

## A Killer 1091

Chapter 1091: Talk about it

But Feifei said slightly there, "I am really coming back this time to find him."

"Feifei, are you crazy... Why are you looking for that person?" Su Ke said as if bitten by a snake.

"Is that person still working as a security guard?" Su Ke said somewhat despising Li Tiandao back then.

I saw Tang Feifei in front of me saying: "It doesn't matter to me what he does. I just want to find him and ask him for an explanation."

"statement?"

"Feifei, why am I getting more and more confused, what is the matter with you and the poor security guard?" Su Ke said.

"Does he owe you money?" Su Ke said.

Tang Feifei frowned suddenly, and said, "What? How can it be money."

At the same moment, Feifei's pretty face turned pale for an instant, but she still tried to restrain her emotions, and slowly said: "He was in my dad's company, and even though my dad resigned After that, I left without saying goodbye by myself. After I left, there was no more news... Although I have been abroad for the past two years, I have never missed him all the time, so I wanted to find him and ask him to get back an explanation. , I want to ask him why he left without saying goodbye back then."

"Although it was my dad who resigned back then, but I didn't feel sorry for him." Feifei said.

Su Ke listened to Feifei saying: "Feifei, you..."

"Don't you...are you...interesting with him?" Su Ke looked at Tang Feifei in horror.

A fool can hear the meaning of the words in Don Feifei's mouth just now.

A eldest daughter of a wealthy daughter actually did this for a hard-working little security guard for more than two years... This made Su Ke feel incredible, so she felt Feifei seemed crazy.

Feifei was silent, she just raised her beautiful eyes and looked out of the car window in front of her, looking at the smoky scenery along the way, thinking about her own thoughts in her heart.

Seeing Feifei being silent, Su Ke was dumbfounded. It seemed as if she had guessed that Miss Tang Feifei really liked the security boy.

"Feifei, I wouldn't object to anyone you fell in love with in the past, but...but...how can you like a security guard?" Su Ke said silently.

"What's wrong with the security? The security is also human!" Feifei said.

Su Ke said: "But, but, think about it, can he support you? Even if you bend down with him, is his one month's salary enough to pay for your car? He pays his one month's salary Not enough money to buy a bottle of cosmetics."

Su Ke seemed to be telling the truth.

But Feifei said in front of him: "Who said that you can't live with such a small amount of money? Besides, I didn't want him money when I was with him, and he didn't have any money at all."

"Then I don't understand, why did you choose him?" Su Ke said.

Tang Feifei bit her teeth and said: "I didn't say to choose him, nor did I say that I wanted to fall in love with him. I just came back from the United States this time to find him and get back an argument."

"gosh!"

"Feifei, two years have passed, how do you know where he is?"

"Maybe that person has already returned to his hometown to get married and have children... You also know that marriages in the countryside are very early." Su Ke said.

"He got married?" Tang Feifei suddenly laughed.

"It's possible! Besides, you still don't know where he is." Su Ke continued.

Tang Feifei smiled and said, "Of course I know he is there."

"It is because I learned about him this time that I made a special trip back from the United States."

Su Ke listened to Feifei saying, "Which guy is there now?"

"In the North China Field Army." Tang Feifei said.

what?

North China Field Army Military Region?

"He is a soldier?" Su Ke said depressed.

Tang Feifei frowned and said, "No."

"Then what is he doing in the army?" Su Ke blinked and asked puzzledly.

Tang Feifei smiled and said, "If you look at this, you should understand."

Tang Feifei, who was talking, passed the international fashion magazine weekly to Su Ke who was in front of him.

Su Ke slowed down, so he reached out and took a look at the magazine Don Feifei handed her.

Then I saw a few eye-catching headlines: Rescue Li Tian, the hero behind the North China Field Military Region.

A photo taken by Li Tian at the press conference is attached below.

When Su Ke saw the picture of Li Tian, her mouth was almost opened into an O shape, and her pretty face was full of incredible expressions.

"This, this... this is him?" Su Kexian pointed at the photo of Li Tian on it, and said with her eyes widening round in her eyes.

Tang Feifei smiled: "Yeah."

"Oh my god... the hens have become phoenixes?"

"He is a celebrity now." Su Ke said suddenly there.

"And also saved the commander-in-chief of the North China Field Command..."

"However, Feifei, this former bun is indeed handsome now, and quite masculine." Su Ke suddenly laughed happily...as if she had seen Li Tian.

Tang Feifei didn't know if she heard her words, but turned her pretty face to look outside the car.

"Feifei, why didn't I see it? It turns out that he is really not easy." Su Ke said with a smile.

But when Tang Feifei heard Tang Feifei, she turned her head and said, "I am not interested in him at all. The reason why I come back now is what I said. I just want to find him and ask him for an explanation. I want to ask. Why did this \*\*\*\*\* leave without saying anything back then?"

Thinking of everything that happened two years ago, Tang Feifei's beautiful eyes almost turned red, but she resisted it.

In the past two years, she has been in a foreign country and does not want to come back all the time, but unfortunately she does not know his whereabouts. Now she finally knows his whereabouts, so she is back.

"Hey, Feifei, do you mean that you are going to North China these days?" Su Ke raised his beautiful eyes and looked at Tang Feifei in front of him.

Tang Feifei nodded decisively.

"I have been looking for news about this \*\*\*\*\* for two years, and now I have finally found it. How can I not find him?" When Feifei said this, it seemed to be "he" in her heart. It's like a lot of hatred.

Yes, Li Tian left without saying goodbye. He didn't even leave a word, just turned and walked away indifferently...

But he forgot that she was still standing behind him.

Su Ke was a little bit confused about the relationship between Tang Feifei and him, but he squashed and said to himself: This relationship is really troublesome...

So he didn't talk too much, and drove the car away quietly.

Chapter 1092: They are dying!

North China Field Army.

Li Tian didn't expect that the reporters would mention what he had done back then, and that they would break down so early in the end.

After being touched on the most secret private affairs deep in his heart, Li Tian decisively left the press conference.

The reporters naturally didn't know why Li Tian left suddenly in the middle. Although they were surprised, they could not do much.

So a happy press conference came to an end after Li Tian left halfway.

After leaving the press conference, Li Tian returned to his room.

He stayed in the room quietly, his eyes were looking into the distance, and scenes and scenes of the past suddenly appeared in his mind, and he just thought quietly.

The people who were...the things...

After Li Tian left the press conference, the reporters also left.

Although their interview was only halfway through, there is no other way.

At this moment, there was a lot of movement in the tent of the brothers.

Just listening to the room, Tang Xiaolong's voice rang and said: "What should I do? I think we should notify the little boss of this matter as soon as possible?"

"Well, I also think I should promptly notify."

"After all, if these two people die, we will want to understand the \*\*\*\* gate in the future, but it will be even more difficult." Chen Qiaozhi in front of him also said there.

The Duguxie and the ghost servant standing over there thought with gloomy faces.

Suddenly the ghost servant said: "But I heard that the young master has been in a bad mood since he came back from the press conference... Now if you tell him the matter, don't you know if it's appropriate?"

"Master, I think we still have to focus on big things."

"After all, dealing with the gate of \*\*\*\* is the little boss's long-held wish." Xiaolong said.

Listening to Tang Xiaolong's words, the ghost servant and the Duguxie in front of him thought for a while and said, "All right."

