

ALIEN GOD SYSTEM

Chapter 11 - Ambitious

Master, you really want to donate the casino? “

With a sudden pain in his heart, Blackbeard almost didn't cry when he heard his decision.

Ruyi Gambling was his business for 20 years. Although he had just mortgaged it because of his loss to Yang Feng, he still had the right to operate. But now Yang Feng actually donated this huge industry, he really couldn't bear it.

Yang Feng glanced at him slantingly, and said with disdain: You are now my slaves. I donate my property. Do I need to ask your opinions? donate! “

Uh... yes! “

Blackbeard had no choice but to lower his head in pain.

Yang Feng returned to the Yang family with Yang Yuchan and the others amidst the cheers of everyone.

This battle completely changed the pattern of the three major families in the town.

In the past, the Yang family was the most declining family, and it was almost surpassed by the gangster Blackbeard. And because Yang Feng, the second generation ancestor, was not a weapon, he was also the most despised family by all his fathers and villagers.

But now, everything has changed.

The Yang family not only completely surpassed the Liu family in strength, but also completely defeated the Liu family in word of mouth, becoming the most loved family in Longhu Town.

Thinking of this, Yang Feng couldn't help laughing smugly, raised his eyebrows to Yang Yuchan and said: How is it, eldest sister, I did this thing beautifully. The good reputation of the Liu family that has been in business for so many years belongs to us. In the future, our position in the town will not be the first or second, and the side missions have been successfully completed. “

Go to Tianfeng Academy! “There is no expression on the face, Yang Yuchan said lightly.

Yang Xiaoyi couldn't help but chuckle when he saw it.

It seems that the third brother didn't immediately agree to Yelaoshu's invitation, which made the eldest sister very excited.

Yang Feng also shook his head helplessly, then looked at the same frustrated Black Beard and smiled: Black Beard, since you have become our Yang family today, I will officially appoint you as the head of our Yang Family Nursing Home. “

Thank you master! “Blackbeard said listlessly.

Yang Feng smiled slightly and continued: I will pass the Phantom Thirteen Swords and Blaze Swords of our Yang Family to you and your men. From now on, you can charge for our Yang Family. “

what? “

As soon as this remark came out, everyone present was shocked.

You must know how important exercises and combat skills are in this world, it is related to family strength, and it will never be spread. So even though many

people have reached the cultivation level, they still can't show their strength without combat skills.

Just like the level 2 fighter who was defeated by Yang Feng's level 1 fighter account, although he was a little higher in rank, he was still not an opponent of Yang Feng's Flame Sword because he did not know how to fight.

Even if Blackbeard has a set of first-rank intermediate combat skills, he cherishes himself and has never passed it to his men.

But never expected that Yang Feng, the master, could be so generous. They just rushed over and were forced to surrender. They gave them the only two sets of town house combat skills in the Yang family, and they were not afraid that they would take a bite.

Suddenly, Black Beard's heart was full of enthusiasm, and his eyes didn't even feel wet. What a trust this is.

Yang Yuchan stood up abruptly and shouted: No, the combat skills at home must not be given to outsiders! "

How is it an outsider? After Blackbeard is the Yang family. Besides, I am the future Patriarch, and I will give it to whomever I say! "His expression was unprecedentedly solemn, and Yang Feng's attitude was very firm.

Yang Yuchan glanced at him, still gritted his teeth and refused to agree.

Reluctantly, Yang Feng waved to the black beard and the others: You go down first, and I will have someone give you the secret book for a while! "

Yes, master, subordinates retire! "

Blackbeard and the others bowed and bowed, their faces were much more submissive than before, and then the money was refunded.

Ding Dong!

The system voice sounded: Congratulations to the players, for getting the love of Blackbeard and others, earning 30 faith points. “

It seems that they really surrendered this time.

Nodded in satisfaction, Yang Feng looked at Yang Yuchan with a sullen face, and said with a smile: Big sister, Blackbeard and the others were there just now, and some things are hard to say. Now I want to ask you, to what extent do you want to revitalize the Yang family? “

To what extent? “

Yang Yuchan was taken aback for a moment, then looked at him unclearly: at least...the first family in the town! “

Only the whole town? so small? “Yang Feng raised his brows and asked again.

Yang Yuchan stagnated, hesitated for a moment, and then said: Then if you enter the Tianfeng Academy, enter the hall, and serve as an official in the court, then our Yang family will become the big family of the entire Fenglei Empire. At least you should be a general. “

General, that's it? “Yang Feng asked again, with playful abuse in his eyes.

Yang Yuchan didn't understand what he meant, and said impatiently: Then how far do you think our Yang family should be revitalized? “

Since I, Yang Feng, came to this world, I must completely step on this world. A good man aims to conquer the world. One day, more than Fenglei Empire, I will let the whole world bow to me. My Yang family, if you want to become the first family in the mainland, become a belief in this world, and dominate the whole server, otherwise my level 200 account will be wasted. “

Yang Feng grabbed his fist fiercely, his eyes were unspeakably firm: This...this is the extent I want to revitalize! “

hiss!

As soon as these words came out, Yang Yuchan and Yang Xiaoyi couldn't help but took a breath and were shocked.

How could they have imagined that their second generation brother, who was eating and waiting to die on weekdays, had such a grand goal in his heart.

Although this goal sounds so illusory and unrealistic, and some words can't be understood, what is level 200. But from what he said, it seemed that it would indeed come true.

The two of them were silent for a moment, staring at Yang Feng inconceivably.

Yang Feng smiled slightly, and looked at the two human beings: the so-called big things are not trivial. If I want to conquer the Quartet, I need someone to die for me. If you want others to work for yourself, you need to gain the trust of others, which is impossible to demand. “

The ancients said that wealth is scattered and people gather, and wealth is gathered and people are scattered. Two cheats can be used in exchange for the loyalty of his men. Holding those two books tightly, following the old fashioned way, it is not a general demeanor, it will not be a big thing, do you understand? “

Ok.....”

Nodding slowly, Yang Yuchan seemed to understand.

Yang Feng chuckled and waved his hand: What are you doing stupidly, eldest sister, go and give the two cheats to Blackbeard. If they show signs of rebellion, I will stop them. Second brother, stare at the Liu family's movement, I'm afraid they will retaliate at any time. “

it is good! “

Determined to nod, Yang Yuchan and Yang Xiaoyi turned and left, which was so natural. It seems that at this moment, Yang Feng has completely become the head of the Yang family, and they are all willing to listen to his orders.

After they left, Yang Feng immediately called up his game panel to see what skills his beliefs could unlock.

As for the two family secrets he gave to Blackbeard, they were really **** in his eyes. He was not uncommon.

Brother, have you noticed that the younger brother is completely different today, just like a different person! “Walking to the door, Yang Yuchan paused slightly, then looked back at Yang Feng, with some inexplicable meaning in his eyes.

Yang Xiaoyi also stopped and exclaimed: Yes, not only the strength is extraordinary, but the temperament is completely opposite to before. The third brother used to be an ambitious dude, but now he is like an emperor with a world in his heart. He is really different. Maybe he is his true true color now, originally he pretended to confuse his opponent. “

It seemed that it was time for him to hold a coming-of-age ceremony for him to truly inherit the Patriarch. “With a slight smile, Yang Yuchan said lightly, and then his cheeks flushed. I don’t know what he thought of, and he walked away timidly.

Yang Xiaoyi was taken aback for a moment, but soon understood, he laughed and said: Yes, it is time for the elder sister and the third brother to have a happy event, hahaha! “
