## Chapter 4 - black beard

bump!

With a loud noise, the door of the ancestral hall shattered into a smash, and Yang Feng came out very bachelor. When Yang Xiaoyi saw it, his eyes were about to fall out, twitching his face and shouted: Third brother, you are crazy, dare to destroy the gate of the ancestral ancestral hall? Sister knows, you must smash your ass! “

The ancestral hall of the Yang family’s ancestors is the place where the Yang family worships the ancestors and ancestors. Although its gate is made of wood, ordinary people can easily destroy it, let alone a cultivator who enters the ranks of warriors, but this is the face of the Yang family, and no one dares to touch it.

The former Yang Feng, no matter how dumb, would not dare to do such a rebellious thing.

But now Yang Feng is just a gamer, and he doesn’t have the old-fashioned feudal thinking.

In his opinion, this is just a break, and his family is not unable to repair it.

It’s okay, you can fix it before the eldest sister finds it out! “Picked his nose, Yang Feng waved to him nonchalantly: I’m out to clean up the monsters, and I will come back to eat before the sun sets... By the way, we have food in this world, right?”

you.....

Yang Xiao was so angry that he couldn't speak, his whole body was trembling, and he didn't even hear the nonsense behind him.

Suddenly, a young man rushed over in a hurry, and bowed to Yang Feng and said: Third Young Master, Second Young Master, it's not good, the black beard from Ruyi Gambling Shop came to our house and said to Master, you are paying off your debts, aggressively, and Missy is blocking them! “

What, you mean the black beard who runs the casino? “

His body shook suddenly, Yang Xiaoyi's face quickly became serious, and then he looked at Yang Feng anxiously: Third brother, how could you provoke that guy? “

What's up with him? “Yang Feng blinked ignorantly, nonchalantly.

Yang Xiaoyi looked at it and couldn't help but sighed: Third brother, you are in a big trouble. The black beard is a well-known ruthless character in the town, a character who can eat both black and white, and his strength has reached the late stage of a terrifying warrior. If Dad is alive, he can still be drunk back, but now my eldest sister and I are probably not his opponents, you... alas! “

Forget it, you should pack your luggage and go out to hide. If the house is safe in three days, I will find you! “

After speaking, Yang Xiaoyi hurried to the front courtyard.

Yang Feng could see that this second elder brother was really anxious, he didn't care about shrugging his shoulders, and he followed along to see the situation. Maybe this is another side task.

When he came to the front yard, the door had already been blocked by a dozen people in black. The head of the man was a big bald man with a burly stature. His face was full of beards, and he was as thick as the black forest, and he must have been a black beard.

Like the other people Yang Feng saw, there was a dazzling sign on his head, LV. 7.

On the top of Yang Yuchan's head facing him, there was a bright LV. 6.

Yang Feng, who had just listened to the ancestors of the Yang family, knew that this world was called the Holy Continent, and it was a place full of cultivators against the sky. Everyone is divided into two major professions, warriors and warlocks, through cultivating physical and spiritual power.

Warriors are good at close combat and practice combat skills. They are generally divided into four categories: Warrior, General, King, and King. Each level is divided into three stages, and each stage is further divided into early, mid, late and peak.

Warlocks are good at long-distance warfare and practice magic skills. They are equivalent to mages. They are also divided into four classes, sorcerers, sorcerers, grand sorcerers and sorcerers. Each level is also divided into three stages, and each level is also divided into four stages after junior high school.

Legend has it that in this world, there are very few masters of warlords and magicians, and a warlord can handle an army of ten thousand people, which is terrifying.

However, Yang Feng sneered at this.

Although there is a difference in the level of cultivation between him and the people in this world, through comparison, he still noticed the connection.

Every time a person here breaks through a small realm, it is just equivalent to breaking through level 1 in his game.

In other words, Yang Xiaoyi is a second-tier early fighter here, in his eyes only a fifth-tier fighter. Yang Yuchan is a second-tier mid-level fighter, equivalent to a sixth-level fighter. The strength of the black beard sounds terrifying, a

second-tier late-stage fighter, but to Yang Feng, he is just a novice rookie at level 7.

