

## **A Killer 1061**

Chapter 1061: Brothers are coming

After Li Tianwen spoke, a horrible look of hatred appeared in the bloodshot eyes of Opteron.

"I don't know who they are..." Opteron said slowly.

"But I can recognize them!"

"It's them... they took the commander-in-chief!"

Hearing what Opteron said, Li Tian quickly asked again: "What do they look like? Tell me, tell me." A \*\*\*\* hatred rose directly from his heart.

"There are two identical guys... They are twins, they use weird Moonblade weapons, and the other man is a tall, thin, zombie man... He wears black clothes with a black dragon on his arms. Tattoo."

After Opteron described their identities, Li Tian frowned for a moment.

Li Tian has never seen such three people? And in the so-called gate of hell, I have never seen this person before!

Is it really a new and vicious character from the gate of hell?

Black door!

Suddenly Li Tian remembered the imprisoned ecstasy and the clues to the Black Gate that Ouyang Longyan had told him. Li Tian was now very suspicious that the three characters mentioned in the mouth just now were the beasts in the Black Gate. Character?

Just as Li Tian frowned and thought about the problem, Bai Long suddenly got ready to sit up with difficulty.

Li Tian stared at the white dragon who was about to sit up for a moment, and then he saw the scary bloodstain behind the white gauze...and his back covered with scars, like a terrifying totem. .

"Li Tian, don't worry, I swear, I will find the commander-in-chief!"

"I will personally kill the man who took the commander-in-chief!" After Zhao Long sat up straight, he suddenly stretched out his hand and tightly grasped Li Tian's arm.

The perseverance from his arm can feel his ambition.

Li Tian looked at him and nodded.

"Ok!"

"I also believe that you think you have this ability."

Opteron had no words, but just straightened his scarred body, his eyes were burning like a raging fire.

After seeing Opteron, although Li Tian wasn't sure who the group of people who took his grandfather was, he already knew at least what the group looked like.

And he also knew something about Opteron!

That's because when Li Tian was about to leave the military hospital, some soldiers in the corridor were whispering and heard by him.

Just listen to one of the soldiers saying: "Hey, do you know how the strong man Opteron was injured?"

"How do you feel?"

"I heard that Opteron could have escaped by himself at the time, and the group of hijackers was not his opponent at all... But Opteron did not leave to save our commander-in-chief!"

"Moreover, in order to save the commander-in-chief, he used his own life for the commander-in-chief's order... Did you see the gunshot wound on his body? It was the gang who threatened him with the commander-in-chief's order at the time, so Opteron shot himself gun!"

"Huh? Are you talking about Opteron hitting himself with a gun?"

"Yes!"

"Otherwise, how could those \*\*\*\* hurt Opteron!"

...

Listening to the soldiers in the aisle in front of him, Li Tian finally understood why Opteron was injured?

Why did you say such awesome words just now!

It turns out that he was injured because of his grandfather!

Thinking of this, Li Tian not only showed more and more admiration for Opteron.

But at the same time, the enemy was even more angry in his heart. It was so cruel, it was even worse than a beast.

Drive quickly to the top of two cross-country military vehicles in the North China Field Military Region.

But I saw an excited voice rang in the car.

"Sick ghost, let me just say, the little boss will definitely not have an accident..."

"How can the animals at the gate of \*\*\*\* be able to catch our heavenly brother? You say yes?"

Looking closely, it turned out that Li Tian's brother, Tang Xiaolong, was sitting in the car, but he said with a grin and haha.

On the other side are the sick scholar Chen Qiaozhi, Duguxie, and the ghost servant.

Chen Qiaozhi on one side also smiled.

"Li Tian is really troubled, but fortunately he is fine!"

"Yeah! I can finally rest assured." Old Monster Ge also squinted and said with a smile.

"The reason why the young master is able to turn good times is because his martial arts are getting more and more unfathomable." The ghost servant suddenly said on the side.

Tang Xiaolong said: "Master, why is our Heavenly Brother getting better and better? What kind of kung fu has he learned?"

"Did you teach him to Senior Dugu?"

The ghost servant faintly smiled and shook his head.

"We haven't taught the young master... His kung fu was realized by himself!"

"And the kung fu he learned... but the most powerful kung fu." The ghost servant said with satisfaction.

"Is it?"

"Master, can the ghost shadow fist you teach me do some tricks in the hands of the little boss?"

Tang Xiaolong said with a smile.

During the period of Tang Xiaolong's apprenticeship, the ghost servant taught Tang Xiaolong a set of shadowless boxing, named Ghost Mizongquan. This set of boxing is the famous boxing method of the ghost servant. The punches are surprisingly fast. There is no Quan Ying, so the name is Ghost Shadow Mizong Quan.

Because Tang Xiaolong himself had been immersed in the army, he quickly learned this set of boxing techniques.

Now he can play Wuying Fist.

At this moment, following Tang Xiaolong's question, the ghost servant smiled and said, "Then I don't know."

"Hey, when I see the little boss, I will sign with him." Tang Xiaolong said.

It turned out that Li Tian asked people from the North China Military Region to contact his brothers, and people from the North China Field Army quickly reached Yongzhou and contacted the brothers... After telling the brothers that Li Tian had escaped from the gate of hell, the brothers don't mention it in their hearts. How excited they were, so they hurriedly came here to meet Li Tian in a military vehicle of the North China Field Army.

And now the brothers don't know what happened to the North China Field Army.

I saw Duguxie over there expressing relief and said: "So it seems that our young master should have already recognized the old commander Mu!"

The ghost servant next to him said: "It should be."

"Originally, I thought they might have a lot of problems when they recognize each other... Now it seems that I'm worrying too much." Ghost servant said.

"A relative is a relative after all!"

"Besides, the things of the previous generation have nothing to do with this generation! Do you think so?"

"Second brother is right!" Ghost servant also said.

"Master, do you say that our little boss has already recognized Commander Mu? Doesn't that mean that our Heavenly Brother is now the grandson of the commander-in-chief of the North China Field Army?" Tang Xiaolong said excitedly.

Chapter 1062: Strong "backing"

The ghost servant smiled slightly and said, "Of course!"

"Wow!"

"Great!"

"I wiped it. In the future, we will have Commander Mu as the last shield of the backer. I don't believe that the \*\*\*\* at the gate of \*\*\*\* dare to move Heavenly Brother!" Tang Xiaolong said with a smile.

"Who dares to move our little boss, grandma, drove the tank directly to his hometown."

The ghost servant smiled and said, "Can the army be so undisciplined?"

"Hey, I'm just talking." Tang Xiaolong smiled.

The ghost servants and Duguxie also laughed.

In fact, according to what they two meant, even though they said so, they were indeed like what Tang Xiaolong said just now.

After being exposed as Li Tian, the attacks and dangers he suffered have come one after another. Now that he has finally found his grandfather, it is of course the best choice, because at least one thing can be guaranteed, that is The influence of the North China Field Army is absolutely huge.

After all, Li Tian's grandfather belonged to the North China Field Army

If the North China Field Army can be used as a strong backing for Li Tian, then it will be of great help whether it is to seek revenge from the gate of \*\*\*\* or to protect Li Tian.

This also saves the two of them worrying about the safety of their young master.

However, they never thought that before they reached the North China Field Army, a major event had happened there!

