

My Accidental Husband is a Billionaire

436 Chapter 435

Nara hadn't even finished writing when Austin sneered. "Senior Sister, don't push too far. Is it just a pendant? Do you need to be so anxious? Jackson is still seriously ill, and here you are at the hospital; that's going too far!"

Keira, with her arms folded, looked at him coldly. "That pendant was snatched from Nara by him, so returning it to its rightful owner is only just and fair."

Austin immediately stood in front of Jackson. "I said Jackson is still not well. Let's talk when he's recovered!"

"Then what you say today doesn't count."

Having said this, Keira loosened her shoulders and flexed her wrists.

This action startled both Austin and Jackson.

Austin even took a step back. "Senior Sister, don't go too far! You clearly don't respect the Gill family!"

Even if Keira wanted something, she could have passed

a message, spoken some nice words, and asked for it to be returned-there was no need to barge in directly.

Keira didn't understand these rules; all she knew was that something of Nara's had been stolen, and she intended to reclaim it!

She stared at Austin. "So, you're not planning to give back the item? Then don't blame me for turning this place upside down!"

Austin was immediately infuriated and somewhat intimidated by this senior sister of the Freeman Sect.

He quickly shouted to Jackson.

"Give it to her, Jackson, give her stuff back! Don't argue with this madwoman!"

He then sneered again. "I don't know what's so precious about it? You come knocking so persistently, so fervently-is it some kind of heirloom?"

Nara hastily waved her hands.

Austin scoffed. "Right, how could your family have an heirloom? You're so poor!"

Nara halted, and she sadly lowered her head..

Austin then turned to Jackson. "Give it to her!"

Jackson took a deep breath and hurriedly exclaimed, "Alright, alright, your stuff is here!"

After saying this, he gestured to someone nearby.

A bodyguard promptly stepped forward with a bag and handed it to Nara.

Nara accepted it, opened the bag, saw that it was her necklace, and breathed a sigh of relief.

Keira asked, "Is it your item?"

Nara immediately nodded.

Keira then said, "Alright, let's go."

The two turned and headed for the door. Behind them, Austin cursed. "A bunch of paupers. It's good that you are gone. You leave the smell of poverty in the sickroom!"

Jackson's gaze darkened. "Austin, Keera is from the Olsen family, not some pauper."

"I was cursing that mute at her side, what's her name again?"

Jackson immediately said, "Nara."

"Right, I was cursing her! Chasing after a broken

pendant, even a mute who can't speak dares to bully

1. It's infuriating!"

As Nara reached the doorway, her steps faltered slightly, and his head hung even lower.

Keira turned and glared at Austin.

Austin stood his ground. "I'm talking about the mute. I didn't mention you, Senior Sister. You're not planning to control other people's speech as well, are you?"

Keira was about to say something, or turn around and give them a lesson, but Nara tugged at her arm and shook her head, leading Keira away.

After the two left, Austin became angrier the more he thought about it. Standing up abruptly, he exclaimed, "I've never been humiliated like this in my life! This Keira is just too much!"

Jackson immediately agreed, "Exactly, Austin, she's way too arrogant. You must help me get revenge!"

Austin complained, "How am I supposed to take revenge for you? In terms of status, she's Miss Olsen, in terms of position, she's the senior sister. Even if I wanted to find someone to hit her with a sneak attack, I'm afraid they'd end up being sent to take a beating

4/9

themselves, wouldn't they?"

Jackson's heart was brooding and sinister.

Seeing his demeanor, Austin couldn't help but pat his shoulder. "Alright, I know you like Keira, but she's untouchable now. If you want another woman, I will find one for you!"novelbin

Jackson glared at Austin with a dark expression.

Untouchable?

Clearly, as the son of the second branch, he wasn't considered worth the Gill family's effort.

If it had been Austin who had been kicked and rendered infertile, he wondered if Lady Gill would fight to the death against the offender!

After just spewing out some harsh words, she returned home without having done anything?!

Jackson's expression grew even darker, and suddenly he smirked, "Austin, you said it... Then I want that little mute girl!"

Austin was startled, "The little mute girl? She looks quite pretty, though not stunning. What do you want her for?"

5/9

436 Chapter 435

Jackson lowered his gaze. "It was when I was onto her that Keera beat me. Now I can no longer be a man. Isn't it fitting for such a lowly and poor wretch to come and serve me?"

