

## A Killer 1101

Chapter 1101: His decision

After the officers said "yes" in their mouths, they retreated one by one, even the brigade commander Wang Zhen and political commissar Zhou all retreated.

After they all retreated, only Mu Yunlong and Li Tian were left in the room at this moment, as well as the first guard man, Wang Long standing behind him.

"Tian'er, tell me now, are those guys human?" Mu Yunlong finally looked at Li Tian and asked.

Listening to his grandfather's question, Li Tian was not only slightly curious, why did his grandfather suddenly ask if he didn't talk about it just now.

But Li Tian didn't think too much, so he opened his mouth and said everything.

He also said that the gate of \*\*\*\* was the matter of his enemy more than 20 years ago.

After Commander Mu heard what Li Tian said, his face was extremely ugly, and his whole body was angry.

"Asshole!"

"So it was them!"

"It turns out that it was Wanqiu who was hurt by these bastards..." Mu Yunlong roared there.

Li Tian was afraid that his grandfather would hurt his body because of his anger, and he said authoritatively: "Grandpa, don't be angry for now."

"Don't worry, I will repay this hatred soon."

"They used to owe me blood debts. I must pay them back personally." Li Tian gritted his teeth and said.

"Do you know that the organization that claims to be the gate of \*\*\*\* is there?" Mu Yunlong asked suddenly in a rage.

"I want the army to razor these bastards."

The roaring words came out of Commander Mu's mouth.

Li Tian frowned slightly when he heard that his grandfather was going to dispatch an army to deal with the gate of hell.

"Grandpa...I think this matter should be left to me."

"If you use the army, not only will the movement be too much, but it will also be very troublesome... After all, you are the commander-in-chief of the North China Field Army... At this moment, this matter is just a personal vengeance, not a war. If you use the army, I am afraid that your superiors will also It's not allowed, so Grandpa, I think this matter should be left to me."

Listening to Li Tian's words, although Mu Yunlong was fierce and angry, he still had reason.

He also knew in his heart that if he called the army privately, he might be held accountable by the Central Military Region. Moreover, as Li Tian said, although the army is awesome, after all, the

movement is too loud. The gate of \*\*\*\* is inherently mysterious. The masters are even more without a trace. The dispatch of such a large-scale army will be counterproductive and self-defeating.

Thinking of this, Commander Mu was very entangled, and at the same time he was very angry.

"so what should I do now?"

"Does your grandfather, I just watched you deal with the \*\*\*\* alone?" Mu Yunlong said.

Li Tian smiled, took his grandfather's generous and powerful hand, and said: "Grandpa, don't worry, I promise you, mother's hatred, and my father's hatred, I will definitely get back."

"And now I have a preliminary grasp of where to find them!" I just listened to Li Tiandao in front of me.

When Mu Yunlong heard Li Tian say this, he asked slightly, "You know?"

"Where are those bastards?" Mu Yunlong asked.

Li Tiandao: "I heard that there is a place in the west...I don't know exactly where it is, but I believe I will find that place soon."

"By the way, Grandpa, I happened to be here today. I might have to tell you something in advance." Li Tian suddenly remembered and said.

Then Mu Yunlong thought for a while and said, "What's the matter?"

"Grandpa, I may be leaving you these days." Li Tian looked at Commander Mu reluctantly and said.

Suddenly hearing that his grandson, whom he had just recognized, was leaving, Mu Yunlong was shocked.

"What? Are you going... where are you going?"

"Tian'er, is it unaccustomed to live in this army? Or what's going on?" Mu Yunlong quickly looked at Li Tian and asked.

But seeing Li Tian smiling there and shook his head.

"Grandpa, it's not like that. It's because I'm going to the west... to find those enemies!"

"I said, I must avenge my blood feud 20 years ago!" Li Tian looked at Commander Mu.

Commander Mu said: "But how can I let you take the risk alone...Though the group of people is extremely vicious and deserves death, they are all ordinary people and they are not ordinary people."

"You can't go alone! No matter what." Mu Yunlong directly rejected his grandson's going alone.

But Li Tian said with a smile: "Grandpa, don't forget that I still have a bunch of brothers...it will be fine if they are with me."

"That won't work...it's too dangerous!" Mu Yunlong said.

Li Tian thought for a while and said: "Grandpa, don't worry... I have walked so many roads along the way. I believe that I can also take this path well. Besides, if I don't report my \*\*\*\* enmity, this There will be no peace in my life, grandpa, do you want to see me unhappy all my life?"

Listening to Li Tian's rhetorical question, Mu Yunlong in front of him suddenly became entangled. Suddenly he stood up and walked back and forth in the barracks command post in stride, with an uneasy expression on his face.

"commander."

"Let me follow him."

Suddenly a cold word came out of the mouth of the first guard fierce Hao Long who was standing two meters behind Mu Yunlong.

His words are simple and direct.

"You?" Commander Mu was obviously taken aback at the decision made by Opteron.

Opteron just nodded silently.

"Commander, that \*\*\*\* who caught you, I vowed that Opteron will tear him up with my own hands, so please give your order and let me follow him."

When White Dragon suddenly volunteered to go with Li Tian, Li Tian in front of him was slightly startled, his eyes fixed on the man.

To be honest, he didn't know Opteron very well... the only thing he knew was that this man was a very fierce and mad man, and he was defeated by his father more than 20 years ago. He didn't expect him to volunteer himself this time. He stood up and said that he would go with Li Tian.

After Hao Long said this, Mu Yunlong was startled slightly, looked at Hao Long, and then said, "Okay!"

"With you with Tian'er, I'm relieved." Mu Yunlong was obviously at ease with his subordinates.

Then Li Tian was immediately depressed when he heard that grandpa had agreed.

"Grandpa...this...this...is it wrong?" Li Tian frowned in front of him.

Then Mu Yunlong looked at Li Tian and laughed and said, "Why, do you think this him under me is not good?"

"no no....."

"Grandpa, I just think...just..."

Li Tian froze for a long time, not knowing what to say.

Chapter 1102: he is great!

But seeing Mu Yunlong he laughed and said, "Tian'er, I can rest assured that he will follow you."

"What about me? He has no other benefits, but there is only one thing he can do, and that is loyalty!"

"A man can have nothing, nothing can be nothing, but only two words: loyalty"

Listening to his grandfather's words, Li Tian only felt awkward.

He didn't look down on Opteron, nor was it for other reasons, he just felt that Opteron was a little strange to him... and to his brothers... so if he followed himself, he would be a little awkward.

Just as Li Tian was hesitating so much, Commander Mu suddenly turned his head and said to the white dragon behind him: "White dragon!"

"Subordinates are here!"

"Listen to me... I, Mu Yunlong, is just such a grandson... I will hand him over to you now... I tell you, you have to keep my grandson safe even if you take your life, have you heard? "

When Mu Yunlong suddenly said this,

Opteron stood upright and motionless, just silently spit out a word: "Yes!"

"If I wait for Tian'er to come back and suffer some injuries, or something... you will never return to the North China Field Army again." Mu Yunlong said again.

The Opteron still only said one word from his mouth: Yes!

An iron-blooded man was arranged by Li Tian's side in this way.

At this moment, Li Tian, even if he doesn't agree to it in his heart, I am afraid there is no way...

He just looked at the strong man Opteron in front of him and smiled helplessly.

