

## A Killer 109

Chapter 109: like you

Li Tian stood there dumbfounded, feeling incredible.

He knew that the Tianshu Danjuan was a relic of the ancient world. Why did only Li Tian understand this book? Maybe if you really want to investigate it, you have to investigate until Li Tian just left Liaocheng and met the crazy old man in Kyoto. (This is something later, everything will be revealed later)

"Brother Tian, what's wrong with you?" Shen Feng said with a glance at Li Tian who was staring there.

Li Tian calmed down and said, "It's okay."

Shen Feng handed the book back to Li Tian in front of him, and Li Tian took it.

"In the last underground boxing match, you beat the Thai boxer to death on the ring. It is estimated that this time the opponent will take more powerful characters to deal with you."

"Brother Tian, you still don't understand the black market boxing match. Let's find a place to sit down. I will tell you about this black market boxing match." Shen Feng slowly walked inside with a cane.

Li Tian didn't know much about black market boxing, so he walked in.

"Black market boxing matches have no rules. Some just knock down your opponents in the ring. When you stand on that ring, you are always ready to be beaten to death. Of course, you must be prepared to kill others at any time because when you stand on that field, your life was doomed at that moment, whether you were dead or alive in a moment..."

Listening to Shen Feng speaking word by word in front of him, Li Tian nodded slowly.

---

Three days passed quite quickly.

In the past three days, Shen Feng's injuries, except for the ribs of his waist and spine, had not completely recovered, his injuries on his face and body were almost healed, and he was at least able to walk.

However, Xia Xue has not been very happy since Li Tian decided to go to the black market boxing. She seldom talked to Li Tian these days. Even if she saw him sometimes, she turned around and left, which made Li Tian very depressed.

However, because of the current competition, he can only concentrate on researching his own boxing techniques. Now, for Li Tian, the three tactics of grasping, fisting, and massage have been integrated, and since reading the annotations in Chapter 4, Li Tian suddenly realized. Now he can feel the changes in his whole body strength inside him.

On the third day, when time passed by minute by minute.

Finally the sky began to dim.

Li Tian, who was ready for everything, sat in Xia Xue's small restaurant for dinner, waiting for the black market boxing match tonight, and Shen Feng next to him was sitting with him.

After a while, Xia Xue walked out from inside and put the food on the table with a bang, then raised her beautiful eyes and stared at Li Tian: "You two don't die there tonight."

After speaking, Xia Xue turned and left.

Li Tian and Shen Feng stayed silently.

Shen Feng looked at Li Tian and then at Xia Xue's back, a strange smile suddenly appeared on his face.

Turning his head and whispering in Li Tian's ear, he said, "Boss, does Sister Xue like you?"

Suddenly hearing Shen Feng say this, Li Tian was a little embarrassed, turned his head and said, "What are you kidding about?"

"How can a beautiful woman like Sister Xue look at me? Besides..." Li Tian thought about it and didn't say it.

"Really, brother, you don't know. I have stayed with Sister Xue for a long time. I don't know what to say. I chased Sister Xue at first, but it's a pity that Sister Xue didn't bird me at all, but I can see snow from these days Sister seems to be very different to you."

"What's the difference?" Li Tian said with a smile.

Shen Feng said: "A woman? When she likes someone, she looks at him differently. I can feel that the way Sister Xue looks at you is completely different from how she looks at me."

"Don't talk nonsense." Li Tian said with a smile, but he felt happy in his heart.

A charming woman like Xia Xue is indeed the best in a man's heart. If it weren't for Xia Xue's age a little older than Li Tian, Xia Xue would be able to conquer Li Tian 100%.

"Really, I don't lie to you!"

"I can guarantee that you are 100% in your heart. Is a woman a woman? Think about it. I have known Sister Xue for five years. In five years, Sister Xue has always been alone. Years are not emotional? You said what I said, right?" Shen Feng said with a smirk.

Li Tian hehe smiled and looked at Shen Feng and said, "You can tell me this, but don't talk nonsense to Sister Xue. I don't know what to say. I have a fiancée."

Li Tian has not forgotten his (killer wife).

The reason why he came to Kyoto City was to become stronger and to protect his wife in the future and marry Situ Ningbing.

Hearing Li Tian said that he actually has a fiancée, Shen Feng couldn't help but immediately became interested: "Really? Our sister-in-law is there? What does it look like?"

"Why did I lie to you? Tell you, my wife is a great beauty, and..." Li Tian almost said the word killer.

Shen Feng smiled and asked, "And what?"

"Brother won't tell you."

The two brothers talked and laughed.

At this moment, I suddenly heard the hissing noise of the car at the door.

Li Tian's expression immediately changed, and Shen Feng turned his head and looked outside the small restaurant.

But a few men in suits came in from outside.

Of course, the person who came was the person who sealed the Lord, and the one headed by the man who came here last time, with a dull face and a dull look, walked in from the outside with his head high.

When Na Meng Chong walked in, Li Tian and Shen Feng stood up.

"Are you ready?" Meng Chong said in a dull voice after walking in.

"Yeah." Li Tian nodded.

"Then go."

Speaking of Meng Chong, they walked outside with people, and Li Tian and Shen Feng followed along with them.

Originally, Li Tian didn't plan to let Shen Feng go. After all, Shen Feng's injury was not completely healed, but Shen Feng insisted on going, and Li Tian had no choice.

There are two cars parked outside, the front one is a black Big Ben, and the back is an Audi A4.

Following that Meng Chong, Li Tian and Shen Feng sat in the black Mercedes-Benz, the door closed with a bang.

"Drive." Meng Chong said.

The man in the suit in front started the car, and the car sprinted towards the distance with a roar.

Waiting for the car to go far, I saw Xia Xue standing at the door of the small restaurant, looking at the place where Li Tianmen were far away with her worried eyes, watching like that, with faint eyes.
