

A Killer 1081

Chapter 1081: Commander-in-Chief rescued

An off-road vehicle galloping in Binjiang City, but seeing Tang Xiaolong driving the car fast, while driving, he turned his head from time to time to look at the little boss beside him, Li Tian.

Ever since Li Tian rescued his grandfather, he has a cold face, and he feels like a cold stone sitting quietly like a **** of death.

He was stabbed in the chest by one of the twins in the black door, as if he didn't even feel the pain. At this moment, the blood in the chest had dyed his upper body red.

"Little boss...your injury?" Tang Xiaolong finally couldn't help but asked, he cared about Li Tian.

After he asked, Duguxie and the ghost servant behind them raised their caring eyes and looked at Li Tian.

But what about Li Tian? But it seems that he doesn't care about his injury at all.

He just glanced at the blood on his chest indifferently, and then said, "I'm fine."

"But your wound is still bleeding..." Tang Xiaolong said again.

"I said, I'm fine!" A sudden roar came out from Li Tian's mouth in shock.

Just after Li Tian ranted this frantically, Tang Xiaolong immediately closed his mouth in fright, and didn't dare to ask too much.

But in his heart there was a faint lining: What happened to his own brother? Why did the xinxing suddenly change so much? Frightened him!

Not only was Tang Xiaolong feeling surprised, even the Duguxie and the ghost servant sitting in the car behind looked at Li Tian in front of him with doubts. They were also taken aback by Li Tian's huge reaction just now. I don't know what happened to Li Tian?

Li Tian, who had just experienced the most painful situation in his life, was of course difficult to recover.

I saw one of the most hated enemies in my life, but watched him run away, but I could do nothing? Li Tian almost went crazy and broke down.

It was that Long Yin that broke his father's hands and feet, and that Long Yin was one of his most hated enemies!

So Li Tianhen, the power of hatred has made his heart hate everything at this moment.

At the same time, his people have become extraordinarily ruthless.

Now he can only wait for himself to adjust himself.

The seriously injured and unconscious Commander Mu in the car was still fainting. The injury of Commander Mu was really serious, his face was covered with blood, not to mention, even one arm was broken, and the chest was still There are a few purple bruises.

Now their only hope is to quickly send the old commander Mu to the North China Field Army, and quickly treat the old commander.

As the car quickly passed through the urban area of Binjiang, it drove directly towards the North China Field Military Region.

Speeding all the way, soon reached the North China Field Army.

When the car came to a stop, Tang Xiaolong jumped out of the car first.

"Hurry up and lift the stretcher..."

"Save your commander-in-chief!"

Just after Tang Xiaolong jumped out of the car and spoke to the group of soldiers, the group of soldiers standing there was taken aback, and then when they heard the word "commander-in-chief", they instantly Stunned.

Then hurriedly carried the stretcher one by one, the other two ran towards the barracks quickly, and while running, they shouted in surprise: "The commander-in-chief is back... the commander-in-chief is rescued."

The shouting sound immediately caused a sensation in the entire barracks of the North China Field Army.

The first time ran was the brigade commander Wang Zhen and his officers.

"where?"

"Is the commander-in-chief really rescued?"

"where?"

From a distance, I heard Wang Zhen's excited shout.

"Brigade commander, just ahead, Li Tian and his brother rescued the commander-in-chief."

Then Wang Zhen hurriedly took the men behind him and ran towards Li Tian and the others like crazy.

From a distance, I saw a few soldiers rushing to the barracks hospital of the North China Field Army, quickly carrying a stretcher.

"Commander in chief."

"What's the matter with the commander-in-chief?" Wang Zhen, who rushed over, suddenly saw the old Commander Mu who was lying on the stretcher unconscious and seriously injured and asked.

The soldier ran forward and said: "The commander-in-chief is seriously injured. We must hurry to the hospital for treatment."

"Good, good!"

"fast!"

Then a dozen soldiers ran quickly towards the military hospital with the stretcher of the commander-in-chief.

And Li Tian and his brothers also followed this time.

After seeing Li Tian and his brothers, Wang Zhen suddenly became excited.

"Li Tian, thank you so much. Thank you for saving the commander-in-chief." Wang Zhen, who was in front of him, ran up to Li Tian and the others, grabbing Li Tian's hand. Thanks for saying.

Rescuing the commander-in-chief of the North China Field Army is undoubtedly the happiest thing for the entire North China Field Army, so Wang Zhen at this moment is very excited.

But Li Tian looked at Wang Zhen indifferently: "I'm going to take care of my grandpa!"

After speaking, Wang Zhen released Wang Zhen's hand and ran forward.

Wang Zhen was taken aback, how did he feel that Li Tian's attitude was so cold? Just when he was wondering, the ghost servant beside him suddenly said to Wang Zhendao: "Brigade Commander Wang Zhen... please don't mind."

"Our young master has suffered a lot today...so, I feel a little bad..."

After hearing the ghost servant say this, Wang Zhen thought about the commander-in-chief seriously injured like that. Of course, Li Tian, as a relative, felt uncomfortable, so he hurriedly said, "It's okay, it's okay, I understand."

"Go, let's go see the commander-in-chief quickly."

When Wang Zhen was talking, he hurriedly led his men to the military hospital.

Since the news that Commander Mu had been rescued came out, the entire North China Field Army, from the commander level to the soldier level, could not be visited by the military hospital.

The people surrounding the entrance of the military hospital were impenetrable.

The commander of the 27th Army was shocked when he heard that Commander Mu was rescued by his grandson Li Tian. He has always been deeply puzzled by the new grandson of the commander-in-chief. His mentality has all changed here.

At this moment, he brought his people to visit quickly.

The second daughter of the Commander-in-Chief, Mu Shuiyao, is the only one to look after the old commander in the ward. There are drops of tears hanging on her peerless beauty. Of course, looking at her father who has been so badly injured, she is the most unbearable.

Commander Mu was lying on the white hospital bed, the white gauze wrapped around him was like a mummy, dripping on his body, still in a coma.

Chapter 1082: Became famous

However, the doctor has just made a definite shock and said: Although the old commander's body is still very weak, he has no worries about life. He is only injured because of the serious injury and there are two ribs on his waist. He was severely injured and his right hand fractured, so he needs to rest and recuperate quietly at the moment, and he also specifically asked not to disturb anyone as much as possible.

So at this moment, although the officers from all over the army are very worried, no one can enter the ward in front of them. They are all standing in line outside.

Standing first was Lu Yunfeng, commander of the 27th Army. His tall and burly body was the first to see him, and the other was an old friend of the commander-in-chief and Fu Zhengguo, who was also at the commander level.

The two of them walked back and forth at the door of the ward with a trace of worry and a trace of excitement on their faces, looking into the ward from time to time.

"Commander Lu, I heard that this time the old commander came back to save the old commander is a character named Li Tian? And I also heard people say that this Li Tian just recognized the grandson of the commander-in-chief? Is this true or false?" Fu Zhengguo He looked at Lu Yunfeng and asked.

Lu Yunfeng said: "Well, yes."

"This Li Tian, I have seen two sides... To be honest, I don't have a very good impression of him, but I didn't expect that he would have the ability to rescue the Commander-in-Chief. I have to admire him for this reason, Lu Yunfeng!"

"There are hundreds of thousands of people in my army who have not found the commander-in-chief... but he found it unexpectedly, and rescued the commander-in-chief from deep danger, and I served him."

