

A God 1291

[Chapter 1291: Most Popular Monarch of the Year](#)

Wang Yi's fantasy world came too suddenly, and its power was beyond the imagination of all the dead.

"Huh~~" Under the illusion of the imaginary world, most of the kings sank at the same time, and they fell straight down like onions. Only a few top-level kings barely remained awake.

They were so frightened that they teleported back, and at the same time they were terrified and sound transmitted. "Huang, we can't resist this illusion."

Yes.

'Phantom means' nothingness

[Chapter 1292: Chaotic Source Body Refining Level 3](#)

Before returning from the floating island, Lord Longyue sent Wang Yi the core information on the floating island owned by his own group to express his gratitude as soon as he left the island.

Then he euphemistically stated that he would contact other aboriginal worlds, but some important information about the aboriginal worlds may require Wang Yi to pay some price himself to obtain.

Wang Yi said it doesn't matter.

Wait for Lord Longyue to contact some world groups he is familiar with, and the masters of those world groups will know about the Longyue clan

[Chapter 1293: soul trick breakthrough](#)

Sometimes, Wang Yi went to a certain floating island with a strong man from the aboriginal world, and sometimes, he went alone!

During his explorations and adventures, he remembered the eyes on the floating islands.

However, with detailed information, Wang Yi will choose a less dangerous floating island to venture into, where the emperor of the dead clan basically poses no threat to him.

If he could sign in and show his eyes, he would leave more simply.

Just like this, in the exploration again and again, the more

[Chapter 1294: Wufeng Emperor](#)

Wang Yi's current achievements in the soul path are too high, and he can be said to be unprecedented in the Jiexin Continent. Even the supreme emperors of the Broken Tooth Mountains are only powerful in their bloodlines, and they cannot compare with Wang Yi in this respect.

The "Illusory World Ultimate Move-Sinking" created by comprehending the mysterious eyes of the floating island, ordinary emperors who are not strong-willed will sink directly, only the **** generals can barely keep awake, but their strength will also drop sharply!

Even the Great! supreme metropolis

[Chapter 1295: Invitation from Emperor Beihe](#)

The reason why Wang Yi's reputation spread far and wide is because of Emperor Wufeng.

Emperor Wufeng had led people to invade Shehuang Island more than once, but because of his lack of strength, he was not only driven back, but also received a lot of anger.

He wanted to make a deal with Huang Huang, but he was exploited so hard that Emperor Wufeng couldn't stand it.

Now it's rare for the Emperor of Medicine to bow his head and admit defeat, and feel proud once. Of course, he will publicize it well, and it will also embarrass the Emperor of Medicine.

I don't know if Huang Huang will be ashamed or not, anyway, in Wufeng

[Chapter 1296: I go](#)

Wang Yi is comprehending the second killer move of the golden-eyed illusion.

Previously, based on the composition of the fantasy world with gray eyes, he finally realized the first ultimate move of the Illusionary Dao, the sinking of the illusory world.

The illusion of gray eyes is to attract the enemy and make the enemy addicted. But the golden eyes were killed directly in the illusion.

Gradually, the second ultimate move of the Illusory Realm Dao took shape in his mind.

His eyes opened, extremely fierce, full of shock

North River World. In the majestic palace, in the main hall, Emperor Beihe sat at the main seat, and he personally placed Wang Yi in the first position under his left hand. Zhanguang, the Lord of Longyue, was in the second position from the left. The others are a group of gods.

Those gods and generals were all paying attention to Emperor Jiexin, and Emperor Jiexin was the first practitioner who was able to let Emperor Beihe host a banquet for him.

And Lord Longyue, who was sitting next to Wang Yi, felt a little overwhelmed.

of course she

'Supreme Shifa' seemed easy to talk, and let them in so easily, but Wang Yi knew that this was just an appearance, but 'Supreme Shifa' knew that Emperor Beihe and Emperor Jiexin were already very difficult to stop him.

Deep in the core of the island.

A fiery red lake, the fiery red lake exudes an astonishingly high temperature, distorting the void. There are still pieces of black leaves floating on this lake, and countless black leaves are spread over a wide area, one by one

[Chapter 1299: The third ultimate move, crushing the emperor](#)

"The time to get this thousand-eyed drop of water is just right." In the Qiling Pagoda, Wang Yi sat cross-legged, and his soul fell into a mysterious state in a strange and mysterious fluctuation. better than ever. "My seven-bell pagoda practice time has not yet passed, and I can make full use of it to comprehend the mystery of this thousand-eyed water drop."

Wang Yi immediately comprehended the thousand-eyed drop in his hand. He has many avatars, some of which were studying the void before, and some of them were

The continent of origin, the abyss of void, the depths of the nest, and the tower of Tongtian.

Wang Yi has always had an incarnation sleeping in Tongtian Tower.

On the bright side, the Tongtian Tower is controlled by the incarnation of the beast, but in fact, it is controlled by this incarnation.

After all, the Realm Beast Avatar and Wang Yi are actually two souls, and the Realm Beast Avatar cannot actually use the Tongtian Tower.

And now the avatar is awake.

Come to the original ocean at the core of Tongtian Tower, all the way up.