In this way, the first fierce of the North China Field Army, White Dragon, was sent to Li Tian by Commander Mu.

As the first guard of the former commander Mu Lao came to Li Tian's side this time, how much influence would it have? I'm afraid no one knows now.

"What? Opteron wants to follow us?"

"Who is Opteron?"

"I heard that he is the first fierce man in the North China Field Army."

"real or fake?"

In the room, I saw my brothers talking about the Opteron with their eyes wide open.

Next to him was Li Tian sitting with a depressed face.

It turned out that after Li Tian came back from his grandfather's place, he told the brothers about Opteron, isn't it? After listening, the brothers all started talking.

"Little boss, how fierce is that Opteron? He wants to follow us, is this a bit awkward?" Tang Xiaolong asked, blinking there.

"What Xiaolong said is a bit right, after all, we are not familiar with others." Old Monster Ge also said slightly over there.

Chen Qiaozhi thought for a while and said, "Li Tian, did that Opteron really decide to join us in the future?"

After they all asked, Li Tian only felt that his head was a little big.

The ghost servant saw Li Tian's expression a little uncomfortable, so he quickly said: "Shut up all of you...Listen to the young master first."

After hearing the ghost servants say this, the brothers quickly closed their mouths tightly.

Li Tian paused, and after clearing up his thoughts, he began to say: "Optical Dragon is indeed going to follow us this time. No way, my grandfather has already given orders... if Opteron doesn't follow us. If you do, I'm afraid my grandfather won't let me go at all."

Hearing what Li Tian said, the brothers nodded.

"But we are not familiar with others." Tang Xiaolong muttered in front of him.

Li Tian smiled and said, "I think Opteron should be a good person. He used his life to save my grandfather. It can be seen that this person is definitely a kind and righteous person... I think although we are not familiar, in the future, as long as you communicate more together, you will naturally be familiar."

"Well, what the little boss said is pretty good..."

"By the way, it is said that the Opteron is very fierce, and also has the title of the first fierce man in the North China Field Army? Really?"

"Little boss, isn't his strength value very domineering?" Tang Xiaolong asked Li Tian, who looked at one side with a smirk.

Li Tian smiled slightly and said, "I have never seen him do something...to be honest, I don't know this person very well either."

"Optical Dragon is amazing!" Suddenly, he said a word from Du Guxie who had been silent over there.

When Du Guxie said this, the brothers were all startled slightly, and then they all cast their eyes on his face.

"Senior Dugu, how do you know that Opteron is great?"

"Yeah, you don't know him either." The brothers over there said with their eyes open.

The ghost servant on one side said: "Who said we don't know each other?"

"Stupid, we all knew Opteron more than 20 years ago." A word suddenly came out of the ghost servant's mouth.

what?

Listening to the ghost servants in front of them, Tang Xiaolong and Chen Qiaozhi over there are depressed, is it true or not? This is their inner thoughts at the moment.

Just listen to that Duguxie said: "Twenty years ago, Opteron only lost three moves under my eldest brother...If I didn't guess wrong, the current Opteron strength is more powerful than before."

Suddenly hearing Duguxie say so, Tang Xiaolong, Chen Qiaozhi and Old Monster Ge were all speechless.

"No way....."

"Senior Dugu, you mean... that Opteron once lost only three moves to the evil god?"

"Is he so powerful?" Tang Xiaolong seemed to have heard the big news, his eyes were full of disbelief.

But seeing Duguxie nodded slowly there, without joking at all, besides, Duguxie was not a person who likes to joke.

"He was here when he fought with my eldest brother." Duguxie said.

"North China Field Army?" Tang Xiaolong asked with his eyes wide open.

"Yes." Duguxie said.

"Back then, I personally watched them fight... Opteron's strength is absolutely terrifying."

Listening to Duguxie personally saying that the Opteron was amazing, Tang Xiaolong and Chen Qiaozhi in front of them were completely shocked.

They thought that the Opteron in the army was deified very fiercely, but is it really powerful? None of them have seen it.

At this time, when they heard Duguxie personally say that the Opteron was very fierce, they finally believed it.

After all, if Duguxie said that a person was very powerful, it would prove that that person was truly powerful.

"It seems that this time the strong man Opteron will follow us, maybe it is a good thing." Tang Xiaolong said with a smile.

"Well, at least, they are here to protect our brother."

"Yes."

"By the way, little boss, where shall we decide to go?"

"You only said to go to the West, but let's go to the West to find the guy at the gate of hell?" Tang Xiaolong asked.

Chapter 1103: I see a shadow

Li Tian hadn't told his brothers about the Dark City yet, he only told the ghost servant and Duguxie before him.

So Tang Xiaolong and his brothers were not only asking.

Li Tian thought for a while and was about to say it, but the ghost servant on the other side was the first to say it.

"A very dangerous place." Ghost servant said.

Then Tang Xiaolong heard the ghost servant say this, he smiled: "Master, how dangerous is it? Could it be that even a few of us are still scared?"

"afraid!"

"Whoever gets to that place will be afraid." The ghost servant said with a cold expression, without any joking.

Then Tang Xiaolong was taken aback when he saw his master's expression so serious and said this.

"It's really so scary? What is it?" Tang Xiaolong asked, and the others were blinking at the ghost servant's mouth.

"Dark City." Four words came out of the ghost servant's mouth.

The dark city?

Tang Xiaolong murmured, frowned and asked: "Master, what is this dark city? Why have I never heard of it?"

"Yes, I really don't remember that there seems to be this city in China." Old Monster Ge said with the same frown on the side.

But seeing the ghost servant suddenly smiled strangely: "That's because this so-called dark city is basically a terrifying land in the legend...Even my second brother and I don't know where this place is."

what?

"How could this be?"

"A place in the legend?"

"I'm going... Then how do we go?" Tang Xiaolong asked depressedly.

That Chen Qiaozhi and Old Monster Ge were also the ghost servants who looked at them with the same puzzled faces.

The ghost servant waved his hand helplessly: "Look for it slowly..."

Listening to the ghost servants saying this made all the brothers depressed.

Li Tian will stand up and say there, "Don't worry, everyone. Regarding the Dark City, we will definitely find a way to find this place... Now you don't care about this. I believe that someone will know that place. of."

Hearing Li Tian say this, the brothers didn't ask any more questions.

They now only know that the next step is to go to the West, looking for the legendary: Dark City.

But the specific address, route, no one knows...

This is not just a problem for the brothers to be depressed, even Li Tian himself is deeply depressed, because at this moment even he himself does not know how to get to the so-called "dark city".

"Little boss, are the two guys dead?" Suddenly Tang Xiaolong looked at Li Tian and asked.

The two people he asked were obviously Ouyang Longyan in the gate of hell, and the ecstasy.

After Li Tian heard Tang Xiaolong say this, his expression was a bit ugly.

As if Li Tian didn't want the two to die at this moment.

He sighed softly and said, "The fate of the two of them seems to be resigned..."

"Those two \*\*\*\* deserve it!"

"Hmph, whoever let them go to the gate of \*\*\*\* is just a dead end, little boss, according to me, now I am happy to give them two \*\*\*\* twice in the past," Tang Xiaolong said.

It can be seen that Xiaolong hates those two guys quite a bit.

But seeing Li Tian smiled awkwardly, what did he think in his heart? It is estimated that no one knows yet.

