

## A Killer 103

Chapter 103: I killed

"You'd better take a rest and stop talking." Xia Xue said to Shen Feng.

Shen Feng really couldn't talk too much at this moment.

The internal injury made his blood churn. As long as he opened his mouth, he wanted to vomit blood. Shen Feng nodded silently and slowly lay down.

Seeing Shen Feng lying down, Xia Xue sighed softly, and gently put the quilt on Shen Feng's body like a big sister, and then turned and walked outside.

But he said that after Li Tian sent the doctor away, he never entered Xia Xue's small restaurant.

Isn't this? Xia Xue walked out of the house for a moment.

Where is Li Tian?

Slowly walked out of the restaurant, but saw a figure holding one hand on the wall, standing with his head low, as if vomiting.

"What's the matter with you?" Xia Xue was stunned immediately, and quickly walked towards Li Tian.

Li Tian turned around abruptly, with an ugly face and deep astonishment in his eyes, looking at Xia Xue who came by.

"I killed someone."

The four words slowly came out of Li Tian's mouth, with a slight tremor in his voice.

No wonder he vomited. It turned out that Li Tian, who had personally killed for the first time, felt a nausea in his heart, especially when he recalled the scene where the Thai boxer was pinched to death by himself, he was shocked.

After all, after the first murder of an ordinary person, his heart will indeed have a lot of trouble, so Li Tian is like this.

"You killed someone?" Xia Xue said, looking at Li Tian in disbelief.

Li Tian stood there, looking up at his hands in the dark night and muttering: "Yes, I killed someone with my own hands."

Xia Xue stood there in a daze.

"Who did you kill? Did you hit the black market boxing too?" Xia Xue said, looking at Li Tian.

So Li Tian explained all the circumstances on a one-to-one basis.

"Do you know? Sister Xue, I didn't mean to kill him. I really didn't mean to kill him. I just saw that Shen Feng was attacked by that kid and I was very angry and angry, so I vent my anger for Shen Feng, but I didn't think of me. Killed him with one move and killed people." Li Tiandao said.

Looking at Li Tian's uncomfortable expression, Xia Xue's soft Fang couldn't help feeling turbulent.

Looking at Li Tian distressedly.

"It's okay, I think it should be okay." Xia Xue comforted Li Tian.

Li Tian stood alone in the dark night, staring at his hands. To tell the truth, this was his murder. The violent inner shock made him a little uneasy, but the unprecedented hostility increased on him out of thin air.

Maybe from this moment on he will undergo tremendous changes.

In the dark night, Xia Xue stretched out a slender hand: "Come here, you are killing the bad guys, on the black market arena, where it is either where you die or where I live, so there is no need to feel guilty, besides, you are Shen No one will blame you for the people killed by the peak."

Listening to the faint voice in the black night of Xia Xue, Li Tian's trembling heart slowly became calm.

Stepping forward, the person who stretched out the killer held Xia Xue's slender hand tightly.

Her hands were so soft, so smooth, and gently held in her hands, causing Li Tian to be shocked.

Looking at Xia Xue in the dark night, she is so beautiful.

A cool breeze blew on her straight black hair, and a faint fragrance drifted into Li Tian's nose.

Staring at Xia Xue, Li Tian suddenly had the urge to hug her tender body, but he still resisted it because he was a normal person.

Xia Xue finally let go of her hand slowly and stood in the night.

The slender figure and the night seemed to blend together.

This night, some people were worried and some were hurt.

Because of his serious injury, Shen Feng just lay in a room in Xia Xue's restaurant.

But Li Tian returned to Shen Feng's small broken house.

After returning home, he still couldn't forget the murder of his own hands. Li Tian, who was lying on the sofa, was always in a mess. In desperation, he began to take out the book in his backpack and began to read it.

Strange to say, when Li Tian focused his eyes on the weird tadpole text, his mental power began to concentrate.

He had read chapters 5--6 of the first tadpole article, and there were more than a dozen more behind it, so he started to read it.

When the eyes touched those weird tadpole texts, strange things happened, because the previous tadpole texts followed his veins and acupuncture points and then walked around the whole body, and now?

The tadpoles all swam quickly towards his dantian. In this case, Li Tian's entire dantian seemed to have accumulated infinite strength.

Make him want to break out.

That huge Qi Jin accumulates more and more, and the middle of Li Tian's dantian seems to be burning like a fire. With a boom, Li Tian rises up to the sky and screams, and the Qi Jin accumulated in his dantian suddenly surges toward his body. .

The whole body is full of endless vitality.

Li Tian, who was gradually looking at the tadpoles above, was fascinated without knowing it, so that this guy completely forgot the time.

—

The second day, noon.

What is the most prosperous clubhouse in the nine districts?

Presumably, the night traveler of Kyoto City will blurt out this: Guangdong Clubhouse.

Not only because the women in the Yuehai Club are the most beautiful, but also because the Yuehai Club has only what you can't think of, and there is nothing you can't see.

The Yuehai Club occupies the most prosperous area in the nine districts.

It covers a huge area, with a total of five floors.

The first floor is the bar of the Yuehai Club. The huge dance floor inside is filled with \*\*\*\* men and women, squirming their bodies and waists frantically inside, beating with the irregular DJ sound.

In the front place are a few glamorous dancers dancing pole dancing. These dancers are not like the very common dancers in ordinary discos, but the best girls from Russia.

The plump and attractive figure, coupled with the yellow-haired and white body, is undoubtedly the biggest attraction of the night traveler every night.

The second floor is the place for karaoke. There are luxurious boxes and of course beautiful women who sing along.

The third and fourth floors are entertainment venues.

There is a billiard room, a tea room, and a chess room.

The fifth floor is the lounge, but few people have come to the rest area, because there are people guarding it, ordinary people can't get in at all, even those with the gold card of the Yuehai Club may not be able to get in.
