

A Killer 1001

Chapter 1001: Pass, check

Where did Situ Ningbing go?

Who can know.

She is looking for Li Tian, she has been looking for Li Tian.

She can die for Li Tian, and she can ignore everything. As long as Li Tian can live and live happily, she will go find her lifeless.

In the vast crowd of Yongzhou City, I saw a lonely beautiful figure looking for Li Tian.

She is that Situ Ningbing.

Her originally beautiful face is full of sadness at the moment, her eyes are full of exhaustion, but she doesn't care, she just looks blindly, keeps looking, as if she's gone all the way around. Also find that Li Tian.

But where is the endless person He Situ Ningbing going to find Li Tian?

Li Tian was put in the trunk of the car behind and was taken all the way to the gate of hell.

In the meantime, because of the "Yin Shao possessed" in his body, Li Tian could only desperately accumulate body energy to break through the ice layer in his body.

Now because of his unremitting efforts, the upper body has been able to move completely, and even the stiffness of the lower body has begun to slowly ease.

Li Tian believed that his lower body would definitely be able to move after a short while.

If once let himself break through the restriction of the body, then Li Tian will definitely have revenge.

He squeezed into the dark trunk and squirmed slowly.

Being able to move, Li Tian was very surprised.

Then he began to accumulate physical energy to break through the restriction of his lower body.

The twin old ghost sitting in the car, the ecstasy and the driving Ouyang Longyan didn't know that Li Tian was able to break through the "yin and evil possession", and they were all sitting in the car safely at the moment.

The car was heading west with a quick memory.

It was now the third day, and they reached a city along the highway.

Looking at the city about to arrive, the twin old ghost asked: "Where is this?"

"It should be in Binjiang City." Ouyang Longyan said slowly while driving.

"I just arrived in Binzhou?" The ghost woman frowned slightly.

"Forget it, let's find a place to rest in Binzhou first." The hag said from there.

Ouyang Longyan groaned intently, then stepped on the accelerator, and the car quickly drove towards Binzhou City.

The highway leading to Binzhou City seems to have signs of traffic jams ahead.

From a distance, I saw that all the vehicles in front were parked there, and there seemed to be people from the army passing by.

Look carefully, but at the front exit of the road, there are indeed three military vehicles parked side by side, and two off-road Hummer vehicles lined up in the middle of the road.

And on both sides of the road stood a dozen or so soldiers in camouflage uniforms. The guys with real guns in their hands were sitting there carefully inspecting every car in the past.

Every car and truck can only be passed after being carefully inspected.

After seeing this situation, the people at the local prison gate suddenly became depressed.

But seeing the ecstasy looking at the soldiers inspecting the car in front of him with a cold face, frowned and said, "What's going on? How can there be soldiers in front of me?"

"do not know."

"It seems to be checking the traffic." Ouyang Longyan whispered.

"an examination?"

Ecstasy suddenly frowned upon hearing the word "check".

We must know that there is still a living thing in their car: the living dead. That was Li Tian in the trunk of the car behind.

And most importantly, their outfits are quite weird, and if they are targeted by those in the army, it will be a big trouble.

The Ecstasy thought about it, the black face turned around and looked at the hag behind and said, "Hag, there are soldiers in front of the army checking the vehicle, what shall we do?"

The hag lifted her swooshing eyes and glanced ahead.

"Is there any other way to reach Binjiang City?" the hag asked.

Ouyang Longyan in front turned his head and said, "It doesn't seem to be, there is only this way."

"And this road is the road after all." Ouyang Longyan added another sentence later.

Listening to Ouyang Longyan's words, the ghost woman suddenly fell silent.

A pair of extremely vicious eyes glanced at the army personnel who were checking the traffic in front of them, and then said: "Then let it pass."

Hearing that the hag was going to take this road that was inspected by the military, the ecstasy suddenly made her complexion extremely ugly.

He seemed to be worried about something.

Ouyang Longyan said nothing in front.

"Ghost, if you wait for the soldier to find the kid in the trunk of the car behind, then you will be in trouble." The ecstasy suddenly looked at the ghost and said.

The hag smiled.

"Don't worry, they can't find out."

"Even if I found out, what can I do?"

"Isn't it just a few guys with guns?" The hag said with a grinning grin.

It was as if the dozen soldiers in front with real guns and live ammunition had nothing in her eyes.

Listening to the hag in front of her saying this, the ecstasy made her mouth muffled, but she didn't say much.

"You still worry about worrying about you..."

"The dressing is nondescript, like a monster...The covered face will definitely attract the attention of those soldiers." The hag woman suddenly smiled and looked at the ecstasy and said.

Yes, the Ecstasy has never shown his true colors before, even now his face is covered with a black mask.

If such an alternative dress can't attract the attention of the soldiers in front, then that's a strange thing.

Listening to the ghost woman saying so, the devil on one side laughed suddenly.

"Yeah, yeah." He also said with clapping hands.

Although this ecstasy was holding the fire in his stomach, there was nowhere to vent at this moment.

Now he also knew that his attire would definitely attract the attention of those soldiers... After thinking about it, he finally chose to compromise.

"Okay, I'll take off the mask." After the eerie voice of the ecstasy, Ouyang Longyan on the other side was quite surprised.

Because as far as he knew, the ecstasy had never taken off the mask on his face.

Even he never knew the true face of the Ecstasy.

So he couldn't help looking at the ecstasy.

The devil beside him smiled and said: "Pick it, pick it..."

Following his voice, the ecstasy slowly began to remove the black mask from his face.

At the moment when he slowly removed the black mask with his fingers, he saw a face clearly appearing in their eyes.

what?

What kind of face is that?

Chapter 1002: His true identity

Not only was Ouyang Longyan shocked there, but even the hag woman on one side was shocked.

"What a handsome face." Suddenly a strange word came out of the hag's mouth.

As his voice came out, he turned his head and looked at the true face of the ecstasy Lushan.

Gosh!

It really was an extremely handsome face with sword eyebrows, thick eyes, and extremely handsome face.

Such a face that can confuse those women, why does the ecstasy keep hiding him?

But seeing the Ecstasy suddenly revealed his true face, it really surprised everyone. No one would believe that this murderous and cruel fellow would have such a handsome face.

According to the truth, he should look fierce, but his face is even more handsome than a woman's face.

"Little white face... Little white face." Suddenly the devil on the side clapped his hands and shouted.

When the devil called out Xiao Bai Lian, Xiao Bai Lian, the ecstasy made his mouth muffled, and at the same time a terrible breath came out all over his body.

The ghost mother slightly stopped the devil in front of her, and suddenly raised her stern eyes to look at the ecstasy in front of her and said: "I remember once in a family, someone who was nicknamed Yumian Shusheng was outstanding since she was a child. , And has always been a model character in the family. Later, because of a woman, he was mistaken for the most sinister person by the family. Haha, I don't know if that person is you?" Just listen to the hag in front of you suddenly looking at the ecstasy Say.

For some reason, when the ecstasy heard the words of the hag, his handsome face suddenly became extremely ugly.

At the same time, even the whole body exudes very strong hostility.

