

## **A Killer 1121**

Chapter 1121: idea

At this moment, Li Tian finally got the clues of the Dark City with the help of Hao Long, don't mention how happy he was.

Turning his head, looking at the rigid and unsmiling Opteron, said, "Thank you!"

"Thanks to you this time, if it weren't for you, we would definitely be depressed..."

"But now it's finally better, and I finally know how to get to the Dark City."

Where Opteron stood on the side, he didn't say a word from beginning to end, just stood there silently.

Li Tian has long been accustomed to this man's unsmiling expression...but he was still in awe of him in his heart.

"When to go?" A word suddenly came out of Opteron's mouth.

Li Tian thought for a while and said, "As soon as possible."

"Okay! I'll wait for your news." White Dragon said again.

Li Tian thought for a while, finally couldn't help his curiosity. He looked at the white dragon in front of him and asked, "Hey, I want to ask, where did you get the guy called the old ghost just now? What about him? Will you know so much about the Dark City? And who is he?"

Listening to Li Tian's question, then Opteron was silent for a moment.

It took a long time, but after seeing the white dragon, he slowly said, "He is a death row prisoner!"

"Wanted by the government many years ago... Then he disappeared without a trace, and then he appeared again... But when he appeared, his person had changed, and his hands and feet had been given alive. He was chopped off...The only thing left is that mutilated body. He is now locked up in Binjiang City No. 1 Prison."

Li Tian suddenly moved in his heart after hearing the words of the white dragon.

It turned out that Opteron was the weird guy found in the first prison... No wonder that ugly man knew so many things, and recalled the hoarse smile of that ugly old ghost in his mind. Li Tian was not only there. Thinking about things.

Li Tian finally knew how to get to the dark city.

Whether it's the brothers, or Duguxie or the ghost servant, they got excited for the first time after hearing the news.

"I wiped... I didn't expect that it was the hunk who helped our little boss?" In the room, but I heard Tang Xiaolong say excitedly there.

"Yeah, I always thought that Opteron was like Kuaimutou... I didn't expect him to do things so neatly." The brothers over there also said.

"Yes, don't think he seldom talks. I didn't expect that his abilities should not be underestimated."

"Nonsense, of course... how else would you be called the number one macho in the North China Field Army."

"No matter what, this time things have to be done well, thank you Opteron...If it weren't for him, I'm afraid we might not know how to get to the dark city even if we stay for a while."

...

Listening to the brothers saying this, Li Tian smiled.

He is also happy now,

"Then Li Tian, when shall we start?" Chen Qiaozhi, who saw this meeting, slightly helped the glasses on his eye sockets and asked Li Tian.

Li Tian thought for a while and said: "Just these few days...I hope the sooner the better."

"Well, good." The brothers all agreed.

When they all agreed, Li Tian suddenly said, "I have to tell you something in advance."

When he finished speaking, Li Tian's expression became solemn, and his expression became weird. He glanced at all his brothers first.

Looking at Li Tian's expression at the moment, the brothers were not only slightly startled.

But Chen Qiaozhi asked, "What's wrong? Li Tian, is there something wrong?"

Although Li Tian hadn't said it yet, they almost felt it at this moment.

Li Tian nodded there.

"Going to the Dark City this time will be very dangerous... I must have heard of it. That place is terrifying and outrageous. Although you and I haven't really been to that place... But I can feel that this time. That dark city will definitely encounter a lot of unprecedented danger...If you don't, I will also die there."

Listening to Li Tian's words like this, the brothers in front of him were puzzled for a while.

"What's the danger?"

"It's not that our brothers haven't experienced danger..." Chen Qiaozhi said.

Then Tang Xiaolong also said with his big mouth open: "Yes, little boss, you think too much... it's okay, brothers will listen to you, as long as you say a word...you can do anything."

Listening to the brothers saying this, Li Tian felt warm.

But he said there, "Brothers, Li Tian took my mind...but my idea has been settled."

idea?

When Li Tian said that his attention had been set, the brothers were slightly puzzled.

"What pay attention?" they asked.

But listening to Li Tiandao: "My attention is that this time I go to the Dark City... There may be some brothers staying here."

"what,?"

"Little boss, what do you mean...Don't let the brothers go?" Tang Xiaolong asked with his eyes wide open.

Li Tian smiled faintly and said, "You are right to say that!"

"I just made this decision for safety."

So Tang Xiaolong quickly asked: "Little boss, who do you want to not go?"

"Qiao Zhi, and Ge Lao." Two names came out of his mouth.

When talking about Chen Qiaozhi and Ge Lao in front of them, they suddenly became depressed.  
what?

"Aren't we going?" Old Monster Ge said with his eyes wide open.

"Li Tian, how can we not go?" Chen Qiaozhi also said silently there.

"Yes...Do you think the two of us are afraid of adding burden to you?" The old monster Ge obviously said angrily.

But seeing Li Tian hurriedly said there: "No...no..."

"Listen to me, I didn't mean that!"

"You also know that going to the Dark City this time is very dangerous, but what about me? But I have to go! The reason I let you two stay here is because I want you to protect Duanmu Ying, and Ningbing... .." Li Tian said.

Listening to Li Tian's words, Old Monster Ge and Chen Qiaozhi were depressed.

Obviously, Li Tian meant that Duan Muying and Situ Ningbing were not allowed to go to the Dark City this time.

Chapter 1122: Feed the sword with blood

"Why let the two of us stay to protect them?"

"They will definitely be safe in the North China Field Army... We don't need our protection." Old Monster Ge retorted.

But seeing Li Tian said there, "Old Ge, Qiaozhi, you just listen to me once...I sincerely hope that you two will stay to protect them... Think about it, the people at the gate of \*\*\*\* are still looking for I'm troubled... If I leave, who will protect them? Although they are safe to stay in my grandfather's army, you have also seen that the ecstasy and Ouyang Longyan a few days ago were not given by mysterious people. Saved it? So, the North China Field Army is still not that safe... I only hope you can stay and protect them... In this way, I can go to the dark city without any worries."

After listening to Li Tian's words, Old Monster Ge was obviously still a little dissatisfied, saying:  
"But..."

As soon as the words were spoken, Chen Qiaozhi on one side interrupted his words.

"Forget it, Elder Ge...Since Li Tian has made this decision, let's just do what he says."

"After all, there can be no one to take care of them." Chen Qiaozhi was still a bit more open, speaking for Li Tian there.

Old Monster Na Ge made a muffled mouth and suddenly stood up.

"I know you are disgusting my old things are useless...to trouble you...huh..."

After roaring out a word, Old Ge suddenly walked outside angrily.

"Old Ge... Old Ge..."

Li Tian also wanted to console Na Ge, but it was a pity that Na Ge had already walked out of the room, Li Tian not only sighed deeply.

He was most afraid of his brothers misunderstanding him, but he did not expect that he was really misunderstood this time.

He just wants Elder Ge and Qiaozhi to stay here... because these two people really don't have very good military value. In case they really get to the horrible place like the Dark City, they are slightly careless and then seriously injured. , Or if he was killed, then Li Tian would definitely be unable to forgive himself for the rest of his life... After all, these brothers went for him! Furthermore, he also really hopes that Elder Ge and Qiao Zhi stay here to take care of Situ Ningbing and Duan Muying...

