

ALIEN GOD SYSTEM

Chapter 18 - New brother

Ho Ho Ho!

The Night Demon Forest, the largest gathering place for monsters in Huai'an Mansion, is filled with dangers. Every fall and winter, the monsters and beasts inside will rush out of the forest and attack human towns and counties.

For this reason, the Huai'an Prefecture organized various large families to carry out many encirclement and suppression activities, but with little effect.

For decades like this, Huai'an Mansion and the Night Demon Forest have been facing each other in a separate battle, causing mutual damage, but they were unable to completely eliminate each other.

When Yang Feng first came to this world, he was also in this forest. Hearing this ferocious beast roar, he was frightened at first. But now that he knows his awesome strength, he is kind of kind, just like listening to a little cat.

Anyway, these roars just sounded scary and did not actually hurt him at all.

Gang Lie, do you think that in this Night Demon Forest, which place is more exciting, suitable for adventures and treasures? "As if coming to travel, Yang Feng looked around, enjoying the beauty of nature.

Tu Ganglie followed him, his cheeks twitched, and he muttered: You are a native of Longhu Town, and the Night Demon Forest is the nearest to your home. You don't know, you ask me? "

what did you say? "

With a cold face, Yang Feng turned his head and glared at him: Tu Ganglie, pay attention to your attitude. “

His body shivered sharply, Tu Ganglie was so scared that he quickly changed into a smiling face, and said humbly: I mean, Brother Feng, you have a lot of knowledge. You don't even know, where do I know! “

Well, this is like a human word! “

Yang Feng nodded faintly, and smiled satisfied.

Tu Ganglie glanced at him secretly and couldn't help sighing, his face was full of bitterness.

Originally, he wanted to find a thigh alliance with Yang Feng, but this brother Feng was too strong, and he failed to form an alliance. Instead, this brother Feng directly captured the strong man and became his little brother.

It was too late for him to regret now, and he wanted to run, but how could he run past the palm of this monster.

Knowing this, he would not be involved with this lunatic.

Thinking about this, Tu Ganglie looked at the sky, and said: Brother Feng, you see that the children of other families have already begun hunting monsters, are we...”

Why are you in a hurry, don't you have three days? “

Raising his brows, Yang Feng smiled evilly: On the first day, visit the beauty of the Night Demon Forest, and just send it away when you meet the mobs; on the second day, go to inspect the battlefields where the aristocratic children and monsters fought. See if you can pick up some decent equipment; on the third day, **** the demon core from the hands of those aristocratic children. What do you think of this plan? “

High, really high! It just took a day to rob. Time is too tight, right? There are a few of those children that are hard to deal with! “

What's not easy to deal with, more than a hundred of them are all on, I can't help it. If you are not at ease, try my strength first? See me in a few seconds to KO you? “

Uh no no no...”

His head shook like a rattle, and Tu Ganglie was suddenly scared into a cold sweat.

It's not that Tu Ganglie had never thought of starting with Yang Feng to get rid of his control. It was just that he had seen the fate of Ximen Zun and his hands-on, and secondly, when Yang Feng caught him in the Night Demon Forest earlier, he had already struggled desperately, but it was useless at all.

You know, Tu Ganglie is known for his bravery throughout Huai'an, and he is known as an orc.

Compared with strength, even Simon Zun may not be able to match him.

However, under Yang Feng's hand, he has seen what overwhelming strength is. He didn't have any power to break free just like a little chicken fell into an eagle's paws.

Yang Feng just grabbed one of his hands, and he felt as if he was being pressed by a high mountain, and he couldn't get out a bit at all.

So there is no need to compete, he also knows deeply that the strength of the monster Yang Feng is unfathomable, and he can't match it at all.

Do you have any comments? “

No more! “

Yang Feng asked again, and Tu Ganglie immediately shook his head very honestly, not daring to have any objections.

簌簌簌!

Suddenly, a weed rang, Tu Ganglie's ears moved slightly, his eyebrows trembled, he immediately took out a diamond axe from behind his waist and threw it over, shouting: Who? “

Ding!

Like a tornado, the diamond axe cut down the giant trees along the way one by one, and finally hit a bright steel thorn, and bounced back.

Tu Ganglie reached out his hand to take the axe, and looked around, he saw that the person was no one else, and it was Simon Zun.

Huh, why are you here? “

Yang Feng's eyes lit up and smiled: Aren't you with that stupid son? Why, I have changed my mind, ready to switch to the portal, are you here yet? I already have a Tu Ganglie, plus you, just make up a pair of two generals, hahaha! “

Hearing this, Tu Ganglie was also overjoyed: Really? Ximen Zun, you, me, and Brother Feng are teaming up together, it is the strongest and most invincible team in Huai'an Prefecture! “

I am not here to be with you, I am here to remind you! “

However, Simon Zun still had a cold face, and said lightly: Master has sent a Shadow Guard to deal with you, so do it yourself. “

what? Palace Master Huai'an's personal shadow thirteen guards, are they here? That's too shabby! “When this statement came out, Tu Ganglie was shocked.

