

## A Killer 1031

Chapter 1031: Old friend

Since being taken away by the twin old ghosts, so many days have passed. The brothers must be worried for themselves, but now Li Tian doesn't know how to contact them, so I still miss it in my heart. There are women he loves,

But he said that when Li Tian was thinking of his brother, a Qianli figure suddenly flashed in.

Upon closer inspection, that person was the Nini girl.

The 1617-year-old Nini is now slim, like a charming girl, with two slender legs wearing jeans with a waist pinch, and her upper body in a small fluffy sweater, cute and pure.

After entering, he stared at Li Tian in front of him with those beautiful eyes.

Li Tian recognized Nini and knew that she was the granddaughter of a previous general. Later, because that general's family was killed in the war, only Nini stayed with Mu Yunlong.

She always referred to Mu Yunlong as Grandpa Mu, and at the same time referred to Mu Shuiyao as aunt.

At this moment, after seeing this Nini walk in, Li Tian slowly turned his head and smiled at her.

Na Nini blushed instantly.

"You are Li Tian?" Nini said suddenly.

Li Tiandao: "Yeah."

"My name is Nini, Nizi's Ni!" Nini introduced herself with a blushing face.

Li Tian smiled when she introduced herself.

"I have a question for you, can it?" Nini suddenly looked at Li Tiandao.

Li Tianyi was taken aback and said with a smile, "What's the problem?"

"Are you very good?" Nini suddenly blinked her beautiful eyes.

what? Faced with such a speechless question, Li Tian was really taken aback...

Is he really good? Where does this start? Li Tian frowned, looked at Nini and smiled and said, "What is awesome? I don't understand!"

"You are the son of a famous evil god..." Nini said suddenly.

"Do you know? My aunt told me the story of the evil \*\*\*\* since I was a child. She told me how powerful and heroic the evil \*\*\*\* is, so I will ask you."

"You are the son of an evil god, so naturally you will be very good? Right..." Nini said, blinking at Li Tian with her beautiful eyes.

Li Tianyi laughed at Nini's words like this. It turned out he was talking about this.

Seeing Li Tian laugh, Nini pursed her red mouth and said: "What are you laughing at?"

"I mean it..."

Li Tianshou held back a smile and said, "Then what do you think I am good at?"

Then Nini thought for a while, looked at Li Tian carefully and said, "Actually I don't know..."

Li Tian smiled slightly.

"But you are handsomer than I thought." Nini whispered suddenly.

Although the voice was very small, it was still heard by Li Tian.

Since learning the skills of the Tianshu Danjuan, Li Tian's hearing, vision, and smell ability have been unprecedentedly improved. At this moment, hearing Nini whispering, he still felt a little shock, but as if he hadn't heard, he still stood there quietly.

"By the way, can I call you Brother Tian from now on?" Nini suddenly looked at Li Tian and said.

A pair of black and bright beautiful big eyes blinked there.

Li Tian laughed: "Of course it can."

Nini became happy when she heard Li Tian promised herself.

"Brother Tian." She cried out in a sweet voice, like a child.

Li Tian responded with a smile.

"Brother Tian, I have to tell you something." Nini said with a mysterious smile.

"What's the matter?" Li Tian asked curiously.

"Hey, about love." Nini said.

Hearing the word "love" in this little girl's mouth, Li Tian secretly said, what is this little girl talking about?

Asked immediately.

Just listen to Nini mysteriously saying: "Brother Tian, do you know Ouyang Shiqing?"

Ouyang Shiqing!

When the name came out of Nini's mouth, Li Tian's heart throbbed, and then her face slowly floated in his mind.

She has many manners, like a high princess.

She has a huge family, and she is so beautiful.

Li Tian has always left her shadow deep in his heart, no matter where he goes.

At this moment, when Nini suddenly heard the name of Ouyang Shiqing, Li Tian's eyes flashed with complicated expressions.

"Brother Tian, what's the matter?" Nini asked, looking at Li Tian, who was looking strange.

Li Tian smiled faintly and shook his head: "Nothing."

"Oh!"

"Then, do you know that she has been thinking of you?" Suddenly a word came out of Nini's mouth.

After she said it, Li Tian was stunned.

"Actually, I didn't want to say anything, but I promised that sister...that's why I want to tell you!"

"That Sister Shiqing is really nice... and she is very beautiful. She has been worrying about you and caring about you, Brother Tian, how about you? Have you ever thought of her?"

Hearing such a question, Li Tian didn't know how to answer, he just stood there in confusion.

At this moment in my mind is all the shadow of Ouyang Shiqing.

For Ouyang Shiqing, Li Tian loves but dare not love.

She was so perfect, perfect to the point where she was afraid.

So at this moment, even Li Tian doesn't know his true inner thoughts at this moment.

"Yes, she is really good." Li Tian said sincerely.

Nini blinked her beautiful eyes and looked at Li Tiandao in front of her: "Brother, why was your face unhappy that day?"

"Is it unhappy to be liked by such a good sister?" Nini asked.

Li Tian smiled bitterly and looked at Nini and said: "You are still young... you don't understand some things."

"Is it?"

"Maybe... but I can feel that Sister Shiqing really likes you. If you didn't cherish her, I would feel really a pity." Nini said.

Listening to Nini's words, Li Tian was full of thoughts.

He is not a man with a hard heart, so he will naturally think of Ouyang poetry in the dark night.

It's just that his life was too rugged... he was afraid that his guilt love would be imposed on that Ouyang Shiqing.

"Brother Tian, I have brought you that sister's words anyway...I hope you can go back and see her one day."

"Brother Tian, no matter how beautiful and charming a flower is, if it is often no one cares about it, it will wither... I hope that Brother Tian will not let such a delicate flower become withered and eventually wither... If so In that case, it would be a shame." Nini blinked her beautiful eyes, speaking these words like an adult there.

Chapter 1032: Immediately

"Have you felt severe pain in your chest these days?"

"I feel it, it is getting more and more painful, and even the heart is beginning to hurt."

"Is the toxicity coming on soon?"

"should be."

"It's been almost 2 months since the last time I took the antidote... If I guess it is right, we still have more than ten days."

"If you don't eat the soul pill, it seems that you and I will die before returning to the main rudder."

In the room, but see the purple-clothed Ouyang Longyan in the door of \*\*\*\* and the ecstasy are talking there.

Both of them looked pale and ugly, and both became silent when they said these words.

poison?

Control their poison?

Is it the poison that controls them in the gate of hell?

Yes, they all rely on a kind of poison to maintain their lives in the gate of hell. This is also the real reason why such a huge gate of \*\*\*\* can control so many masters.

Every once in a while in the gate of hell, someone will give them an antidote. Sometimes after completing the task, they will get the antidote.

And now it has been almost three months, and neither Ouyang Longyan nor the Ecstasy have got the antidote they deserved.

The toxins in their bodies have begun to slowly relapse, and now they can gradually feel the pain, so the two of them are afraid.

If they can't complete this mission again, I'm afraid they will probably die under that poison.

After thinking about it for a while, the ecstasy suddenly raised his fierce eyes and looked at Ouyang Longyan over there and said: "It seems that we have to get the boy named Li back as soon as possible."

"Yes, you and I must rush back to the general rudder within half a month." Ouyang Longyan also said.

"Go, look for the twin old ghosts." Ecstasy said suddenly.