"Go, let's go and tell the young master immediately."

The Duguxie who was talking then decided to tell Li Tian the "important news" in front of him.

What kind of important thing is it? No one knows yet.

After seeing Duguxie, the ghost servant, Tang Xiaolong and others came to the door of Li Tian's room, they reached out and knocked on the door gently.

It's a pity that there is no response.

"Little boss." Tang Xiaolong shouted outside the door.

I thought Li Tian would answer, but unfortunately there was still no echo.

At this time, Duguxie and the ghost servants were stunned for a moment, and then they directly pushed open the door of the room in front of them.

After the Duguxie and the ghost servants in front of them directly opened the door, they first smelled of alcohol, and then they saw Li Tian leaning on the side of the table.

But seeing several bottles of wine on the table, all of them were empty.

Looking at that Li Tian again, his eyes were blood red, all bloodshot inside, his mouth was squirting heavy alcohol, and there was a half-drunk wine bottle in his hand.

When seeing Li Tian drank so much wine, the Duguxie and the ghost servants in front of them were suddenly depressed.

"Little Lord."

The two hurried over to help Li Tian in front of them.

And Tang Xiaolong also hurried over, looking at the empty wine bottles in the room, he was also puzzled, and said to himself: What's wrong with the little boss? Why did you drink so much wine suddenly today?

"Young Master drank too much!"

"Quickly, help Young Master get up first." That Duguxie said.

So he and the ghost servant quickly helped Li Tian who was drunk and messed up in front of them, and then quickly put them on the side of the bed.

Li Tian hummed in his mouth, breathed out alcohol, and said, "I...I...want to drink...give me the wine..."

"Where's the wine..."

"Young Master, you can't drink anymore! If you drink too much, take a break first." Duguxie said in front of him.

Li Tian was holding both hands, and said drunkly, "I'm not drunk..."

"I want to drink beer."

"Ghost servant, press the young master on the bed, and let him rest." Du Guxie said to the ghost servant after seeing the drunk Li Tian.

The ghost servant said, "Yes."

Then he held Li Tian in front of him and let him start to rest in bed honestly.

They finally put Li Tianji on the bed after they were busy for a long time, looking at the wine bottles on the floor and all the mess in the room, Duguxie and the ghost servant frowned.

They didn't know what happened to Li Tian, let alone why he suddenly drank so much alcohol.

Now they simply cleaned up the room, then stayed in the room and looked at the lethargic Li Tian.

"Ghost servant, Xiaolong, you two go and rest. Tonight, I will take care of the young master." Du Guxie looked at the drunk Li Tian and said with no reassurance.

"Second brother, let me come." Gui Pu said.

Then Tang Xiaolong also said: "Senior Dugu, let me take care of the little boss."

"No... you all go back and rest."

"I can take care of the young master alone." Du Guxie insisted.

After the ghost servants and Tang Xiaolong heard Duguxie say this, they had no other way, so they nodded there and backed off.

That night, Duguxie stayed by Li Tian's side just like that, he was afraid of something wrong with Li Tian.

After staying overnight, Li Tian finally started to wake up slowly the next day.

Due to drinking too much last night, Li Tian felt a little pain in his head just after waking up. With a groggy head, Li Tian slowly opened his fluffy eyes.

His body tried to move, and then slowly straightened up.

"Young Master, you are awake." Li Tian, who was just awake, heard a voice from Duguxie beside him.

Then he saw the face of Duguxie next to him turning yellow, and there was a tired bloodshot in his eyes looking at him with a smile.

Li Tian was taken aback. He didn't expect Duguxie to be in his room. He blinked, thought about it and said, "You...you...were here all the time last night?"

"Did I drink too much yesterday?" Li Tian said while looking at Duguxie.

But seeing Duguxie said indifferently: "As long as the young master is fine, I can rest assured Duguxie."

Hearing that Duguxie said this all at once, Li Tian suddenly knew that it was Duguxie who had guarded him all night last night. At this moment, he felt embarrassed.

So he quickly got off the bed.

"I drank it yesterday... but I was a little confused..."

"Hey, you didn't rest overnight." Li Tian said sorry to Duguxie.

Duguxie shook his head slightly.

"Young Master, there is something I must tell you."

"I was going to tell you yesterday, but it's a pity that you drank too much yesterday... so now I have to tell you." Duguxie said seriously.

Seeing the solemn expression on Duguxie's face, Li Tian suddenly felt that something big might happen, so he quickly said, "What's the matter?"

"The two are about to die!" A word suddenly came out of Du Guxie's mouth.

"Which two people?" Li Tian asked in surprise.

Duguxie said: "Ouyang Longyan in the gate of hell, and that ecstasy."

Chapter 1093: kill me!

When Duguxie suddenly told the news that Duguxie and Ouyang Longyan were about to die, Li Tian, who had just woke up, suddenly stood up.

"what did you say?"

"What's the matter with them? Why are they dying?" Li Tian looked at the Dugu Xie in front of him incredibly.

Just listen to Duguxie said: "The young master may not know something."

"Yesterday, Brigadier Wang Zhen had already informed us that Ouyang Longyan in the gate of hell, as well as the Ecstasy, were feeling more and more wrong. The two of them seemed to be getting weaker and weaker... and they were getting dying. It's like a person who is about to die. As far as I know, it seems that the people from the North China Field Military Region didn't move the two of them much."

After listening to the words of Duguxie in front of him, Li Tian suddenly remembered.

"It's poison!"

"It's the poison in their body that has occurred." Li Tian said suddenly.

Duguxie frowned: "Poison?"

"Do you mean that both of them were poisoned?" Duguxie asked Li Tian who was looking at him in surprise.

Li Tian nodded quickly.

"Well, the last time I met two people, they personally admitted that their allegiance to the gate of \*\*\*\* is because they are controlled by an extremely terrible poison. If they don't allegiance to the gate of hell, the poison will happen... ...Now they have been detained by us in the North China Field Army. They have not received the antidote for a long time, so they must be poisonous now."

Listening to Li Tian's words, Duguxie understood what happened.

I saw Li Tian strode outside suddenly, and Du Guxie saw Li Tian suddenly walking outside, and immediately asked, "Young Master, where are you going?"

"I'll go see those two!"

"The two of them must not die now. If they die, our clues will all be cut off."

After Li Tian finished speaking, he walked quickly to the outside.

Then Li Tian quickly walked towards the room where the North China Field Army held Ouyang Longyan and the Ecstasy.

From a distance, I saw the soldier guarding outside the detention room.

After Li Tian came over, he said to a soldier, "Help open the door."

All the soldiers in front of him knew Li Tian, and now Li Tian is a well-known figure in the North China Field Army.

This would listen to him opening the door in front of him, so he quickly opened the door in front of him, and as the door opened, Li Tian quickly walked in.

After stepping into this room, he smelled a decadent smell.

Then Li Tian looked towards the place where Ouyang Longyan and the Ecstasy were detained.

Look carefully, but see that both of them are sitting on the ground as if they are paralyzed, their limbs are still deeply locked with heavy chains on their hands and feet.

When Li Tian walked in, the two of them still sat on the cold ground as if they hadn't heard at all.

The two of them now looked like the first-class masters before, completely looking like a useless person.

After Li Tian walked in, his eyes looked at the two in disbelief.