After seeing Old Monster Ge going out angrily, Li Tian not only sighed deeply.

Then Chen Qiaozhi said to Li Tiandao: "Don't worry, Old Monster Ge has a bad temper..When he thinks about it, he will understand your kindness."

"Actually, it's okay if the two of us don't go...If we go, maybe it will cause more trouble for you one by one... After all, the strength of our two is really limited..."

"I know that going to the Dark City this time may be a lot of danger...There are also many unknown horrors, but I hope you can get there smoothly and then come back one by one."

Chen Qiaozhi looked at Li Tian sincerely and said.

"Don't worry, sick ghost...With me, even if I die, Tang Xiaolong will be the first to die in front of the little boss," Tang Xiaolong said with a grin.

"You guy, is this mouth really a crow's mouth... you can't say something good." Chen Qiaozhi cursed at Tang Xiaolong there.

With this scolding, the brothers in the room suddenly laughed, and even the least talkative Aqiu laughed.

In the middle of the quiet room, I saw a long thing wrapped in cloth at the very edge.

The thing was more than two feet long, and it was tightly wrapped at the moment. Although it was wrapped, it was difficult to conceal the cold air inside.

What is this thing? Why is there such a cold breath at this moment?

murderous look!

Sen Han's murderous aura filled the room.

After the quiet room was suddenly pushed open, he who walked in suddenly felt this rush of killing aura.

The person who walked in was Li Tian.

The room is also his room, but where did the murderous spirit come from?

It was spilled out of the wrapped thing.

When Li Tian walked into the room and felt the gloomy murderous aura filling his room, he didn't feel stunned.

What's going on?

He was startled, and then his eyes were on "it".

"Is it?"

"How could it have such a terrifying murderous intent for no reason?" Li Tian not only wondered, then walked over quickly.

He stretched out his hand and opened the two-foot-long thing wrapped in cloth.

After he stretched out his hand to open it, it was a sword, a sword with a black body.

The sword is not fancy, nor does it look good, on the contrary it looks a little ugly.

The pure black sword is chillingly black.

Chi Lianjian!

And the horrible murderous aura that had just been exposed was undoubtedly coming from it.

When Li Tian discovered that this "sword" was showing murderous aura, he was depressed, and his heart was secretly lined up: What happened to this sword today? How could such a terrible murderous aura emerge for no reason?

After thinking about it in his heart, Li Tian stretched out his hand to hold the "Red Refined Sword", and at the moment he reached out to hold it, a gloomy coolness passed from the sword body to the palm of Li Tian's hand.

That coolness carries a wave of irritability and anger...

When held in Li Tian's hand, Li Tian's blood boiled... as if urging Li Tian to let him kill.

After Li Tian felt the terrible feeling of slavery, he was startled, and then stretched out his hand and released the "Red Refined Sword" in his hand. The black sword fell on the cold ground with a creak. There was a crisp sound.

Then that sharp murderous aura slowly faded...

Looking at the strange sword on the ground, Li Tian couldn't help feeling more and more strange.

"Why does this sword seem to have its own spirituality? And when it is held in the hand, you can unconsciously feel the murderous breath that has never been seen before... It's like a hungry beast is looking for blood? "

Looking at the sword, Li Tian was depressed.

Could it be because he hadn't seen blood for a long time?

Li Tian secretly lined up.

He once heard Duguxie talk about the origin of this sword: The Chilian Sword is a magic sword, and it has a dark breath. If you don't drink blood for a long time, you will lose the edge he should have.

When thinking of this, Li Tian suddenly had an extremely terrifying idea in his mind.

He wants blood to feed the sword.

He suddenly stretched out his hand to pick up the pure black red sword. After picking it up, he then slowly slashed his fingers with the sharp blade.

As the cold suffocating blade pierced his finger, he saw Li Tian's blood flow down the Chilian Sword in front of him.

Chapter 1123: You can't go

After his blood hit the body of the red sword, the whole red sword suddenly shot out suddenly, and at the same time the sword was buzzing...

The blood flowed down the blade, and Li Tian suddenly felt as if he could not hold the sword at all. The blade was shaking violently, and the blood couldn't stop the place where his finger was cut. Dropped blood on the sword.

Faced with such a terrible situation, Li Tian was taken aback.

Then his body abruptly moved his hand away from the red sword, and after his hand broke away from the "blood sucking" of the red sword, the red sword was still buzzing, and the black light was also More violent.

Looking at this weird sword, terrible sword, Li Tian threw it aside with a bang.

The Chilian Sword seemed to feel the master abandon it... Suddenly the sharp black light began to slowly diminish.

"What the \*\*\*\*\* is this sword? Why is it so weird?" Li Tian was really surprised, staring at that weird sword unblinking.

I also thought: After the mysterious expert gave him this weird sword, nothing was said... Li Tian felt more and more depressed.

Why did that mysterious expert give himself this evil sword? What is it for?

After thinking about it, Li Tian finally didn't want to find another question.

He walked over quietly, and then continued to wrap the black red sword tightly with cloth... and then quietly put it aside. After letting it go, he was relieved. Sitting in the room.

That pure black and evil sword was once again abandoned to the corner by Li Tian.

After Li Tian stayed in the room for almost 20 minutes, Situ Ningbing came over.

When Situ Ningbing came in with a change of clothes, Li Tian's eyes lit up.

Ning Bing didn't wear her black leather jacket anymore. Instead, she was wearing a light dress today, revealing a slender leg.

Ning Bing's figure was originally the most beautiful. Due to long-term assassin training, she had already shaped her body into a beautiful figure. At this moment, Li Tian could not help his desire when he saw it.

Looking at the coming Ningbing, Li Tian walked over quickly, took her slender hands, and embraced her delicate body into his arms.

"You are here..." Li Tian said, holding Ningbing.

Situ Ningbing looked a little uncomfortable, her pretty face flushed slightly, and Li Tian gently pushed away, with a hum in her mouth.

"What are you doing?" Ning Bing said, looking at Li Tian in the room.

Li Tian smiled and said, "I didn't do anything, just stayed there."

"How about you? I heard that you have met my aunt and them? Isn't it?" Li Tian asked with a smile.

Situ Ningbing nodded there, "Well, yes."

"Your sister-in-law is very nice... and also good to me." Situ Ningbing said.

Listening to her saying this, Li Tian felt very happy.

"By the way, I heard that you are going to a very dangerous place next, right?" Situ Ningbing suddenly turned his face to look at Li Tian in front of him and asked.

After she asked, Li Tian's expression changed slightly, and then nodded there.

"Yes."

"That place is indeed dangerous." Li Tian repeated.

"Don't worry, I will always be by your side." Situ Ningbing said sincerely looking at Li Tian.

But what about Li Tian? But at this moment suddenly turned his head to look at Situ Ningbing and said, "There is something you may not know yet..."

"What's the matter?" Situ Ningbing asked Li Tian curiously.

But listening to Li Tiandao: "It's the dangerous place to go this time... I want all of you girls to stay here... Don't follow."

what?