Hearing what Lu Yunfeng said, Fu Zhengguo smiled slightly with his hands on his hips.

"So this young man is quite capable."

"If it's really the grandson of our commander-in-chief, then I really have to meet this young and promising talent." Fu Zhengguo said with a smile.

Lu Yunfeng nodded: "Yeah! I have to thank him in person!"

"No matter what, he has saved the face of hundreds of thousands of people in our North China Field Army."

"Yes! Otherwise, the old chiefs of the Central Military Region will not be able to strip you and me!" Fu Zhengguo said with a smile.

"Just now I heard that the old chief of the Central Military Region has called. Since knowing that the commander-in-chief was involved, the old chief has not slept well for several days and nights. Since knowing that the commander-in-chief was rescued, the old chief is finally It's steadfast."

"Hey, we can finally give a sigh of relief." Fu Zhengguo also said slightly.

"By the way, what about the man named Li Tian? I really want to see him." Fu Zhengguo suddenly remembered that Li Tian was looking at Lu Yunfeng in front of him and asked.

Commander Lu was taken aback for a moment, and looked around. To be honest, he hadn't seen Li Tian either. He didn't seem to have seen Li Tian since he returned.

At this moment, when I looked around and found no trace of Li Tian and his brother, suddenly Army Commander Lu said to the corridor, "Where is Wang Zhen?"

"Commander Lu, I am here!"

The words fell, but Wang Zhen, the brigade commander of the 39th Army, ran over from among the officers and stood there reporting.

"Where is Li Tian? I want to see him." Just listen to Army Commander Lu asking Wang Zhen in front of him.

Wang Zhen was taken aback, and said, "Li Tian?"

"I...I don't know." Wang Zhen hesitated.

"what?"

"I heard that you have a pretty good relationship with him, why can't you find him?" Army Commander Lu asked, looking a little angry.

But seeing Wang Zhen showing a depressed look on his face, he said, "Commander Lu, I really don't know."

"Since that Li Tian came back today, I saw that he seemed to be in a bad mood, and I could see that he was also injured... If I guess right, he should be with his people now Right." Wang Zhen said.

After listening to what Wang Zhen said in front of him, Army Commander Lu Yunfeng said oh.

"Well, since he is injured, he should take a good rest!"

"After watching the commander-in-chief, let's go see him again." Lu Yunfeng said.

Wang Zhen showed a smile.

The commander-in-chief of the North China Field Army finally came back safe and sound.

This matter not only stabilized the entire army, but also received a little comfort from the Central Military Region.

And Binjiang City, which was tightly controlled before, finally gave a sigh of relief at this time.

The media, as well as the Internet and other related channels that had been afraid of the public before, dared to report after the matter was resolved.

After the news was exposed in the media, it quickly occupied the major domestic news channels, and it also appeared on any major domestic channels, whether it was newspapers, the Internet, or news, etc., this news caused considerable Big attention.

Everyone is talking about the kidnapping of the commander-in-chief of the North China Field Army, and at the same time, they are also shocked. Who is so brave?

However, the external public media has taken the lead to expose: the gangster has been completely killed!

Of course this news is a lie, otherwise there will be no turmoil in the country.

And the media also broadcast the person who rescued the commander-in-chief this time.

That is Li Tian!

The cover slogans of the major media all read: Young Wizards Save Li Tian, the strange boy of the commander-in-chief of the North China Field Army.

Not only that, but also posted a photo of Li Tian.

The photo is said to be provided by the Binjiang Police Station. It turned out that the media was unable to find Li Tian's photo, so I looked around. I heard that it was a photo provided by the Binjiang Police Station. The photo provided was a photo of Li Tian and his brothers that was taken on the monitor at the door. Because Li Tian took his brothers and Wang Zhen to the police station at

the time, it was able to display it on the computer monitor. His avatar was shown and what they took was that photo.

Although the photo taken from the monitor is not very clear, the outline of Li Tian can still be seen more clearly...

Since Li Tian's photos appeared in major media, it has become the headline news, more popular than any entertainment star, and has become the top news in China.

This news is reported everywhere on the Internet, on TV, and in newspapers.

Anyway, in a word, Li Tian is completely famous.

It is not only famous in the North China Field Army, even the whole country is already famous

This fame made Li Tian himself unable to accept it. He didn't even know that he had become a public figure. Of course, his brothers were even more unclear.

Chapter 1083: On tv

In the barracks of the North China Field Army.

But seeing Li Tian and the barracks where his brothers stayed, the atmosphere in the room looked a little dull.

It was a great thing to rescue Commander Mu, but I don't know why the faces of the brothers are not so happy.

Especially after Tang Xiaolong came back, Duguxie and Ghost Servant.

In addition to them, there are other A Qiu, Chen Qiaozhi and Old Monster Ge in the room at this moment.

Only Li Tian is missing.

Where did Li Tian go?

Who knows?

"Xiaolong, what happened? Why is Li Tian's expression so ugly?" Chen Qiaozhi asked Tang Xiaolong, whose head was bowed, after slightly supporting the glasses on the bridge of his nose.

After Tang Xiaolong heard Chen Qiaozhi's question, he sighed, but did not say anything.

"You mean? What's the matter?" Chen Qiaozhi asked again.

Now Tang Xiaolong spoke.

"The little boss is in a bad mood anyway, I suggest that everyone better not disturb him first." Tang Xiaolong said.

"Why?"

"Why do you suddenly feel bad?" Chen Qiaozhi.

"Fuck, isn't it a bad mood?" Tang Xiaolong spit out sullenly.

After speaking, he stood up and walked in toward the house inside. This made Chen Qiaozhi depressed. What happened? Why did the brothers after coming back have such weird expressions?

"Don't worry, Young Master will be fine." Suddenly the ghost servant said a word.

"Senior Ghost, can you tell me what happened to Li Tian?" Chen Qiaozhi would look at the ghost servant and ask.

The ghost servant thought for a while and said, "It's just that the young master hates him because he saw his real enemy. At the same time, his heart is quite restless, but I believe that after a while, the young master will recover."

"The real enemy?"

When Chen Qiaozhi heard the ghost servant say this, he thought about it. Although he was puzzled, he didn't ask any more.

The ghost servant closed his eyes after faintly saying a word.

Just as they were all dull outside here, they suddenly heard Tang Xiaolong who had just entered the room being bitten by a poisonous snake, and suddenly yelled, and then heard the cry of the servant.

"Fuck..."

"The little boss is on TV." The voice came from Tang Xiaolong's mouth in the room.

After the ghost servants outside and Chen Qiaozhi heard the voice of the servant yelling, they were first stunned.

Then I heard Tang Xiaolong's yelling voice again: "Master, Senior Dugu, sick ghost... Come and see, the little boss is on the news."

After Tang Xiaolong's cry came out, the ghost servants, Du Guxie and Chen Qiaozhi in front of them hurriedly ran towards the room.

But seeing Tang Xiaolong screaming and pointing at the TV screen in front of him with excitement.

"what?"

"Young Master on TV?"

"What happened?"

Just after all of them came over and watched it, they saw that the female broadcaster on the legal television station was broadcasting the hottest and most popular piece of news in clear voice: ... After preliminary investigation, the current commander-in-chief of the North China Field Army It has been confirmed that they have been rescued, and all the criminals have been arrested... And this time the hero who rescued the commander-in-chief of the North China Field Army is a young man named Li Tian... It is understood that this young man named Li Tian is now Just in the North China Field Army...