The ghost woman sensed the hostility of the ecstasy, but she didn't care at all, and continued: "Hey... I didn't expect my old woman to guess it."

"It turns out that you are the son of the four major families, far from the Western Situ family." The ghost woman in front of me suddenly laughed.

what?

The ecstasy is the eldest grandson of the four major families, Situ family?

Really? Still fake?

"No wonder, your appearance is so handsome... It seems that more than twenty years ago, the scholar in Yumian didn't call it for nothing." Only the ghost mother said again.

After the hag uttered these words, the ecstasy made a terrible breath all over her body.

"Have you said enough?" He suddenly looked at the hag woman with cold eyes.

As if ready to do it at any time.

The ghost woman next to her smiled sternly: "Okay, okay, I won't say it...I already know what I should know anyway."

After the hag had finished speaking, the ecstasy slowly tried to calm herself down.

But in his mind? Can he calm down!

Not bad!

His is the eldest grandson of the four major families, the patriarch of the Situ family.

It was also the one who was recognized as the most promising candidate to inherit the position of the clan leader among the Situ family, but it was a pity that he abandoned everything for a woman.

If time can go back more than twenty years ago, then all the scenes will all reappear...

Twenty years ago, the Situ family was far in the West...Although it was called the four major families with the three families of Ouyang, Duanmu, and Yuwen, it was because the Situ family rarely came to the Central Plains, and because the family had so many rules. , So rarely contact with the other three families. But everyone knows that the Situ family is a family that cannot be ignored.

The head of the Situ family, his name is: Situ Xuan.

More than 20 years ago, due to a major change, Situ Xuan's favorite little girl disappeared for no reason. At that time, her little daughter was playing in the back garden, but then suddenly disappeared. No one knew about Situ Xuan's little daughter. Why did she disappear, and I don't know how she disappeared, but at that time there was a terrible legend circulating in the West. They said that an extremely terrible organization had been abducting those children, and also keeping these children away. They were sent to a place far away, and then they began to conduct devilish training, trained them to be killers, and then worked for that international organization... This disappearance became a permanent regret. Until now, Situ Xuan still missed his baby. Girl, he doesn't know if his daughter is alive or dead, but more than 20 years have passed... Maybe he already believed that daughter was dead in his heart.

Situ Xuan set up a memorial arch for his little daughter, dedicated to the family spiritual seat.

In addition to the big event of the Situ family, the outsiders also know another big event, that is, his biological son committed adultery with his wife.

This can be said to be a great shame in Situ Xuan's life.

It turns out that Situ Xuan's original wife died in depression after the disappearance of the young girl. Many years after his wife died, he later married a young and beautiful maidservant, but he did not expect that the maidservant was himself. Son's favorite woman. And his son is the ecstasy in front of him.

Because Situ Xuan didn't know this situation, he married the girl. Later, in an accident, he saw his son and his wife hugging him together.

He later learned that the wife he married was the one his son liked.

After the incident spread, the girl committed suicide by throwing himself into the well, and Situ Xuan's son Yumian Shusheng had no face to return to the family...So from then on, Yumian Shusheng has messed around the world, and the famous Situ family leader What? Not only did he lose his young daughter when he was young, but now he also lost his dearest son... He is still sad

Who can imagine that the ecstasy who is now in the center of the gate of **** like a viper, and murderous like hemp, will be the jade face scholar 20 years ago? The son of the Situ family?

This would be when the shocking truth came out, the twin old ghost laughed hehe.

Only the ecstasy makes my mind remember this endless sad past.

Some people say: There are many mundane things and a lot of pain. It seems that this is not false.

Having said that, let's say that after the Ecstasy took off his black mask, the inspection vehicle of the army in front was approaching them.

I saw the four soldiers in front with cold black guns in their hands pointing to their vehicles and saying, "You guys, come here."

Ouyang Longyan in the car glanced at the ecstasy in front of him.

But seeing Ecstasy nodded silently, and then their Freelander 2 Land Rover drove past slowly.

Chapter 1003: Cruel slaughter

When they came over, the two soldiers in the front of them in camouflage uniforms walked towards them.

It can be seen from their epaulettes that these soldiers are: soldiers of the North China Field Army.

Because the location of Binjiang City and the North China Field Army is only more than 20 miles away, there will be soldiers from the North China Field Army Command here, which is not enough.

After the two soldiers with cold guns in the front came over, they pointed at Ouyang Longyan in front of him and said coldly, "You go there?"

Ouyang Longyan replied: "Go to Binjiang City."

"What did you come to Binjiang City for?" the soldier asked again.

"Come back home."

"Are you from Binjiang City?"

"Yes."

After questioning the soldier in front of him, a pair of eyes glanced in the car.

He looked at the ecstasy beside him, then looked at the old twin ghosts behind.

The twin old ghosts at this time are like a pair of grandparents, but seeing the ghost mother-in-law is holding the devil dotingly in her arms, the devil is like a urchin, with one hand in her mouth, blinking round Dudu eyes looked at the soldier in front of him.

"Who are these two of you?" Suddenly one of the soldiers pointed at the twin old ghost and asked.

Just listen to Ouyang Longyan hurriedly said: "That's my mother and my children."

He actually said that the hag was the fuck? That devil is his child?

As soon as he said this, the devil almost laughed.

But when the soldier saw an old lady and a child, he didn't feel curious.

So he waved his hand slightly and said, "Okay, okay, you can pass."

They were ready to let go.

Then Ouyang Longyan and the ecstasy in the car, and the twin old ghosts, when they heard these soldiers finally say they want to let go, they let out a sigh of relief, and then slowly drove the car to the front. go with.....

They thought they were out of danger, but they never expected that when the car had just driven a few meters away, they would suddenly hear the soldiers behind them suddenly shouting, "Stop!"

"Stop first."

When I saw the soldiers chasing and shouting to stop them from the rear mirror, Ouyang Longyan's face suddenly changed.

Could it be that they have been spotted?

"What to do?" Ouyang Longyan suddenly asked coldly.

The twin old ghosts behind that suddenly turned cold and fierce.

"kill."

A terrible word came out of her mouth.

Have they really been spotted at the gate of hell? Do not! Actually no... It turns out that this highway was blocked for inspection because the commander-in-chief of the North China Field Military Command was about to pass here, so this is a routine matter, and now these soldiers behind are coming to stop the vehicle in front of you. The car, it's all because the commander-in-chief's convoy is about to drive over... so the soldiers just want to temporarily let their cars wait for a while. But Ouyang Longyan and the others didn't know the situation, they thought these soldiers had already seen the clues.

So when the ghost mother-in-law's "kill" character was exited, the devil suddenly jumped to the position of the car window, and a terrible light of killing appeared in his innocent eyes.

And here Ouyang Longyan did not completely stop.

The soldiers in front, after seeing their cars were called, were still not stopping, they wanted to stop them.

"Hey, did you hear that? Let you stop!"

Three of the soldiers who rushed over said coldly to Ouyang Longyan who was driving in front of him.

But as soon as their words were uttered, Ouyang Longyan suddenly moved one hand.

Then a cold hissing sound wiped towards the soldier's neck.

