

A Killer 113

Chapter 113: Kill you

The powerful murderous aura permeating the gray wolf also rushed toward Li Tian at the same time.

Li Tian didn't dare to be careless at all, staring at the gray wolf tightly, raising his hands uncontrollably, and blocking according to the boxing technique he had learned in his mind.

The moment the Canglang got close to Li Tian, a grinning smile appeared at the corner of his mouth.

One punch out.

Li Tian quickly dodged under his feet, while raising his left hand to block.

As soon as he lifted it up, he saw the gray wolf suddenly elbows directly down, and his knees quickly lifted, one elbow and one knee, slamming against Li Tian's body.

Li Tian was shocked, and moved quickly while his two hands quickly blocked.

Although it seemed extremely embarrassing, it blocked the attack of the wolf all at once.

There was a yelling sound from the audience.

However, Lord Feng in the stands couldn't help looking at the ring again.

"It's much better to play like this... If it's a unilateral abuse, then it's boring." As he said, Master Feng took a cigar from his arms and smiled softly in his mouth.

Under the sudden attack of the gray wolf, Li Tian felt his head a little messy.

Because the moves in his mind make him a little overwhelmed, sometimes he doesn't know what moves he should use.

After a round, the gray wolf suddenly smiled.

"Good boy, there is some strength."

"Let me see how you block me this time."

When the voice fell, the gray wolf attacked again, his body like a sharp arrow in the Xuan, suddenly shooting out, attacking straight towards Li Tian.

One hand fatally grabbed Li Tian's throat, and at the same time kicked Li Tian's knee joints.

Li Tian's footsteps moved quickly. Since learning the weird steps in the book that day, Li Tian's steps are still quite proficient, isn't it? He hurriedly moved quickly, avoiding the gray wolf's leg attack.

Both hands wanted to block the two-handed attack of the gray wolf.

But when the hand touched the arm of the wolf, the wolf suddenly moved his arm weirdly. One hand suddenly flipped upward, and directly grabbed Li Tian's arm, and then just pulled it like this. Pulling, Li Tian suddenly couldn't hold the pace under his feet.

With a bang, the gray wolf flew and hit Li Tian's chest. Li Tian was hit and flew out and fell to the top of the ring.

This fall caused another uproar in the audience, as well as verbal abuse. Those spectators who had just started betting on Li Tianying kept swearing unpleasant words one by one.

This blow was strong enough, hitting Li Tian's chest and almost spitting out blood several times.

Shen Feng's worried palm under the ring was full of sweat beads, staring at Li Tian on the court in a daze.

"Stand up, stand up." Shen Feng said, clenching his fists tightly below.

The Duan Mu Lei on the other side of the stage, with a sly smile in his eyes, turned his head and said to the other provincial men beside him: "It seems that the wolf can solve the ***** in less than ten moves."

A man in a dark brown suit was sitting beside him with a wicked smile and said: "How can the strength of the gray wolf be comparable to that of that kid? He will definitely be beaten to death in the ring."

The two were talking.

On the ring at the moment, the gray wolf stood there with a sneer, looking at Li Tian who fell on the ground and slowly climbed up: "Boy, don't think that you want to fight a black market boxing match after learning the three-legged cat style. You play with cats and puppies."

Facing the harsh words of the gray wolf, Li Tian endured the surging blood in his chest and slowly stood up.

"Asshole, even if I die today, I will die with you."

Li Tian said these words coldly, and rushed up again with his fist raised.

It's a pity that he didn't get to the gray wolf's side, he was kicked by the gray wolf, and fell to the ground again with a bang.

I couldn't help the qi and blood in my heart, and a wow blood shot out of my mouth.

"Only you? Huh, I don't know whether to live or die." The gray wolf said coldly.

Li Tian was knocked to the ground, with blood on the corner of his mouth, raising his arm and slowly wiped the scarlet blood on the corner of his mouth, his face pale and terrible.

There was more scolding in the audience.

They all scolded Li Tian one by one, scolded Li Tian for being useless.

"Hey, there's nothing to watch." The Feng Ye standing on the high stand suddenly said.

Meng Chong also said: "Yes, the outcome of this boxing match is almost determined now."

When the two were talking, a startled voice suddenly came from under the ring.

Feng Ye frowned slightly and turned to look under the ring, but he saw Li Tian standing up again.

He clenched his fists tightly, his eyes gleaming with blood.

He was seriously injured by the gray wolf several times, but he still stood up again, which was very exciting.

Li Tian, with blood on the corner of his mouth, stood up, and the unexplained vigor suddenly began to spread all over his body, and even the chest that had been hit by the gray wolf just now was surging surgingly by the huge vigor.

"I can't lose, I can't lose." Li Tian silently warned himself in his heart.

The gray wolf watched Li Tian stand up again, his eyes suddenly showed boundless killing intent, and the terrifying murderous intent from the whole body filled the audience.

"Boy, kind enough."

"But I don't want to play with you anymore."

After the voice was uttered, the gray wolf with infinite killing intent on his face attacked Li Tian like a broken bamboo.

One hand grabbed Li Tian's throat forward like lightning, and the other hand grabbed it thinking of Li Tian's shoulder.

The audience was boiling at this time, because they could feel the coming of death, and felt that the blow of the gray wolf was enough to kill Li Tian.

But something unexpected happened.

Suddenly, Li Tian moved quickly under his feet, using the same grasp with both hands, and greeted the wolf at an extraordinary speed.

His catch was even more weird and different than that of the gray wolf, which made the gray wolf startled.

Flying kicks.

Li Tian moved quickly and avoided the past.

Now Li Tian's mind is completely full of tadpoles swimming in his mind, and he can feel those tadpoles hitting his body and accumulating great energy.

And even his moves slowly became flexible and natural.

Isn't this? After avoiding the fatal blow of the gray wolf, the gray wolf couldn't help but startled slightly.

Then he attacked again: "Succumb to death!"

With a loud shout, the Canglang leaped into the air, and with one leg carrying thousands of strengths, it suddenly kicked Li Tian with a whirlwind of nirvana.

Whirlwind cleavage is a must-kill leg technique that can only be used at the underworld level in Taekwondo. This leg is split from the air, and it can't help being fierce and fierce, and once it hits the opponent, it can't be seriously injured.