"We must catch the kid named Li within these nearly ten days."

Then the two quickly walked out of the room and walked quickly towards the other side of the room.

But in the house here, the hag and the devils are sitting there quietly, as if waiting for them.

When they saw Ouyang Longyan and the ecstasy coming, a strange smile appeared on their faces.

"Ghost, I just discussed with Ouyang Longyan. We think we should start with the kid named Li. It is not good to drag it down like this. After all, the master is still waiting for our news." Just listen to the ecstasy there. Speak slowly.

After listening to the ecstasy, she suddenly laughed strangely when she saw the hag.

"Is it?"

"Are you two worried that the master will not be able to explain it? Or are you worried about the poison in your body?"

Suddenly when I heard the ghosts say these words so strangely, the ecstasy in front of them and Ouyang Longyan's complexion changed in shock, and their hearts were secretly lined: How could this dead old monster know that the poison in their bodies is almost time?

"Ghost, I'm afraid you will be out of sight if you say that... Don't forget, your body is also poisoned with the same poison as ours." Ecstasy said coldly.

The hag woman suddenly laughed wildly.

"What am I afraid of?"

"I just took half a soul-returning pill a month ago. Even if I spend another two months, I won't die."

The hag said grimly.

After speaking, she suddenly raised those extremely vicious eyes and looked at the ecstasy in front of her and Ouyang Longyan, and said: "But you...hehe, if you don't take the antidote in another ten and a half days, yours The belly will slowly start to rot... and then your limbs... and even your entire body will completely rot away... Hey, the poison that corrodes the human heart must all of you know what it is like."

So poisonous poison.

What a terrible poison.

When Ouyang Longyan and the ecstasy in front of him heard the old monster say so, Ouyang Longyan roared.

"you....."

Then the soft sword from his waist was pulled out with a loud sound, and the sword wind was so fast that it filled the whole room at once.

At the moment he drew his sword, the devil on the other side suddenly stood in front of the hag.

"The kid with scars on your face... don't mess around...or I will grab your whole head." The devil said in a deep voice.

Ouyang Longyan snorted coldly and said, "Little monster, do you think I am afraid of you?"

The devil hated others for calling him monsters, and he was shaking with anger at the moment, and he seemed to be about to do it soon.

However, she was slightly stopped by the hag on one side, and then she looked at the ecstasy and Ouyang Longyan with fierce eyes.

The ecstasy on the other side also slowly pulled Ouyang Longyan in front of him.

He winked at Ouyang Longyan and signaled him not to do anything.

That Ouyang Longyan was full of murderous aura, standing there motionless.

Ecstasy turned her head to look at the hag woman at this moment and said: "Hag, I want to ask you, what do you mean?"

Listening to the ecstasy asking, the hag gave them a cold look. She knew in her heart that now Ouyang Longyan and the ecstasy were already on the same front. If you really want to do it today,

the twin old ghosts We have to deal with these two desperate guys. Although the twin old ghosts have been famous in the arena for a long and long time, and they have always been terrifying, these two guys are not easy to mess with, so this will The hag was also very hesitant.

"Do you really want us to engage in civil war today?" The Ecstasy said again.

"If this is the case, Ouyang Longyan and I can only comprehend the strength of your twin old ghosts."

The meaning of the words is of course very obvious, this Ouyang Longyan and the ecstasy are ready to deal with the twin old ghosts.

War is about to start.

They looked at each other.

The air seemed to be filled with the smell of explosive explosives.

No one was the first to speak, and no one was the fastest to start.

Because if one of them moved their hands first, then someone will definitely die here today, but who will die? They can't tell anyone right now, so they are all hesitating at the moment.

One minute, two minutes...

Five minutes passed.

In the air filled with the breath of death, none of them did it.

"It's boring, boring, really boring... I wanted to watch a good show? As a result... Hey, why didn't you fight?"

Suddenly a weird voice came out in the dead silence air.

When this voice appeared in this room for no reason, the expressions of Ouyang Longyan, the Ecstasy, and the twin old ghosts over there suddenly changed in horror.

"Who?" The four asked coldly at almost the same time.

Chapter 1033: Scary man

God, when did you come?

When did this weird person hide near them? They didn't even notice it?

Characters like Ouyang Longyan, Ecstasy and Twin Old Ghosts, their sensing abilities are so powerful, but even if they didn't feel that the other party was near them, one can imagine how profound the people's skills are. .

However, after they asked, the four of them looked at the strange room in front of them.

In the midst of their doubts, suddenly the strange laughter sounded just now and said: "It is said that the people in the underworld are like dogs and like infighting, but they have no real ability to do things. Look What I said here is not bad, haha."

The arrogant words came out of his mouth.

He even scolded the people of the underworld in the gate of \*\*\*\* as a dog?

In the past, perhaps this ecstasy and Ouyang Longyan might kill each other without saying a word when they heard this, but today they did not!

Because they can already feel who the other party is here, who dared to say these desperate things in front of them.

"I really didn't expect that even the people in your black door would come in." Suddenly the hag woman looked around with cold eyes and muttered in her mouth.

Black door?

Could it be that the darkest and most terrifying black gate among the gates of \*\*\*\*\* came?

"Black Gate"

Then Ouyang Longyan's face was startled, and his heart trembled.

He has been in the gate of \*\*\*\*\* for so many years, but so far he has never seen those cruel masters in the black gate...If it hadn't been for the last time the ecstasy told them about the underworld, I'm afraid now Ouyang Longyan didn't know the other party. who is it?

A mysterious and huge terrorist organization, a teammate with his own is good or bad? It is an organization that cannot be distinguished from enemy or friend. This is the gate of hell.

Hehe, the weird voice laughed as the ghost mother uttered the words Black Gate.

Then there was a sudden sound, but three black figures appeared in front of them like a tornado.

At the moment their three figures appeared, Ouyang Longyan, the Ecstasy and the twin old ghosts all looked at them all.

Besides, who are these three people?

The first one was a man with a thin body and a sallow face.

He is tall, like a bamboo pole, and his cheekbones are extremely high, making his eyes protrude outward.

Standing there, with a smile on his face, he glanced at Ouyang Longyan and the Ecstasy in front of him.

Behind him followed two more weird guys in costumes, especially when the two were exactly the same, whether it was eyes or nose, they were exactly the same.

The two of them are undoubtedly twins.

Appearance can be regarded as an ordinary type, closely following him.

If ordinary people see these three people, they will feel very ordinary and ordinary, but when Ouyang Longyan and Ecstasy saw these three people for the first time, their bodies were shocked like never before. Suspended, the weird dark aura radiated from these three people, as if they were not human.

Ouyang Longyan and the ecstasy seemed a little nervous, and they looked at them cautiously.

Are they the people in the Black Gate?

who is it?

After seeing these three people, the ghost woman suddenly asked with a sorrowful tone: "I don't know what is going on here at the Black Gate this time?"

After hearing the question from the hag, the tall and thin zombie-like man standing in the front suddenly showed a strange smile on his face.

"We are here to clean up the mess for you..."

"Clean up the mess?" The ghost woman sneered.

"I'm afraid I won't need it."

The tall and thin man who looked like a zombie said: "Really? But what the master asked you to do, seems to have not been done by you so far?"

The hag had an ugly face and stood there.

"We just had a little accident on the road." The ghost said.

"Haha, accident?" The thin, zombie-like man suddenly sneered.