"Ouyang Longyan!" Li Tian shouted in the suddenly silent room.

But seeing that Ouyang Longyan's body sitting on the ground suddenly moved slightly, and then he lifted that face.

The handsome face in the past became pale and ugly like death at this moment...At the same time, both eyes were deeply sunken, and the whole person looked like a person about to die.

At the moment Ouyang Longyan suddenly saw Li Tian, a bitter and desperate smile suddenly appeared at the corner of his mouth.

"The surnamed Li...you are...you are...the one who came to see me die?" Then Ouyang Longyan suddenly said with difficulty to Li Tiandao in front of him.

When he said these few words, it seemed as if the whole person seemed to be struggling, and at the same time, the whole person was panting.

Li Tian looked at his uncomfortable expression and knew that he might not be able to live long.

So he said: "It seems that your poison has really taken place."

Then Ouyang Longyan smiled miserably when Li Tian said this.

"So what?"

"Since the day I joined the gate of hell...I knew I had this fate..." Ouyang Longyan said.

Li Tiandao: "Since you know those people will treat you like this, why do you still do things for them like a dog... to harm my father." Li Tian suddenly furious.

But seeing Ouyang Longyan leaning against the cold wall... his eyes rolled upward, and he seemed unwilling to answer Li Tian's question.

"Say? Are you reluctant to tell me about the gates of \*\*\*\* before you die?" Li Tian in front of him suddenly furiously said, and then because he was too angry, he grabbed the extremely weak body in front of him. Ouyang Longyan.

The clothes on Ouyang Longyan's chest were tightly grasped by Li Tian with his hands, and at the same time his back was pressed against the cold wall by Li Tianji, his eyes blinked in despair, as if he had already seen it at this moment. To death.

"Kill me...Kill me..." Suddenly Ouyang Longyan roared.

His voice was hoarse, his pale face was flushed, as if begging Li Tian to kill him.

But what about Li Tian? Of course he won't do it.

He didn't know the clues yet, how could he let Ouyang Longyan die like this?

Just when Li Tian was about to loosen Ouyang Longyan's neckline, he suddenly saw Ouyang Longyan's chest glowing purple... Then he grabbed Ouyang Longyan's shirt... a shocking scene suddenly appeared. In his eyes.

OMG, Ouyang Longyan's entire upper body has begun to completely turn purple. Looking at the extreme horror, it is no longer human skin at all, but it looks like a monster.

Li Tian knew that his toxicity had begun to spread completely...

Looking at his purple chest at this moment, even Li Tian was stunned.

"Why... don't you dare to kill me? The surname is Li, do you know? We slaughtered your father...and mother..."

"Don't you want to avenge them?"

"kill me?"

"Kill me!" That Ouyang Longyan roared like crazy, with a beastly ferocious look on his face, and the light of Shenren in his eyes, as if he was very Pain, like wanting to die.

Just when Ouyang Longyan roared like a madman in front of him, begging for death, Li Tian suddenly hit the back of his head with one hand.

With a bang, but seeing Ouyang Longyan who was still screaming just now was knocked out by Li Tian.

"You want to die... Unfortunately, I can't kill you yet."

"My grievances have not been reported...now I don't know anything about the gate of hell. If you die, who will tell me the clues of the gate of \*\*\*\* in the future?"

Chapter 1094: Ghostly character

Li Tian looked at Ouyang Longyan who was beaten unconscious and said.

But now even Li Tian stuns Ouyang Longyan to prevent him from roaring, but after all, Ouyang Longyan is indeed poisoned, even if he doesn't kill him, how many days will it take?

He will also be poisoned and die in a few days.

Thinking of these Li Tian suddenly became depressed.

Now how to do? Can you let them die? If they die like this, who will tell me the clues to the gate of \*\*\*\* in the future? Could it be that I have broken the clues to the gate of \*\*\*\* again?

In the midst of Li Tian's sad face, he suddenly heard a faint gasp from the left side.

Looking closely, it was the ecstasy that caused the body to move at this moment.

"Li Tian...Do you want revenge?" Suddenly an extremely weak word came out of the ecstasy.

It turns out that this ecstasy has just listened to their conversations in their ears,

At this moment, when Li Tian heard the ecstasy in front of him suddenly speak in a weak voice, he was not only taken aback.

Quickly said: "Of course I want to!"

"Why, are you going to tell me something about the gate of hell?" Li Tiandao asked.

The ecstasy slowly lifted the face that was as pale as dead gray, and the eyes were all purple and sunken, like a zombie. Li Tian looked in front of him: "What do you want to know? "

Listening to the Ecstasy finally speaking, Li Tian suddenly felt hope in his heart.

Maybe it was the Ecstasy who knew that he was going to die, maybe it was because of human beings who were about to die and the truth was good, but no matter what, he seemed to be really ready to tell Li Tian something.

"Long Yin!"

"I want to know what kind of person this \*\*\*\*\* named Long Yin is like!" Li Tian said suddenly, full of murderous aura.

Thinking of the guy who had personally smashed his father's hands and feet, Li Tian would have a hatred in his heart, a ruthlessness.

When the ecstatic envoy heard Li Tian suddenly mentioning Long Yin, he was slightly startled, and said weakly, "Why... did you see him?"

"Yes!"

"It's a pity that I let this \*\*\*\*\* run away." Li Tian said.

The ecstasy paused, then took a deep breath, and said: "I'll give you a piece of advice... you better stop thinking about revenge." A word suddenly came out of the ecstasy.

But what about Li Tian? After hearing this sentence, an anger suddenly surged from my heart.

"what did you say?"

"I said, you better give up revenge... because you are not their opponent at all!"

"Li Tian, I'm going to die... I said these are for your own good, think for yourself, what kind of characters are the characters you have to face... I will tell you now, the \*\*\*\*\* you see Doors like us... There are many, many more in the gates of hell, and some more powerful characters are behind! For example, the dragon Yin you mentioned just now."

"This character was already a demon-level character decades ago... His kung fu can be compared to Duguxie!"

"Li Tian, ask yourself, can your current strength really reach that level? Can you really be better than your father back then?"

"Think about it, the evil gods of the first and foremost life couldn't escape the chase of those demon heads, let alone you now?"

"I'm telling you, the reason you can live now is because the real big man hasn't come out yet! The demon in the black door in the gate of \*\*\*\*\* is still far behind..." the Ecstasy said sincerely.

When he said so many words at once, he seemed to feel very tired. He couldn't help gasping for breath, and at the same time the pale face became more and more ugly.

After Li Tian listened to what the ecstasy said, he suddenly sneered at the corner of his mouth, and his eyes stared at the ecstasy in front of him for an instant.

"No, you are wrong!"

"At the end of the world, even if it is a sea of fire, Li Tianjinsheng vowed to take revenge!"

"I want those people who owed me to deprive me of the love of my life, and pay the price of blood one by one."

"I want them to die, one by one under my hand."

Weird and terrifying words came out of Li Tian's mouth.

The Ecstasy looked at Li Tian's face at this moment, and suddenly felt that Li Tian's face seemed to be distorted...because he felt that he was not alone at all, but a monster-like guy.

Looking at what Li Tian said just now, the ecstasy felt his heart suddenly chilled for no reason.

He had never seen a person who could give him such a sense of fear... Not even the owner of the gate of hell!