"You won't let me go with you?" Situ Ningbing was immediately disappointed when he heard Li Tian say this.

"why?"

"Are we just getting together, are you going to separate from me again?"

Just listen to Li Tian looking deeply at Situ Ningbing in front of him and said: "Ningbing, listen to me, I don't want to be separated from you, really... I want to be with you for the rest of my life, but it's a pity. Don't follow along."

"Because the place I'm going to this time is indeed the most dangerous place so far... I'm afraid... I'm afraid that you will be dangerous if you follow me, do you understand?"

Situ Ningbing walked over and took Li Tian's hand and said, "I understand, I understand... But I still have to follow you, no matter how dangerous it is, I am not afraid. I just want to be by your side and looking at you."

"Ningbing, can you listen to me once? You really can't go this time!"

"If you think about it, if you go, I definitely can't concentrate on dealing with the \*\*\*\* at the gate of hell... Doing this is tantamount to helping me, Ningbing, are you willing to help me? Or are you willing to harm me?" Li Tiandao.

Listening to Li Tian's words, Situ Ningbing was stunned.

"But...but...what should you do if you are in a dangerous situation? What if you are in danger yourself?" Situ Ningbing looked at Li Tian unbearably.

But seeing Li Tian smiled slightly.

"Trust me!"

"I will be fine."

"This time I went to the Dark City just to find the whereabouts of the gate of hell. After I avenge my revenge, I will be with you forever and never to be separated again." Li Tian swore.

"Is there no other way?"

"Does it have to go to that extremely dangerous place?" Situ Ningbing said while looking at Li Tian with a glimmer of hope.

But seeing Li Tian shook his head helplessly.

"Ningbing, this time!"

"Besides, Qiaozhi, Ge Lao will be here, Duanmuying, and my Aunt Hua will be here with you..."

"I believe we should go to that place soon...I will be back soon."

Listening to what Li Tian said, even though Situ Ningbing wanted to go with him in the tribulations, he was afraid that he would be distracted by Li Tian who was hurting him. If he didn't help, he would really hurt Li Tian. , It is really self-defeating.

Situ Ningbing has always been an extremely intelligent woman.

After she figured it out, although she felt 10,000 in her heart, she nodded slowly after all.

"Okay! I promise you...I stay here."

Listening to Ning Bing's promise, Li Tian finally felt a big rock falling down in his heart.

He walked over and gently hugged Situ Ningbing and said, "Ningbing I'm sorry...I'm not good, so you worry about me all day."

Situ Ningbing also hugged Li Tiandao tightly: "I just hope you can be safe."

"Well, yes, there will be one day."

The two people hugged tightly. At this moment, there was no words or too much talk, but their hearts were gathered together at this moment.

Chapter 1124: the truth

Li Tian, who was holding Situ Ningbing, didn't know why, suddenly thought of another person in his mind.

Another one of my own enemies, ecstasy!

That was Situ Ningbing's own brother in front of him.

Li Tian didn't know whether he should tell Situ Ningbing the truth, so he would feel a little depressed in his heart.

Situ Ningbing seemed to notice that Li Tian was a little different, raised that exquisite face, looked at Li Tian in front of him and asked, "What's the matter? Do you have something on your mind?"

Li Tian was suddenly embarrassed there. At this moment, he didn't know what he said to Situ Ningbing, and he was silent for a while, then slowly raised his head and looked at Situ Ningbing in front of him.

"Ningbing, I think I have to tell you something." His expression seemed serious.

I saw Situ Ningbing in front of him looking at Li Tian with a solemn expression, smiled slightly and said, "What's the matter?"

"Yes...yes...about you." Li Tian said again.

Situ Ningbing looked a little puzzled. He blinked and looked at Li Tian in front of him and asked, "About me?"

"Yeah." Li Tian nodded.

"What the \*\*\*\* is it? Why am I getting more and more confused." Situ Ningbing looked at Li Tian with a somewhat uncomfortable expression. She seemed unaccustomed to Li Tian being so serious.

Li Tian paused for about two seconds, and suddenly said, "Let me show you something."

As Li Tian said so, then he slowly reached out to his arms and took out something.

It is a pull finger, a pure white jade pull finger.

When Li Tian stretched out his hand and took out this white jade finger, when Situ Ningbing blinked, her expression was instantly stunned. A pair of beautiful eyes looked at the one in Li Tian's hand in disbelief. The white jade pull finger.

Then Jiao Shi trembled slightly... and said, "You... where did you... get this ring from?"

Situ Ningbing in front of him looked at Li Tian in disbelief.

After seeing Situ Ningbing's expression, Li Tian had almost reached a conclusion in his heart. At this moment, he was secretly lining: It seems that the Ecstasy said nothing wrong...It seems that Ningbing is really his. My sister.

"I got it from a person." Li Tian said, looking at Situ Ningbing.

"Who? Who is it?" Situ Ningbing grabbed the jade pull finger and said with his eyes slightly red, and said excitedly.

But seeing Li Tian said slightly: "A character who claims to be your own brother."

After Li Tian's words were suddenly uttered, Situ Ningbing's body trembled, and the whole person was instantly stunned.

"Ningbing...Ningbing, are you okay?" Looking at Situ Ningbing who seemed to be stunned, Li Tian hurriedly shouted worriedly.

However, seeing Situ Ningbing staying there in silence, with a surprised expression, the whole person was standing there as if stupid.

"My brother...My brother..." Suddenly a strange word came out of her mouth.

Then she suddenly turned her head to look at Li Tiandao in front of her: "Have you seen my brother? Have you?"

Li Tian admitted and nodded there.

"Is his name Situ Xuan..." Li Tian said.

When Li Tian really said the name of his own brother, Situ Ningbing in front of him suddenly shook violently.

"He is there... You have seen him there... How would he know that I am still alive..." Situ Ningbing asked Li Tian abruptly.

Li Tian thought for a while and said, "Ning Bing, in fact, I have known him for a long time, but I never knew that he was your brother!"

"Since a few days ago, I accidentally learned that his surname was Situ... Then I asked him if he knew you. When he heard your name, he told me the truth. It turns out that he belongs to you. Brother."

Situ Ningbing looked at Li Tian in shock and asked, "How do you know him?"

"He is there now?"

Listening to Situ Ningbing's sudden question, Li Tian felt a pain in his heart.

He didn't know if he should tell the truth to Situ Ningbing in front of him at this moment... he didn't know if he should tell him that his own enemy all the time turned out to be her brother... so Li Tian was entangled with that.

"What's wrong? Why don't you speak?" Situ Ningbing looked at Li Tiandao.

Li Tian was depressed for a while, and then suddenly said: "Ningbing, after I tell you the truth, you shouldn't be surprised, okay?"

Situ Ningbing looked at Li Tian in surprise, and then slowly nodded.

"Well, then I said..."

"Actually your brother... your brother is from the gate of hell!"

"He is the seducer who has been chasing me!"

When Li Tian suddenly said these words, Situ Ningbing in front of him was stunned.

Her whole body began to tremble in an instant... The whole person felt stunned for an instant, and those beautiful eyes were full of disbelief.

"You...you...what did you say...you said...my elder brother...is a man from the gate of hell...is an Ecstasy? Situ Ningbing's pretty face turned dead in an instant, looking at Li Tian pale Say.