And the thing that Commander Mu Lao, the commander-in-chief of the North China Field Military Region, had already been hijacked, the most shocking thing for them was that they didn't know it yet.

The car in the front is all their men, while the car in the back is all women.

The first thing that caught my eye in the car was a delicate face of melon seeds.

It's just that this delicate face of melon seeds has a slight haggard feeling.

It's as if this beautiful face has encountered something before.

She is Duanmuying.

Originally from Li Tian was taken away by the \*\*\*\* gate, Duanmuying was worried to death. She kept searching throughout Yongzhou City all day. She tried to find Li Tian in a certain place, but it was all in vain.

After finally hearing people from the North China Field Army Military District say that Li Tian had escaped from the \*\*\*\* gate and was still in the hands of the North China Field Army, she finally let go of a big rock in her heart.

At this moment, the pretty face was full of expectation of preparing to see Li Tian.

Sitting on the other side was her little girl ring, and on the other side was the beautiful Baihua Fairy.

Ever since Baihua Fairy saw Li Tian, she was ready to protect her young master, looking for her former elder brother, Cthulhu. After experiencing this, Baihua Fairy sold her Haojue nightclub directly... The remaining property in Huajie was also handed over to the girl named Yue'er who had been loyal to her before. Now she is nothing but loose, only going to follow Li Tian to find the enemy of the year.

At the moment in the car, I saw that Baihua Fairy was pulling on Duan Muying's slender wrist, with a smile on his face: "Tian'er is really blessed to be accompanied by a good girl like you."

Hearing Baihua Fairy's compliment to herself, Duanmuying's delicate and pretty face flushed slightly, revealing a hint of shyness.

"Hey, I just don't know that girl is there now." Fairy Baihua suddenly sighed softly.

The other girl she was talking about?

Of course it was Situ Ningbing!

She is also Li Tian's favorite woman.

When she heard Situ Ningbing's name, Duanmuying's delicate and pretty face also showed a slight worry.

To be honest, she didn't know where Situ Ningbing had gone, that stubborn and cold girl, in search of Li Tian... I didn't know where she was at this moment.

According to the truth, Duanmuying and Situ Ningbing are rivals in love, but after so many days of getting along, they have long been like sisters. Now that Situ Ningbing disappeared, she was also very worried to be honest.

After gently stroking Qingsi with her hand, Duanmuying Hongyan's small mouth opened and said: "I believe she will be fine... and she will definitely meet us right away."

"Hmm!" The fairy Baihua also said softly.

"Tian'er is already with his grandfather now, I believe he must miss you very much." Fairy Baihua smiled softly in front of him.

When Duanmuying heard the Baihua Fairy talk about Grandpa Li Tian, she was slightly taken aback.

"His grandfather?"

"Yes! Didn't Tian'er tell you that his grandfather was the commander-in-chief of the North China Field Military Region?" Fairy Baihua said.

Duanmuying shook her head slightly, but she was still looking forward to it.

"I have a question, can I ask you?" Duan Muying suddenly blinked her eyes curiously and said to Fairy Baihua in front of her.

Fairy Baihua smiled softly and said, "Yes, ask..."

"I want to ask, what kind of woman is Li Tian's mother?" Duanmuying suddenly blinked her beautiful eyes and asked.

After Duanmuying suddenly asked this question, the fairy Baihua smiled.

Then I just listened to Fairy Baihua thinking for a while with that beautiful face upturned and said: "Tian'er's mother is the most beautiful woman I have ever seen in the world...and the best woman!"

After Fairy Baihua said so, Duan Muying blinked her beautiful eyes and said, "I really want to see her..."

After Li Tian asked about the situation of the Opteron, he finally knew in his heart who had taken his grandpa away!

Although he wasn't sure whether the people that Opteron was talking about were from the gates of hell, at least he knew what the person who took his grandfather looked like.

Now the entire Binjiang City has full powers of martial law, not to mention that a car wants to leave Binjiang City, even if a person wants to leave Binjiang City, they must be rigorously searched.

Not only is Binjiang City now stationed with a large number of troops, even the police have begun to cooperate with the military.

Although the citizens of Binjiang City don't know what horrible situation has happened this time, they can almost tell from the faces of the tense army and the police who searched it that something big must have happened this time.

However, after Li Tian returned to his room, he calmed down and started trying to find clues.

Now his grandfather has been taken away!

To a large extent, the other party is definitely still in Binjiang City...because based on time calculations, no matter how powerful the opponent is, no matter how fast they move, it is impossible to leave Binjiang City in less than 2 hours...

Since knowing the news of the commander-in-chief's abduction for the first time, the entire Binjiang City has begun to implement martial law with full powers, and the entire city has also been upgraded to the state of first-level security, so Li Tian currently feels that his grandfather was abducted. People are definitely still in Binjiang City.

Then Li Tian began to think about how to find those bastards!

Chapter 1063: One wave is not flat, another wave rises

In a room full of blood, two \*\*\*\* corpses were being dragged by two people, pulling towards one of the storage rooms.

Both dead bodies had a fatal wound in their bodies, the shape of the wound resembling the shape of a scimitar tooth.

One is a woman in her 30s, and the other is a teenager only.

Who killed such two people so cruelly?

Look closely at the two guys dragging the two bodies.

Their faces were gloomy, and their faces didn't show the slightest pity when they dragged the corpses, as if these corpses were commonplace.

Two identical guys.

These two people are the figures of the black gate in the gate of hell.

As they dragged, scarlet blood was left on the ground.

On the other side, but seeing the thin and tall zombie-like man Long Yin standing there quietly, he did not look at the two corpses here, but instead focused his eyes on the outside of the window. Case.

Finally, the two identical guys walked out after dragging the body in.

"Boss Long, when will you leave here?" Suddenly the two of them asked Long Yin with the same reputation.

The one called Long Boss was the terrifying figure in the Black Gate, and Long Yin was also the vicious guy who hijacked Grandpa Li Tian.

After they asked, they saw Long Yin slowly turning his head, and said coldly, "I can't go now!"

"Martial law is all over outside... I'm afraid we will stay here for a while."

Listening to Long Yin saying this, the two identical guys looked at each other at this moment.

"However, the master asked us to go back immediately!" the two of them said again.

After hearing the words of the master, Long Yin's pale and terrifying face showed a strange look.

"If you are not afraid of death, you can go by yourself."

As Long Yin said in a cold voice, the two twins were speechless.

"Besides, things here are not over yet!" Long Yin suddenly said with a smile.

After hearing what Long Yin said, the two twins were slightly taken aback, and asked, "Boss Long, what else is there?"

"Didn't we have captured the commander-in-chief of the North China Field Military Region? Didn't we complete the mission?" Only the two twins asked curiously.

It turns out that the kidnapping of the commander-in-chief of the North China Field Army was actually meant by the master behind the gate of hell!

But seeing that Long Yin sneered, then shook his head weirdly.

"Do not!"

"not yet!"

"Don't forget that there is a holy thing still in the hands of the kid surnamed Li!" Long Yin suddenly said with an evil smile in his mouth.

"Holy object?" The two twins didn't know what the holy object was in Long Yin's mouth.

"The heavenly book pill scroll among the three ancient relics."

After that Long Yin spoke out, the twins in front of him were stunned.

Tianshu Danju?

The heavenly book pill scroll among the ancient relics?