As soon as the cold light came out, the soldier's whole body suddenly began to spasm... and then his neck covered with both hands began to bleed...

The body suddenly fell to the ground and died!

In this way, Ouyang Longyan cut his throat with a sword.

After one of the soldiers was killed all at once, the two closest soldiers were stunned.

Then suddenly screamed...

"shot....."

"They killed our brother."

A roar screamed from the soldiers in front of them.

Then they saw them quickly picking up the automatic rifle in their arms and preparing to shoot.

But when their fingers touched the automatic rifle in their arms, a small figure suddenly flew out of the car window.

Then the whole little figure suddenly rode to the head of the one closest to the car...

Devils.

The devil has taken action.

But seeing that his white and tender hands no longer know when a black red blade has been added, before the soldier understands what happened, the black tooth blade has been pierced fiercely.

Above his neck.

puff

Scarlet blood spurted out and got on the devil's body.

The soldier screamed, killing him immediately.

The devil smiled strangely, kicked the soldier who was killed in front of him, and attacked the other soldier again like an electric shot.

The soldier's face turned blue in fright, and the automatic rifle in his hand hurriedly fired.

Suddenly the sound of gunfire rang out.

But his bullet seemed not as fast as that devil's figure.

All the bullets were shot at the back, and the devil was not hit at all.

Just after all of his rounds of bullets were empty, the figure of the devil suddenly came to him, and then the tooth blade in his hand slammed into his stomach, even his white and tender little hand was stuffed in. Inside the soldier's belly.

what

A sorrowful cry came from the soldier's mouth.

His blood, as well as the intestines in his stomach, were completely hooked out by the black and terrifying tooth blade.

So cruel.

Death is so ugly.

What a cruel devil.

After the devil brutally killed the two soldiers in front of him at once, then Ouyang Longyan was already driving in his car to escape.

At the same time, the soldiers behind had ran over in panic, and the guns in their hands had begun to shoot at their cars.

The gunshots of tuk tuk sounded crisply on the vast highway.

"Come in quickly." Just listen to Ouyang Longyan shouting to the devil there.

A cruel smile appeared on the corner of Guizi's mouth, and then the young body was stretched, like a leather ball, into the Land Rover.

Then just after he got into the Land Rover, Ouyang Longyan stepped on the gas pedal, and the Land Rover roared, and started to drive towards the distance with extreme speed.

Chapter 1004: anger

Some of the bullets from the back hit the glass window, and some hit the side of the car, making a ping-pong-pong sound.

The most tragic is Li Tian behind.

Li Tian didn't know what happened outside, let alone what was going on.

But he heard gunshots, especially two bullets grazed his body and shot into the trunk of the car.

If it were not for Li Tianming, it is estimated that those two blind bullets would really kill him.

Now he is just depressed in the trunk of the car: What the **** is this guy doing? Who on earth did you fight with?

However, the Land Rover that left the highway was driving fast.

Although the soldiers of the North China Field Military Region are still chasing after them, they are farther and farther away.

Inside the car, but he saw the devil's hands full of blood, and his two white and tender arms were covered with scarlet blood.

At this moment, I was wiping it slightly with the white handkerchief, and the crazy and hot killing in my eyes seemed to have not disappeared.

This Land Rover drove quickly toward the center of Binjiang City.

On the highway, but see the far away military Hummer convoy driving there.

There are also two Type 99 main battle tanks driving there like steel beasts.

The military personnel of this squad were not inspecting, let alone inspecting, but the army of the commander-in-chief of the North China Field Army drove toward here mightily.

Inside the Hummer fleet in the middle, a calm voice suddenly rang.

"Commander... gunshots."

As this voice sounded, but seeing an ensign-level steel soldier with two bars and one star on his shoulders facing him, the tall and mighty man said, and at the same time he let out a tiger-like eye. Looking at the place ahead coldly.

The man called the commander by his side?

What kind of man is it?

Look carefully, it is an old man over 60 years old.

He is dressed in military uniform, and his tall and burly figure is like a mountain, a mountain that people will always look up to.

He has a face with Chinese characters, and under his thickened black eyebrows are eyes that are more determined than steel. Although his face already has the ancient wrinkles of the vicissitudes of life, it is still difficult to hide his towering and resolute expression.

In those eyes, you will never see the word yield.

There are a little white hair on the temples, unable to hide the traces of the years.

He is old.

Although he is old, he is still heroic.

The first feeling the whole person gives is the majestic and domineering feeling of being bowed. commander.

A well-known commander-in-chief of the North China Field Army with countless military exploits. Mu Yunlong, Commander Mu.

After Mu Yunlong heard the words of the guard company commander beside him, a cold expression suddenly appeared on his steel-like face.

"Gunshots? How come there are gunshots?" The words of Commander Mu suddenly asked in the Hummer. ,

The man with the rank of second lieutenant with two bars and one star on his shoulders replied, "I don't know."

"Pass the order on, go ahead at full speed."

"I want to know what happened before." Commander Mu said in a majestic voice.

The company commander of the guard next to him said: Yes.

Then he ordered to go down, and the whole army moved forward at speed.

The mighty Hummer fleet also drove forward quickly.

The commander-in-chief of the North China Field Military Region is here.

After the order was passed down, the first two Type 99 main battle tanks that went head-to-head like tigers hummed forward.

The Hummer fleet in the middle also followed closely one by one.

Inside another Hummer military vehicle on one side, but Na Mu Shuiyao was sitting there.

The beautiful Mu Shuiyao is indeed the most beautiful military flower in the North China Field Army.

Not only has a family with a strong red background, but also a charming woman.

She seemed to be with that girl, Nini, forever.

Although she is only 1617 years old, she is already slim, slender and tall, she is completely beautiful.

Are they looking for Li Tian? Why did you get here?

It turns out that after Mu Shuiyao and Nini arrived in Jinghai City, they did not find any clues to Li Tian, so they came back...The soldiers outside were still looking for Li Tian's traces...

When the gunfire sounded over there just now, of course Mu Shuiyao also heard it.

At this moment, Liu's eyebrows were not only slightly frowned, but a light green military uniform was worn on her plump and beautiful body, which looked even more beautiful.

"How come there are gunshots? Could it be that something happened before?" Mu Shuiyao suddenly frowned and said softly.

Nini, the girl next to her, blinked her black eyes and looked up at Mu Shuiyao in front of him and asked, "Aunt, what's the matter?"

Na Mu Shuiyao shook her head slightly.

"It's okay..."

At this moment, the Hummer fleet, led by the two Type 99 main battle tanks, has reached the front.

But seeing the place in front, a team of soldiers was standing erect there, and several doctors in white coats hurriedly dealt with the corpses on the ground.

The officer over there who just got out of the off-road military vehicle is a man of medium build.

After the bronze skin got out of the car, the soldiers next to him quickly saluted.

"brigadier!"

It turned out that this person was the brigade commander of the 38th Group Army of the North China Field Army Military Region. His surname was Wang and his name was Wang Zhen.

After Brigadier Wang Zhen got out of the car, his face became ugly for an instant, because at a glance he saw the three soldiers' corpses covered with three white corpse cloths, and there was still blood on the ground.

