

ALIEN GOD SYSTEM

Chapter 2 - Child bride

Master, why do you look at me with such a look, don't you know me? "

The young man came to Yang Feng, noticed Yang Feng's weirdness, and suddenly became anxious.

Yang Feng touched his chin, and still didn't know how to answer, but his head suddenly hurt, and a memory of this body suddenly appeared in his mind.

Yang Feng is one of the three big families in Longhu Town, the only son of the Yang family, and has lived well since childhood. Until ten years ago, his father died tragically in the hands of monsters in order to protect the townspeople.

The Yang family began to fall apart and the slaves separated.

Only his father has adopted a son and a daughter since he was a child, who never abandons him and accompanies him to grow up.

And the young man in front of him was his father's adopted son, Yang Xiaoyi, who was one year older than him. He had always protected him like his brother and was loyal.

Yang Feng understands everything. First of all, it is strange. Why does his character still have a background introduction? Is it a role-playing game? The plot needs it? Thinking about this, he smiled and said: Oh, it turned out to be the second brother, why are you here? I'm fine! "

Two... Brother? "

His body shook suddenly, Yang Xiaoyi looked at Yang Feng inconceivably, as if he had known him for the first time, raised his hand and touched his

forehead, and said: Master, you... are you all right, you never called me second brother before. what! “

I didn't call it before. That was because I was ignorant. Now you are my second brother. Thank you for taking care of me for so many years! “

With a grin at the corner of his mouth, Yang Feng said sincerely.

In fact, for so many years, Yang Feng, as the only son of the Yang family, is a complete dude. He has no abilities and looks down upon Yang Xiaoyi, an unrelated brother, and has always regarded him as a slave in the family.

Yang Xiaoyi didn't mind. In order to repay his adoptive father's nurturing grace, he had been taking care of the only son of the Yang family.

Now Yang Feng suddenly recognized his elder brother, he was surprised, his heart was also full of touch, his eyes were unconsciously moist.

Yang Feng knew his current mood, Chan smiled and patted him on the shoulder and said: Second brother, why is the big man crying? Didn't I just recognize your brother? As for being moved like this? You are too good to be bought, right? “

No, the key is to be caught off guard...Young Master...”

Young master, they all say they are brothers! “

Yang Feng laughed, and Yang Feng solemnly said: From now on, you will be my brother, and you will be called my third brother. Stop calling Master Master, or I will be angry! “

Eh!

Yang Xiaoyi hesitated and nodded excitedly.

Then, he looked at Yang Feng's tattered clothes and blood stains, and then he cared: Little...erh no, third brother, are you really okay with you? Is there any injury? “

No, this blood is itss! “

Yang Feng sneered and glanced at the corpse under his feet.

Yang Xiaoyi looked intently, and was shocked: First-class monsters, scorching wolves? Who did this, shouldn't...”

It's me, what's wrong? Just killed a first-level monster, what's the big deal? “Yang Feng smiled disapprovingly.

Yang Xiaoyi stared at him blankly, but his complexion, surprise, and even more incredible: You mean, you killed this first-class monster? “

Of course, isn't it the first class weird? What is there to show off? “

That is to say, you have successfully condensed the battle crystal and broke through as a real fighter? “

Zhan Jing? What is that thing? “

Yang Feng rolled his eyes and wondered. So, is there this setting in the game?

Yang Xiaoyi was already dancing with excitement, clutching his fist fiercely on his chest and said: Third brother, stop pretending, you should understand. Although this class of monsters is the weakest type of monsters, it is not a monster that ordinary people can defeat. Only by condensing battle crystals, entering the ranks of warriors, or condensing magic pill, and becoming a warlock, can it be possible to win with monsters. Do you still say that you have not broken through the warrior realm? Go, go home and tell your eldest sister the good news, she will definitely be happy! “

With that said, Yang Xiaoyi couldn't wait to take Yang Feng's hand and leave.

Yang Feng frowned, thinking carefully, why is the upgrade channel mentioned by this NPC different from the one on his game panel? What battle crystal, Fadan's, how to get together?

Also...is the next storyline a side mission or a main mission?

In confusion, Yang Feng walked along the plot under the path of Yang Xiaoyi, a fifth-level fighter, and the two left the primitive forest smoothly and returned to Longhu Town.

Yang Feng looked around and saw that the town was completely ancient architecture, with Tang and Song style. The surrounding merchants and vendors were shouting one after another, and it was very lively, exactly the same as the scene in the real costume drama.

After another quarter of an hour, the two arrived in front of a small courtyard. There, a slim girl was already waiting outside.

As soon as she saw Yang Feng's return, the young girl was first overjoyed, and then her face instantly became cold, and she picked up the feather duster and rushed up and shouted: He is finally back. “

Happiness!

This person is the righteous daughter of the Yang family, Yang Yuchan, born with crimson eyebrows and phoenix eyes, skin like fat, authentic beauty embryos, especially the heroic spirit in the eyes, but also a unique charm in the soft and charming.

Yang Feng was so stunned that he didn't even hide when the feather duster fell on him.

Because he knew that besides the righteous daughter of their Yang family and his eldest sister, this woman was also a child bride prepared for him by his father.

This year he is sixteen and Yang Yuchan is eighteen, two years older than him. According to the old method, he is now an adult and can marry this sister's bridal chamber.

However, Yang Yuchan knows that this younger brother is playing inferiority, and getting close to female **** too early will never do him any good. So not only did he refuse his request to have a roommate, but he also strictly controlled him like an old mother, and was not allowed to get in trouble outside.

Yang Feng both loves and hates this. What he loves is that there is such a big beauty waiting for him at home, but he hates such a big beauty to stand in front of him, causing him to lose a large openable forest outside.

Of course, this was Yang Feng's previous thoughts.

Now Yang Feng was a single dog when he was in college. Now he is attached to such a second-generation ancestor. Instead, he has a big beautiful woman as his wife. He is already content. What kind of bicycle do he need?

Thinking of this, although Yang Feng had been beaten all the time, he laughed silly.

This game is so good, but also for my wife!

Yang Yuchan couldn't help but wonder when he saw his appearance.

What happened to this kid today? I was beaten before and escaped like a monkey. How come I suddenly changed **** today and became so behaved?

Yang Xiaoyi hurriedly stopped in front of Yang Yuchan and persuaded: Big sister, don't blame the third brother! "

What do you call him? "Can't help but startled, Yang Yuchan took a deep look at him, and said strangely: You call him that, are you afraid that he will make you young master angry again?"

Looking at each other, Yang Feng and Yang Xiaoyi both laughed at the same time.

Then Yang Xiaoyi said with joy: Don't be afraid, because this is what my third brother told me to call, and he recognizes me as a second brother without any Yang family blood! “

What did he admit? really? “

Of course it is true. This time the third brother has changed a lot after entering the Night Demon Forest, especially since he broke through the warrior realm and killed a first-class monster beast, the Wind Remnant Wolf! “

What you said is true, did he break through? “The body couldn't help but shook, Yang Yuchan's face was both surprised and happy, and the hand holding the feather duster couldn't help shaking.

Yang Feng looked at the excited expressions of the two of them, and couldn't help but touch their noses.

As for that, don't you just kill a first-level monster, how difficult it can be, the experience of the first-level monster in the game is given away. It makes you happy, as if I got the top pick. How wasteful is my character before to make your expectations of me so low?