Looking at the news broadcast on the TV and the portrait of Li Tian on the TV screen, the brothers suddenly opened their eyes.

Yes, it is indeed Li Tian.

Li Tian was actually on the news.

"Oh my God! Why did the young master appear on TV? When is this the young master's photo?" The ghost servant looked at the head of Li Tian that appeared on the TV in disbelief.

"Very familiar..." Duguxie whispered suddenly.

"By the way, I remember, isn't this photo of us at the gate of Binjiang City Police Station?" The ghost servant suddenly said there.

"Hey, why did the young master's photo appear on TV?"

All of them in front of them were talking speechlessly.

"Could it be that the North China Field Army sent the news out?"

"It should be so." They said there.

But seeing Tang Xiaolong there, he suddenly laughed and said, "Master, this is a good thing, so our little boss is already famous!"

"I think our little boss is even more popular than celebrities now, haha."

"What's good?"

"Being famous is easy to cause trouble, don't you know?" The ghost servant reprimanded Tang Xiaolong.

Tang Xiaolong was depressed, and quickly closed his mouth. He dared not say any more, but what about his heart? It is extremely happy.

"No, let's tell the young master as soon as possible." Just listen to the ghost servant thinking about it.

"Well, that's good!" Just listen to Duguxie Dao.

The two of them did not agree with Li Tian's appearance in the public eye...

Because the revenge has not been reported, once it is made public, it will only cause a lot of unnecessary trouble. Of course, this is the most important thing about Duguxie and the ghost servant.

So now the two decided to please tell Li Tian about this matter quickly.

Besides, where is Li Tian?

Li Tian has been gloomy since he came back.

No one spoke, staying alone in his own room, in the gloomy room, only to see him sitting there quietly.

His eyes were fixed on the ground, and the feeling in his eyes was terrifying.

He is hating, hating his enemy.

His two fists were tightly clenched, and all the blue veins on his arms suddenly appeared, and the wound on his chest that had been dry and cracked was cracked open again with such force... scarlet blood flowed out.

Looking at the blood flowing out of his body, Li Tian suddenly smiled.

"Long Yin, I swear that I will peel your skin and drink your blood in this life, so that you will die."

"Let you try the most painful way of death in the world to solve the hatred in my heart." This is now Li Tiansuo's most true thoughts.

Thinking that his father was broken by the bastard, Li Tian felt that he was going crazy.

Fortunately, someone stopped him today, which made him slowly and slowly began to recover his sanity.

While Li Tian was alone in the room gloomy, a knock on the door suddenly sounded.

Li Tian glanced at the door coldly and said, "Come in."

Then the door was pushed open with a squeak, and Du Guxie and the ghost servants walked in.

After they came in, they saw Li Tian sitting over there.

Chapter 1084: Reporters are here

"Young Master, we have to tell you something." After walking in, Duguxie faced Li Tiandao, who was sitting quietly and alone.

Li Tian didn't seem interested, he just hummed briefly from his mouth: "Yeah."

"You are on TV."

"As far as we know, the North China Field Army has exposed your rescue of the commander-in-chief... And now, whether it is the media or the TV, your news has already appeared at this moment, and even your photos have also been taken. I took it down and put it on. When I was in the room with Xiaolong, I saw a picture of you on the TV."

After Duguxie said this all at once, Li Tian, who had a deep gloomy face, suddenly turned his head.

"I'm on TV?" he asked in surprise.

The ghost servant nodded aside.

"Ok!"

"Yes."

Hearing what the ghost servant said, Li Tian thought about it, but he didn't mean too much.

He said flatly: "Just go on it."

Looking at Li Tian's expression, the ghost servant frowned slightly.

"Young Master, but now once the media exposes you, it will not do us any good now."

After listening to the ghost servant saying this, Li Tian just waved his hand slightly.

Judging from the current state of Li Tian, his current mental state is not good at all.

Duguxie saw that Li Tian's mental state was extremely poor, so he pulled the ghost servant who still wanted to talk. The ghost servant turned his head and saw that Duguxie's wink, and he understood what it meant, so he took what he wanted to say. The words swallowed again.

"Young Master, then you rest first, we retreat first." The talking Duguxie took the ghost servant and walked outside.

Li Tian also didn't reply, just sat quietly.

But Duguxie and the ghost servant in front of him walked out.

After they walked out, both of them looked a little ugly.

"Second brother, it seems that the young master was really hit hard, and I really don't know when he can recover." Ghost servant said there.

The Duguxie in front of him pondered for a while and said, "Hey, it's hard for the young master. After all, he only knew who the most hated enemy was today, and he watched him run away."

"By the way, second brother, why did that Long Yin **** the Young Master's Heavenly Book Pill scroll?"

"Could it be said that the people at the gate of **** have really obtained the other two ancient relics? The flames of the phoenix figure, and the Xuanyuan sword?" asked the ghost servant, looking at the Dugu Xie with his eyes wide open.

But seeing Duguxie's brows furrowed deeply, he said, "The Xuanyuan sword has been taken by the people at the gate of hell. As for the picture of the blazing phoenix, I remember it seems to be in the hands of the red-nosed priests in the Vatican. Have the people at the gate of **** got it..."

"However, judging from the current state, they must have already obtained the Lihuo Phoenix Picture." Du Guxie said with an ugly face.

"Oh my god, if that's the case, wouldn't the people at the gate of **** have all the three ancient relics?" The ghost servant said in disbelief with his eyes wide open.

Duguxie also had a solemn expression and did not speak.

It was a long time before I heard Duguxie say: "For the current plan, we can't control that much."

"The legendary thing about the gate of the restricted area on the top of the Tianshan Mountains is, after all, a legend to the world... Moreover, the world is so big that no one has been able to break its secrets so far, so we don't need to worry too much about it now." Duguxie said.

Listening to Duguxie's words, the ghost servant also thought for a while and said: "It seems that we can only do this now."

"The only thing I hope now is to quickly find that **** Long Yin... and then smash him into pieces!"

"It turns out that this **** broke the eldest brother's hands and feet back then." Thinking of these ghost servants, they were full of enthusiasm, wishing to kill that Long Yin now.

Duguxie also said coldly: "Don't worry! The **** will die after all."

"Blood debts will one day let them repay them with blood."

At the gate of the barracks of the North China Field Military District, I don't know when a lot of vehicles came, and there were many media reporters, some even carrying cameras on their shoulders, waiting crowded there.

A line of soldiers from the North China Field Army standing at the gate blocked them all outside the gate.

But despite this, the reporters still felt a little reluctant. They were still squeezing and pushing there, and at the same time they were shooting with the camera in their hands.

"No filming, no filming..."

"Military power, no shooting!"

"Did you hear me?"

...

But the soldiers at the door were roaring.

But those reporters don't care about this. They are here today only to get the first-line news, only to get the headlines of the country, so they don't care.

As the noise became more and more enthusiastic, at this moment, when he saw Brigadier Wang Zhen passing by the gate, when he saw that many reporters were surrounded by the gate, his brows couldn't help but frowned, and he took a strong step. Walked over.

"What happened?"

"What do these people do?" After the 39th Brigade Commander Wang Zhen walked over, he frowned and asked when he looked at the crowded reporters and his subordinates as soldiers.