Li Tian looked at Situ Ningbing's appearance at this moment, and his heart ached for a moment.

"Ningbing, calm down and listen to me."

Li Tian said as he went over to appease that Situ Ningbing, but what about Situ Ningbing? The entire Jiao body suddenly backed away.

"Tell me first... Tell me... Is everything you said true... My brother, is he really from the gate of hell? Is he really your enemy?" Situ Ningbing looked silently. Li Tian in front of him.

Li Tian didn't know how to comfort Situ Ningbing in front of him, but after a long silence, he nodded slowly.

"Yes!"

"His people are from the gate of hell!"

After Li Tian said this all at once, this Situ Ningbing's delicate body suddenly plunged back, as if he almost fell.

Li Tian's hands were quick and fast, and he hurried up to hold the Situ Ningbing, and shouted at the same time, "Ningbing, Ningbing, what's wrong with you? What's wrong with you?"

But seeing Situ Ningbing's entire body became cold...At the same time, her beautiful eyes became dull and dull in an instant, but she whispered in her mouth, "How could this be? How could it be so? ?"

"My brother... is your enemy..."

She seemed to have difficulty accepting this fact.

"Is he there? I want to see him." Suddenly Situ Ningbing grabbed Li Tian's shirt in front of him and asked in Nasty.

But seeing Li Tian hugged Situ Ningbing and said, "He is gone... he has been rescued."

"What do you mean?" Situ Ningbing didn't know what happened.

So Li Tian told all the things about himself and the ecstasy.

Chapter 1125: I am your brother

After preaching all the things of the Ecstasy, Situ Ningbing finally understood. It turned out that his brother, Situ Xuan, was really helping the people at the gate of hell.

"Why? Why is this happening?"

"Why did he enter the gate of hell?" Situ Ningbing said suddenly in pain.

Li Tian shook his head in confusion.

He also didn't know about Situ Xuan, so he didn't know how to comfort Situ Ningbing in front of him.

But seeing that Situ Ningbing finally stood up straight, although her delicate body was still trembling, although she still couldn't accept this fact in her heart, she still stood up after all.

"Li Tian, I want to be quiet!" A word came out of her mouth.

Then she began to turn her delicate body slowly and walked outside.

Li Tian looked at Situ Ningbing's trembling figure and chased after him: "Ningbing...Don't you think about it?"

"Although he is my enemy...but...but...he is your brother after all...and I believe his temperament is not too bad..."

Listening to what Li Tian said, Situ Ningbing slowly turned her pale face, looked at Li Tian, and then smiled reluctantly: "Li Tian...thank you for speaking like this for my brother...but I... ..But I still want to be calm and calm by myself."

Situ Ningbing, who was talking, walked outside like this.

After all, this truth came too suddenly and unexpectedly, so the current Situ Ningbing couldn't accept it at all!

She just wanted to find a place where no one was alone and calm down.

After leaving Li Tian's room, Situ Ningbing seemed to be sluggish, and walked to the east alone.

As she walked, she walked out of the barracks of the North China Field Military Region alone.

When the soldiers at the gate of the barracks saw her walking out of the barracks, although they were puzzled, they didn't stop them too much.

And Situ Ningbing? In this way, he walked out of the barracks of the North China Field Military Region without any vision.

The North China Field Army is surrounded by a desolate area, and it happens to be a small forest near the east.

At this moment, Situ Ningbing came here alone...

She stood there, looking up at the cloudy sky, holding the white jade finger tightly in her hand, her heart cut like a knife.

For so many years, so many years, Situ Ningbing dare not recall his own affairs, but now? She finally began to try to remember the past.

She clearly remembered that when she was young, she liked to follow him the most, screaming: elder brother, elder brother... take me to play.

And I clearly remembered that this jade finger was given to herself by her brother, but unfortunately the jade finger had not been carved yet...

At that time, he was so good, and he liked his own sister so much. He took his sister to play all day long, but one day, he was suddenly taken away by a group of mysterious people... From where, she I never saw my brother again.

Time flies, in a flash, so many years have passed.

Who can imagine that the brother who once loved him most has now become the man at the gate of hell!

This is real? Still fake?

Looking at the jade pull finger in his hand... Situ Ningbing knew that maybe everything is true.

Because she knew in her heart that Li Tian was a man who never lied, and he would not deceive himself...

Thinking of this, Situ Ningbing became painful, holding the white jade finger tightly in his hand, his eyes slowly turning red.

Just as Situ Ningbing's heart was filled with endless sadness, suddenly two figures appeared in front of her like electric shots.

Although Situ Ningbing was immersed in sorrow, his instinctive reaction was still there.

"Who?" A cold voice came out of Situ Ningbing's mouth first.

Then she saw two motionless people standing beside her.

One of them was dressed in purple, his face was cold, and there was a long and narrow sword mark on his left cheek, and the other was standing on his forehead while wearing a black mask.

When Situ Ningbing suddenly saw these two people, she was surprised secretly: "People from the gate of hell?"

"You are Ouyang Longyan... Are you... the ecstasy?"

When her beautiful eyes touched the mask on which the ecstasy was standing, her body suddenly trembled.

Yes, of course she knew these two \*\*\*\* gates, and she also knew that they had been assassinating her favorite Li Tian.

When she recognized that this person was an ecstasy, she was stunned, and then a pair of beautiful eyes stared at him wearing the mask.

But seeing him standing there motionless, those eyes through the mask stared at Situ Ningbing unblinkingly.

Suddenly, I saw Ouyang Longyan next to him open his mouth and say a word; "I'll go to one side first."

The words fell, but when he saw his figure flashed, he leaped towards the left side. In an instant, there were only Situ Ningbing at the moment and the ecstasy in front of him.

Silence, common silence.

He looked at her, and she was also looking at him with blinking eyes.

"Ningbing..."

"You are really Ningbing." Suddenly Ecstasy said with a trembling voice, looking at the charming Situ Ningbing in front of him.

When Situ Ningbing heard his voice, he felt so familiar for an instant.

Suddenly, her delicate body trembled.

"Who are you, who are you?" Situ Ningbing's voice suddenly became cold as the enchanting envoy who was wearing a mask looking at him.

But seeing that the Ecstasy was hearing Situ Ningbing say this, he said, "I'm a big brother..."

A word suddenly came out of the ecstasy's mouth.

"I'm your brother..." As the ecstasy in front of him said so, he then suddenly took off the mask on his face.

Then a delicate face appeared. Yes, he was the eldest son of the Situ family, Master Yumian, Situ Xuan.

"Brother?" When Situ Ningbing really saw her own brother in front of her, she was stunned for a moment, and then looked at Situ Xuan in disbelief.

"You really are brother,"

"Really brother?" Situ Ningbing said in surprise.

But even though the ecstasy hadn't seen his sister for so many years, he could still tell from the outline of Situ Ningbing. This was her sister, her sister who had been missing for more than ten years.

"Ningbing, of course I am your brother."