But Li Tian in front of him gave him such a terrible feeling.

"Well, since you want to know, then I'll tell you." The Ecstasy suddenly faced Li Tiandao.

"The Dragon Yin you just mentioned... is indeed a terrifying and powerful character in the gate of hell, and at the same time the cruelest character in the black gate."

"I don't know much about the black gate of the \*\*\*\* gate. The only thing I know is that the black gate is under the personal jurisdiction of the master. In the black gate, there are at least two masters of the same level as Long Yin, because When besieging your father Cthulhu, these three people were the characters who contributed the most...and at the same time the most powerful characters."

After hearing the ecstasy say so, Li Tian's terrifying killing intent became more and more intense, and the entire room was flooded.

"Tell me, who are they?" Li Tian bit out his teeth word by word.

"No one knows their names..."

"For so many years, they have lived like ghosts...No one knows who they are, because for so many years, there has never been a master like your father, it is worth their hands." Ecstasy made his eyes look desperately into the distance .

"You don't even know their names?" Li Tian asked again.

Ecstasy shook his head helplessly.

"But don't worry...I think they will appear soon." The Ecstasy looked at Li Tiandao with a smile suddenly.

Li Tiandao: "Why are you so sure?"

"Because even Long Yin has appeared... They will also appear soon." Ecstasy said.

"I want to ask you, are you really sure to deal with Long Yin... the last time you met him, did he really escape?" Hearing the ecstasy suddenly asked strangely.

Li Tian didn't know how to answer this question.

Because at that time, Long Yin only cared about the Heavenly Book Pill scroll on his body, and didn't do anything with him at all.

Chapter 1095: Dark City (open)

But he started with the Ghost Servant, and it only took less than three strokes... he forced the Shadow Ghost Servant back in less than three strokes.

Thinking of these feelings of horror that had never happened before, suddenly came to Li Tian's heart.

Now when he heard the ecstasy in front of him say that there were at least two masters as powerful as Long Yin in the gate of hell, Li Tian not only shook his heart.

Yes, can they really be their opponent based on their current strength?

You don't need to think about it, and you know, you definitely can't.

Although Li Tian now has learned a lot of powerful kung fu, Xuantian Finger, Demon's Palm, and Eight Diagrams Boxing... But on the blank page on the last side of the Heavenly Book Pill Scroll, Li Tian has not yet fully understood it.

He didn't know what the blank content of the third volume of the ancient relics Tianshu Danju was...maybe it was a higher level of martial arts.

But now for Li Tian, the heavenly book pill scroll did not play any role, because the heavenly book pill scroll had been snatched by Long Yin.

When thinking of this, Li Tian felt a headache, but for revenge, even if the road ahead was dangerous, Li Tian would go on step by step.

"Li Tian, if you really want revenge, you have to defeat them." A word came out from the ecstasy that slumped on the cold wall.

"Because only you defeat them... can you force the master of the gate of \*\*\*\* out." The Ecstasy said again.

Li Tian was silent when he heard the ecstasy say so.

Lifting his cold eyes and looking at the ecstasy in front of him: "Have you really never seen the master who instigated you behind the scenes?"

Hearing Li Tian's question, the ecstasy suddenly smiled bitterly.

Said in the feeble way: "No...no..."

"As far as you said, I live with them like a dead dog...I live in the dark every day...I only accept tasks." The Ecstasy suddenly said with a miserable smile, with infinite desolation in his voice.

Listening to the ecstasy in front of him say this, Li Tian not only felt a little sympathy for the ecstasy in front of him, but more of it was hatred.

No matter what, blood feud is blood feud after all, and Li Tian will never forget it.

"Then you say, now unless people from the gate of \*\*\*\* come to me... If I want to find them, there is no possibility at all, right?" Just listen to Li Tian looking at the ecstasy in front of him.

The people who have always been the gates of \*\*\*\* take the initiative... But what about the self who want revenge? But it is always passive.

Li Tian didn't want to go on like this anymore, he wanted to take the initiative, so he asked the ecstasy in front of him.

But after listening to the ecstasy, he thought about it.

"Do you want to find them?" Ecstasy suddenly raised those deeply sunken eyes.

"Of course!" Li Tiandao.

"Aren't you afraid of death?" The Ecstasy asked again.

"I'm afraid of death, I won't take revenge." Li Tian said fiercely, clenching his fist.

"Well, since you are not afraid of death, then I will tell you..." The Ecstasy said suddenly.

Li Tian became excited after hearing the ecstasy in front of him say so.

"Why, you know? Do you know the people who went there to find the gate of hell?" Li Tian asked quickly. ,

I saw that the ecstasy in front of him was silent for a while first, and then slowly raised his extremely weak eyes to look at Li Tian...

"I only know one place, because only when you get to that place can you know the real thing about the gates of hell." Ecstasy said slowly, but when he mentioned that place, there was a flash in his eyes that had never happened. Sense of fear.

"Where?" Li Tian asked excitedly.

"It's a place called the Dark City." Ecstasy said suddenly.

The dark city?

When Li Tian heard the place name, he was not only taken aback.

"Dark City, what is this place?" Li Tian asked puzzledly.

The ecstasy said: "This is a place that will never appear on the domestic map, a dark place that is almost forgotten."

"Why do you say that?" Li Tian asked in horror.

"Because the Dark City is a city abandoned by the government. This city is extremely small and has a small number of people... But the people who can survive in the Dark City are definitely not simple people. They are lunatics. They are beasts, to be precise, they are no longer humans, but a group of bloodthirsty demons."

"The Dark City has existed decades ago. If you look back and ask, Duguxie and the Ghost Servant... I think they should have heard something about the Dark City..."

"What I can tell you now is that you have to go to the Dark City to find a character called the Poison Emperor. Only when you find him, can you know how to find the person at the gate of hell." Ecstasy said.

Li Tian frowned when he heard the ecstasy in front of him say this.

"Poison Emperor?"

"Why should I look for him? How could he know that the gate of \*\*\*\* is there? Isn't he also from the gate of hell?" Li Tiandao.

"No! The Poison Emperor is not from the gate of hell!"

"He is the overlord of the Dark City."

"The City of Darkness is much stronger than you think... In the event that slaughtered your father the evil \*\*\*\* back then, some of the masters were borrowed from the City of Darkness. In a sense, the Poison King and The owner of our \*\*\*\* gate is still a friend... so you can only truly understand the whole \*\*\*\* gate thing if you find the poison emperor." Ecstasy said.

After Li Tian heard the ecstasy in front of him say so, suddenly a fierce heart suddenly surged from the bottom of his heart.

"So, that Poison Emperor is not a good thing? He also had a share when he participated in my father's massacre." Li Tian suddenly hated.

The Ecstasy looked at Li Tiandao: "Do whatever you want..."

"I just tell you what I know before I die... Also, I'd better tell you in advance... If you really dare to go to the Dark City, remember, don't provoke the Poison King ...Because if you offend him in the Dark City, then I'm sure to tell you that you will not be able to leave the Dark City alive." The Ecstasy looked at Li Tian and said deeply.

Li Tian didn't know if he would listen to the words of the Ecstasy. His current heart had already fallen into a state of revenge. Now he only hopes that he can fly to the so-called dark city and find the Poison Emperor. , And then know the whereabouts of the gate of \*\*\*\* from the mouth of the poison emperor.