"But, the master has already issued an order... If you can't catch the evil god's son again within ten days, hehe... Then I don't need to talk about the consequences, I think you should be very clear."

"Don't intimidate us here... we do things in the underworld and don't need your underworld to intervene." Only the ghost woman said angrily.

Following her extremely unfriendly words, the twins standing behind the lanky man suddenly took a step forward at the same time, and at the same time the horror emanating from them suddenly filled the room.

And at this moment, the devil rushed to the hag's face.

The situation brooks no delay, as if it is about to happen.

The hagma looked cautiously at the tall and thin zombie-like man in the black door.

But seeing the man gawking at the hag in front of them, they said, "Okay!"

"Since you don't need help... then I will wait... until you complete the task..."

"However, if you fail to complete the task on the tenth day, then don't blame my ruthless men...Don't talk about you...even your entire underworld may no longer exist."

The moment the thin and tall man uttered the horrible and cautious words, he didn't even glance at the hag and the others, and said: "Go!"

Then the weird guys like the two twins behind him followed him. Even though his body flew up, with a whistling sound, in a blink of an eye, three electric shot figures shot towards the outside, and disappeared.

Watching those three black gates leave like this, the ecstasy and the terrifying air in Ouyang Longyan slowly faded.

Their faces are extremely ugly, look at me there, and I look at you, after all, no one said a word.

The severe situation is imminent.

Who is that guy? Why dare you to say such a madman?

How dare you say that if the underworld can't complete anything in ten days? Will he be a killer?

Who to kill? Could it be that they were the same people who killed? Are they killing Ouyang Longyan in front of them?

Yes!

If you know who that person is, you must know why he dared to say such Kyogen.

The Black Gate, an organization that is as terrifying as a ghost in the Hell Gate, their powerful methods are absolutely beyond the scope of normal people's imagination, especially the masters in the Black Gate organization... all of them are brutal and brutal.

Chapter 1034: Long Yin

All of them, who watched the three black gates leave, were stunned at this moment.

They were thinking about the problem with their own minds.

Suddenly the ecstasy asked: "Ghost, who the \*\*\*\* was that guy just now? Do you know him? How dare he say such a crazy talk?"

The Ecstasy didn't even know the identity of that tall and thin man who was like a zombie?

This is actually nothing strange.

Not only is it an ecstasy, but Ouyang Longyan also doesn't know who the tall and thin man is just now, so at this moment, he can't help but raise his eyes and look at the hag in front of him.

The hag woman blinked her cold eyes, then slowly said, "He?"

"He can't afford to provoke him." The ghost woman suddenly sighed and said with a weird face.

The words were full of fear for the thin and tall man just now.

Even the twin old ghosts feel terrible characters? What kind of monster would it be?

"Do you know the Qinggang more than thirty years ago?" The ghost woman in front of her suddenly said.

Green Gang?

Of course, the underworld dynasty and the famous Qing Gang who were in the arena before, this Ouyang Longyan and the Evil Envoy of course knew.

"At the heyday of the Qing Gang, the entire underworld in the country was almost unified. Unfortunately, at that time, there was a rebellion in the Qing Gang. Two of them raised their flags to rebel, and the leaders of the Qing Gang also wanted to maintain the Qing Gang. , A large-scale suppression was held. After more than two years of civil war in the underworld, the gang leader invited a man to come back to solve the trouble. That man called himself Long Yin."

"No one knows the origin of this guy named Long Yin, and no one knows his identity, only that he is the leader of the Qing gang, and he has spent a lot of money to bring back a character from abroad, and according to rumors, this Long Yin is even the leader of the Qing gang. He was extremely respected. When Long Yin was invited back, many people in the gang did not take him

seriously, because in the previous few times, the gang leader had sent many assassins to assassinate him, but the result was always there. No reply, so they are not very optimistic about this Long Yin."

"But when they were suspicious, this Long Yin went out to do it. In less than a week, the heads of the rudder masters of the two rebellious two rudders were lifted back by Long Yin, and the \*\*\*\* head was held on him. Hands."

"When Long Yin brought these two heads back, the entire Cyan Gang was shocked... Only then did they discover that this guy named Long Yin turned out to be so crazy and so powerful..."

"The place where the two rudder masters died was a river of blood... and all of the dozen bodyguards under him died there. It was horrible to see. Few people who have seen Long Yin take action alive, and almost all of them can see him. died."

"Do you know? The guy just now is Long Yin."

Suddenly, the ghost woman said with an extremely ugly face.

what?

Is he Long Yin?

Not only was the ecstasy horrified in front of him, even Ouyang Longyan in front of him was also full of horror.

Obviously, they had heard of Long Yin's name long ago.

Yes, the name of Long Yin is really awesome.

More than thirty years ago, Long Yin's name was famous on the road, and he was so sad!

As long as anyone provokes him, don't want to live the next day.

However, Long Yin is so powerful, but not as powerful as the evil \*\*\*\* that appeared later...

According to rumors, Long Yin had been severely injured by the Cthulhu in the past, so he began to hide in the rivers and lakes. This incident has not been truly confirmed, because no one has ever seen him work with the Cthulhu... So these All are false.

But as for Long Yin when he was in his heyday thirty years ago, he was suddenly buried in the rivers and lakes. This is indeed a bit weird, but as for the real reason, I am afraid no one knows.

When he learned that the thin and tall zombie-like man was Long Yin, the complexion of Ecstasy and Ouyang Longyan all changed.

No wonder he dared to say such crazy words.

No wonder everyone in the Black Gate is an extremely cruel beast. It turns out that that guy is actually Long Yin from that year!

"What should I do now?" Suddenly the ecstasy asked.

His eyes looked at Ouyang Longyan over there, and then at the twin old ghosts.

But seeing that Ouyang Longyan didn't speak, what about the twin old ghost? Also looks weird.

"Everyone is on the same boat now...Although it is said that the poison on my body and Ouyang Longyan is about to break out, but, ghost, don't forget what the black door Longyin said just now, if we cannot complete the task given by the master by then , Then we will all die."

"I believe that the black door means you know better than me..."

"If they kill, they will never give people a second chance."

Listening to the ecstasy suddenly said this, the hag's complexion became weird and ugly.

The devils around her were also thinking about things with cold eyes.

After being silent for a long time, the ecstasy smiled upon seeing the ecstasy.

"You are right... Everyone is indeed in the same boat now."

"No matter what, everyone's life is the most important thing."

"From now on, I hope we don't blame the past, and quickly put the catastrophe in front of us together, how about it?" said the ghost.

After listening to what the ghost woman said, the ecstasy in front of her smiled, and Ouyang Longyan also nodded with a cold expression.

Obviously, they finally reached an agreement at this moment.

"Then when shall we start with the kid named Li?" Just listen to the ecstasy looking at the hag and say.

The hag thought for a while and said, "The sooner the better."

"We are determined not to let the Black Gate gang of beasts grab our handle..."

"it is good!"

"I will start to investigate the news of the kid named Li... If nothing else, we will start working in the past two days." Ecstasy said.

"Do you think the people from the black door will intervene?" Ouyang Longyan said suddenly, who was silent while listening.

After he said these words, the hags, ecstasy and others in front of them were all startled slightly.

Yes, their behavior is indeed under the surveillance of the black gate. What if the people of the black gate intervene?