"For so many years... I always thought you were... dead... After you disappeared, my father Zeng Tianya and I went looking for you, but unfortunately we never found it. We searched for two years... Hey. "

Chapter 1126: Brother and sister dialogue

Listening to Situ Xuan in front of him saying this all of a sudden, Situ Ningbing couldn't help his feelings anymore.

A elder brother called out from her mouth, and then her eyes turned red for an instant.

After seeing her sister finally confessing her brother's identity, the ecstasy also ran over and hugged her own sister tightly.

Loved ones!

After all, they are relatives.

The gathering of relatives is always full of happiness.

At this moment, whether it was Situ Ningbing or Situ Xuan who had joined the gate of hell, they were all immersed in happiness at this moment.

Hugging his sister in his arms tightly, Situ Xuan gently touched her soft hair and said, "Ningbing, where did you go after all these years?"

"Why haven't you told your family for so many years,"

"And what happened back then... why did you suddenly disappear,"

"Do you know how worried your father and I are for so many years?" The ecstasy in front of me made his eyes red and said

But seeing that Situ Ningbing smiled bitterly and said, "Brother, I can't finish talking about the things that have happened over the years... The only thing I can tell you is that I was taken away by others."

"Who is it?"

"What kind of \*\*\*\*\* did you kidnapped?" The ecstasy in front of him made his whole body tremble and said.

As if wishing to eat the man who took his sister back then alive.

But seeing Situ Ningbing said in front of me, "The group of people who kidnapped me was a foreign assassin organization... Since I was kidnapped by them, I was taken to a mysterious island, and then began cruelty. He's trained to become a cold-blooded killer."

Listening to Situ Ningbing's words, the Ecstasy was shocked.

"You said you were a killer," said the Ecstasy, looking at his sister incredulously.

Situ Ningbing smiled sadly and nodded silently: "Yes."

"How could it be like this," said the ecstasy in front of him in disbelief.

But seeing Situ Ningbing said with a beautiful face up there, "Because I have been a cold-blooded killer, I have no face to return to the family for so many years."

"Ningbing...you think too much." Ecstasy said there.

"Do you know how much my father wishes to see you again... During the two years when you disappeared, my father dreamed of you almost every night, and his old man missed you."

Situ Ningbing's eyes became ruddy after listening to his brother say this.

"I'm sorry Dad." Situ Ningbing said with tears in her beautiful eyes.

"It's okay, it's okay, as long as you're okay, you'll be fine! Let's go back and go home to see my father and his old man." The ecstasy in front of us said slowly.

"Can I go back?"

"Dad probably already thought I was dead..." Situ Ningbing said blankly, looking into the distance.

The ecstasy said: "Don't worry, Dad will be very happy if he sees you grow up like this."

"Brother, what about you?" Situ Ningbing suddenly reversed the topic, and then she raised a pair of beautiful eyes and looked at the seducer in front of her without blinking.

The Ecstasy said in a daze; "Me? What happened to me?"

"You...you... why do you want to join the gate of hell? Why do you want to leave the family?" Situ Ningbing's voice suddenly became cold, looking at the brother in front of him.

Listening to what Situ Ningbing said in front of him, the ecstasy lowered his head in shame.

He sighed deeply, then raised his eyes and looked at his sister in front of him and said, "Ningbing... Since you left, many, many things have happened. My brother can only say that I am on the wrong path. Now... I'm sorry Dad, I'm sorry family, and I'm also sorry to many people.

"But why did you participate in the massacre of Li Tian's father back then?" Situ Ningbing suddenly roared.

This hit the sore spot of the ecstasy.

He stayed there with an ugly face and didn't speak.

"Sorry..." In the end he could only say three words.

"Brother, can a sentence of sorry really be exchanged for forgiveness?"

"You've made a big mistake... If Li Tian's father hadn't been because of you back then, he would not have died or disappeared, and Li Tian would not be an orphan... Now he will begin \*\*\*\* revenge... He will kill , Kill all the people at the gates of hell, brother, do you know?"

Hearing what his sister said, the ecstasy before her showed a miserable smile.

"Ningbing, in fact, my brother has already seen through life and death. For so many years, I have been living like a walking dead body. Since the first two days, I met an expert who pointed us to us... This way I told Ouyang Longyan was fished up from the deep quagmire."

"Ningbing, I have left the gate of \*\*\*\* now...I will never do anything for that gate of \*\*\*\* now." The Ecstasy said excitedly while looking at Situ Ningbing.

Situ Ningbing listened to his brother's words and said, "Brother, even if you are looking back now, what about the sins you have committed? What about the people you killed before,"

"Li Tian will not let you go. He will definitely kill you and avenge his father." Situ Ningbing said word by word from his mouth.

Since knowing the truth, the thing that Situ Ningbing dared not face the most is this kind of thing now, but there is no way that he will encounter what should be encountered after all, just like now.

She stood there in pain, looking at his brother.

She has her favorite man on one side and her dearest brother on the other. How should she choose?

But when the ecstasy heard that Li Tian was about to kill himself, his expression did not change much, but a helpless smile appeared at the corner of his mouth.

"I know that one day he will definitely kill me... Ningbing, don't worry, if my brother did something wrong, he will naturally use my method to compensate him."

"I hope that one day, he can forgive me for the sins I committed."

Ecstatic made his eyes look into the distance and said.

Situ Ningbing didn't know what the Ecstasy's words meant, let alone what methods the Ecstasy would use to make up for the hateful Li Tian, but she really hoped that her brother could reconcile Li Tian. Become a friend, not an enemy.

"Sister, brother may be leaving, you must remember to protect yourself..."

"Also, that Li Tian is actually quite good... He is a good man, you are with him, brother, I don't worry." Ecstasy suddenly said such words to Situ Ningbing, which seemed to be a final farewell. Generally.

Chapter 1127: set off

Situ Ningbing listened to his brother leaving, and said, "Where are you going?"

"Go to a place where few people go..." After the ecstasy said these words, he looked back at his sister and smiled.

Situ Ningbing did not ask where his brother was going.

She only asked about her brother's deeds since she was a child, and it is the same now.

"Ning Bing, do you remember how you and I played hide-and-seek when you were young?" A familiar word suddenly came out of the ecstasy.

Situ Ningbing's eyes were red, and she nodded deeply with tears.

Then she slowly closed her eyes, recalling that when she was playing hide-and-seek, she first compared her eyes and then looked for her brother... This time, she still did.

"Brother..." a shout came out of her mouth.

The Ecstasy who stood in front of him looked at his sister, with such love in his eyes... It was a pity that he had to do his own thing, so after taking a deep look at that Situ Ningbing, He turned and flew up, then his figure rose and fell two times before disappearing into the deserted grove.

The cold wind blew gently, and across her beautiful cheeks, a drop of hot tears fell from her face, wet on the cold ground.

Situ Xuan is gone.

At this moment, there was no longer the shadow of that ecstasy in the cold wind.

No one knows where he went, and no one knows what he is going to do next,

But what about Situ Ningbing? In her heart, she hopes to see her brother again.

She didn't want to see her brother and Li Tiansheng reciting each other, so she didn't stop her own brother from staying... She just looked into the distance with those complicated beautiful eyes, just looking stupidly. , As if at the far end of the world, there is a place where there is never hatred, and there will never be grudges.