"What's going on? What happened?" Wang Zhen roared after he quickly jumped off the off-road military vehicle.

The soldiers hurriedly replied: "Report to the brigade commander that our three brothers were killed by a mysterious character in a Land Rover vehicle that just broke through."

"what?"

"How dare you slaughter my 38th brigade soldiers in broad daylight?" Wang Zhen almost jumped up when he heard this.

The flame of anger emanating from his eyes seemed to want to eat people.

"Are you all a bunch of rubbish? So many people can't even stop a car?" Wang Zhen yelled at his soldiers there.

Those who served as soldiers did feel useless.

Who are the soldiers of the North China Field Military Command afraid of the country? Who dares to mess with?

But now the three brothers have been killed in a fair manner, and they have escaped. How can this not make them feel aggrieved?

Scolded by their own brigade commander, all of them bowed their heads, and they dared not speak alone.

Brigadier Wang Zhen's face was extremely ugly at this moment, even his nose was full of roughness.

A person who looked like a political commissar next to him said: "Brigadier Wang, the commander's motorcade is here."

Chapter 1005: Sturdy commander-in-chief

As he said, but seeing the front, we can already see the sturdy military convoy approaching here.

After Wang Zhen saw the army convoy like a long dragon, he immediately tidied up his military uniform.

"Go, go to meet the commander-in-chief,"

The political commissar next to him slightly pulled Wang Zhen with his hand: "Brigade commander, but if these three bodies were seen by the commander... I'm afraid... I'm afraid it's not very good."

Wang Zhen lifted his ugly face and glanced at the three soldiers' bodies on the ground, then snorted and said, "You are right."

"But you have to know, if this matter is kept from the commander, once let him know afterwards, don't talk about you or me, I am afraid that even our teacher will be directly scolded." Wang Zhendao said. ,

Hearing what Wang Zhen said, the political commissar could only nod his head.

The two of them led a group of soldiers behind them and quickly walked towards the mighty army cart in front.

The army vehicle over there has arrived here, and as the roar of the vehicle went out, Wang Zhen shouted.

"salute!"

Then all the people in the whole army stood up straight and saluted the military salute, staring at the front Hummer military vehicles.

The sturdy Hummer military vehicle opened slowly at this moment.

Then he saw his sturdy and wild posture.

Mu Yunlong!

Mu Yunlong, commander-in-chief of the dignified North China Field Army.

Mu Yunlong, dressed in a uniform, was full of vigorous power...Although the years had eroded his appearance, it was still difficult to conceal the domineering aura on his body.

After Commander Mu got off the car, the whole army saluted, and the scene was spectacular.

Following Commander Mu is two chiefs of staff, a division commander, and many officers at the colonel level.

The man closest to Commander Mu is the company commander of the guards next to him, or it can be said that he is the personal bodyguard next to Commander Mu.

Macho, Opteron.

A fierce man who won the free fight championship in the North China Field Army for three consecutive times.

A tiger man who used to blade more than 400 catties of wild boar in the wild wolf mountain.

His stature is medium, but extremely strong, his dull expression is comparable to that of Duguxie, he rarely speaks, and his eyes are like eagles fighting the sky. They are sharp and venomous. When they look at people, they have a look. The strange feeling of being seen through three points.

This kind of person may not be the protagonist in life for a lifetime, but they are an indispensable supporting role in life. This kind of person tends to just do things without talking.

What they should do, they will do it!

What they shouldn't do, they will definitely not do it.

"Commander-in-chief, Wang Zhen of the 38th Army will report to you." Wang Zhen, who was running quickly, and the political commissar behind them all said with respect to the military salute.

Mu Yunlong glanced at him for a while, waved slightly, motioned him to put it down, and then put his majestic eyes on the three corpses in front of him and said: "Wang Zhen, what's going on over there?"

Asking simple questions, but with a sense of unstoppable majesty like a mountain.

Wang Zhen's scalp was a little numb, but he quickly replied, "Report to the commander...these are the three soldiers I just died."

"What?" Mu Yunlong's face suddenly became ugly. ,

The large colonel officers and the division commanders behind them all turned ugly in an instant.

Everyone knows that Commander Mu's favorite soldiers... But now it is said that three soldiers died here? How can this not make the officers behind them feel ugly?

So Wang Zhen hurriedly explained what had happened just now to the 15th and 10th.

After Wang Zhen just finished speaking, the old commander Mu suddenly roared: "Wang Zhen, you bastard!"

After speaking, he violently pulled out his black pistol from his waist.

"Do you believe that I killed you on the spot?"

"You can't even protect your soldiers? And you're still being killed in broad daylight? How did you become a brigade commander?"

Roaring Mu Yunlong held the cold gun in his hand and pointed at the head of the 38th brigade commander in front of him.

Then Wang Zhen suddenly showed cold sweat on his face.

He knew that if the commander-in-chief was really angry, let alone shooting him a brigade commander, I am afraid that even if his commander came, Commander Mu dared to point a gun at his head.

When Mu Yunlong pulled out his gun and pointed it at Wang Zhentou, the colonel behind him and the division commander hurried over to dissuade the commander-in-chief.

"Commander-in-chief... Let's check what happened first."

"Yes, Commander-in-Chief, Brigadier Wang Zhen has just arrived here after all, just like us..."

...

Hearing that the officers around him were interceding for Brigadier Wang Zhen, Mu Yunlong made a muffled mouth, and his face was extremely angry, and he immediately stuffed the gun into his arms.

Pointing at Wang Zhen in front of him, he said, "Wang Zhen, let me tell you... If you don't quickly find out who the killer of our soldiers is?"

"Tomorrow you will roll up my bed and leave."

Listening to Commander Mu's awesome words, Wang Zhenjing said in military salute: "Yes!"

His face was sweaty, and even the soldiers behind him looked extremely ugly, but no one dared to speak or step forward.

Three soldiers died.

And he died on the road of the commander-in-chief team today. How can this not make Mu Yunlong angry?

If this matter is to be spread out, then where will the face of the entire North China Field Military Region be put?

That's why the old commander Mu was so angry.

After the commander of the 38th brigade was severely insulted, seeing the company commander of the guard next to the commander-in-chief, the fierce Opteron walked towards the corpse step by step.

After reaching the corpse, he reached out and lifted the white shroud in front of him.

He had come to check the wound.

When he saw the wound on the neck of the first soldier, the face of Wang Long suddenly became weird, and then he quickly went to look at the second body...and then at the third body.

After looking at the three corpses, he stood up with a weird expression, and then walked towards Musling with vigorous steps.

"Commander, I just checked the wounds of the three dead soldiers... I found that their deaths were definitely killed by masters of the rivers and lakes."

"One uses a sword, a very sharp sword."

"The other two seem to have pierced into the body with a toothed blade..."

"The opponent's tactics are vicious and kill with one move. It is definitely a master of the masters." With a cold face, Hao Long told Mu Yunlong in front of him what he had seen.

Mu Yunlong's face was angry and ugly after listening.

Chapter 1006: The impossible

"No matter who he is! I want you to find out those **** for me as soon as possible..."