To be honest, the current Li Tian doesn't want the ecstasy to make them die...

First: because Li Tian felt that he could get some more information about the gate of \*\*\*\*\* from the two of them. Second, after Li Tian knew the true identity of the Ecstasy, Li Tian became depressed, and that Ecstasy turned out to be his best friend, Situ Ningbing's brother.

If you let Situ Ningbing find out that his brother turned out to be his enemy, I don't know how Ningbing will react...

This is the most entangled issue for Li Tian at present.

So he can only get confused inside himself, struggling with this problem.

After Li Tian and his brothers arrived in the North China Field Military Region, Duan Muying and the girl Xiaohuan next to her may be the happiest.

After Li Tian's aunt Mu Shuiyao knew that Duanmuying was Li Tian's beloved woman, she often gave Duanmuying some beautiful jewelry and beautiful clothes.

What about Duanki Sakura? I have never refused, and all come.

At this moment, I saw that the master and servant's room was filled with all kinds of beautiful jewelry and high-end clothes sent by Mu Shuiyao.

Duanmu Ying was originally extremely beautiful, after wearing these beautiful clothes, she appeared more noble and temperamental.

At the moment, Duanmu Ying is wearing a tight, strapless dress...

Beautiful red.

Coupled with her slender figure, it shows the graceful curves to the fullest.

The bare shoulders carry endless temptation...

Coupled with her exquisite face and beautiful red lips, she is indeed the beauty among the beauties.

Duanmu Ying was standing in front of the mirror and illuminating her clothes.

While taking the picture, he asked the girl Xiaohuan next to him: "Little ring, Xiaohuan, do you think I look good on this one?"

"Hey, the lady looks good in everything... Who makes the lady look so beautiful in the first place." Xiaohuan said with a smile on his round face.

"Puff...I'm serious!"

"Xiaohuan, how do you think I am wearing this one?" At this moment, Duan Muying pointed at another black dress and said.

Xiaohuan said: "I think this one is pretty good, but it looks quite mature... I think the young lady is suitable for a new style."

"Hey, little girl, I didn't expect you to have a good eye." Mu Ying said with a smirk.

While smiling, he looked at his beautiful figure in the mirror.

And that Xiaohuan went to one side to clean up the pile of clothes that Duanki Ying had messed up just now.

Because this Duanmu Ying and Xiaohuan lived near the place where Ouyang Longyan was detained and the ecstasy envoy, and here was the North China Field Army, the food building, and the military material storage building. Very few soldiers were stationed.

When Xiaohuan was packing her things, she suddenly felt a very fast black shadow sway in front of her eyes, and then disappeared.

Xiaohuan was originally bowing her head to pack Duanmuying's clothes. The moment she saw the dark shadow from the corner of her eyes, she was startled, and she quickly backed away while screaming from her mouth.

Duanmuying, who was trying on clothes, heard her girl's voice, she was taken aback, turned her head and asked, "Xiaohuan, what's wrong?"

But after hearing that Xiaohuan hurried to Duanmuying's side, he said, "Miss...I really want to see...there is...there is a dark shadow...it flashed and passed." Xiaohuan said. While opening a pair of round eyes, he blinked and said.

Chapter 1104: Grey Robe

Duanmuying wrinkled her eyebrows slightly when she heard the girl Xiaohuan say so.

"Black shadow? What kind of shadow?" Duanmuying said in her mouth, and walked out directly outside, then blinked willow brows and looked around.

At this time, the girl, Xiaohuan, quickly followed her young lady and walked out quickly.

"Where is the dark shadow?" But seeing Duanmuying looked at her girl and asked.

The little ring suddenly became depressed. He looked around and said, "Hey... I just saw a gray shadow... Soon soon... But how could it suddenly disappear? "

"Silly girl, are you dazzled?" Duanmuying said as she turned and walked towards her room.

The girl Xiaohuan scratched her head, muttered in her mouth, "But miss, I really saw it."

"Silly girl, don't talk nonsense... Come in, let's continue to choose clothes."

Xiaohuan made a cry, blinked round eyes and looked around. Then he walked in unwillingly, but still muttered in his heart, "Hey, is it really my dazzling just now? Are you wrong?"

Thinking of this, she followed Duanmuying towards the room again.

They said that after their master and servant walked into the room, they saw that they were standing motionless near the wall of the old military warehouse where the ecstasy had been held by Ouyang Longyan.

His body turned his back to others, unable to see his face clearly.

But you can see his hair is a vicissitudes of white.

The tall body stood there, like a rock in the proud world, his clothes were very weird, like old linen, a gray robe... and he wore a pair of extremely old ones on his feet cloth shoes.

Such a weird person came and went freely in and out of the heavily guarded North China Field Army! ! !

Gosh? Who is he? Nobody knows.

But what is certain is that he came for the place where Ouyang Longyan was detained and the Ecstasy.

At the gate of the abandoned military warehouse where the ecstasy and Ouyang Longyan are being held, there are four soldiers holding automatic rifles standing motionless.

The gray-robed man glanced at the four soldiers stationed in front of the room, and then moved. At this moment, only a gray shadow can be seen whizzing at the four soldiers at the door. The whole body suddenly turned...

I couldn't see clearly how his hand moved, nor did he see how he did it, but what about the four soldiers? But at this moment, he stood still like a stiff mummy.

Their eyes are still staring, their mouths are open, but their bodies are stunned.

The four moments of serving as soldiers seemed to be "fixed"... his body was stiff, unable to move at all.

And this grey "weird"? After setting up the four soldiers in front of him in this way, he slowly reached out and pushed open the door of the military warehouse where Ouyang Longyan and Ecstasy were being held.

He was as casual as if he had entered his own home... After reaching out and slowly pushing open the door of the warehouse, a tangy smell of rottenness spread towards him.

He stepped forward step by step.

Inside, but seeing that Ouyang Longyan and the Ecstasy were dying, their faces were completely pale... and the purple venom on the chest had already rushed to the neck at this moment... If this venom once entered the face, they will begin to fester... Once the fester spreads all over the body, it is estimated that by that time even the Immortal Daluo will not be able to rescue them.

Why does this grey-clothed monster appear here at this moment?

Could it be that he came to save Ouyang Longyan and has a ecstasy?

Just as the gray and weird tall figure slowly reflected in, he suddenly let out a long sigh.

"The poison that devours the heart and the bones... It really is the most poisonous poison in the world."

The moment he spoke with a sullen voice, lying on the cold floor over there, the ecstasy who was already in a state of death, suddenly blinked weakly...

Because he had his back to the light, he could only see clearly the figure of the gray-robed man in front of him.

"You...you... are..." The ecstasy made the body move with difficulty, and with a weak voice, looking at the gray-robed man in front of him with blurred eyes.

"The old man is here to save you." The gray-robed man said this.

Then he only saw one of his hands stretched out slightly, and then two powerful air-breaking energy shot directly at Ouyang Longyan, who was dying in a coma, and the ecstasy in front of him.

The broken finger wind hit the "Tiantu" acupuncture point of the two accurately.

Then Ouyang Longyan also fainted suddenly.

Just after the two of them fainted, the gray-robed man in front of them suddenly walked towards them, and then grabbed the iron chain locked on the foot of Ouyang Longyan with one hand...Five fingers clenched tightly, hard...

But hearing a boom, the steel chain was pulled out from the hard wall.