"Where is the Dark City? Tell me!" Li Tian suddenly turned his head to look at the ecstasy in front of him and asked.

But what about ecstasy? It seems to be getting weaker and weaker... As if the words just said have already wasted a lot of his energy, this time he just fell to one side, breathing hard in his mouth.

"I do not know....."

"I only know that the dark city is in the West..." Ecstasy gasped hard.

Hearing what the ecstasy said, Li Tian didn't ask any more, because he knew in his heart that what the ecstasy said was true, judging from his current uncomfortable state, he shouldn't deceive himself anymore.

Chapter 1096: Brother

West?

The Dark City is in the West, so I think the next place I want to go should be the West.

Li Tian thought in that heart.

Just as Li Tian was thinking about his mind, he suddenly heard that the Ecstasy in front of him coughed violently, coughing and coughing. As his coughing intensified, he saw the Ecstasy suddenly a black mouth. Blood spurted out of his mouth.

When the black blood squirted from the ecstasy's mouth, he suddenly sat there weakly, his body convulsed violently, as if it were unbearable to bear the pain.

Li Tian looked at the extremely painful Ecstasy in front of him, not knowing how to help him.

Although the Ecstasy had a blood feud with Li Tian, Li Tian didn't want him to die under someone else's hands. Even if he was going to die, he should die under his own hands.

Looking at the painful Ecstasy in front of him, Li Tian didn't know how to choose.

While Li Tian was hesitating, suddenly the pale ecstasy lifted his face with difficulty, looking at Li Tian in front of him as if praying.

"Li Tian..."

"I... almost... dying..." a word came out of the ecstasy.

After he said it, Li Tian nodded suddenly.

"For the wrong things I did twenty years ago... I am here to say sorry to you..."

"Now...now, I really hope...I can ask...I can ask you for one thing." With black blood on the corners of his mouth, Ecstasy looked at Li Tiandao weakly.

Ask yourself?

Li Tian heard the ecstasy in front of him say this, and said slightly: "Please? What's the matter?"

But seeing the ecstasy slowly stretched out a hand, and then difficultly took out something from his arms... It was a white jade finger wearing a red rope, held in the ecstasy, making the moment tremble In his hand, after he took out the white jade finger, he stretched out his hand and handed it to Li Tian.

"Please... please... help me bring this thing... bring... bring... to my family." The Ecstasy finally said this sentence with difficulty.

Li Tian slowly stretched out his hand to take it, glanced at the white jade panzhi in his hand, and looked at the dying ecstasy in front of him and said, "Your family?"

"Yes." Ecstasy said with a miserable smile at the corner of his mouth.

"Bring it to my father... tell him... tell him... I haven't been a good son in my life... I'll make up for him in the next life." After the ecstasy said these words with difficulty, he suddenly came out of his mouth. Painfully spit out thick black blood. The thick black blood seemed to have a stench, and when it came out of the Ecstasy's mouth, it looked abnormally terrifying.

Li Tian had never seen such a poisonous poison. For the first time today, he saw that not only his back was cold.

It really is the most powerful poison in the world.

No wonder none of these so-called \*\*\*\*\* gate masters dared to betray.

After thinking about it, Li Tian finally nodded there.

"Well, because you are dying, I will promise you."

"Now you tell me, where can I find your father?" Li Tian asked.

The ecstasy caused the body to move slightly, and then tried to lean his body in a more comfortable position, then panted heavily and said, "Situ...Situ family..."

The four words came out from the mouth of the ecstasy.

When the ecstasy in front of him suddenly said "Situ Family", Li Tian was stunned.

what?

"Your father is a member of the Situ Family, one of the four major families?" Li Tian asked suddenly, looking at the ecstasy in front of him in disbelief.

Of course he knows the four major families in China, Ouyang, Yuwen, and Duanmu, as well as the Situ family who is far away.

But seeing that Ecstasy suddenly smiled miserably and nodded slightly.

"You...are you... surprised..."

"I am not only... not only from the four major families... but also... but also the son of the Patriarch of the Situ family, my name is Situ Xuan..." The Evil Envoy said his identity there.

When the ecstasy in front of him suddenly admitted his life experience, Li Tian first felt stunned.

My God, this once cruel fellow in the gates of \*\*\*\* turned out to be the eldest grandson of the Situ family, Situ Xuan!

Although Li Tian didn't know the Situ family, he was still deeply shocked there!

He really did not expect that the ecstasy in front of him was from the four major families.

At this moment, after Li Tian was shocked, suddenly his mind suddenly remembered a woman he loved the most... She, her, her name was also Situ... And according to Li Tian's previous understanding of her, it seemed that she had also It's a member of a big family...but she has never told herself about her family.

So after Li Tian suddenly thought of his favorite "her" for the first time, he raised a pair of unbelievable eyes and looked at the ecstasy who seemed to be about to die: "You know... Do you know Situ Ningbing?"

After the name of Situ Ningbing was suddenly uttered, Situ Xuan, who seemed to be about to die, suddenly shook his entire body violently, and then the pair of deeply sunken pupils suddenly enlarged, staring at Li Tian.

"You mean...who do you mean?"

"Ning Bing... Ning Bing... Are you talking about Ning Bing?" I saw that the ecstasy suddenly seemed to be crazy, and the whole body suddenly climbed towards Li Tian with difficulty, with a wave of no in his eyes. Dare to believe it.

When Li Tian saw this ecstasy with such an expression, he not only became more and more curious,

"Yes, it's Situ Ningbing? Why do you really know her?" Li Tian asked.

Just after Li Tian asked, the ecstasy suddenly weakened body suddenly stood up, and then both hands suddenly tightly grasped Li Tian's shoulders, and screamed, "How do you know her? 'S name? Where did you hear Binger's name?"

"Say, talk." The ecstasy roared there like crazy.

Although his body is very weak, he is still a master after all. When he held Li Tian's arm with such strength, Li Tian felt a slight frown.

"Tell me first, what is the relationship between you and Ningbing?" Li Tian looked at the ecstasy in front of him.

Just listen to the ecstasy: "I am his brother...I am her brother."

A word was said from the Ecstasy's mouth, and when the Ecstasy in front of him suddenly said that he was the brother of Situ Ningbing, Li Tian was completely confused.

what?

Chapter 1097: The unbelievable truth

"You, you are... you are Ningbing's real brother?" Li Tian was speechless, looking at the ecstasy in front of him in disbelief.

"of course!"

"When Binger was young, she liked to follow me the most... But another day, when she was playing in the back garden, she suddenly disappeared... Since then, my only sister has disappeared like this... We have searched all over again. No trace of her was found at the ends of the world."

"Tell me, tell me, where did you hear Bing'er's name?" After the Ecstasy finished speaking, he suddenly caught Li Tian in front of him and asked.

Li Tian only felt that he was going to be confused.

Ecstasy turned out to be Ningbing's brother?

The woman you love the most is the sister of the enemy you hate the most?

Thinking of these Li Tian's heads almost exploded...

"Impossible...impossible...how is it possible?"

"How could Ningbing have an older brother like you?" Li Tian roared suddenly, pushing away the seducer in front of him.

The Ecstasy was already extremely weak, and he was pushed so hard that he fell to the ground all of a sudden... His body was coughing violently, and his face became paler and paler like dead ashes, and his mouth was breathing hard. But still crawling forward step by step.