Everyone knows the secrets of the three ancient relics, especially in the gates of hell... But this time their master didn't let them \*\*\*\* the heavenly book pill scroll? Why did Long Yin suddenly \*\*\*\* the book that day? What happened?

When Long Yin said that he was going to \*\*\*\* the heavenly book pill scroll, one of the two twins was stunned and asked, "Boss Long, the master doesn't seem to let us \*\*\*\* the heavenly book pill scroll, right?"

"Although the master did not let us do it, it does not mean that I will not do it." Long Yin said suddenly.

The two twins suddenly said: "But, Boss Long, this is disobedience...If the master knows about it, I'm afraid..."

"Why? Are you scared?" Long Yin suddenly sneered at the twins in front of him and said strangely.

When the two twins heard Long Yin say this, their faces showed hesitation and did not speak.

"The master has always wanted to seize the heavenly book pill scroll, but unfortunately it has not been realized... I did this to solve the problem for the master in advance! If we can successfully get the book pill scroll of that day, the master will not punish us. On the contrary, he will definitely reward us." Long Yin said with a smile.

After he said this, the two twins also fell into conflict. The two of them didn't know if it was right or wrong.

"The Xuanyuan sword from the ancient relics, and the phoenix picture of the blazing fire are in our hands. The only thing left is the Book Pill scroll that day. Once the Book Pill scroll is obtained, then we can help the master open the top of Tianshan Mountain. The gate of the restricted area...At that time, the master will definitely reward us heavily, and now the Heavenly Book Pill scroll is in the hands of the boy named Li...As long as we work a little bit, we can get it."

Listening to Long Yin saying this again, the two twins nodded silently.

"Okay!" The two of them finally agreed to help Long Yin seize the book that day.

After Long Yin saw the two nodding their heads again, his mouth showed a weird smile... His eyes looked strangely at the cloudy sky outside the window, and his mouth whispered strangely: "The storm is coming..."

"Help me see which old man surnamed Mu...Don't let him die. If he dies, then it will be of no value to us." Long Yin paused for a while and suddenly turned his head to look at the two twins. Say.

The two twins nodded slowly.

"The entire Binjiang City is now under complete martial law... It seems that we have stabbed a lot of hornet's nest this time... or stayed here for a while. When the situation gets better, we will do it! We will \*\*\*\* the heavenly book pill scroll immediately Leave here." Finally, Long Yin said.

It turned out that Long Yin and the two twins around him did not leave Binjiang City after kidnapping Old Commander Namu.

Instead, they hide in Binjiang City, and now they have full martial law outside. It is completely impossible for them to leave Binjiang City with a big living person like this, so they can only hide here now.

And it seems that they will start again, against Li Tian! Snatch the heavenly book pill scroll that Li Tian brought on him.

What does Long Yin want to do?

Why did they do this against the meaning of their \*\*\*\* gate master? I'm afraid only his own domineering ambition will know it.

Although the entire North China Field Army said that everyone was anxious, it was indeed difficult to find such a person in a huge city.

So at this moment they are still busy. During this time, whether it is the officers who go to the North China Field Army or the soldiers below, everyone has a downturned look on their faces.

Chapter 1064: Brothers meet

At this moment, two military vehicles were seen driving towards the North China Field Army from a distance.

As the car reached the headquarters of the North China Field Army, it stopped in front of it.

Then I saw Tang Xiaolong and other brothers coming out of the car. It turned out that the brothers rushed to the North China Field Army.

"These people... are they?" The soldier standing at the door pointed to the Li Tian brothers who got off the car and the others. Of course, he didn't know Tang Xiaolong.

One of the soldiers who brought them replied: "These are Li Tian's brothers."

After hearing Li Tian's name, the soldier was stunned for a moment, and then remembered, it turned out that it was the newly recognized grandson of their commander-in-chief.

So he said: "Okay, go in!"

After finally letting go, Tang Xiaolong and his brothers walked towards the military area with excitement.

The mighty army and the neatly arranged chariots are so majestic.

Let the brothers look sighing!

"The army is really an army... domineering!" Old Monster Ge over there murmured.

Even characters like Duguxie and Ghost Servant, after seeing the formation of the North China Field Army, were not only a little bit stunned.

At this moment, they looked around like "farmers" from the countryside entering the city, raising their eyes.

"You said that when our brother Tian sees us, will he be excited?" Tang Xiaolong said with a smile.

"Nonsense, of course I will get excited, haha."

"Also."

"But I want to see the legendary Jagged Commander, Mr. Mu!" Tang Xiaolong suddenly rolled his eyes and said.

"Why?"

"I've heard of Commander Mu's name when I was in the army before, and the majesty in the army is definitely awesome... If I can see his old man with my own eyes, I will live two years less in my life. It's worth it." Tang Xiaolong said with a smile.

"You can see it later, don't worry." Chen Qiaozhi over there also said with a smile.

The brothers now don't know what happened to the North China Field Army. At this moment, they just went to see their long-lost brother with an excited state of mind.

"Commander Mu is our heavenly brother's grandfather, hehe, our brothers will be awesome from now on... Sick ghost, right?" Tang Xiaolong laughed as he walked.

Chen Qiaozhi laughed and said, "Who is like you!"

...

"What's wrong with me? Is this true!"

Li Tian, who was in the North China Field Army Military Region, was thinking about what to do next, when he suddenly heard the voice of Political Commissar Zhou outside.

Li Tian raised his head in a daze, and saw the political commissar coming in that week.

"Li Tian." After the political commissar Zhou came in, he called Li Tian's name.

"What's wrong with Political Commissar Zhou?" Li Tian asked.

"Your brothers seem to be here." Political Commissar Zhou said there.

Hearing what the political commissar Zhou said suddenly, Li Tian was stunned for a moment, and then suddenly stood up from his seat.

"what?"

"My brothers... are they here?"

"Are they there now?" Li Tian asked with excitement.

Li Tian did not expect his brother to come so quickly! He arrived here when he was most disappointed. Of course, he was most excited in his heart!

Just listen to the political commissar that week said: "It's in the brigade headquarters of the military region."

"Take me there!" Li Tian ran directly outside and said.

That week, the political commissar also responded, and quickly ran to the brigade headquarters with Li Tian in front of him.

When Li Tian and Zhou's political commissar quickly arrived at the brigade, they saw their long-lost brothers at first sight.

"Little Dragon...Qiaozhi, Ghost Servant..."

Standing at the door, Li Tian shouted his brothers excitedly.

"Little boss!"

"Li Tian."

"Little Lord!"

Then I saw Tang Xiaolong hugged Li Tian in front of him like a woman like crazy...

The two brothers hugged tightly.

And behind Chen Qiaozhi and Old Monster Ge, and Na Aqiu ran over quickly.

"Little boss, I want to kill you." Tang Xiaolong said with red eyes, but there was an excited smile on his face.

Li Tian also clutched his brother's shoulders tightly and said, "I miss you too!"

"Are you all okay?" Li Tian asked Chen Qiaozhi and Ah Qiu behind him.

They nodded happily and said, "Okay, everyone is fine!"

"Young Master!" The Duguxie and the ghost servants over there also quickly walked to Li Tian's side, staring at him intently.

"You are here, it will be fine if you are here." Li Tian said sincerely looking at the ghost servant and Duguxie.

"Our brothers are reunited again."

"Damn the gate of hell, just because they want to take our little boss away, grandma is just wishful thinking."