"What? Don't let me go? Second brother...what do you mean? Why don't you let me go? Do you think I can't do martial arts," said a beautiful woman in the room angrily.

She is not someone else but the Baihua fairy, Lai Qinghua.

"That is, why don't you let us go? Are you only allowed to go," a clear voice said unconvinced at this time.

Duanmu Ying.

It turned out that after Li Tian would not let women go to the Dark City, this Baihua Fairy and Duanmuying were unhappy after speaking out.

At this moment, I came here with annoyance and found Li Tian and his brothers.

But Li Tian sat there depressed after seeing this meeting, and his brothers were just like him.

But seeing the Duguxie on the other side, and the ghost servant also closed their mouths and didn't speak.

"Say? Why don't you say anything? Why don't you let me go? Is it because you two can protect Tian'er, so I can't?" Fairy Baihua continued to roar.

The ghost servant frowned and said, "San Jie, don't be so excited...this..."

"Can I not be excited?" Fairy Baihua glared at the ghost servant.

"Second brother, you said, why don't you let me go?" Then Baihua Fairy put her beautiful eyes on Duguxie again.

Duguxie rarely speaks, but when asked by Fairy Baihua at this moment, he seems clumsy.

After a long time, he said, "Just listen to the young master."

The fairy Baihua turned to Li Tian and asked, "Tian'er, are you really not letting Aunt Hua go with you?"

Li Tian was depressed, stood up, and looked at Fairy Baihua and said, "Auntie Hua, the reason why I let you stay here is because...I'm afraid, I'm afraid what will happen if you go."

"Auntie Hua, think about it, what kind of place the Dark City is, I think you know very well, if you have all gone, what if there is any danger at that time, what can you do?"

"Besides, Aunt Hua, the reason why I let you stay here is for your safety. On the other hand, I want you to protect Ningbing and Duanmuying... After all, you also know that the people at the gate of \*\*\*\* are still there. Trouble with us all the time." Li Tian said.

Hearing what Li Tian said, Fairy Baihua was still a little unwilling.

"I know you are afraid that we will add cumbersome burdens and become your burden... But Aunt Hua is worried about you. If I'm not by your side, my heart will be tugging and worrying about you every day."

"Auntie Hua, don't worry."

"As long as you stay here peacefully, then I can rest assured... In that case, I can concentrate on going down to that place and looking for people at the gate of hell."

"I promise you that once I find a clue to the gate of hell, I will come back to meet you immediately." Li Tian said, looking at the fairy Baihua in front of him.

Seeing that Li Tian had made up his mind, Fairy Baihua had no other way. After all, if she went, what would Duanmuying and Situ Ningbing do? Who will protect them?

After thinking about it, Fairy Baihua finally reluctantly agreed.

"Well, my God, I'll listen to you."

After seeing Fairy Baihua finally agreed to his decision, Li Tian was still very happy.

In this case, Li Tian can be considered as no worries, he can set off to the dark city wholeheartedly.

Although Duanmuying on the other side was 10,000 unwilling in her heart, she did not speak when she saw that Fairy Baihua was persuaded by Li Tian.

It can be said that the matter of departing from the Dark City has now been specifically finalized.

When to leave depends mainly on Li Tian's meaning.

In the past two days, Li Tian not only accompanied his grandpa, aunt, Duanmuying, and Situ Ningbing, but also studied how to get to the dark city.

I heard that the ugly man who claimed to be an old ghost once said that if you go to the dark city, you must pass through two places. One is Beiliao City and the other is the frontier fortress before you can reach the so-called area. In the desert, you can see a deserted city in the desert. According to legend, that city is a mysterious and terrifying dark city.

To be honest, listening to that ugly and weird old ghost talk about the road, it seems to be very simple, but if you want to go there? Is it that simple? No one can tell now. It seems that everything can only be done when the time comes, before I know it.

Finally, Li Tian decided.

After two days, they will start to set off.

There were a total of 6 people who went there. They were Li Tian, Hao Long, Duguxie, Ghost Servant, Ah Qiu, and Tang Xiaolong. The remaining Chen Qiaozhi and Old Monster Ge were stranded in the North China Field Army.

Chapter 1128: dialogue

In these two days, apart from preparing some essential supplies, the brothers also recharged their energy and prepared themselves for departure.

In the room, but seeing Duguxie sitting quietly in the corner, his left hand was holding the bronze sword that had been with him for decades.

The bronze sword was pulled out, but a blue light flashed, accompanied by a hissing sword sound.

It is undeniable that this sword is indeed a good sword.

Holding it in Duguxie's hand, Duguxie placed the bronze sword across his legs, and then took a white rag with his only hand and gently wiped the blade of the bronze sword.

The white rag wiped the blade, but saw that the bright blade became brighter, more dazzling, gleaming, and aura.

Tang Xiaolong on one side took a look and leaned over.

"Senior Dugu, how many years has this sword been with you?" he asked with a smile while squatting on the ground looking at Duguxie.

Duguxie smiled and said, "Over thirty years."

"Wow, it's been a long time." Tang Xiaolong said enviously.

"Well, it's been a long time indeed."

"Since I started my real debut at the age of 17, I have used this sword... Now so many years have passed, the sword has changed, and it has become more bloody, and my person has also changed." Du Guxie said. Said with a slight emotion.

Hearing Duguxie's words, Tang Xiaolong nodded deeply, and then sat down again.

The ghost servant on one side was sitting quietly with his legs crossed, as if he was resting quietly.

Ah Qiu over there was like a rock, muffled, without saying a word, just sitting there stupidly.

Ah Qiu really looked a lot like the first fierce Opteron of the North China Field Army.

People like them may not be able to target the real protagonist for a lifetime, but they are indeed an absolutely indispensable supporting role in life, because they belong to the kind of people who only do things and don't talk.

In the other room, I saw Li Tian staying with Situ Ningbing.

Just now Li Tian had already talked to Duan Muying. Although Duan Muying was unwilling to take Li Tian to take risks, but Li Tian had no choice but to pay attention to it. No one could stop this, so Duan Muying could only deal with Li Tian Give a deep blessing.

At this meeting, Li Tian left Duanmuying and went to Situ Ningbing.

Ever since Situ Ningbing knew the truth about her own brother, she had been unsteady. She didn't know why. When she saw Li Tian, she always carried a very strange emotion in her heart.

This will be the same.

But seeing her when she saw Li Tian walk in, that glamorous face became as if she didn't dare to touch Li Tian's gaze, avoiding it.

"Ningbing." Li Tian yelled softly after walking in.

Situ Ningbing never touched his eyes, but said softly: "You are here..."

"I heard that you are going to start the day after tomorrow, right?" Situ Ningbing asked, turning around there.

Li Tian looked at her back and nodded.

"Ok."

"Promise me, take care of yourself anyway... don't let yourself get hurt, okay?" Situ Ningbing said there.

Li Tiandao: "I promise you."

"That's good, that's good." Situ Ningbing said.

Li Tian looked at Situ Ningbing, who had not dared to look directly at him, and was suspicious.

"Ningbing, what's the matter with you? Why don't you dare to look at me?" Li Tian asked suddenly.