"In broad daylight, I dare to openly kill my soldiers from the North China Field Army... I want them to pay compensation one by one."

"Aunt, what's wrong over there?"

Nini, who was standing next to the Hummer, blinked her beautiful eyes and looked at the situation there and asked.

Mu Shuiyao glanced lightly, then turned to Nini next to her and said, "It's a matter for adults."

"Oh..." Nini looked slightly dissatisfied on her face.

In her heart, she was already an adult, but what about the aunt? Why do you always treat yourself as a child? This made her very dissatisfied.

But when Mu Shuiyao's beautiful eyes were looking at the situation there, a strange change appeared on her pretty face.

Binjiang City.

A city near the coast.

I was in a commercial hotel in Binjiang City, but I saw that Land Rover full of bullet holes drove toward the parking lot.

This car is undoubtedly the car of the gatekeeper of hell.

After getting off the bus, they went to this commercial hotel.

After opening a few rooms, they took that Li Tian and walked towards the commercial building.

After arriving in the room, they immediately threw the "frozen" Li Tian on the ground.

Li Tianyan pretended to be himself. In fact, during this period of time, Li Tian had already broken through the bones of his upper body, and even the bones of his lower body was about to be rushed away by him. Although Yin Shao possessed his body was very vicious, but Li Tian has been able to

get through his body since After the profound door of life and death, the inner strength is of course not the same.

The constant energy flowing out of the body has already dissolved the evil spirit of the body.

Now he just pretended to be himself, pretending to be in a coma.

After the twin old ghosts, Ouyang Longyan and the ecstasy made them come in, they took the lead to sit in the room to rest.

Two days of rushing did make them a little tired.

But I saw the Ecstasy sitting there, his face had been put on a black mask again, only a pair of eyes were showing there blinking as if worried about something.

"Who is from that army today?"

Suddenly, I just listened to the ghost mother over there asking.

After she asked, she only listened to Ouyang Longyan over there slowly saying: "It should be a soldier of the North China Field Army."

"We are currently in Binjiang City, only a few miles away from the general station of the North China Field Military Region, so I guess it should be their soldiers."

Hearing Ouyang Longyan in front of him say this, the ghost woman frowned slightly: "A soldier of the North China Field Army?"

"It looks like we have gotten into a thorn." She said grimly.

Yes, the reputation of the North China Field Army in the outside world is very impressive.

In particular, the prestige of Commander Mu is even a famous stubborn old general in the surrounding provinces, so this hag has an ugly look on her face at the moment.

The devil suddenly smiled and said, "Since he is a thorn, let's not provoke him."

"This place is so close to the North China Field Military Region, I think it's best to leave this place as soon as possible... After all, if we get into trouble with the army, it won't be good." The devil's tender voice rang.

After he finished speaking, the hag woman also appeared very agree.

Although they are very powerful, they are all top-notch masters, but mentioning the name of the North China Field Army still makes them feel lingering.

After all, even if they are better? Is it still possible to fight the army?

So after nodding, the ghost woman said to Ouyang Longyan: "The kid with a sword scar on his face, go out and inquire about it. If there are no special circumstances, let's leave here at night."

Ouyang Longyan heard the ghost mother say so, although she was furious in her heart, but she didn't speak, she stood up abruptly, and then strode outside.

The twin old ghosts were left with a grinning grin.

"Go and see if that kid is dead?" Only when the ghost mother suddenly remembered Li Tian said.

Guizi nodded quickly, and then walked to Li Tian over there.

When Gululu's eyes looked at Li Tian, he was suddenly surprised.

"Hey, why is there less and less ice on this kid?" He suddenly said strangely.

He looked at Li Tian in front of him with a very different face and said.

When the ghost mother heard the devil say this, she hurriedly stood up, and at the same time the ecstasy next to her came quickly and looked at Li Tian who was lying motionless on the ground.

"What's going on? Could it be that Yin Shao possessing the body doesn't work?" Ecstasy said cautiously.

As the ecstasy said so, the hag woman bent over to check Li Tian's pulse,

That Li Tian was pretending to be frozen. At this moment, he felt that the hag came to check his pulse. He quickly exercised his body's inner strength, and then blocked the flow of his own pulse...The already smooth body followed Li Tian's luck gradually became weak and weak under the finger of Granny Ghost.

After touching Li Tian's weak pulse in front of her, the ghost woman smiled darkly.

"Don't worry, he won't be in a situation. He has a very weak and weak pulse...maybe soon he will be frozen to death alive." The ghost mother said with a strange smile.

Hearing what the ghost woman said, the devil let go, stretched out a little foot, and kicked Li Tian fiercely.

"This **** bastard." He cursed viciously in his eyes.

The ecstasy on one side asked, "Ghost, but how do you see that there is less and less ice on his body?"

"Could the Yin Shao possession in his body stop working?" The Ecstasy was still the most cautious.

But seeing the ghost mother-in-law, she shook her head slightly and said with a weird smile: "No!"

"I have detected that his pulse is very weak."

"Although I am also very surprised that the ice layer on his body will become less and less, but it is absolutely impossible for a person who has been possessed by my Yin Shao to break through the frozen body, even a first-class master cannot remove it, unless His inner strength has reached the point of shocking the world."

After hearing the hag woman say so confidently again, the ecstasy nodded in relief.

Although he knew there were weird changes in Cthulhu's son, he still knew with certainty that Li Tian couldn't reach that level.

How could his inner strength become such horror in a short time?

Not to mention normal people, even those old demons who have been famous for many years may not be able to break through Yin Shao's possession, let alone the current Li Tian?

So Ecstasy felt that his worry was a bit redundant, so he came back and sat there peacefully.

Chapter 1007: Mu Yunlong

After the suspicion of the ecstasy and the hag was dispelled, the pretending Li Tian finally breathed a sigh of relief.

If he hadn't used his ingenuity cleverly to block his pulse, the consequences would be really hard to imagine.

We must know that although Li Tian said that his upper body has been completely active, there are still obstacles to his lower body movement.

The Yin Shao possessed his body still freezing his feet.

If at this moment the twin old ghost and the ecstasy find that he is strange, then all Li Tian has done has been abandoned.

So overall Li Tian is quite lucky.

About two hours later, Ouyang Longyan came back.

After coming back, his face was weird and ugly, as if something big had happened.

"Can't go."

This is the first sentence from Ouyang Longyan.

When he suddenly uttered such a sentence in his cold mouth, the twin old ghost and the ecstasy over there not only turned their heads weirdly together, looking at Ouyang Longyan in front of them.

"What's the matter? What's the matter?" Only the ghost mother asked.

Ouyang Longyan said: "People from the North China Field Army outside have completely blocked all traffic intersections... Whether it is the station, the airport, or the exit of the highway, there are now military personnel guarding there..."

"Moreover, there are a lot of troops in Binjiang City, tracking our whereabouts."

Listening to Ouyang Longyan's words, the hagma and the ecstasy by her side suddenly frowned.

It seems that they are really provoking roles that shouldn't be provoked.

"It seems impossible to leave Binjiang City at the moment." The Ecstasy suddenly sighed.