"By the way, little boss, how did you escape from those bastards?" Tang Xiaolong asked with a smile.

Li Tian said slightly: "I'll talk about this later."

As he said, he quickly walked towards Duanmuying and Fairy Baihua on one side.

"Auntie Hua." Li Tian called out cordially after walking over.

The Baihua Fairy also took Li Tian's hand, her beautiful eyes flushed and said: "Tianer...finally found you!"

"The people at the gate of \*\*\*\* took you away, but Aunt Hua was scared to death."

Li Tian smiled and took Baihua Fairy's hand and said, "Don't worry, Auntie Hua, I'm not that easy to die yet."

Fairy Baihua groaned and said, "Fool, you won't be allowed to say dead or dead in the future."

"Yeah." Li Tian looked like a child in front of Fairy Baihua.

Then Li Tian turned his eyes to Duanmuying on the other side.

Looking at her delicate and pretty face, Li Tian suddenly stretched out a hand and took her slender arm.

Duanmuying blushed pretty shyly, trying to avoid it, but was held tightly by Li Tiangi.

"So many days, are you okay?" Li Tian asked, looking at Duanmuying with concern.

Duanmuying's beautiful eyes were slightly red, but she tried her best to endure it. She glanced at Li Tian in front of her and said, "Okay, of course it's fine."

"It's just that I'm worried about you!"

Li Tian looked at her beautiful face and whispered, "Is it just worried?"

With that said, Duanmuying's pretty face became even more blushing. Fortunately, Li Tian's voice was relatively small, so the brothers did not hear her.

After Li Tian greeted Duanmuying in front of him, his eyes began to look for another "her" figure.

But in the whole room, the only figure of "her" was not seen.

"Where is Ningbing?" Suddenly Li Tian asked in horror.

When Li Tianwei didn't find his favorite Situ Ningbing, he not only raised his eyes and looked at the brothers in front of him in doubt.

Hearing Li Tian's question all of a sudden, the brothers suddenly looked embarrassed and fell silent. Even Duanmuying and Fairy Baihua didn't speak.

Chapter 1065: impossible

When Li Tian saw the change in their expressions, he felt a bit in his heart.

"what happened?"

"What happened?"

"Where is Ningbing?" Li Tian suddenly asked in a loud voice, and at the same time he felt an extremely bad premonition in his heart.

But when Li Tian was most worried, the ghost servant suddenly came over and said, "Miss Situ is missing."

When the ghost servant suddenly heard that Situ Ningbing was missing, Li Tian was stunned.

"What do you mean?"

"How could Ningbing disappear? Where did she disappear?" Li Tian suddenly grabbed the ghost servant's shoulders and asked.

The ghost servant sighed: "After you were captured by the people of the gate of \*\*\*\* that day, we started looking for you everywhere, because we were all scattered looking for you... so Miss Situ looked for you alone... We searched for a few days and didn't find your trace, so we were ready to discuss the next step, but we didn't expect Miss Situ to insist on looking for you... In the end there was no whereabouts of her..."

When the ghost servant in front of him said that Situ Ningbing had disappeared to find himself, Li Tian suddenly felt like a needle stick in his heart.

His favorite Ningbing is not here now, where has she been?

Li Tian didn't know, he just stood here in pain in his heart at this moment and confused.

"Young Master, rest assured, Miss Situ will be fine." Duguxie over there finally walked up slowly to look at Li Tian and comforted.

Li Tian didn't speak, just stood there.

After a long time, he let out a sigh of relief.

"After the matter here is settled, I will go to her!"

"Whether to the ends of the world, I must find Ningbing."

Li Tiandao.

The brothers did not speak.

After Li Tian sorted out his mind, he tried to cheer up again. Although he said that his favorite Ningbing is missing now, it cannot be said that Ningbing is dangerous so far. She went to find herself. , I believe that there should be no major difficulties, and her martial arts is not weak!

Most people couldn't hurt her at all. After thinking of this, Li Tian was relieved.

Looking at the brothers at this moment, there was a burst of joy on his face again.

"You are here, that's it! I can finally help me overcome the difficulties in front of me." Li Tian suddenly raised his eyes and looked at the brothers.

The ghost servants and Du Guxie in front of him looked at Li Tian's eyes, and found that there was a lot of tiredness in his eyes, and there were bloodshots in the corner of his eyes. In this state, the two of them looked at them. I know it is caused by frequent lack of sleep.

At this moment, I heard Li Tian say this weirdly again, and immediately asked: "Young Master, what's the matter? Is there something going on here?"

Just after the ghost servants and Duguxie carefully saw the clue and asked, Li Tian nodded with a bitter smile on the corner of his mouth.

"Yeah! Something really happened here." A word came out of Li Tian's mouth.

After Li Tian said it, the brothers were taken aback for a while, and quickly asked, "Little boss, what's wrong? What happened here?"

"Yeah, Li Tian, what's the matter?" Brothers asked Li Tianzai, staring at Li Tian in front of me at the moment.

After the brothers asked questions, Li Tian began to prepare to tell them the truth.

"You may not know... Hey, my grandfather was taken away!"

When Li Tian said this sentence, all the brothers in front of him were stunned.

"what?"

"Commander Mu?"

"You mean Commander Mu Yunlongmu was taken away?"

"Nonsense, of course it is Commander Mu! Does our brother Tian have a second grandpa?"

Whether it was Duguxie or the ghost servant, and the brothers around him, all looked at Li Tian with extremely unbelievable expressions...

How can they believe this truth! ! !

The commander-in-chief of the dignified North China Field Army was arrested?

Real or fake?

After Li Tian suddenly said that his grandfather was taken away, the brothers who had just arrived in the North China Field Army were of course unacceptable.

Especially that Duguxie and ghost servants.

Originally, the two of them also thought that with the name of the old commander and the strength of the huge North China Field Military Region, they could protect their young master in the future, and could also serve as a powerful backing for Li Tian in the future! But now I didn't expect Li Tian to say that his grandpa was taken away?

"Young Master, what happened?"

"Yeah, my god, what is going on here?"

"Impossible? Who dares to touch Old Commander Mu? Is it because I am impatient?"

After the brothers asked in surprise, Li Tian told all the things he had encountered in the past few days, from how he escaped the control of the gate of hell, to finally he went deep into Binjiang City, And in the end, Commander Mu was taken away.

When the real truth came out of Li Tian's mouth at once, the brothers in front of him were stunned.

After they suddenly learned about this, they all became speechless.

"Who is so bold?"

"Could it be that he is from the gate of \*\*\*\*\* again?"

"But what does the people at the gate of \*\*\*\*\* have to do with the old commander? Why do you want to arrest the old commander Mu?"

"I think it's just a bunch of desperate bastards! Even the commander-in-chief of the North China Field Military Region dare to move? I don't want to live anymore!" Tang Xiaolong shouted there.

Duguxie and the ghost servant on one side also turned extremely ugly.

"No wonder, when I first arrived in the North China Field Army, I saw strange looks on the faces of the soldiers. I didn't expect such a big thing to happen in the North China Field Army."

"Young Master, don't worry!"

"Since the other party dared to arrest Commander Mu, he must also know the prestige of Commander Mu, so I guess Commander Mu will definitely be fine for the time being." Duguxie said over there.