What a great strength, what a great strength.

Just after he broke free of all the iron chains that were locked to Ouyang Longyan and the ecstasy, then he held one of them in one hand, whizzing like a ghost, and quickly rushed over. They disappeared inside the barracks of the North China Field Army.

However, in the entire heavily guarded North China Field Army, no one could find the traces of the gray-robed man.

He is like a ghost.

With the imprisoned Ouyang Longyan and the Ecstasy being rescued like this, but what about Li Tian and his brothers? But I don't know it at all.

Not only are they completely ignorant, even the entire North China Field Military Region does not know the situation at all.

But seeing the door of the old military warehouse holding Ouyang Longyan and the Ecstasy, the four soldiers were still motionless...Even though their eyes were blinking in horror, their hands and feet seemed to be numb. Can't move, can't even make a sound.

Suddenly at this moment, Wang Zhen, commander of the 39th Army over there, came over with two guards behind him.

When he walked over, his eyes cast a glance toward this side, maybe it was the intuition of the sixth sense, maybe it was his induction.

He looked at the place where the old military warehouse containing Ouyang Longyan and Ecstasy was imprisoned, as if something was wrong.

So after he frowned, he strode towards this side.

As Brigadier Wang Zhen walked over quickly, the four soldiers at the door did not even salute him.

Chapter 1105: Something big

"Hey...how are the people inside?" Wang Zhen just asked while looking at one of the motionless soldiers.

Wang Zhen was depressed but didn't mind when these soldiers saw that they didn't even salute.

But seeing that the soldier's eyes blinked quickly, but his body remained motionless, and his face was flushed red at the same time, but he couldn't say a word.

"Hey, speak?" Wang Zhen looked at this soldier with a strange expression, and continued to ask.

But the soldier still couldn't say a word.

Wang Zhen is depressed now, what happened to these soldiers one by one today? How come you have such a weird expression, and you can't even speak?

"Hey... I want to ask you something!" Wang Zhen said as he stretched out his hand and gently pushed towards the soldier's body.

With such a light push, but hearing a plop, the soldier pushed by him fell stiff to the ground. Although he fell to the ground, his body still maintained that weird posture. .

Suddenly Wang Zhen was depressed.

He subconsciously felt something was wrong.

"Something went wrong!" Wang Zhen said with a sudden inner shock.

Because he has now discovered that there is something wrong with all the four soldiers at this door... Their bodies are completely stiff, unable to speak or move at all...

"Hey, what's the matter with you?"

"What's the matter?" Wang Zhen suddenly felt something was wrong.

Then his eyes suddenly looked towards the abandoned military warehouse behind.

"Quick...Quick...open the door and look at the two prisoners inside." Wang Zhen screamed suddenly.

The two guards behind him hurriedly said: Yes! ", and then quickly ran towards the door of the abandoned army warehouse where Ouyang Longyan and Ecstasy were imprisoned.

After they quickly reached out and opened the door in front of them, they heard an exclamation.

"Brigade commander, it's not good." A word suddenly came out from the mouth of one of the soldiers.

Wang Zhen outside heard the scream, was taken aback, and asked loudly: "What's the matter?"

"The prisoner...the prisoner...is gone...they escaped." One of the guards said there.

"What?" After hearing the news that Ouyang Longyan and the Ecstasy had fled, Wang Zhen in front of him suddenly ran over like crazy.

After running in, I opened my eyes and saw, oh my god, the iron chain that tightly locked Ouyang Longyan and the Ecstasy was dragged out of the wall at this moment. At this moment, Ouyang Longyan still has the Ecstasy ? Has also disappeared.

Watching this scene, Wang Zhen only felt his anger soared in an instant.

"Block the entire barracks... quick, quick..."

"Also, notify the commander-in-chief immediately."

Wang Zhen almost roared.

The two guards hurriedly said: Yes! Then he quickly ran outside.

What about Wang Zhen? He looked at the empty room with a look of horror and anger in his eyes, and he was depressed.

How could Ouyang Longyan and Duguxie escape?

When I saw those two people two days ago, they were completely weak... and dying. At this time, according to the truth, they should be even weaker... how could it be possible to break away from such a hard iron chain and escape? Besides, it is still inside the North China Field Army barracks named Zhang Dan?

Could it be said that an expert has come in? Come in and save those two bastards?

Since Li Tian told the brothers about going to the dark city, they have been discussing countermeasures in the room.

At the same time, they also discussed when to start.

While the brothers were discussing it, a sharp siren suddenly sounded from the entire North China Field Military District.

The sound was like an emergency assembly order.

After the alarm sounded all of a sudden, Tang Xiaolong called out first.

"Emergency assembly alert." A word came out of his mouth.

Don't forget, the previous Tang Xiaolong came out of the army, so after hearing the alarm sound for the first time, he threw himself up from the seat, and at the same time his face changed greatly.

"what happened?"

"Xiaolong, what did you just say?" The brothers in front of this meeting were all looking at Tang Xiaolong.

Just listen to Tang Xiaolong frowning and saying: "Little boss, the emergency assembly alarm usually sounds when something unexpected happens in the army... I'm sure, the North China Field Army must have something wrong now."

"what?"

"problem occurs?"

"Go, go out and have a look."

When Tang Xiaolong suddenly said that there might be an accident in the North China Field Army, Li Tian and his brothers in front of him were stunned for a moment, and then quickly ran outside.

After they ran outside, they saw a large number of armed forces running towards the front... and they all had cold guns in their hands.

After seeing this situation, Li Tian and the brothers next to him were taken aback at the same time.

"What happened?"

"Why are these soldiers so flustered?"

Li Tian watched.

He ran forward suddenly, and then stretched out his hand to grab a soldier: "Hey, what happened before?"

The soldier who was dragged over, with an anxious expression on his face, looked at Li Tian and recognized him as the grandson of the commander-in-chief, so he said, "The prisoner escaped..."

"The prisoner escaped?"

"Which prisoner escaped?" Li Tian frowned and asked. He still doesn't know what the prisoner in the soldier's mouth refers to: Ouyang Longyan and the Ecstasy.

Just listen to the soldier saying: "It's the two prisoners captured by Brigadier Wang a few days ago."

"I heard that they have escaped...now the entire army is in a state of lockdown."

what?

Li Tian was stunned when he suddenly heard what the soldier said.

"Ouyang Longyan, there are ecstasy agents?" Of course, Li Tian knows who the two prisoners captured the other day are mentioned by the soldier, isn't it that Ouyang Longyan still has ecstasy agents?

"What? The two of them escaped?" Tang Xiaolong also asked in surprise over there.

"impossible....."

"Yesterday I saw with my own eyes that the two were dying, how could they escape?"

"Yes, besides the heavily guarded North China Field Army, even if the two of them wanted to escape, they couldn't escape."

The brothers were all there at the same time.

At this moment, only Li Tian suddenly said with a cold face, "Go...Let's go over and see what happened."

"Ok!"

Chapter 1106: Acupuncture point

So the brothers followed Li Tian quickly towards the old military warehouse that once held Ouyang Longyan and Ecstasy.

When they came here quickly, they saw that a large number of troops had arrived here, and several officers and Commander Mu also stood there.

And the old military door that held Ouyang Longyan and Ecstasy was opened.

But after listening to Commander Mu yelling with a ugly face, "Give me a thorough search...I don't believe they can fly with wings on their bodies?"