After a pause, the ghost woman said: "I believe the people of the black door have not had the guts."

"If they dare to intervene, it will hinder the owner... they can't bear the responsibility."

"Well, I hope so." Ouyang Longyan said.

"Forget it, let's find out as soon as possible that the kid surnamed Li is now..." Finally the ghost mother said.

Chapter 1035: Cthulhu is not dead?

Since Li Tian recognized the identity of Mu Yunlong, he felt awkward in the entire North China Military Region.

When the gazes of those coming and going soldiers looked at him, they all had an extremely strange feeling.

On this day, after Li Tian simply ate something, he thought of taking a walk alone, and happened to meet Wang Zhen, the brigade commander of the 38th Brigade.

Of course, Wang Zhen already knew Li Tian's current identity, and when he saw Li Tian at the moment, he also had a strange look in his eyes.

"Brigadier Wang." Li Tian said to Wang Zhen with a smile there.

Wang Zhen also smiled when he saw Li Tian coming over.

"I didn't expect that you are the grandson of the commander-in-chief." I only heard Wang Zhen say there.

"Congratulations, congratulations, congratulations on your acquaintance." Wang Zhen said.

Li Tian waved his hand slightly and said, "Brigadier Wang, how is the investigation of the vicious gang going? Did the soldiers in Binjiang City find any clues?"

Li Tian is still concerned about the \*\*\*\* gate.

According to what he knew about the Hell Gate gang, if the gang did not catch themselves, they would definitely not leave the Binjiang City in a short time, so Li Tian couldn't help asking.

Brigadier Wang Zhen, who heard Li Tian's question, looked rather ugly.

Slowly said there, "I haven't found any clues yet."

"But don't worry, I will definitely get those \*\*\*\* out." Wang Zhen said angrily, thinking of his previous brother's death, he became angry.

Li Tian thought for a while. According to his prediction, those guys from the gate of \*\*\*\* should come to him? Why hasn't there been any movement until now?

Did they know their plan? So there has been no action?

After thinking about it, Li Tiandao said: "No matter what, Binjiang City still needs strict supervision, and we will send as many people as possible to guard."

Then Wang Zhen heard Li Tian say this, and said, "Do you think those gangsters will come here?"

Li Tiandao: "Yes, they should."

"Unless I was wrong."

Wang Zhen glanced at Li Tian, but did not speak, but simply responded, "Okay."

Then he retreated.

"Grandpa!" Inside the barracks, but seeing Li Tian walking quickly towards the military tent here.

After the commander-in-chief Mu Yunlong saw his grandson walk in, he immediately put down the information in his hand and said with a smile: "Heaven is here."

"How about? Are you accustomed to staying in the barracks?" Mu Yunlong took Li Tian's hand and asked with relief.

Li Tian smiled and said, "It's okay."

"Just get used to it."

"By the way, Grandpa, I want you to do me a favor." Li Tiandao.

"Help? What's the matter, just say it." Mu Yunlong agreed boldly.

"I want you to send someone to Yongzhou City... and help me find my brothers. Since I was taken away by the people at the gate of hell, they still don't know my current situation, so I want to ask you Send someone there to inform them of my safety."

Listening to Li Tian's words, Mu Yunlong certainly agreed.

So he hurriedly called the guards outside to come in, and then ordered them to send people to Yongzhou quickly...then convey the news of Li Tian in Binjiang City to Duguxie and them.

After Mu Yunlong did this with Li Tian, he saw Mu Yunlong holding Li Tian's hand and said slightly, "Tian'er, are you still looking for the enemy back then?"

Listening to Mu Yunlong's sudden question, Li Tian nodded slowly.

"Yes, grandpa."

"To be honest, do you know who the evil men who killed your soldiers this time are?" Li Tiandao.

Mu Yunlong was startled: "Who?"

"It's the gang of wicked people who killed my parents." Li Tian said with his fist tightly clenched.

After hearing the news all of a sudden, Mu Yunlong suddenly looked like a tiger about to eat people.

what?

"What are you talking about? You said those people were enemies from more than 20 years ago?" Mu Yunlong couldn't believe it.

Li Tian nodded quickly there, and then told Mu Yunlong in front of him everything he knew.

When Mu Yunlong heard everything, his heart was shocked like never before.

After so many years, he finally knew the cause and effect, and finally knew who the enemy was.

He also wants to avenge the demons who killed his own daughter, but he has not found out any news about the \*\*\*\* battle for so many years... Since the war 20 years ago, the group has been extremely terrifying. The characters seem to have evaporated from the world, so this makes Mu Yunlong never know who killed the evil \*\*\*\* and his daughter until now.

But now he knows.

His eyes seemed to burst into flames, and he yelled, "Where is Wang Zhen? Where is Wang Zhen?"

"Did he find any clues to those bastards?" a roar called out from Mu Yunlong's mouth.

But seeing Li Tian in front of him quickly grabbed his own maternal justice and said: "Grandpa, don't get excited."

"I have already sought out Brigadier Wang, and he is also working hard to trace the clues to those \*\*\*\* gates..."

Hearing what Li Tian said, Mu Yunlong gasped for a while, but it was still difficult to conceal the anger in his heart.

After 20 years of blood and blood, he has just learned about his enemy, how can he not be excited?

"I want to catch those people with my own hands...I want to personally let them know the pain of losing their loved ones." Mu Yunlong said with his fist clenched.

Li Tian looked at the bloodshot eyes of his grandfather and sighed softly.

"Grandpa, I have always told you something...but I don't know if I should say it." Li Tian thought about it and hesitated there.

Mu Yunlong looked at his grandson, and put a broad palm lightly on his shoulder, and said: "Child, let's talk...Grandpa can bear everything now."

"Actually...actually...I have been wondering whether my mother and my father really died in the \*\*\*\* battle 20 years ago?" Li Tian said suddenly.

Listening to Li Tian saying this all of a sudden, Mu Yunlong's entire face was taken aback.

"You... what do you mean?"

Li Tian remained silent and did not speak.

"You mean Wan Wanqiu... and your father... they are not dead yet?" Mu Yunlong suddenly asked with a trembling tall body, and at the same time there were eyes full of unbelievable eyes in those eyes. Looking at Li Tian.

After thinking for a while, Li Tian nodded slowly.

"Yes!"

"Grandpa, the reason I think so is because I once heard from one of the guys who participated in the \*\*\*\* gate that he said that although my father was indeed caught by the \*\*\*\* gate, he also brought horror. Hell gate... and said that my father's hands and feet were broken by those wicked men... But even though they abolished my father's hands and feet, in the end, who can imagine that he escaped the \*\*\*\* gate, as for him How did you escape from the gate of hell? I don't know yet." Li Tian's eyes were blood-red, recalling Mu Yunlong who was facing him in the past.

Chapter 1036: Li Tian's thoughts

Listening to Li Tian telling such a shocking news, Mu Yunlong's tall body suddenly trembled.

Li Tianyi looked at his grandfather with excitement, and hurried over to support his old man.

"Grandpa, are you okay?" Li Tian looked at Mu Yunlong worriedly.

Mu Yunlong's tall body seemed to be unable to withstand such a stimulus, his body swayed slightly, and then slowly shook his head there, his broad palm grabbed the table in front of him and stood up straight.

"So...what...Father Li Kua escaped at last?" Mu Yunlong in front of him looked at Li Tian with bloodshot eyes.

