at a glance.

"This is..." He could feel the horror of the black sphere.

In addition to the horror of the sphere itself, the breath of many terrifying creatures inside is also astonishing.

"This is our lair." The purple-eyed girl next to him introduced it to him with a hint of pride. "We paid a lot of money to build this safe lair, and even had a conflict with an old monster in the Abyss of the Void, but fortunately, we succeeded in the end."

When Wang Yi heard the old monster in the purple-eyed girl's words, his heart moved, and he suddenly remembered the ultimate realm of the void and abyss that he had heard about, which did not belong to the "profound ancestor" of this era.

I didn't expect the beasts to hide here and have dealt with 'Yuanzu'.

"That old monster is..." But Wang Yi still asked.

"I'll talk about that later, we'll take you to meet other people first." The purple-eyed girl said. "Also, our leader, you want to see him too."

"Leader?" Wang Yi was shocked again.

And at this time, following the teleportation, they had already entered the black sphere and appeared in a vast palace.

In the majestic black palace hundreds of millions of light-years high, there is an endless black air current.

And in the center of the black airflow is a round black crystal stone table, pure black, black that seems to be able to swallow everything, and huge white thrones with exquisite carvings surround the black stone table.

At this moment, except for the main seat that was vacant at the front, and the other four seats, all others were filled.

The incarnation of the world beast was a little startled at a glance.

There are more than twenty beast kings!

And all of them are at the level of God Kings! Judging from the breath, most of them are probably the second layer of the king of gods!

In addition, these are all realm beasts! The strength is even more terrifying!

Wang Yi finally realized the horror of the hidden beast group.

With so many world beast kings alone, maybe none of the three peak powers of practitioners can compare.

The world beast kings waiting here are almost all kinds of life forms, mainly practitioners. It seems that they are also used to appearing in this way, and they all look at the incarnation of the world beast curiously.

"coming."

"Is this the clansman who was just promoted?"

"It's not gray, it doesn't look good."

"I don't know when he will be promoted to the second level."

...

The kings of beasts sitting on their seats are talking secretly through sound transmission~[www.mtnovel.com](http://www.mtnovel.com)~Burning Prison, you sit there. "Zang Lian, the purple-eyed girl, said to the incarnation of the beast intimately.

Wang Yi looked in the direction, and there was an extra seat, just next to the purple-eyed girl Zang Lian.

Wang Yi nodded and sat down.

call.

At this moment, the "World Beast Leader" finally showed up for the last time.

"Wow!" A hazy white figure appeared on the main seat.

The other beast kings all quieted down and looked over.

And Wang Yi also looked over, and when he saw this figure, his heart was full of turmoil.

"Palace Master Tantai!?"

#### [Chapter 1220: The Secret of Palace Master Tantai](#)

(Jiexin Continent is overdone, subscription is not recommended)

Wang Yi really didn't expect that the leader of the world beasts was actually the "Shenwang Tantai", the grand palace lord of the "Jieshan Palace", the three peak powers of the cultivator camp.

"Shenwang Tantai hides so deeply." Wang Yi felt a little unbelievable.

Practitioners are not fools, it is impossible to let world beasts get under their noses, Tantai God King can do it, there must be a secret in it.

Tantai Shenwang's voice was cold and indifferent: "It's been a long time since everyone got together." She looked in the direction of the beast incarnation, and there seemed to be a slight smile on her face. "Newcomers, please introduce yourself."

Wang Yi: "I am Burning Prison, I have just broken through, and I have met you seniors."

The beast kings looked at him, but no one spoke.

King Tantai took a look around, "Fen Prison is a newcomer, we are all of the same family, please be more tolerant in the future, and don't forget our goal."

Only then did the beast kings speak one after another.

"Master Tantai is right, members of the same clan should help each other."

"I think this junior is a man to make."

"It is necessary to support newcomers."

"Brother Burning Prison, if you feel lonely, you can come and play with your sister."

The avatar of the world beast couldn't help but glance at the seductive woman in the black robe who said he was looking for him to play with. There really are all kinds of strange personalities in the world beast king.

"Zang Lian, the newcomer from Burning Prison, I'll leave it to you to take care of me." Tantai Shenwang said. "Tell him our rules."

"Yes, Sister Tantai." Zang Lian looked very cute.

This gathering was just to meet the new King of Beasts, Fen Prison, and there was nothing to say, so it left soon.

The purple-eyed girl Zang Lian took Fen Prison to the vast world outside.

"Fen Prison, you just came here, the leader has allocated a territory for you in the 'Boundary Nest'." Zang Lian and the gray-robed boy beside him said: "Every one of our world beast kings has a territory of their own here. You can build whatever you want, and no one is allowed to infringe on your own territory, this is a rule that everyone must abide by."