Li Tian nodded and said: "I can still be sure of my grandfather's current safety, but I am rather strange that those \*\*\*\* don't know what to do with my grandfather."

"Young Master, do you think it is from the gate of hell?" Only the ghost servant asked.

Li Tiandao: "Ninety percent of them are done by the people at the gate of hell."

"Except for them, no one dares to have such courage."

"And I believe my grandfather's affairs must be caused by me."

When Li Tian said this, a look of guilt appeared on his face.

Chapter 1066: Get off the horse

After hearing Li Tian tell the truth that his grandfather was taken away, the brothers who were so excited after seeing Li Tian were all depressed. None of them would have thought that such a major event would have happened in this North China Field Military Region.

Not to mention that Li Tiancai's grandpa, whom Li Tiancai had just recognized for a few days, would be taken away like this.

Tang Xiaolong looked at his Tian Ge with a helpless and painful look on his face and walked over, comforting Li Tiandao: "Little boss, don't worry, I believe the old commander will be fine."

"The \*\*\*\* wouldn't dare to touch the old commander even if they had the courage!"

"Unless they are really tired of living!"

Listening to Tang Xiaolong's words, Li Tian smiled bitterly.

The Duguxie and ghost servants over there walked over and looked at Li Tiandao: "Young Master, what are you going to do now?"

After listening to the questions of Duguxie and the ghost servant, Li Tian hesitated, and then said: "I believe those people are definitely still in Binjiang City."

"It's just that I'm not sure when they will show up... Now they must have something to do with my grandpa who robbed me. Anyway, it's to deal with me, so if I guess right, the other party will come sooner or later. I."

After hearing Li Tian say this, Du Guxie and the ghost servant paused, and then did not say much.

"No matter what...you have come here all the way, go take a rest first!" Li Tian looked at the brothers and said.

The brothers were not polite. They had travelled all the way to here, and it really made them tired, so they nodded at this meeting, ready to rest,

Li Tian called the political commissar outside Zhou to arrange a few free houses. The political commissar knew that these people were Li Tian's brothers, so he politely arranged a few soldiers to find houses and let them. take a break.

But Li Tian himself returned to his room.

When he was halfway there, two soldiers hurried over to look for him.

"Mr. Li, our Army Commander Lu has a request." Suddenly, only the two soldiers said.

Li Tian was taken aback for a moment, his heart lined up: Commander Lu?

Could it be that Lu Yunfeng, the commander of the 27th Army who was at the gate of the military hospital before?

I heard that Wang Zhen simply told myself that Lu Yunfeng had a very good relationship with his grandfather and was still a closed disciple of Commander Mu, but that Army Commander Lu's temper was notoriously bad in the entire army, iron-blooded and brave. .

Basically no one in the army dared to offend him.

Hearing the words of the two soldiers in front of him, Li Tian was slightly surprised: Why is Army Commander Lu looking for himself?

But even though I thought so in my heart, he smiled on his mouth and said, "Okay! Please lead the way."

The two soldiers saw Li Tian agree so readily, so they said: "Yes!"

Then the two took Li Tian and walked quickly towards the 27th Army barracks.

All the soldiers passing by were all sturdy and brave, and the cold guns in their hands revealed a cold breath.

After Li Tian followed the two soldiers to the outside of the 27th Army barracks, Li Tian heard an unhappy roar from the command post.

The sound was fierce and powerful, just like the roar of a tiger going down the mountain.

"Check it out for me... if the hotel can't find it out, just give me a door-to-door check. I don't believe that the person who took the commander-in-chief can go to heaven!"

"I'm telling you, I can't find any clues to the commander-in-chief anymore, you guys...you all get me home and go farming, don't stay with my North China Field Army... ashamed!"

...

Hearing the roar of the command post from a distance, the two soldiers who led Li Tian toward this side frowned deeply, but what about Li Tian? It was also a secret in my heart, this Army Commander did not seem to have a good temper, but his affection for his grandfather was really good enough, Li Tian thought to himself.

With this thought in mind, Li Tian followed the two soldiers into the command post.

When I walked in, I saw the burly Lu Yunfeng, Commander Lu, and the officers around him who had just been reprimanded with their heads down.

"Report to the commander, Mr. Li is here." Only the two soldiers who walked in said standing right there.

After they finished the report, Lu Yunfeng slowly turned his eyes and saw Li Tian standing behind him.

Of course, Li Tian also saw Commander Lu of the 27th Army at this time,

The two people looked at each other with their eyes facing each other.

Lu Yunfeng's gaze revealed the majesty of a soldier. He looked at Li Tian in front of him and looked up and down.

However, Li Tian stood still like a bell, standing there as steady as a rock, with a smile on his face.

The officers behind Army Commander Lu were also curiously looking at Li Tian who walked in, and they were all muttering in their hearts: Is this the grandson of their commander-in-chief?

Because these 27th Army officers have just returned from abroad, they have never seen Li Tian. At this moment, after seeing Li Tian, they not only looked at him carefully,

"Let me introduce to you, this one? I heard it is the grandson of our commander-in-chief!"

Commander Lu in front of him suddenly said to the large group of officers behind him.

After speaking, the officers were all talking quietly.

"How come the commander-in-chief suddenly has a grandson?"

"I don't know..."

"Do you know what happened?"

"I don't know! Isn't Miss Mu unmarried? Where are the children?"

...

Following the sound of those discussions, Commander Lu slowly turned his head to look at Li Tian in front of him, and smiled and said, "I'm sorry, my subordinates are not sure about the commander-in-chief... Please don't mind. ."

He said while looking at Li Tianxiao in front of him.

Of course Li Tian knew what Army Chief Lu meant for making this place, but he didn't mind too much!

After all, what he recognized with his grandfather does seem a bit outrageous... People who don't know think that he came in greed for the glory and wealth of the commander-in-chief, so Li Tian didn't mind too much, just smiled. nod.

"It's okay..." he said, looking at Chief Lu in front of him.

Commander Lu didn't expect Li Tian to be so calm, so he said, "Okay, come on, please sit here!"

Li Tian walked over generously and sat down on one side.

After Li Tian sat down, he asked, "I don't know what is going on when Commander Lu called me over today?"

But seeing Commander Lu smiled slightly, a bronzed face looked at Li Tiandao in front of him: "I called you over today, I mainly want to ask you about the commander-in-chief."

Chapter 1067: doubt

Li Tianyi stunned: "My grandfather?"

"Yeah" Lu Junchang hummed.

"I heard about what happened to you some time ago... I also heard that the 39th Army was killed by a gang of extremely brutal gangsters as a soldier, so I asked you to come over and ask about these things today. "

After Commander Lu said so, he raised a pair of eyes and stared at Li Tian in front of him.

Li Tian didn't expect that Commander Lu came to him to ask about the situation. He frowned slightly and said, "I don't know what Commander Lu wants to ask?"

Just listen to Commander Lu's straightforward words: "I want to know the relationship between the gang of gangsters who killed our 39th Army before and you... I also want to know why this incident happened to happen on the same day as our commander-in-chief. ."

Following the cold words of Army Commander Lu, Li Tian not only had an epiphany.

It turns out that Commander Lu called himself here to doubt himself?

"I already told them!"

"That gang of gangsters and I are enemies." Li Tiandao.

"Enemy relationship?"

"Why do those people have enemies with you? Who are they?" Army Commander Lu continued to ask coldly.