I saw a soldier walked over quickly at the door and said: "Report to the brigade commander, these people are newspaper reporters from all over the country."

"reporter?"

"What are they doing here?" Wang Zhen asked depressedly.

The soldier immediately replied: "These reporters are all here to interview Mr. Li."

"Li Tian?" Wang Zhen was suddenly depressed when he heard Li Tian's name uttered by his soldiers.

"Why did you interview Li Tian?" Wang Zhen continued to ask.

The soldier replied again: "Because Li Tian saved our commander-in-chief of the North China Field Military Region before, these national media reporters wanted to give Mr. Li a special interview..."

"Oh, it turned out to be like this." Wang Zhen suddenly laughed.

The soldier under his command saw his brigade commander's smile on his face and felt slightly puzzled.

But seeing Wang Zhen suddenly two steps in front of the tower, he walked to the crowded reporters and said with a smile: "Let's calm down first, everyone. I am the commander of the 39th Army of the North China Field Army, Wang Zhen."

After Wang Zhen's voice uttered, the reporters who had been crowded stopped moving, and then they all looked at the commander Wang in military uniform.

Then, before Wang Zhen could say it again, the reporters scrambled to ask, one by one more positive.

That was the first time that Wang Zhen was surrounded by so many reporters for questioning, and immediately became depressed.

Chapter 1085: Interview

"Excuse me, Brigadier Wang, where is the man named Li Tian? We want to interview him?"

"Yes, Commander Wang, how did you treat this young and gentle young hero after Li Tian rescued your commander-in-chief?"

"Brigade Commander Wang, it is said that Li Tiannai was your commander-in-chief who went to Longtan Tiger's Lair alone to rescue him. How does your North China Field Army view this issue?"

"And Brigadier Wang, after Li Tian rescues your commander-in-chief this time, will he continue to stay in the North China Field Army?"

...

Facing these reporters' questions one after another, Wang Zhen felt that his head was going to be lost.

"Just keep quiet for me!"

"What messy questions are you all asking."

Suddenly Wang Zhen could no longer bear the questions of those reporters, and immediately roared out of his mouth like an angry tiger.

His yelling sound is pretty useful.

With the roar, no reporter dared to speak anymore.

Then Wang Zhen slowly turned his ugly face, glanced at the group of extremely boring reporters in front of him and said, "You guys will listen to me. The questions you asked just now are all nonsense. Questions... I tell you, if you ask these questions again, I will drive you off one by one!"

"Also, let me repeat again. Li Tian himself is indeed in our North China Field Army. As for whether he wants to hear your questions one by one, he has to ask himself... As for me? The only one who can help you, It's just to help you convey these words. Then, if he wants to come out to see you, just wait."

After speaking, Wang Zhen immediately turned around. He really didn't want to hear the boring questions of the reporters one by one.

Wang Zhen, who had just turned around, heard the reporters start asking questions again.

Wang Zhenqi's teeth creaked, and he really wanted to reach out and grab a reporter and give him a violent beating.

But he finally held back.

After all, in modern society, the power of the media is still very powerful. If Wang Zhen really does something, maybe the media will hack the North China Field Army!

So he held back.

What about these reporters who are still at the gate of the North China Field Army? But they waited patiently, as if they would not give up until Li Tian.

"Wang Zhen, do you think you are doing a good thing? Now the major media are saying that our North China Field Army is bullying and savage." In the barracks headquarters, but I saw that Commander Fu Zhengguo was reprimanding Wang Zhen.

It turned out that after Wang Zhen spoke vulgar words to a group of reporters at the gate of the barracks, that group of reporters wrote an article in the first time: The North China Field Army bullied others and was barbaric and domineering.

Since the article was published, it has attracted great attention from a large number of people in the community. This morning, the old chief of the Central Military Region called and cursed, saying that the North China Field Army here did not pay attention to the image. And so on.

Isn't this? Now Wang Zhenzheng was scolded by Commander Fu Zhengguo.

But seeing that Wang Zhen wanted to plead, but didn't know how to explain it, so he could only endure the breath and hold back himself.

"You said, what should I do now?" Commander Fu Zhengguo said with his hands on his waist and staring at Wang Zhendao.

Wang Zhen hesitated, not knowing what to do.

Political commissar Zhou on the other side thought for a while and suddenly said, "Commander Fu, what do you think of this idea?"

"Listen to it." Commander Fu Zhengguo looked at Political Commissar Zhou.

Just listen to Political Commissar Zhou: "Since these people want to see Li Tian so much, let's let Li Tian go out to meet them... In this way, it will not only satisfy their wish, but also allow them to write the article they wrote before. The article slandering our North China Field Army has been withdrawn."

After listening to political commissar Zhou saying this, Commander Fu Zhengguo thought for a while and said, "Okay, just do what you said!"

"I'll leave this to you... Wang Zhen, you kid, let me listen. I definitely don't want the newspaper tomorrow to report the bad news about our North China Field Army... If you report it again, your kid will give it to me. Go home and plant sweet potatoes."

After Fu Zhengguo scolded Wang Zhen, he left immediately.

But Wang Zhen was depressed with a bitter face.

"Brigadier Wang, what's the matter with you?" Political Commissar Zhou looked at Wang Zhen in front of him at the moment.

Wang Zhen looked bitter, and said with an ugly face, "I'm fine."

"Then let's go to Li Tian..." the political commissar Zhou said.

Wang Zhen said depressed: "Then Li Tian promised or not?"

"It's okay, let's persuade him... Isn't it just to deal with a bunch of reporters? It's not a big deal."
Political Commissar Zhou said with a smile.

"Well, it seems that it can only be so now."

The two people who said this quickly walked towards the house where Li Tian lived.

After arriving at the barracks where Li Tian was staying, the two saw Li Tian in the room.

"Li Tian." The political commissar Zhou who walked in shouted with a smile.

But seeing Li Tian slowly raising his eyes, he glanced at the political commissar Zhou and Wang Zhen who walked in.

"How is the injury?" Political commissar Zhou asked politely, taking a look at the wound on Li Tian's hand.

Li Tian said lightly: "It's okay."

"Are you looking for me?" Li Tian asked immediately.

After Li Tian asked about the exit, Brigadier Wang Zhen hesitated for a while, but he still wanted to speak out.

"Li Tian, you have to do me a favor this time." Wang Zhen looked at Li Tiandao in front of him.

Li Tian was taken aback, looking at Brigadier Wang Zhen and said, "Help? What is it?"

So Wang Zhen told the 15th and 10th that Li Tian was going to be interviewed. After saying it, Li Tian was suddenly depressed and looked at Wang Zhen in front of him with a pair of surprised eyes.

"What? Give me an interview?" Li Tian said incredulously.

Then Wang Zhen smiled bitterly and said, "Well, just simply answer some questions from those boring reporters."

"No, no, I won't go." Li Tian refused decisively. He was not used to facing so many shots or facing so many people's questions.

After hearing Li Tian's decisive refusal, the political commissar Zhou said quickly: "Li Tian, please, help us once? Just answer a few questions from the reporters."

Li Tian was embarrassed: "I really can't help you... Faced with the questions of those people, I am really awkward."

"nothing....."

"No...no...I won't go."