Li Tian nodded there.

"Yes, my father should have escaped..."

"It's just... it's just... I don't know where he is!" Li Tian sighed.

Because in Li Tian's heart there is a very bad premonition.

That is, although Cthulhu did escape, don't forget that his hands and feet have been completely abolished.

Now that the Cthulhu has escaped without any news... Is it death? Is it alive? It is still unknown.

And that Mu Yunlong cared more about his daughter, Mu Wanqiu.

"What about Wanqiu? What happened to Wanqiu?" Mu Yunlong asked Li Tian's arms.

Li Tian was stabbed deeply in his heart because he didn't know the clues of his mother.

The only thing he knew was the words that Duguxie told him at the time.

"Duguxie once told me that in the \*\*\*\* battle 20 years ago, my father finally protected me from the siege with his own strength. As for my mother, he didn't know where he was."

Listening to Li Tian saying this, Mu Yunlong's body shook violently, as if he was about to fall down.

"Could it be that... Wan Qiu... Wan Qiu is really buried in the sea of fire?" Mu Yunlong said sadly.

"Do not!"

"Impossible! My mother will not die!"

"I definitely don't believe she will die."

Li Tian's eyes were suddenly red on that road.

"Grandpa, you believe me, I must seize the master behind the gate of hell, and I must let him clarify all the blood debts more than 20 years ago... And I, Li Tian, swear, I must find me in this life 'S mother and father."

With endless anger, Li Tian said these terrifying words from his mouth.

No one knows how strong the anger in his heart is. He is just that scarlet eyes are open at the moment, and his eyes flash with cruel killing intent.

Soldiers of the 39th Army Brigade of the North China Field Army are still conducting a large-scale and rigorous search in Binjiang City.

Li Tian and Mu Yunlong live in a military camp on the outskirts of Binjiang City.

Since Na Mu Yunlong saw his grandson Li Tian, he has not returned to the city center. He is currently in the Brigade of the 39th Army.

This Binjiang City is a dozen miles away from the headquarters of the North China Field Army, which is not very far.

Now Mu Yunlong did not mobilize troops on a large scale.

He just asked people from the 39th Army to search the entire Binjiang City. To put it bluntly, there are currently only 39th Army troops in Binjiang City.

Although this is the case, there are also troops of nearly 10,000 people. Do the people at the gate of \*\*\*\* really dare to come? This is the most troublesome problem for Li Tian now.

Li Tian, who stayed in the barracks, looked at so many troops and the real guns in their hands. He frowned slightly. Looking at the boundless night sky, he suddenly had a strange idea in his heart.

After this idea came into being, he walked towards the brigade headquarters of the 39th Army Brigade.

When they arrived at the door, the two soldiers at the door quickly saluted when they saw Li Tian. They all knew that this was the grandson of their commander-in-chief.

Li Tian also politely smiled at the two soldiers.

"I want to find your brigade commander Wang."

"Okay, please wait a moment, I'll go in and report." As he said, one of the soldiers quickly walked towards the place inside.

After seeing it after a while, the soldier ran out and said to Li Tian, "The brigade commander would like to please."

After Li Tiandao thanked him, he walked in.

When I entered, I saw Wang Zhen and the political commissar Zhou next to him.

"Mr. Li is here..." The political commissar that week looked at Li Tian with a smile and said.

Li Tian smiled and said, "Don't be so polite, just call me Li Tian."

That week, the political commissar also found it a bit awkward to call it this way. Although he was the grandson of the commander-in-chief, the name of this gentleman and gentleman always made him somewhat unaccustomed to being a soldier, so he laughed and said, "Okay! "

"Are you looking for me so late?" Wang Zhen asked curiously when he approached Li Tian.

Li Tian nodded directly. Obviously, he had a big deal to discuss with Wang Zhen.

He said: "Yeah."

"What's the matter? Please tell me?" Wang Zhen asked.

Li Tiandao: "Okay, then I'll just say it."

"I want to go out alone." A word suddenly came out of Li Tian's mouth.

When Li Tian suddenly said something like this, Wang Zhen was immediately taken aback.

"What do you mean? Where are you going?" Wang Zhen asked puzzledly.

"I think of Binjiang City." Li Tiandao.

"To Binjiang City? Why are you going to Binjiang City?" Wang Zhen asked puzzledly.

Li Tian said slowly: "Look for those enemies at the Hell Gate."

Listening to Li Tian's words, Wang Zhen was immediately depressed: "Why don't I understand more and more? Didn't you say that the gang of thieves were looking for you? Didn't we say that, let's wait here?" Wang Zhen asked puzzledly.

Just listen to Li Tiandao: "I think maybe the plan has changed."

"Think about it, we are stationed here with an army of thousands of people. Even if the people at the gate of \*\*\*\* are powerful, can they break in? Although they really want to catch me, they will definitely not dare to risk it for a while. Risk, so I think someone has to lure them out... and that bait is me."

When Li Tian said that he would use himself as a bait to lure the guys out of the \*\*\*\* gate, Wang Zhen immediately refused.

"What? You said you want to use the bait to lure those thieves out?" Wang Zhen couldn't believe his ears, even the political commissar Zhou beside him was stunned.

Li Tian smiled and nodded, and said: "Yeah."

"Now only I is their real goal, because they came out for me, so now only I can lead them out." Li Tiandao.

"Do not.....!"

"This is definitely not good!"

"That's too dangerous." Wang Zhen immediately rejected Li Tian's idea.

Chapter 1037: Fierce

Yes, that \*\*\*\* gate man is so powerful, Wang Zhen has personally learned, if he arbitrarily arranged for the commander-in-chief's grandson to lure the villain at the \*\*\*\* gate, in case, something happened to Li Tian, Don't say he's a brigade commander... Horror, even the commanders and army commanders above him will suffer... Wang Zhen had no guts to bear this terrible result, so he directly vetoed it to Li Tian.

Li Tian had already guessed that there might be such a result, and said with a smile: "Brigadier Wang, you believe me, I will definitely be fine, and I can definitely lure people from the gate of \*\*\*\* out."

"No! Absolutely not." Wang Zhen insisted.

Political commissar Zhou on the other side also persuaded Li Tiandao and said: "Our brigade commander said it is right, it is really too risky to do this..."

"Although those gangsters are heinous, they still won't let you do such a dangerous thing."

Li Tian thought for a while and said, "Are you afraid that my grandpa will punish you?"

Hearing what Li Tian said, the political commissar and Wang Zhendu were stunned at the same time that week, and then the two fell silent.

Yes, of course they are afraid!

Who dares to use the commander-in-chief's grandson as bait? To seduce those wicked and powerful \*\*\*\* gates? Isn't this stupid?

Brigadier Wang and Political Commissar Zhou are certainly not fools.

After Li Tian saw their thoughts, he sighed and said, "Hey!"

"I originally thought Brigadier Wang wanted to avenge his brother... It seems that I was wrong. In the eyes of Brigadier Wang Zhen, the lives of my brothers are so unimportant."

Listening to Li Tian suddenly saying that he doesn't value his brother, Wang Zhen almost jumped up as if he had been scalded by boiling water.

"what did you say?"

"Why don't I take the lives of my brothers seriously? If possible, I would rather exchange my life for the lives of my dozen or so brothers." Wang Zhenxue said, staring at Li Tian with red eyes.