Li Tiandao: "Even if I say their identities, you probably don't know them. They are from the gate of hell."

After Li Tianguo really said it, Army Commander Lu in front of him certainly didn't know.

"The gate of hell?" he murmured in his mouth.

"Is the commander-in-chief's disappearance related to this \*\*\*\* gate? And what does this \*\*\*\* gate do? Where is the nest?" Army Commander Lu asked suddenly.

Li Tiandao: "I don't know if my grandpa's disappearance is related to this gate of hell, but I guess it has a lot to do with it. It's just that this gate of \*\*\*\* doesn't even I know where they are!"

"Then you admit it?"

"Acknowledging that the disappearance of the commander-in-chief has a lot to do with you?" Army Commander Lu suddenly said angrily.

Li Tiandao: "Yes!"

"My grandpa's disappearance may have something to do with me... I also admit that it may be because of me that he was victimized."

"Since you admit it, do you know how much trouble you will cause? You have to know that he is the commander-in-chief of our North China Field Army! It's all because of you... If it weren't for you, how could our commander-in-chief be harmed?" Lu Yunfeng roared suddenly.

In the entire military command, everyone was tightly closed. At this moment, no one dared to speak loudly, or even vented their breath.

Listening to Commander Lu said about himself, Li Tian did not escape. He didn't give too much explanation either. He admitted that his grandfather's disappearance had a lot to do with him, so he just remained silent.

"If it weren't for you, our commander-in-chief, wouldn't it happen?"

"Although you say that you are the grandson of the commander-in-chief... But after you came out, our North China Field Army suddenly had such a big mess... Li Tian, I now ask you, how did the disappearance of the commander-in-chief happen? What?" Commander Lu suddenly shouted at Li Tian.

Li Tian listened to his words, and understood in his heart that everything the army commander did was for the good of his grandfather, and he did admit that it was because he harmed his grandfather that he was implicated...so he did not explain any words at this moment. .

Just as Lu Yunfeng bitterly accused Li Tian, suddenly the door of the headquarters was pushed open.

Then he saw Mu Shuiyao, the second daughter of Commander Mu, strode in.

After Mu Shuiyao walked in, Lu Yunfeng's expression changed slightly.

Li Tian was also slightly curious, why did his aunt suddenly come?

Of course he would not know that the soldier just now had passed the news to Mu Shuiyao. After Mu Shuiyao heard about the situation, he rushed over immediately. ,

After seeing this meeting, Mu Shuiyao walked in, first glanced at everyone in the command post with a pair of cold beautiful eyes, and then placed the beautiful eyes on Army Commander Lu.

"Commander Lu, I heard that you asked someone to call my nephew... I want to ask you what it means to call Tian'er over?" After Mu Shuiyao came in, she stared at Liu Mei and asked coldly. .

That Lu Yunfeng never expected Miss Second to come here suddenly to protect Li Tian, and his face turned a little ugly right now.

But facing the commander-in-chief's daughter, Lu Yunfeng still said that his tone of voice changed a lot.

At the moment he smiled and said: "Second Miss... I called him over just to ask about the commander-in-chief, and nothing else."

"Really" Mu Shuiyao suddenly said in a cold voice,

"But why did I hear that you seem to be questioning Tian'er?" Mu Shuiyao stared at that.

Lu Yunfeng's expression suddenly became a little awkward.

"Second Miss misunderstood... How could I question him... I was just worried about the safety of the commander-in-chief, so I approached him to ask about some information." Lu Yunfeng said.

"Auntie, Commander Lu didn't question me, he just came here to ask me about Grandpa." Li Tian suddenly said to Mu Shuiyao at this moment.

Listening to Li Tian personally defending Commander Nalu, then Mu Shuiyao did not say much.

She walked over and stretched out her hand to grab Li Tian's arm and said: "Commander Lu, I will repeat to you again, Tian'er is my father's most distressed grandson... Whether in the army or there! Who dares to be in the future? Bullying him on the basis of his status, don't talk about my father, even my aunt will not agree."

After Mu Shuiyao said these words coldly, she immediately took Li Tian's hand in front of him and walked towards the outside of the headquarters.

Li Tian didn't expect that his aunt would come here suddenly. At this moment, being dragged by her, there was no other way but to go out.

And what about Commander Lu Yunfeng? At this moment, his face was green and white.

As the commander of the army, it was the first time that Mu Shuiyao had been spoken by Mu Shuiyao before his subordinates...so his face was extremely ugly, but there was no way, no matter how old he was, after all, the other party was the daughter of the commander-in-chief... ..So he can only endure it.

What about here?

After Li Tian was grabbed by Mu Shuiyao and walked out quickly, Mu Shuiyao hurriedly looked at Li Tian caringly and asked, "Tian'er, did the Commander Lu make you difficult for you just now?"

"You tell me..." Mu Shuiyao said.

Li Tian looked at his beautiful aunt and smiled, "No!"

"In fact, Army Commander Lu is doing this for my grandfather's sake... I think there is nothing wrong with him doing this!" Li Tiandao.

Then Mu Shuiyao glanced at Li Tiandao: "Fool!"

"Let me tell you, Lu Yunfeng was born as a donkey... The temper is worse than anyone else! When your grandfather was around, you always said about him... But what about him? He is indeed a good person, and he is pretty good at doing things. "

Chapter 1068: Got a clue

Li Tian nodded there.

"Auntie, don't worry, I will find out Grandpa's news in the shortest time... and then rescue him."

When Mu Shuiyao mentioned his father's affairs in Li Tian, a deep worry appeared on her pretty face and said, "Hey! Good!"

"It's just that you must take care of yourself... and then save your grandpa out."

"Ok!"

The second day!

Suddenly a call came from the police station in Binjiang City to the North China Field Army.

Because it is said that some anomalies have been found in a place in Binjiang City, the North China Field Army has repeatedly told the police department of Binjiang City to tell them that if any major clues are found, they must The first quick report to the North China Field Army.

This is also the most important reason why the police station in Binjiang City hurriedly passed the news.

Isn't this? After the news came from the police station in Binjiang City, the whole news immediately caused a sensation in the entire army like a rapidly spreading bacteria.

And the 27th Army also dispatched troops to Binjiang City in the first place.

Inside the barracks, but I saw Wang Zhen, the brigade commander of the 39th Brigade, walking toward the front with an anxious expression on his face.

I saw him unexpectedly come to Li Tian's room.

As he arrived in Li Tian's room, he called Li Tian.

"Li Tian..."

Li Tian, who was on the side, heard the sound and walked over quickly.

"Brigadier Wang." Li Tian saw Wang Zhen with a flustered expression.

Then Wang Zhen said as soon as he came up, "Li Tian, news came from Binjiang City... I heard that there was a clue in a residential area!"

"Moreover, the bodies of two citizens were also found nearby... After preliminary inspection by the police, the cause of death of the two citizens was killed by the other party with a sharp knife."

After Wang Zhen in front of him suddenly said the situation, Li Tian suddenly became excited.

"Where? Find out why the dead person died?"

Then Wang Zhen said: "Now I only know that these two citizens are residents of Hirado Community in Binjiang City... When passers-by found the body, it was in the garbage dump!"

"The reason why the police felt suspicious was that the two bodies were not only horrible, but also according to the forensic doctors that the wounds of the bodies were clean...like they were killed by someone who was very good at using knives."