Seeing Li Tian's refusal all the time, the political commissar turned his eyes to Li Tiandao that week: "Li Tian, if you don't help this time, I guess Brigadier Wang Zhen really has to accept the severe punishment from our army commander. It is estimated that our brigade commander will not even have the position of brigade commander."

Chapter 1086: Ruyan years

That week the political commissar said the matter was very serious against Li Tiandao.

Li Tian frowned suddenly and looked at Wang Zhen on one side.

"Really? It's all so serious?"

Originally, Wang Zhen didn't intend to deceive Li Tian, but now that he can only use this shameless trick, he forced his face to pretend to be painful and say, "It is true."

"The commander has just issued an order. If I want to please you, I will probably leave the barracks tomorrow."

Listening to what Wang Zhen said, Li Tian hesitated.

That week, the political commissar saw the stitches and continued: "Li Tian, speaking of your relationship with our brigade commander, you can't help but die..."

Li Tian glanced at the two people in front of him, and finally said helplessly: "Well then!"

"I promised you to answer a few questions from the reporter, but I declare in advance that I can answer one or two questions...too many questions, I will not say anything."

Hearing Li Tian's agreement all at once, Wang Zhen in front of him and the political commissar of that week mentioned how happy they were, and said excitedly: "Okay, okay, okay!"

"Don't worry, there are definitely a few questions."

In this way, Li Tian was coaxed by these two guys to prepare to accept this meaningless interview.

How can Li Tian think that the so-called reporters will dig up so many things before... If Li Tian knew it would be like this, I wouldn't go there if I wanted to kill him.

Li Tian is going to answer the reporter's interview.

For the North China Military Region, this finally solved the coal-burning urgency. Otherwise, the reporters estimated that they would break through the gate of the North China Field Military Region.

After the North China Field Army finally let in the so-called reporters, they arranged it in a huge conference room, and let the reporters wait for Li Tian in the conference room first.

What about Li Tian? Wang Zhen also specially prepared a clean suit to put on. After all, this is going to be on TV!

Li Tian dressed quite neatly and handsomely, so he went to meet the so-called reporters.

When guarded by the North China Field Army, Li Tian's figure finally slowly appeared in the conference room full of reporters.

As soon as Li Tian appeared, the reporters' eyes lit up.

After all, Li Tian is now the hottest person on the Internet!

As soon as Li Tian appeared, all the cameras and cameras started shooting, Li Tian only felt his head dizzy.

He doesn't like this environment very much.

"That is Li Tian, right?"

"Yes, it should be."

...

Suddenly the whole meeting room became lively.

"Everyone, please be quiet, please be quiet, now Li Tian has come, if you have any questions, please feel free to ask."

Just listen to the political commissar Zhou, standing on the left side of Li Tian on the stage, smilingly speaking to a group of reporters.

After hearing the words of Political Commissar Zhou, the reporters immediately rushed to hold the microphone and began to ask.

"Mr. Li, how did you rescue the commander of the North China Field Command?"

"Mr. Li, did you take into account your own dangerous situation when you rescued the old commander of the North China Field Military Region? And why did Mr. Li do such a dangerous move?"

"Excuse me, Mr. Li... After saving the commander-in-chief of the North China Field Military Region this time, would you have thought that you would become a celebrity even more famous than a star..."

Suddenly, the horrible question came to Li Tian.

Li Tian only feels two words: bored!

He frowned tightly, his mouth closed, and no one answered their so-called questions.

And the reporters were still chatting there like a nasty sparrow.

"Quiet!"

"Everyone be quiet!"

Suddenly Zhou political commissar said loudly there.

The reporters then fell silent.

"If you have any questions, you'd better ask them one by one... Otherwise, how do we answer your so many questions?" Political Commissar Zhou said with an ugly expression.

"From now on, you will raise your hands and ask questions one by one."

After Political Commissar Zhou said so, all the reporters raised their hands together.

"You ask!" Hearing Zhou's political commissar stretched out his hand and pointed to the male reporter wearing glasses and said.

The male reporter stood up quickly.

"Hello, Mr. Li, I am a reporter from the Southern Metropolis Entertainment Daily. I would like to ask, does Mr. Li give up his life to save Commander Mu Yunlong this time, will he know there is a great danger?"

Listening to the reporter's question, Li Tian said briefly: "Yes!"

"Then I would like to ask, since Mr. Li knows that there is danger, what kind of power is surrounding you to take this risk?" the reporter asked.

"Because my heart tells me that I must save it!"

"Oh, thank you Mr. Li for your answer." The reporter sat down with satisfaction.

Then, Political Commissar Zhou pointed at the reporters who raised their hands.

"go ahead."

Then a female reporter stood up.

Reporter: Mr. Li, how old are you?

Li Tian was a little depressed about this issue. He didn't expect these reporters to care about his own age. How could he imagine that the current media and newspapers are most concerned about some personal matters of "celebrities".

Li Tian: 25.

Reporter: When did Mr. Li contact the North China Field Military Region?

Li Tian: Not long ago.

Reporter: After Mr. Li rescued the commander-in-chief of the North China Field Army, did he think he would become famous?

Li Tiandao: No.

Reporter: What does Mr. Li do? Why is it proficient in fighting skills and able to capture criminals bravely?

Li Tian: Because I learned to fight.

...

Some horrible questions were asked one by one in Li Tian's extremely short answers.

Li Tian stood there facing the questions of these boring reporters as if perfunctory.

at last.....

One was a female reporter who claimed to be the Jiangdu Evening News to stand up and ask a question.

Reporter: May I ask Mr. Li, as far as we know, you seem to have stayed in Kyoto before? And also did a series of security jobs there... I wonder if this matter is true?

Just when the reporter suddenly spoke of the familiar place name "Kyoto City", Li Tian suddenly felt a shock...The whole person's heart seemed to be touched, he was taken aback for a moment, and then his eyes looked into the distance. .

Kyoto, Kyoto City, what a familiar name, what a name Li Tian can't forget.

This city is the first time Li Tian came out of Liaocheng

It was also the first time he felt the big city in the world from a poor boy in a big mountain...

There are all his most memorable things, scenery, high-rise buildings, and those dazzling people.

How can Li Tian forget everything that happened...

Fanghua suddenly appears, things are not humans, although Kyoto City is still there, but those who have met before? How about them.....

Ruyan's past, scene by scene, finally emerged in his frozen heart!

Chapter 1087: Familiar name

Li Tian is still standing among the chattering reporters, but what about his mind? But flew away at this moment...

Flew to the distant "Kyoto City".

"Mr. Li, how long did you work as a security guard?"

"Mr. Lee, what did you do in Kyoto City?"

...

As the reporters asked questions one by one, Li Tian suddenly turned around. Amidst everyone's surprise, Li Tian's figure quickly disappeared from the crowd.

Not only were all the reporters stunned there one by one, even political commissar Zhou and the soldiers around him were all stunned...No one knew what happened to Li Tian.

Memories:

What if time could go back in time?

How good would it be if life could be repeated?

No matter how beautiful the fireworks are, the beauty will appear at once, but what about the beauty before? What about the beauty before?

Has it been forgotten? Still faded?

Kyoto!

A big city where Li Tian went out of Liaocheng for the first time.

The city is still prosperous, the high-rise buildings are still there, but what about the people in the past?

Is it true that everything is right?

Kyoto City, Down's Enterprise.

A Tang company with wealth and status in Kyoto City, mainly engaged in real estate, and hotel entertainment.

