

A Killer 112

Chapter 112: Newcomer

Standing on the ring is indeed a powerful figure who is famous in the Northwest: Northwest Gray Wolf.

This early in the Northwest area can be said to be a murderous man who covered the sky with one hand. He did not expect that he would follow Duanmu Lei's hand this time, and he also became a fighter for Duanmu Lei.

Looking at Duan Mu Lei's leisurely face off the stage, it seemed that he didn't regard this boxing match as a meeting at all, but he had an emotional atmosphere like watching a show, which showed that he was still not worried about the Northwest Grey Wolf.

Could it be said that today's Li Tian will really die in the ring?

Li Tian really doesn't know who the murderer opposite is? I don't know how awesome he was once.

But Li Tian could feel that, judging from the hideous scars on the northwestern wolf's body, this man is definitely much better than the Muay Thai fighter before.

And this guy had a terrible breath all over his body, and that terrible breath made people feel that the person standing opposite was not alone, like a beast.

Crazy beast.

The northwest gray wolf, who firmly controlled the entire ring, cast a gloomy look at Li Tian.

"Boy, how do you want to die?" The harsh words came out from the northwestern wolf's mouth.

There was an extremely cold murderous in the voice.

Li Tian can be regarded as the first time that he truly stood in the ring. It was the first time he was in the ring. He couldn't help feeling a little flustered, especially the crazy shouts in the audience. Although he kept calm in his heart, he still faced There is still a slight change in the above.

Standing there stopped the harsh words of the northwest gray wolf, Li Tian hugged Ruyi without saying a word.

Slowly accumulate the energy of your body, just in case.

"The last time you killed the Muay Thai fighter, was it arrogant? Why didn't you dare to say anything this time, and your hands were shaking?" The northwest gray wolf said with a sneer.

He had indeed seen Li Tian's hands shaking slightly in front of him.

How could Li Tian, who really went to the ring for the first time, not be excited? Facing the crazy shouts from the audience, to be honest, it was the first time he hit the black market boxing, and he was a little excited.

Isn't this? After being said by the wolf, Li Tian tried hard to hold back his flustered state of mind and breathed as deeply as possible to calm his mood, but the more he did this, the more excited he became.

Even when Shen Feng in the audience saw Li Tian's appearance, he couldn't help but start to worry.

"Hey, why didn't I expect it? How could my eldest brother not be excited when he went to the black market ring for the first time? I remember that when I went to the black market ring for the first time, against a very useless boxer, I was so excited at that time. What's more, what Li Tian is dealing with this time is a first-class fierce?" Shen Feng became more and more worried about Li Tian thinking about it this way.

The crazy yelling in the audience became louder and louder.

Li Tian, who was already a little excited, stood there like this, feeling the fluctuation of his mood more and more.

With a bang: "The boxing match begins,"

Li Tian, who didn't even hesitate, punched directly and attacked the wolf.

There is no way, Li Tian has to restrain his inner excitement now, so he has to take action first, and only after doing it can he remain unmoved by the outside world.

His fierce shot made the people under the ring cheer. Of course, those spectators in the audience were eager to watch a ***** match, so they shouted frantically.

However, Shen Feng suddenly whispered: No,

Because every boxer knows that quick success is the biggest weakness of black market boxing. He didn't even see the other side's flaws. He went straight up and started fighting. Under normal circumstances, he was a fledgling boxer, but now Li Tian has committed a taboo.

Isn't this? Although Li Tian's movements were fast enough and his shots were fast enough, he didn't know what kind of master he was facing.

There was a sneer at the corner of Canglang's mouth, and the terrifying aura that filled his body suddenly exploded over the entire arena.

Then when Li Tian's figure quickly reached his side, his two powerful hands slowly clenched, and the knuckles of his knuckles rattled at the same time.

One foot bowed slightly back, and the other leg took a small step forward, bending his back with a bang.

Flying legs raised, a beautiful side kick, and directly kicked towards the cheek of the attacking Li Tianzuo.

Fierce and domineering.

Li Tian, who was too late to escape, was shocked and instinctively raised an arm to protect his cheek.

The blue wolf whip on Li Tian's arm with one leg, and the fierce force spread towards Li Tian's arm, causing Li Tian's entire body to fly out with a bang.

He fell to the ground with a plop.

one move.

With one move, Li Tian fell to the ground.

The people in the audience who were shouting just now were stunned.

They had all bet their winning rate on Li Tian. They had originally thought that Li Tianneng, who killed the Muay Thai boxer in the previous black market boxing match, would regain his power. Unfortunately, he didn't expect that Li Tian would be kicked with a whip kick as soon as he came up. She had to fall to the ground, suddenly a little dumbfounded.

Then I began to hear the scolding voices in the crowd: "Fuck him x, how could this be?"

"Are you kidding?"

"Mother, why can't you fight?"

...

Listening to the scolding voices off the stage, Li Tian on the stage slowly got up from the ground.

The gray wolf's leg was really heavy, and for Li Tian, who really fought with people for the first time, it really made him feel lingering.

"Hey, this kid seems to be fighting with others for the first time, why is he so anxious?" Feng Ye frowned and asked in wonder from the high stand.

Na Mengchong stood behind and said, "Yes, it is not difficult for him to see that he is a newcomer."

"It seems that he will lose today." As he said, Feng Ye leaned back on the chair behind him, looking a little carelessly.

He was originally watching a lively event today, but now he can judge the victory from one move, so what else is there to see in this boxing match?

——

When Li Tian stood up, he faced the verbal abuse and questioning from the audience.

His mood slowly stabilized, but he no longer had the impetuosity and excitement of his first appearance.

The gray wolf over there looked at Li Tian with a sneer: "I thought you kid was such a great character? It turned out to be just an untouched clown? Well, I will play with you today."

The voice fell, and the gray wolf suddenly moved.