"So I think the deaths of those two citizens must have quite a clue?" Wang Zhen said.

After Wang Zhen said this, Li Tian's head turned quickly.

Yes, the person who robbed his grandfather must still stay in Binjiang City, and now the entire Binjiang City is under full martial law... If you are a gangster and want to find a hiding place, you will definitely not find that kind of eye-catching. Places... For example, hotels, guesthouses... The only safe place I find is residential areas.

Now when he suddenly saw the corpses of two citizens of Binjiang City, Li Tian felt a little bit in his heart.

Could the guy who hijacked his grandfather really hid in the residential area?

No wonder! No wonder the entire Binjiang City could not find any clues to them. It turned out that they were hidden in residential areas.

Hearing what Wang Zhen said in front of him at this moment, Li Tian suddenly became energetic.

Then he said: "Brigadier Wang, please prepare a car for me. I'm going to Binjiang City."

"Okay! The reason why I came to tell this news is because I think the death of those two people may have a lot to do with the person who kidnapped the commander-in-chief." Wang Zhen said as he walked outside.

"By the way, Brigadier Wang, you can wait a moment... please prepare the car first, I'll call two people!" Li Tian said suddenly.

Then Wang Zhen said in a daze, "Call someone? Who is it?"

"The army of the military district has already set off ahead of time... Li Tian, there is no need to trouble your people! Our army has enough people." Wang Zhen said there.

But Li Tian said, "No, Brigadier Wang.!"

"If it's really what I guessed wrong, then the one who captured my grandpa was theirs. To tell the truth, no matter how many people in your army... I am afraid it will not be easy to deal with them..."

"But the two people I looked for can just deal with them!"

After Li Tian said this all at once, he ignored Wang Zhen and quickly ran towards the barracks where his brothers lived.

Wang Zhen had a suspicious look on his face, and his heart secretly lined up: Is what he said true or false?

However, the terrifying strength of the characters in the \*\*\*\* gate that Wang Zhen encountered before left Wang Zhen with lingering fears at the moment. After thinking about it, Wang Zhen felt that maybe Li Tian said it was right...I really should find a master like them to solve this matter. .

After thinking of this, he hurried to prepare the car.

At this moment, Li Tian has quickly reached the barracks where the brothers are staying.

"Ghost servant..."

After quickly walking in, Li Tian called the ghost servant's name.

Following his voice, he saw a black shadow swish at a speed that could not reach him.

"Little Lord!"

Duguxie who was on the side at this moment also stood up suddenly, looking at Li Tian who walked in quickly.

"You two will go with me!" Li Tian suddenly said to Duguxie and the ghost servant.

After seeing Li Tian's anxious look, Duguxie and the ghost servants did not even directly nod their heads when they asked: "Okay!"

Then Duguxie picked up his bronze sword with one hand!

Just when Duguxie and the ghost servant were about to follow Li Tian, suddenly the brothers over there also walked out.

"Little boss, what's wrong?"

"Li Tian, what happened?" Chen Qiaozhi also asked there.

Li Tian turned around and said, "People from the North China Field Army seem to have found clues to my grandfather in Binjiang City...so I have to hurry to Binjiang City!"

what?

"Is there any news from the commander-in-chief?"

"Great! Let's go with you."

"Let's go too!" Just listen to the brothers watching after hearing Li Tian say this, and immediately stepped forward one by one.

But Li Tian said, "No! You stay here first... This time only the three of us are needed to go."

"Little boss, let me go! I want to go with you." Tang Xiaolong ran over and looked at Li Tiandao.

"Although I can't help much, at least I can do it with little effort!"

Looking at Tang Xiaolong's gaze that really wanted to go, Li Tian nodded and said, "Well, Xiaolong will follow along!"

"Qiao Zhi, Ge Lao, A Qiu, you all stay here for now...If the four of us go, nothing will happen, you just stay in the barracks with peace of mind."

Chapter 1069: View corpse

Chen Qiaozhi and Old Monster Ge, who wanted to help, listened to Li Tian's words, and thought about it and said, "Okay!"

"Then we will wait for you to come back... Remember that the characters who dare to take the commander-in-chief are definitely not ordinary characters, you must be careful!" Chen Qiaozhi reminded behind.

But listening to Tang Xiaolong said: "Sick ghost, you can just put ten thousand hearts...With me, master, and senior lonely lonely by the little boss, even death will not cause the little boss to have trouble."

As his words fell, Li Tian quickly walked outside with the three people behind him.

From a distance, I saw two off-road military vehicles parked there. Brigadier Wang Zhen and Political Commissar Zhou were also standing there, looking at Li Tian and others who were walking quickly.

Wang Zhen was taken aback when he saw the brothers brought by Li Tian, and then raised his eyes to look at the two weird people, Duguxie and the ghost servant in front of him.

To be honest, he almost laughed when he saw the bronze sword in Duguxie's hand, and couldn't help thinking: What age is this? Still playing this weapon? Is it troublesome to solve with one shot?

Although Wang Zhen thought so in his heart, he still didn't say it.

"Let's go!"

Li Tian didn't see Wang Zhen's meaning, so he got into the car in front of him and said.

Wang Zhen nodded, and then quickly got into the car.

Then the two cars drove quickly toward Binjiang City.

Sitting in the car in front were Wang Zhen and Political Commissar Zhou, and in the car behind were Li Tian, Du Guxie, Tang Xiaolong and other brothers.

Inside the car, but seeing Li Tian sitting quietly.

"Little boss, where did you find the trace of Commander Mu? Was it in Binjiang City?" Tang Xiaolong on one side blinked and asked.

Li Tian nodded and said, "Listen to them."

"But it's really my grandpa's business, I'm still uncertain."

When Li Tian suddenly said this, the brothers were not only taken aback, and said, "What do you mean?"

"Because the news from over there only said that two suspicious corpses were found in Binjiang City... As for whether the corpses were killed by the person who kidnapped my grandpa, I want to wait until we see it, maybe Will understand."

"Oh, it turned out to be like this! That is to say, is it not certain now?" Tang Xiaolong frowned.

"Well, it should be so."

"Hey, I thought he found the trace of the commander-in-chief... it made me happy for nothing." Tang Xiaolong said depressed.

Li Tian closed his mouth, and didn't talk too much.

It was less than an hour's drive from the North China Field Army to Binjiang City, so it quickly reached the tightly sealed Binjiang City.

After arriving in Binjiang City, I saw Wang Zhen's car in front of him and drove towards the Public Security Department of Binjiang City.

From a distance, I saw the soldiers of the North China Field Army on the streets blocking them with cold guns.

After their two off-road military vehicles reached the public security department, they stopped with a hiss.

Standing at the door were guards serving as soldiers, and depending on the situation, they should be soldiers from the 27th Army who arrived early.

After Li Tian, Duguxie and his brothers stopped the car, they jumped out of the car vigorously.

When Wang Zhen walked in front and reached the door, the two soldiers stopped him.

"You are?"

He just said something, but saw Wang Zhen draw out his military rank.

The soldier was taken aback, and then quickly stood at attention: "Hello brigadier!"

Wang Zhen waved his hand slightly, then turned his head and said to Li Tian and others behind him: "Go, let's go in."

Li Tian behind him led his brothers to the public security department of Binjiang City.