Yang Feng blinked his confused eyes, wondering: Shadow Thirteen Guards, what is it? “

Brother Feng, the Shadow Thirteen Guards next to Huai'an Palace Chief Situ Zheng is his strongest guard, good at assassination and protection, and it is rumored that all of them are of rank two and above. “

Not a rumor, it's true! “

Taking a deep breath, as soon as Tu Ganglie's words fell, Ximenzun continued: Once the Thirteen Guards took a shot, any famous family in Huai'an Palace would instantly annihilate the clan. Originally, they laid ambush here three days in advance, just in case, to protect the young master. But now Master wants your life, you have to be careful! “

After speaking, Simon Zun turned and left.

Yang Feng smiled and shook his head, and then asked: You ran all the way to tell me this? Have you been inspired by my strong personality and are ready to go to my door? “

The body suddenly stagnated. After thinking about it, Simon Zun said lightly: I just thank you for just making your head for me. I don't want you to die like this. Quickly escape from the forest, don't compare. It's not worth losing your life here! “

As soon as the voice fell, Ximenzun quickly disappeared.

Really loyal! “

Yang Feng watched his back leave and couldn't help but praise: I helped him beat the **** master, and he ran to me to report the letter regardless of his life or death. If such a person receives my account, wouldn't he be loyal to me all his life? Are you saying so, stout! “

Reluctantly rolling his eyes, Tu Ganglie couldn't help sighing: Brother Feng, the Thirteen Shadow Guards are not easy to provoke. Why do you still have time to think of Simon Zun now? I think you should hurry up as he said, leaving this forest, it is important to save your life! “

There are only 13 warriors, would I be afraid of them? Even if they are assassins, the natural enemies of my mage, but the level difference is too big, it is useless, hehehe! “

Waved indifferently, Yang Feng continued to lead Tu Ganglie on the way: Ganglie, we still acted according to the original plan, on the first day we visited the mountains and water, the second day was a treasure hunt, and the third day we robbed the demon core. When you meet the thirteen guards, you can pack them together. I played this game for the sake of abuse of food. Someone came to give someone away, I am still happy, hahaha! “

Tu Ganglie couldn't understand what he was talking about, but seeing his indifferent appearance, he could only follow closely.

簌簌簌!

Suddenly, another weed sound rang, Tu Ganglie's pupils stared, and instantly drew the diamond axe from his back, and slammed into the grass: Brother Feng, run away, the man from Thirteen Guards is here! “

Ah... don't, it's me, me! “

However, there was a harsh scream, and a familiar head suddenly emerged from the grass.

Tu Ganglie was stunned, the King Kong Axe stopped in front of her white forehead, and asked: Yin Tianxue, Miss Yin? Don't you already have a quota, what are you doing here? “

Yeah, and still following us. It stands to reason that even if you want to cheat, you should help your brother! “Yang Feng was also confused when he saw that it was her.

Yin Tianxue patted the weeds on his head, glared at Yang Feng fiercely, and pursed his mouth unanimously: I don’t care about the place Ye Jianfei gave me alone, I want to prove it to people with my strength. Under fair competition, I can also get a place. “

Is that right, then you go hunt the monster beast, or find your brother with you. Strong, we continue our plan! Nodding clearly, Yang Feng waved to Tu Ganglie and was about to leave.

Seeing this, Yin Tianxue screamed: Oh, you just threw me down like this, I’m a girl! “

Are you not trying to prove that you can get the spot upright? We will not hinder you! “

But I am a warlock, and I need the close protection of a soldier, and my brother is not here...”

so what? “

Yang Feng looked innocent, Yin Tianxue looked at it bitterly, and cursed inwardly.

This fool, do I have to let me speak out myself?

Tu Ganglie slapped his forehead and said with a big smile: Brother Feng, why not let Miss Yin be with us. There is a warlock to output behind, it is easier for us to hunt monsters. Even if we meet the Thirteen Shadow Guards, we have more chances of winning! “

Isn’t it? I don’t care anyway, she would like to follow along! “

Shrugging his shoulders indifferently, Yang Feng continued to move forward locally: But our plan remains the same. We will visit the beautiful scenery on the first day...”

Ho Ho Ho!

However, before he finished speaking, more than a dozen dark leopards rushed out, more than three feet in length, looking at the three of them, showing their sharp fangs.

Tu Ganglie’s eyes widened, his face was full of horror, and he took out a pair of axes, shouting: Brother Feng, these are the third-class mature monsters, the magic clouded leopard. It’s tricky to come out so many at once, so be careful. “

Monster beasts are divided into three classes, each of which is divided into cub period, young adult period, mature period and peak period, which are relative to the level of human warriors.

These monsters are in the third-class maturity stage, which is equivalent to being stronger in the later stage of the human third-order fighter.

Tu Ganglie is the top cultivation base of a Tier 3 fighter. Although he is better than these monsters, it is not so easy to deal with such a large number.

However, he didn’t wait for him to do anything, but when he heard a soft groan, the cold wind was blowing.

First-rank high-level spells, wind and snow! “
