

ANCIENT GOD

Chapter 14 Martial Spirit

Feng Jiu was waiting for the next scene where Ye Feng was filled with joy and picked up the brocade box from the ground.

She has seen many such ordinary people, and under the double pressure of threats and treasures, no one will reject the choice she gave.

But at this time, Ye Feng suddenly laughed.

"why are you laughing?"

Fengjiu's beautiful eyes turned cold and she asked.

"I laugh at you for not understanding the emotions between people! Nothing in the world can replace feelings, friendship, these things." ??

Ye Feng's smiling face suddenly turned as cold as iron.

He looked at Feng Jiu, and with the woman's very ugly look on his face, he directly kicked the brocade box containing the heaven-level elixir with a "click" and exploded it with a bang!

The heaven-level elixir in it was trampled to pieces!

Feng Jiu's beautiful eyes were immediately shocked. She didn't expect that this extremely ordinary young man would be so bold and dare to go against her decision.

Feng Jiu's whole body immediately released a huge and extremely cold murderous intention, and said: "You..."

"What are you!"

Ye Feng suddenly shouted loudly, interrupted Feng Jiu's words, and said coldly: "Who do you think you are? Can you control the fate and choices of others with one hand? If you want to kill me, don't talk nonsense and just take action. Come and fight!"

boom!

An unparalleled fighting spirit, as vast as the sea, with sharp edges, burst out from Ye Feng's body and shot straight into the sky.

He faced Feng Jiu, a super master in the titled martial arts realm, with eyes like swords, proud and fearless.

And almost at this moment, along with Ye Feng's sonorous and powerful voice, a huge looming oven slowly appeared in the void behind him.

The majestic devouring power of darkness, like the sea, exudes a terrifying and strange aura that makes people feel heart-stopping, spreading from the oven of creation.

"Chirp!"

At this moment, Feng Jiu was shocked to find that the Fire Phoenix Spirit in the void behind him actually screamed in fear, trying to escape far away from the oven of creation that was like a dark abyss behind Ye Feng.

"You...you actually awakened the martial spirit?"

Fengjiu's beautiful eyes were filled with alarm.

The martial soul contains all the essence, energy, and spirit of a warrior.

Only warriors with extraordinary talents or special bloodline have the potential to awaken their martial souls and become super geniuses.

Feng Jiu did not expect that this ordinary boy who was born in a small and remote place would awaken his martial spirit.

Moreover, what frightened this powerful woman the most was that her Fire Phoenix Spirit, a super spirit awakened by inheriting the ancient Phoenix bloodline, was so powerful against the furnace-like spirit behind the young man not far away. fear.

Feng Jiu could clearly feel how scared the consciousness in her martial soul was at this moment, wanting to stay away from Ye Feng and away from here!

Feng Jiu took a deep breath, but her face was still cold, and she said: "Ye Feng, I don't know how you awakened the martial spirit, but your cultivation is weak and your congenital deficiencies are far behind those of your real peers. Too many."

Ye Feng's face was calm and he just said: "It's not your turn to guide me in everything."

Feng Jiu's eyes suddenly turned cold, she stared at Ye Feng suddenly, her tone was warning, and she said: "You saved Mu Xue, I am very grateful to you, but if you use this as a means to get close to Mu Xue, I advise you to give up as soon as possible. Mu Xue's talent is unparalleled. She has been designated as a direct disciple by my master. When she fully awakens her talent, I will take her away. You have to know that even the entire Great Yan Dynasty

, in the eyes of some beings, they are as small as ants. "

After the words fell, Feng Jiu snorted coldly and jumped up. Her fiery red graceful figure had disappeared under the endless night.

Ye Feng gently stroked the Ancient Dragon Elephant Fist in his clothes, and couldn't help but recall the way that girl Mu Xue was clumsy in taking care of him.

He couldn't help but chuckle and murmured, "Only I am qualified to define my future."

After finishing his words, Ye Feng took out the Ancient Dragon Elephant Fist in his arms and began to comprehend.

Taikoo Dragon Elephant Fist, one of the three martial arts inherited by the Dayan royal family.

The existence of heaven-level martial arts!

If you are an ordinary person, you may only have the ability to understand after transcending the four basic martial arts realms and entering the titled martial arts realm.

But Ye Feng is different.

His talent for comprehension was transformed by the golden elixir into something extremely evil.

Although Taikoo Dragon Elephant Fist is a heaven-level martial art, Ye Feng believes that he now has the ability to practice it.

Three days later.

In the Grand Canyon.

Ye Feng shouted loudly, and all his energy surged into a pair of fists, blasting out violently.

"Roar!!"

At this moment, a shadow of a dragon elephant tens of meters tall appeared behind him, exuding a vast and overwhelming aura, giving Ye Feng's punch an extremely terrifying power.

"Boom!"

A mountain several hundred meters high was shattered into pieces by Ye Feng's punch.

Heaven-level martial arts is so terrifying!

This punch, Ye Feng estimates, is definitely powerful beyond the true martial arts realm!

In the past few days, Ye Feng has successfully understood the basic meaning of Taikoo Longxiang Fist, and directly

The power of an ancient dragon elephant was cultivated.

What shocked Ye Feng was that this Ancient Dragon Elephant Fist had no upper limit!

In other words, as long as the cultivator's body is strong enough and can withstand the tearing force of the ancient dragon elephant, the power of the ancient dragon elephant that is cultivated will increase infinitely!

After training one head and punching out, it's like an ancient dragon elephant resurrected.

After cultivating ten heads, with one punch, ten ancient dragon elephants will be resurrected and forged with power!

This is a set of extremely terrifying martial arts skills!

Ye Feng even felt that heaven-level martial arts was not enough to define this Ancient Dragon Elephant Fist.

Perhaps, it is because the physical strength required to practice Taikoo Dragon Elephant Fist to the end is too high, ordinary people cannot practice it to a deep level, and it is not practical, so the grade is defined as low.

But Ye Feng does not have such constraints and problems, because his Divine Art of Creation will slowly cause his body to undergo huge transformations, enough to withstand the tearing power of countless ancient dragon elephants!

The ancient dragon elephant, an extremely powerful evil beast from the ancient times, is synonymous with brute force, violence, and destruction!

This set of martial arts is very consistent with Ye Feng's divine art of creation.

The combination of powerful combat bodies and destructive fists would be a nightmare for anyone!

...

Time passes quietly through your fingers like quicksand.

In the blink of an eye, Ye Feng had been in the Grand Canyon for seven full days.

The speed with which he can practice the Ancient Dragon Elephant Fist is also staggeringly fast.

The power of three dragon elephants!

If Feng Jiu saw this scene, she would definitely not underestimate Ye Feng again.

Because even she, a super master at the title of martial arts realm, could not cultivate the power of the three-headed dragon elephant in just seven days.

s shocked.