Austin frowned and scrutinized Jackson, "But she's obviously already been taken under the wing of Keera..."

Suddenly, Jackson said, "Austin, is there any news about our sister?"

Upon hearing this, Austin remembered the merit Jackson had earned by finding the jade, and patted his shoulder. "Not yet, but with the Gill family broadcasting such a grand advertisement, it should be soon!"

Austin's heart tightened at the thought of his sister.

He had searched for so many years, yearned for so long, and now the news of his sister had come through Jackson, and he should be grateful. Austin immediately assured him. "Don't worry, I will definitely bring the little mute over to you! To let you vent this anger!"

Jackson's face."

Austin looked down and picked up his phone again.

Suddenly, it seemed he saw something, and he stood up straight away, his eyes wide with astonishment as he stared at his phone.

Jackson asked, "Austin, what's wrong?"

Pointing at the phone, Austin suddenly burst into uproarious laughter, "I was just worrying about how to counter the Olsen family, and isn't this the perfect opportunity?!"

He handed the phone over to Jackson.

Once Jackson saw the content, his eyes bulged, and he couldn't help but burst into laughter as well. It's retribution, all retribution! I was crippled by Keera, but look, the Olsen family's heir, Ellis, turns out to be

infertile! Just as useless as me!"

Austin suddenly said, "I've always said that Mary is a bitch, acting high and mighty in front of me. You see? Ellis is infertile, yet she's pregnant. Tell me, whose

child is it?"

Jackson also began to laugh.

719

So, Keira took Nara back home, and upon returning to the car, she saw Lewis with a worried frown.

Keira asked, "What's wrong?"

Lewis sighed silently and handed her the phone.

The screen displayed news from a media outlet controlled by the Gill family, releasing information about Ellis's physical examination.

The medical report for Ellis clearly stated: infertile patient!

1

Keira's pupils constricted.

Lewis immediately added. "This news has been confirmed by the hospital, and now all major media rushing to report on it. Within one or two media outlets are hours, the Olsen family's stock has fallen by two percent. If this isn't managed, the drop will likely continue!"

Keira clenched her fingers in anger. "The Gill family's retaliation is just too vicious! This is a violation of my brother's right to privacy!"

Lewis nodded. "The Olsen family will certainly hold them accountable for this matter. But they're not

11 26

afraid; at worst, they'll just pay some compensation. What they want is to impact the Olsen family's stock price... Keira, what are you thinking about?"

Keira stared at the report. "I'm wondering, why is his result infertile?"

437 Chapter 436

Lewis looked over. "Is there a problem?"

Keira furrowed her brows. "I trust Mary, so since Mary could get pregnant, then Ellis's report must be problematic..."

Lewis frowned. "What could be wrong with it?"

Keira looked at the report. "I don't know, I'm not familiar with this area. Let's hurry back home. I'm afraid Mary will be heartbroken if she sees it."

"Okay."

Lewis drove, and they quickly returned to the South residence.

As they arrived at the entrance, they saw a large crowd gathered at the front door, and upon closer inspection, it turned out to be the Davis family.

At that moment, Wayne stood at the entrance, angrily staring at Mary, and demanded, "Is this child really Ellis's? What on earth is going on!"

Mary looked at them, her fists clenched tightly. "Uncle, this is between me and Ellis. It has nothing to do with

31:26

the Davis family!"

"How is it unrelated?!"

Wayne sneered. "If this child is a lie, then we, the Davis family, have offended Ellis, and you've doomed us!"

Wayne's eyes darkened as he stared at Mary.

Ever since their family had split, they were no longer part of the Davis family's direct lineage, and their living standards began to fall, so he had wished for his niece to marry Ellis.

Even though he had let her accompany men in drinking, he had never actually allowed her to sleep with anyone.

They had a daughter of their own, but still, he gave the chance to meet Ellis to this most beautiful niece of his.

And what happened?

His niece wasn't chosen, which was one thing, but then, on turning around, she somehow managed to hook up with Ellis by using god knows what methods.

It had caused his position in the company to plummet!

Mary was simply ungrateful and biting the hand that

2/7

437 Chapter 436

fed her!

Since she married Ellis, their lives should have been on the upswing, but instead, because of his niece's hatred for him, he was now worse off than before!

If only he had known his niece would turn out like this...

He should never have introduced Ellis to her!!

And now...

Wayne took this opportunity, determined to take down. Mary!

