Chapter 11: Murder 3

But he said that when the gangster over there found that his persuasion was useless, his face was full of murderous intent. The Scarlet Tiger beside him clenched his fists tightly, as if he wanted to rush in at any time to kill the people inside.

"You two are really not afraid of death, dare to chase me here?" With a cold but beautiful voice, her figure finally walked out of the room step by step.

Of course she is not someone else, but the glamorous beauty that Li Tian picked up.

When they saw her coming out, the two men in black suits over there took a step back uncontrollably, as if the cold woman had a terrible power.

"Haha, who died? I'm afraid it's not necessarily true, right?" Xiaopo looked at her and said, secretly wondering whether she was poisoned by her own king cobra, and how could she be okay?

"Situ Ningbing, you are already damned for betraying (Qisha), now it's better to take your life." The Scarlet Tiger screamed.

Situ Ningbing? Could it be the name of this mysterious woman?

Li Tian, who was hiding there, muttered the name silently, and couldn't help sighing: What a beautiful name, what a cold name, what a **** name is.

"Only you?" Situ Ningbing suddenly glanced at Chihu coldly.

The Chihu face was flushed, although he was extremely angry, but he was very clear about the strength of the woman in front of him.

"Red Tiger, don't be afraid of this woman. She is poisoned by my King Cobra, and she is just holding on now. When we will get together, we will solve this lady on the spot." The poisonous poison next to me is grim. Said.

Suddenly hearing the gangster say so, Li Tian suddenly understood everything.

It turned out that the woman who was picked up by herself was called Situ Ningbing, and the poison in her body turned out to be snake venom, which was injured by the guy in front. It seems that they are indeed enemies.

Li Tian also guessed that they must have been an organization in the past. It must be the organization called (Qingsha). Could it be that the woman betrayed the organization?

"If you want to die, just come over."

"I also go back and tell the lord that I (Shadow) will no longer be his tool or killer." Ying said coldly.

Killer, she turned out to be a killer.

"Do you think you can get out of the organization? Can you escape (Qisha)'s killing order?" Xiaodu said with a sudden smile.

Situ Ning said coldly, "I will kill anyone who dares to stop me."

Her voice is the same as hers.

"Okay, it seems we can't talk about it."

"Do it!"

With a roar, the Red Tiger was the first to take the initiative. The huge block nearly two meters tall hit Situ Ningbing like a wall, and at the same time two mighty steel fists directed at Situ Ning like hammers. The ice smashed away.

Not moving like a bell, moving through mountains and rivers, this sentence is now used to describe the red tiger looks true.

Then Li Tian was so dumbfounded. Such a big guy can reach out his hand so quickly. Good deed, what kind of perverted guy is this?

Following Chihu's fierce blow, Situ Ningbing's body moved suddenly.

Her speed is faster than Chihu's, her feet moved lightly, her body gracefully flashed to the side, and her movements were exaggerated to the extreme. If it weren't for the two corpses lying on the ground, the average person would look at Situ Ningbing. The dodge posture must be thought to be a beautiful dance.

But she said that at the moment she flashed quickly, two white-washed arms suddenly stretched out fatally and greeted Chihu's whole body.

Fast as lightning.

The red tiger seemed to dare not meet, his huge body quickly retreated.

It seemed that he was terrified of this Situ Ningbing in his heart.

It had been quiet and still, with a gloomy face, the venomous eyes exuded a feminine feeling, suddenly raised his hand to attack, the hand wearing the snake ring was as

sharp as a snake out of a hole, facing Situ Ningbing's Scratch the throat, a deadly move.

Situ Ningbing dodged quickly and quickly retreated to the side.

Chihu stared at Situ Ningbing with his big eyes: "Smelly lady, I think you are not dead!"

With a roar, the body rushed again, and two sturdy fists slammed into Situ Ningbing's abdomen.

Situ Ningbing stretched out his hand to block, and at the same time turned his wrist, a small grappling hand grabbed the red tiger's arm, without time for the red tiger to react, flying his feet kicked on the red tiger's head with a bang.

Chihu was kicked into his head and snorted. He staggered, but he stood there straight.

I licked my tongue and noticed some salty taste. I spit out a mouthful of scarlet blood.

"Damn..." Although Chihu was swearing in his mouth, what was his heart? Invisibly added some horror.

The gangster here has been handed over to Situ Ningbing. The gangster's tricks are vicious and vicious, and the tricks are deadly. What about Situ Ningbing? The body is fast, but also flexible and non-stop dodge.

With a hissing sound, suddenly there was an extra thread from Situ Ningbing's hand that was barely visible with the naked eye, and it slammed around the poisonous wrist.

At the moment when Xiao Du saw the filament in Situ Ningbing's hand suddenly shot, he hurriedly backed away, but he, who had the advantage, seemed to see something deadly back back.

Why did the drug retreat? Because he saw Situ Ningbing's unique weapon, killing silk.

Death-killing silk is not real silk, but a kind of gold silk as thin as silk. It is sharper than a blade, and because it is too thin to be found, it is vicious and deadly.

The former Situ Ningbing didn't know how many people's heads were taken with the life-threatening silk in his hand, but he didn't expect to use it this time.

But seeing Situ Ningbing retreating, her face was a little weird, and her tall body couldn't help but tremble slightly.

The gangster's eyes were thief, and he could tell what was going on at a glance. He suddenly smiled and said, "So you are holding back the poison and hitting us. Okay, I

want to see how long you can survive. When the poison gas attacks your heart, I don't think you will die."

As Xiao Poison finished speaking, his body rushed forward again, and the hand wearing the weird snake ring slammed towards Situ Ningbing's body.

Situ Ning had a pretty face with a cold face, and backed back again and again. She couldn't be poisoned, and she was obviously slower at this moment.

After that Xiao Poison got close to Situ Ningbing in his hand, the poisonous snake ring he was wearing suddenly shot at Situ Ningbing with a weird "swish" sound.

It turns out that his viper ring is a hidden weapon.

When the hidden weapon flew toward Situ Ningbing, she quickly avoided, and the poisonous needle pressed against her cheek and shot on the wall, making a crisp sound.

However, he didn't expect that the red tiger next to him suddenly flew over.

With a bang, she kicked directly on the shoulder of that Situ Ningbing. She was kicked and slammed into the iron gate, vomiting blood and black blood in her mouth.