As a 200-level military master, that is, the warlock here, he was embarrassed to do things with them. He was too bully. He himself felt that he was out of identity with these people.

As for the king of war, the great magician would become a legend, and he was going to hehe.

Because he had the final say, the King of War and the Great Sorcerer were the strongest at level 36, how could they compare with him?

But he couldn't just take it lightly. Although the people here are scumbags, what if there are people outside the mountains, there are mountains outside the mountains, and there are stronger masters?

He is a gangster who has no blue. If he is too waved, he may overturn the boat in the gutter. It is better to be cautious and pretend to be a pig and eat a tiger.

Thinking of this, Yang Feng decided to temporarily hide his strength, first explore the world clearly before speaking. In this game world, how many players, how many local masters, and what level they need to deal with carefully.

Blackbeard, although our Yang family is no longer in the past, it is not your turn to ride on your head and pee. What is your intention to lead people to surround our Yang family today? "

Yang Yuchan didn't pay attention to Yang Feng who followed, and stared at the big beard with stern eyes, majestic, but only she knew how guilty she was.

With a cold smile, the black beard looked at her with a sneer in his eyes: Miss Yang, paying debts, killing and paying lives, is justified. We are here to ask for

the account today, and we don't want to embarrass the Yang family, but also invite Master Yang Feng to come out for a description. Otherwise, please ask Miss Yang to come with us. "

My third brother? He owes you debts? "

Not bad! "

With a slight smile, Black Beard slowly took out an IOU from his arms and shook it in front of Yang Yuchan: Master Yang Feng owed us five hundred Xuanjing at the gambling house and took your Miss Yang as a mortgage. If it still fails, you must go with us! "

what?

The body couldn't help but shook suddenly, Yang Yuchan said incredibly: You mean my third brother takes me as a mortgage? "

Isn't it clear that there are black letters on white paper and handprints? "With a treacherous smile, Black Beard said indifferently: Who doesn't know in Longhu Town, your Miss Yang is the child's daughter-in-law of Young Master Yang Feng. It is only natural for your husband to pay his wife for the debts you owe. If you don't have the money, you can only follow We went back, hahaha!"

The fat-white hands could not stop trembling fiercely. Yang Yuchan's face instantly turned pale. Yang Xiaoyi heard it from the side and clenched his fists tightly with anger.

Even if Yang Feng himself was in the game, he felt that his character could be so scared. It is simply a shame for men to use his wife to pay off gambling debts.

But suddenly, a tingling pain poured into his mind, and another memory reflected in his mind.

How is it, do you pay back or lose? “Looking at Yang Yuchan triumphantly, Black Beard laughed.

Yang Yuchan didn't speak, frowning deeply.

Repaying the money, with the current finances of the Yang family, certainly cannot afford it. But if you let her go with Blackbeard, then her innocence will be ruined all her life, what should I do?

Yang Xiaoyi was also at a loss like an ant on a hot pot. Blackbeard's strength is so strong that even if they join forces, they may not be hostile. Want to break through, with so many people on the other side, and most of them are second-order fighter-level masters, it is even more impossible.

Hey, third brother, you really hurt the eldest sister this time, how can you make a deal with this kind of underworld boss?

We don't pay back or lose money. We just want to gamble with you again, how about? “

Suddenly, at this moment, a laugh came.

The two of Yang Yuchan were startled, and looked back, but they saw Yang Feng yawning and leaning lazily against the doorpost, smiling evilly.

Yang Yuchan was angry at first, but soon cursed again: What are you doing out there, hurry back, this is none of your business! “

It's nothing to do with me. Of course, my wife is protected by myself. No one should try to \*\*\*\* it from me unless he steps on my body! “

With a sharp glow in his eyes, Yang Feng shouted loudly, with unspeakable determination and confidence on his face.

When Yang Yuchan and Yang Xiaoyi saw him like this, they couldn't help being stunned. They had never seen their little brother so responsible!

Little brother, he really grew up and became a real man.

Especially Yang Yuchan, with his inexplicable cheeks flushed, his heart thumped and jumped like a deer.

Once upon a time, this family has been supported by her. This is the first time she feels the sense of security that a man will guard her. Although this man has just grown up, he is not very reliable, but it makes her inexplicable.

Moved...