"You know... you know the whereabouts of my sister..."

"Tell me... please... tell me... whether my sister is dead or alive..." Ecstasy said with tears on her face.

Looking at the ecstasy in front of him, Li Tian then recalled everything that Situ Ningbing had told him, remembering that she once said that when she was very young, she accidentally played in the back garden, and then she was taken away. Since then, she has been taken to a foreign country, trained to be a killer since then, and now she is thinking about what the Ecstasy said.

boom!

Li Tian's heart seemed to be shot with a gun.

This is real?

This ecstasy is really Ningbing's brother?

When Li Tian finally knew the truth, he suddenly felt that he was so ridiculous.

The person you love the most is actually the sister of the person you hate the most?

How funny! What a funny thing.

"You do not deserve!"

"I'm telling you, Ecstasy, you are not worthy to be the elder brother of Ningbing." Li Tian suddenly roared at the Ecstasy with blood red eyes.

The Ecstasy didn't know why Li Tian reacted so emotionally... There he just asked, "You know my sister... is my sister alive now? Is she okay? She is there now... I beg you, please let me see her once before I die..."

Listening to the ecstasy's prayer, Li Tian sneered: "Yes, Ningbing is indeed alive."

"And live well..."

When the Ecstasy suddenly learned that his missing sister was still alive, he suddenly fell silent.

The whole person sat on the cold concrete floor in a daze, and after a long time, suddenly laughed madly.

"it is good....."

"Great... I never thought that Situ Xuan would know that Bing'er was still alive before I was dying... I have no regrets when I die." He suddenly said with a wild smile.

Then Li Tian looked at the crazy ecstasy and said: "Ning Bing is not here now, if she is by my side, I will definitely bring her to see you..."

"If you can survive until I find Ningbing, then I will definitely bring her to see you."

"Although you are my enemy...but...but...after all, I love her!"

"Also, thank you for telling me everything today."

After Li Tian said these words coldly, then he strode outside, leaving the ecstasy sitting on the ground limply sitting there with a confused expression.

If time can turn back, then I don't know if Situ Xuan will choose to take the road of \*\*\*\* gate...

Now everything is not important anymore. The important thing is that his toxicity will invade the internal organs immediately, and then once the toxicity invades the internal organs, his body will slowly begin to fester, starting from the limbs, and then spreading to the whole The body... then the whole body will rot into a ball of meat sauce, and then die.

This is poison.

The most powerful poison in the gate of hell.

When Li Tian left the room where Ouyang Longyan and the Ecstasy were being held in front of him, his mood was difficult to settle.

The thing that bothers him the most now is, how can she, whom she loves the most, be the sister of the Ecstasy?

This truth made Li Tian almost too late to accept it, making him unable to accept it.

He just walked towards his room with a depressed face.

When he arrived at his residence, he saw Duguxie and the ghost servants just in the middle of his room.

"Young Master." The two yelled after seeing Li Tian's return.

Li Tian said in his mouth, and then walked into the room.

"Young Master, what's the matter? Did something happen?" The ghost servant in front of him looked at Li Tian's ugly look and asked worriedly.

Duguxie also looked at Li Tian curiously.

But seeing Li Tian shook his head, he didn't want to think about Ningbing and the ecstasy anymore, so he didn't plan to tell them these trivial matters.

"Nothing."

"Oh, that's good!" the two said.

Duguxie said: "Young Master, what happened to Ouyang Longyan and Ecstasy?"

Hearing Duguxie's question, Li Tiandao: "The situation is not very good."

"I'm afraid the two of them won't last long." Li Tian said helplessly.

Listening to what Li Tian in front of him said, the Duguxie and the ghost servant suddenly looked at each other.

"So, they seem to be going to die soon?" the ghost servant said in shock.

"Yeah!" Li Tian replied.

"Then if they are dead, don't we have any clues to the news of the \*\*\*\* gate?" The ghost servant said suddenly depressed.

Duguxie also had the same ugly face.

"Do not!"

"I've seen two of them just now... One of the ecstasy finally told me some truth." Li Tiandao.  
truth?

Hearing what Li Tian said, Duguxie and the Ghost Servant simultaneously raised a wave of hope in their hearts.

"Does he tell you the truth about the gate of hell?"

"Yes, Young Master, did that guy spit out some truth before he died?" The ghost servant was also excited looking at Li Tiandao there.

Listening to the excited questions of Duguxie and the ghost servant in front of him, Li Tian smiled and nodded.

"Well, he did tell me something."

"It's just an introduction." Li Tiandao.

The ghost servant of Duguxie Sea looked at Li Tian for a moment, and asked, "What do you mean? What is an introduction?"

Chapter 1098: Legendary place

So Li Tian said: "The Ecstasy told me how to find the gate of hell."

"How to find?" The two asked Li Tian at the same time.

Just listen to Li Tiandao: "Go to a place called the Dark City.

The dark city?

When the words of Dark City came out of Li Tian's mouth, the ghost servants and Du Guxie suddenly looked at Li Tian in front of them with a very strange look.

"Young Master, what are you talking about? Are you talking about the Dark City?" The ghost servant in front of him opened his eyes wide and said to Li Tian who was looking in front of him who couldn't believe it.

And Duguxie's eye pupils also looked at him with a weird look at this time.

Li Tian frowned slightly, his heart lining secretly, why did the changes on their faces in front of them when he said the words of this dark city? Is there something weird about this dark city?

"What's the matter?" Li Tian asked, looking at the two of them.

"Young Master, you have been deceived!" A word suddenly came out of the ghost servant's mouth.

When the ghost servant suddenly said that Li Tian in front of him had been cheated, Li Tian was speechless.

"What do you mean? Why was I cheated?" Li Tian asked quickly.

The ghost servant said, "Young Master, because the Dark City does not exist at all!"

"The dark city is just a legend...in the Western underground world it is just a long legend..." the ghost servant said disappointedly.

what?

When Li Tian heard the ghost servant in front of him say so, he was stunned.

Really? fake?

Does that ecstasy lie to himself before he is dying?

Do not!

wrong!

Li Tian can swear that when the Ecstasy said this to him, it definitely didn't seem to deceive him.

But the ghost servants now say that the Dark City is a legend and does not exist at all. What happened?

Duguxie, who had been standing quietly on the side, suddenly looked at Li Tiandao in front of him:  
"Young Master, are you sure that Ecstasy really talked about the Dark City?"

Li Tian nodded decisively.

"Well! I don't think he will lie to me... I can assure you deeply." Li Tiandao.

Duguxie was silent for a moment.

His bronze face was muttering as if thinking about important things.

The ghost servant seemed to want to talk, but was suddenly held back by Du Guxie.

"Young Master, do you know where the Dark City you just mentioned is?" Du Guxie suddenly looked at Li Tian in a strange voice.

Li Tian told the truth, of course he didn't know. He had heard the strange and weird name of the Dark City for the first time today. Naturally, he would not know anything about the Dark City, so he shook his head and said, "I don't know."

"Hey, that would be difficult."

"Young Master, if what the ecstasy said is false, I am deeply happy... But if what he said is true, then it is really troublesome." Du Guxie suddenly said such a sentence to make Li If the sky is very different.

"Why? Why do you say that?"