"Commander Lu."

"in!"

"Bring me a building and start a rigorous search... after the search is found, if the other party does not surrender, it will be killed!"

"Yes!"

When Li Tian saw this situation, he suddenly felt stunned...it seemed to be true! It seems that Ouyang Longyan and the Ecstasy really escaped.

A depressed heart surged towards Li Tian's heart.

And at this time, but seeing the place in front, a platoon of soldiers is surrounding what...

From the looks, they seemed to be surrounded by a few people...At the same time, they didn't know what they were talking about.

"what happened?"

"I don't know... our brothers can't move for no reason!"

"Who did it?"

"It seems that the two escaped \*\*\*\*\* prisoners did it..."

...

Several soldiers here were talking in a low voice.

After hearing these soldiers say this, Li Tian frowned slightly, and then squeezed forward. The Duguxie and the ghost servants behind him also quickly followed at this time.

After they walked over, they opened their eyes and saw that these soldiers were surrounded by four people lying on the ground!

These four people are obviously also soldiers in the army, but the postures of these four people are really stiff...Only those eyes blinked flickeringly, and at the same time, the faces of every soldier were flushed red. ...The mouth seems to want to talk, but it can't say a word.

Standing aside, no matter it is the officer or the soldiers in front of you, they are helpless.

After Li Tian and the others came over, they were also puzzled after seeing this.

"What happened?"

At this moment, Wang Zhen over there suddenly saw Li Tian in front of him.

"Li Tian...you are here." He suddenly yelled at Li Tian, and then quickly walked over.

Commander Mu over there also saw Li Tian who had arrived, and shouted there, "Heaven, you are here."

Li Tian looked at his grandfather and smiled: "Grandpa."

"Hey, all my subordinates are useless! The prisoner who was being held escaped unexpectedly." Mu Yunlong said angrily.

Li Tian comforted his grandfather: "Grandpa, don't worry, I'll see the situation first."

"Okay." Commander Mu said.

"Brigade Commander Wang, what happened?" Li Tian suddenly turned his head and looked at Wang Zhen in front of him.

After he asked, Wang Zhen looked sad.

"I actually don't know what happened. When I passed by here just now, I suddenly felt something was wrong, and then I came over to take a look... But when I came over and took a look, I found these four standing at the door. All of a sudden the soldiers could not move like a stone... Then I quickly opened the gate and saw that it turned out to be the poisonous hands of the two bastards... They escaped." Wang Zhen said angrily.

When Li Tian heard him say this, he thought about it and said, "When did this happen?"

"Just now." Wang Zhen said.

"You mean, that Ouyang Longyan still had an ecstasy to make him come out? And he injured the four soldiers at the door?" Li Tian frowned and looked at Wang Zhen.

Wang Zhen clenched his fists tightly and said, "Yes."

"It's those two \*\*\*\* bastards...I really regret that I didn't shoot them myself." Wang Zhen said.

Listening to Wang Zhen's words, Li Tian suddenly said, "It's impossible."

"I only met those two yesterday... To be honest, the two of them didn't even have the power to bind chickens... and the two of them were poisoned. How could they escape? And they hurt the four at the door. What about individuals?" Li Tian asked in surprise.

Wang Zhencai didn't care about that much, he just said angrily, "Who else is there besides them?"

"If it weren't for them, could it be that the ghost came in and hurt my soldiers in the North China Field Military Region, and Xu saved the two bastards?" Wang Zhen said angrily.

Actually Wang Zhen was right.

The North China Field Army is heavily guarded, let alone people, I'm afraid it is extremely difficult for flies to fly in!

What's more, almost no one in the entire North China Field Army has discovered the trace of that "person"...

Thinking of this, Li Tian felt more and more incredible about this matter.

"Brigadier Wang, can I take a look at the wounded soldier?" Li Tiandao.

"of course can!"

"It's here," Wang Zhen said, pulling Li Tian to walk quickly toward the soldiers surrounding this side.

"You all get out..." Wang Zhen said to the soldiers.

Then Li Tian followed the brothers quickly.

I looked at it in amazement, but saw that there were four motionless soldiers lying on the ground... They were obviously still alive, because the eyeballs were still blinking... and even breathing was

extremely comfortable, but theirs The body is stiff, they can't even move. Not only that, they can't even speak a word. The whole body always maintains a strange standing posture there...

When Li Tian saw the rigid state of the four soldiers in front of him, he was depressed for a moment.

What's going on?

Why can't these four people move in a row?

It seems, it seems, Li Tian has seen this state, he suddenly remembered.

Then I remembered that after being acupuncture by a mysterious person, I couldn't move or talk.

Are these people also being tapped?

Just before Li Tian was surprised, he saw Duguxie next to him and suddenly said, "Dingxue?"

"They were touched on the Tiantu acupoint in the human body! Then the blood flow was blocked...so the body could not move."

Just as some words of Duguxie suddenly came out, all the soldiers in front of him were shocked.

And even Li Tian and the brothers around him were all depressed.

"what?"

"Acupuncture?"

"Frozen?"

"real or fake?"

Those soldiers looked at the Duguxie in front of them with suspicious eyes, obviously they didn't believe it.

Wang Zhen was also full of suspicion. He couldn't believe that a living person could really be held alive?

"Are they frozen?" Wang Zhen frowned, pointed at the four stiff soldiers on the ground and looked at Duguxie.

Chapter 1107: The real strong

Duguxie nodded silently there.

Then walked over, everyone in this meeting was focused on this "broken arm" weird man.

After Duguxie walked to the four stiff soldiers, he slowly bent down, stretched out the mutilated left hand, and then reached out and touched the position of the back of one of the soldiers' heads, and followed him to probe his hand. With a touch, his expression turned weird.

"A very accurate technique!"

"It's not the slightest... the strength is so moderate, the master... it seems that the real expert has been here." The strange words suddenly came out of Duguxie's mouth, and at the same time, it happened on Duguxie's face. Weird changes.

After Duguxie said this, all the soldiers in front of them had surprised expressions. No one knew what Duguxie's words meant.

Li Tian could understand clearly.

At this moment, he walked up and looked at Duguxie and asked, "What's the matter?"

I saw Duguxie looking around, first glanced, and then looked at Li Tiandao with a pair of ugly eyes: "Young Master...we have met a real strong man."

After Duguxie said this sentence with an extremely ugly face, Li Tian also suddenly changed his expression.

He knows how powerful the strong man in Duguxie's mouth is... The level of power is absolutely incredible.

So even Li Tian was stunned at this meeting.

"Why do you think so?" Li Tian asked, looking at Duguxie.

"Because the Tiantu acupoint of the human body, although it is a fixed acupoint for the human body, this acupuncture point cannot be touched at all, because if the strength is not used correctly, it will cause extremely serious harm to people... It will be paralyzed for a lifetime, so this weird technique of setting acupuncture points has never been easily learned by anyone. Even a true acupuncturist may not be able to achieve such accuracy. But these four people are accurate in the acupuncture points. Extremely, and the strength does not deviate by one point..."

"And I can see that this expert obviously doesn't want to hurt them... but only points their acupuncture points." Duguxie said.

"If he wants to kill them, it must be a breeze."

Listening to Duguxie's words, Li Tian suddenly frowned.

And the group of soldiers over there are also full of stunned expressions. They are all there. Look at me, I look at you...