He stared at Mary, took a step forward, and lashed out. "Say something! I'm telling you to speak up!"

Mr. Davis and Mrs. Davis had also arrived, both fixated on Mary, one anxious, the other filled with panic. "Mary, what on earth is going on? Is that report false? Why does the doctor say it's true? If Ellis truly is infertile, then whose child are you carrying?"

Mary looked at the three people in front of her.

She suddenly felt her life was ridiculous.

At this moment, her dearest family members were

377

437 Chapter 436

actually putting reputation first!

She closed her eyes in pain, and tears slid down from the corners of her eyes.

Mrs. Davis stepped forward and grabbed her by the shoulders. "Speak up! What's going on with this child? If it's not Ellis's... our family is finished!"

After saying this, the corners of her eyes moistened.

Mary looked at her and gave a bitter smile. "How would it matter if the child is Ellis's or not?"

No sooner had these words fallen, Mrs. Davis blurted out, "How could it possibly be Ellis's? No wonder I thought, from the engagement to the marriage, Ellis's demeanor was all wrong, he was so reluctant... If it's not his child, you have to get rid of it! How could the Olsen family ever allow you to keep this illegitimate child!"

Mary listened to these words and laughed mockingly.

She stared at Mrs. Davis and enunciated each word.

"This child is Ellis's. I have never done anything to betray him!"

Mrs. Davis retorted. "If it's his, then what's that news

11:26

4/7

about? The Olsen family has yet to clarify, and their stock has already fallen! Mary, how can you still be so stubborn?! Do you know how much the Olsen family's stock has dropped? That's a lot of money! Even if we - sold our house, we couldn't pay it back!"

She was on the verge of tears. "If the relationship between the Davis family and the Olsen family is destroyed, the first branch of the family will never let us off the hook! What do we do? What do we do!"

She was so anxious and was spinning in circles. She then suddenly grabbed Mr. Davis. "Should we just run away? Sell the house and leave the country!"

Wayne immediately said, "Run away?"

Impossible! You are the ones who will have to take the fall of fall! If my brother blames us, your family won't be able to handle

it!"

No sooner had these words fallen, Mr. Davis retorted, "It was Mary who deceived Ellis, What does that have to do with us? We really didn't know about this... If

there's blame, blame it on Mary, I'll leave her here for you!"

Upon hearing this, Mary's pupils shrank sharply!

507

437 Chapter 436

She was aware that her parents exploited her, but she never imagined they would use her to such an extent!

At a time like this, their first reaction was to abandon her?!

She clenched her fists tightly and looked at them in disbelief. "Dad, Mom! How can you treat me like this!"

"How have we treated you?"

Mr. Davis glared at her. "It was because you were indiscreet and did such a thing!"

Mrs. Davis also looked at her, "Mary, you and Ellis were husband and wife for some time, so there must be some feelings there, right? We believe they won't cut you off completely, so just go ahead and get an abortion. That way, you can at least give the Olsen family an explanation..."

438 Chapter 437

Mary listened to her parents and scoffed.

Just then, Wayne said, "You are so naive. Mary dares to deceive the Olsen family, do you think the Olsens are pushovers?!"

He stepped forward. "I think you should beat your daughter and the bastard in her belly to death, then go and apologize to the Olsen family! Maybe then the Olsens won't hold the Davis family accountable!"

Upon hearing this, Mr. Davis was dumbfounded. "Isn't it enough to just terminate the pregnancy? Mary is an adult after all!"

Mrs. Davis also said, "Yes, Mary is our daughter after all..."

Wayne sneered. "There are plenty of daughters in the Davis family, but Mr. Ellis is the future heir to the Olsen family! You really are laughable, thinking you can still bargain with the Olsens?"

Mrs. Davis immediately shouted, "Murder is illegal! At least give the child a way out!"

11:26

1/6

Wayne roared at them. "I should give her a way out? When she was deceiving people, why didn't she think about leaving us a way out?! Do you know how the first branch of the family will hold me accountable for this?!"

He turned to Mary and raged. "Your uncle from the first branch of the family has made some private deal with the Olsen family to marry you off to them, what about you? Here you are, leading us on! The bastard is someone else's... huh, your Uncle Ken and I thought Ellis didn't want to take responsibility for you, turns out we were the ones who got played! Mary, how can you be so shameless?!"

After saying that, he stepped forward and reached out his hand, intending to hit Mary!

Mary grabbed his wrist and pushed him away.