"The stronger the strength, the bigger the territory, but it doesn't really mean much to us." The purple-eyed girl Zang Lian didn't have the majestic and ferocious appearance of the beast king at all, or she would only be like this in front of her peers of equal status. "The outside world is broader and more suitable for us." Zang Lian made no secret of his desire for the outside world. "Burning Prison, one day we will fight out and let the whole world surrender at our feet."

As the supreme rule guides the cosmic sea to be conceived to be comparable to the original universe, and can naturally grow into a noble life of a \*\*\*\* king. The beast family is very proud, and they simply cannot tolerate themselves living a gloomy life like a street mouse.

Countless years of dormancy and forbearance will eventually erupt one day.

At that time, the continent of origin will change.

...

Zang Lian helped Fen Prison to familiarize himself with everything about the 'Boundary Nest'. At the same time, the incarnation of the Realm Beast also understood that the 'Boundary Nest' was the guarantee that the Realm Beasts could move freely and safely in the void abyss, and it was also an extremely powerful treasure. More importantly, this The real controller of the 'Boundary Nest' is the leader of the world beasts, 'Tantai God King'.

The incarnation of the world beast couldn't help asking: "Lord Zang Lian, is our leader very strong? Aren't you all second-tier \*\*\*\* kings?"

"The leader's strength is the strongest among us, as long as you understand this."

Zang Lian glanced at him without explaining too much.

Maybe Zang Lian, the purple-eyed girl, valued the talent of burning prison, but it was not enough to confiding in her heart.

"Just stay in the territory well, familiarize yourself with your own strength, and don't leave easily." Zang Lian urged. "It's almost time, you can leave the nest to hunt."

"By the way, don't conflict with those realm beast kings. Some realm beast kings have very bad tempers. If you collide rashly, you will be the one to suffer." Zang Lian warned. "Of course, with the leader here, they don't dare to bully you easily."

Through the communication just now, the incarnation of the world beasts also knew the invisible binding force of the leader of the world beasts, the 'Tantai God King', on these world beasts.

He nodded.

The purple-eyed girl Zang Lian showed a smile: "Okay, I'm leaving, my territory is not far from there, you can come and find me when you have time. But that's Bisi, the woman who asked you to play before." , ignore her." Zang Lian didn't seem to have a good impression of that Bisi, and there was disgust in his tone.

The Realm Beast Avatar didn't think much, and still nodded.

Watching the purple-eyed girl Zang Lian leave, he stroked his chin, then looked down at his territory.

For the time being, the incarnation of the world beast is settled here.

As for the impact of the gathering place of the world beasts on the incarnation of the world beasts, we will not know until later.

A space in the lair is a space where birds are singing and flowers are fragrant. There is a beautiful palace made of sapphire standing in the clouds and mist, surrounded by countless beautiful maids with powerful auras. But in reality, these beautiful maids were transformed from beasts of the realm.

In the palace, King Tantai sat cross-legged, with his eyes closed, as if he was resting.

"senior."

The strongest of the world beasts, the 'Tantai God King', looked at the figure in front of him respectfully at this moment. This is a burly and strong man covered in silver scale armor, with twelve silver pointed horns on his head. He has A silver scale tail. His breath is not strong, it seems to be only at the level of chaos.

But God King Tantai respected him from the bottom of his heart, because when she first walked the Origin Continent secretly and reached the second floor of the Cosmic God, she often saw this senior in dreams when she was half asleep.

In the dream, the senior instructed her to teach her so that she could practice quickly.

But other realm beasts do not have this opportunity, and therefore, she is the leader of the realm beasts.

"You have now reached the ultimate level of cultivation of the Cosmic God." The burly figure in silver scales said coldly, "Now you must break through as soon as possible to reach the ultimate level of the Cosmic God. Only after the ultimate level can you be destroyed in your world Survive later, survive into the next era."

"Yes, senior." Divine King Tantai also knew it well.

"Your accumulation is strong enough. Only in the following eras can you hope to work hard and break through the cage ~[www.mtlnovel.com](http://www.mtlnovel.com)~ to truly reach another level." The burly figure with silver scales said and waved his hand, a flower The pitch-black flowers floated in front of King Tantai.

"This is the flower of destruction, and it is also the treasure of cultivation that is most suitable for our family. It is of great benefit to you. Practice hard and don't embarrass me. I can't even reach the ultimate state of the universe god!" said the burly figure in silver scales. .

"Senior, don't worry." God King Tantai's eyes lit up, he took the pitch-black flower excitedly, and said respectfully.

The burly figure with silver scales nodded and glanced at a certain place.

There was an old man in colorful clothes fishing on the lake island.

The burly figure with silver scales showed a smile in his eyes, he ignored the Tantai God King in front of him, stepped forward, and came to the old man.

"Yuan."

"Jin." Yuan looked at the strong man. "This is the site I manage. You are in such a good mood that you actually have the mood to come over and give advice to the younger generation."
