

A Killer 105

Chapter 105: Shen Feng's Secret

Shen Feng stared straight at Li Tiandao and said, "Brother, who are you on earth?"

After Shen Feng said this weird sentence, Li Tian was taken aback.

"What do you mean? Am I not me? Who else can it be."

Shen Feng kept staring at Li Tian's eyes and found that Li Tian didn't seem to be lying, but he continued to ask, "No, you must be hiding something from me."

"I'm hiding it from you? What do you mean?"

"You know martial arts, and you are even better than me." Shen Feng finally said.

After Shen Feng said this, Li Tian suddenly understood what happened.

It turns out this kid is for this.

Before, Li Tian had always said that he could not punch, but in the arena, one punch to kill the mighty deeds of the Muay Thai boxer, everyone was depressed, so Shen Feng of this meeting couldn't help asking.

"I really didn't want to hide from you, but..." Li Tian thought for a long time and didn't know what to say to Shen Feng.

Because he can't explain clearly, can he tell Shen Feng that he has read some tadpole texts, and after reading some weird patterns, he has become stronger? It is estimated that after listening to Shen Feng, he even thought it was nonsense.

Looking at Li Tian, Shen Feng couldn't tell, and he sighed and said, "Forget it, if you have any difficulties, you don't have to say."

"But brother, you saved my life. The thing that Shen Feng dislikes the most in my life is owing favor to others."

"From today, Shen Feng swears that this life is yours, Li Tian, what do you want me to do in the future, brother, what do I do." The words came out of Shen Feng's mouth.

In Li Tian's heart, there was unspeakable awkwardness. What does this mean?

"It's okay, I just..." Li Tian still wanted to speak, but Shen Feng stopped him.

"If you don't let me follow you, then you look down on my Shen Feng!"

Facing such extreme words from Shen Feng, Li Tian smiled bitterly.

"Then what do you want to do?"

Shen Feng twisted his head like a mummy for a long time and said, "I think you are the eldest brother. Although we are not brothers, I will definitely treat you like a brother."

Li Tian frowned.

"Brother righteous?"

"Yeah." Shen Feng said.

After thinking about it, Li Tian finally smiled bitterly: "All right then."

"From today I will call you Brother Li. No, I should be called Brother Tian. Brother Tian called domineering." Shen Feng said with a smile.

This smile affected the pain on his waist ribs, and grinned with pain.

At this moment, the beautiful Xia Xue outside came in from outside.

When he went up, he gave Shen Feng a blank look: "What is so happy? Even the injuries on your body don't hurt?"

"Oh, it hurts to death, Sister Xue, if you don't believe me, rub it." Shen Feng said with a shameless smile.

"Go to hell." Xia Xue said with a smile.

Shen Feng said to Xia Xue, "Sister Xue, I have something to tell you."

Xia Xueliu raised her eyebrows and looked at Shen Feng: "What's the matter?"

"I will officially become Tiange's younger brother from today." Shen Feng said boldly.

Xia Xue was startled slightly, glanced at Shen Feng, and then set his eyes on Li Tian's face.

"What are you doing?"

"It's nothing, I will recognize him as the elder brother from now on. Grandma's eldest brother who can beat me, if I don't recognize me as a fool, I will follow him to ensure that I will not suffer in the future." Shen Feng smiled at Li Tian Say.

Xia Xue turned her pretty face and glanced at Li Tian who was standing on the side with a smile and asked, "Really? Do you recognize such a person as a little brother?" As she said, she stretched out her fingers and pointed at Shen Feng who was lying on the bed. .

Li Tian smiled helplessly.

"Two neuroses."

When Xia Xue finished speaking, she smiled and walked outside.

Li Tian and Shen Feng were left laughing.

For Li Tian, maybe he didn't listen to Shen Feng's words in his heart, but a weird person like Shen Feng really took Li Tian as his future elder brother.

—

One day passed quite quickly, during which Shen Feng had been recovering from his injuries.

The medicine that was prescribed was quite good, and Shen Feng recovered fast enough.

During this day, except for staying in Xia Xue's small restaurant, Li Tian was studying the book by himself.

He now wants to gather all his time on that book.

For the first time I felt that Li Tian, who had the powerful tricks in the book, was extremely excited, and he was completely involved in the book.

Now Li Tian has learned the first three pages of the second chapter.

The first page is grasping, the second page is boxing, and the third page is massage.

The massage technique resembled Tai Chi and Wing Chun, with only one essential point.

Li Tian sat there and experienced this massage technique, as if the whole person could **** the opponent, and the main key of this massage man was traction, and the other was speed.

As if sucking the opponent, the opponent can't move, and then relying on the quick attack technique to make the opponent fall to the ground.

Li Tian, who was completely immersed in that book, tirelessly absorbed the new feelings that the book brought to him.

After reading the Tuina article, Li Tiancai let out a sigh of relief and stood up.

At this time, he felt extremely smooth all over.

A man lying bored in Shen Feng's room just wanted to find something to see.

When they all went to the front place, they glanced around at random and found that there was a leather suitcase under the little bed where Shen Feng was sleeping.

Li Tian was taken aback for a moment, then walked over, bent down and took out the leather suitcase from under the bed.

Heavy enough.

After pulling it out, Li Tian found that the leather box was covered with dust.

After wiping the dust on it with a quick-rag cloth, Li Tian found that the leather box was pretty good, with an English letter logo on it: BTUUIL.

How can he know what this BTUUIL brand represents? Represents luxury and wealth.

After taking out the leather box, Li Tian slowly stretched out his hand to open it. This leather box seemed to have been sealed here for a long time, and even the code lock was not locked.

After opening, a smell of dust came out from inside.

Li Tian hurriedly covered his nose and blinked to look at it, but he saw many photo frames inside.

There are also photos on the frame.

Taking it out and taking a closer look, Li Tian was shocked to find that Shen Feng was on the photo? It's just that Shen Feng above is handsome and handsome, wearing a brand-name suit, and behind the camera is a huge villa.

Looking at another photo, it seems to be Shen Feng's family portrait. In the middle, a man in a suit with piercing eyes is holding his son Shen Feng, and on the other side is a beautiful woman.

Is this the family photo of Shen Feng?

The photos in it are basically his family's, and from the photos, Li Tian finally knows that Shen Feng is really a very rich, very rich man.

But why did this kid suddenly become nothing? What kind of secret is there?