Wayne glared at her and cursed, "How dare you be so disrespectful to your elders? You even dare to raise a hand against me!"

Mary stared at him. "The Olsens haven't said anything yet, and you're already making a fuss here! How do you know the child isn't Ellis's?"

11 20

20

Wayne sneered. "That medical report is real, the doctor has testified, Are you still being stubborn? Mary, you really are bringing shame to the Davis family, You must give us both families an explanation!!"

Keira and Lewis walked over, frowning.

Keira stepped in front of Mary. "Mary, don't be afraid."

But Mary stood by Keira's side with a stern face, no longer the compromising demeanor she once had with her parents.

Mary glared at Wayne. "Don't worry, I won't affect you, nor will I affect the Davis family! From today on, I'm no longer a member of the Davis family!"

No sooner had she said this than Wayne responded, "That's your saying! You can't take anything from the Davis family, including the dowry the Davis family once gave you!"

Mary clenched her fists.

She looked at Wayne and her parents, recalling that in the Davis family, the only person who was ever kind to her, who had even a bit of affection for her, was perhaps Ken, her uncle from the first branch.

11:2

Initially, Ken had staged a whole scene at the hotel just to force Ellis to marry her... Although there was some manipulation involved, Ken had been relatively good to her.

At least Ken had never used her face for anything.

She gave a bitter smile. "Fine, the Davis family has nothing to do with me!"

Only then did Wayne breathe a sigh of relief, and Mr. Davis and Mrs. Davis frowned upon hearing this but ultimately said nothing.novelbin

At that moment, several cars suddenly arrived.

The first car bore Mr. and Mrs. Olsen and Ellis!

From the car behind them, Ken emerged.

Ken approached Mr. and Mrs. Olsen with an apology, and as the younger generation, Ellis stayed slightly behind. Upon getting out of the car, he looked at Mary with an indescribable gaze, then clenched his jaw without speaking.

Ken was apologizing to Mr. and Mrs. Olsen. "This incident is my fault for not investigating thoroughly, but we should still clarify matters between the

11:26

youngsters... Mary is the Davis family's child, and the Davis family won't shirk responsibility. Let's think of a solution together, see how we can diminish the scandal's momentum, and minimize its impact on Olsen Group's stocks."

Mr. and Mrs. Olsen both had stern faces.

Although they were both rational people who never interfered in affairs, as members of the Olsen family, they demanded respect.

Since when had they been deceived to such a degree?

Mrs. Olsen thought of the time when the rumor started, and Ellis immediately brought abortion pills to Mary, and as it turned out, this was the issue!

With this in mind, Mrs. Olsen turned and glared at Ellis. This foolish son of hers had been wearing a cuckold's horns without a word and foolishly helping Mary to cover it up.

The matter needed to be handled well.

Hadn't Ellis's third brother never married or had children? There were plenty of brothers in the family, so it wouldn't matter because later on, his own brother's children could take care of him!

Mrs. Olsen felt wronged for Ellis, so when she approached Mary, her expression turned sour.

She looked at Mary. "Mary, ever since you married into our family, my husband and I have I

439 Chapter 438

Mrs. Olsen was now certain that this child wasn't Ellis's.

After all, since the report on Ellis's azoospermia came out, she had dragged her son to another examination.

They switched to another hospital and the anonymous test results still indicated azoospermia!

One hospital might still have unreliable aspects, but four hospitals couldn't possibly all have problems at the same time, could they?!

She was truly infuriated.

Now, looking at Mary, she couldn't help but see every flaw in her, disgusted by her very appearance.

Mr. Olsen was also frowning, hands behind his back,

"The fact that Ellis is ill, you probably didn't know about, right? So you still plan to palm us off with a changeling and tamper with the Olsen family's bloodline! Mary, we cannot let this matter slide easily!"

If they didn't handle it seriously, would everyone follow suit in the future, doubting the paternity of

11.26

1/7

every child born in the family and requiring a DNA confirmation?

If things went on like this, the marital relationship would be gone!

Therefore, it was necessary to nip the problem in the bud right from the start.

Mary looked at them and could only laugh at the absurdity.

Did she not know if she had messed around or with whom she had slept?

It was ridiculous that they would never believe her.

She looked again at Ellis, only to see the man with a cold face, emanating a chilling aura.

Ellis was furious.

Now, people were mocking him online, ridiculing him for being cuckolded and his impotence, and even mocking his love for horse riding, telling him to carry on!