"Don't you want us to find the people at the gate of \*\*\*\* as soon as possible?" Li Tiandao said.

As Li Tian said so, Duguxie and the ghost servant shook their heads quickly.

"Do not!"

"Young Master, you may not be clear about some things."

"Let me tell you this... The Dark City is indeed as the ghost servant said just now. It has always been a legend, because no one has actually been to this sinister place, at least as far as I know, no one been there." Duguxie said suddenly.

"Young Master, in the underworld world of the western boundary, there has been a saying like this for a long time, that saying: I'd rather be a ghost and abandon the corpse wilderness than go deep into the dark city.

"The place they are talking about is the Dark City."

After Duguxie suddenly said this sentence, Li Tian was taken aback.

Would you rather be a ghost and abandon a corpse in the wilderness than go deep into the grave of the dark city?

Is this dark city really so terrifying?

Do you really dare not even enter the dead?

When he heard Duguxie say such a sentence, Li Tian was silent for a moment, and then he thought of the strange expression on his face when the Ecstasy said "Dark City" in his mouth! !

"They said: The Dark City is not a place where the living should stay. Those who enter the Dark City are people who have died several times before daring to enter. The people there are not only desperadoes outside... They are even more cruel than wild beasts... even more terrifying than dead people."

"That dark city is a symbol of hell, the ruins of the living dead, you can get in but you can't get out."

A series of terrifying words came out from the ecstasy in front of him.

After he said it, Li Tian just frowned there.

"Is this rumor still true?" Li Tian said in disbelief.

Duguxie said: "I would rather believe that he is real."

"Because I don't want the young master to go anywhere!"

The ghost servant over there also said: "Yes, young master, first, in the Dark City so far no one knows exactly where he is. The only thing everyone knows is that the terrifying place is in the west... Second, even if we find the Dark City, whether we can go in alive is another matter."

Li Tian not only felt a little surprised when he heard the ghost servant's words.

Because according to his understanding of the ghost servant, he rarely saw the ghost servant belittle himself and exalt others in this way, but today, the ghost servant said that he may not be able to enter the dark city alive, which made Li Tian look very depressed .

What should we do next? Li Tian was caught in a dilemma.

He was silent and stopped talking.

"But if we don't go to the dark city, we will never find the gate of hell..." Li Tian said with his fists tightly clenched.

When Duguxie and the ghost servant heard Li Tian say this, they paused.

Then the two raised their heads and looked at Li Tian in front of them.

"No matter what, please, Young Master, you decide for yourself... We will follow you from beginning to end."

"Even if you decide to enter the Dark City this time, we will still be by your side." Duguxie and the ghost servants said in unison.

Listening to the two of them saying this, Li Tian suddenly felt a grateful heart.

He thought about it and looked at Duguxie and the ghost servant and said: "Well, let me think about this matter again... OK? After two days, I will give you an answer." Li Tiandao in front of him.

When Duguxie and the ghost servant heard Li Tian say this, they nodded there and said, "Okay."

"The young master, let's retreat first..."

The two who were talking then retreated.

After they retreated, Li Tian frowned.

Chapter 1099: Mr. Black

Are Duguxie and Ghost Servant what they said just now true? Is this dark city really so terrifying?

If it is really so terrifying, then if I take my brothers this time, it is undoubtedly dangerous and fierce... Isn't it because of my own personal enmity that I killed the brothers? Thinking of this, Li Tian became even more depressed.

But at this moment, what about Duguxie and the ghost servant after walking out of the room? After the two of them went out, their faces became weird and ugly at the same time.

"Second brother, if Young Master really decides to go to the Dark City, then...that...what should I do?"

"After all, the Dark City is just a legendary place?"

"What's more, if it is true... it will be difficult to go here... I am not worried about us, but I am worried about the young master." The ghost servant looked at the Duguxie Dao in front of him.

Duguxie stopped suddenly and thought for a while, "Listen to the young master."

"If he decides to go, we will follow!"

"No matter how many evil monsters there are in the Dark City, how many dangerous and difficult journeys, we all need to protect the safety of the young master, even if it is death, do you understand it?" Du Guxie said coldly.

The ghost servant nodded quickly there.

"Ok!"

"Second brother, do you think there will really be a place like the Dark City?" The Ghost Servant suddenly looked at Duguxie and asked.

Duguxie raised his eyes and looked at the boundless sky, thought for a while, and said: "Actually I don't know..."

"Hey, that place is just a legendary place after all."

"I heard that the people hidden there are bloodthirsty beasts... They are more cruel and terrifying than anyone else... Hehe, if I have a chance, I really want to understand."

"Yes, I will soon."

After the two briefly said these few words, they walked quickly to their respective rooms.

In a room full of gloomy atmosphere.

In a lifeless room that feels like hell.

It's dark, and it's so cool.

At one end of the cold wall, only faint light was revealed.

I looked carefully, but at one end stood a cold and ice-like man. The man was about 1.8 meters tall and had no expression on his face. He was wearing a black dress and stood there blankly.

He seems to be waiting for something...

At this moment, suddenly, I saw a rumbling and cracking sound from the stone wall on the left. Then I looked through the faint light, but I saw that the stone door on one side was hit from the middle of the room. Open.

It turned out to be a secret road.

Following the opening of this secret passage, three figures of varying heights came out from inside.

I saw that the taller figures on both sides were two indifferent men in black costumes. Just like the man standing here, their faces were cold and ruthless. In the middle of them, there was a woman standing.

A woman with an extremely ugly face.

The height of a woman is only 150, her hair is coiled up, her round face has a sinister pale color, and her sinister eyeballs are like snakes. After walking out of the dark tunnel, her eyes are cold. Glanced at the dark room.

Then her mouth opened.

"Where are they? Haven't they come yet?" A strange word came out of the ugly woman's mouth.

The woman's voice was hoarse and unpleasant like a duck.

But obviously her words are very majestic.

After speaking out, but seeing an indifferent man standing over there, he replied: "Mr. Black has already arrived... As for Mr. Blood pupil, he has not arrived yet."

The ugly woman narrowed her eyes as ugly as a snake after hearing the words of her staff, "Then let Mr. Black come in first."

"Yes!"

After receiving the order, his men quickly walked out of the dark room.

Then he heard a steady footstep slowly coming towards this side.

With the faint light shining away, I saw a man in black dress slowly walking out of the darkness.

Is he the man called: Mr. Black?

I looked carefully, but I saw that the man who walked in was a very young old man. The first impression of the old man was kind and kind, with a smile on his face, and it seemed that he was quite old, even skinny. There was also a dark and weird crutch in his hand.

The crutch is weird because it has a triangular king cobra snake head carved on one end.

If you know this crutch, you must know that this crutch is the black snake scepter.

In this way, an old man holding a black snake scepter slowly emerged from the darkness.

Such an old man, if it looks like an ordinary person, does not find it strange, but if someone who has practiced by an expert sees this old man, he can definitely feel a depressive breath that he has never experienced before. The depressive breath exuding seemed to carry a natural sense of destruction. When his person appeared in the gloomy room, the whole room suddenly felt the silence of death.

He is Mr. Black.

"Mr. Black." The ugly woman yelled slightly when she saw the old man walking in.

The old man called Mr. Black, looking at the ugly woman with a smile on his face, also replied slightly, "Miss Maid!"