Wang Zhen quickly came up and asked, "That...that...you mean, my brothers are all right?"

Duguxie turned his head and took a look: "Brigadier Wang, don't worry!"

"They just got stuck on the acupuncture points... If nothing happens, they will be better in a while!"

"Now? Now you can't solve the acupuncture points on them?" Wang Zhen looked at Duguxie Dao.

Duguxie smiled, then shook his head.

"With this kind of acupoint technique, besides him, I don't think there will be a second person in the world who can unlock this acupoint, so I don't have this ability either." Duguxie told the truth.

Even Duguxie couldn't solve such a weird acupuncture point. It seemed that the person at this acupoint was indeed the strong one among the strong.

When Dugu Xie said that the four soldiers in front of him were doing nothing, Brigade Commander Wang Zhen was regarded as letting go.

"Wang Zhen, take someone to guard the gate of the military area." Commander Namu ordered there.

After receiving the order, Wang Zhen hurriedly said "Yes!" So he quickly led people towards the gate of the North China Field Military Command.

On the other hand, Li Tian led his brothers and quickly ran towards the open old military warehouse.

After they ran over quickly, they saw Ouyang Longyan in the warehouse, and the Ecstasy had really disappeared.

Moreover, the iron chain that had tightly tied the two of them was directly pulled out from the wall.

Seeing the big icy hole on the wall, the brothers in front of them were all stunned.

Because it's totally unrealistic to be any of them, wanting to break free from that iron chain.

But now?

So the expert not only opened the chain, but also left the North China Field Military Camp silently? This is too scary.

Looking at what happened, Li Tian and his brothers were suddenly depressed.

"Who did it?"

"Could it be Ouyang Longyan, and the ecstasy that caused them to escape?" The brothers in front of them said in shock.

"Do not!"

"It can't be them!"

"The two of them absolutely don't have such terrifying strength... I believe that someone more powerful must have been here and saved them." Duguxie said.

Li Tian nodded deeply and said, "Yes."

"It seems that the real master is coming."

"The man at the gate of hell?"

"It must be the \*\*\*\* at the gate of hell." Tang Xiaolong said in front of him suddenly.

"Except for the \*\*\*\* at the gate of hell, who would have nothing to do to save Ouyang Longyan in front of him, and the ecstasy?"

What Tang Xiaolong said is not unreasonable.

The gate of \*\*\*\* has always been extremely mysterious, and there are endless masters inside.

But it was the first time that such a terrifying master suddenly appeared like Ji today.

Because now both Li Tian and Duguxie can deeply affirm that this time the rescue of that character from Ouyang Longyan and the Ecstasy is absolutely beyond their thinking...

Maybe even the evil sword Duguxie is not necessarily the opponent's opponent! ! !

Just as they were thinking about it, they suddenly heard the happy cry of those soldiers outside.

Li Tian and the brothers were taken aback for a moment, and they turned their heads to look, but seeing the four soldiers lying on the ground completely stiff just now, they really got better...It's just that they, who were just able to move, seemed exhausted. The faces were extremely pale...At the same time, cold sweat was still on their foreheads.

"Are you okay?"

"Are you injured?"

...

The soldiers asked around the four soldiers who had just moved physically.

I saw one of them moving his numb arm while gasping in that mouth and saying, "We're all right..."

At this time, Li Tian and his brothers ran out quickly.

"Hey, let me ask you, who on earth is the point of the acupuncture points?" After Li Tian walked out quickly, he directly asked one of the soldiers.

This soldier is one of the four anchored just now.

This will say: "I don't know..."

"Don't you see his face clearly at all?" Li Tian frowned and looked at the guy in front of him and asked. Originally, he thought these guys could provide some important clues when they woke up... But at this moment he was disappointed.

Chapter 1108: Why save us

"No....."

"He's too fast...fast doesn't look like a person at all!"

"We were standing guard here, but we didn't even feel at all... It just felt like a wind was coming towards us, and then the whole body stiffened and couldn't move anymore."

Listening to these soldiers say this, Li Tian was depressed.

It seems that the real master is here.

Moreover, he was a hundred times more powerful than the characters he had seen before, and his heart was not only depressed when he thought of these.

"Young Master, are you okay?" Looking at Li Tian in a daze, Duguxie asked concerned.

I saw Li Tian shook his head slightly and said, "I'm fine."

"I just don't want to understand, who is so amazing..."

"Could it really be a strong figure from the gate of hell?" Li Tian asked secretly, blinking his eyes.

But if you really are such a strong master in the gate of hell, why should you rescue two dead people?

That Ouyang Longyan and the Ecstasy are dying to be honest... Only one step away from death... According to the cruel killing rules of the \*\*\*\* gates in the past, they would not care about the life of Ouyang Longyan and Ecstasy in front of them...

But now this "superior" has saved them?

what is this? Li Tian couldn't understand.

The only thing Li Tian knows now is the mysterious strong man he will face next, which may be a true horror he has never seen before.

While Li Tian was thinking about it here, Duanmuying and her little girl ring also ran over at this time.

"What's wrong? What happened?" Duanmuying in front of her asked while blinking her beautiful eyes while looking at so many soldiers.

Then Tang Xiaolong said to Duanmu Ying in front of him: "Miss Duanmu... Ouyang Longyan and the ecstasy made these two guys rescued by mysterious people just now."

what?

"How could this be?" Duanmuying said with a horrified face with her mouth open.

Tang Xiaolong shook his head and said, "Hey, I don't know what happened. I only know that there may be a very powerful character in the North China Field Army just now."

Just as they were talking, the girl's small ring suddenly blinked twice.

She seemed to be thinking about something in her mind and hesitating.

After thinking for a while, she finally gathered the courage and walked towards Li Tian over there.

"Li Tian..." Xiaohuan whispered after walking to Li Tian's side.

Li Tian was taken aback and saw the small ring in front of him, so he smiled and said, "What's the matter?"

"I want to tell you something...but I...I'm afraid...I was wrong." Said Xiaohuan timidly with his head down.

Li Tian not only smiled slightly when Xiaohuan looked like this.

"It's okay, just talk...what's the matter?" Li Tian looked at Xiaohuan and asked.

Xiaohuan then blinked his eyes like glass \*\*\*\* and said, "Actually...actually...when I was in the room with the lady just now, it seemed that I saw a figure!"

what?

Listening to Xiaohuan saying that when she saw a personal shadow, Li Tian was not only surprised.

"you saw it?"

"What does he look like...?" Li Tian asked immediately.

Xiaohuan frowned and said, "I...I didn't see his appearance clearly...I just feel that this person is so fast, so fast...Fast seems to be faster than the wind, faster than electricity. His shadow is gray and disappears in a flash."

"The gray shadow?" Li Tian said there.

"Hmm!" Xiaohuan nodded and said.

At this time, Li Tian can be sure, it seems that Ouyang Longyan still has Ecstasy... these two guys were really rescued.

And if Xiaohuan was right, the gray shadow in her mouth should be the two people who rescued Ouyang Longyan and the Ecstasy.

Thinking of this, Li Tian fell into a confused situation.

Above the boundless wilderness more than ten kilometers from the North China field war zone.

But I saw a gray figure standing motionless in the cold wind.

The gray old robe on his body made a bitter noise as the cold wind blew. Wasn't he the mysterious "gray man" who broke into the North China field army?