Originally, if he hadn't married, he could have hidden this condition, but having gotten married and caused a pregnancy scandal, he felt utterly humiliated in front

13 26-

2/7

of everyone!novelbin

Ellis was raised by Uncle Olsen, and inherently carried some chauvinistic attitudes.

From childhood, he was known as a defiant figure throughout Clance. When had he ever been made fun of for being "inadequate"?!

Angry at Mary, he wanted to see her embarrassed.

But when he heard his parents interrogating her like this, and saw her looking at him, his heart suddenly softened a bit.

He didn't speak.

Seeing that he hadn't spoken as she expected, Mary simply smiled faintly.

She said, "What do you want from me? A divorce? I can do that."

Her casual attitude infuriated everyone all the more.

Wayne shouted angrily, "Mary, what kind of attitude is that? Kneel down immediately and apologize to Mrs. Olsen and Mr. Olsen! Especially to Mr. Ellis, you must get him to forgive you!"

11:20

37

Mary didn't move.

Mr. Davis immediately came over to drag her. "Mary, hurry up, don't bring disaster upon us!"

Mrs. Davis, being a mother, turned around and knelt on the floor, kowtowing to Mr. and Mrs. Olsen. "In-laws, Mary knows she was wrong. She just momentarily lost her senses; it was the Davis family who kept pressuring her to marry into a prominent family that she took this wrong path. Please forgive her this once!" Mrs. Olsen, hearing this, thought the allegations were true.

After all, Mary wasn't someone she had watched grow up, and she believed that any mother would know their own child.

Mrs. Olsen became even more angry. "So it's true. Forgive her? Who will forgive my son?!"

She simply couldn't imagine what Ellis would face when he stepped outside!

What kind of mockery he would have to endure!

Mrs. Olsen clutched her chest, looking at Ken, "Mr.

11 27

4/7

439 Chapter 438

Davis, is this how your family explains things to ours?"

Ken sighed, "Well, I..."

Before he could finish, Wayne had already spoken. "Ken, Mary just said it. She'll leave the Davis family, and we will disown her, that should be enough!"

This statement made Ken frown. "Don't be stupid!"

He glanced at Mary and then said, "The Davis family rises and falls together; Mary, explain yourself properly. Is the child Ellis's or not?"

Upon hearing this, Mary's eyes slightly welled up.

With so many people around, finally someone was willing to give her a chance to defend herself.

She stepped out from behind the crowd and came in front of them, then smiled and began. "The rumors out there talk about my messy private life, but Uncle, don't you know? Have I ever been slept with anyone else?"

This question was directed at Wayne.

Wayne immediately frowned.

Indeed, whenever he took Mary out to socialize, he harbored certain intentions, but since Mary was so

1127

5/7

beautiful and he wanted to sell her for a high price, he really hadn't let her sleep around.

But at this very moment, these were words that he absolutely could not utter...

Wayne sneered. "Whenever I took you out, I certainly made sure to protect you, but how would I know about your private life?! If you didn't do anything to wrong Mr. Ellis, then how did the child in your womb come to be?"

Mary didn't expect him to be so shameless. Her chest heaved again.

She clenched her fists tightly.

After a long while, she looked at Ken.

"I haven't been promiscuous, and the father of the child is Ellis!"

"But Ellis's medical report..."

Ken knitted his brows.

Mary took a deep breath. "I don't m

know what's going on. I don't understand why it's like this! But I'm sure, Ellis is the only man I've been with!"

Her eyes reddened, and she looked firmly at Ellis. "Today, I'm three m months pregnant. Since none of you

6/7

439 Chapter 438

believe me, let's go to the hospital right now and have
an amniocentesis!"

"Yes, yes, let's have an amniocentesis!" Mrs. Davis said when she heard this. "Once it's done, won't we know for sure if the child is Ellis's or not?"

440 Chapter 439

As these words were spoken, everyone present was momentarily taken aback.

Mrs. Olsen looked at Mary, puzzled, "Do you dare to go with us for amniocentesis?"

Mary's chin tilted slightly upward. "I have never done anything to wrong the Olsen family, what is there to fear?!"

Mrs. Olsen then became suspicious. "Could it be that this child is really...

"Enough!"

Suddenly, Ellis roared, bypassing several elders to step forward.

He walked straight up to Mary, staring at her intensely, then suddenly grabbed her chin, forcing her to lift her head and look at him.