"Mr. Black, you must have heard about Long Yin, right?" Hearing only a weird word suddenly came out of the ugly woman's mouth.

Long Yin?

Could it be that they are all people in the gate of hell?

The old man called Mr. Black smiled slightly, then nodded slowly.

"Well, I heard a little bit."

The ugly woman continued, "Mr. Hei must have known that Long Yin acted boldly and dared to go against the master's intention and steal the Heavenly Book Pill scroll, right?"

Mr. Hei continued to laugh, and continued to nod.

"Mr. Hei, you, Long Yin, and Mr. Blood Eye are collectively known as the three death guardians of the Hell Gate. Now Long Yin, a traitor, dares to violate the master's will and betray the Hell Gate... The master has issued a death order... I hope that Mr. Hei and Mr. Blood pupil can get Long Yin's head back in the shortest time possible, and also \*\*\*\* the Heavenly Book Pill Scroll."

As the ugly woman in front of her said so, Mr. Black stopped smiling.

Then he raised his sharp eyes and glanced at the ugly woman: "Where is the master's token?"

Chapter 1100: Flurry of Demons

A cold smile appeared at the corner of the ugly woman's mouth.

"it's here!"

Then his right hand shook, but a black black iron token suddenly floated from the air towards Mr. Hei in front of him. Mr. Hei just reached out his hand and took it lightly, so the black black token of the black iron floated lightly. In his hands.

But in the middle of the black token is carved a hideous skull. There is no doubt that this token with a scary skull carved is the personal token of the master of the gate of hell.

As long as the token is obtained, it will undoubtedly be like the master of the gate of \*\*\*\* personally.

After that Mr. Black got the "skeleton" token in his hand, a helpless smile appeared at the corner of his mouth.

He raised his head and said: "Okay."

"Go back and tell the master...I have taken the order."

"In the near future, I will definitely bring Long Yin's head back."

When the ugly woman heard Mr. Hei's words, she smiled slightly, showing a row of yellow teeth: "That's good."

"Oh, yes, our men have temporarily discovered the clues of Long Yin." The ugly woman said suddenly.

Mr. Hei didn't even glance at the ugly woman, turned around and said, "Where?"

"The Dark City!"

Four words came out of the ugly woman.

Just after the ugly woman in front of her uttered the words Dark City, Mr. Black, who had turned around, suddenly paused, and then muttered with a strange voice in his mouth: "Dark City? "

Then after repeating these four words in a low voice in his mouth, he didn't say anything, raised the snake-head scepter in his hand, and disappeared into the darkness in a flash.

Mr. Black.

A person who can be called the most terrifying in the gate of \*\*\*\*\* exists.

No one knows what his name is, and no one knows how powerful he is. The only thing he knows is that he once fought against the evil \*\*\*\*\* twenty years ago.

That night, it was said that Cthulhu could leave.

Although he was besieged by so many masters, none of the masters could personally get close to the Cthulhu. The Cthulhu fought the world with swords and battled against all the masters, but in the end he appeared when the Cthulhu was about to break the siege. Three people...Three terrifying characters!

It was the combined force of these three people that defeated the unique Cthulhu in the world.

It's exactly the same, the evil \*\*\*\*\* is lost,

And the three great masters who severely inflicted the evil spirit back then were the three death guards in the gate of hell: Long Yin, Mr. Hei, and Mr. Blood Eye who hadn't shown his face.

Now, Long Yin has obviously betrayed the gate of hell, and personally robbed the heavenly book pill scroll. I heard that he has also escaped to the dark city. It seems that the legendary horror is like the dark city of hell. Now it is about to open again. Up.

The demons danced wildly, the beacon smoke rose again...

Who is dead or alive? No one knows now, the only thing that knows now is that the Dark City is about to usher in the coming of the demons.

The death knell has completely begun to ring! ! !

After Li Tian rescued his grandfather, Commander Mu finally got through the trouble.

He also gradually began to slowly recover his body.

During this period of time, Mu Shuiyao has been with her father, and the entire North China Field Army can finally give a sigh of relief, after all, the old commander has returned safely.

Inside the barracks, Wang Zhen and the political commissar Zhou around him quickly walked towards Li Tian's room.

After arriving at the place where Li Tian lived, the two of them walked in directly.

"Li Tian." Wang Zhen smiled and shouted after entering.

Li Tian was packing things over there, he turned his head when he heard the voice, and saw Wang Zhen and the political commissar of that week.

"Li Tian, the commander-in-chief asked you to go there." Wang Zhen said with a smile.

When Li Tian heard what Wang Zhen said, he put down what he was holding.

"My grandpa?"

"Well, the commander-in-chief is waiting for you at the headquarters right now." Wang Zhendao said.

After hearing Wang Zhen say this, Li Tian nodded. Because he was too busy these days, Li Tian did not have time to take care of his grandfather. This would remind him of his grandfather, so Li Tian hurriedly Nodded.

"Ok."

After speaking, Li Tian directly followed Wang Zhen in front of him and the political commissar of that week to walk outside.

Soon Li Tian followed the commander Wang Zhen and political commissar Zhou to the headquarters.

After walking in, I saw the old commander Mu with a smile on his face, and there were also many officers in the army headquarters. Standing next to him were Commander Fu, Commander Lu Yunfeng, Commander Lu, and several staff members. The high-ranking officers were all there looking at Li Tian.

On the right side of Commander Mu is Na Mu Shuiyao, and the first guard man who has recovered from injury: Opteron.

He still stood motionless beside Commander Mu.

After Li Tian walked in, he heard a proud calling voice: "Tian'er, come here soon." Commander Mu said, beckoning to Li Tian there, with a loving look on his face.

Li Tian looked at his grandfather as if his injuries were almost all right, and shouted there, "Grandpa."

Then he walked over.

"Come, come, sit by my side." Mu Yunlong personally took his closest grandson and said.

Mu Yunlong has not healed from his injuries, and at this moment, one of his arms is still wrapped in thick white gauze.

Li Tian looked at his grandfather who was still pale, and asked with concern: "Grandpa, how is your injury?"

But seeing Mu Yunlong patted his wide chest with his hand and said, "It's okay!"

"There is nothing wrong with your grandpa suffering from this injury," he said, laughing wildly.

Mu Shuiyao next to him cared about her father and said, "Dad, pay attention to your body."

Mu Yunlong waved his hand at his daughter and said, "It's okay, I'm okay."

"Tian'er, thanks to you for saving me this time." Mu Yunlong looked at Li Tian with relief and said.

But I saw Li Tiandao say: "Grandpa, it's actually me who is not good...this matter is for you who are my burden! If it weren't for me...that group of people wouldn't be so embarrassed for you, hey..."

Li Tian is telling the truth.

If it wasn't for his relationship with the source of hatred from the gate of hell, it is estimated that Commander Mu would not have been involved in such a thing.

He only heard that Mu Yunlong waved his hand slightly, with a warm smile on his face, took Li Tian's hand and said, "Tian'er, let's not talk about this today..."

"Those people, when I turn around, I will settle accounts with them one by one..." Mu Yunlong said.

Listening to his grandfather's words, Li Tian nodded.

Then Mu Yunlong had a cordial conversation with his grandson for a while, and then said to the officers in the barracks: "You all retreat first... our grandson and grandson have something to say."