Tang's enterprise is located in the prosperous area of Kyoto City, and you can see Tang's villa in the prime location from a distance.

The mansion combining Chinese and Western styles is quite prestigious. The exterior is covered with imported ivory tiles, which emits a dazzling light under the sun.

The person who owns this imperial palace is Tang Zheng, the founder of the Tang company.

A man who used to build his own business from scratch, a man who has worked hard in the mall for many years and finally made a **** road.

Tang Zheng would sit in the back garden of the villa at noon every day and read financial newspapers for two hours as before.

Today is no exception.

The lives of the rich have always been so regular.

From a distance, you can see Tang Zheng sitting on the bamboo rattan chair in the sun, wearing a pale white casual clothing as usual, lying on the bamboo chair comfortably.

There is a cup of fragrant coco coffee on the wooden table next to it.

Behind him is a straight man standing clearly. No one remembers the exact name of the man, but everyone knows that his last name is Zhou, and there is also a nickname called Deming Saburo.

He is the only bodyguard next to Tang Zheng: Desperate Saburo Xiaozhou.

While Tang was resting peacefully on a bamboo and rattan chair, a man in his 50s walked out slowly from the outside wearing a normal costume.

He still held a copy of the financial newspaper that came out today and walked towards Tang Zheng, who was the old butler of the Tang family, Bo Fu.

After the old butler came over, he gently bent over to Tang Zheng's side and called out, "Master, the financial newspaper you want has come down."

Tang Zheng, who was lying on the bamboo and rattan chair, slightly opened his eyes and saw Fu Bo.

Then Tang Zheng moved upright and sat upright. After taking a sip of the coffee beside him, he stretched out his hand and took the financial newspaper that Fu Bo had handed over.

"Is this today?" Tang Zheng asked.

Fu Bo bent over and replied, "Yes."

"Oh!"

Tang Zheng simply responded, and then changed his posture, then slowly put on a pair of glasses beside him, but went to open the financial newspaper news in his hand.

As he went to see, he frowned at the moment.

"When did the financial newspaper change to the entertainment newspaper?"

"How come this so-called entertainment news appears on this kind of newspaper...It's really nonsense." Tang Zheng said angrily as he opened the first financial newspaper in front of him.

It turned out that today's Caijing Daily didn't know why. The cover of the front page was not about the stock market, futures, and other financial information, but suddenly turned into headline entertainment news. So this made Tang Zheng, who often only focuses on finance, very angry.

Just as he was about to turn over the entertainment page on the homepage, his eyes suddenly stared at the bright two characters on the front page.

Those two characters were a name, a name that had appeared in Tang Zheng's mind.

"Li Tian!"

It turns out that the name of the character on the front page of the entertainment news is Li Tian.

Look carefully at the headline of this financial newspaper. It says: brave young man, bravely fighting gangsters, rescue commander-in-chief of the North China Field Military Region, famous behind it: Li Tian.

Since Li Tian rescued the commander-in-chief of the North China Field Military Region, his news has swept across the Internet and major media, and even the Caijing Daily, which has never published entertainment news in the past, published Li Tian's news as an exception, And it's still a headline.

"Li Tian, Li Tian... Why am I so familiar with this person's name?"

Tang Zheng suddenly felt strange, so he blinked his thick eyebrows and looked at the entertainment news.

Then he saw what happened to Li Tian below, "fighting the gangsters bravely, saving the commander-in-chief".

After taking a look, Tang Zheng then saw a photo of Li Tian attached below.

In the photo, I saw a soldier in a green uniform standing behind Li Tian, and Li Tian himself? He was also very handsome in a suit and stood there to speak. There is no doubt that this photo was taken when Li Tian attended the press conference.

But when he said that Tang was seeing Li Tian in the photo, his heart shook.

Who is this Li Tian? How come the face and name are so familiar... as if they knew each other before?

Suddenly, Tang Zheng carefully examined the financial newspaper in his hand and read it.

Eyeballs stared at Li Tian's photo unblinkingly, watching carefully, seeing, but no matter how he thought or remembered, he couldn't remember who was this Li Tian?

After thinking about it for a long time, he finally looked at Xiao Zhou standing behind him and asked, "Xiao Zhou, do I know a person named Li Tian?"

"Why do I feel that this name is so familiar, but I can't remember how I think about it." Tang Zheng said suspiciously while looking at Xiao Zhou behind him.

But he said that after hearing his boss's question, Xiao Zhou took a step forward slowly.

Muttering in his mouth: "Li Tian?"

When he said the name in his mouth, a figure suddenly appeared in his mind. That person was already a stranger two years ago. For people like Xiao Zhou and Tang Zheng, that person It's like a drop in the ocean, the kind of person who would be submerged in the sea at any time. The reason Xiao Zhou remembers this person's name more clearly is because the guy with the surname Li and Tian had a relationship with his eldest lady.

Chapter 1088: Don't let her know

But now Xiao Zhou is not sure that the Li Tian his boss is talking about is the Li Tian he once knew, so he took a step forward and said, "Mr Tang, do you have a photo? Let me take a look... .."

Then Tang Zheng reached out and passed the financial newspaper in his hand.

"There are photos on it." Then he handed it to Xiao Zhou.

After Xiao Zhou took the newspaper in front of him, he first glanced at the headline news on the newspaper, and then he saw a photo attached below.

When he saw the picture of Li Tian in his eyes, his people were almost shocked.

"It's him!"

"It's really him."

A word suddenly came out of Xiao Zhou's mouth.

After Xiao Zhou called out in such a surprise, Tang Zheng was immediately depressed, turned his head and looked at Xiao Zhou in front of him and said, "What's the matter? You know this person?"

"President Tang, have you forgotten him?"

"Have you forgotten this guy named Li Tian?" Xiao Zhou suddenly said to Tang Zhengdao.

Tang Zhengong frowned slightly, and said, "I just feel that this name is a bit familiar...what's the matter? Do I know this person?"

"President Tang, do you remember the story of the relationship between a little security guard and Missy in our company two years ago?" Xiao Zhou suddenly reminded Tang Zheng in front of him.

After Xiao Zhouyi said that, Tang Zheng was stunned.

The memories of more than two years ago flashed quickly in my mind.

In the memory, he quarreled with his daughter, and the reason for the quarrel was a small security guard of his company... and the name of that security guard was the current "Li Tian!"

When Tang Zheng suddenly remembered who this person was, his entire face suddenly became ugly and sluggish with affection, and then swishfully grabbed the financial newspaper in Xiao Zhou's hand, and read it carefully again. .

The picture of Li Tian on the financial newspaper is still the same, but the picture of Li Tian is more vicissitudes and more melancholy than it was two years ago, and it seems that he has also become a real man. .

"Really him?"

"I remember this kid! I remember." Tang Zheng suddenly shouted there.

At the same time, he pointed to the newspaper in front of him and said, "He, he, isn't he the little security guard who stood guard at the door of my company two years ago?"

"Yeah! Mr. Tang, that's him." Xiao Zhou said.

Just after Tang Zheng in front of him recognized Li Tian in the photo, his entire expression became dull and ugly.

At the same time, that face became tangled in an instant.

"This kid..."

"How could this former security boy go where?"

"Furthermore, also saved the commander-in-chief of the North China Field Command?"

Tang Zheng's face was full of incredulous muttering.