"What are you afraid of?"

"If you can't live without, let's stay here first... Could it be said that we can still be caught by those army men?" The devil said suddenly there.

Ouyang Longyan and Ecstasy didn't say much in front of them.

The ghost woman thought for a while and said, "Since we can't leave now, let's just stay here..."

"When we can leave, let's leave here again."

"In the huge city of Binjiang, I still don't believe they can really find us."

After the hag said so, Ouyang Longyan and the Ecstasy both nodded slowly and agreed.

On the other hand, Li Tian, who pretended to be confused, listened to all their words word by word in his ears.

Secretly: It seems that the people at the gate of **** just now provoked people from the army.

And it is a member of the North China Field Army.

North China Field Army? North China Field Army?

When Li Tian heard these five words suddenly, his mind bounced instantly, as if exploded.

"Grandpa?"

This was the first word he thought of in his first instinct.

Yes.

His grandfather was the commander-in-chief of the North China Field Army Military Region, but the Duguxie and the ghost servant told him this.

He also told him about the friction between his father, mother and grandpa.

When thinking of this, Li Tian couldn't help getting excited.

Although he never knew there was such a grandfather, he didn't know who his grandpa really was? But there was a concern and a miss in his heart.

After all, it was his relatives.

But a weird thought suddenly emerged from Li Tian's mind.

"Listening to that Duguxie said, my grandfather seems to hate his parents... Regarding the marriage of his parents, grandpa insisted on rejecting it back then..."

Thinking of this, Li Tian's heart became confused.

He doesn't know whether his grandfather will know that there is a grandson like him? I don't know if this grandpa really sees him, will he be pleased?

If he still carries the hatred of the year, what can he do?

The messy inner heart made Li Tian feel more and more irritable. His motivation to accumulate physical energy to break through his body was also completely gone at this moment.

I thought about these messy things in my heart like that.

In Binjiang City, the major transportation hubs are now firmly controlled by the North China Field Army.

Even in the morning, the director of the Transportation Bureau personally received a call from a person from the North China Field Army Military Region, telling him that all outgoing traffic is now under the supervision of the North China Field Army.

Of course, the director of the Transportation Bureau did not dare to speak, and could only do things according to the military's statement.

The entire Binjiang City is now the most stringent period of entry and exit. Every vehicle that leads to other provinces and cities must go through a rigorous search before passing.

Although most of the citizens of Binjiang City did not know why the army suddenly stationed in Binjiang City, they could all feel that something major might have happened this time.

Not only those traffic intersections were tightly blocked, but even the usual downtown areas were also being searched by the army.

The soldiers of the North China Field Army were searching there with real guns and live ammunition.

They are looking for people, those who are bold enough to kill the North China Field Army as soldiers.

Inside Binjiang International Commercial Building Hotel.

Outside the gate that used to be full of waiters and ceremonial ladies, at this moment, all the people standing were soldiers.

Everyone stood with their heads high and chest tall, sassy and heroic, standing there with their black and cold guns in their hands.

This international commercial hotel has been requisitioned by people from the North China Field Army.

There was no one in the entire building except for the military.

At this moment, I saw two beautiful and moving figures coming from a distance.

Look carefully, these two people are Mu Shuiyao, and the little girl Nini beside him.

Behind them was a major-level staff officer.

The three of them walked quickly into the international commercial building and walked towards the elevator in front.

"Which floor is the commander?"

Mu Shuiyao asked softly.

Although Mu Yunlong is his father, she still uses the title of commander in the army.

The soldier standing on both sides of the elevator immediately saluted and replied: "Report, the commander is currently resting on the 18th floor."

"Okay, I get it now."

After Mu Shuiyao responded gently, she quickly stepped onto the elevator, and Nini followed in.

In the elevator, but seeing Mu Shuiyao frowned slightly, thinking about it.

Next to Nini, while playing with her mobile phone, she blinked her beautiful eyes and looked at Mu Shuiyao and said, "Auntie, in our army, is there really someone dead?"

Mu Shuiyao nodded when Nini said so, and made a soft "um" in his mouth.

"Really bold... even the soldiers of our North China Field Army dare to kill..."

"Who is it? So fatal?" Nini continued to ask.

Mu Shuiyao's complexion became a little ugly and shook her head there.

Chapter 1008: worry

"I don't know yet."

"But I believe that they will all be caught soon."

Nini said: "Yes."

"The other party is too bold."

"I think Grandpa Mu must be very angry." Nini said.

Mu Shuiyao sighed softly and looked at Nini.

"Nini, I will see you Grandpa Mu later, but don't talk nonsense. Grandpa Mu is in a bad mood now." Mu Shuiyao reminded Nini.

Nini nodded, revealing a pair of shallow beautiful dimples and said: "Don't worry, aunt."

They had already walked quickly towards the 18th floor.

After the clear sound of the elevator ding-dong, they got out of the elevator, and all the soldiers in this corridor were all soldiers.

Mu Shuiyao and Nini glanced at both ends of the corridor and saw the middle room.

Then he walked over quickly.

At the door, the guard saluted first.

"I'm looking for the commander-in-chief." Only Mu Shuiyao said to the guard.

The guard stood up and said: Yes!

Then he went in to report, and then walked out quickly.

"Commander, please."

Then the door opened gently, and as the door opened, he saw Mu Yunlong in a military green uniform. Commander Mu was sitting motionless.

Standing beside him were the commander of the 49th Division and two chiefs of staff.

"Commander, Master Li." Mu Shuiyao saluted after walking in.

Mu Yunlong glanced at his daughter and waved his hand slightly. The Master Li next to him also smiled and said, "Miss Mu is here."

"Shui Yao, you and Nini sit on one side for a while." Mu Yunlong looked up at Mu Shuiyao and said.

Mu Shuiyao nodded quickly, then took Nini next to him to the side and sat quietly.

Mu Yunlong here is discussing matters with a teacher and a staff officer around him.

"Well, let's arrange it like this." Just listen to Mu Yunlong talking to them there.

The teacher surnamed Li smiled and nodded, and then said: "Okay, then we'll go out first and don't disturb the commander."

Mu Yunlong also nodded.

Then the teacher surnamed Li and the two staff officers next to him turned around and said with a smile to Mu Shuiyao: "Miss Mu... let's go first."

"Okay, Master Li, goodbye."

After the Master Li and the two staff members around him left, then Mu Yunlong slowly turned his majestic face.

"Nini, come here soon... let Grandpa see you." Mu Yunlong suddenly transformed from the majestic commander just now into a kind grandpa.

Na Nini ran over with a smile and sat next to Mr. Mu Yunlong.

Mu Yunlong kindly took Nini's arm and said: "Nini, have you missed me, grandpa during this time?"

Nini said: "Of course I did."

"The thing I miss most is Grandpa Mu."

Mu Yunlong suddenly laughed.

"Little girl, my mouth is so sweet."

Nini blushed and said, "Is what people tell the truth!"

"Okay, okay, okay! Grandpa likes to hear Nini tell the truth."

...

Mu Shuiyao here also slowly walked over and sat opposite Mu Yunlong.

