[Chapter 1261: strength improvement](#)

The world beast incarnates and burns the prison, but he just thinks about it and doesn't take action.

Because he thought that this Jiechao was a treasure controlled by Palace Master Tantai, and it would not be wise to have a conflict with Palace Master Tantai in the Jiechao.

Besides, after getting along for so many years, although he still has a bad sense of world beasts, he has a different feeling towards Palace Master Tantai.

So the incarnation of the world beast just smiled and continued to study, he destroyed the horror of these years of progress. Even Palace Master Tantai was amazed.

In a wide corridor of the palace, Wang Yi stretched out his hand and waved, suddenly a cloud of smoke and mist appeared in the void, and the mighty smoke and mist enveloped the entire space. Hundreds of millions of tiny spaces in the cloud and mist were born and shattered, and the internal chain reaction seemed to collapse and annihilate, infinite Superimposed, resulting in an extremely terrifying destructive power.

"Boom boom boom..."

The alien beast guards around Wang Yi immediately 'annihilated' when they touched the smoke.

Eighteen Tribulations?

Only then did Wang Yi remember.

The 'Eighteen Tribulation Pass' is famous, it is quite famous in the core of the six ancient countries, but many cosmic gods have never heard of it.

At this time, Venerable Slaughter Heaven was not stingy to explain Wang Yi's doubts. In his opinion, even if Emperor Jiexin knew, he wouldn't be able to go far. . "Eighteen tribulations, you will experience one after another crisis, and you will get some benefits every time you pass three tribulations. The further you go, the greater the benefits. Especially the eighteenth tribulations

"The enemy is coming." The six cosmic gods present all saw the blood-colored space in the distant starry sky like undulating waves. With the "waves" undulating, wave after wave of blood-colored shadow life rushed out. They are like demons waiting to devour blood. If you can see clearly, they are covered in dark blood and covered with spikes, covering the whole body tightly, leaving only the face exposed. , the spikes on these armors turned out to be like living creatures constantly

[Chapter 1265: The 11th Tribulation](#)

The surrounding starry sky distorted and changed, Wang Yi and the other six disappeared together and returned to the original vast hall.

In the hall, the atmosphere is a bit weird.

They looked at the boy in the fiery red robe, but their eyes were different from before.

Wang Yi looked calm.

These lords, he doesn't care what they think, the difference in realm strength is too big.

As long as they don't come to provoke them, Wang Yi doesn't bother to bother.

[Chapter 1266: The 12th Tribulation](#)

Under the frenzied siege of fishes all over the sky, several lord-level masters are also red-eyed, trying their best, they can all burst out to the top level of the universe god's ultimate state, and Garosa can occasionally burst out stronger Power, under absolute power, the scarlet monster fish continued to perish over time.

Cosmic Gods, the energy is endless, but the scarlet monster fish is getting less and less, and the few of them are getting more and more relaxed.

The scarlet monster fish was wiped out in the end. And the other end

[Chapter 1267: Great gift!](#)

The main entrance of Jiexin Shrine was closed long ago.

And outside the main entrance.

But a lot of people gathered here, such as Guguang Walker and Venerable Slaughter Heaven, also here, such as the Black King and Venerable Pusu, and the revered Lord who was moved out of heavy damage appeared, but no one dared to do anything, because the main entrance In addition, there are clones of invincible existences such as Emperor Xia and Infinite City Lord guarding here. Because when the powerful people from all sides were moved out, many of them were seriously injured and nearly died. To prevent them from being attacked, Emperor Xia and the others naturally had avatars to watch over them here.

[Chapter 1268: You want to run away after offending the Beastmaster of my world?](#)

Wang Yi is also very satisfied with this gift. "Okay, okay, if the source of Yuhai is smelted in my void river, and matched with each other, its power can be greatly increased!"

The power of the Void River is already very strong, surpassing the general peak secret treasures. If you add the source of the sea, which is also rarer than the peak secret treasures, the power is so strong, I don't know how outrageous it will be.

At the same time, "The Realm Beast King, the Realm Heart Emperor is indeed by my side." Garosha

boom!

The void split open, and the thirty-six ancient and majestic bronze pillars permeated the extreme oppression, smashing through the void with an overwhelming momentum, and descending from the void!

The surging energy is surging and scattered!

At the same time, Wang Yi's fiery red robe flew up, exuding terrifying power!

Thirty-six huge bronze pillars are arranged in a mysterious formation around Wang Yi, and suddenly, an illusory river flows out of the void.

[Chapter 1270: Is the Emperor Jiexin an invincible existence?](#)

Wang Yi has no regrets about the escape of the Beast King.

In the confrontation with the World Beast King just now, Wang Yi also discovered some weaknesses in his moves, and he is now concentrating on how to improve them.

If the Realm Beast King knew that Emperor Jiexin had used him as a test subject, he wondered if he would vomit blood in anger.

"World Beast King, didn't you shout a lot before? How did you become like this?" Wang Yi pretended to be surprised and didn't give the World Beast King any face.