Xiao Zhou beside him didn't talk too much, but raised his eyes as if thinking about something in his heart.

"Xiao Zhou, tell me the truth, did Feifei have such a good feeling for this kid back then?" Tang Zheng suddenly turned to look at Xiao Zhou in front of him and asked.

Tang Zheng deeply remembered that he had reprimanded his daughter two years ago about the little security guard, but at first he thought it was his daughter who was playing around, so he would quickly ask Xiao Zhou.

Only when Xiao Zhou looked hesitant, after thinking about it, he slowly replied, "Does Tang always listen to the truth?"

"Nonsense, of course it's the truth." Tang Zhengdao.

Then Xiao Zhou said: "It's true, Mr. Tang, the eldest lady really had a good impression of the little security guard named Li Tian at the beginning, and she really liked him, but later on because of Mr. Tang you reprimanded the lady. Once, and also privately resigned Li Tian... Then the young man named Li left like this!"

"In the end, I never saw him again." Xiao Zhou said.

Tang Zheng finally remembered what he had done back then.

All memories flooded his mind. In the picture, he still remembered how he yelled at his daughter for the first time in his life, stopped her for the first time, prevented her from mixing with the little security guard, and he himself personally He resigned that Li Tian.

Thinking of this, Tang Zheng suddenly fell into a sluggish expression.

It was a long time before he seemed to react, then raised his eyes and glanced at the photo of Li Tian on the financial newspaper in his hand, and suddenly a sarcasm smile appeared at the corner of his mouth.

"So it seems that I did something wrong back then?" Tang Zheng said suddenly.

"I show this little security guard too low?"

A word came out of his mouth again, Xiao Zhou next to him seemed to want to say something, but he didn't say it, and the place standing aside did not move.

Hey!

In the end, Tang Zheng sighed, leaned on the bamboo and rattan chair, and calmed down, as if he didn't want to think about these things in his heart.

"How about Feifei?"

"How is Feifei?" Tang Zheng suddenly asked, just listening.

It turned out that Tang Feifei is no longer at home, but went abroad alone, the United States.

She is currently studying fashion design at Harvard University in Cambridge, Boston, Massachusetts.

Since that incident happened two years ago, Li Tian suddenly disappeared, Tang Feifei fell silent for a while. The once lively and lovely young lady became depressed. Tang Zheng tried to comfort his daughter several times, but it didn't help. I knew in my heart that my daughter had a "hate" towards herself.

After that, Tang Feifei told her father that she was going abroad for a while, and Tang Zheng agreed to make her daughter happy.

This time, Tang Feifei stayed for two years.

For two years, Tang Feifei rarely contacted his father. He was alone outside. Tang Zheng missed his daughter in his heart and urged her to come back several times, but Tang Feifei refused.

After Tang Zheng asked his daughter, his rich face showed a silent sadness.

Xiao Zhou said: "The eldest lady has been pretty good recently."

"There is news from our people over there that the eldest lady has also won the Asia-Pacific Fashion Design Competition in this Cambridge Fashion Competition."

Listening to Xiao Zhou's words, Tang Zheng showed a trace of relief on his face.

"Feifei really grew up!"

He said with emotion.

"But I hope you don't let Feifei know about this matter." Tang Zheng suddenly said with his fingers in the financial newspaper.

"Finally, Feifei has changed his mentality through the two years of studying abroad. I definitely don't want this person to influence Feifei in our family." Tang Zhengdao.

Chapter 1089: she is back

That Xiao Zhou nodded silently there, of course he understood what his boss meant.

After experiencing the unexpected situation like today, Tang Zheng was finally hit hard in his heart.

He only discovered now that it turned out that he sometimes misunderstood the person.

He thinks he has been very difficult to start from scratch, but this time he gave Li Tian a miserable look. Two years ago, he only thought that Li Tian was a small security guard, but now Li Tian has appeared in major media and The most important thing about the front-page news on the Internet is that he also saved the commander-in-chief of the North China Field Command. This glory is of course incredible.

But now no matter what Li Tian becomes, he does not want his daughter to meet Li Tian again, because he will be humiliated. The person he once looked down on the most has now become a master of humanity. This is for the founder of the Tang company. For Tang Zheng, of course it was a huge humiliation... but he knew that there was an unexpected side to everything.

The flight from Massachusetts to the country is flying in the blue sky.

In the first-class cabin, but saw a glamorous and impenetrable woman sitting motionless.

She wore an extremely elegant and exquisite lace shirt on the upper body, and two slender legs on the lower body. Above the slender neck was a delicate face of melon seeds, classical and beautiful.

A black hair draped vertically on her slender shoulders, and she was holding a newspaper in her hand carefully looking at it, as if the whole person was in.

The newspaper is an international fashion newspaper, but on the cover page of a volume of news, it reads: A headline of the hero who saved the commander-in-chief of the North China Field Army.

She looked at that beautiful face with joy and sadness from time to time.

The bright water-like eyes were also there, blinking, carefully studying the newspaper in his hand.

The plane was about to land on the International Airport in Kyoto City. At this time, the sweet voice of Miss Journey sounded in the cabin.

After hearing the sound in front of her, she glanced at the flying city below through the airplane cabin window next to her, and there was an inexpressible feeling in her beautiful eyes.

"I am back."

She said silently in her heart.

As the plane slowly descended above the Kyoto International Airport, she finally set foot on the land of her hometown.

After two years abroad, she has learned to take care of herself and a person to be strong and independent, but the only thing she can't learn is to forget that person, the once "silly" country boy.

But now she is back...

When the plane landed, she walked out of the first-class cabin.

Then he slowly took out the cell phone he had put in his bag.

As she slowly turned on the phone, then the phone rang clearly, and she glanced at the number on it with water-like eyes.

Su Ke.

She used to be the best sister in Kyoto City.

Then she answered the phone.

"Hello." A beautiful voice rang from her mouth.

"Bad girl, you finally know you're back... Come out quickly, I'll be waiting for you at the exit." A clear female voice rang from the phone, and it was obvious that that voice was her good friend, Su Ke.

"Well, I'll be out soon." She said with a smile.

"By the way, I came back this time, did you tell others?" She asked on the phone.

"Don't worry, I promised you not to tell anyone. I didn't even notify your father when I came back this time." Su Ke said on the phone.

Here she finally put her heart down, smiled and said, "That's good."

So she hung up the phone slowly and glanced at the city of Kyoto where she had been away for a long time. She slowly walked towards the exit of the station.

After arriving at the exit, but seeing the crowded airport lobby, I heard a charming woman's voice calling out: "Feifei...Feifei."

She turned her head and saw a beautiful woman in a floral dress beckoning to her at a glance.

That beauty is obviously her good sister Su Ke.

And she who is called Feifei here is naturally the eldest lady of the Tang family, Tang Feifei.

A once lively and mischievous lady.

But now? Two years have honed her into a slim beauty, and a very feminine kind, and every smile reveals a woman's natural charm.

"Su Ke." Tang Feifei also waved at her good sister at this time.

Then he walked over quickly.

When Su Ke first saw Tang Feifei, her pair of US contact lenses were wide, and she couldn't believe it, looking at Tang Feifei, the slim and model-like beauty in front of him.

"Wow, Feifei...Is this still you?"

"The change is really big!" Su Ke looked up and down at the beauty Tang Feifei in front of the small o-shaped mouth.