But seeing Situ Ningbing smiled awkwardly there, she turned her beautiful eyes to look at Li Tianxiao and said, "Where is there..."

"I'm nothing more than just..." She said a few words, not knowing what to say, and then turned her head again.

Looking at her favorite, she was indeed a little weird, and Li Tian became worried.

He quickly walked over, and then grabbed Situ Ningbing's slender wrist, looking affectionately at Situ Ningbing in front of him and said, "Ningbing, did something happen?"

"Or did I upset you...?"

Listening to Li Tian's words, Situ Ningbing felt a pain in his heart and said, "No, nothing really happened..."

"Then why don't you even dare to look at me?" Li Tian asked curiously.

Situ Ningbing's heart trembled, and the silence was there.

She lowered her head, and many, many thoughts poured into her heart.

Li Tian stood there looking at her...

"Is it because of your brother?" Li Tian asked suddenly.

When Situ Ningbing heard Li Tian mention his elder brother, her body trembled slightly, but she remained silent.

As soon as Li Tian saw Situ Ningbing's situation, he guessed it in his heart that it was eight to nine points.

After all, the current Situ Ningbing is the person caught in the middle, one is the man he loves the most, and the other is the elder brother who is the closest to him. I am afraid it would be uncomfortable to be any other person, heartache.

Situ Ningbing opened his mouth, but after all he did not say anything.

Then Li Tian knew that Situ Ningbing felt uncomfortable at this moment, so he walked over slowly, holding his beloved woman in his arms, and whispered in his mouth: "Fool, stop thinking about it..."

"I promise you... I won't do anything to him."

"Even if he is my enemy...I won't kill him..."

"I just hope that he can turn his head back and stop doing things for that \*\*\*\* gate." Li Tian said sincerely.

In fact, although Li Tian hated him in his heart, he felt that he should hate the master behind the door of Hell.

Although Ouyang Longyan and the Ecstasy were both involved in the massacre of his father back then, in the end, they were just tools, tools used by others...

Besides, he is still her favorite brother now.

What would happen to Ningbing if you really let yourself kill that ecstasy? Will she hate herself forever? Sometimes Li Tian dare not think of a problem.

That's why Li Tian said so now.

After hearing what Li Tian said, Situ Ningbing held Li Tian tightly in his arms as if grateful.

"Li Tian, are you true?"

"You really wouldn't kill him yourself?" Situ Ningbing said with red eyes.

Li Tian let out a long sigh, looked at Situ Ning's red eyes, and smiled slightly: "Fool, when did I lie to you? What I promised you will definitely be done."

"Well, thank you... I thank you for forgiving my brother for his previous sins." Situ Ningbing said gratefully, hugging Li Tian.

Li Tian embraced her, but his heart became a little complicated. ,

"Li Tian, do you know? My brother may have changed... Maybe he really is not a villain anymore..." Situ Ningbing said suddenly.

Listening to what Situ Ningbing said, Li Tian frowned slightly.

Chapter 1129: Sword Spirit Air

"Why do you say that?"

"Have you seen him?" Li Tian suddenly looked at Situ Ningbing in front of him curiously and asked.

But seeing Situ Ningbing there quickly shook his head.

"No...no...I haven't seen him."

"I'm just... just guessing..." Situ Ningbing lied there, her beautiful eyes afraid to look directly at Li Tian's eyes.

Li Tian is so smart. Listening to Situ Ningbing's words at this moment, while looking at her eyes, she knew that she must be lying.

But Li Tian also understood why Situ Ningbing would lie...

After all, he and the ecstasy are still at the enemy stage! If the Ecstasy had actually seen Ningbing, Li Tian couldn't say anything... But at least Li Tian knew that the Ecstasy and Ouyang Longyan should still be near the North China Field Military District.

He thought for a while, then leaned down and kissed Situ Ningbing's forehead with his mouth.

"Silly girl... don't worry."

"Even if I meet him now, I won't attack him..."

"Nothing else, just because I love you, I love you more than everything."

Listening to Li Tian's words like this, Situ Ningbing's moved tears filled her eyes, her arms tightly holding Li Tian in her arms, as if feeling his body temperature.

"Beiliao City, are you familiar with it?" In a room, but seeing the brothers and Li Tian stay in the room.

The question is the ghost servant.

But seeing him pointing at a city marked with a red note on a map, he said that it was obvious that the marked city was the Beiliao City he just mentioned.

The brothers on one side shook their heads slightly, Li Tian didn't know the city to the west either.

When everyone was silent and did not understand, Ah Qiu, the least talkative before, suddenly said a word.

"My God, I understand."

After Ah Qiu suddenly said a word, the brothers here were all startled slightly, and then one by one frowned.

"Aqiu?"

"Your kid finally spoke?"

"You who have spoken once in a hundred years, can't think that there will be a time to speak..."

Tang Xiaolong said with a smile and pointed at A Qiu in front of him.

Ah Qiu didn't pay attention to Tang Xiaolong, and walked straight to Li Tian's side.

Then he opened his mouth and said, "Beiliao City is an ordinary city. When I was hunted down by enemies, I stayed in that city for a period of time. That city is a county-level city, very small, and also very remote. "

"That city does not have any underworld, and there are no local snakes, but there are a group of lawless characters. Those characters hold the tribute and salaries granted by the state, but they do something worse than the rogue gangsters. They are the city. The police."

Listening to the words of A Qiu in front of him, Li Tian and the others around him frowned.

"Aqiu, do you mean that those policemen are pretty arrogant in that place?" The ghost servant looked at Aqiu and asked.

A Qiu nodded silently.

"In Beiliao City, basically all order is controlled by the police...that's why they are lawless in that place."

"Moreover, in Beiliao City, no one has ever dared to resist them. Those who resisted them must have been imprisoned, but beaten to death alive."

"When I was in Beiliao City, I saw with my own eyes the scene of two policemen beating a hawker to death on the street and then driving away."

Listening to Ah Qiu saying this again, Li Tiandao said: "Unexpectedly, this small place is quite messy..."

"What about him? Anyway, we are just a passer-by... We are just there, and we won't cause trouble by then, presumably those \*\*\*\*\* won't be okay to provoke us?" Tang Xiaolong said with a smile.

"Well, Xiaolong finally said something in conversation this time."

"Yes, we are just there, maybe we won't stay in Beiliao City at all... It is better for us to avoid trouble along the way."

"Don't forget, our main destination this time is the Dark City."

Hearing what the ghost servant said, the brothers nodded there together, and then they said nothing.

Time flies!

Two days passed quickly.

When the day finally arrived, I saw that the brothers had already made all the preparations, and also brought all the necessary items.

Mu Yunlong, the commander-in-chief of the North China Field Military Region, deliberately came out to send them personally in order to practice for his grandson.

It's just that now, but the only place to see the gate of the North China Field Military Region is the brothers, but he did not see Li Tian.

It turned out that Li Tian was still in the room at the moment.

He didn't bring much, just a simple package with him.

When he was about to leave the room in front of him, the hair on the back of his whole body suddenly stood up straight.

murderous look!

It's the overwhelming murderous aura.

Then Li Tian saw the sword, magic sword, and Chilian that he had discarded and wrapped in cloth at a glance.