Tang Xiaolong looked at the Ministry of Public Security in front of him and frowned slightly, and muttered, "Hey, why are we here? Didn't you say to rescue Commander Mu?"

"stupid!"

"Let's check the corpse of the murdered citizen first... and then we can make a judgment!" The ghost servant turned his head and said to Tang Xiaolong.

Tang Xiaolong smiled and said, "Master, are the corpses of the two citizens here now?"

"Nonsense, where else can you be here?" Ghost servant said to Tang Xiaolong.

Tang Xiaolong then smiled awkwardly, then stopped talking, and quickly followed Li Tian in front of him and walked inside.

When I arrived at the Ministry of Public Security, I saw many uniformed policemen working there.

Wang Zhen first glanced, and then he walked towards a man in a police uniform. The man was about 30 years old. After he walked over, he looked at Wang Zhen with a smile and said, "Are you from the North China Field Army?"

"Well, yes!" Wang Zhen said.

"Oh, the commander of your army has been here an hour ago..." said the man in the police uniform.

Hearing what he said, Wang Zhen of course knew that the commander of the 27th Army, Lu Yunfeng, must have arrived early.

After the police station in Binjiang City sent a message to the North China Field Army for the first time, Army Commander Lu arrived here with the troops, so at this moment, hearing the police in front of him say so, Wang Zhen did not feel too strange.

"Are you looking for your army commander? If so, I will tell you where they went..." the policeman said immediately.

Just as he was about to say it, he heard Li Tian suddenly take a step in front of the tower: "I want to ask, where are the two killed citizens now?"

Listening to Li Tian's sudden question, the policeman glanced at Li Tian and then at Wang Zhen in front of him.

Obviously because Li Tian is not a member of the army, it is not convenient for the policeman to speak.

But after seeing Wang Zhen nodded slightly, the policeman smiled and said, "The two dead bodies of the victims asked by this gentleman are currently in the morgue."

"Can we go in and take a look?" Li Tian continued.

The policeman frowned slightly: "You want to see the corpse?"

"No need... Our forensic doctor has already checked it. I have an autopsy report here... Why don't you take a look at this." Just listen to the policeman.

But Li Tian insisted on saying, "No! We don't read the autopsy report, we just want to see the corpse truly."

Following Li Tian's words, the police felt that Li Tian was a little weird.

But Wang Zhen on one side spoke directly to the police officer: "Thank you..."

The policeman glanced at the rank of brigade commander on Wang Zhen's epaulettes, thought about it, and said, "Okay!"

Then with an extremely reluctant look, he led Li Tian and his brothers to the morgue quickly.

Morgue, on the left side.

After the police arrived at the door of the morgue with Li Tian and his brothers, he pointed and said, "The body is inside...If you want to see it, just go in."

Chapter 1070: Li Tian's depression

The policeman said at the door of the morgue, as if not willing to enter.

Li Tian led his brothers and slowly opened the door, and Wang Zhen also followed in.

As soon as I entered the morgue, I smelled a tangy rancid smell. Fortunately, the temperature of the air conditioner inside was adjusted to a very low level. Otherwise, the smell of the dead body would probably stun people on the spot.

After Li Tian and the others came in, they saw two corpses draped with white canvas in the middle of the empty morgue. They were placed in the middle.

After seeing the two corpses, Li Tian stepped forward and stretched out his hand to lift the white corpse cloth in front of him.

After opening, they saw two corpses parked there, turning white and purple.

Then Li Tian raised his eyes to look at the wounds of the two corpses.

I saw a long gap in the neck of one of the female corpses. The position of the gap was to be directly pierced into the throat tube with a sharp tool...There was also a row of thin tooth blades at the edge of the wound.

Another male body suffered a fatal wound in his abdomen.

The wound is in a curved shape. After being pierced into the stomach, it directly cuts off the human intestines...

After looking at the wounds of the two dead bodies, Li Tian suddenly breathed a long sigh of relief. Duguxie next to him also took a cold look at the wounds of the two dead bodies, then turned his head and looked at Li Tian meaningfully. At a glance...

"The technique is vicious, one is deadly!"

"Anyone who can have this technique is definitely a master."

"Yeah! Absolutely." Duguxie said coldly.

"It seems that those who killed these people should have a lot to do with the people who took my grandfather away. Maybe they did it." Li Tiandao.

Listening to Li Tian and Duguxie suddenly saying this here, the people next to them were slightly puzzled.

Brigadier Wang Zhen of the 39th Brigade told the truth that he didn't know what Li Tianlai was doing in the morgue. At this moment, after seeing Li Tian inspecting the two corpses, he asked: "Li Tian, how about Did you see anything?"

Just listen to Li Tian slowly reaching out and picking up the corpse cloth to put the two corpses on, and then said, "I can see it."

"If my guess is correct, the figure who killed these two citizens should be the same as the one who kidnapped my grandpa." Li Tiandao.

While talking, walking towards the outside of the morgue, Wang Zhen also quickly followed.

"How do you know that the person who killed them was related to the disappearance of the commander-in-chief?" Wang Zhen asked after chasing it out.

"Because of their wounds!" Li Tian reached out and pointed at the two dead bodies in front of him.

Wang Zhen frowned slightly and said, "Wound? What do you mean?"

"Brigadier Wang, you have to know that sometimes not only the living can talk, but the dead can also occasionally talk." Li Tiandao.

Hearing what Li Tian said, Wang Zhen was stunned for a moment, and then looked at Li Tiandao: "Then now that a clue has been found, what should I do now?"

"We need to find out the specific identities of the two bodies as soon as possible, as well as where they live." Li Tiandao.

After Li Tian said this, Wang Zhen said, "You mean... is it possible that the gang of gangsters are hiding in the place where the two dead people lived?"

"Ok!"

"Brigade Commander Wang, think about it, the entire Binjiang City has been under martial law. If you are a gangster, do you think it is safest to hide there now?"

"Hotel, the hotel must not live! Now the only place to hide is the residential area!"

"So I have a strong guess that the gang of \*\*\*\* who hijacked my grandpa are absolutely hidden in the residential area of Binjiang City." Li Tiandao.

After listening to Li Tian's analysis, Wang Zhen suddenly felt a little awkward, and said, "You are right!"

"Why didn't I remember it before?"

"Go, I'll go and ask them to see where the two dead corpses live, maybe we can catch those bastards." Wang Zhen, who was talking, was about to rush to ask the two dead corpses. family address.

Li Tian said in the back: "Remember, don't be stunned!"

"Because if we let them know that we have found a clue, they will definitely move immediately... If they wait until they notice it, and want to catch them again, it will be difficult."

"Ok!"

Wang Zhen who was talking quickly walked towards the data room of the Ministry of Public Security over there. Li Tian and his brothers behind him also quickly followed at this time.

After Wang Zhen asked the staff in the data room, the staff said that according to the captain of the criminal investigation team, he knew the location of the victim's family.

While they were talking, the staff member pointed to a 40-year-old policeman who had just walked out of the room in front and said, "That's because it is our Captain Liu. You will know if you ask about it."

Then Wang Zhen took Li Tian and the others thinking of the captain of the criminal investigation team and walked quickly over.

"Are you Captain Liu?" Wang Zhen asked directly after he walked over.

Captain Liu of the Criminal Investigation Squad glanced at Wang Zhen in front of him, then slightly stunned and said, "You are?"