"Dad, who is the killer to our soldiers today?" Mu Shuiyao sat there and asked.

Hearing Mu Shuiyao's question, Mu Yunlong's expression in front of him slackened a little, and he, who had kindly held Nini's arm, gently sent it away.

With an ugly face, he said, "I haven't found it yet."

"However, I will let those frantic things pay off with blood." Mu Yunlong suddenly roared.

Mu Shuiyao nodded.

"Shui Yao, how's the situation on your side?" Mu Yunlong in front of him suddenly looked at that Mu Shuiyao and asked.

what's the situation?

When Mu Shuiyao heard Mu Yunlong say this, her pretty face changed slightly.

"Dad, we interrupted the news about him again."

"Hey, after I arrived in Jinghai City, the Ouyang family member did say that he had seen him... and that he had lived there for a while, but now he has nowhere to go."

Listening to Mu Shuiyao's words, Mu Yunlong wondered why his tall body suddenly trembled slightly.

"That...that...can't find it again?" Mu Yunlong said suddenly.

Mu Shuiyao looked at her elderly father and said, "Dad, don't worry, I will find him."

"Now he has come out... and I heard that there is the person who was once called the evil sword, and two people like the ghost servant are protecting... I believe he will be fine." Mu Shuiyao said.

Mu Yunlong didn't speak, his two broad hands were tightly tangled together.

Who are they talking about?

Could it be that the person mentioned is Li Tian.

Yes, it is indeed Li Tian.

Although Mu Yunlong hated the evil ***** back then, because of the evil ***** back then, even his daughter was harmed by those evil men... but that Li Tian is his grandson after all.

How could he not want to see his grandson?

"I only hope to see him in my lifetime!" Mu Yunlong suddenly smiled bitterly.

"For so many years... Hey, for so many years, I have been unable to let go of the trouble in my heart. I hate that person, hate him, but the child is innocent after all..."

"I heard that this child has been lonely and helpless for so many years, right?" Mu Yunlong suddenly looked at Mu Shuiyao beside him with pain in his eyes.

Just listen to Mu Shuiyao: "Yeah."

"People from the Ouyang family told me that Li Tian just knew his life experience... In fact, he didn't know who his parents were for so many years? I heard that he had been living and growing up in a small remote county called Liaocheng. ... When he left Liao Cheng to work outside, he slowly discovered his own life experience."

Listening to Mu Shuiyao talking about Li Tian's past, Mu Yunlong's tall body trembled slightly.

"This child is suffering."

Mu Shuiyao also sighed softly.

"Dad, you don't have to worry about him, I promise you, I will find him as soon as possible, and then bring him to you."

Mu Yunlong looked up into the distance.

"I'm not worried about him... I'm just afraid that he is in danger."

"Danger?"

"What do you mean?" Mu Shuiyao was puzzled.

Mu Yunlong said: "Think about it, how many people in the world that evil ***** offended more than 20 years ago... and don't forget, those masters who slaughtered them 20 years ago..."

"Although these people are no longer visible, they are still alive. Now the son of the evil ***** has come out, and the reputation has spread throughout the world. Think about it, can those people let him go?"

Chapter 1009: search

Mu Shuiyao was stunned when he heard what Mu Yunlong said.

"Dad, do you mean, those people will attack Li Tian?"

"Yes, definitely."

Mu Yunlong said decisively.

"If that's the case, I think I have to find him as soon as possible." Mu Shuiyao thought for a while and said.

"At least after finding him and staying with us, those people dare not move him." Mu Shuiyao said again.

Mu Yunlong nodded: "Actually, this is what I think."

"Although I have never seen him for so many years... and never thought he was still alive... but now I think I should make up for my mistakes." Mu Yunlong said with emotion.

At this moment, Mr. Mu is still like the commander-in-chief Mu who eats tea. He is completely like an old man, an old man eager to see his relatives.

But does Li Tian know all this?

"You all get back first... I want to be alone," Mu Yunlong said slowly.

As he said so, Mu Shuiyao nodded.

Then he walked out with Nini beside her.

After they left, only Mu Yunlong was left in the empty room.

He slowly stood up that tall body, then walked to one side, walked to the side where he was hanging a military coat, and then slowly reached out from the inside, a delicate thing wrapped in a white handkerchief.

As he slowly opened the delicate handkerchief, he saw that it was wrapped in a transparent jadeite bracelet.

bracelet?

It turns out that this bracelet belonged to Li Tian's mother and Mu Wanqiu's favorite bracelet.

Because this bracelet was brought back by Mu Yunlong from abroad to give to his precious daughter.

Now, the bracelet is still there, but what about his daughter?

The years go by, the ups and downs...

All that was left was the crystal clear bracelet in his hand.

"What do I think is wrong with this kid?"

"I always think he seems to be getting better and better? The evil spirit of the body seems to be disappearing?"

In one room, the devil stared at the round black eyeballs and stared at the motionless Li Tiandao.

The hag on the other side laughed.

"My child, don't worry, don't you still believe in your mother-in-law's evil spirit... How can someone who has been caught in my evil spirit come back sober without three or five months of effort?" The ghost woman is confident Say.

The devil flew over and came to the hag's side.

"But I always have a bad feeling." Guizi said while looking at Li Tian.

The ghost woman stretched out her skinny hand and gently touched the devil's head and said, "My child, you are too worried..."

"He is like a living dead now, so you don't have to worry about it."

"Okay." The devil said finally.

Just as they were talking, they suddenly saw the ecstasy look rushing in from outside.

As soon as he ran in, he said with an extremely ugly face, "It's not good."

"What's the matter?" The devil and the hag in front of them raised Sen Han's eyes and placed them on the face of the ecstasy.

Just listen to the ecstasy: "The soldiers have searched here."

"Furthermore, according to the investigation, the search is quite rigorous, and no place will be missed." Ecstasy said.

Listening to the ecstasy, the devil and the hag's complexion also made a slight sudden change.

"Where are the people from the army now?" I heard the ghost woman hurriedly asked.

"It's under the building," said the Ecstasy.

Listening to the ecstasy talking about the emergency situation in this way, the ghost woman's gloomy face became full of terrifying killing intent.

"Don't worry..."

"We'll make a decision later depending on the situation. If we are really recognized by those soldiers... Then, we will do nothing and stop..." The hag made a murderous gesture.

The ecstasy in front of him can only nod his head.

But when the devil mentioned killing, his eyes glowed with hot light, as if he liked killing deep in his heart.

Below the building, I have indeed seen soldiers from the North China Field Army talking with the housekeeping manager of that building.

And the clerk at the front desk quickly took the room registration information sheet for the accommodation.

"This is the information of our current hotel accommodation personnel." I saw that the room manager of the commercial building in a gray suit smiled and passed a room registration information form in his hand to one of the soldiers.

The soldier reached out and took it, and then walked over to the man with piercing eyes on the far left.

"Report to the brigade commander, this is the information sheet of the building's accommodation personnel."

The man called the brigade commander was Wang Zhen and brigade commander Wang of the 38th Army.