Upon seeing this, Keira immediately stepped forward. "Ellis, let go!"

However, Mary waved her off. "Keera, you don't need to worry about me."

Mary took hold of Ellis's hand herself and forcefully pushed him away.

Ellis's eyes reddened as he stared fixedly at her. "Even now, you insist this child is mine... Mary, do you have any idea how you've made me the laughing stock of all of Clance?!"

Mary bit her lip and remained silent.

Ken stepped forward. "Mr. Ellis, let's not take out our emotions. It's better to settle the matter first. There are two options now, one is to announce to the public that Mary is not pregnant, that the pregnancy was a misunderstanding, and then quietly take care of the child. The second is... divorce."

Before Ellis could speak, Mary immediately said, "I choose the second option."

Ellis was taken aback, then his expression turned even darker.

He stared at Mary, unable to understand why she had such deep feelings for someone else's child to the point of being so resolute!!

Ken then looked at Ellis. "Mr. Ellis, what do you think?"

If it's a divorce the Dovia family will admit our mistake

11:27

publicly, and hold a press conference saying it's our fault for not supervising our daughter well, and that this has nothing to do with the Olsen family."

you These words made Wayne shout, "Ken, how can this? Our family's reputation will also be destroyed. How will you explain it to our shareholders when the time comes?"

"Shut your mouth!"

do After scolding him, Ken once again turned to Mary, his voice heavy. "You're a part of the Davis family, even after splitting households, I never planned to disown you! Since you married into the Olsen family representing the Davis family, if something happens, we cannot just stand by!"

He looked at Ellis again. "Mr. Ellis, which option do you choose?"

Ellis's gaze dropped, and the fingers in his pocket tightened slightly before he slowly said, "If we divorce, wouldn't it be telling the world that I was indeed cuckolded?!"

Leaving that hanging, he continued. "Therefore, the first option is the best choice for both families!"

This made Ken immediately overcome with gratitude. "Mr. Ellis, you're so generous! The first option is indeed the best way for our families to deal with the media! It's just you who has to bear the brunt."

Ellis looked at Ken without saying a word.

Mr. and Mrs. Olsen, however, said, "Ellis, you don't have to compromise for the sake of the family! Life is long, and if you hold a grudge against Mary, it might be better to separate."

Ellis didn't say anything.

He glanced at his parents, then back at Mary, and then said fiercely, "Let's go with the first option. I never planned to marry in this life anyway. She schemed against me, so she must pay the price! I want her to spend her life trapped in the Olsen family as her penance!"

Upon hearing this, Mr. Olsen disagreed. "Ellis, marriage is not child's play, nor a tool for holding grudges. You might as well let her go and free yourself as well!"

Mrs. Olsen also nodded. "Given how things are, I think it's better to let each other go."

Ellis immediately shouted, "Why should I? She has humiliated me so much, let's settle it this way!"

After saying this, he turned to look at Mary.

The mere thought of Mary choosing the second option, wanting to leave him, made him feel like he was about to explode in anger!

He realized that he had fallen for Mary...

But how could she be so heartless?

While Ellis was thinking, Mary had already lowered her head, a bitten smile crossing her face. It took a moment before she looked up again at Ellis. "I want to

have the amniocentesis."

Ellis asked, "Why humiliate yourself like this?"

"Won't we know whether it's self-humiliation after it's done?!"

Mary's voice remained calm, having grown accustomed to such doubts and suspicions.

As Ellis wanted to say more, suddenly a group of reporters, appearing out of nowhere, ran over with cameras pointed at them.

11:27

Someone passed a microphone forward. "Mr. Olsen, Miss Davis, why are both your families gathered here?"

"Is it because of the azoospermia issue mentioned online?"

"If Mr. Olsen has azoospermia, how did this child come about?"

"Could you give us an explanation for the media?"

000

"Mr. Ellis, did you marry Miss Davis willingly, or was it a familial arrangement?"

"Miss Davis, your child must have been conceived before marriage, right? After all, I remember you've only been married for two months..."

"With the Olsen family's stock price plummeting so fiercely, Mr. Ellis, is there anything you'd like to say?"

"Mr. Ellis, is your azoospermia due to years of horseback riding? If you have no descendants in the future, Will you still be the heir to the Olsen family?"

"Mr. Ellis, can I ask a personal question? Are azoospermia patients incapable in that regard?"

"Mr. Ellis..."