Li Tian also said angrily at this moment: "Since you value your brother's life so much, why don't you do what I said now and not mention their revenge?"

"I..." Wang Zhen was speechless.

"Brigadier Wang, now is the best time for you to avenge the 11 dead brothers. Why are you so late? Are you really afraid that my grandpa will punish you? Is it just that I am afraid of a punishment? Revenge?"

Wang Zhen, who was so agitated by Li Tian, was immediately confused.

Revenge... Revenge...

The lives of 11 brothers! ! The faces of the dead brothers all appeared in Wang Zhen's mind...

"Okay, I promise you!" Suddenly, Wang Zhen's eyes were red with blood and his fists were tightly clenched and he agreed to Li Tian in front of him.

When he said the promise, Li Tian suddenly became happy.

It seems that the radical method just now has been used quite well.

When the political commissar Zhou heard that his brigade commander had actually agreed to come down, he thought he had heard him wrong, and immediately grabbed Wang Zhendao and said, "Brigade commander, what are you going to do?"

"You won't really let him be a bait..." Political Commissar Zhou looked at Wang Zhen in disbelief.

Wang Zhen stood there with an ugly face, not knowing how to answer.

Instead, Li Tian smiled and walked over to the political commissar Zhou and said, "Committee Zhou, please don't worry... Don't tell me Grandpa today..."

"Even if my grandfather finds out later, your political commissar Zhou can also testify for Brigadier Wang. Today I forced Brigadier Wang to agree to me, and I voluntarily acted as a bait. It doesn't matter at all."

Following Li Tian's words, the political commissar was speechless that week.

He didn't expect Li Tian to be so daring. Not only did he not say that he was dangerous, but he also had to bear the responsibility even when the commander-in-chief here blamed him. At this moment, political commissar Zhou looked at Li Tian with more eyes A few looks of admiration.

He had always thought that the second generation of red children, as well as those powerful and powerful descendants, have the feeling of being superior, but when he saw Li Tian, his mind changed completely.

You know, how high is Li Tian's status in the entire North China Field Army!

The commander-in-chief originally had no heirs, only two daughters, and the eldest daughter had disappeared for many years. The second daughter has not been married yet. Only this grandson, Li Tian, has just met.

To put it bluntly, Li Tian's identity can be said to be even more powerful than the so-called division commanders in the entire North China Field Army.

But Li Tian didn't do anything because he was Mu Yunlong's pro-grandson. On the contrary, it was the same as usual...

Now you have to sacrifice yourself to a dangerous place and bring out the gang of thieves for the 39th Army. How can this not make the political commissar that week feel allied?

"Political commissar, don't worry. Even if I live this life, Wang Zhen will guarantee his safety this time." Wang Zhen said while looking at the political commissar that week.

Political Commissar Zhou seemed to want to say something, but was stopped by Li Tian all at once. He only heard Li Tian smile and say: "Okay, things are settled like this."

"Tomorrow, you will spread the news, saying that I was released by people from the North China Field Military District." Li Tiandao.

Then Wang Zhen nodded after listening.

"By the way, does the outside world know about the relationship between me and my grandpa?" Li Tian suddenly asked a crucial question.

Wang Zhen thought for a while and said, "Except for our military area, the outside world probably isn't quite clear."

Li Tian took a sigh of relief and said, "I don't know it!"

"If it is known to the outside world, it will be troublesome."

Li Tian thought, if the outside world knew about the relationship between his grandfather and grandson that Mu Yunlong recognized, then there is no doubt that the people at the gate of \*\*\*\* must have also known the news. Once the news spreads, I am afraid that he will want to lure the \*\*\*\* It is not so easy to handle with the doorman.

After making this decision, Li Tian returned to his barracks, and Wang Zhen didn't want to stay too much. After all, it was indeed late.

He just looked at Li Tian's back, and for a moment he felt that his back was so tall.

"Brigadier Commander, what do you think this grandson of the commander-in-chief is like?" Political Commissar Zhou also asked Li Tian, who was going away, silently.

Wang Zhen stood there and was silent for a long time before suddenly saying, "Her man!"

After Li Tian came back, he lay on the bed, quietly closing his eyes, thinking about what will happen tomorrow.

revenge!

He wants revenge!

With this thought in his mind, Li Tian slowly fell asleep.

Chapter 1038: Start

the next day.

As expected, the 39th Army Department started to announce the release of Li Tian to the entire Binhai City without hiding from the commander-in-chief.

The news was released through the two regiments of the 39th Army.

At present, the entire 39th Army Brigade, with the exception of the commander-in-chief's guard platoon, is estimated to know the news of Li Tian's departure.

And Li Tian indeed left the Brigade Command of the 39th Army.

He arrived at Mu Yunlong's military camp early in the morning and told his pro-grandfather that he wanted to go to Binjiang City. Mu Yunlong didn't think too much, and smiled and agreed.

No, now Li Tian has left the Brigade Headquarters of the 39th Army and is walking towards the urban area of Binjiang City.

Binjiang City, a residential area.

That \*\*\*\* gate and others lived in the residential area.

Suddenly, I saw a purple figure rushing towards this side.

After arriving in one of the rooms, he knocked on the door quickly.

Looking at him carefully, it turned out to be that Ouyang Longyan.

There was a sense of excitement on his indifferent face, and a weird feeling on his face with fierce marks.

After he knocked on the door, but saw the door creak open a gap, and then the masked face of the Ecstasy was exposed.

Then he quickly opened the door, and Ouyang Longyan shrank and got in.

"How's it going?"

"Is it found out that the kid surnamed Li is now in the military camp where the North China Military Region is stationed?" Ecstasy asked with a gloomy face after coming in.

The devils in that room and the hagma were also staring at Ouyang Longyan in front of them.

However, a smile suddenly appeared on Ouyang Longyan's indifferent face.

"The boy named Li has left the barracks." Ouyang Longyan said suddenly.

When Ouyang Longyan suddenly said such a sentence, the ecstasy in front of him and the twin old ghosts were all taken aback.

"what?"

"You mean the kid named Li left the barracks of the North China Field Army?" The twin old ghosts over there suddenly stood up and looked at Ouyang Longyan.

But seeing Ouyang Longyan nodded slowly there, he said, "Yes."

"Then where did he go?"

"Should you come to Binjiang City?" Suddenly her eyes became cold.

But seeing Ouyang Longyan laughed and said: "Ghost ghost is really a smart person! She guessed it all at once."

Listening to Ouyang Longyan's words, the ecstasy over there suddenly became happy.

"Okay, great!"

"Just now we were still worried that the North China Field Army was heavily guarded and it was difficult to start. Now we can't think that this kid would throw himself into the snare... Then it seems no wonder that this time, there is no reason to not eat the meat delivered to the mouth?" Said with a big laugh.

The devil over there also screamed happily, but only the ghost woman stayed there with a gloomy face. Judging from her expression, it seemed that she was not too excited.

"Ghost, what's the matter? What are you worried about?" The ecstasy over there suddenly couldn't help asking when he found the ghost's face gloomy.

But when I saw the ghost, I thought about it for a while, and suddenly raised those gloomy eyes to look at Ouyang Longyan and the ecstasy in front of him and said, "Don't you think it's weird?"

"Strange? What do you mean?" Seeing the ecstasy could not help asking.