Wang Zhen, who was scolded by the commander-in-chief himself, was extremely resentful. He resented those brave and despicable murderers, so he dared to attack the people of their North China Field Army?

So this will personally lead people to a rigorous search. He vowed to find the guys, and then he personally caught them and shot them.

But seeing that at this moment, Wang Zhen didn't even look at the room information sheet in his hand, and said coldly: "Search it for me!"

"Every box must be searched carefully for me... I must find those **** for me."

The soldiers who listened to Wang Zhen's order hurriedly said, "Yes!"

Then he quickly searched every room in the building.

No matter who lived in the building, they were all found out one by one, questioned carefully, and searched.

This has continued.

What about the characters at the gate of **** above? They live on the 16th floor. At this meeting, they have put the "still" Li Tianji in one of the big closets.

And the Ecstasy had already removed his black mask.

They waited, waiting for the army to search.

They hope to escape this disaster today, but can they really escape it?

A dozen soldiers with weapons in hand stood guarding downstairs, and those soldiers upstairs were also searching. If any clues were discovered, it must be a **** battle today. .

Li Tian was locked in the big closet. At this moment, his body moved slightly, and then a pair of eyes opened at the same time. He had already heard the conversation between the twin old ghosts and the ecstasy clearly. He now I also know that the army of the North China Military Region will search here soon.

What should I do now?

He couldn't help thinking in his heart.

Li Tian's body was full of evil spirits, his upper body was already fully movable, only his feet still felt a little numb...

Chapter 1010: False alarm

Those soldiers downstairs have already started searching on the 15th floor.

The current ecstasy can only bite the bullet to resist this scene. There is no way, the entire building is completely surrounded, and the soldiers are armed with real guns inside and outside. Even if they want to escape now, I'm afraid It is also in vain.

In the room, the twin old ghost's complexion was calm, but there was still a little ups and downs in his heart.

Ouyang Longyan and the ecstasy on one side are also sitting quietly, waiting...

Dong dong dong

The knock on the door finally came in.

At the moment when the knock on the door came in, the ecstasy in front of them, Ouyang Longyan and others all glanced at each other.

Then the ghost woman among the twin old ghosts suddenly winked at that Ouyang Longyan. Of course, Ouyang Longyan knew what it meant, so she went to open the door.

The door opened with a squeak following the movement of his fingers.

After opening it, I saw several soldiers rushing in.

There are 4 in total, all of which are green military uniforms. They carry a Type 811 7.62mm automatic rifle in their arms. After they come in, they scan the room with a cold eye.

"These comrades...what's the matter?" Just listen to the ghost woman coming over and asking with a smile on her face.

She pretends to be very similar, very alike, just like an ordinary old woman.

The devil next to him is more like a child, holding the hag's hand tightly, blinking a pair of dazzling eyes and looking at the soldiers in front of him.

However, the four soldiers who came in first carefully glanced at the twin old ghost, and found that there was no threat, then began to place their eyes on Ouyang Longyan and the Ecstasy.

"Where are you from? When did you live in this building?" Only one of the leading soldiers asked first.

I just heard the ghost woman hurriedly said: "We are from Jinghai City...just arrived in Binjiang City and came here to look for our relatives."

"Find relatives?"

"Your relatives are in Binjiang City? What relatives?" Only the soldiers continued to ask.

The ghost woman paused for a moment, and then said, "It's a younger sister from afar...her family is in Binjiang...so we come to see her this time."

The soldier took a close look at the hag, and suddenly a pair of eyes were placed on the Ecstasy and Ouyang Longyan.

"what about you?"

Ouyang Longyan also had an ecstasy that made his complexion a bit ugly, and the ghost woman winked at the two of them there.

The ecstasy suddenly squeezed out a smile on his face and said, "We too... just arrived in Binjiang City."

"Are they all just here?" A soldier felt a little suspicious, and his eyes looked carefully at the body of Ouyang Longyan and the Ecstasy.

"Yeah." The ecstasy said awkwardly.

"Do you know that the entire Binjiang City is now under martial law... and there is also the blatant murder of gangsters, please?" A soldier suddenly looked at the ecstasy and asked.

The Ecstasy pretended to be surprised and said: "Oh? Is it?"

"We just got here, and we really don't know about these things..."

After taking a close look at the ecstasy in front of him and the four others including Ouyang Longyan, the soldiers obviously did not recognize them.

No way. At that time, I saw Ouyang Longyan, the gate of Hell, and the few soldiers who were really in the Lushan Mountain. They had all been killed... Now for the North China Field Army, their clues to the enemy are not very clear, the only thing they know That is, the opponent's skill is very high, and the one driving is a Land Rover.

So they did not recognize it at the moment.

However, it is said that the four soldiers came in first after a questioning, and then began to search around the room...

After searching, no suspicious clues were found.

But when these four soldiers were preparing to leave, suddenly one of them was of medium build and had a pair of wheat-skinned soldiers' eyes suddenly placed on the large closet in that room.

You know that Li Tian is in this big closet.

"What is installed here?" Suddenly the soldier pointed his finger at the wardrobe in front of him and asked.

When he asked all of a sudden, the entire faces of the twin old ghost, Ouyang Longyan, and the Ecstasy changed in amazement, because every one of them knew that Li Tian was installed there. If they were discovered by these soldiers ... Then things are bad.

I saw the ghost woman hurried over, and said with a smile on her wrinkled old face:

"Nothing...nothing...just some messy clothes."

"Really? Open it and take a look." The soldier said coldly.

When he suddenly said that he was going to open the big closet, the devil holding the hag's hand suddenly revealed a cold and cold murderous intent.

On the other side, Ouyang Longyan and Ecstasy made all the sudden preparations at this moment.

The atmosphere suddenly became extremely tense, as if there was a time bomb in the air.

"Hey, I tell you to open this cabinet!" They only heard the soldier staring at the motionless hag and the ecstasy on the other side making them coldly said.

When the soldier said again, then Ouyang Longyan immediately wanted to do it!

At the same moment, Li Tian in the big closet was also worried. He was not worried for himself, he was worried for the soldiers in the North China Field Army...

Because he knew in his heart that if the soldier who was serving today really insisted on opening the closet in front of him, then monsters like the ecstasy and the twin old ghosts would definitely kill them...

Although these four people have guns in their hands, but at such a close attack, these four soldiers are a dead end, so at this moment, even Li Tian in the big closet can't help serving as soldiers for the four outside. He squeezed a sweat, and couldn't help muttering in his heart: Hurry up...Get out of here...

"Quickly open the cabinet! Did you hear that?"

The moment the cold voice roared from the soldier's mouth again, Li Tian shook his heart, thinking it over!

At this moment of effort, that Ouyang Longyan had tightly grasped the deadly soft sword inside his sleeve.

"What about people?"

"Where are the people?"

Suddenly at this critical moment, a resolute voice suddenly came from the corridor outside.

However, when the four soldiers in the big closet who had forced the **** gate to open the door suddenly heard this sound, they were taken aback.

"The brigade commander is here..."

"Quickly, go out and report."

Then they didn't see Ouyang Longyan, who was already showing the vicious killing intent behind his face, and the ecstasy they ran outside.