He is still facing his back...It makes people unable to see his face clearly, the only thing that can be seen is that he has the vicissitudes of life as white as snow, and those skinny old hands.

It is like an old \*\*\*\* who has entered the world nine days away.

Where he was standing, but seeing the Ecstasy and Ouyang Longyan lying quietly there as if dead.

Looking closely at the faces of the two of them, they were pale without the slightest blood.

But they have weak breathing, and obviously they are not dead yet.

After a long time, the two comatose Ouyang Longyan and Ecstasy suddenly moved after being blown by the cold wind.

They woke up!

Yes, they do seem to be sober.

But seeing that the ecstasy was the first to open those weak and sunken eyes, and at the first moment he opened his eyes to look, he was stunned.

"I... Am I dead?" He muttered and asked, looking at the endless wilderness.

On the other side, Ouyang Longyan also opened his eyes weakly at this time, pressing his two hands on the cold ground, moving his body with difficulty, looking in front of him...

"Where is this... how did I get here..."

"Is this hell?"

This Ouyang Longyan and Ecstasy thought they were dead.

At the moment when the two of them were sober, suddenly a stern voice rang from behind them.

"This is not hell." A word came out of his mouth.

When Ouyang Longyan and the Ecstasy suddenly heard someone behind them, they were shocked at the same time, and they quickly turned around in an instant, staring at the gray-robed man with his back facing them with hostile eyes.

"you....."

"Who are you?" The ecstasy asked quickly, and at the same time a pair of eyes looked at the gray-robed man in front of him.

At the moment, Ouyang Longyan, who was next to him, looked at the gray-robed man in front of him cautiously.

But seeing the grey-robed man smiled slightly with his back to them, Cang Ran said, "Can't you tell, did the old man save your life?"

When this sentence came out, the ecstasy and Ouyang Longyan in front of him were stunned at the same time.

The two looked at each other in disbelief, and then they suddenly remembered...Yes, they have indeed left the barracks of the North China Field Military District... and even the iron chains on their hands and feet have been removed.

Could it be...

Could it be that this mysterious gray-robed man in front of him did all of this? Did he save us?

"It was you, did you save us?"

"who are you?"

"Why do you want to save us?" Ecstasy asked, looking at the gray-robed man in front of him suddenly.

Chapter 1109: Old man

At the same time, Ouyang Longyan over there was also nervously facing the gray-robed man with his back facing them.

But seeing the gray-robed man with his back to them laughed, the laughter thundered Kyushu, listening to the two of them, only felt a rumbling sound, and at the same time they shook their eardrums a little bit pain. feel.

Although Ouyang Longyan and the ecstasy are both extremely poisonous, they are first-class masters. The mysterious gray-robed man made a big laugh just now, full of energy, really unprecedented, a smile The sound can make the ears of two people rumbling, this ability, this powerful strength, I am afraid that they have never seen it before, and the two of them are even more depressed at this moment.

Who is this mysterious and powerful gray-robed man?

Why save them?

"Does the old man need a reason to save people?" The gray-robed man with his back to them suddenly said loudly.

What a mad tone!

When Ouyang Longyan and the Ecstasy heard this mysterious gray-robed man say so, they were all taken aback at the same time.

"But there must be a reason?"

"We are not close to you for nothing... Why did you help?" The Ecstasy looked at the mysterious gray-robed humanity.

The gray-robed man paused and said, "If you want to find a reason...it's because of Li Tian."

When Li Tian said the words, the ecstasy before him and Ouyang Longyan were shocked at the same time.

Because the person who imprisoned them in the North China Field Army was Li Tian... But now the mysterious gray-robed man actually said that he also saved the two for Li Tiancai. What does it mean?

This made Ouyang Longyan and the Ecstasy more and more confused.

"Save us for Li Tian?"

"It's ridiculous... don't you know that we were imprisoned by Li Tian?" The Ecstasy said while holding back the poison in his body.

But seeing the gray-robed man simply shook his head in the cold wind.

He did not intend to explain more.

"Since the old man has rescued you this time... don't ask questions anymore..." The gray-robed man said while standing in the cold wind.

The Ecstasy and Ouyang Longyan thought for a while, the man in the grey robe really said this.

Now that they have already taken action to save them...why have to ask the bottom line?

"No matter what, both of us must thank seniors for their kindness." The Ecstasy suddenly said with a bitter smile.

Although Ouyang Longyan didn't speak with a cold face, he could clearly see that his eyes were also in awe of the mysterious gray-robed man in front of him.

"It's just that the predecessors don't know... even if you save us... but it won't save our lives." The ecstasy in front of him suddenly said with a miserable smile.

What they said was right.

Although they are now rescued from the barracks of the North China Field Military Region, what about the poison on them?

The deadliest poison will kill both of them! So the two of them will still die.

Time is just a matter of time.

"Who said the old man can't be saved?"

"Is there anyone in the world that the old man can't save?" Hearing the gray-robed man suddenly said as if furious, as he got angry, the cold wind around him seemed to be slightly shaken by the breath of his body. Roll over.

When Ouyang Longyan and the Ecstasy suddenly heard this mysterious gray-robed man say so, they were suddenly stunned.

Looking at the grey-robed man in front of him with unbelievable eyes...

"Senior..." The ecstasy made her mouth seem to have something to say.

But he hadn't waited until he finished speaking, but saw the gray-robed man suddenly turned around.

His true face of Lushan finally appeared in the eyes of Ouyang Longyan and the Ecstasy.

What kind of silhouette is that?

But seeing the gray-robed man who turned his head, the first thing he saw was the twin dragon's piercing eyes, and those eyes full of endless spirit were deep and vicissitudes of life.

The eyebrows on the eyes are also white... very long, very long, hanging over the corner of the eye.

The first impression of the whole face is like an old \*\*\*\*\* outside the world.

When he saw the real face of this grey-robed man in Lushan, Ouyang Longyan was also stunned at the same time.

"The poison of heart-biting bones... Do you really think that there is no antidote in the world except for the one at the gate of hell? Huh... a bunch of ignorant juniors." The gray-robed man turned his head and turned his head. Ouyang Longyan and the ecstasy suddenly reprimanded.

That Ouyang Longyan and the Ecstasy didn't know why, when facing the gray-robed man in front of him, an invisible pressure was pressing on the two people's hearts, as if it made them feel like they couldn't breathe.

This would be when the mysterious gray-robed man suddenly said: When the poison of the heart and bones, the ecstasy in front of him made Ouyang Longyan even more shocked...

"Senior...you...how do you know what poison is in us?"

"Yeah, senior, who are you?" Even Ouyang Longyan, who used to be indifferent, was completely depressed over there, staring at the mysterious gray-robed humanity in front of him in surprise.

You must know that the poison of the heart-biting and bone-scorching of this \*\*\*\*\* gate has always been the most powerful poison in the world. In addition to the owner of the \*\*\*\*\* gate, the ecstasy and Ouyang Longyan still don't know that there is a second person in this world who can know the antidote to this poison...that's why they were taken aback.

But seeing the gray-robed man sneered: "It doesn't matter who I am... What matters is whether you two want to live?"

Listening to the gray-robed man saying this, Ouyang Longyan and the Ecstasy were taken aback at the same time, and then he said: "Yes!"

Who doesn't want to live?

This ecstasy in front of him and Ouyang Longyan wanted to survive frequently when he died frequently, so the two of them spoke decisively.