The ghost woman said: "Think about it, the kid surnamed Li is not a fool. He knows we might be waiting to catch him in Binjiang City... How could he throw himself into the trap? So I think this is a bit strange. "

Listening to the analysis of the ghost woman, the ecstasy frowned slightly.

"Furthermore, if he stays in the barracks of the North China Field Army, it is naturally safe...Don't forget, the brigade commander at the time was personally rescued...If it were you, would you choose a dangerous Binjiang City? Or would you choose to stay in a safe barracks?"

The ghost woman asked back, looking at the ecstasy and Ouyang Longyan in front of her.

After listening to the two of them, they felt that what she said was the truth.

"What the ghost means is that the kid with the surname Li is playing tricks with us?" He asked the ecstasy coldly.

The ghost woman said faintly: "I just think we should be more careful... We have always underestimated the kid... Now at the most critical moment, we are determined not to make mistakes."

"You know, the beasts of the Black Gate are looking for an opportunity to attack us." The ghost woman said slowly.

"The ghost is reasonable."

"It's a pity that we don't have time to think too much." The ecstasy in front of me suddenly said.

Then Ouyang Longyan nodded suddenly and said, "Yes."

"Ghost, do you think it's easier for the four of us to deal with the kid whose surname is now Li? Or is it easier to deal with Long Yin from the black door?"

Suddenly asked by Ouyang Longyan, the ghost woman sat there with an ugly expression.

No need to think about it, of course the former is easier.

You must know that the former Li Tian does not pose any threat to them. They think that even if Li Tian is playing tricks with them, then they have the ability to control Li Tian, but the people behind the black door are difficult to deal with. .

Not to mention the ecstasy in front of him and Ouyang Longyan is not that Long Yin's opponent, even the twin old ghosts may not be able to beat that Long Yin, besides, there are two weird twins beside him. It can be seen that the two monsters that are exactly the same are definitely not annoying characters.

The ghost woman could only snorted in her mouth. Although she thought that Li Tian might be scheming, they couldn't take care of that much with their current situation. Did the doorman intervene all of a sudden?

"Well, that's it!"

"Then we will immediately look for a chance to attack the kid named Li." Only listen to the ghost mother finally compromised there.

Ecstasy and Ouyang Longyan glanced at each other.

"Well, I'll go to find the whereabouts of that Li Xiaozi right away... As soon as I have a clue about him, I will notify you immediately." Ouyang Longyan said.

"it is good!"

After saying the word "good", but seeing that Ouyang Longyan had already quickly walked outside, he really went to Binjiang City to investigate Li Tian's whereabouts.

But what about Li Tian? After leaving the barracks of the North China Field Army, he really came to Binjiang City.

He had already discussed with the brigade commander of the 39th Army. When Li Tianman gave a signal, when the 39th Army saw him, they pretended not to know him.

So when Li Tiandang of this meeting was walking on the streets of Binjiang City, the soldiers of the 39th Army in the past did not recognize him.

Chapter 1039: action

Li Tian also pretended to have just come out of the barracks, wandering in the downtown of Binjiang City.

He knew that once the news was spread, the people at the gate of \*\*\*\* would look for him quickly, and it would be better if he showed up here on purpose.

He deliberately went to the crowded square in front of the square. In front of the square was a large supermarket, which seemed to be holding activities. Many passers-by were watching the performance. Li Tian glanced at the crowds over there. He also leaned over.

As he walked toward that side, he suddenly felt a pair of very cold eyes looking at him behind him.

Then Li Tian looked back decisively...

no one!

When Li Tian turned his head to look, the weird feeling of being stared at his back instantly disappeared.

Li Tian looked around with cold eyes and found that there were ordinary pedestrians around him, and there were no weird people looking at him. At the moment, he was puzzled. Is it because he felt wrong? No one was staring at yourself just now?

After looking around again, Li Tian made sure that no one was looking at him before he slowly turned his head.

The moment Li Tian turned his head, he suddenly saw a person slowly revealing himself from behind.

Standing among the crowd, he was tall and thin, with cold eyes looking at Li Tian's back like a northern goshawk... Then a strange smile appeared at the corner of his mouth, and then he flashed and walked towards the alley in front.

"Have you found out the whereabouts of Cthulhu's son in recent years?"

"I think Cthulhu's son is not as simple as the underworld idiots said... I followed him behind him just now, but he almost found it."

Inside a high-rise building, but I saw a tall and thin man with a zombie-like face saying coldly.

Two identical twins were standing motionless in front of him.

There is no doubt that these three people are from the black gate in the gate of hell.

It turned out that someone was following Li Tian just now, and the person who followed Li Tian turned out to be this tall and thin scary guy.

he?

Long Yin!

If you can know the legend of his life, you can definitely know his name, Long Yin.

A top killer who used to be frantic, a fierce man who suppressed the Qing Gang rebellion alone.

The current Dragon Yin is also a figure in the gate of hell, and a fellow in the black gate.

Hearing what Long Yin said in front of him, the two twins looked at each other.

"The son of Cthulhu hasn't had much information before, but there is a lot of recent news...He has always been accompanied by Duguxie and ghost servants, and he also came into contact with the former Cthulhu when he was in Yongzhou. The third sister, Baihua Fairy...In Yongzhou, the golden-handed white dragon and the drunkard among the underworld both died there tragically, but as for

who did it, it's not clear...The last kid named Li was killed The mother-in-law froze her body with the power of the evil spirit possessing her body, taken away, and brought here..."

The two twins turned out to be the same as the repeaters, and the two of them unanimously explained all the things that Li Tian had experienced recently.

After speaking out, but seeing that Long Yin smiled weirdly.

"Speaking of which... the son of the evil \*\*\*\* is really a not easy character."

"The evil spirit possessed by that old ghost can still get rid of control... Hehe, I didn't expect him to be so young and his inner strength has reached such a terrible point." Long Yin suddenly sneered.

"Couldn't it be the old twin ghost careless?"

"I think that Cthulhu's son is still very young...Even if the Cthulhu himself taught him martial arts, he couldn't have made such rapid progress in martial arts!" The twins said slowly there.

Long Yin was silent for a while, and looked out the window with those cold eyes and said, "I believe we will know the answer soon."

"Are the people of the underworld dispatched now?" Long Yin, who looked like a zombie, asked fiercely.

"Ziyi Ouyang Longyan has been dispatched... Now I am looking for clues to that kid."

Long Yin said: "Give that kid a clue...let him know where the evil god's son is."

"This time I'm going to sit on the mountain and watch the tiger fight...see if the idiots of the underworld can win? Or the fledgling evil \*\*\*\* son can win!" Long Yin suddenly showed a treacherous smile.

"Aren't we going to make a move this time?" The two twins looked at Long Yin in front of them, looking very different.

"Of course you don't need to shoot!"

"We only need to clean up the mess."

"No matter which one of them wins in the end... Hey, those who are alive in the end will become our hunting targets." Cruel words came out of Long Yin's mouth.

If Ouyang Longyan and the others won, wouldn't they even kill the people of their own?

Yes!

They will definitely kill.

In the Black Gate, they can do anything for the task...

Even if it is their own kind, they will not hesitate.

What's more, when he came, Long Yin personally received an order from his master...Tell him, try not to keep extra life.

So this Long Yin can be regarded as acting on orders.

Time passed by. After Li Tian stayed in front of the supermarket for a while, he went to a nearby place to find an ordinary hotel and took the lead.