Obviously, the extremely cold murderous aura radiated from the weird magic sword.

Seeing this scarlet sword exuding such a powerful and terrifying murderous aura again, Li Tian suddenly frowned. He, who was about to walk out of the room, paused for a while, and then turned to look at the abandoned one in the corner. Chi Lian Jian.

After thinking about it for a few seconds, Li Tian walked back again, and then reached out his hand to hold the red sword and put it in his luggage. Then, the murderous aura began to slowly fade away.

In this way, Li Tian took this weird sword and left the room, ready to go to the dark city.

The magic sword is spiritual.

When it feels the desire to kill, it will explode with endless murderous aura... it fills the surrounding area. Perhaps the reason why this weird sword was brought by Li Tian this time is because this time to the Dark City, it seems like a \*\*\*\* killing. of.

When Li Tian arrived at the gate of the military area with his luggage, he saw his brothers there waiting for him.

And there are also his own grandfather, aunt, and a large number of officers such as the brigade commander.

"Heaven is coming..."

"The little boss is finally here."

...

After seeing Li Tian's figure, they were all talking about it slightly.

But seeing Li Tian came over at this time.

"God, come here soon." Commander Mu said kindly there.

Li Tian quickly walked towards his grandfather, yelling, "Grandpa."

"God, you have to take care of yourself when you go to the Dark City this time... you hear it?"

Chapter 1130: set off

"If the place is really dangerous, you can come back and tell Grandpa that Grandpa will send an army over." Commander Mu said boldly there.

He is just such a pro-grandson. If Li Tianzhen had any trouble in the Dark City, I believe this angry old commander would definitely use the army desperately.

Even if it is punished by the Central Military Region, it is estimated that the old commander will send troops without hesitation.

Of course, Li Tian knew his grandfather's temperament and said with a smile, "Grandpa, don't worry! I'll be fine."

"No matter what, take care of yourself outside... do you hear it?"

"Ok!"

After Mu Yunlong finished speaking, Mu Shuiyao quickly walked up.

"Tian'er, your grandfather just said that if you really encounter big trouble outside, don't try to behave, remember to come back... after you come back, let us help you out, okay?" Mu Shuiyao was worried. Said Li Tian in front of him.

"I see, auntie,"

"Don't worry... I will definitely be fine this time."

When Mu Shuiyao heard Li Tian say this, his heart was slightly at ease.

Then Li Tian said goodbye to them one by one.

When saying goodbye to Duanmuying, Situ Ningbing, and Fairy Baihua, Li Tian just looked at them with a slight smile.

How about them? There are not too many words, all words are silent.

In this way, Li Tian decided to start.

The North China Field Army prepared a jeep for them.

Li Tian and his brothers, plus the six men of Opteron, the first strongman of the North China Field Army, walked quickly toward the military jeep like this.

But when they saw that Commander Mu, when they were about to leave at the end, he said to the white dragon, "White dragon, no matter what, take care of my grandson!"

"This is an order, you know?"

Hearing what the old commander said, the indifferent and resolute Opteron paid a military salute to the old commander there.

"Commander, don't worry."

"As long as my Opteron is still alive and there is a breath left, no one can touch a hair of the commander-in-chief's grandson." Opteron stood up straight and said.

The old Commander Mu patted Opteron's broad shoulder with satisfaction.

"Good, good, good!"

After saying three good words in a row, he smiled with satisfaction.

In this way, Li Tian decided to set off.

Parting, after all, everyone will have parting.

After Li Tian and his brothers got into the military jeep in front of them, they finally got into the car after facing the reluctant gaze of all these people and their beckoning.

The one sitting in the front driving seat was Ah Qiu, and he drove.

After Li Tian said "Go" to him, Na Qiu started the car, and the military jeep took the six of them toward the dark city.

Looking at Li Tian's car, which was going further and further away, everyone's eyes were filled with dismay.

I just listened to the 39th brigade commander Wang sighed there and said: "Li Tianzhen deserves to be the grandson of the commander-in-chief. He has courage and courage. It is worth death to be able to make friends with such a person in this life. ."

The political commissar Zhou also nodded slowly, sighing and saying, "Yes."

...

On the westward highway, I saw an off-road jeep driving fast there.

There is no doubt that this car is the one that Li Tian and his brothers just left.

In the car, everyone sat quietly in the car, without speaking, one side was Duguxie and the ghost servant, and here was Li Tian and Tang Xiaolong. Only the cold-faced Opteron sat alone. A corner place.

He maintained a posture from beginning to end, sitting there motionless, like a carved stone.

Inside the car, to be honest, apart from the fact that Opteron is a bit strange to the brothers, everything else is fine.

The carriage was so dull and silent that Tang Xiaolong, who had always liked to talk, was a little uncomfortable.

At this moment, Tang Xiaolong looked at Li Tian, and then at his master...Finally, he finally set his sights on the Opteron.

"Hello, Brother Hao, my name is Tang Xiaolong." Suddenly a word came out of this guy's mouth.

He even opened his mouth and kindly called that Hao Long as Brother Hao.

Listening to this kid speaking, Li Tian and his master ghost servant who were still not only turned their heads to look at Tang Xiaolong.

But he said that when Tang Xiaolong called that Opteron as Brother Hao, that Opteron turned his head slightly, glanced at Tang Xiaolong, and then a friendly smile appeared on the dull face, but his mouth was always closed. speak.

"Brother Hao, I also served as a soldier in the army before, but I was driven out by the army before I finished it in two years..." Tang Xiaolong volunteered to talk about his "honorable" things that year. Said to that Opteron with a smile.

Obviously, this guy is the type of talking.

After he said so, the Opteron gave a soft hmm.

Then he said: "I can see it."

After finally spitting out a word from the dull White Dragon, Tang Xiaolong began to spit.

"Brother Hao, I heard that you are the fiercest in the North China Field Army... Hey, to be honest, I really admire you." Tang Xiaolong continued.

Opteron said nothing.

"Brother Hao, how long have you been in the army?"

"Where is your hometown?"

"Are you married?"

...

This guy asked the Opteron just like checking his account, but what about the Opteron? From beginning to end, he just didn't even answer him.

Finally, the ghost servant spoke.

"Xiaolong, you won't close your mouth for me again... I'll be careful when I use a needle to sew your mouth."

Listening to his master teaching himself, Tang Xiaolong Ya quickly closed his mouth, really afraid to say another word.

The Opteron slowly turned his head and glanced at the ghost servant, then a friendly smile appeared on his staid face.

The ghost servant looked at the white dragon and smiled.

Then, a pair of indifferent eyes of Opteron settled on Duguxie's body.

He looked at Duguxie's eyes with a weirdness..., and when Opteron was looking at Duguxie, Duguxie also slowly turned his eyes around and saw Opteron.

After the two looked at each other, Opteron slowly sat over.

No one thought that this staid and dull Opteron would take the initiative to walk towards Duguxie.

"Long time no see!" A word suddenly came out of Opteron's mouth.

They know?

Yes, they knew each other more than 20 years ago! Remember when the evil \*\*\*\* came to the North China Field Army to propose marriage? The person he brought back then was the Duguxie in front of him. So these two people know each other.
