

ANCIENT GOD

Chapter 6: Demonic Talent

One second they were still mourning for Ye Feng, and the next second, Ye Feng blasted away two mercenaries.

The two mercenaries were lying on the ground, with blood bleeding from the corners of their mouths. They stared at the young man in white, their eyes full of horror.

"If you dare to mess with me again, I won't hold back anymore."

Ye Feng snorted coldly, turned around and walked into the reward pavilion.

"This kid is only at the first level of the True Martial Realm. How can he have such powerful True Qi? We can't even get up close!" .??.

The two mercenaries looked at each other with deep shock in their eyes.

In the bounty pavilion.

Ye Feng accepted three bounty tasks, each of which was to find three special elixirs.

The total bounty is 100,000, which is a huge sum of money for Ye Feng today.

He did not stay in Ziyun Town for too long. He walked directly out of the town and walked towards the wild jungle of Ziyun Mountain Range.

And just when Ye Feng left Ziyun Town and disappeared into the mountains and jungles.

At the gate of the town, the two mercenaries who had just been knocked away by Ye Feng stared at Ye Feng's leaving back with sinister eyes.

They didn't seem to give up, but instead hated Ye Feng even more.

A mercenary said: "We have to find a way to take revenge."

The other mercenary looked a little ugly and said: "But the only thing we can use is the power of our Blizzard mercenary group, but the leader will not offend a martial arts genius because of this trivial matter."

The first mercenary thought for a moment, then suddenly smiled sullenly and said: "Hey, let's do it. Think of a reason to put the blame on that kid and let the captain take action..."

...

The Ziyun Mountains are connected to the most majestic and vast wilderness forest on Longyuan Continent.

This mountain range belongs to a very small area on the periphery of the truly wild forest.

But even so, the layers of dense forests in the Ziyun Mountains are filled with an aura like a primitive jungle.

Ye Feng was carrying a sword box on his back, wearing white clothes and snow, walking in the Ziyun Mountains.

he

There was no rush to find the three special elixirs in the bounty mission.

Because when Ye Feng came to the Ziyun Mountains, the most important thing was to practice martial arts and practice swordsmanship.

When warriors fight, the moment of life and death is the fastest progress!

Moreover, the ultimate secret of the Divine Art of Creation is to expand the true energy, strengthen the physique, and temper the spirit in countless battles!

Ye Feng still remembers that three thousand years ago, his father Ye Qingdi fought with countless opponents. Among them were human emperors, demon clan demon gods, the ancient holy emperor among all races of creatures, and even some from outside the territory. Starry sky beast...

It was those countless fights and battles that finally made Emperor Ye Qing famous throughout the spiritual world, achieved the position of the Supreme God Emperor, established the Divine Dynasty of Creation, and was respected by all races as the number one man in the spiritual world!

A tiger father has no dog sons!

Ye Feng will never allow himself to be mediocre in this life!

"Qiang!"

Ye Feng took a deep breath and pulled out the rusty sword on his back.

This rusty long sword was given to him by the linen-clad old man in the family.

It seems to be a sword with a hidden secret.

Ye Feng held the sword, instantly circulated the huge amount of Qi in his body, and began to practice the sword.

Mingyue Swordsmanship, Fierce Dragon Swordsmanship, Gufeng Nine Swordsmanship.

Three yellow-level elementary swordsmanship mysteries flowed in Ye Feng's heart. His mind was working rapidly, trying to understand these three sets of swordsmanship and martial arts.

The understanding of combat skills and martial arts requires time to accumulate.

So Ye Feng is not in a hurry.

But at the moment when Ye Feng was just practicing his sword, an indescribable void force suddenly spread out from the golden elixir that was floating in his mind.

At this moment, what shocked Ye Feng was that his ability to comprehend these three unfamiliar sword skills and martial arts suddenly became extremely powerful.

of clarity.

It was like layers of fog were all lifted away at once!

What's happening here?

There are three sets of sword skills and martial arts, each with its own complex martial arts secrets.

But at this moment. .??.

Ye Feng compared the martial arts moves and practiced them once, but he mastered them instantly.

Swish, swish, swish!

Ye Feng practiced the three sets of swordsmanship and martial arts again, and his level of understanding was now complete!

Ye Feng's eyes were full of deep disbelief.

Even if he was the son of the God Emperor in his previous life, he had never seen such a monster's talent for understanding.

After being reborn in this life, isn't he a martial arts waste?

How come you suddenly possess such an incredible ability to comprehend?
To verify that this is not my illusion.

Ye Feng suddenly drew out his sword and performed the Bright Moon Sword Technique.

"Qiang!"

Accompanied by a crisp sword cry, a bright sword aura suddenly emerged from the body of the long sword in Ye Feng's hand. It was sharp and cold, capable of cutting gold and iron.

At the same time, a cold bright moon appeared on the long sword.

This is the symbol of the perfect level of Mingyue Swordsmanship!

When the sword comes out, the bright moon appears, and the sword can cut through gold and iron!

"How come my martial arts talent has become so evil?"

Ye Feng was shocked inexplicably.

He once again performed another sword technique, the Fierce Dragon Sword Technique!

"Roar!"

The moment the sword came out, along with a vast roar, a vague shadow of a fierce dragon appeared on the sword body. The long sword suddenly became extremely heavy, as if it could split a hill in an instant!

It is also a sign that martial arts has reached a perfect level!

"Could it be?"

At this time, Ye Feng suddenly felt that the golden elixir floating in his mind was trembling slightly, exuding a mysterious power that was incomprehensible.

It seems that it is this mysterious power that turned his originally mediocre martial arts talent into such a monster.

You know, for an ordinary martial artist to practice a set of martial arts, even the lowest Huang-level elementary martial arts, it would take several months to reach a perfect level.

But now, Ye Feng has only practiced sword practice twice.

If this news spreads, I don't know how many people will be shocked!

Even Ye Feng himself was shocked by his evil talent.

"This golden elixir that my father obtained during a life-and-death struggle seems to have a great origin!"

Ye Feng has now discovered the two heaven-defying abilities of the golden pill in his brain.

The first one is to be able to actively release the majestic spiritual energy at the critical moment of one's breakthrough to help one quickly break through the bottleneck. There is no need to worry about the hidden martial arts problems caused by being unable to break through the bottleneck.

The second one transformed his martial arts talents and martial arts qualities into an incomparable monster.

Thinking in his heart, Ye Feng walked towards the depths of Ziyun Mountain Range.

In any case, martial arts cultivation is the true foundation of martial arts.

He is currently only at the first level of the True Martial Realm. Even though the Divine Art of Creation makes his combat power far superior to that of a warrior of the same level, it is not enough.

Ye Feng knew that in order to deal with the second young lady Ye Ziling, he needed to become stronger, so strong that when others saw him, they would not feel contempt but fear!

Ye Feng knew very well that the secret of killing Li Si would not be kept for long, and the second lady would know it sooner or later.

Ye Feng has a deep understanding of Ye Ziling, the seemingly innocent but cruel second lady of the Ye clan.

He knew that perhaps when he returned to the family again, he would face a storm of oppression from the second young lady Ye Ziling.

To deal with everything calmly, Ye Feng needs stronger cultivation.