While looking for the hotel, he looked around...then he turned and entered the hotel.

He currently lives on the 6th floor. After arriving in the room, Li Tiancai took off his coat slightly.

But seeing a locator with a red signal on his waist.

There is no doubt that this is military equipment of the North China Field Army. The reason why I brought it with Li Tian was to know where Li Tian settled. ,

Once Li Tian launches the signal, in less than 5 minutes, a large number of troops will quickly besiege the entire building at a lightning speed. At that time, let alone the people at the gate of hell, I am afraid it will be Flies, don't even want to leave here alive.

Didi, didi.

At this moment, something rang in the pocket of Li Tian's shirt.

Li Tian walked quickly, took his jacket pocket, and then took out a miniature communicator from the inside, and then quickly stuffed it into his ear.

Brigadier Wang Zhen said that this kind of thing is a rare micro-communication device in the army. He is a gadget that softens the integration of telephone and surveillance communication.

Don't look at this thing as small, but its effect is great.

After Li Tian put the little thing in his ears, the anxious voice of Commander Wang Zhen over there suddenly rang.

"Li Tian...Li Tian...Have you heard?"

"Have you heard?"

"Please reply..."

Chapter 1040: Commander-in-Chief got it

At this moment, Li Tian frowned slightly when he heard the gadget in his ear yelling like Brigadier Wang Zhen's loud voice, and then said slightly: "Brigadier Wang, I heard it."

After hearing Li Tian's final answer, Brigadier Wang over there finally relaxed with a big rock in his heart.

"Scared me to death!" Brigadier Wang Zhen's light hissing voice came from over there.

"Li Tian, have you arrived at the hotel?" Wang Zhen asked.

Li Tian gave an "um", and then specifically told Wang Zhen and Wang Zhen about his position.

After hearing the position, Wang Zhen said: "I have arranged a lot of manpower around you... They are all dressed in casual clothes around the hotel, and our troops will be ready to support you at any time. When you see those gangsters, send us a signal. Remember, you must ensure your safety."

Hearing what Wang Zhen said, Li Tian smiled slightly and said, "Okay, I see."

Then Li Tian took off the small communicator in his ear and put it aside.

He was standing at the window at the moment, the sun outside was quite dazzling, Li Tian raised his eyes and looked at the crowd below, not knowing what he was thinking in his heart.

Ouyang Longyan quickly found the hotel where Li Tian lived.

At this moment, he had already put on a relatively ordinary costume, and walked in slowly from the front door with his head down.

After arriving at the front desk of the hotel, I saw Ouyang Longyan suddenly raised his eyes and looked at the front desk staff and said: "I have a friend who lives in your hotel... just called and asked me to come over, but my cell phone is dead , I want to ask, what floor does he live on now?"

After he asked in a low voice, the staff at the front desk didn't even look at him, and asked casually, "What's your friend's name?"

"His name is Li Tian!"

"Okay, I'll check it for you." The front desk staff said.

Then he quickly checked the housing information with the front computer.

"He is on the 6th floor, room 602." The staff member at the front desk said to Ouyang Longyan.

Ouyang Longyan whispered a thank you, then turned and walked outside.

The staff at the front desk saw that Ouyang Longyan did not go directly into the hotel. He was taken aback and shouted, "Hey, didn't you just say you want to go in and find your friend?"

However, Ouyang Longyan didn't pay any attention to him anymore, and hurried out of the hotel in front of him.

"What a weird person." The front desk staff murmured, and then he didn't think much about it, and then resumed his work.

The 39th Army Department.

When Mu Yunlong looked for Li Tian at noon, he found that Li Tian had not returned.

He said he was going to Binjiang City.

Mu Yunlong thought for a while and wanted to call a guard who was guarding Li Tian's account.

"Where is Tian'er? Haven't come back yet?" Mu Yunlong asked.

The guard quickly replied: "Report to the commander, Mr. Li has not returned."

Mu Yunlong frowned slightly and said: "Okay, I see."

But I was muttering in my heart, why have not been back in Binhai City for so long.

While the commander-in-chief was wondering, he suddenly saw the political commissar Zhou over there.

"Zhou Bo." Mr. Mu suddenly shouted.

After hearing the commander-in-chief's voice that week, the political commissar quickly walked over.

"Commander in chief."

"Do you know about Tian'er going to Binjiang City?" Mu Yunlong asked when he went up and looked at Zhou Bo.

When the political commissar heard about Li Tian from the commander-in-chief that week, his face suddenly became weird and his mouth hesitated.

"What's the matter?" Mu Yunlong asked with an ironic expression.

Zhou Bo was originally afraid of the commander-in-chief, but at this moment when he was asked such a question, he hesitated and couldn't say a word.

"Say? Are you dumb?" Mu Yunlong suddenly roared.

That week the political commissar looked at the commander-in-chief who was about to get angry, and said quickly: "Commander-in-chief...please punish me!"

When suddenly heard this week's political commissar actually said to punish himself physically, Mu Yunlong was taken aback, and then a broad hand directly raised the arm of that week's political commissar.

"What's the matter? Speak?"

"Did something happen to Tian'er?" Mu Yunlong said with flames in his eyes.

That week the political commissar quickly explained: "No, no, Li Tian is okay now..."

"He, he, he just lured the gangsters from the gate of hell." Political commissar Zhou finally told the truth.

He originally wanted to conceal the commander-in-chief, but when he really came to Mu Yunlong, he couldn't tell a lie.

When he heard his own grandson seduce the gang of gangsters, Mu Yunlong didn't understand, and dragged the political commissar Zhou in front of him and said, "You can tell me clearly, what is Tian'er doing now? What is meant by seducing the gang? The viciousness is gone?"

So that week's political commissar could only tell Li Tian's plan last night in full tears.

Mu Yunlong still had a trace of relief in his heart when he heard that his grandson had personally seduced the gang in spite of danger, but he was more concerned.

"You...you...how can you let... Tian'er do such a dangerous thing?" Mu Yunlong was full of anger, but he didn't know how to vent.

After all, he is the commander of the iron face, and it is not easy to block the face of his subordinates to protect his relatives.

Just listen to the political commissar of that week: "We have also discouraged him, but...he will do it anyway!"

Hearing what political commissar Zhou said, Mu Yunlong's stomach was full of fire, but he didn't know how to vent.

"Where is Wang Zhen? Where is Wang Zhen now?" Mu Yunlong roared.

"Brigadier Wang Zhen has already taken the troops to Binjiang City. If nothing happens, he should now be lying in ambush around where Li Tian lives."

Hearing Zhou political commissar saying this again, Mu Yunlong's eyes erupted with anger and said: "I tell you... If something happens to the sky this time, I, I, I..."

Mu Yunlong finally didn't speak, but the political commissar stood there stupidly that week.

"Prepare the car for me right away." Only Mu Yunlong roared.

Hearing that the commander-in-chief was about to prepare the car, the political commissar was slightly taken aback this week and said: "Commander...where are you going?"

"Go to Binjiang City!" Mu Yunlong said directly without even looking at him.

That week, the political commissar said: "Commander-in-chief... But Binjiang City is in danger now? Besides, Commander Wang and the others are preparing to surrender those gangsters."

"Stop talking nonsense, prepare a car for me." Only Mu Yunlong let out a cold roar.

The political commissar of that week had no choice but to prepare a vehicle for Mu Yunlong in a hurry.