When they said these words, the mysterious gray-robed man seemed to be satisfied, and a smile appeared on his vicissitudes of life.

"Since you want to live... just swallow these two pills."

Following the gray-robed man's mouth, he saw his fingers move slightly, and then two whistling sounds directed at the Ecstasy and Ouyang Longyan.

The two hurriedly reached out to pick it up.

It banged all of a sudden, but saw a well-rounded thing caught between the palms of the two of them.

When Ouyang Longyan and the Ecstasy caught the two pills that Jin flew over, the fierce force directly caused a slight pain in their arms.

This Ouyang Longyan was shocked again by the ecstasy, shocked by the powerful strength of the mysterious gray robe old man in front of him.

At the same time they both opened their eyes to look at the pills in their hands.

"Imperial Pill..."

"It's really the Imperius Pill!"

Chapter 1110: Promise old man

The two of them looked at the Imperius Pill in their hands with wide unbelievable eyes.

You must know that this Destroying Pill is the antidote to the poison of the heart and bones in their two bodies.

Then the two of them were even more surprised, and they secretly said, who is the mysterious senior in gray robe in front of him? How could there be the antidote possessed by the master of the gate of hell: Destroying Pill?

You must know that this Imperius Pill can control the lives of all the masters in the gate of hell, and who is the old man in front of him? How could he have this antidote?

"You two juniors are not ready to take the antidote? Are you waiting for the poison to spread to your whole body, and then your whole body rots and die?" The gray-robed man glared at Ouyang Longyan and the Ecstasy before him.

The Ecstasy and Ouyang Longyan were holding the Desire Pill at this moment, and the joy and excitement in their hearts had never been before.

"Eat, we eat."

As the two said, they quickly swallowed the Imperius Pill in front of them into their stomachs.

As the Decapitating Pill entered his stomach, a refreshing sensation instantly began to spread throughout the body, and the heart-piercing pain in the chest immediately began to slowly ease.

Really an antidote!

It's really an antidote to save them.

Just when Ouyang Longyan and the Ecstasy finally knew that this mysterious old man was really coming to rescue them, the two of them knelt on the ground with a thump and two legs.

"Thank you senior for your life-saving grace!"

The two said in unison.

Looking at Ouyang Longyan who was kneeling on the ground in front of him and the ecstasy, the gray-robed old man showed a satisfied smile at the corner of his mouth.

"Get up..."

Then Ouyang Longyan and the Ecstasy stood up from the ground, looking at the mysterious gray-robed old man in front of them, there was an indescribable respect and excitement in their hearts.

At the same time, I kept wondering in my heart: where is this mysterious predecessor really sacred?

Just as the two were thinking about it, the gray-robed old man asked you to say a word.

"I'm telling you that it's conditional for me to save your lives." The gray-robed man suddenly looked at the two and said.

Then Ouyang Longyan still has the ecstasy, and his life has been recovered at this moment. Not to mention the conditions, it is estimated that even if the gray-robed man wants them to go up to the sword and go to the sea of fire, they will probably be willing.

"Senior, please say... As long as it is within our ability, the two of us will definitely do our best to complete it for you." Ouyang Longyan and the enticement said.

"Don't you ask what is going on first? Just agreed so readily?" The gray-robed old man looked at the two and asked with a smile.

But seeing Ouyang Longyan and the ecstasy at the same time saying: "The grace of senior's life-saving is equal to the grace of re-creation, so no matter what the senior asked the two of us to do, we will do it..."

"Okay, very good!" The gray-robed old man suddenly laughed wildly.

The gray-robed man raised a pair of eyes that scorned the world, looked into the distance, and then slowly said: "I want you two not to return to the gate of \*\*\*\*\* again... and I want you to protect Li Tian secretly."

A word suddenly came out of the gray-robed old man's mouth.

When the mysterious gray-robed man said this, Ouyang Longyan and the Ecstasy were stunned.

Then a common question rose in the hearts of the two: What is the relationship between this gray-robed old man and Li Tian? Why let them protect Li Tian.

Although they thought so in their hearts, they had indeed planned to leave the gate of hell.

If it weren't for the poison in the body, they would have betrayed the gate of hell, and now they have recovered a life from the edge of death... They know the world is sinister, and they also know the difference between being a good person and a bad person... So the two will not only Said in unison: "Okay! Senior, we promise you."

"From now on, I, Ouyang Longyan and Situ Xuan, will never return to the gate of hell...We will do our best to protect Li Tian, even if he is dead."

After listening to Ouyang Longyan and the Ecstasy in front of him say this, the gray-robed old man showed a satisfied smile.

Standing in the biting wind, he said, "Well... it's not in vain that the old man will save your life."

"This time the kid went deep into the dangerous place... It's a blessing or a curse, and the old man doesn't know... Hey, the road ahead is elusive... The journey is difficult and dangerous, but it's a pity that the old man has a contract, otherwise he can help him... I can only hope to find someone like you to protect him." The gray robe old man suddenly looked at the heroic sky and said.

Of course he was talking about Li Tian.

After hearing that the old man in gray robe said the same, Ouyang Longyan and the Ecstasy were not only slightly taken aback, but they thought to themselves, where is Li Tian going? Why is he in danger? But more questions are about this gray-robed old man, who is he? What does it have to do with Li Tian?

"Senior, do you have a few words I don't know if this junior should ask?" The ecstasy suddenly looked at the gray-robed old man and asked.

The old man in gray robe said, "Let's talk.

"Excuse me, senior... who are you always from Li Tian... why do you want us to help him like this?" Ecstasy asked.

But seeing the gray-robed man turned his head and said in the cold wind: "Innocent and innocent, a stranger."

stranger!

Is this gray-robed old man really a stranger to Li Tian? Is it possible?

No, when Ouyang Longyan also said that he had nothing to do with Li Tian, the two of them obviously didn't believe it, but since this mysterious old man doesn't want to say it, then there must be his secret, so The two people in front of them didn't ask too much.

"Senior, today you saved our lives. We have nothing to pay for. Please tell me your surname... so that I can repay my gratitude in the future." Ecstasy said again.

He wants to ask the name of this mysterious gray-robed old man?

Just when he asked, the old man in gray robe suddenly laughed wildly, his voice resounding like thunder in Kyushu, shaking the wilderness.

Suddenly his body jumped up, and then on the vast field, but seeing his gray figure, like a north flying goose, swept to the west...

"My name... can't remember... the world has already forgotten the old man's name."

"You two juniors just remember your promises..."

Only his extremely fast shadow and his two weird words were left on the vast wilderness.

Looking at his figure, the black spots are getting smaller and smaller... Then Ouyang Longyan and the Ecstasy stared blankly at the direction of the gray-robed old man going away like a dream, standing there stupidly.

"Ouyang Longyan... Do you remember a character decades ago... It is said that his martial arts has reached the level of god-level martial arts, and he also said that as long as he appears...

"Of course I remember." Ouyang Longyan said while standing in the cold wind.

"It's just that it's been a hundred years since that character... Could it really be him?"

"I don't know... but I feel alike, alike!"

"His martial arts attainments are definitely beyond anyone's imagination, maybe even the master of the gate of \*\*\*\* may be his opponent." Ecstasy said as he looked at the shadow in the distance.

"Could he really be that person?"

"Elder Promise!"