Tang Feifei smiled naturally, no longer the naughty she used to be, and said lightly: "Really? But I don't think I have changed much."

"Oh my God, Feifei, you have really changed! You have become more beautiful than before, and more feminine. I am so jealous. It is estimated that our former classmates will definitely not recognize you when they see Come out." Su Ke said and laughed.

Feifei also laughed.

She hasn't seen a good friend of hers for more than two years, and she is naturally very happy to come back.

The two of them held hands and talked there.

"Feifei, how about being in America?" Su Ke asked Feifei while looking at him on the road.

Tang Feifei smiled and said, "It's okay, but it's a bit boring."

"Really? How boring? I heard that the boys over there are pretty handsome." Su Ke said like an idiot.

"Feifei, don't tell me, you don't have a boyfriend yet?" Su Ke smirked and looked at Feifei before him.

Who knows that Tang Feifei said seriously, "I really don't have a boyfriend."

"Oh no!"

"Oh my God, don't you tell me that foreigners don't like your type..." Su Ke said.

Feifei smiled and said, "I don't like them."

"No, Feifei, could it be that you haven't talked over there all the time? None of them?" Su Ke opened his eyes wide and said, looking at Feifei in front of him as if looking at a monster.

Tang Feifei said in a very natural way: "I really didn't talk about it."

"Oh my god...I'm speechless." Su Ke almost collapsed.

"Why? Feifei, don't tell me, you have a cleanliness addiction?" Su Ke said with a smile.

"Bad girl, I just don't like those people." Tang Feifei said with a smile.

Chapter 1090: incredible

There is a red mini ford car parked outside, very colorful and delicate.

It belongs to a car driven by a girl like Su Ke.

When they walked out arm in arm, joking and laughing, they quickly got into the car in front of them.

"Where are you going?" Su Ke smiled and looked at Tang Feifei beside him after getting in the car.

"It's not easy to come back this time. I must take you to eat the best dishes in Kyoto and play in the best disco..." Su Ke said with a smile there.

But what about Don Feifei in front of me? Suddenly he said, "Suke, take me to the hotel."

"I don't want to go out to run...tired." A word came out of Tang Feifei's mouth.

what?

"You want to stay in a hotel? Don't you go home?" Su Ke looked at Tang Feifei in surprise and said.

Tang Feifei shook her head: "I don't want to go back now... Besides, I didn't notify my dad when I came back..."

"But I can't let you stay in a hotel..."

"Well, since you don't want to go home, then you can live with me... Anyway, I live alone now." Su Ke said with a smile.

Tang Feifei thought for a while and said: "Okay, then I will disturb you."

"Silly girl, why are you getting more and more polite now, I'm a little uncomfortable to be polite." Su Ke said there.

"Did people become so polite after going to the United States?" Su Ke said with a smile there.

Tang Feifei also smiled.

"I may not live long this time...because I may be leaving Kyoto in the next few days." Tang Feifei said suddenly in the car.

what?

"Are you going back to America so soon?" Su Ke was a little reluctant to leave his good sister.

I only heard Tang Feifei saying: "No, I am not going to the United States. I have dropped out of Harvard and I am not going to go back this time."

"You dropped out?"

"Don't go to the United States? Oh my god, that's great. My Feifei is finally back." Su Ke said with joy all of a sudden.

"From now on, our two sisters will finally be together."

Tang Feifei also smiled faintly.

"No, you just said that you want to leave Kyoto city immediately? But you said that you are not going to the United States... Then are you going to go there?" Su Ke suddenly remembered what Tang Feifei said just now, blinking beautiful eyes at the moment. Tang Feifei asked in front of her.

But seeing Tang Feifei's beautiful eyes turned to the outside of the car, looking at the passing scenery, she suddenly said, "I want to find someone."

"Looking for someone? Who are you looking for?" Su Ke asked.

Tang Feifei said: "A person I used to know."

When thinking of the "him" in her mind, Tang Feifei will have a fierce emotion in her heart for no reason. That kind of weird courage even she can't tell what it is like, she has only been in the past two years. In the middle of the time, every night I recalled the short time I spent with him... Thinking of the past and their words, she would laugh foolishly alone in the dark night, and then her Tears will drip down uncontrollably...

Some people say that lovesickness is because of love, maybe for Tang Feifei, she has always loved the "him" in her heart.

"Feifei, why am I getting more and more confused, who are you looking for?"

"Classmate? Or a friend?" Su Ke asked Tang Feifei, who blinked beautiful eyes in front of him.

I saw Tang Feifei shook her head slightly.

"Who is that? Su Ke said in a puzzled way.

Tang Feifei didn't answer Su Ke's words, but closed her little cherry mouth slightly, thinking about some thoughts there.

Na Su Ke saw Tang Feifei in front of him and didn't say anything. He was puzzled, but after all, he didn't ask any more.

"Feifei, what's going on with your relationship with your dad?"

"I think you should go back to see your dad this time." Na Su Ke said while looking at Feifei while driving the car.

But what about Don Feifei? When Su Ke mentioned her father, her expression turned bad, and she sighed softly, "I don't want to go back now..."

"Furthermore, my dad will definitely not allow the person I am looking for." Tang Feifei said.

Listening to Tang Feifei saying this, Su Ke was even more puzzled.

Who on earth is Feifei looking for? Why is it all related to him?

After thinking about it, Su Ke finally couldn't help asking, "Oh, Feifei, just tell me, we are the best sisters. Tell me, who are you looking for? Such a god. Mysterious, isn't it a boyfriend?"

Then Tang Feifei glanced at Su Ke, who was eager to know the answer, and then smiled softly: "Do you really want to know?"

"Of course I thought about it."

So Tang Feifei said, "In fact, the person I want to meet, you know."

"I know?"

"Really?" Su Ke said in disbelief.

"Remember 2 years ago, I was racing with a group of people in Wolf Mountain?" Tang Feifei suddenly mentioned something two years ago.

After Feifei suddenly talked about what happened two years ago, Su Ke was taken aback.

Of course, Su Ke remembered the wolf mountain racing two years ago, and there was a group of gangsters who wanted to molest Feifei, so Su Ke remembered it more clearly.

When Tang Feifei said this, Su Ke nodded and said, "I remember."

"Then do you remember the man who was with me at the time?" Feifei said again.

When Feifei suddenly said about him, Su Ke was taken aback, thought about it, and said, "Who?"

"I can't remember." Su Ke said.

Of course she can't remember the poor boy back then.

"It's the guy who was with me that night, sitting in the back of my car... You still said he was a rubbish." Feifei said.

Hearing what Feifei said, Su Ke in front of him seemed to remember something, and suddenly there was a cry...

"I remember, you were talking about him!"

"Is that the guy wearing a security uniform back then?" Su Ke suddenly remembered.

Of course she remembered the security guard who was with Feifei. She remembered that she had deeply despised that person at the time. She just didn't understand. Why did Feifei suddenly mention him now?

Feifei said: "Well, it's him."

"Feifei, why are you mentioning him?" Su Ke looked at Tang Feifei in disbelief and asked, because Feifei in her bureau and the security guard of the soil buns are basically different people from two worlds. And also that the United States is for him?

"Could it be..."

"Oh my God, Feifei, don't tell me, you came back all the way from the United States because of that poor boy." Su Ke's eyes widened and said unbelievably.
